

April 8, 1992

LB 719

amendment on page 1866 of the Journal, the calc...

SENATOR HABERMAN: I don't have too much time. Can you just answer my question?

SENATOR LAMB: Ninety-two, ninety-three.

SENATOR HABERMAN: This loss...

SENATOR LAMB: The school year.

SENATOR HABERMAN: ..is going to occur to these schools...

SENATOR LAMB: State aid to be paid in school year '92-93.

SENATOR HABERMAN: So all of the schools on this list are going to lose that money in '92 to '93.

SENATOR LAMB: That's correct.

SENATOR HABERMAN: And they're going to make it up when?

SENATOR LAMB: Oh, we have this pool of money...

SENATOR HABERMAN: I can't...

SENATOR LAMB: ..and the losses and the gains will both be in '92-93.

SENATOR HABERMAN: So those schools that lose the money estimated on this sheet will never get it back.

SENATOR LAMB: Well, it depends on the growth.

SENATOR HABERMAN: If they don't grow, they won't get it back.

SENATOR LAMB: That's probably correct, although growth changes it and things change as so far as valuations are concerned.

SPEAKER BAACK: Time.

SENATOR HABERMAN: Well, I need some more time.

SPEAKER BAACK: Senator Schrock.
