(i) The Committee on Committees shall have authority to call before it a committee chairperson and discuss the workload of said committee. It shall hear and dispose of all written complaints filed with said committee by a senator against any committee chairperson. The Committee on Committees shall conduct said hearing in accordance with its own rules.

(d) Enrollment and Review.

(i) The Chairperson of Enrollment and Review shall report bills which have been engrossed for Final Reading and passage. In the absence of the Chairperson, the Vice Chairperson of the Judiciary Committee shall assume the duties of the Chairperson of the Enrollment and Review Committee.

(ii) The bill drafting service shall have supervision of and provide legal services for Enrollment and Review Committee.

(iii) The Chairperson of Enrollment and Review shall have authority, without being required to include the same specifically in his or her reports and recommendations to the Legislature, in accord with accepted usage:

(A) To correct the spelling of words, to correct erroneous division and hyphenation of words, to capitalize or decapitalize words, to convert masculine or feminine referents to neutral gender when appropriate, and to change numbers from words to figures or from figures to words, in new and independent acts, in the new matter of amendatory acts, in standing committee reports, and in General File, Select File, and specific amendments.

(B) To underscore or remove underscoring, as the case requires, in standing committee reports and in General File, Select File, and specific amendments.

(C) When an amendment to add the emergency clause, the severability clause, or provide an operative date is adopted on Select File which does not spell out the standard clause or section and make the necessary change in the title, the Chairperson of Enrollment and Review shall also have the authority to add to the

engrossed bill the standard clause or section, assigning to it the appropriate section number, and make the necessary change in the title as a matter of course without including such action in his or her reports and recommendations to the Legislature or making any special record thereof.

(D) To add and/or delete names of introducers to reflect action on the bill while the bill remains in the possession of the Legislature at any stage of consideration.

(E) To reflect votes on Final Reading as they may occur pursuant to Rule 6, Section 10 and Rule 6, Section 15.

(e) Reference Committee.

(i) The Executive Board shall constitute the Reference Committee. The Reference Committee shall review each bill and resolution and either refer the matter to the appropriate committee or to General File. The appropriate committee is that committee which has subject-matter jurisdiction over the issue or which has traditionally handled the issue.

(ii) All nominations made to the Legislature by the Governor, requiring confirmation by the Legislature shall be referred to the appropriate standing committee and the same procedure shall be followed as governs the handling of other matters before standing committees, unless the Legislature shall otherwise direct by unanimous vote.

(iii) The Clerk of the Legislature's office shall be responsible for the collection of pertinent information on gubernatorial appointments. That information will be distributed to the appropriate standing committee prior to the time of the confirmation hearing. The Clerk's office shall be the "depository" for background information on the individual, a statement of financial interests if applicable, and other biographical information that the committee chair feels is appropriate for the committee to have before it during the confirmation process.

(iv) The committees to which a gubernatorial appointee has been referred for confirmation shall conduct a confirmation hearing. Each appointee shall be required to appear in person before the committee conducting the confirmation hearing. The appearance of the appointee may be waived for good cause shown by a majority vote of the members assigned to the committee conducting the hearing.

The committee shall prepare a report either approving or rejecting the appointment. Said report shall be filed with the Clerk of the Legislature. The Legislature shall then have the opportunity to accept or reject the report of the committee.

(v) Any appointment letter received by the Clerk of the Legislature during the last eight calendar days of any regular legislative session shall not be acted upon. Acknowledgement of receipt of the appointment shall be deferred until the next regular or special session of the Legislature.

(f) Rules Committee.

All proposed rules changes shall be set for public hearing within five legislative days after their referral to the committee. The hearing shall take place within fifteen legislative days after the referral, and the committee shall take final action on the proposal within ten legislative days after the hearing.

(g) Investigating Committees.

The Committee on Committees may appoint other select committees when authorized by the Legislature. No investigating committee of the Legislature shall be created except by resolution which shall set forth, with supporting statements, the reasons for and the purposes of the investigation, and no committee thus established shall function except during the interim between legislative sessions.

Sec. 5. Special Committees. (a) Special committees shall include all authorized committees other than standing and select committees. Unless otherwise specifically provided, special committees shall not have jurisdiction over legislative bills, but shall be subject to the same procedural rules as standing committees, insofar as they are applicable.

(b) The special committees authorized by statute as of January 1, 1980 are as follows:

Building Maintenance. RRS 81-185	6 members
Education Commission of the States. RRS 79-2504	3 members
Executive Board of the Legislative Council. RRS 50-401.01	9 members
Intergovernmental Cooperation. RRS 81-816	5 members
Legislative Program Evaluation. RRS 50-1204	5 members

(c) The following special provisions shall be in force with regard to the following special committees:

(i) Intergovernmental Cooperation Committee.

In addition to the members of the Intergovernmental Cooperation Committee chosen in accordance with Section 81-816, the Executive Board may appoint temporary members to serve on such assignments as the chairperson shall direct.

Sec. 6. Meeting Times. (a) After consultation with the Speaker, the Committee on Committees shall publish a schedule of standing committee meetings, in such manner as to avoid, as far as possible, conflicts in the assignment of members to committees. Standing committees shall meet at 1:30 p.m. on weekdays, unless otherwise approved by the Legislature, except for the Nebraska Retirement Systems Committee, which shall meet as called by the chairperson.

(b) A standing committee deciding not to hold meetings on the appointed day must receive permission from the Reference Committee.

(c) Any legislative committee shall be subject to the call of its chairperson or to the call of a majority of its members, in accordance with the notice and procedural requirements set forth in its committee rules.

Sec. 7. Chairperson, Vice Chairperson. (a) The chairperson of each standing and select committee shall be selected by secret ballot on the floor of the Legislature.

(b) The chairperson of a special committee shall be selected in the manner provided by the act authorizing the committee, or if not specified, by the Executive Board.

(c) Each committee shall elect from its membership a vice chairperson to serve in the absence of the chairperson.

Sec. 8. Committee Quorum. A majority of the members of a committee shall constitute a quorum. A quorum must be present for the transaction of any committee business except a public hearing.

Sec. 9. Quorum at Committee Hearings. A quorum of committee members should be maintained throughout all committee hearings.

Sec. 10. Conduct During Committee Hearing. No member, staff, media representative, or individual shall smoke or otherwise consume tobacco products during a committee hearing or while the committee conducts an executive session within the hearing room assigned to that committee for such purpose, unless the committee by a vote of the majority, with all the members present, taken at least once a session, decides otherwise.

Sec. 11. Temporary Appointments. (a) When a member is unable to serve, the chairperson of the committee, after a majority vote of the remaining members, shall request that such vacancy be filled by the Committee on Committees unless such vacancy is on the Appropriations Committee in which case the vacancy shall be filled by the Executive Board pursuant to Rule 3, Section 2(c).

(b) A temporary appointment may be made by the Chairperson of the Committee on Committees, or in the case of the Appropriations Committee, the Executive Board, for only one day when requested by a chairperson of a standing committee which lacks a quorum. When a member is appointed from an eight-member committee, the consent of the member to be appointed shall first be obtained. The temporary appointee

shall have the right to vote only on the bill or bills that actually have been heard by the appointee and provided that the vote is taken on such bills on the day the bill or bills are heard. When such appointment is made in case of an incapacitated member, such appointee shall cease to be a member of such committee upon the return of the incapacitated member for whom he or she was appointed.

Sec. 12. Consideration and Correlation of Bills and Resolutions. (a) Committees shall consider and report without unnecessary delay all bills and resolutions referred to them. Committees shall be authorized to combine and to correlate the provisions of different bills and resolutions referred to them and related to the same subject under the number of one of the correlated bills or resolutions, and when reported out under one bill or resolution number, the remaining bills or resolutions will be reported out as indefinitely postponed. Committees may, before taking final action on any bill or resolution, adopt amendments thereto, for the consideration of the Legislature.

(b) The chairperson of each committee shall set for hearing all bills and resolutions referred to the committee.

Sec. 13. Public Hearing, Notice. Before taking final action on a bill, resolution, or gubernatorial appointment, a committee shall hold a public hearing thereon and shall give at least seven calendar days' notice, after the bill or pronouncement of the appointee shall have been printed, by publication in the Legislative Journal. No bill or resolution having been set for public hearing shall be withdrawn nor the hearing cancelled within seven calendar days of the date set for said public hearing.

Sec. 14. State Officials Appearing Before Committees. State officials and department heads or their designees and state employees are encouraged to appear before any legislative committee to comment upon bills having an impact on the operations of the administrative agency or department for which they work.

Sec. 15. Executive Sessions and Closed Meetings. (a) Executive session shall mean any meeting or portion of a meeting which is closed to the general public, and the proceedings of which are not electronically recorded and transcribed, unless the committee so provides, but the records of which shall be available for public inspection. Executive sessions shall be open to members of the news media who may report on action taken and on all discussions in executive session.

(b) All other meetings of a committee shall be public unless the committee, by a majority vote of all of its members, determines that a meeting should not be open to the public, including members of the news

media, in a particular instance, due to rare and extraordinary circumstances. The meeting shall be reconvened in open session before any formal action may be taken.

Sec. 16. Report of Bill to Legislature. (a) In reporting a bill to the Legislature, whether with or without amendments, a committee shall by vote of a majority of its members, recommend that the bill be placed on General File or that the bill be indefinitely postponed. Such action shall be taken at regularly scheduled meetings only.

(b) A report on a bill or resolution must be made to the Legislature within eight calendar days after the committee has taken final action upon the particular measure. Final action shall mean an affirmative vote of a majority of the committee members to advance a bill to General File with or without committee amendments or an affirmative vote of a majority of the committee members to indefinitely postpone the bill. A committee may reconsider any final action prior to the committee making a report on the bill or resolution to the Legislature, provided the reconsideration takes place within eight calendar days of the final action.

(c) No bill shall be reported by the committee to be placed on General File unless the amendments, if any, are approved as to form and draftsmanship by the Bill Drafter.

Sec. 17. Indefinitely Postponed Bills. If the committee action on a bill be to postpone indefinitely, the bill shall stand indefinitely postponed; except that such bill may be placed on General File or referred back to the committee by a three-fifths vote of the elected members upon motion made within three legislative days after the committee makes its report to the Legislature, or by a two-thirds vote of the elected members upon motion made more than three legislative days after such committee report. Not more than one bill shall be raised from committee on any one motion. A motion to raise cannot be amended to include any other bill or subject matter. A motion to raise must be disposed of by the Legislature within five legislative days after the motion is available for consideration or it shall be deemed defeated.

Sec. 18. Committee Statement. (a) The chairperson of each committee with the assistance of the legislative staff shall, when reporting a bill, submit with such bill a committee statement which shall contain, but need not be limited to, the following information:

(1) the one-line title and number of the bill;
(2) a roll call vote of final committee action taken on the bill;
(3) the date of the public hearing on the bill;

(4) a list of all individuals testifying for and against the bill and any organization they represent;
(5) a summary of the bill's purpose and a description of all major provisions for change in the bill as written and as amended by the committee;
(6) if committee amendments are to be introduced, a copy of the amendments and an explanation thereof.

(b) A copy of the proposed statement shall be distributed to each committee member within five days after final action on the bill has been taken by the committee. A minority or concurring statement bearing the signature or signatures of its proponents and setting forth objections to the bill, to proposed amendments, or to the majority statement may be filed by its author(s) with the Clerk of the Legislature at any time prior to the first hearing of the bill on General File.

(c) A copy of the committee statement and any minority statements submitted shall be distributed to each senator after filing with the Clerk of the Legislature. Copies of such statements shall be made available to the public.

Sec. 19. Request From Committee, Bills Held. (a) Except for the general appropriation bills necessary for the support of the state government for the biennium, the Legislature may, by vote of a majority of the elected members, request a status report from any committee at any time after said committee shall have been in possession of a bill or resolution for twenty legislative days.

(b) Any senator may move that a bill be placed on General File twenty calendar days or more after the committee hearing, if the committee has not taken final action on the bill, and by a vote of a majority of the elected members, said bill shall be placed on General File. If, at the expiration of eight calendar days from the date final action was taken, the chairperson has not reported the bill, any senator may file with the Speaker a motion that the chairperson be compelled to submit a report. After determining that final action on the bill has been taken at least eight calendar days prior to the date the motion was submitted, the Speaker shall accept the motion and compel the chairperson to file the committee's report on the matter.

(c) Any time any member attempts to take a bill from committee to be placed on General File, the bill shall stand indefinitely postponed and shall not be subject to reconsideration if the motion fails to receive a majority vote of the members elected to the Legislature. The introducer of the bill must concur with any motion offered under this rule.

Sec. 20. Subpoena Procedure. It is within the inherent power of any legislative committee to gather information pursuant to its regular functions, and to conduct investigations of matters within its subject-matter jurisdiction.

A committee's power of subpoena should not be exercised unless the committee has determined that no other method of securing the desired information would be successful or practicable, and that the matter is of primary importance to the welfare of the State of Nebraska.

A committee of the Legislature conducting an investigation and gathering information, whether pursuant to legislative direction or pursuant to its regular functions of oversight and bill preparation, shall observe the following procedures in addition to regular committee procedures whenever subpoenas are issued:

(A) Issuance of Subpoenas.

(i) A committee may, by a majority vote of all of its members taken at a meeting properly called, issue a subpoena requiring a person to appear before the committee and be examined in reference to any matter within the scope of the inquiry or investigation being conducted by the committee, but only when the committee has received prior approval by a majority vote of the Executive Board to issue subpoenas in connection with the specific inquiry or investigation in question.

(ii) The committee may, in the same manner, issue a subpoena or subpoena duces tecum requiring any person to appear before the committee and bring with him or her any books, papers, or other documents pertinent thereto.

(iii) While the Legislature is in session, a committee deciding to issue subpoenas must promptly report each issuance to the Legislature. A record shall be made in the Journal reflecting the date the subpoena was issued, to whom it was issued, for what purpose it was issued, and the date on which testimony or production of documents is to take place. Under extraordinary circumstances, the identity of the person subpoenaed may be withheld from publication if necessary to protect the safety of an individual or the confidentiality of the matters to be heard.

(iv) A person subpoenaed to attend a hearing of a committee shall receive the same fees and allowances as a person subpoenaed to give testimony in an action pending in a court of record.

(B) Notice to Witnesses.

(i) Service of a subpoena requiring the attendance of a person at a hearing of a committee shall be made in the manner provided by law for the service of subpoenas in civil actions at least seven days prior to the date of the hearing unless a shorter period of time is authorized by a majority vote of all of the members of the committee in a particular instance when, in their opinion, the giving of seven days' notice is not practicable; but if a shorter period of time is authorized, the person subpoenaed shall be given reasonable notice of the hearing, consistent with the particular circumstances involved.

(ii) Any person who is served with a subpoena to attend a hearing of a committee shall also be served with a copy of the act defining the purpose of the committee, a copy of the rules under which the committee functions, a general statement informing him or her of the subject matter of the committee's investigation or inquiry, and a notice that he or she may be accompanied at the hearing by counsel of his or her own choosing.

(C) Conduct of the Hearing.

(i) No committee which has issued a subpoena directing a witness to appear at a hearing shall question the witness unless a quorum is present throughout the questioning.

(ii) The hearing shall be public unless the committee, by a majority vote of all of its members, determines that a hearing should not be open to the public in a particular instance, due to rare and extraordinary circumstances consistent with Legislative Rule 3, Section 15(b) regarding closed meetings.

(iii) The chairperson of the committee shall preside at all hearings and shall conduct the examination of witnesses himself or herself or supervise the examination by other members of the committee. The committee may, by a majority vote of all its members, authorize the questioning of a witness by the committee's counsel or by special counsel.

(D) Right to Counsel and Submission of Questions.

(i) Every witness at the hearing may be accompanied by counsel of his or her own choosing, who may advise the witness of his or her rights, subject to reasonable limitations which the committee may prescribe to prevent obstruction of or interference with the orderly conduct of the hearing.

(ii) Any witness at the hearing, or a witness' counsel, may submit to the committee proposed questions to be asked of the witness or any other witness relevant to the matters upon which there has been any questioning or submission of evidence, and the committee shall ask such of the questions as it deems appropriate and relevant to the subject matter of the hearing.

(E) Testimony.

(i) The committee shall cause a verbatim record to be made of all proceedings in which testimony or other evidence is demanded or offered, which record shall include rulings of the chair, questions of the committee and its counsel, the testimony or responses of witnesses, sworn written statements submitted to the committee and read into the record, and such other matters as the committee or its chair may direct.

(ii) All testimony given or offered at the hearing shall be under oath or affirmation if the witness has been subpoenaed, and in other cases if a majority of the committee members present at the hearing so decide.

(iii) The presiding member at the hearing may direct a witness to answer any relevant question or furnish any relevant book, paper, or other document, the production of which has been required by subpoena duces

tecum. Unless the direction is overruled by a majority vote of the committee members present, disobedience shall constitute a contempt.

(iv) A witness at the hearing or his or her counsel, with the consent of a majority of the committee's members present at the hearing, may file with the committee for incorporation into the record of the hearing sworn written statements relevant to the purpose, subject matter, and scope of the committee's investigation or inquiry.

(v) Testimony and other evidence given or offered at a hearing closed to the public shall not be made public unless authorized by a majority vote of all of the members of the committee, which authorization shall also specify the form and manner in which the testimony or other evidence may be released.

(vi) A witness at a closed hearing, upon request and at his or her own expense, shall be furnished a transcript of his or her testimony at the hearing.

(F) Interested Persons.

(i) Any person whose name is mentioned or who is otherwise identified during the hearing and who, in the opinion of the committee, may be adversely affected thereby, may, upon his or her request or upon the request of any member of the committee, appear personally before the committee and testify in his or her own behalf, or, with the committee's consent, may file a sworn written statement of facts or other documentary evidence for incorporation into the record thereof.

(ii) Upon the consent of a majority of its members, a committee may invite any other person to appear at a hearing or submit a sworn written statement of facts or other documentary evidence for incorporation into the record thereof. No invitation to appear, and no request to appear, appearance, or submission of evidence shall limit in any way the committee's power of subpoena.

(iii) Any person who appears before a committee pursuant to this section shall have all the rights, privileges, and responsibilities of a witness provided to all other witnesses.

(G) Contempt.

A person shall be in contempt if he or she:

(i) Fails or refuses to appear in compliance with a subpoena or, having appeared, fails or refuses to testify under oath or affirmation;

(ii) Fails or refuses to answer any relevant question or fails or refuses to furnish any relevant book, paper, or other document subpoenaed by or on behalf of a committee; or

(iii) Commits any other act or offense against a committee which, if committed against the Legislature, would constitute a contempt.

The chairperson of a committee may apply to the Legislature or, during the interim, to the district court of any county to compel obedience by proceedings for contempt.

(H) Penalties.

(i) A person guilty of contempt under the provision of these rules shall be subject to punishment pursuant to RRS 50-105 and 50-106 during the session, or to RRS 50-407 when the Legislature is not in session.

(ii) If a committee fails in any material respect to comply with the requirements of these rules, any person subject to a subpoena or a subpoena duces tecum who is injured by such failure shall be relieved of any requirement to attend the hearing for which the subpoena was issued or, if present, to testify or produce evidence therein; and such failure shall be a complete defense in any proceeding against such person for contempt or other punishment.

(iii) Any member or employee of the Legislature, other than the witness concerned or his or her counsel who knowingly violates subsections of these rules concerning the publication of testimony taken at a closed hearing, shall be in contempt of the Legislature or, if a member of the Legislature, shall be subject to sanction or suspension according to the statutes governing the Legislature. The Speaker on his or her own motion or on the application of any person claiming to have been injured or prejudiced by an unauthorized disclosure may institute proceedings for the determination of the issue and for the imposition of penalties provided herein. Nothing in this subsection shall limit any power which the Legislature may have to discipline a member or employee or to impose a penalty in the absence of action by a prosecuting officer or court.

(I) Limitation of Rules.

Nothing contained in this section shall be construed to limit or prohibit the acquisition of evidence or information by any committee by any lawful means not provided for herein.

RULE 4--RESOLUTIONS

Section 1. Identification. A resolution shall be designated as Legislative Resolution _____. All resolutions shall be numbered consecutively for each Legislature. All resolutions shall be introduced and read by the Clerk upon introduction and shall be printed in the Legislative Journal.

73-74 Attorney General Opinion No. 13--Resolutions must be printed and read before a vote is taken.

