

September 29, 1992 LB 20

SPEAKER BAACK: The house is under call. All members please report to the Chamber and record your presence. The house is under call. Senator Haberman, would you check in, please. All members are now present. We will now proceed with a roll call vote in regular order. Mr. Clerk, you may call the roll.

CLERK: (Roll call vote taken, see page 111 of the Legislative Journal.) 16 ayes, 13 nays to reconsider, Mr. President.

SPEAKER BAACK: The motion fails. The call is raised.

CLERK: Senator Ashford has priority motion, that would be to bracket the bill until September 30.

SPEAKER BAACK: Senator Ashford.

SENATOR ASHFORD: Thank you, Mr. Speaker and members. My inclination is to...at this point is to pull this motion inasmuch as I think Senator Lindsay and Senator Chambers and Senator Landis and others are working on this bill and hopefully we'll get somewhere and can come up with an amendment that makes sense. I realize that the amendment as now drafted does not accomplish any of the purposes that anybody would like so there needs to be some drafting done to make it make sense to somebody at least. So I'm going to withdraw the motion to bracket and hopefully the various parties can work something out between now and five o'clock. Thank you.

CLERK: Mr. President, the next amendment I have...I have nothing further pending to the committee amendments at this time, Mr. President.

SPEAKER BAACK: We are now on the committee amendments. Senator Wesely, would you like to address the committee amendments?

SENATOR WESELY: Yes. I move the committee amendments, Mr. Speaker. Again, what they do is instead of having, as the bill originally introduced would do, cut off payments immediately upon the signature of the Governor we delay the effective date until December 1 and thus allow two more months on which payment would be received and then they would be cut off at that time. I move for the adoption of the committee amendments.

SPEAKER BAACK: Discussion on the committee amendments? Seeing
