

September 29, 1992 LB 11, 20

Gomorrah will be saved and with that his relatives. Well, you all know the story. There were not ten righteous people, and Sodom and Gomorrah were destroyed. But they had to get their dig in at the women, had to get their dig in at the woman. So here's Lot's wife, according to this story written by a man, they're running as fast as their little legs will carry them from Sodom and Gomorrah, and they had been told, now when you leave this place don't look back. So they're running as fast as they can. And the voice whispered to Lot's wife, don't look back. She said, don't worry, God, it's all I can do to concentrate on running. So she's running, don't look back, kept on then finally she said, now wait a minute now, what's going on back there,...

SPEAKER BAACK: One minute.

SENATOR CHAMBERS: ...and looked back, and bingo, turned into a pillar of Morton's Iodized salt. When it rains, it pours. What they should have said, if she'd kept running...But, anyway, that's the way that story went. I said that for this purpose, if we can help these women starting at the seventh month of their pregnancy, that might be a starting point from which we can negotiate to something else. So I hope Senator Wesely and some others will support this amendment, it is very reasonable and it's not going to cost the state that much money.

SPEAKER BAACK: Do you have items for the record, Mr. Clerk?

CLERK: Mr. President, amendments to be printed to LB 11 by Senator Schellpeper. That's all that I have. (See pages 106-07 of the Legislative Journal.)

SPEAKER BAACK: Senator Hillman, would you like to recess us until one-thirty, please.

SENATOR HILLMAN: Mr. Speaker, I would move that we recess until one-thirty this afternoon.

SPEAKER BAACK: You've heard the motion to recess. All those in favor say aye. Opposed no. We are recessed until one-thirty.