Sec. 2. When Considered as a Bill. Resolutions which propose amendments to the state constitution, propose the ratification or rejection of amendments to the federal Constitution, or memorialize the Congress with regard to amendments to the U.S. Constitution, shall be considered and adopted in the same manner as bills.

Const. Art. III, Secs. 13, 14; Art. IV, Sec. 15; Art. XVI, Sec. 1. Cannot appropriate funds by resolution. Const. Art. III, Sec. 25.

The resolutions shall be submitted to the Clerk of the Legislature on a form prescribed by the Clerk, printed in the Journal, and referred to the Executive Board.

(b) Study resolutions may be introduced up to and including the 80th legislative day in odd number years and the 50th legislative day in even number years. However, each standing committee may introduce one additional study resolution prior to adjournment sine die. The Executive Board shall refer the study resolutions to the appropriate standing committees or to select interim committees created by it to conduct such studies.

(c) Study resolutions shall be prioritized by the chairperson of the committee to which they are referred, and a report on those priorities shall be filed with the Clerk, on a form prescribed by the Clerk, prior to adjournment sine die. Also, the chairperson of each committee shall file with the Clerk, on a form prescribed by the Clerk, his or her committee's study plan for the highest prioritized interim studies referenced to such committee. This study plan shall be filed no later than thirty days after adjournment sine die. Unless otherwise agreed to, staff to interim studies conducted by standing committees shall be headed by the respective committee counsels. Legislative aides whose senators serve on such standing committees and legislative aides of other interested senators may be invited by the respective committee counsels to participate as staff in the conduct of the interim studies. The provisions of this section shall in no way limit the standing committees in their traditional prerogatives to

conduct hearings and oversee matters and agencies that are within their subject matter jurisdiction.

(d) The Executive Board may, on its own behalf, conduct interim studies or create select interim committees to do so. Before creating a select interim committee, the Board shall consider whether the subject matter proposed for study by such a committee lies within the jurisdiction of one or more standing committee. To the extent possible, the jurisdiction of a select interim committee created by the Board shall be limited to subject matters that do not lie wholly within the jurisdiction of one or another standing committee. Membership on a select interim committee shall, to the extent possible, include senators who are both interested in serving on such a committee and are from the standing committees that have the most direct concern with the subject matter proposed for study. Select interim committees shall meet no later than five legislative days prior to adjournment sine die to organize and to review study plans. Staff to select interim committees shall be drawn from the Legislature's division staffs (e.g., fiscal, research, bill drafting), be based upon a joint plan submitted to the Executive Board by the division directors, may include other interested legislative staff, and shall be coordinated by the Legislative Research Division, and the chairpersons of the standing committees involved with the select interim committee.

(e) The Executive Board shall retain its traditional prerogatives to consider and refer study proposals arising from extraordinary circumstances after the deadlines established in this section.

(f) The chief sponsor of a study resolution, if not otherwise a member of the committee to which the resolution is referred, shall be an ex officio member of the committee during and only for the conduct of the study.

(g) On or before December 1 of each year, each standing and select interim committee shall file a report, on a form prescribed by the Clerk, with the Executive Board on the disposition of the study resolutions referred to them. These reports shall be printed in the Journal at the beginning of the next session of the Legislature.

(h) The results or final reports of studies conducted by standing committees may be prepared in a format of their choosing. Seven copies of each completed standing committee report shall be filed with the Legislative Reference Library. The results or final reports of studies conducted by select interim committees shall be prepared and published in a format prescribed by the Legislative Research Division, and copies of such studies will be indexed and filed with the Legislative Reference Library.

Resolutions specified in Section 2 shall be considered and adopted in the same manner as bills.

RRS 85-404, 85-408.

Sec. 6. Resolutions, Lay Over Requirement. Resolutions shall lay over for consideration at least one legislative day after introduction.

Sec. 7. Engrossed Resolutions. Only those resolutions specified in Sections 2 and 3 of this rule shall be engrossed unless otherwise ordered by the Legislature or unless the Clerk determines the nature of the resolution is such that upon its adoption it must be engrossed to properly achieve the purpose for which it was presented. All resolutions which are engrossed shall be enrolled and signed by the Lieutenant Governor or Speaker and certified to by the Clerk as to the date of final passage.

Const. Art. III, Sec. 14.

Sec. 8. Reference to Committee. Resolutions other than those covered by Sections 2 and 3 of this rule shall upon the recommendation of the Speaker of the Legislature be referred to the Reference Committee for referencing to the appropriate committee.

Sec. 9. Reviving Resolution Killed by Committee. If the standing committee report on a resolution be to postpone indefinitely, the resolution shall stand indefinitely postponed; Provided, that such resolution may be considered by the members of the Legislature if a majority vote of the elected members so direct, provided the motion is made within three legislative days after the committee makes its report to the Legislature. A motion to raise cannot be amended to include any other resolution or subject matter. The provisions of this section shall not apply to resolutions considered as bills pursuant to Rule 4, Section 2.

Sec. 10. Committee Statement. A committee, when reporting out a resolution, shall attach thereto a statement setting forth what is sought to

RULE 5--BILLS--GENERAL PROVISIONS

Section 1. Drafting of Bills. The Bill Drafter shall prepare all bills and amendments in proper form when requested by members of the Legislature, newly elected members of the Legislature, or heads of executive departments. No bills or major amendments shall be introduced or considered unless the same has been approved as to form and draftsmanship by the Bill Drafter. In order to shorten the length of sections, the Bill Drafter shall, in the drafting of new sections, make each paragraph a separate section except when to do so would be contrary to sound bill drafting practice. The Bill Drafter shall make available a continuing compilation of sections to which amendments are proposed so as to reduce unnecessary duplication of bills. This section index of bills drafted shall be available to all senators, newly elected senators, and other persons entitled to have bills drafted. After January 1 of each year no bill shall be drafted by the Bill Drafter unless requested or authorized by a member of the Legislature.

Sec. 2. Content and Form of Bills. (a) A bill shall be designated as Legislative Bill _____.

Style of bill. Const. Art. III, Sec. 13.

(b) No bill shall contain more than one subject and the same shall be clearly expressed in the title. No law shall be amended, unless the new act contains the section or sections as amended, and the section or sections so amended shall be repealed.

Const. Art. III, Sec. 13.

(c) An amendatory bill or constitutional provision shall be so prepared and printed as to show the new matter proposed, old matter to be retained, and old matter to be omitted from the statutes or constitution.

(d) Appropriations bills and "A" bills shall contain the following elements:
(1) the phrase "there is hereby appropriated";
(2) a specific fund type shall be identified and the fund shall be appropriated;

(5) the time period during which such funds shall be expended shall be identified.

RRS 49-804.

Sec. 3. Revisor Correctional Bills, Preprinting. (a) Preceding each legislative session, the Chairperson or any member of the Executive Board

of the Legislative Council, or if the Executive Board so requests, the senator who, in the preceding session served as Chairperson of the Judiciary Committee, shall sign as introducer the Revisor of Statutes' correctional bills. The Clerk of the Legislature shall number these bills consecutively beginning with number 1 and shall show the committee reference to be General File. The Clerk of the Legislature shall have these bills printed before the convening of the next regular session.

(b) In addition to causing to be printed the revisor bills, the Clerk shall number and cause to be printed all bills delivered to him or her by the Executive Board, provided said Board has referred said bills to a standing committee. No bill so printed shall be withdrawn until after the Legislature convenes.

Sec. 4. Introducers Signing Bills. (a) Members shall introduce only such bills as they are willing to endorse and support personally. The last name and district shall be used, unless an initial or name is necessary to identify the introducer. Any member may request to have his or her name added as co-introducer of a bill but only if the principal introducer has concurred, in writing, to that request.

(b) A standing committee or special committee may introduce a bill for any purpose, including at the request of another senator, provided said bill receives the endorsement of a majority of the committee members whose names shall be on the bill.

(c) No bill shall be introduced after the tenth legislative day of any session, except:

1. "A" bills, appropriation bills, and bills introduced at the request of the Governor may be introduced at any time;

2. A standing committee or special committee may request that the Legislature consider introduction of a bill. A vote of three-fifths of the elected members of the Legislature shall be required for such bill to be introduced, and a copy of the statement of intent for such bill must be placed on each member's desk before introduction of the bill is voted upon.

(d) Individual members shall not be limited as to bill introduction. Each committee shall be limited to 8 bills each session. Bills introduced as a result of an interim study of the Legislative Council shall be included within the limitations prescribed by this section. Special committees created as a result of an interim study resolution and as authorized by the Executive Board shall be considered as separate committees for purposes of the limitations prescribed by this section. Bills introduced under Rule 5, Section 3(a) and bills introduced at the request of the Governor will not be included in the limitation.

(e) The introducers of all bills must submit a statement of intent for each bill to the appropriate committee chairperson at least 24 hours prior to the bill's hearing. The statement of intent should discuss clearly and completely the purposes and effects of the bill.

Sec. 5. Scheduling of Bills, Priority Bills. (a) Each senator may designate one bill as a priority bill. Such priority bill need not be the designator's bill, but the principal introducer must concur with the designation as a priority bill and with the withdrawal of the designation once made.

(b) Each chairperson of those committees which are authorized to hold public hearings on bills may designate as priority bills two of the bills referenced to that committee and on which the committee has held a public hearing.

(c) The Speaker may designate up to 25 additional priority bills.

(d) Priority bill designations may be made at any time prior to the annual designation deadline which shall be set each year by the Speaker. The designation deadline shall be prior to the 45th legislative day in the ninety day session and prior to the 30th legislative day in the sixty day session.

(e) A senator or committee may withdraw a priority designation at any time, but will not be allowed to designate another bill as a priority bill in its place. The Speaker may withdraw a priority designation made by the Speaker.

(f) All committees shall schedule priority bills for public hearing ahead of all unscheduled, nonpriority bills unless the person or committee making the priority designation shall otherwise agree.

(g) All bills not designated as priority bills shall be heard on General File in the order in which they are reported to the floor by the committees, unless the introducer of the bill and the Speaker agree to delay the hearing of a particular bill. This provision shall not be construed to prevent the Speaker from placing bills reported out of committee with two or less dissenting votes on a consent calendar. Any bill placed on consent calendar shall be removed at the written request of three or more senators.

(h) Priority bills shall generally be considered ahead of all other bills at each stage of debate, except that priority bills requiring the expenditure of appropriated funds shall be held on Final Reading until such time as the annual appropriations bills have been passed. A priority bill which fails to advance after two votes on General File, or after one vote on Select File, shall return to nonpriority status.

(i) No priority bill designated under this rule shall have priority over appropriations bills.

Sec. 6. Fiscal Analyst. (a) A copy of every bill introduced shall be transmitted by the Clerk to the Legislative Fiscal Analyst. The Legislative Fiscal Analyst shall review each bill and make an estimate of the anticipated change in state, county, or municipal expenditures or revenue under the provisions of the bill. The Legislative Fiscal Analyst shall prepare a statement to be known as a fiscal note to be attached to each bill prior to its public hearing by a committee, or its first consideration on General File if the bill is referred directly to General File. The fiscal note shall set forth the fiscal impact of the bill and the governmental subdivision affected by the fiscal impact as determined by the Legislative Fiscal Analyst. No bill which has a fiscal impact shall be heard by a committee or considered on General File unless the fiscal note is attached.

(b) In determining the fiscal impact of any bill, the Legislative Fiscal Analyst shall request the appropriate department or other entity of state government or subdivision thereof, or appropriate association which will be affected by the bill, to prepare the fiscal note within five calendar days.

(c) The Legislative Fiscal Analyst shall review the fiscal note so prepared and shall also request a review of such fiscal note by the Budget Division of the Department of Administrative Services. The statement by the Budget Division of the Department of Administrative Services shall be attached to and become a part of the fiscal note. The Legislative Fiscal Analyst shall include in the fiscal note any exceptions to the conclusions of the department or other entity and of the Budget Division of the Department of Administrative Services.

(d) The fiscal note shall be delivered by the Legislative Fiscal Analyst to the Clerk at least twenty-four hours prior to the public hearing on the bill or, in the event the bill is referred directly to General File, twenty-four hours prior to the first consideration of the bill on General File. The Clerk shall present the fiscal note to the principal introducer. If extenuating circumstances prevent the Legislative Fiscal Analyst from meeting this deadline, he or she shall present to the principal introducer an unofficial summary of all available fiscal information on the bill by this deadline and deliver to the Clerk the fiscal note when it is available. The Clerk shall attach the fiscal note to the bill and to all copies prepared for members.

(e) When amendments to a bill are adopted by the Legislature and such amendments would change the fiscal impact of the bill, the appropriate changes shall be made in the fiscal note each time the bill is advanced to

Enrollment and Review or upon the written request of a member of the Legislature.

(f) When any bill proposes adoption of a new program or change of an existing program either of which would require an appropriation to implement in the ensuing fiscal year, an appropriation bill for the purposes of funding the provisions of such bill shall be prepared from the information contained in the fiscal note. Such appropriation bill shall be prepared at the direction of the Chairperson of the Appropriations Committee. Such bill shall be placed on General File and considered as introduced by the introducer of the original bill or by the committee which offered the amendments creating the expenditure, and shall bear the number of the original bill with the letter "A" added, and shall accompany the original bill through all stages of the legislative process. All bills for which an "A" bill is prepared shall be bracketed on Final Reading until the "A" bill is advanced to Final Reading.

(g) The authorization bill shall first be considered and if it should be passed on Final Reading then the "A" bill shall be read and voted on for final passage.

(h) The fiscal note shall be factual in nature, as brief and concise as may be, and shall, if possible, provide a reliable estimate in dollars and, in addition, it shall include both the immediate effect and, if determinable or reasonably foreseeable, the long range effect of the measure. If, after investigation, it is determined that no dollar estimate is possible, the fiscal note shall contain a statement to that effect, setting forth the reasons why no dollar estimate can be given.

(i) No comment or opinion shall be included in the fiscal note with regard to the merits of the measure for which the note is prepared, however, technical or mechanical defects may be noted.

(j) The subject matter of bills submitted to boards, commissions, departments, agencies, or other entities of the state by the Fiscal Analyst shall be kept in strict confidence by said agencies and by the office of Fiscal Analyst together with the content of the fiscal note itself and no information relating thereto shall be divulged by any official or employee prior to its introduction in the Legislature.

(k) To implement the provisions of and assure compliance with Art. III, Sec. 22 of the Nebraska Constitution (deficiency appropriations), and Art. IV, Sec. 7 of the Nebraska Constitution (appropriations in excess of Governor's request), the Appropriations Committee shall advise the Legislature of the number of votes required to assure passage of the same.

Sec. 9. Engrossment of Bills. All bills, before being advanced to Final Reading and passage, shall be engrossed, and copies thereof showing new and stricken matter shall be made available to members.

Sec. 10. Expenditure of Legislative Funds. Those expenditures on which the Legislature votes shall require the approval of the majority of the elected members.

Sec. 11. Withdrawal of Bills. No bill, having been introduced, may be withdrawn except upon motion of the first introducer with the consent of his or her co-introducers. Such motion, when made, shall not be considered prior to the next succeeding legislative day, and, for its adoption, shall require the affirmative vote of a majority of those voting upon the question.

Withdrawal of bills set for hearing. Rule 3, Section 13.

Sec. 12. Division of Bills, Prohibited. No bill shall be divided into two or more bills.

Sec. 13. Holding of Bills. Unless otherwise disposed of, all bills on which no final action has been taken by the time of adjournment of the regular session in odd-numbered years shall be held over for consideration at the regular session convening in even-numbered years.

RULE 6--BILLS--STAGES OF CONSIDERATION

Section 1. Introduction of Bills. Starting with regular sessions in odd-numbered years, bills shall be numbered consecutively starting with the number 1. Bills introduced in regular sessions in even-numbered years shall start with the number following the number of the last bill introduced in the preceding regular session of an odd-numbered year, (bills introduced in any special session shall start with the number 1) and shall be numbered consecutively as read by the Clerk. Bills on General File for which public hearings have not been requested will be handled as all bills on General File.

Sec. 3. General File. (a) The Clerk of the Legislature shall read the number and the title of the bill and the name of the principal introducer as it comes up for consideration on General File. A bill will not be read section by section unless requested by a member of the Legislature.

(b) Each section shall be open to amendment. The amendments, if any, recommended by standing committees, shall first be considered. The introducer's amendments, if any, shall next be considered, after which he or she may move to advance and explain the bill. Other amendments and motions permitted by these rules may then be offered and shall be considered after the introducer has explained the bill in the order in which they are filed with the Clerk, subject to the provisions of Rule 7, Section 3.

(c) Bills shall be listed and considered on General File in the order in which they shall be reported from the standing committees, except as modified by the Speaker; Provided, that any bill that comes up for debate for a second time, with the introducer present, shall be placed by the Clerk at the bottom of General File if said introducer asked for further time, unless otherwise directed by the Speaker.

(d) During consideration of bills on either General or Select File, any member may move that the bill be passed over once and if the motion is carried by a majority of those voting, the bill shall be passed over and shall retain its place on the file.

(e) At any stage of consideration of a bill, a motion to bracket or to bracket to a day certain or to unbracket shall, if made by the primary introducer of the bill, require a majority of those voting. If made by other than the primary introducer, there shall then be required a majority vote of the elected membership. In any event, such motions shall alternatively be passed by unanimous consent of the body.

(f) In the event a motion to indefinitely postpone a bill is made before the bill is read on General File, such motion shall require the affirmative vote of a majority of the elected members.

(g) In the event a bill has become substantially a new and different bill by reason of amendments having been adopted, the Speaker may refer said bill to the Reference Committee who must refer the said bill to a proper committee for a public hearing; Provided, that a majority of the elected members may overrule the decision of the Speaker.

(h) If, in the opinion of the Speaker, the bill is in such form that it should properly be referred back to committee for further action, he or she may by order direct the same; Provided, that a majority of the elected members may overrule the decision of the Speaker. Any motion to amend a bill shall require a majority vote of the elected members and any amendment to an amendment shall require a majority vote of the members voting. Introduction of bills. Rule 6, Section 1.

(B) Voting Machine

Sec. 2. Voting, Electric Roll Call. (a) All votes shall be taken viva voca unless otherwise provided for herein. Questions shall be distinctly put in this form, to wit: "Those who are in favor of the question say 'aye'; those who are opposed to the question say 'nay.' "

(b) If a machine vote is called for or if the presiding officer is in doubt, he or she shall cause the result to be obtained by means of the electric roll call system, and in such event shall accept only machine tallied votes except that voice votes shall be accepted on a motion before the house while the house is under call. The presiding officer may vote by voice. Only the totals shall be printed in the Journal. Once having voted aye or nay, senators may call in a change to not voting prior to the locking of the voting board.

(c) Upon the final passage of a bill, or of a resolution if the same required the same consideration as a bill, the vote shall be by yeas and nays, and the electric roll call system shall be used. Voice votes shall be accepted on Final Reading.

(d) Whenever the "ayes" and "nays" are taken by machine vote, no member shall be permitted to vote after the decision is announced by the presiding officer or the Clerk. Votes not registered on the electric roll call system shall not be counted for or against a proposition. In announcing such vote, the Clerk shall announce the ayes, the nays, those present and not voting, those absent and not voting, and those excused and not voting, and on any action to advance or amend bills, these totals shall be set forth in the Journal. Voice votes shall be accepted on roll call or record votes.

(e) Only senators physically in the legislative chamber may vote.

(C) Motions

Sec. 3. Motion, in Writing, Withdrawal. (a) A motion shall be either stated by the presiding officer or read by the Clerk before a vote is taken. All motions shall be submitted in writing if requested by the presiding officer or any senator.

Once motions are stated they may be withdrawn or modified by the mover before a decision, amendment, or ordering of a vote has been made. A motion to reconsider may be withdrawn only with unanimous consent or a majority vote of the elected members.

When a question is under debate, no motion shall be considered except one of the following, which motions shall take precedence in the order stated.

a. To adjourn
b. For the previous question
c. To postpone to a time certain
d. To recommit to a committee
e. To amend
f. To postpone indefinitely

Such motions shall have precedence in the order in which they are arranged, except that motions to postpone indefinitely and amend do not yield to each other.

When any of the following motions shall be made, any action on such motion shall be delayed at least one legislative day and the motion shall be printed in the Legislative Journal:

a. Motion to postpone indefinitely on General File or Select File, unless the introducer(s) of the bill, or the committee chairperson in the case of committee bills, request(s) that the motion to postpone indefinitely be considered immediately without the one day delay.
b. Motion to place on General File pursuant to Rule 3, Section 19(b).
c. Motion to place bills on General File, notwithstanding the action of a standing committee.

