this time line. I didn't get my initial on it, but it's important that we get this done because it shows that the time we have to get this application in and then that grant will be made this summer.

SENATOR ROBINSON: Are there any added employees that we have to fund from the Health Department?

SENATOR BOHLKE: No, there are not.

SENATOR ROBINSON: Will there be any added with federal funds?

SENATOR BOHLKE: Not that I'm aware of, no.

SENATOR ROBINSON: I think there was some in the A bill. I think there were some to begin with.

SENATOR BOHLKE: You mean in the original bill.

SENATOR ROBINSON: Right, yeah. Community health educator I and III.

SENATOR BOHLKE: What this is going to allow the Department of Health to do is to make application for that grant money to fund the program.

SENATOR ROBINSON: This is federal money, right?

SENATOR BOHLKE: This is federal money.

SENATOR ROBINSON: Is that part of that 3 trillion we're in debt with?

SENATOR BOHLKE: I would imagine it certainly would be.

SENATOR ROBINSON: Yeah, just curious. I thought we ought to remind ourselves of that sometimes so thank you.

SPEAKER BAACK: Thank you, Senator Robinson. Senator Wesely.

SENATOR WESELY: Thank you, Mr. Speaker, members. Yes, in follow up to Senator Robinson's question, it's uncertain at this time what sort of cost impact, even with the amendment, we will have. We'd like to see the amendment adopted. We can advance both the bill and the A bill and we'll get a sense of that on
