

tough time with that. I have a real tough time giving these individuals another chance to get back out on the highway and commit carnage. I am concerned though with the timing what it is and the amendment that we did adopt, I thought a good compromise, a good attempt at trying to work through some substantial problems in our drunk driving laws that we're attempting at this time to make an amendment. I don't really know whether it's in the best interest of the introducer of the bill to get this amendment adopted and we all have goals that this is what we should do, but if we attach an amendment that that is going to result in a filibuster not only on Select File as well as Final Reading, there is a lot of legislation that may not pass and, in fact, this bill may not pass.

SENATOR WARNER: One minute.

SENATOR ABBODD: I would urge caution on the part of the supporters of the bill. Thank you.

SENATOR WARNER: Senator Chambers.

SENATOR CHAMBERS: Mr. President, members of the Legislature, I can recognize from looking at this amendment the amount of work that went into it, but I still have some problems with it and I would invite the attention of those who are interested in what may be discussed to page 5, lines 8 through 18. This provision is talking about motor vehicle homicide and says it is a Class IV felony. I'd like to ask a person who hasn't been deeply involved in the discussion of question to see how an untainted mind will react to this. When I said untainted, Senator Kristensen, that let you out right away. Senator Byars, would you answer me a question?

SENATOR WARNER: Senator Byars, do you yield.

SENATOR CHAMBERS: Have you looked at this bill at all?

SENATOR BYARS: Yes.

SENATOR CHAMBERS: Oh, oh, let me get this one then, he's a smart aleck, okay. Thank you though, Senator Byars. Senator Beyer, singular, like Bayer aspirin. I would like to ask you a question. Are you on page 5 with me?

SENATOR BEYER: Yes.