(b) When a motion or other proposition is under consideration, a motion to amend and a motion to amend that amendment shall be in order.

(c) Amendments to the title shall be made by the Enrollment and Review Committee.

(d) No motion, proposition, or subject, different from that under consideration, shall be admitted under color of amendment. Any amendment that is not germane is out of order. Germane amendments relate only to details of the specific subject of the bill and must be in a natural and logical sequence to the subject matter of the original proposal. A nongermane amendment includes one that relates to a substantially different subject.

(e) Any member may call for the division of a question, which shall be divided if it comprehends propositions in substance so distinct that, one being taken away, a substantive proposition shall remain for the decision

of the Legislature. Once a division is ordered by the presiding officer, each component shall be treated as a separate and distinct proposition. Once a vote or change has occurred on any of the divisible questions, the remaining divided sections may not be withdrawn without a majority of those voting or without unanimous consent. A motion to strike out and insert shall be deemed indivisible, but a motion to strike out being lost, shall not preclude an amendment or a motion to strike out or insert. Such call for division shall not be allowed when considering motions under Rule 6, Section 6.

(f) When motions are made for reference of the same subject to a select committee and to a standing committee, the question on reference to the standing committee shall be considered first.

Sec. 4. Shall the Debate Cease. The previous question shall be in this form, "Shall the debate now close?"

The previous question shall be made only in the normal course of speaking order and shall be in order when demanded by five or more members, and must be sustained by the vote of a majority of the elected members, and until decided shall, except as provided in this section of this rule, preclude further debate and all amendments and motions, except one motion to adjourn. The presiding officer may rule the previous question out of order if in the presiding officer's opinion a full and fair debate has not been afforded, due to the complexity of the subject matter. The ruling of the presiding officer shall be subject to overrule in accordance with Rule 1, Section 12 of these rules.

On a previous question there shall be no debate. All incidental questions of order, arising after a motion is made for a previous question, and pending such motion, shall be decided, whether on appeal or otherwise, without debate.

When the previous question shall have been ordered on a proposition under debate, the mover, proponent, or introducer of such proposition shall be given the right to close the debate thereon.

After a motion to indefinitely postpone a bill has been offered, and the introducer of the motion has made his or her opening remarks on the motion, the principal introducer of the bill shall immediately be permitted to speak for five minutes on such motion.

Sec. 5. Call of the House. A call of the house may be made by any member in the manner following: "I move for a call of the house." The presiding officer shall direct that the board be cleared and the members shall then vote on placing themselves under call. If a majority of the

senators present and voting, vote in favor of such a motion, then the Legislature shall be deemed to be under call. Each member present shall indicate his or her presence upon the electric roll call system and shall remain in his or her seat during the call. After the Clerk shall note the names of the absentees, proceedings under the call may be suspended at any time by a majority vote of the members then present, and when so suspended shall not again be ordered on the proposition pending, except by a majority vote of the members elected.

Lieutenant Governor votes only when Legislature equally divided. Rule 1, Section 14.
Voice vote while house under call. Rule 7, Section 2b.

Sec. 6. Postpone to Time Certain. No motion to postpone to a time certain, to commit, or to postpone indefinitely being decided, shall again be allowed on the same day at the same stage of the bill or proposition.

Sec. 7. Reconsideration. (a) When a question has been decided, it shall be in order for any member voting with the prevailing side, or not voting, to move for a reconsideration thereof. A motion to reconsider must be made on the same day the original question was decided or on the next legislative day, except when it be to reconsider the vote on a bill which lacked the constitutional majority on a Final Reading. In such case, it must be made on the same day the original question was decided or on one of the next three legislative days. A motion to reconsider must be disposed of by the Legislature within five legislative days after making the same or it shall be deemed defeated. If the Legislature shall refuse to reconsider, or upon reconsideration shall affirm its first decision, no further motion to reconsider shall be in order unless by unanimous consent.

Motion to reconsider cannot be withdrawn without leave. Rule 7, Section 3.

(b) Every motion to reconsider shall take preference over all other questions, except a motion to adjourn.

(c) For its adoption, a motion to reconsider shall require the vote of a majority of the elected members, except:

i Where such motion be to reconsider the vote on a bill which lacked the constitutional majority on a Final Reading, then a three-fifths vote shall be required for adoption.

ii Where such motion be to reconsider the vote on a bill which lacked the constitutional majority on a Final Reading with the emergency clause attached, but which received the constitutional majority with the emergency clause stricken and the purpose of

the motion is to again add the emergency clause, then a two-thirds vote of the elected members shall be required for adoption.

iii Where such motion be to reconsider the vote on a motion to pass a bill notwithstanding the objections of the Governor or for override of a line-item veto, then a three-fifths vote shall be required for adoption.

iv Where such motion be to reconsider the vote on a motion to suspend the rules, then a three-fifths vote shall be required for adoption.

(d) For a bill on General File, no motion to reconsider shall be in order until the bill has failed to advance three times; for a bill on Select File, no motion to reconsider shall be in order until the bill has failed to advance two times; for a bill passed on Final Reading, no motion to reconsider shall be in order except by the introducer of the bill, for technical or clarifying amendments.

(e) Whenever a bill is returned from the Governor for further action pursuant to the Legislature's request for such return, motions for reconsideration necessarily incident to opening a bill for further action shall be admitted regardless of the time limitation otherwise imposed by this rule.

Sec. 8. Strike the Enacting Clause. A motion to strike the enacting clause, if adopted, is equivalent to rejection of the bill. It shall not have precedence over a motion to amend nor a motion to indefinitely postpone.

Sec. 9. Motion to Adjourn. A motion to adjourn shall be in order, except:

a. While a member is speaking.
b. When a motion to adjourn has just been defeated.
c. After the Final Reading of a bill and during roll call thereon.

A motion to adjourn to a time certain shall have precedence over a motion to adjourn. A motion to recess shall take precedence over either of such motions.

When a motion to adjourn or recess has been made, the Speaker shall be privileged to speak to the motion prior to any vote on such motion. A motion to adjourn or recess is not debatable.

A motion to adjourn or recess shall be adopted if approved by a majority of members voting.

Sec. 10. Cloture. At any stage of consideration the principal introducer of the bill under consideration, a co-introducer with the consent of the principal introducer, or the chairperson of the committee, if the bill is introduced by that committee, may move for a cloture to the presiding officer after eight hours of debate on the bill at that stage of consideration, except that the appropriation bills introduced by the Appropriations Committee shall be subject to a cloture motion after twelve hours of debate at that stage of consideration. The presiding officer shall immediately recognize such introducer or chairperson and shall then order debate on the pending amendment or motion to cease. A vote on such pending amendment or motion shall be taken immediately. Following the vote on such pending matter, a vote on the cloture motion shall be taken. A two-thirds majority of the elected members shall be required for the cloture motion to be successful. A motion for cloture shall be in order except while a member is speaking, and a motion for cloture is not debatable. If the motion for cloture is successful, a vote on the advancement of the bill shall be taken, without debate, immediately following the vote on cloture.

A motion for cloture shall have precedence over other motions except a motion to adjourn.

An unsuccessful motion for cloture shall result in the debate on the bill ending for the day. When the Speaker chooses to resume debate on the bill, successive motions for cloture shall not be in order until two additional hours of debate on the bill has occurred.

RULE 8--APPROPRIATIONS PROCESS

Section 1. Purpose. The purpose of this rule is to provide a procedure for the Legislature to develop appropriations for all state agencies, boards, and commissions. Such procedure shall consider the need to (1) continue the services and financial assistance provided by state agencies and programs, (2) restrict the growth in state appropriations, and (3) provide for the efficient and effective use of state revenue by utilizing standing committee subject matter expertise in the review of agency, board, and commission budget requests.

Sec. 2. Appropriations Committee Report. The Legislature's Appropriations Committee, by majority vote of its members, shall annually prepare a report summarizing the recommended total General Fund appropriation for each year of the following biennium. Such report shall include information based upon the committee's initial review of (1) state agency, board, and commission budget requests, (2) the Governor's budget, (3) the estimated revenue receipts for each year of the following biennium, (4) General Fund reserve requirements, (5) express obligations, and (6) economic conditions affecting the State of Nebraska.

Sec. 3. Report, When Required. The report required in Section 2 of this rule shall be printed in the Legislative Journal and presented to each member of the Legislature by the Chairperson of the Appropriations Committee between twenty and thirty legislative days after the Governor presents his or her budget during sessions in odd-numbered years and between fifteen and twenty legislative days after the Governor's budget presentation during session in even-numbered years.

Sec. 4. Standing Committee Appropriations Review. (a) Each standing committee may hold a budget request review hearing on the agency, board, and commission budgets reasonably encompassed in its subject matter jurisdiction. Any such review hearing shall not be held until the Appropriations Committee has held its public hearing on that agency, board, or commission. The chairperson of the standing committee shall coordinate the scheduling of such hearings with the Chairperson of the Appropriations Committee. The standing committee shall obtain a determination from the Executive Board that the budget to be reviewed is within its subject matter jurisdiction. The standing committee may recommend to the Legislature amendments to proposed appropriations.

(b) Standing committee amendments, if any, must be filed by the sixth legislative day following the placement of appropriations bills on General File. Standing committee amendments shall be printed in the Journal and shall be considered by the Legislature no sooner than the eighth legislative day following the placement of the appropriations bills on General File. Standing committee amendments shall be considered by the Legislature after Appropriations Committee amendments but before all other

amendments. Standing committee amendments shall be considered in the order of filing.

(c) The Appropriations Committee shall make available to the appropriate standing committee all currently available information at its disposal.

Sec. 5. Bills, Held on Final Reading. The report of the Appropriations Committee shall include a recommended dollar amount of the General Fund biennium appropriation which shall be allocated for the funding of "A" bills, bills that result in the net reduction of revenue to the General Fund, tax expenditure bills, and amendments to the appropriations bills as reported to General File by the Appropriations Committee. During a 90 day session, all "A" bills which, when considered with their companion bill, appropriate general funds resulting in a net loss; all bills resulting in the reduction of revenue to the General Fund; and all tax expenditure bills shall not be read on Final Reading until the appropriations bills are passed by the Legislature. Provided the Appropriations Committee shall place appropriations bills on General File no later than the 70th legislative day in a 90 day session and the 40th legislative day in a 60 day session. If this deadline is not met, the Legislature shall consider the appropriations bills as introduced by the Governor. During a 60 day session, all "A" bills which, when considered with their companion bill, appropriate general funds resulting in a net loss; all bills resulting in the reduction of revenue to the General Fund; all tax expenditure bills; and all appropriations bills shall not be read on Final Reading prior to the 45th legislative day. The appropriations bills shall be passed no later than the 80th legislative day in a 90 day session and the 50th legislative day in a 60 day session. The appropriations provided for in an "A" bill shall be for not less than two fiscal years.

Sec. 6. Bill, Setting Tax Rates. The Legislature's tax rate bill shall be passed no later than the 85th legislative day in a 90 day session and the 55th legislative day in a 60 day session.

RULE 9--SPECIAL SESSIONS

Section 1. Purpose. The purpose of this rule is to establish special procedures for the Legislature to utilize during a special session. This rule recognizes the necessity of the Legislature to address the business for which it is called together in an expeditious and fair fashion and provides that certain legislative procedures established for regular sessions shall not unduly burden the activities of the Legislature during a special session.

Sec. 2. Convening of the Legislature. Pursuant to the directive contained in the proclamation issued by the Governor, either upon the concurrence of two-thirds of the members of the Legislature according to the procedure established by section 50-125 or upon the call of the Governor under the authority of Article IV, section 8, of the Nebraska Constitution, the Legislature shall convene in special session. The first item of business shall be the introduction of bills and resolutions, both of which shall be numbered consecutively beginning with the number one. Bills and resolutions offered by the Speaker at the request of the Governor or offered pursuant to the statement filed with the Secretary of State and agreed to by two-thirds of the members of the Legislature shall be introduced ahead of all other proposals. After introduction, all bills and resolutions shall be handled in the manner provided in this rule. Bills shall be introduced only during the first three days of the session. Resolutions which are not considered and adopted in the same manner as bills may be introduced at any time during the session.

Sec. 3. Resolution Considered as a Bill. Resolutions which propose amendments to the state constitution, propose the ratification or rejection of amendments to the federal Constitution, or memorialize the Congress with regard to amendments to the U.S. Constitution, shall be considered and adopted in the same manner as bills.

Sec. 4. Committee Hearings. Within one legislative day following the introduction of bills and resolutions, or pronouncement of a gubernatorial appointment, the Reference Committee shall review each bill, resolution, and gubernatorial appointment and refer the matter to the appropriate standing committee. The committee to which the bill, resolution, or gubernatorial appointment is referred shall provide as much public notice of the time and place of the hearing on the matter as is reasonable under the circumstances by publication in the Legislative Journal, but in no case shall the hearing be more than five calendar days after the date the bill, resolution, or gubernatorial appointment has been referred to the committee.

Sec. 5. Report of Bill or Resolution to Legislature. The committee to which a bill or resolution has been referred shall make a report on the bill or resolution to the Legislature within twenty-four hours after the

committee has taken final action on the matter. If, at the expiration of twenty-four hours from the time final action was taken, the chairperson has not reported the bill or resolution, any senator may file with the Speaker a motion that the chairperson be compelled to submit a report. After determining that final action on the bill or resolution has been taken at least twenty-four hours prior to the time the motion was submitted, the Speaker shall accept the motion and compel the chairperson to file the committee's report on the matter.

Sec. 6. Indefinitely Postponed Bills and Resolutions. If the committee action on a bill or resolution is to postpone indefinitely, the bill shall stand indefinitely postponed, except that such bill or resolution may be placed on General File or referred back to the committee by a majority vote of the elected members. Not more than one bill or resolution shall be raised from committee on any one motion. A motion to raise shall not be amended to include any other bill, resolution, or subject matter. A motion to raise shall take precedence in order over all other motions, except a motion to adjourn.

Sec. 7. Bills and Resolutions Held by Committee. If the committee has not taken final action on a bill or resolution within two days after the committee hearing, any senator may move that the bill or resolution be placed on General File. If a majority of the elected members vote in favor of the motion, the bill shall be placed on General File.

Sec. 8. Pending Proposals Indefinitely Postponed. At the conclusion of a special session, all bills and resolutions which have not been enacted shall stand indefinitely postponed and shall not carry over to the next legislative session.

Sec. 9. Rules Controlling When Conflict Exists. When a conflict exists between the provisions of this rule and other provisions of the Rules of the Nebraska Legislature, the provisions of this rule shall apply.

LEGISLATIVE RESOLUTION 28CA. Introduced by Beutler, 28.

A resolution to propose amending the Constitution of Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, FIRST SESSION:

Section 1. That at the general election in November 1994 there shall be submitted to the electors of the State of Nebraska for approval the following amendment to the Constitution of Nebraska to amend Article V, section 30:

V-30 "(1) A Justice or Judge of the Supreme Court or judge of any court of this state may be reprimanded, disciplined, censured, suspended without pay for a definite period of time, not to exceed six months, or removed from office for (a) willful misconduct in office, (b) willful disregard of or failure to perform his or her duties, (c) habitual intemperance, (d) conviction of a crime involving

moral turpitude, (e) disbarment as a member of the legal profession licensed to practice law in the State of Nebraska, ~~or~~ (f) inadequate level of competence to efficiently perform the duties of the office, or (g) conduct prejudicial to the administration of justice that brings the judicial office into disrepute, or he or she may be retired for physical or mental disability seriously interfering with the performance of his or her duties if such disability is determined to be permanent or reasonably likely to become permanent.

Any citizen of the State of Nebraska may request the Commission on Judicial Qualifications to consider the qualifications of any Justice or Judge of the Supreme Court or other judge, and in such event the commission shall make such investigation as the commission deems necessary and shall, upon a finding of probable cause, reprimand such Justice or Judge of the Supreme Court or other judge or order a formal open hearing to be held before it concerning the reprimand, discipline, censure, suspension, removal, or retirement of such Justice or Judge of the Supreme Court or other judge. In the alternative or in addition, the commission may request the Supreme Court to appoint one or more special masters who shall be judges of courts of record to hold a formal open hearing to take evidence in any such matter, and to report to the commission. If, after formal open hearing, or after considering the record and report of the masters, the commission finds that the charges are established by clear and convincing evidence, it shall recommend to the Supreme Court that the Justice or Judge of the Supreme Court or other judge involved ~~shall~~ be reprimanded, disciplined, censured, suspended without pay for a definite period of time not to exceed six months, removed, or retired as the case may be.

The commission shall on its own motion consider the qualifications of a judge, following the procedures established in this section, when any poll conducted by the Nebraska State Bar Association indicates a serious lack of confidence on the part of practicing attorneys in the performance of such judge.

(2) The Supreme Court shall review the record of the proceedings and in its discretion may permit the introduction of additional evidence. The Supreme Court shall make such determination as it finds just and proper, and may order the reprimand, discipline, censure, suspension, removal, or retirement of such Justice or Judge of the Supreme Court or other judge, or may wholly reject the recommendation. Upon an order for retirement, the Justice or Judge of the Supreme Court or other judge shall thereby be retired with the same rights and privileges as if he or she had retired pursuant to statute. Upon an order for removal, the Justice or Judge of the Supreme Court or other judge shall be removed from office, his or her salary shall cease from the date of such order, and he or she shall be ineligible for judicial office. Upon an order for suspension, the Justice or Judge of the Supreme Court or other judge shall draw no salary and shall perform no judicial functions during the period of suspension. Suspension shall not create a vacancy in the office of Justice or Judge of the Supreme Court or other judge.

(3) Upon order of the Supreme Court, a Justice or Judge of the Supreme Court or other judge shall be disqualified from acting as a Justice or Judge of the Supreme Court or other judge, without loss of salary, while there is pending (a) an indictment or information charging him or her in the United States with a crime punishable as a felony under Nebraska or federal law or (b) a recommendation to the Supreme Court by the Commission on Judicial Qualifications for his or her removal or retirement.

(4) In addition to the procedure set forth in subsections (1) and (2) of this section, on recommendation of the Commission on Judicial Qualifications or on its own motion, the Supreme Court (a) shall remove a Justice or Judge of the

Supreme Court or other judge from office when in any court in the United States such justice or judge pleads guilty or no contest to a crime punishable as a felony under Nebraska or federal law; and (b) may suspend a Justice or Judge of the Supreme Court or other judge from office without salary when in any court in the United States such justice or judge is found guilty of a crime punishable as a felony under Nebraska or federal law or of any other crime that involves moral turpitude. If his or her conviction is reversed, suspension shall terminate and he or she shall be paid his or her salary for the period of suspension. If he or she is suspended and his or her conviction becomes final, the Supreme Court shall remove him or her from office.

(5) All papers filed with and proceedings before the ~~commission~~ Commission on Judicial Qualifications or masters appointed by the Supreme Court pursuant to this section prior to a reprimand or formal open hearing shall be confidential. The filing of papers with and the testimony given before the commission or masters or the Supreme Court shall be deemed a privileged communication.

When the ~~Commission on Judicial Qualifications~~ commission determines that a reprimand or other disciplinary action is warranted, ~~whether it be a reprimand or otherwise, the Commission on Judicial Qualifications~~ the commission shall issue one or more short announcements confirming that a complaint has been filed, ; stating the subject and nature of the complaint, the disciplinary action recommended or reprimand issued, or the date of the hearing, ; clarifying the procedural aspects, ; and reciting the right of a judge to a fair hearing.

When the ~~Commission on Judicial Qualifications~~ commission determines that disciplinary action is not warranted, and the existence of any investigation or complaint has become publicly known, the judge against whom a complaint has been filed or investigation commenced may waive the confidentiality of papers and proceedings under this subsection.

The Supreme Court shall by rule provide for procedure under this section before the commission, the masters, and the Supreme Court.

(6) No Justice or Judge of the Supreme Court or other judge shall participate, as a member of the commission, ~~or~~ as a master, or as a member of the Supreme Court, in any proceedings involving his or her own reprimand, discipline, censure, suspension, removal, or retirement.".

Sec. 2. That the proposed amendment shall be submitted to the electors in the manner prescribed by the Constitution of Nebraska, Article XVI, section 1, with the following ballot language:

"A constitutional amendment to provide for disciplinary action against judges on the basis of an inadequate level of competence to perform the duties of the office of judge.

