LB 1240

SENATOR PIRSCH: Thank you, Mr. Speaker. I also support LB 1240 as amended. But I do have a question for Senator Hartnett, if he would yield, please.

SENATOR HARTNETT: Yes, Senator Pirsch.

SENATOR PIRSCH: Senator Hartnett, I was looking at the summary of LB 1240, but that is as amended by your amendment, which did not get adopted.

SENATOR HARTNETT: That's right.

SENATOR PIRSCH: Is that correct?

SENATOR HARTNETT: Yeah.

SENATOR PIRSCH: Okay. Can you tell me is there still exemption from regulations and ordinances in an Enterprise Zone?

SENATOR HARTNETT: Yes, that would be one of the things that the city council, say of Omaha or Bellevue, could...could...it relates to safety...safety and...health and safety of the citizens. It's...it's on page 12, Section...

SENATOR PIRSCH: So what kind of ordinances and regulations would...would they not be under then? I mean they would still be under fire code, they would still be under health code.

SENATOR HARTNETT: Yeah, and safety, yeah. Maybe some zoning, some changes in zoning if...if the city council desired.

SENATOR PIRSCH: The city council would designate this area, is that correct?

SENATOR HARTNETT: Yeah, yeah.

SENATOR PIRSCH: Or the county, whichever...

SENATOR HARTNETT: County, yeah, yeah.

SENATOR PIRSCH: ...did this. So when they designate this, does that get a hearing then?

SENATOR HARTNETT: Yes, um-huh.
