LR 1001

SENATOR WARNER: Senator Nelson has closed. The motion is the adoption of the Nelson amendment to the Baack amendment. Those in favor vote aye, opposed nay. A simply majority of those voting. Have you all voted? Clerk, record.

CLERK: 21 ayes, 0 nays, Mr. President, on adoption of Senator Nelson's amendment to Senator Baack's amendment.

SENATOR WARNER: The motion carried, the amendment is adopted. Is there further discussion on the Baack amendment? Senator Nelson, your light is still on. There are no further lights. Senator Baack, do you wish to close on adoption of your amendment as amended?

SPEAKER BAACK: Yes, Mr. Chairman, and colleagues, just very briefly, Senator Nelson's amendment did clean up some problems that would have been caused had we had the buy-back provisions in there. I think it was good to add that provision to my amendment. My amendment, again, only affects a very few people in the state, four, possibly five. Senator Nelson said something about 14, I'm not aware of those. And having introduced the legislation for four years in a row, I would guess that they would have contacted me had they been involved in this. So I think it's only four or five people that this affects. And I think it's just good policy to allow those people to use their years in the service because they had signed a contract before they were drafted. And I would ask for the adoption of the amendment.

SENATOR WARNER: Those in favor of the Baack amendment vote aye, opposed nay. Have you all voted? It requires 25 votes. Have you all voted? Senator Senator Baack.

SENATOR BAACK: Yes, Mr. Chairman, I would ask for a call of the house and I would accept call-in votes.

SENATOR WARNER: Request for a call of the house. Those in favor vote aye, opposed nay. Clerk, record.

CLERK: 18 ayes, 0 nays to go under call, Mr. Clerk.

SENATOR WARNER: The house is under call. Members, please record your presence. The house is under call. Please record your presence. Call-in votes are authorized when the members get here.