RESIGNATION

August 9, 1993

E. Benjamin Nelson, Governor
Executive Suite
State Capitol

Dear Governor Nelson:

The many talents given to me by God are inadequate to allow a full expression of my gratitude at having had the opportunity to represent Nebraska's Legislative District #17 in the State Unicameral.

Now, however, I must, and I hereby do, respectfully resign from further service in this deliberative body. My resignation from the Legislature, which I hereby tender to you, is effective at 11:00 a.m. on August 10, 1993.

Please know, Governor, that within me burns the yearning for a better fate for Nebraska. Despite my shortcomings, my goal has long been to make a contribution toward the attainment of this objective. And to this goal I remain committed.

Respectfully,
(Signed) Kurt A. Hohenstein

RESIGNATION

October 4, 1993

The Honorable Ben Nelson
Governor, State of Nebraska
State Capitol Building
Lincoln, NE 68509

Dear Governor Nelson:

Please accept this letter of resignation from my position as Lieutenant Governor of the State of Nebraska. It is indeed difficult for me to leave this position, but I do believe I can better serve the public in my new capacity as Director of the Department of Economic Development.

I want to thank the people of Nebraska for the opportunity to serve as Lieutenant Governor. My tenure provided rewarding and challenging experiences that will not be forgotten and have better prepared me to serve as Director of the Nebraska Department of Economic Development. One of the great benefits of serving as Lieutenant Governor is the opportunity to travel this great state and meet the thousands of decent, hard-working citizens that make Nebraska what it is - my home and a source of great pride.

As I embark on my new duties, I do so knowing that Nebraskans deserve no less than the best I can offer. I pledge that I will serve this state with the best interests of the citizens at heart. I look forward to building upon the relationships I have fostered over the last three years and moving this state forward. Economic development initiatives have always been, and remain, my passion. I truly believe that as Nebraskans we must continue in the spirit that has carried us this far - a spirit to seek the best and challenge the future so that those who follow have greater opportunities than we had. This is the hallmark of the people of Nebraska.

Again, Governor Nelson, I thank you for the opportunity to serve Nebraska in a capacity that I believe best uses the talents and resources I possess. I look forward to continuing our work together as we endeavor to make Nebraska stronger and better equipped to meet the challenges of the 21st century.

Sincerely,
(Signed) Maxine B. Moul

ATTORNEY GENERAL'S OPINIONS

Opinion No. I93024

June 25, 1993

Joanne M. Pepperl
Revisor of Statutes
Rm. 358, State Capitol
P.O. Box 94945
Lincoln, NE 68509

Dear Ms. Pepperl:

This letter is in response to your correspondence of June 10, 1993, in which you requested the opinion of this office as to how LB 541, 93rd Neb. Leg. 1993, should be shown in the "slip law." Specifically, you have referenced the Governor's "line-item veto" of certain intent language in section 16 of LB 541.

After researching this issue, we believe the Governor is not authorized to use his line item veto power to alter the language of a bill presented to him for approval by the Legislature. Any such changes are a nullity and should not appear in the slip law.

Discussion

The Governor is authorized to line item veto certain items of an appropriations bill by Neb. Const. Art. IV, sec. 15, which reads:

> Every bill passed by the Legislature, before it becomes a law, shall be presented to the Governor. If he approves, he shall sign it, and thereupon it shall become a law, but if he does not approve or reduces any item or items of appropriations, he shall return it with his objections to the Legislature, which shall enter the objections at

> large upon its journal, and proceed to reconsider the bill with the objections as a whole, or proceed to reconsider individually the item or items disapproved or reduced.

Acting under the apparent authority of Article IV, Section 15, the Governor altered LB 541, §16 by reducing the revolving fund in Program No. 18 of Agency No. 7 from $137,554 to $60,000 for both FY 1993-1994 and FY 1994-1995. The Governor also struck certain language stating that the Legislature's intent was to provide funding for the Office of Child and Family Policy and the Low Level Radioactive Waste Advisor position from the revolving fund. The reduction in funds and the stricken language appear to be separate parts of a single veto. The Governor indicated this in his veto message to the Legislature when he wrote:

> The veto I recommend in the Governor's budget is to ensure that permanent positions are not created in the Governor's office and will result in the current arrangement with the Department of Environmental Quality and Policy Research Office remaining as it. The intent language concerning the Office of Child and Family and the language dealing with the Low Level Radioactive Waste Advisor is also stricken in an effort to reflect my intent on these programs.

Governor Nelson's Veto Message, June 7, 1993, page 2.

Article IV, Section 15 does not appear to authorize the Governor to change the language of a bill presented to him for approval by the Legislature. Although Nebraska courts have not attempted to delineate the scope of this constitutional provision, such provisions are common in state constitutions and have generally been interpreted uniformly.

Interpreting such a provision in the Massachusetts Constitution, the Court in In re Opinion of the Justices, 2 N.E.2d 789, 294 Mass. 616 (1936) said, "The veto power conferred upon the Governor was designed to enable him to recommend the striking out or reduction of any item or part of an item." Id. at 790-91, 294 Mass. at 617. The justices also said,

> The fact that this section relates solely to appropriation bills, in conjunction with the word "reduce," indicates clearly that the expression "items or parts of items" refers to separable fiscal units. They are appropriations of sums of money. Power is conferred upon the Governor to reduce the sum of money appropriated, or disapprove the appropriation entirely. No power is conferred to change the terms of an appropriation except by reducing the amount thereof.

Id. at 790.

More recently in Florida House of Representatives v. Martinez, 555 So.2d 839 (Fla. 1990), the Florida court was faced with the question whether the Governor was authorized by their state Constitution to alter, by line item veto, the language of an appropriations bill and an accompanying portion of an appropriation. Governor Martinez of Florida attempted to veto proviso language authorizing the Attorney General to exceed the maximum pay grade for certain employee positions. No sum of money was identified in the proviso itself or

elsewhere in the act. Nevertheless, the Governor unilaterally assigned a value to the proviso and reduced the appropriation by that amount.

The court felt that allowing the Governor to veto proviso language that did not identify a sum of money at all, but merely specified that some unidentified portion of the line item shall or may be used for a particular purpose, would be robbing the Legislature of its authority. The court concluded, "Before the Governor may veto specific proviso language, the language on its face must create an identifiable integrated fund - an exact sum of money - that is allocated for a specific purpose." Id. at 844 (emphasis in the original).

Florida's Constitution is not identical to that of Nebraska. However, since Nebraska's Constitution permits only the veto or reduction of items of appropriation, Governor Nelson's attempted veto of the intent language in LB 541, §16 is analogous to those of Governor Martinez. Governor Nelson unilaterally assigned a value to the Office of Child and Family Policy and the Low Level Radioactive Waste Advisor position. He then struck the language dealing with these positions and reduced the total appropriation by the amount he assigned as their value. We believe a Nebraska court would reach a similar result as the Florida court concerning the scope of the Governor's line item veto power, and conclude Governor Nelson's veto is unauthorized by Article IV, Section 15.

When a Governor attempts a line item veto which is unauthorized by his or her state's constitution, the courts again reach a uniform result. In In re Opinion of the Justices, the court reasoned that an unauthorized veto was a "nullity." 2 N.E.2d at 791, 294 Mass. at 617. The court in Green v. Rawles, 122 So.2d 10 (Fla. 1960), held that an unauthorized veto by the Governor was "ineffectual." Id. at 13. And in State ex rel. Carson v. Bond, 495 S.W.2d 385 (Mo. 1973), it was held that the unauthorized striking of language from a bill by the Governor was a nullity. Id. at 393. Thus, the Governor's line item veto of intent language in LB 541, §16 was not authorized and, as such, is ineffectual and a nullity.

Although the preceding analysis answers your question, it seems appropriate to tell the "rest of the story." Governor Nelson's attempted veto was not without some basis. Language in an appropriation bill may not alter existing methods of administrative control. Administrative direction must be included in a separate act. See 75-76 Op. Att'y Gen. 281; 75-76 Op. Att'y Gen. 283. This is likely why the Legislature phrased the language in question as "intent" language rather than as a directive. As such, the language is merely advisory and is of no legal effect. See 75-76 Op. Att'y Gen. 296. Thus, although the Governor may not strike intent language in an appropriations bill, such language is merely advisory and is not legally binding on the Governor.

Conclusion

Under Neb. Rev. Stat. § 49-702(4) (1988), the Revisor of Statutes must "prepare, arrange, and correlate for publication" the session laws enacted during each session of the Legislature. Any changes made by you as Revisor of Statutes cannot change the substantive meaning of

any statute as enacted by the Legislature. State v. Karel, 204 Neb. 573, 284 N.W.2d 12 (1979). Consequently, the slip law which you prepare must reflect the cumulative actions taken by the Legislature and by the Governor in the passage of each bill. In this instance, the attempted veto of intent language in LB 541 is ineffectual. Although the language in question is merely advisory, it should be included in the slip law.

Sincerely yours,
DON STENBERG

Opinion No. 93048

DATE: June 24, 1993

SUBJECT: Expenditure of Economic Development Funds for Salaries

REQUESTED BY: Senator George Coordsen

WRITTEN BY: Don Stenberg, Attorney General
Steve Grasz, Deputy Attorney General

You have requested the opinion of this office as to whether "the provisions of § 13-315 permit funds appropriated by a city or county to be expended for salaries of an economic development director employed by local economic development corporations." You have requested this opinion to determine whether amendments to the statute are necessary.

Nebraska law provides:

> The city commissioners or council of any city, the board of trustees of any village, and the county board of any county in the state shall have the power to appropriate or expend annually from the general funds or from revenue received from any proprietary functions of their respective political subdivision an amount not to exceed four-tenths of one percent of the taxable valuation of the city, village, or county for the purpose of encouraging immigration, new industries, and investment and to conduct and carry on a publicity campaign, including a publicity campaign conducted for the purpose of acquiring from any source a municipal electrical distribution system or exploiting and advertising the various agricultural, horticultural, manufacturing, commercial, and other resources, including utility services, of the city, village, or county. Such sum may be expended directly by the city, village, or county or may be paid to the chamber of commerce or other commercial organization

> or a similar county organization or multicounty organization or local development corporation to be expended for the purposes enumerated in this section under the direction of the board of directors of the organization. The total amount levied including the appropriation or expenditure made under this section shall not exceed the amount limited by law.

Neb. Rev. Stat. § 13-315 (Cum. Supp. 1992). The Nebraska Supreme Court has specifically upheld the constitutionality of the provisions found in § 13-315.

> {W}e find that the provision authorizing expenditures "for the purpose of encouraging immigration, new industries, and investment and to conduct and carry on a publicity campaign, including a publicity campaign conducted for the purpose of acquiring from any source a municipal electrical distribution system, exploiting and advertising the various agricultural, horticultural, manufacturing, commercial, and other resources, including utility services," is constitutional, including the provision for making such expenditures by and through chambers of commerce and the other organizations listed in the statutes.

Chase v. County of Douglas, 195 Neb. 838, 241 N.W.2d 334 (1976).

Thus, cities and counties are authorized to expend funds, within the specifications of § 13-315, for the purpose of (1) encouraging immigration, new industries, and investment and (2) to conduct and carry on a publicity campaign. The funds may be expended directly by the city or county of "may be paid to . . . {a} local development corporation to be expended for the purposes enumerated in this section. . . ." Therefore, we conclude the salary of an economic development director employed by a local economic development corporation may be funded pursuant to § 13-315 if such position is used for the purpose of encouraging immigration, new industries and investment or to conduct and carry on a publicity campaign.

This conclusion is supported not only by the broad language of the statute, but also by the legislative history of § 13-315. When counties were brought under the provisions of the statute in 1969, one witness who supported the addition of counties testified, "Under the one mill levy provision for our city, we have a $4 million assessed valuation; we could raise $4,000 and for $4,000 you can't hire a good man, full time or even half time to promote the economy of your town." Committee Records on LB 684, 80th Neb. Leg., p. 5 (Febr. 13, 1969) (Statement of Hugh Wilkin). This testimony, in the context of the hearing, indicates an intent on the part of the Legislature to authorize the very expenditures in question.

Sincerely yours,
DON STENBERG

Opinion No. 93052

DATE: June 28, 1993

SUBJECT: Whether a vehicle known as a fertilizer-floater spreader is properly classified as a "truck" or as an "implement of husbandry."

REQUESTED BY: Senator Rex Haberman
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
John E. Brown, Assistant Attorney General

You have asked whether a fertilizer-floater spreader is a truck as that term is defined by Neb. Rev. Stat. § 39-602(111) (1992 Cum. Supp.) or whether it is an "implement of farm husbandry." We believe that for purposes of motor vehicle registration, a fertilizer-floater spreader is an implement of husbandry. (See Opinion No. 190, January 8, 1980). We further believe that for purposes of the Rules of the Road, Chapter 39, Article 6, of the Nebraska Revised Statutes, a fertilizer-floater spreader is not a "truck" as that term is defined by Neb. Rev. Stat. § 39-602(111) (Cum. Supp. 1992). That statute provides as follows: "Truck shall mean any motor vehicle designed, used, or maintained primarily for the transportation of property." As we stated in our January 8, 1980, opinion, we do not feel that the primary design or use of a fertilizer-floater spreader is for the transportation of property.

We do not wish to imply, however, that a fertilizer-floater spreader is not required to adhere to the Nebraska Rules of the Road because it does not meet the definition of the term "truck." On the contrary, a fertilizer-floater spreader conforms to the definition of the term "vehicle" and accordingly, is required to adhere to limitations as to size and weight imposed on all vehicles traveling on Nebraska highways.

Your letter of April 27, 1993, to Senator Doug Kristensen regarding proposed legislation to clarify the powers of carrier enforcement officers has been provided to us in explanation of the purpose of your April 15, 1993, opinion request. In that letter you suggest that there may be some question as to whether a carrier enforcement officer could "check" a floater spreader because of the limited enforcement powers granted to carrier enforcement officers by Neb. Rev. Stat. § 60-1306 (1992) Cum. Supp.). Section 60-1306 provides:

> The carrier enforcement officers shall have the power (1) of peace officers solely for the purpose of enforcing the laws relating to the trip permits provided for in section 66-492 and the Interstate Motor Carriers Base State Fuel Tax Compact Act and the laws relating to the size, weight, load, and registration of buses, motor trucks, truck-tractors, semitrailers, trailers, and towed vehicles, (2)

when in uniform, to require the driver thereof to stop and exhibit his or her operator's license and registration issued for the vehicle and submit to an inspection of such vehicle, the plates, the registration thereon, and licenses and permits required under the motor fuel laws, and (3) to make arrests upon view and without warrant for any violation committed in their presence of the laws referred to in subdivisions (1) an (2) of this section and of sections 60-305.12, 60-1308, 60-1309, and 75-363 to 75-368.

Obviously, a fertilizer-floater spreader is not a bus, motor truck, truck-tractor, semitrailer, trailer or towed vehicle. If the grant of authority to carrier enforcement was limited to the grant of authority contained in § 60-1306 set out above, the authority of carrier enforcement officers to "check" floater spreaders would be in question. However, the authority of carrier enforcement officers has been expanded by other statutes. Neb. Rev. Stat. § 39-6,186 (1988) provides as follows:

> Any officer having reason to believe that the weight of a vehicle and load is unlawful is authorized to require the driver to stop and submit to a weighing of the same. When an officer upon weighing a vehicle and load as herein provided determines that the weight on any axle exceeds the lawful weight or when the weight on any group of two consecutive axles exceeds their lawful weight and in all cases when the weight is unlawful on any axle or group of consecutive axles on any road restricted in accordance with section 39-6,180, he or she may require the driver to stop the vehicle in a suitable place and remain standing until such portion of the load is removed as may be necessary to reduce the gross weight of such vehicle to such limit as permitted under section 39-6,180. All aterial so unloaded shall be cared for by the owner or driver of such vehicle at the risk of such owner or driver. Lawful weight as used in this section shall mean the maximum weight permitted by section 39-6,180.

DON STENBERG

Opinion No. 93061

DATE: July 30, 1993

SUBJECT: Applicability of 1993 Neb. Laws LB 364, § 12, to the Interstate Agricultural Grain Marketing Commission

REQUESTED BY: Senator Rex Haberman
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Jan E. Rempe, Assistant Attorney General

You have requested our opinion regarding whether Neb. Rev. Stat. § 66-1321.01 (1990), as renumbered by 1993 Neb. Laws LB 364, § 12, applies to the Interstate Agricultural Grain Marketing Commission (Commission). We conclude that this statutory language does not apply to the Commission.

The Commission was created by the Interstate Compact on Agricultural Grain Marketing (Compact) whose purpose is to protect and enhance the welfare of state citizens and local communities engaged in the production and sale of agricultural grains and the continued production of such grains in quantities necessary to feed the world's increasing population. Compact, art. I. The Commission's powers include conducting studies and investigations of agricultural grain marketing practices, procedures, and controls and recommending solutions to problems in the current agricultural grain marketing system. Compact, art. IV.

You have asked whether section 66-1321.01 applies to the Commission. Although the Nebraska Legislature recently amended this statute by deleting its designation as "66-1321.01," see 1993 Neb. Laws LB 364, § 12, the language of the statute has remained the same:

> Trade secrets, academic and scientific research work, and other proprietary or commercial information which may be filed with an application for a grant or loan or other financial assistance shall not be considered to be public records as defined in section 84-712.01 if the release of such trade secrets, work, or information would give advantage to business competitors and serve no public purpose. Any person seeking release of the trade secrets, work, or information as a public record shall demonstrate to the satisfaction of the board that the release would not violate this section.

1993 Neb. Laws LB 364, § 12.

Before the enactment of LB 364, this statute was part of the Ethanol Authority and Development Act (Act), which allowed cities, counties, and villages to apply for grants or loans from the Ethanol Authority and Development Board (Board) to facilitate construction, acquisition, or expansion of facilities related to ethanol production. Neb. Rev. Stat. § 66-1317 (1990). The Act required the Board to establish guidelines for such grant and loan applications. Neb. Rev. Stat. § 66-1319 (1990). Under the Act, section 66-1321.01 was just one of a series of provisions outlining this grant and loan procedure. See Neb. Rev. Stat. §§ 66-1317 to 66-1325 (1990 & Cum. Supp. 1992).

In LB 364, the 1993 Legislature renamed and revamped this Act, partly by repealing most of the above-referenced loan and grant provisions. 1993 Neb. Laws LB 364, § 26. LB 364 makes it clear that such grants and loans are no longer available under the newly-named

Ethanol Development Act, but that repayment of loans made under the prior version of the Act are to be credited to a certain fund. 1993 Neb. Laws LB 364, § 13. The new act also retains the language used in section 66-1321.01 (1990) to clarify that trade secrets, academic and scientific research, or other proprietary or commercial information filed with a prior grant or loan application related to ethanol development are not public records if such information would advantage business competitors and serve no public purpose. 1993 Neb. Laws LB 364, § 12.

Under both the Ethanol Authority and Development Act and the 1993 Ethanol Development Act it is clear that the information deemed not to be public under Nebraska's public records statutes consists only of those trade secrets, academic and scientific research, and other proprietary or commercial information which is filed with an application for a grant, loan, or other financial assistance to facilitate the construction, acquisition, or expansion of facilities related to ethanol production. § 66-1321.01 (1990); 1993 Neb. Laws LB 364, § 12. Such information, filed with the former Ethanol Authority and Development Board, has no apparent connection to information in the possession of the Interstate Agricultural Grain Marketing Commission.

CONCLUSION

Because the language of section 66-1321.01 and section 12 of LB 364 is limited to information filed with applications for ethanol-related financial assistance granted by the former Ethanol Authority and Development Board, such language does not apply to information now filed with the Interstate Agricultural Grain Marketing Commission.

Opinion No. 93073

DATE: September 7, 1993

SUBJECT: Whether members of the board of directors of a public power district can review information concerning registered bonds issued by the district in light of Neb. Rev. Stat. § 10-141 (1991).

