LB 719, 1011

Legislative Journal.) 13 ayes, 26 nays, Mr. President.

SPEAKER BAACK: The amendment fails. I will raise the call. Mr. Clerk, the next item.

CLERK: Mr. President, Senator Lynch and Schrock would move to amend.

SPEAKER BAACK: Senator Lynch.

SENATOR LYNCH: Mr. Speaker and members, I intend to...I haven't had a chance to talk to Senator Schrock, but after talking with a number of people, I intend to withdraw this at this time. I don't like being part of the Christmas tree effort here and, obviously, it is. The amendment I offered had to do with the pop tax for the teachers' salaries. Our intention was to add that as an amendment to LB 1011, with no guarantee, and no one can, I guess, that we will get to that piece of legislation. But, on the other hand, I hope we do. We withdraw it in good faith and out of consideration for the rest of the agenda. In withdrawing this, I hope it's another indication of cooperation by teachers for the entire Legislature, and, in fact, the State of Nebraska to try to get through with this business as quickly as possible. I also would like to have you keep that in mind when we and, hopefully, will get to LB 1011 which is Senator Schrock's bill and our teachers' salary...our teachers' salary bill would be an amendment to that. So, with that, I would withdraw the amendment.

SPEAKER BAACK: It is withdrawn.

CLERK: Mr. President, Senator Lindsay would move to amend. (The Lindsay amendment appears on page 2097 of the Legislative Journal.)

SPEAKER BAACK: Senator Lindsay.

SENATOR LINDSAY: Thank you, Mr. Speaker, members. This amendment's being passed around to you now. What it would do is to add language that provides that any school district that certifies under the provisions of the subsection would not have a reduction in state aid because of the adjustment made by this subsection. Basically what it is, it's a hold harmless provision for those school districts which would lose money, as Senator Robinson's been harping on for a couple hours now, about