REQUESTED BY: Senator Chris Beutler
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General

Dale A. Comer, Assistant Attorney General

In your opinion request letter, you state that, under Neb. Rev. Stat. § 10-141 (1991), records of registered bonds issued by a public power district in Nebraska may not be fully accessible to the district's board of directors, and you are apparently considering drafting some legislation which would repeal that statute. However, you also state that Neb. Rev. Stat. § 70-622 (1990) seems to allow district directors access to the records of registered bonds as a means of accountability, and you have, therefore, requested an opinion of this office to determine if repeal legislation for Section 10-141 is necessary. Specifically, you ask if a director of a public power district has access to information concerning registered bonds issued by the district under Section 70-622, and, in particular, you wish to know if that statute allows directors to see records pertaining to interest payments made to bond holders including the names of the bond holders and the amounts paid to them. We believe that directors of a public power district should be allowed to see the bond records in question, but not necessarily as a result of Section 70-622.

Section 10-141 is part of a group of statutes dealing with the fully registered bonds issued by various public entities which were enacted as a result of LB 421 passed by the Legislature in 1983. Section 10-141 provides:

> The records of ownership of fully registered bonds maintained by a registrar shall not be deemed to be public records and shall be available for inspection solely pursuant to a court order or a subpoena of any governmental agency having jurisdiction to issue such subpoena or in accordance with the bond ordinance governing the fully registered bonds.

On the other hand, Section 70-622, a part of the statutes dealing specifically with public power districts states, in pertinent part:

> The board of directors {of the power district} shall cause to be kept accurate minutes of their meetings and accurate records and books of account, conforming to approved methods of bookkeeping, clearly setting out and reflecting the entire operation, management, and business of the district. . . . Said books and records shall at reasonable business hours be open to public inspection.

Your opinion request goes to the effect of the latter statute upon the provisions of Section 10-141.

We do not believe that Section 70-622 can be read to require access to bond registration information for power district board members. First of all, Section 70-622 does not even deal with access to records by a power district board. Rather, it requires the members of such a board to keep adequate business records and to provide access to those records generally to the public. More importantly, special provisions of a statute in regard to a particular subject will prevail over general provisions in the same or other statutes so far as there is a conflict. Glockel v. State Farm Mut. Auto. Ins. Co., 219 Neb. 222, 361 N.W.2d 559 (1985). Section 70-622 generally provides that the business records

of a public power district should be open to the public, while Section 10-141 specifically prohibits public access to bond registration records including those of a public power district. It seems to us that the specific would control over the general in this instance, and that Section 70-622 cannot be used to authorize access to bond registration records by the members of a power district board. However, while Section 70-622 may not give power district board members access to bond registration information, other circumstances may.

The clear language of Section 10-141 provides that records of ownership of fully registered bonds shall not be public records, and this language along with the legislative history of LB 421 seems to indicate that the prohibition on release of bond registration information was directed at members of the general public who seek such information. For example, at the committee hearing on LB 421, the attorney who characterized himself as the "primary draftsman" of LB 421 testified concerning the purpose of the confidentiality provision pertaining to bond registration information:

> Well, from the standpoint of bond underwriters, that {disclosure of bond registration information} would be an immediate disclosure of their customer list because each bond, then, would be immediately registered with the bond register, the registration agent, and a competitor could go to the list, then, and immediately find out who that underwriter had sold the bonds to. Now, maybe we don't need to be concerned solely about the business of the underwriters; the other thing is that I'm sure that investors -- when you buy the paper, you know, this is your private ownership. Now, the fact that your ownership might be available for public inspection, for, somebody to go in and simply publish a list of who owned all the bonds of City A, will put kind of a damper on the willingness of a lot of investors to buy the bonds of that city.

Committee Records on LB 78, 88th Neb. Leg., 1st Sess. 9-10 (January 31, 1983).

While bond registration records are, therefore, not public records available to citizens in general under the public records statutes, members of the board of directors of a public power district occupy a different position concerning their district than do members of the general public. Under Neb. Rev. Stat. § 70-619 (Cum. Supp. 1992) the corporate powers of a public power district are vested in and exercised by the board of directors of that district. As a result, the directors of the power district are the public officers in charge of the district. A public officer is the legal custodian of all papers, books and records pertaining to his or her office, and is responsible for their safekeeping and protection. 76 C.J.S. Records § 34. On this basis, we believe that it may be argued that the directors of a public power district are actually the legal custodians of the bond registration records for the district. In effect, those registration records are the directors' records. Therefore, the directors of the power district have the right to view those records as a part of their duties associated with the governance of the district, and they do not simply stand with members of the general

public with respect to viewing bond registration records in the hands of the bond registrar.

While the analysis set out above appears to us to be the better analysis with regard to your question, we must point out that other arguments might be made supporting the notion that the current statutes do deny public power district directors access to bond registration information. Therefore, as is the case with most opinion requests concerning the necessity for clarifying or repeal legislation, if you wish to make it entirely clear that the district directors in question should have access to bond registration information, we suggest that clarifying or repeal legislation might indeed be appropriate.

Sincerely yours,
DON STENBERG

Opinion No. 93076

DATE: September 24, 1993

SUBJECT: Necessity of Legislative Approval of Appointee to Office of Lieutenant Governor

REQUESTED BY: Senator LaVon Crosby

WRITTEN BY: Don Stenberg, Attorney General
Steve Grasz, Deputy Attorney General

In order to determine whether clarifying legislation is necessary, you have requested the opinion of the Attorney General as to whether an appointment by the Governor to fill a vacancy in the office of Lieutenant Governor requires approval by the Legislature under Article IV, §§ 10, 11 of the Nebraska Constitution.

The recent announcement of the resignation of Nebraska's Lieutenant Governor has presented the question of how a new Lieutenant Governor is appointed. Prior to a 1980 constitutional amendment, the Governor did not have authority to fill a vacancy in the office of Lieutenant Governor under Article IV, § 11. See 1979 Rep. Att'y Gen. 7, 8 (Op. No. 5, 1-15-79). Since 1980, the Governor has clearly had such appointment power.[1] However, the question of whether legislative approval of the Governor's appointee is required has never been addressed.

The Nebraska Constitution contains three sections on appointments and vacancies:

> Sec. 10. The Governor shall appoint with the approval of a majority of the Legislature, all persons whose offices are established by the Constitution, or which may be created by law, and whose appointment or election is not otherwise by law or herein provided for; and no such person shall be appointed or elected by the Legislature. . . . (Amended, 1972).
>
> Sec. 11. If any elected state office created by this Constitution, except offices provided for in Article V of this Constitution, shall be vacated by death, resignation or otherwise, it shall be the duty of the Governor to fill that office by appointment, and the appointee shall hold the office until his successor shall be elected and qualified in such manner as may be provided by law. (Amended, 1962, 1972, 1980).
>
> Sec. 12. If any nonelective state office, except offices provided for in Article V of this Constitution, shall be vacated by death, resignation or otherwise, it shall be the duty of the Governor to fill that office by appointment. If the Legislature is in session, such appointment shall be subject to the approval of a majority of the members of the Legislature. If the Legislature is not in session, the Governor shall make a temporary appointment until the next session of the Legislature, at which time a majority of the members of the Legislature shall have the right to approve or disapprove the appointment.

Neb. Const. Art. IV, §§ 10, 11, 12 (emphasis added).

Rules of Construction for Constitutional Provisions

In order to determine whether legislative approval of an appointee to the office of Lieutenant Governor is required, it is necessary to examine the above relevant language of the Constitution in light of the rules for construing constitutional provisions.

First of all, constitutional provisions are not open to construction as a matter of course. In re Applications A-16027 et al., 242 Neb. 315, 328, 495 N.W.2d 23 (1993), modified, 242 Neb. 419, 499 N.W.2d 548. "Construction of a constitutional clause is appropriate only when it has been demonstrated that its meaning is not clear and that construction is necessary." Id. Accord State ex rel. Spire v. Conway, 238 Neb. 766, 775, 472 N.W.2d 403 (1991).

When a constitutional provision is ambiguous, constitutional interpretation is necessary. In such cases, it is appropriate to search for intent. " 'Effect must be given to the intent of the framers of the organic law and of the people adopting it. This is the polestar in the construction of constitutions." In re Application A-16027 et al., 242 Neb. at 329 (quoting State ex rel. Western Tech. Com. Col. Area v. Tallon, 196 Neb. 603, 606, 244 N.W.2d 183, 186 (1976)).

When a constitutional amendment is adopted as the result of an initiative petition effort, intent must be ascertained only from the language of the amendment.

> {T}his jurisdiction is committed to the rule that the intent of the voters in adopting an initiative amendment to the Nebraska Constitution must be determined by the words of the amendment

itself, because there is no meaningful way to determine the motivations for submitting the initiative to the electorate or to determine the intent of those voting for its enactment.

State ex rel. Spire v. Public Emp. Ret. Bd., 226 Neb. 176, 183, 410 N.W.2d 463 (1987). However, when a constitutional amendment is proposed by the legislature, it is appropriate, when determining intent, to examine the legislative history of the resolution which placed the measure on the ballot. As the Nebraska Supreme Court has stated, "It is permissible to consider the facts of history in determining the meaning of language in the Constitution." State ex rel. State Railway Commission v. Ramsey, 151 Neb. 333, 341, 37 N.W.2d 502 (1949). "It is also appropriate and helpful to consider. . . the objects sought to be accomplished. . . ." Id.

The Nebraska Supreme Court has often examined the records of constitutional conventions to help determine intent. See, e.g., In re Applications A-16027 et al., 242 Neb. at 329. When an amendment is proposed by the legislature rather than by a constitutional convention, evidence of intent may be gathered from the legislative history. As the Nebraska Supreme Court held ninety years ago, "The legislature, in proposing an amendment to the constitution, acts in a capacity in strict analogy to that of a constitutional convention." Weston v. Ryan, 70 Neb. 211, 221, 97 N.W. 347 (1903). See Cummings v. Mickelson, 495 N.W.2d 493, 498-499 (S.D. 1993) ("In the case of constitutional amendments, the legislative history and historical background can also be of assistance should there be an ambiguity in the constitutional language which requires interpretation by principles of construction."); Washington Economic Dev. Fin. Auth. v. Grimm, 837 P.2d 606, 609 (Wash. 1992) ("To interpret a constitutional amendment, we examine the legislative history. . . .").

Analysis of Article IV, §§ 10, 11

Applying the foregoing rules of constitutional interpretation, we first look to the language of the constitution to determine whether the provision is clear on its face, or whether an ambiguity exists which requires construction.

When Article IV, sections 10, 11 and 12 are read together in context, it becomes clear that Article IV, § 10 applies only to initial appointments by the Governor of officials whose appointment or election is not otherwise provided for. Article IV, § 11 applies only to vacancies in elected state offices. Article IV, § 12 applies only to vacancies in nonelective state offices. Consequently, a vacancy in the office of the Lieutenant Governor is governed by Article IV, § 11. Section 10 is wholly inapplicable. Section 11 provides, "If any elected state office created by this Constitution . . . shall be vacated by . . . resignation . . . it shall be the duty of the Governor to fill that office by appointment. . . ." Unlike the adjacent sections 10 and 12, section 11 contains no requirement of legislative approval. It provides for appointment by the Governor without reference to legislative approval.

We conclude, therefore, Article IV, § 11 is not ambiguous on its face and would not be considered open to construction by a court.

"Courts must apply and must enforce the Constitution as it is written." State ex rel. Spire v. Public Emp. Ret. Bd., 226 Neb. at 178. A court would not likely even consider the legislative history of this provision. "{E}xtrinsic evidence which attempts to establish legislative intent, can be used only in the case of an . . . amendment to a constitution which is ambiguous on its face. On the other hand, when a statute or amendment to a constitution is clear, then no extrinsic evidence may be admitted as to legislative intent." Whitcomb v. Young, 279 N.E.2d 566, 574 (Ind. 1972).

We believe our conclusion is also supported by a previous decision of the Nebraska Supreme Court, Swanson v. State, 132 Neb. 82, 93-95, 271 N.W. 264 (1937). In Swanson, an action was brought to determine the legal status of the office of commissioner of public lands and buildings after adoption of a constitutional amendment.

> A careful examination of the amendment thus submitted and adopted discloses that what was actually done and accomplished was so clear and certain as to preclude construction, so far as the question here presented for consideration is concerned. It effected the deletion of the words "commissioner of public lands and buildings" from section 1, art. IV of the state Constitution, as theretofore existing. The new section 1, art. IV, created by this amendment, upon its adoption became a new, complete section of the Constitution, as much as if originally incorporated in the Constitution, and is to be construed accordingly. If possible, it must be harmonized with all the other provisions of the Constitution. 1 Cooley, Constitutional Limitations (8th ed.) 129, The well-recognized rule applicable is that effect must be given, if possible, to the whole instrument and to every section and clause, in the light of the historical development of the principle involved and contained therein. The Constitution as amended must be construed as a whole.

Swanson v. State, 132 Neb. at 93-94.

> So, also, it is a well-recognized canon of construction that, "when general and special provisions of a Constitution are in conflict, the special provisions should be given effect to the extent of their scope, leaving the general provisions to control in cases where the special provisions do not apply." 12 C.J. 709.
>
> It must also be remembered that, while it is the duty of the courts to ascertain and carry into effect the intent and purpose of the framers of a Constitution, or of an amendment thereto, duly adopted, this intent must be that which they have embodied in the instrument itself.

Id. at 94-95 (emphasis added).

> The adopted amendment is in the exact language of the original section except that the name "commissioner of public lands and buildings" is left out. We are of the opinion that these facts indicate a clear intent to eliminate the commissioner of public lands and buildings as a constitutional executive officer of this state.

Id. at 95-96. As with Article IV, § 11, the provision in question in Swanson had been amended by simply deleting reference to a particular constitutional office. Also, as in Swanson, the more specific provision for vacancies in elected offices (Art. IV, § 11) controls over the general provision for initial appointments (Art. IV, § 10).

Thus, we conclude the appointment of a new Lieutenant Governor upon the resignation of the person elected to such office is governed by Article IV, § 11 of the Nebraska Constitution. Under this provision, it is the duty of the Governor to fill that office by appointment, and no legislative approval is required.

Alternative Analysis of Article IV, § 11

Although we believe Article IV, § 11 would be found by a court to be clear on its face and not subject to interpretation, we are mindful of the historic significance of the question you have presented and also of the fact that legislative history does exist which is contrary to our conclusion that no legislative approval is required. Consequently, we will set forth an alternative analysis of Article IV, § 11 under the assumption the provision is ambiguous and would be subject to construction, including an examination of its legislative history.

Article IV, § 11 provides for the filling of vacant state elective offices by the Governor. It is silent as to whether legislative confirmation is required. The current version of Article IV, § 11 is the result of an amendment to the Nebraska Constitution adopted at the 1980 primary by a vote of 203,135 to 114,254. The amendment was placed on the ballot by Legislative Resolution 5, as adopted by the Nebraska Legislature.

> "Sec. 11. If any elected state office created by this Constitution, except offices provided for in Article 7 of this Constitution, ~~or the office of Lieutenant Governor,~~ shall be vacated by death, resignation or otherwise, it shall be the duty of the Governor to fill that office by appointment, and the appointee shall hold the office until his successor shall be elected and qualified in such manner as may be provided by law."

1979 Neb. Laws LR 5, § 1. Section 2 of LR 5 described the amendment as a "Constitutional amendment to allow the Governor to fill a vacancy in the office of the Lieutenant Governor." It said nothing about legislative approval.

An Attorney General's Opinion to Nebraska State Senator Murphy prior to adoption of LR 5 concluded the effect of amending the old Section 11 by striking the words "or the office of Lieutenant Governor," would be to "authorize the Governor to fill the Office of Lieutenant Governor by appointment should a vacancy occur." 1979-80 Rep. Att'y Gen. 7, 8 (Op. No. 5, dated 1-15-79). The opinion said nothing about approval of the appointment by the Legislature.

During legislative floor debate on LR 5, the subject of legislative confirmation of an appointed Lieutenant Governor was discussed several times.

SENATOR RUMERY: Would we follow the same procedure here as we do now and that is the Legislature would approve the appointment to Lieutenant Governor?

SENATOR MURPHY: The Governor makes his appointments with the advice and consent of the Legislature, Senator Rumery, and quite honestly I don't want to give you a positive answer on that because I am not certain. I believe what you are saying is true but subject to correction.

. . .

SENATOR MARSH: Thank you, Mr. Speaker. I would think that it is not necessary to be in compliance with the Legislature. When a Senator resigns or dies the appointment is made by the Governor and is not subject to a legislative okay. Therefore, I would assume this would be as are other appointments to elective positions and I would assume the Legislature does not interject itself in that proceeding.

SENATOR LEWIS: Senator Fowler.

SENATOR FOWLER: Senator Murphy, where is the copy on this constitutional amendment?

SENATOR MURPHY: I beg your pardon.

SENATOR FOWLER: Where is the copy of the resolution?

SENATOR MURPHY: The first page of book one, Senator. And in answer to Senator Rumery, in checking that particular section of the Constitution, Senator, I find that the advice and consent is not expressed in that section so I would assume he could do it without the advice and consent of the Legislature.

Floor Debate on LR 5, 86th Neb. Leg., 1st Sess. 1676-1697 (March 19, 1979).

SENATOR NEWELL: . . . One of the questions that I have is as I asked you earlier, does this allow, this constitutional amendment allow for the Legislature to approve the appointment of the Governor?

SENATOR MURPHY: Senator Rumery led me through that on General File, Senator Newell, and this section, section 11, does not indicate that, however, section 10 of article 4, does explicitly say that the Governor shall appoint to fill constitutional offices which this would be and that he does that only with the approval of the Legislature, so the Legislature under article 10, or under section 10

of article 4, rather than 11, but under 10, we very definitely would have the authority to approve or disapprove.

SENATOR NEWELL: Okay, now that is . . . The reason I ask this question is simply this. I wanted some legislative intent and I wanted to make sure that we have that kind of legislative intent. With that, I would, since I have these great assurances, right, Senator Murphy. One more time, just say yes.

SENATOR MURPHY: Yes.

Floor Debate on LR 5, 86th Neb. Leg., 1st Sess. 3296 (April 11, 1979).

Thus, the sponsor of LR 5 initially stated, "I find that the advice and consent is not expressed in that section {Art. IV, § 11} so I would assume he could do it without the advice and consent of the Legislature." Then, before final passage of the resolution, he stated that the Legislature would have "authority to approve or disapprove" of the appointment.

An examination of the dialogue reveals the Senator's final conclusion was based on the language of Article IV, § 10 and not Article IV, § 11. As discussed previously, section 10 does not apply to vacancies, but rather to initial appointments. Thus, the premise of the Senator's statement was incorrect.

With the adoption of the 1980 amendment, the vacancy provision must be viewed in the context of article IV, § 11 in its entirety. "When an amendment to the constitution is legally adopted, it becomes a part of that instrument, and its application to subsequent transactions must be considered precisely as though it had been originally adopted as a part thereof in its amended form." Sorensen v. Swanson, 181 Neb. 205, 212, 147 N.W.2d 620 (1967) (quoting State ex rel. Mortensen v. Furse, 89 Neb. 652, 131 N.W. 1030 (1911)). In other words, intent is to be determined not only from the legislative history, but from the language actually adopted. "While a practical interpretation of the constitution by the legislature will not be lightly disregarded in doubtful cases, yet, when the language of the constitution is free from ambiguity, an interpretation thereof by the legislative department cannot be invoked to nullify the fundamental law." State ex rel. Platte County v. Sheldon, 79 Neb. 455, 462, 113 N.W. 208 (1907) (quoting State v. Cornell, 60 Neb. 276, 83 N.W. 72 (1900)). "In construing a constitutional amendment to ascertain intent of the people in adopting it, courts must find such intent in the language of the amendment itself and must not hold that the people intended anything different than the language employed imports." Sorensen v. Swanson, 181 Neb. at 212-213.

Furthermore, extrinsic evidence beyond the Legislative history also clearly supports the conclusion that legislative approval is not required. The ballot language used for the 1980 amendment stated, "A vote FOR this proposal will allow the Governor to fill by appointment a vacancy

occurring in the office of the Lieutenant Governor the same as he is now authorized to do in case of a vacancy in any other elected state office. . . ." (Emphasis added). Thus, it is essential to view the language of Article IV, § 11 as it existed prior to 1980.

A review of the earlier history of Article IV, § 11 reveals additional evidence to support the conclusion that Article IV, § 10 applies only to initial appointments, while § 11 applies to vacancies. Prior to enactment of the 1980 amendment, the existing version of Article IV, §§ 10 and 11 was the result of a 1972 amendment which was intended to "rearrange and clarify the sections on appointment, removal and filling vacancies." Report of the Nebraska Constitutional Revision Commission, pp. 35, 39-40 (1971). The Minutes of the Nebraska Constitutional Revision Commission reveal that "new Section 10 . . . refers to appointment . . . of all persons other than those filling vacancies of elected officials. Then when you go to Section 11 that is for the elected officers for which there is a vacancy. Then you go to Section 12 and that is for non-elected officers to fill a vacancy." Id. at 1630.

Thus, it is clear that only section 11 applies to the current situation, notwithstanding the comments made during legislative floor debate in 1979. Significantly, no mention of legislative approval under Article IV, § 11 was mentioned by the 1971 Constitutional Revision Commission. "I think Section 11 proposal is fairly clear. It's talking about elected officers and filling vacancies." "If any elected office . . . shall be vacated . . . it shall be the duty of the Governor to fill that office by appointment." Id. at 1633. The omission of any requirement of legislative approval can hardly be said to be accidental in light of the express inclusion of such a requirement in sections 10 and 12 which were revised simultaneously. The provision in question applies not only to the Lieutenant Governor, but also to vacancies in other state offices. History reveals that appointments to the offices of State Treasurer and Attorney General, both since 1980, were not approved by the legislature.

Many constitutional provisions have parallel statutory provisions. In this case, Neb. Rev. Stat. § 32-1040 provides that "vacancies in office shall be filled in the following manner: "In state . . . offices . . . when no other method is especially provided, by the Governor. . . ." No legislative approval is required by the statute. See also 1949-50 Rep. Att'y Gen. 39-40 (1-10-49) (there is no requirement that the appointment to fill a vacancy in the membership of the Legislature be confirmed by the Legislature).

In conclusion, even when the legislative history and other extrinsic evidence are examined, our conclusion remains that Article IV, § 11 authorizes the Governor to appoint a new Lieutenant Governor upon the resignation of the person elected to such office, and no legislative approval is required.

Legislative Implications

Your opinion request was made in the context of possible legislative action. In that regard, we would note that an amendment to Article IV,

§ 11 either expressly requiring or not requiring legislative approval of vacancy appointees would certainly prevent any future confusion. Also, Article IV, § 11 provides that the person appointed shall hold the office until his successor shall be elected and qualified in such manner as may be provided by law. This provision would permit legislation to establish a special election prior to the completion of the term of an appointed elective state officer. See, i.e., Neb. Rev. Stat. § 32-1042 which provides for an election to fill a portion of an unexpired legislative term after the appointment by the Governor in certain circumstances. Any such legislation would, of course, have to comply with any other relevant constitutional provisions.

Finally, we note that if legal certainty beyond this opinion is desired by the new Lieutenant Governor, she may seek a judicial determination pursuant to Neb. Rev. Stat. §§ 84-718, 719 (1987). Such actions are authorized "whenever an issue arises involving the status . . . of an elective constitutional state officer. . . ." A hearing before the Nebraska Supreme Court is required to be set within ten days from the filing of the petition.

[1]Some confusion regarding the current situation is undoubtedly due to the fact the current version of Article IV, § 11 does not, for some unknown reason, appear in the 1989 Reissue of the Nebraska Revised Statutes. Normal research procedures reveal only the 1972 version. Likewise, the current Shepards does not note the 1980 amendment. One must look to the 1992 Cumulative Supplement of the Nebraska Revised Statutes to find the version which has been the law for thirteen years.

Steve Grasz, Deputy Attorney General

In the context of the necessity for additional legislation, you have requested an opinion of the Attorney General regarding the ability of the Nebraska School Accountability Commission, under current law, to consider legislative intent in developing curriculum frameworks and standards for Nebraska public schools.

The Nebraska School Accountability Commission (the "Commission") was created in April of 1992. Neb. Rev. Stat. § 79-4,235 (Cum.Supp. 1992). The duties of the Commission are set forth in §§ 79-4,236 and 79-4,237.

> (1) Phase I of the development of the accountability system shall begin September 1, 1992, and end September 1, 1994. The Nebraska School Accountability Commission shall develop broad curriculum frameworks and standards for learner outcomes which shall be based upon the frameworks, standards, and assessments determined by the School Restructuring Commission, including the curriculum areas listed in section 79-4,237. It is the intent of the Legislature that local school boards retain responsibility for the content of the instructional programs within the broad curriculum frameworks.
>
> (2) Phase II shall begin May 1, 1993, and end on May 1, 1996. Phase II shall provide for the development of a reliable, accurate, and educationally sound system of assessing student progress towards achieving the standards for learner outcomes determined pursuant to subsection (1) of this section.

Neb. Rev. Stat. § 79-4,236 (Cum.Supp. 1992).

> The Nebraska Schools Accountability Commission and the State Department of Education may work with other states or a multistate consortium to develop a system of authentic assessment of learner outcomes in mathematics, science, reading, language arts, and social studies. The department shall provide staff support to the commission in all phases. The commission shall also be charged with the development of the accountability system and shall report the progress of such development to the Legislature and the State Board of Education on an annual basis.

Neb. Rev. Stat. § 79-4,237 (Cum.Supp. 1992).

The key statutory language for purposes of your question is the Commission's duty, under Neb. Rev. Stat. § 79-4,236, to "develop broad curriculum frameworks and standards for learner outcomes which shall be based upon the frameworks, standards, and assessments determined by the School Restructuring Commission, including the curriculum areas listed in section 79-4,237." (Emphasis added). The phrase "learner outcomes" or "outcomes" is used eight times in sections 79-4,234 to 79-4,240 (the statutes pertaining to the Commission). However, nowhere in these statutes, or anywhere else in Nebraska law, is the phrase "learner outcomes" defined.

Our analysis of this provision must begin with a review of the rules of statutory construction under Nebraska law.

> A statute is not to be read as if open to construction as a matter of course. Where the words of a statute are plain, direct, and unambiguous, no interpretation is needed to ascertain the meaning. In the absence of anything to indicate the contrary, words must be given their ordinary meaning. It is not within the province of a court to read a meaning into a statute that is not warranted by the legislative language. Neither is it within the province of a court to read anything plain, direct and unambiguous out of a statute.

Gillam v. Firestone Tire & Rubber Co., 241 Neb. 414, 418, 489 N.W.2d 289, 292 (1992). See also County of Douglas v. Board of Regents, 210 Neb. 573, 577-78, 316 N.W.2d 62, 65 (1982).

However, when a statute is ambiguous, and therefore open to construction, legislative intent must be determined. See Iske v. Papio Natural Resources Dist., 218 Neb. 39, 352 N.W.2d 172 (1984). Legislative history may be examined to determine this intent. Pump and Pantry, Inc. v. City of Grand Island, 233 Neb. 191, 444 N.W.2d 312 (1989).

Here, the phrase "learner outcomes" is of uncertain meaning, and therefore, ambiguous. The ordinary meaning of the word "outcome" ("something that follows as a result or consequence") is not clearly applicable in the context of § 79-4,236. Rather, sections 79-4,234 to 79-4,240 seem to use the phrase "learner outcomes" in the context of professional jargon, as in the phrase "outcome based education." Thus, the term would not appear to be used in its ordinary sense, but rather in some technical sense which is subject to interpretation.

There can be no doubt the legislature clearly intended the curriculum frameworks and standards developed by the Commission were to have "absolutely nothing to do with psychological or psychiatric assessment," and they were not to be "values oriented."

During legislative floor debate, Senator Ron Withem stated, with respect to the bill which established the Commission and the Commission's duties:

> It establishes a group of citizens in the state who will determine what it is we want kids to learn and a way of assessing what those children learn. Secondly, it . . . has absolutely nothing to do with psychological or psychiatric evaluation. I know that was a concern that has been mentioned to you in some of the phone calls. Has absolutely nothing to do with psychological or psychiatric assessment. Again, there are people in the state that think the schools should not be dealing with students values, attitudes, personalities, should merely be dealing with factual information. Regardless of what your view is on that dichotomy of opinions, this bill has nothing to do with psychological assessment or . . . or psychiatric assessment. . . It's information for state policymakers, for local policymakers. How well do the kids in such and such an area in aggregate do in math? How well do they do in communication skills? How well do they do in history? It is not a values oriented. . . This bill has absolutely nothing to do with that. Nor does this bill establish a state curriculum. It's very clear, it's very clear that the

> intent of this bill is simply to say what skills we want young people to have when they come out of school in academic areas, and to develop methodologies of assessing whether our kids, in the aggregate, have those skills.

Floor Debate on LB 245, 92nd Neb. Leg., 2nd Sess., April 9, 1992 (Statement by Senator Withem).

This legislative history is so clear that it could not be disregarded by the Commission in determining its duties under § 79-4,236 even if the phrase "learner outcomes" was not ambiguous. A general rule of statutory construction is that one should not adhere to the ambiguity rule when it is obvious that the result reached would clearly distort the legislative purposes. Sutherland Stat. Const. § 48.01 at p. 302 (5th Ed.). Guidance in interpreting statutory meaning can also be found in National R.R. Passenger Corporation v. National Association of R.R. Passengers, 414, U.S. 453, 94 S.Ct. 690 (1974), in which the United States Supreme Court determined that "even the most basic general principles of statutory construction must yield to clear contrary evidence of legislative intent." (Citation omitted). 94 S.Ct. at 693.

Thus, we conclude the Commission's duties, pursuant to § 79-4,236, to "develop broad curriculum frameworks and standards for learner outcomes. . ." may, and should, be determined with reference to the legislative history of LB 245, Neb. Laws 1992. The legislature, in unequivocal terms, stated its intent that the broad curriculum frameworks and standards for "learner outcomes" to be developed by the Commission not be values oriented or deal with psychological or psychiatric assessment. Section 79-4,237 mentions assessment of "learner outcomes" only in the academic areas of "mathematics, science, reading, language arts, and social studies." Likewise, the legislative history of LB 245 states, "It's very clear, it's very clear that the intent of this bill is simply to say what skills we want young people to have when they come out of school in academic areas, and to develop methodologies of assessing whether our kids, in the aggregate, have those skills." Floor Debate on LB 245, 92nd Neb. Leg., 2nd Sess., April 9, 1992 (Statement by Senator Withem) (emphasis added). Thus, "learner outcomes" which are values oriented or which relate to "attitudes" or which "nurture mental health" or relate to "believing in ones own effectiveness" or "taking pride in one's own accomplishments," etc. exceed the statutory authority of the Nebraska School Accountability Commission and may not be included in the work product of the Commission notwithstanding the actions of the School Restructuring Commission. The work of the Nebraska School Accountability Commission is strictly limited by statute to academic subjects such as mathematics, science, reading, language arts and social studies.

DON STENBERG

Opinion No. 93083

DATE: October 13, 1993

SUBJECT: Municipal Utility Billings

REQUESTED BY: Senator Floyd P. Vrtiska
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Linda L. Willard, Assistant Attorney General

You have asked several questions regarding charges by municipalities for utilities. Your first question is whether it is permissible under current statute for municipalities with combined utility ordinances to combine the fees charged for garbage hauling services with those charged for utilities such as water and/or electricity. We have found no current statutes that prohibit combining bills for utilities with garbage hauling services.

You next ask if it is permissible under current statute for municipalities with combined utility ordinances to disconnect a utility service for nonpayment of fees for services such as garbage hauling which are combined with that utility's billing. There are several statutes which currently exist that are addressed to the proper methods of notice and hearing when a utility seeks to disconnect services. None of these statutes specifically address the question which you have asked. However, in Garner v. City of Aurora, 149 Neb. 295, 30 N.W.2d 917 (1948), the Nebraska Supreme Court determined that a municipal public service could not attempt to collect a delinquent garbage disposal bill by shutting off the water supply of the patron. See also 64 Am. Jur. 2d Public Utilities § 18.

Your final question is whether garbage hauling is considered to be a "utility" under current statute the same as water and electricity. Nebraska statutes do not generally define utilities except as it relates to unclaimed property. Under the definition of utilities in the unclaimed property section, Neb. Rev. Stat. § 69-1301(h) (1990), garbage services would not be included as a utility. However, it has been included in the definition of utility in cases in several other states. In Southern Liquid Gas Company v. City of Dothan, 44 S.2d 744, 747, 253 Ala. 350 (1950), the court determined that an essential element of a "utility" is that it is both serving and is constituted to serve all inhabitants in the area who comply with reasonable conditions. In City of Wichita Falls v. Kemp Hotel Operating Company, 162 S.W.2d 150 (Tex. 1942), it was determined that the public service of ridding premises of waste and equipment used in connection therewith constituted a public

utility, and, therefore, the city's contract with an individual for removal and disposition of garbage was held to constitute a "public utility."

In summary, there is no prohibition under current statutes for municipalities with combined utility ordinances to combine the fees charged for garbage hauling services with those charged for utilities such as water and/or electricity. Additionally, under Nebraska case law, a municipality may not disconnect a utility service such as water or electricity for nonpayment of garbage hauling fees. Finally, Nebraska statutes do not currently define garbage services as a utility but case law from some states has included garbage service as a utility.

Opinion No. 93088

DATE: October 22, 1993

SUBJECT: Whether a vehicle with a commercial truck chassis that has been extensively modified at the factory for specific use as a "street sweeper" must be titled and registered in the State of Nebraska.

REQUESTED BY: Senator George Coordsen
District #32

WRITTEN BY: Don Stenberg, Attorney General
Paul N. Potadle, Assistant Attorney General

ANSWER: A vehicle with the commercial truck chassis that has been modified for specific use as a "street sweeper" is not subject to being titled and registered in the State of Nebraska.

Discussion:

Neb. Rev. Stat. §§ 60-102 through 60-117 provides the requirements for titling a vehicle in the State of Nebraska. Neb. Rev. Stat. § 60-102 (1992 Cum. Supp.) states that motor vehicle titling laws of the State of Nebraska shall not apply to,

> road and general-purpose construction maintenance equipment not designed or used primarily for the transportation of persons or property, including, but not limited to, ditch digging apparatus, well-boring apparatus, asphalt spreaders, bucket loaders, leveling

graders, earth moving carry-alls, power shovels, earth moving equipment, crawler trackers, back hose, bulldozers, and front end loaders. (Emphasis added).

If the commercial truck chassis carrying the street sweeping machine cannot be modified for any other use but a street sweeper, then the vehicle would fall within the exception provided in § 60-102 and would not be required to be titled in the State of Nebraska.

Whether or not a "street sweeper" would be exempt from motor vehicle registration has been addressed by this office in Attorney General Opinion No. 185 dated October 30, 1974. This office found that a vehicle commonly called a "street sweeper" which is used exclusively for the cleaning and maintenance of streets is exempt from motor vehicle registration. The provisions of the motor vehicle registration law provided in Chapter 60, Article 3 of the Nebraska Revised Statutes have changed since 1974, however, Attorney General Opinion, No. 185 holds true yet today. Neb. Rev. Stat. § 60-301(16)(g) (1992 Cum.Supp.) provides that a motor vehicle shall mean,

> Any vehicle propelled by any power or other muscular power except road and general-purpose construction and maintenance machinery not designed or used primarily in the transportation of persons or property, including, but not limited to, ditch digging apparatus, asphalt spreaders, bucket loaders, leveling graders, earth moving carry-alls, power shovels, earth moving equipment, crawler trackers, and self-propelled invalid chairs. (Emphasis added).

If the commercial truck chassis carrying the street sweeping machine cannot be modified for any other use but a street sweeper then the vehicle would appear to fall within the exception provided in § 60-301(16)(g) and would not be required to be a registered motor vehicle in the State of Nebraska.

OPINION No. 93090

SUBJECT: LB 203 - Effective Date of Change in Waste Reduction and Recycling Fee.

REQUESTED BY: Senator Thomas R. Horgan
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General

L. Jay Bartel, Assistant Attorney General

You have requested our opinion regarding the effective date of the change in the waste reduction and recycling fee under § 21 of 1993 Neb. Laws, LB 203. You indicate that, based on our response to your question, you may introduce amendatory or clarifying legislation.

In 1990, the Legislature enacted the Waste Reduction and Recycling Act. 1990 Neb. Laws, LB 163, §§ 1-7 (codified at Neb. Rev. Stat. §§ 81-15,159 to 81-15,165 (Cum. Supp. 1992)). Section 81-15,163 provided for the collection of an annual fee on businesses engaged in retail sales of tangible personal property. Businesses with retail sales of at lease thirty thousand dollars and not more than one hundred ninety-nine thousand dollars were required to pay a fee of twenty-five dollars; businesses with retail sales of more than one hundred ninety-nine thousand dollars were required to pay a fee of fifty dollars. Section 81-15,164 provided that these fees were "to be collected {by the Department of Revenue} in the same manner as the litter fee under the Nebraska Litter Reduction and Recycling Act, including provisions of the act relating to due dates, interest, penalties, and collection procedures." The Nebraska Litter Reduction and Recycling Act provides that the annual litter fee is "due on or before October 1 each year, based upon the gross proceeds {of manufacturers or retailers} for the immediately preceding July 1 to June 30 period." Neb. Rev. Stat. §§ 81-1559 and 81-1560.01 (1987).

Section 21 of LB 203 eliminates the fifty dollar fee previously contained in § 81-15,163, and imposes a flat annual fee of twenty-five dollars on all businesses with retail sales of tangible personal property of thirty thousand dollars or more. Section 24 of LB 203 provides that § 21 became "operative on July 1, 1993." Section 81-15,164(2), which provides for the collection of the waste reduction and recycling fee in the same manner as the litter fee, remains in effect. Section 22 of LB 203, which eliminates this provision, will not become operative until December 1, 1994, and then only if proceeds received from the litter fee exceed a specified amount. LB 203, § 24.

Section 21 of LB 203 did not become operative until July 1, 1993. The amount of the waste reduction and recycling fee for the annual period from July 1, 1992, to June 30, 1993, must therefore be determined under the statute in effect for this period, which, as noted, requires payment by retailers of either a twenty-five dollar or fifty dollar fee, depending upon the retailer's volume of retail sales. The fact that the fee is reported and paid in October, after the effective date of § 21 of LB 203, does not alter this conclusion, as liability for the fee is determined under the statute in effect at the end of the annual period for which the fee was imposed, which was prior to the operative date of the amendment. The flat fee of twenty-five dollars does not, under the plain terms of the legislation, go into effect until the next annual reporting period.

We have reviewed the legislative history of LB 203, and recognize that it contains statements indicating that the fifty dollar fee would be

eliminated effective July 1, 1993. E.g., Floor Debate on LB 203, 93rd Neb. Leg., 1st Sess. 4117, 4127-28 (April 29, 1993) (Statement of Sen. Beutler). While this could be construed as indicating a legislative intent to eliminate liability for payment of the fifty dollar fee for the annual period ending prior to the effective date of § 21 of bill, but not paid until after the effective date, the bill itself does not evince such an intent. Further, while legislative history may provide guidance in the construction of an ambiguous statute, "{i}t cannot ordinarily serve to 'import an intent into legislation devoid of language fit to express it.'" Norden Laboratories, Inc. v. County Bd. of Equal., 189 Neb. 437, 440, 203 N.W.2d 152 (1973). In this instance, we believe the language of the bill, and, in particular, the effective dates established by the Legislature, necessitates our conclusion that the fifty dollar fee is not eliminated for the annual period ending prior to the operative date of § 21 of the act.

Very truly yours,
DON STENBERG

OPINION No. 93091

DATE: October 22, 1993

SUBJECT: If an official of the executive branch of state government who, in the discharge of his or her official duties, is required to take action or make a decision that may cause financial benefit or detriment to a business with which he or she is associated and which is under contract with the same executive branch of state government, what actions are required.

REQUESTED BY: Senator Dan Lynch
Nebraska Legislature

WRITTEN BY: Don Stenberg, Attorney General
Harold Mosher, Senior Assistant Attorney General

You have provided this office with a rough draft of a proposed legislative bill which, if enacted into operative law, would adopt the Comprehensive Rehabilitation and Assistive Technology Act (hereinafter, the "Act"). We note that section 3 of the Act creates a Comprehensive and Assistive Technology Advisory Committee comprised of fifteen members to provide, in an advisory capacity, technical assistance and support to the Division of Rehabilitation

Services of the State Department of Education in the development and implementation of the Act.

Part (3) of section 3 of the Act provides that one of the members of the above described committee shall be:

> a director or administrator of a consumer controlled corporation qualifying under section 501(c)(3) of the Internal Revenue Code of 1986, as amended, which corporation has been in existence for at least five years, is an advocate for brain and head injured persons exclusively, and whose membership consists primarily of individuals with disabilities whose primary disability results from brain or head injuries,".

Part (3) of section 7 of the Act provides:

> The Division of Rehabilitation Services of the State Department of Education shall contract with a consumer-controlled private corporation qualifying under section 501(c)(3) of the Internal Revenue Code of 1986, as amended, that has been in existence for at least five years, which is exclusively an advocate for individuals with disabilities whose primary disability results from brain or head injuries, and whose membership consists primarily of such individuals to carry out the provisions of this section. (Emphasis added).

First, a bit of housekeeping. It appears that the language underscored above in part (3) of section 3 and part (3) of section 7 of the Act should be deleted or redrafted inasmuch as the language underscored is ambiguous when considered with the whole. For the purpose of this response, we assume the language underscored in the two sections will be deleted.

It is to be noted at the outset that the Division of Rehabilitation Services of the State Department of Education is a public body and its business must be conducted in compliance with the provisions of the Nebraska Public Meetings Law. Those provisions require open public meetings, advance public notice of the time and place of the meetings, and an agenda for the meetings. In addition, all contracts entered into by the Division of Rehabilitation Services of the State Department of Education must be kept on file in its office and are subject to public inspection pursuant to the provisions of Neb. Rev. Stat. §§ 84-712 and 84-712.01 (Reissue 1987).

It is also to be noted that a member of the Comprehensive and Assistive Technology Advisory Committee is an official of the executive branch of state government. Therefore, if in the discharge of his or her official duties the member is required to take any action or make any decision that may cause financial benefit or detriment to him or her or a business with which he or she is associated and which is under contract with the Division of Rehabilitation Services of the State Department of Education pursuant to part (3) of section 7 of the Act, which is distinguishable from the effects of such action on the public generally, or a broad segment of the public, the member must take action as described in Neb. Rev. Stat. § 49-1499 (Cum.Supp. 1992) as

soon as he or she is aware of such potential conflict, or should reasonably be aware of such potential conflict, whichever is sooner.

Respectfully submitted,

SUBJECT: Nebraska Statutes Pertaining to the Residency of Military Personnel Stationed Outside the State of Nebraska

REQUESTED BY: Senator Mike Avery
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Dale A. Comer, Assistant Attorney General

You have apparently been contacted by counsel for two married constituents who are in the United States Air Force and stationed in Germany. From your correspondence, we understand that those individuals are declared residents of Nebraska, and that they pay taxes in Nebraska, vote in Nebraska and have their driver's licenses issued by the State of Nebraska. Those individuals now wish to adopt a child born in June of 1993 to another member of the United States Air Force. They apparently have the necessary consents and other papers. However, a Sarpy County Judge will not allow the potential adoptive parents to file a Petition for Adoption in Sarpy County or to set a hearing date on the adoption because, in part, he questions the adoptive parents' residency in Nebraska. You state that you are concerned about the situation involving these individuals and other military personnel who may be Nebraska residents and who may have similar difficulties. Consequently, you requested our opinion on the following question: "{i}s it necessary to amend the current Nebraska statutes to define 'residency' for military personnel or do the statutes already address the residency status of military personnel while stationed outside the state of Nebraska?"

In your opinion request letter, you did not cite us to any particular portions of the Nebraska Statutes. As a result, we reviewed the statutes in general, and we found no Nebraska Statutes which directly address the matter referenced in your opinion request. There are some statutes which deal with the residency of military personnel in other contexts. For example, Neb. Rev. Stat. § 43-102.01 (1988) provides that, for

purposes of adoption, persons serving in the armed forces of the United States who have been continuously stationed at a military installation in Nebraska for a period of one year prior to filing a petition for adoption shall be considered residents of Nebraska and the county where the installation is located. In addition, Neb. Rev. Stat. § 32-1049 (1988), a part of the election statutes, provides that military personnel stationed in Nebraska shall not be deemed residents of Nebraska in consequence of being stationed here (presumably with respect to elections). However, we were able to find no statutes which specifically address the residency of military personnel while stationed outside of Nebraska, in the context of adoption or otherwise. Therefore, if you wish to remedy this situation by statute, we suggest that you consider introducing appropriate legislation.

For your further information, we would also note the following language in Willie v. Willie, 167 Neb. 449, 460, 93 N.W.2d 501, 508 (1958),

> The residence of a person in the military service of his country is in no way affected by such service. He does not abandon or lose the residence he had when he entered such service by being required to live at certain army posts in other states or countries.

REQUESTED BY: Senator Floyd P. Vrtiska, District No. 1

WRITTEN BY: Don Stenberg, Attorney General
Lisa D. Martin-Price, Assistant Attorney General

You have asked whether Neb. Rev. Stat. § 35-107 (1988), applies to Emergency Medical Technicians (EMTs) so long as they are volunteers. Our reading of this statute indicates that it would indeed include Emergency Medical Technicians as set forth more fully below.

Neb. Rev. Stat. § 35-107 provides in pertinent part:

> No member of a volunteer fire department or of a volunteer first-aid, rescue, or emergency squad which provides emergency public first-aid and rescue services shall be liable in any civil action to respond in damages as a result of his acts of commission or omission arising out of and in the course of his rendering in good faith any such services. . . .
>
> Nothing in the section shall be deemed to grant any such immunity to any person causing damage by his willful or wanton act of commission or omission.

After reviewing this statute, it is clear that Emergency Medical Technicians would be covered by the provisions of this statute, provided they are a member of a "volunteer first-aid, rescue, or emergency squad" providing "emergency public first-aid and rescue services," and provided they had not caused damages by "willful or wanton act of commission or omission."

While you have not mentioned it, in the event that it would have some bearing upon your question, we wanted to bring to your attention the provisions set forth in Neb. Rev. Stat. § 71-5111 (1990), which deal with the immunity from liability of certified Emergency Medical Technicians.

OPINION No. 93102

DATE: December 9, 1993

SUBJECT: Whether Retail Establishments Without Interstate Dealings are "Qualifying Businesses" Under the Local Option Municipal Economic Development Act, Neb. Rev. Stat. §§ 18-2701 to 18-2738 (1991 & 1993 Neb. Laws)

REQUESTED BY: Senator Jim D. Cudaback
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Jan E. Rempe, Assistant Attorney General

In order to avoid introducing unnecessary legislation, you have asked whether local retail establishments, "regardless of interstate commerce dealings or holdings," are qualifying businesses under the

Local Option Municipal Economic Development Act, Neb. Rev. Stat. §§ 18-2701 to 18-2738 (1991 & 1993 Neb. Laws) (Act). We interpret your question to mean whether local retail establishments which do not have interstate dealings or holdings are eligible for financial assistance under the Act.

Aimed at providing incentives for businesses to expand or locate in Nebraska municipalities, the Act authorizes financial assistance from local sources of revenue to qualifying businesses. §§ 18-2702, -2705, -2713. Qualifying businesses are defined as follows:

> Qualifying business shall mean any corporation, partnership, limited liability company, or sole proprietorship which derives it principal source of income from any of the following: The manufacture of articles of commerce; the conduct of research and development; the processing, storage, transport, or sale of goods or commodities which are sold or traded in interstate commerce; the sale of services in interstate commerce; headquarters facilities relating to eligible activities as listed in this section; telecommunications activities; or tourism-related activities. In cities with a population of two thousand five hundred inhabitants or less, a business shall be a qualifying business even though it derives its principal source of income from activities other than those set out in this section.
>
> . . . .
>
> A qualifying business need not be located within the territorial boundaries of the city from which it is or will be receiving financial assistance.

§ 18-2709 (quoted in relevant part).

> "A statute is not to be read as if open to construction as a matter of course. Where the words of a statute are plain, direct, and unambiguous, no interpretation is needed to ascertain the meaning. In the absence of anything to indicate the contrary, words must be given their ordinary meaning. It is not within the province of a court to read a meaning into a statute that is not warranted by the legislative language. Neither is it within the province of a court to read anything plain, direct and unambiguous out of a statute."

Gillam v. Firestone Tire & Rubber Co., 241 Neb. 414, 418, 489 N.W.2d 289, 292 (1992) (quoting County of Douglas v. Board of Regents, 210 Neb. 573, 577-78, 316 N.W.2d 62,65 (1982)). See also Weimer v. Amen, 235 Neb. 287, 295-96, 455 N.W.2d 145, 152 (1990).

The plain meaning of section 18-2709 indicates that local retail establishments which do not deal in interstate commerce would be qualifying businesses under the Act only if they were corporations, partnerships, limited liability companies, or sole proprietorships which derive their principal source of income from manufacturing articles of commerce, conducting research and development, performing telecommunications or tourism-related activities, or serving as the headquarters for facilities performing any of these activities. If the local retail establishment at issue operates in a city with a population of

2,500 or less, the establishment would be a qualifying business under the Act regardless of how it derives its principal source of income.

If you wish to include in the Act's definition of "qualifying business" more local retail establishments than those which derive their principal source of income from the above-listed activities, you should consider introducing legislation to that effect. Since meaning that is not warranted by legislative language will not be read into a statute, it is necessary to clarify section 18-2709 in this regard.

DON STENBERG

The Rules Committee offered the following proposed rules changes:

Amend Rule 2, Section 3(e) and (h) as follows:

(e) No one shall be permitted to be seated beside members of the Legislature except members of their immediate families upon permission from the chair. When bills are being read on Final Reading, no one other than members of the Legislature shall be permitted on the floor of the Legislature, except for employees of the Clerk of the Legislature's office or as provided in Section 3(h) of this rule.

(h) Members shall remain in their seats during the Final Reading of a bill and until the vote thereon has been announced, except when excused by the President. During discussion of amendments or motions offered pursuant to Rule 6, Section 8, officers and employees of the Legislature shall be permitted on the floor of the Legislature and members may move about the legislative environs subject to a quorum call request by any member pursuant to Rule 7, Section 5. For purposes of this rule, legislative environs shall mean the Legislative Chamber, the Senate Lounge, and the hallway connecting those areas.

Amend Rule 3, Section 2(b) to read:

(b) After the selection of the Appropriations Committee pursuant to Rule 3, Section 2(c), and immediately following chairmanship

and ~~the~~ Committee on Committees~~,~~ membership elections, the Committee shall meet and, by a majority vote of all its members, submit ~~shall recommend~~ to the Legislature a preliminary report of ~~for its approval~~ appointments to the remaining standing and select committees, each with the number of members as hereinafter set forth, unless otherwise provided for by rule or by statute. On the following day the Committee on Committees shall meet and, by a majority vote of all its members, submit to the Legislature a final report for its approval, appointments to the standing and select committees, each with a number of members as hereinafter set forth, unless otherwise provided for by rule or by statute. Once the final report is presented to the Legislature, no amendments shall be considered. If the Legislature, by majority of the elected members, fails to adopt the final report of the Committee on Committees, such report shall be returned to Committee for further action.

Amend Rule 7, Section 5(a) and (b), to read as follows:

Sec. 5. Call of the House. (a) A call of the house may be made by any member in the manner following: "I move for a call of the house." The presiding officer shall direct that the board be cleared and the members shall then vote on placing themselves under call. If a majority of the senators present and voting, vote in favor of such a motion, then the Legislature shall be deemed to be under call. Each member present shall indicate his or her presence upon the electric roll call system and shall remain in his or her seat during the call. After the Clerk shall note the names of the absentees, proceedings under the call may be suspended at any time by a majority vote of the members then present, and when so suspended shall not again be ordered on the proposition pending, except by a majority vote of the members elected.

(b) When a member is recognized to close on a motion and requests a call of the house, the time spent waiting for the members to record their presence shall be counted against the member's closing time.

Amend Rule 2, Section 1, to read as follows:

Section 1. Rules, Matters Not Covered. (a) These rules shall be adopted at the commencement of each regular session and, as amended from time to time, shall govern the Legislature for a period of one year. In all matters not covered herein, the Legislature shall decide as to the procedure to be followed, the same to require the concurrence of a majority of the elected members.

(b) In the absence of a controlling rule to cover a specific situation and in the absence of controlling custom, usage, and/or precedent, the presiding officer may utilize Mason's Manual of Legislative Procedure as authority.

Amend Rule 4, Section 5 as follows:

Sec. 5. Vote Required for Adoption. All resolutions shall be adopted, individually or in groups as determined by the Speaker, by an affirmative vote of a majority of the members present and voting except for those specified in Section 2; Provided, upon the request by any members prior to the commencement of the vote, a resolution shall require an affirmative vote of a majority of the elected members. Resolutions specified in Section 2 shall be considered and adopted in the same manner as bills.

Amend Rule 7, Section 7(c) by adding:

v Any motion to reconsider any action which requires a three-fifths or two-thirds vote shall require that same vote which is required for the main motion.

Amend Rule 6, Section 3(h) as follows:

(h) If, in the opinion of the Speaker, the bill is in such form that it should properly be referred back to committee for further action, he or she may by order direct the same; Provided, that a majority of the elected members may overrule the decision of the Speaker. Any motion to amend a bill or any motion to amend an amendment shall require a majority vote of the elected members ~~and any amendment to an amendment shall require a majority vote of the members voting. Any motion to amend an appropriation bill or a motion to amend an amendment to an appropriation bill shall require a majority vote of the elected members~~.

Amend Rule 7, Sec. 3(e), as follows:

(e) Any member may call for the division of a question, which shall be divided if it comprehends propositions in substance so distinct that, one being taken away, a substantive proposition shall remain for the decision of the Legislature. Once a division is ordered by the presiding officer, each component shall be treated as a separate and distinct proposition, and individual components shall not be amendable. Once a vote ~~or change~~ has occurred on any of the divisible questions, the remaining divided sections may not be withdrawn without a majority of those voting or without unanimous consent. A motion to strike out and insert shall be deemed indivisible, but a motion to strike out being lost, shall not preclude an amendment or a motion to strike out or insert. Such call for division shall not be allowed when considering motions under Rule 6, Section 6.

Amend Rule 7, Section 10, to read as follows:

Sec. 10. Cloture. At any stage of consideration the principal introducer of the bill under consideration, a cointroducer with the consent of the principal introducer, or the chairperson of the committee, if the bill is introduced by that committee, may move for a cloture to the presiding officer after eight hours of debate on the bill at that stage of consideration, except that the appropriation bills introduced by the Appropriations Committee shall be subject to a cloture motion after twelve hours of debate at that stage of consideration. The presiding officer shall immediately recognize such introducer or chairperson and shall then order debate on the pending amendment or motion to cease. A vote on ~~such~~ the pending amendment or motion shall be taken immediately. If the pending matter is an amendment to an amendment, following a vote on the amendment to the amendment, a vote shall then be taken on the original amendment. Following the vote on such pending matter, a vote on the cloture motion shall be taken. A two-thirds majority of the elected members shall be required for the cloture motion to be successful. A motion for cloture shall be in order except while a member is speaking, and a motion for cloture is not debatable. If the motion for cloture is successful, a vote on the advancement of the bill shall be taken, without debate, immediately following the vote on cloture.

Amend Rule 7, Section 3, subsection (a) to read as follows:

(a) A motion shall be either stated by the presiding officer or read by the Clerk before a vote is taken. All motions shall be submitted in writing if requested by the presiding officer or any senator.

Once motions are stated they may be withdrawn or modified by the mover before a decision, amendment, or ordering of a vote has been made. A motion to reconsider may be withdrawn only with unanimous consent or a majority vote of the elected members.

When a question is under debate, no motion shall be considered except one of the following, which motions shall take precedence in the order stated.

a. To recess
b. To adjourn
c. For cloture
d. To reconsider
e. For the previous question
f. To postpone to a time certain
g. To recommit to a committee
h. To amend
i. To postpone indefinitely

Such motions shall have precedence in the order in which they are arranged, except that motions to postpone indefinitely and amend do not yield to each other.

When any of the following motions shall be made, any action on such motion shall be delayed at least one legislative day and the motion shall be printed in the Legislative Journal:

a. Motion to postpone indefinitely on General File or Select File, unless the introducer(s) of the bill, or the committee chairperson in the case of committee bills, request(s) that the motion to postpone indefinitely be considered immediately without the one day delay.
b. Motion to place on General File pursuant to Rule 3, Section 19(b).
c. Motion to place bills on General File, notwithstanding the action of a standing committee.

Amend Rule 7, Section 7, subsection (b) to read as follows:

(b) Every motion to reconsider shall take preference over all other questions, except a motion to recess, to adjourn, or for cloture.

Amend Rule 7, Section 10 to read as follows:

At any stage of consideration the principal introducer of the bill under consideration, a cointroducer with the consent of the principal introducer, or the chairperson of the committee, if the bill is introduced by that committee, may move for a cloture to the presiding officer after eight hours of debate on the bill at that stage of consideration, except that the appropriation bills introduced by the Appropriations Committee shall be subject to a cloture motion after twelve hours of debate at that stage of consideration. The presiding officer shall immediately recognize such introducer or chairperson and shall then order debate on the pending amendment or motion to cease. A vote on such pending amendment or motion shall be taken immediately. Following the vote on such pending matter, a vote on the cloture motion shall be taken. A two-thirds majority of the elected members shall be required for the cloture motion to be successful. A motion for cloture shall be in order except while a member is speaking, and a motion for cloture is not debatable. If the motion for cloture is successful, a vote on the advancement of the bill shall be taken, without debate, immediately following the vote on cloture.

A motion for cloture shall have precedence over all other motions except for a motion to recess or adjourn.

An unsuccessful motion for cloture shall result in the debate on the bill ending for the day. When the Speaker chooses to resume debate on the

bill, successive motions for cloture shall not be in order until two additional hours of debate on the bill has occurred.

Amend the Rules by adding the following new rule.

ELECTION CONTESTS AND QUALIFICATIONS CHALLENGES

ELECTION CONTESTS AND QUALIFICATIONS CHALLENGES

(a) An election contest shall place in issue only the validity of the results of an election of a member to the Unicameral Legislature. An election contest shall only determine which candidate was properly elected to the Legislature and shall be seated.

(b) A qualifications challenge shall place in issue only the qualifications of a person elected as a member of the Legislature under the Constitution. A qualifications challenge shall only determine whether a person elected to the Legislature is qualified to hold or retain the seat.

(c) Election contests and qualifications challenges shall be brought and conducted as provided in these rules.

(d) Each election contest and qualifications challenge filed with the Clerk shall be referred by the Clerk to the Reference Committee, who in turn shall refer the matter to a specially created committee to consider such contest or challenge. The committee shall consist of an odd number of members and shall have a minimum of five members. The chairperson of such committee shall be appointed by the Executive Board.

(e) The special committee may adopt rules to govern election contests and qualifications challenges, provided that such committee rules must be consistent with these rules, must be filed with the Clerk within twenty-four hours of adoption, and must be made available to all parties and to the public.

INITIATING ELECTION CONTESTS

(a) Election contests may be brought only by an unsuccessful candidate.

(b) Election contests may be brought only by the procedures and within the time limits established by the Nebraska statutes. Notice of intention to contest shall be served on the person certified as elected to the Legislature from the representative district within the time limits established by law.

(c) Within forty days following the general election contested, each contestant shall file with the Clerk of the Legislature a petition of election contest and shall serve such petition on the purported winner. A petition of election contest shall allege the contestant's qualifications to bring the contest and to serve as a member of the Legislature, that he/she alleges that a mistake, violation of election laws, or fraud was

committed in specified precincts in the counting, return or canvass of the votes or that some other specified irregularity occurred in the conduct of the election in specified precincts. A petition of election contest shall contain a prayer specifying the relief requested and the precincts in which a recount or other inquiry is desired. A petition of election contest shall be verified by affidavit swearing to the belief that the allegations are true, and shall be accompanied by proof of service on all respondents.

(d) A petition of contest may not be amended to cure a defect under the statutory requirements. A petition of election contest, if filed and served subsequent to the notice of intention to contest, may not raise points not expressed in the notice.

INITIATING QUALIFICATIONS CHALLENGES

(a) Qualifications challenges may be brought only by an unsuccessful candidate.

(b) Qualifications challenges must be brought within forty days following the general election contested.

(c) A qualifications challenge shall be brought by filing a petition of qualifications challenge with the Clerk, and by serving a copy of the petition on the purported winner. The petition must be accompanied by proof of personal service upon the respondent member and must be verified by affidavit swearing to the truth of the allegations or based upon information and belief. A petition of qualifications challenge shall set forth the grounds on which the respondent member is alleged to be constitutionally unqualified, the qualifications of the petitioner to bring the challenge, and a prayer for relief.

CONTESTS AND CHALLENGES - DUE PROCESS

(a) Election contests and qualifications challenges shall be heard and determined as expeditiously as possible under adversary procedures wherein each party to the proceedings has a reasonable opportunity to present his claim, any defense and arguments, and to respond to those of his opponents. All parties may be represented by counsel.

(b) Election contests and qualifications challenges shall be heard and determined in accordance with the applicable provisions of the Nebraska statutes, the Nebraska Constitution, and the United States Constitution. Judicial decisions which bear on a point of law in a contest or challenge shall be admissible in the arguments of the parties and the deliberations and decisions of the committee. Judicial decisions applicable to a point of law or to a fact situation to the committee shall be given weight as precedent.

(c) The committee shall give notice of all rules, timetables or deadlines adopted by the committee. Notice under this subsection shall be in writing and shall be given either personally with receipt, or by certified mail (return receipt requested) addressed to the party at his or

her place of residence and to his or her attorney of record at his or her office if so requested by the party.

COMMITTEE PROCEEDINGS AND POWERS IN CONTESTS AND CHALLENGES

(a) All proceedings of the committee concerning election contests and qualifications challenges may be recorded and transcribed. Copies of the transcript shall be made available to the members of the committee and to the parties.

(b) The committee may dismiss an election contest or qualifications challenge, or may determine to proceed to a recount or other inquiry. The committee may limit the issues to be determined in a contest or challenge, except that where a recount is conducted in an election contest, any precinct timely requested by any party to be recounted shall be recounted by the committee.

(c) In conducting inquiries, investigations and recounts in election contests and qualifications challenges, the committee shall have the power to compel the attendance of witnesses and the production of books, papers, ballots, documents and records, by subpoena signed by the chairperson of the committee as provided by Rule 3, Section 20. In conducting proceedings in election contests and qualifications challenges, the committee may utilize the legislative powers to gather information as provided by Rule 3, Section 20.

(d) The committee may allow any person authorized to take depositions of any necessary witnesses, as may be permitted by law. In recounting the ballots in any election contest, however, no person other than a member of the committee or officer of the Legislature shall handle any ballots, tally sheets, or other election materials without the consent of the committee. The responsibility for the actual recounting of ballots may not be delegated.

(e) The committee shall maintain a record of proceedings in every election contest and qualifications challenge. Such record shall include all notices and pleadings, roll call votes, all reports and dissents, and all documents which were admitted into the proceeding. The committee shall file the record with the Clerk of the Legislature upon the adoption of its final report. The record shall then be available for examination in the Clerk's office.

(f) With the approval of the Executive Board, the committee may employ staff assistants to include clerks, court reporters, professional staff and other personnel as deemed necessary.

ADOPTION OF REPORTS IN CONTESTS AND CHALLENGES

(a) All final decisions of the committee regarding an election contest or qualification challenge shall be reported in writing to the Legislature, and approved by a majority of the members of the committee. Reports shall include a specific recommendation to the Legislature as to the disposition of the contest or challenge.

(b) Any member of the committee may file a dissent from a report of the committee, a minority report, or a special concurrence with the majority report or with any minority report.

(c) Reports of the committee shall be filed with the Clerk of the Legislature, printed and placed on the members' desks, along with any dissents, minority reports or special concurrences. The report shall be listed on the agenda under the heading "Report of Election Contest" or "Report of Qualifications Challenge". The report as filed with the Clerk, shall not be considered for two legislative days prior to any consideration by the Legislature.

(d) The Legislature shall adopt the majority report or a minority report in an election contest or qualifications challenge or shall refuse to adopt any report filed and re-refer the contest or challenge to the committee for further proceedings or for a modified report. Reports as filed by the committee are non-amendable. If the Legislature fails to adopt a report, the matter shall automatically be rereferred to committee for further consideration.

(e) Each party to a contest or challenge may file with the Clerk of the Legislature within 15 days of the filing of the final report a detailed statement of attorney's fees and expenses incurred by said party in connection with the case. The committee shall make recommendations to the Legislature concerning reimbursement of attorney's fees and the expenses of the parties. Such recommendation shall not exceed a sum that is reasonable, just and proper.

Amend the Rules by adding the following new rule.

DISCIPLINARY PROCEEDINGS

PURPOSE

The purpose of this rule is to establish procedures to be followed by the Legislature in the event that there is evidence that a member of the Legislature may have committed a felony. This rule shall only be applied if there is clear and convincing evidence that a member of the Legislature has violated felony provisions of Nebraska law.

INITIATING DISCIPLINARY PROCEEDINGS

(a) Disciplinary proceedings may be commenced by the filing of a petition for a special investigating committee with the Speaker. Such a petition must be signed by at least five members of the Legislature, and shall contain suggested charges which, if true, may subject the member named in the petition to disciplinary action by the Legislature. The Speaker shall refer the petition to the Reference Committee, who in turn shall refer the matter to a special Investigating Committee. Unless a resolution initiating disciplinary proceedings is introduced pursuant to this rule, the contents of a petition for a special investigating committee shall be confidential except as to the member

named, the members signing it, the Speaker, and the members of a special investigating committee.

(b) A resolution to initiate disciplinary proceedings may be filed and shall be substantially in the following form:

"BE IT RESOLVED BY THE UNICAMERAL LEGISLATURE OF THE STATE OF NEBRASKA, that a Special Investigating Committee be appointed to investigate allegations concerning the conduct of Senator _____, which, if true, may subject that member to disciplinary action by the Legislature."

A resolution to initiate disciplinary proceedings may be introduced only as permitted under this rule. It shall be improper to attempt to initiate disciplinary proceedings in any manner not authorized by this rule.

(c) A resolution to initiate disciplinary proceedings shall be debatable.

(d) A resolution initiating disciplinary proceedings may be adopted only by an affirmative vote of a majority of the members.

PRELIMINARY INVESTIGATION

(a) Pursuant to a petition or upon the adoption of a resolution initiating disciplinary proceedings, as provided, a special investigating committee consisting of seven members shall be appointed by the Reference Committee. The Reference Committee shall appoint the chairperson of the special investigating committee from among the seven members thereof. Sponsors of the initiating resolution or petition may not be appointed to the special investigating committee.

(b) The special investigating committee shall conduct a thorough investigation of all allegations and charges of impropriety concerning the member named in the initiating resolution or petition which are brought to its attention to determine if reasonable grounds exist to bring charges against such member for formal disciplinary proceedings by the Legislature. The special investigating committee shall meet with the chief sponsor of the initiating resolution or petition at its initial meeting.

At the initial meeting, the chief sponsor of the initiating resolution or petition shall submit to the special investigating committee a written list of suggested charges. Such list shall define the scope of the inquiry or investigation pursuant to the initiating resolution or petition. If the chief sponsor of the initiating resolution or petition fails to submit such a list, the special committee shall report a resolution of dismissal.

The chief sponsor of the initiating resolution or petition shall also submit to the special investigating committee all information he/she may have relevant to the charges and allegations.

(c) The special investigating committee shall conduct all of its proceedings in closed session, and shall maintain strict confidence as to all of its proceedings, and all witnesses, testimony, information, and exhibits that may come before it. No transcript or record of proceedings shall be taken.

(d) Except for its initial meeting, the chairperson shall give notice of all meetings to the member named in and the chief sponsor of the initiating resolution or petition. The member who is the subject of the initiating resolution or petition shall have the right to counsel during proceedings of the special investigating committee.

REPORT OF SPECIAL INVESTIGATING COMMITTEE

(a) The special investigating committee shall report to the Legislature in writing. All reports shall be signed by the members supporting the report.

(b) If a majority of the membership of the special committee determines to prefer charges, it shall file with the Clerk of the Legislature a formal statement of charges and specifications. The statement of charges shall constitute the report of the special committee but the special committee in its discretion may file a supplementary report stating its reasons for not bringing any other charges which may have been suggested to it.

(c) If the special committee determines not to prefer charges, it shall file with the Clerk a resolution exonerating the member named in the initiating resolution or petition together with a report stating its reasons for not preferring charges.

(d) If the special committee cannot by majority vote of its membership determine whether or not to prefer charges, the committee shall file with the Clerk a resolution of dismissal and a report stating the affirmative reasons for not preferring charges. That report shall be signed by all members of the special investigating committee, irrespective of their original vote in the committee proceedings on whether to prefer charges.

SELECT COMMITTEE ON DISCIPLINE

(a) Whenever charges are preferred against any member of the Legislature, the Executive Board shall appoint a committee, to be known as a select committee on discipline, to hear and determine such charges. The select committee shall consist of seven members of the Legislature. The Executive Board shall appoint a chairperson of the select committee from among the seven members. No member who served on the special investigating committee nor any sponsor of the initiating resolution or petition may be appointed to the select committee.

(b) All appointments to a select committee on discipline shall be completed and the select committee shall convene within ten days of the filing of charges for which the committee is appointed.

HEARINGS ON DISCIPLINARY CHARGES

(a) Proceedings before the select committee on discipline shall be adversarial in form, with the Chair of the Investigating Committee presenting the case for disciplinary action.

(b) Stipulations of fact shall be encouraged by the select committee.

(c) With the approval of the Executive Board, the committee may employ staff assistants to include clerks, court reporters, professional staff and other personnel as deemed necessary.

REPORT OF SELECT COMMITTEE ON DISCIPLINE

(a) The committee shall vote on each specification and charge, provided that a vote of exoneration on a charge shall be a vote as to all specifications under that charge. All final votes on the merits of a charge or specification shall be by record vote.

(b) A finding of fault or exoneration on any specification or charge shall require an affirmative vote of a majority of the members appointed to the select committee.

(c) The committee shall file a report of its findings on each specification and charge and a recommendation as to penalty with the Clerk of the Legislature. The report shall state the reasons for each conclusion and recommendation. If the committee finds the respondent member exonerated regarding any charge, it shall report a resolution of exoneration together with its report. If the select committee finds the respondent member at fault regarding any charge, it shall report a resolution embodying its findings and recommended penalty. There shall be a separate report on each charge.

(d) If a select committee reports a finding of fault regarding any charge, any member of the select committee may file a minority report with the Clerk either dissenting from a finding, reason, or recommendation in the majority report or stating a concurrence therewith on different grounds. A dissenting report may include a resolution of exoneration as to any charge or specifications.

(e) Whenever a select committee has found a member at fault regarding a charge, the committee shall adopt a recommendation for disciplinary action. The committee may recommend a reprimand, a censure, expulsion from the Legislature, or that no penalty be invoked. The recommendation on disciplinary action shall require an affirmative vote of the majority of the membership of the select committee on discipline.

LEGISLATIVE ACTION ON DISCIPLINARY REPORTS

(a) The report of a select committee, together with any dissenting or concurring reports, and any accompanying resolutions, shall be printed and placed on the members' desks. The report shall be placed on the agenda under the heading "Report of Select Committee on Discipline". The report as filed with the Clerk shall not be considered for two legislative days prior to any consideration by the Legislature.

(b) If the report of the select committee exonerates the respondent member, the Legislature shall take up the resolution or re-refer the case to the committee for further proceedings.

(c) If the select committee reports a finding of fault as to any charge, the Legislature shall take up the resolution for disciplinary action together with any minority resolutions. The Legislature may amend a resolution for disciplinary action to increase or decrease the recommended penalty.

(d) The Legislature shall take action by a record vote on each such resolution. Adoption of a resolution finding the respondent member at fault regarding charges and specifications shall dispose of any minority resolutions of exoneration on such charges and specifications. If the adoption of exoneration resolutions disposes of all the charges and specifications in a majority resolution for disciplinary action, the majority resolution shall be deemed defeated.

(e) Following record votes on all majority and minority resolutions arising out of a select committee finding of fault on a charge or specification, if there remains any such charge or specification on which the Legislature has neither exonerated the member or adopted a finding of fault, then any member may introduce and move a resolution of dismissal on such charge or specification.

(f) A resolution finding a member at fault regarding a charge may be adopted only upon an affirmative vote of a majority of the members, provided that a resolution the effect of which is to expel a member may be adopted only by an affirmative vote of two-thirds of the members.

Amend Rule 7 by adding a new section.

Section 11. If a series of amendments and/or motions is offered to a bill or resolution and it becomes obvious the amendments and/or motions are being used as a basis of obstruction, a motion may be made that specific amendments and/or motions be declared obstructive. On said motion no member may speak more than once unless by leave of the Legislature. A two-thirds majority of the elected members shall be required for the motion on obstruction to be successful. If the motion prevails, the amendments and/or motions shall be declared out of order. No motion for obstruction shall be amendable nor shall any division of the question be allowed.

LEGISLATIVE RESOLUTION 282. Introduced by Kristensen, 37.

WHEREAS, with each passing year this nation becomes more deeply in debt as its expenditures grossly and repeatedly exceed available revenue, so that the public debt now exceeds hundreds of billions of dollars; and

WHEREAS, the annual federal budget continually demonstrates an unwillingness or inability of both the legislative and executive branches of the federal government to curtail spending to conform to available revenue; and

WHEREAS, unified budgets do not reflect actual spending because of the exclusion of special outlays which are not in the budget or subject to the legal public debt limit; and

WHEREAS, knowledgeable planning, fiscal prudence, and plain good sense require that the budget reflect all federal spending and be balanced; and

WHEREAS, believing that fiscal irresponsibility at the federal level, with the inflation which results from this policy, is a great threat to our nation, the Legislature firmly believes that constitutional restraint is necessary to bring the fiscal discipline needed to restore financial responsibility; and

WHEREAS, Nebraska is one of forty-nine states having legal authority which requires that total state expenditures be limited to total state revenue; and

WHEREAS, Nebraska's balanced budget requirement is contained in our constitution; and

WHEREAS, under Article V of the Constitution of the United States, amendments to the federal Constitution may be proposed by the Congress of the United States whenever two-thirds of both houses deem it necessary, or on the application of the legislatures of two-thirds of the several states, Congress shall call a constitutional convention for the purpose of proposing amendments; and

WHEREAS, the Legislature believes that action at this time is vital.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Legislature proposes to the Congress of the United States that procedures be instituted in Congress to add a new article to the Constitution of the United States, and that the State of Nebraska requests Congress to prepare and submit to the several states an amendment to the federal Constitution requiring in the absence of a national emergency that the total of all federal appropriations made by Congress for any fiscal year may not exceed the total of all estimated federal revenue for that fiscal year.

2. That, alternatively, the Legislature makes application and request that Congress call a constitutional convention for the specific and exclusive purpose of proposing an amendment to the federal Constitution requiring in the absence of a national emergency that the total of all federal appropriations made by Congress for any fiscal year may not exceed the total of all estimated federal revenue for that fiscal year.

3. That the Legislature also proposes that the legislatures of each of the several states comprising the United States apply to Congress requesting the enactment of an appropriate amendment to the federal Constitution or requiring Congress to call a constitutional convention for proposing such an amendment to the federal Constitution.

4. That the Clerk of the Legislature transmit a copy of this resolution to the President pro tempore of the Senate of the United States, the Speaker of the House of Representatives of the United States, each member of the Nebraska Congressional delegation, the Secretaries of State and the legislatures of each of the several states, and the Secretary of State of the State of Nebraska.

WHEREAS, the state congressional delegation shall personally report to and invite dialog from the Legislature regarding any federal legislation that reduces federal funding for any existing federally mandated activity or service; and

WHEREAS, such a report shall address any federal law that requires a new activity or service of the state that is not funded by federal appropriation.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That Nebraska's congressional delegation be invited to report annually to the Legislature on federal initiatives requiring a legislative response.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

Section 1. That at the general election in November 1994 there shall be submitted to the electors of the State of Nebraska for approval the following amendment to the Constitution of Nebraska to amend Article VIII, sections 1 and 11, and add a new section 14 to Article VIII:

VIII-1 "The necessary revenue of the state and its governmental subdivisions shall be raised by taxation in such manner as the Legislature may direct. Notwithstanding Article I, section 16, Article III, section 18, or Article VIII, section 4, of this Constitution or any other provision of this Constitution to the contrary: (1) Taxes shall be levied by valuation uniformly and proportionately upon all real property and franchises as defined by the Legislature except as otherwise provided in or permitted by this Constitution; (2) tangible personal property, as defined by the Legislature, not exempted by this Constitution or by legislation, shall all be taxed at depreciated cost using the same depreciation method with reasonable class lives, as determined by the Legislature, or shall all be taxed by valuation uniformly and proportionately; (3) the Legislature may provide for a different method of taxing motor vehicles and may also establish a separate class of motor vehicles consisting of those owned and held for resale by motor vehicle dealers which shall be taxed in the manner and to the extent provided by the Legislature and may also establish a separate class for trucks, trailers, semitrailers, truck-tractors, or combinations thereof, consisting of those owned by residents and nonresidents of this state, and operating in interstate commerce, and may provide reciprocal and proportionate taxation of such vehicles; PROVIDED, that such tax proceeds from motor vehicles taxed in each county shall be allocated to the counties, townships, cities,

villages, ~~school districts,~~ and other governmental subdivisions of such county in the same proportion that the levy of each bears to the total levy of the county on taxable property; (4) the Legislature may provide that agricultural land and horticultural land, as defined by the Legislature, shall constitute a separate and distinct class of property for purposes of taxation and may provide for a different method of taxing agricultural land and horticultural land which results in values that are not uniform and proportionate with all other real property and franchises but which results in values that are uniform and proportionate upon all property within the class of agricultural land and horticultural land; (5) the Legislature may enact laws to provide that the value of land actively devoted to agricultural or horticultural use shall for property tax purposes be that value which such land has for agricultural or horticultural use without regard to any value which such land might have for other purposes or uses; (6) the Legislature may prescribe standards and methods for the determination of the value of real property at uniform and proportionate values; (7) in furtherance of the purposes for which such a law of the United States has been adopted, whenever there exists a law of the United States which is intended to protect a specifically designated type, use, user, or owner of property or franchise from discriminatory state or local taxation, such property or franchise shall constitute a separate class of property or franchise under the laws of the State of Nebraska, and such property or franchise may not be taken into consideration in determining whether taxes are levied by valuation uniformly or proportionately upon any property or franchise, and the Legislature may enact laws which statutorily recognize such class and which tax or exempt from taxation such class of property or franchise in such manner as it determines; and (8) the Legislature may provide that livestock shall constitute a separate and distinct class of property for purposes of taxation and may further provide for reciprocal and proportionate taxation of livestock located in this state for only part of a year. STATE OF THE STATE/BUDGET ADDRESS

MADAME PRESIDENT, MR. SPEAKER, MEMBERS OF THE LEGISLATURE, MY FELLOW NEBRASKANS:

OUR VERY EXISTENCE AS A STATE IS ROOTED IN PIONEER SPIRIT: THE DETERMINATION AND VISION OF OUR FORBEARERS.

FROM THE NATIVE AMERICANS WHO CAME BEFORE US, WE LEARNED THAT CAREFUL STEWARDSHIP OF THE LAND IS ESSENTIAL TO OUR LONG- TERM SURVIVAL.

OUR ANCESTORS' VISION FOR A BETTER LIFE -- AND THE METTLE IT TOOK TO ACHIEVE AND SUSTAIN THAT LIFE -- SERVES AS A MODEL FOR US TODAY.

TIME AND TIME AGAIN, I HAVE SEEN OUR CITIZENS BLAZE NEW TRAILS INTO NEBRASKA'S FUTURE AND SETTLE INTO NEW AREAS OF PROSPERITY.

FROM FALLS CITY TO CHADRON, KIMBALL TO SOUTH SIOUX CITY AND EVERYWHERE IN BETWEEN, COMMUNITIES THROUGHOUT NEBRASKA ARE TAKING CONTROL OF THEIR FUTURE AND ACHIEVING SUCCESS.

WITH YOUR HELP, WE WILL CONTINUE TO HEAR SUCCESS STORIES FROM ACROSS OUR STATE.

GEORGE W. NORRIS HAD A VISION FOR THIS UNICAMERAL FORM OF GOVERNMENT: A VISION OF CITIZEN LEGISLATORS, GATHERING IN NON- PARTISAN COOPERATION, AND ELOQUENTLY DEBATING THE ISSUES TO REACH THE HIGHEST ACHIEVABLE GOAL: THE COMMON GOOD OF THE PEOPLE.

WE HAVE WORKED WELL TOGETHER -- THE LEGISLATURE AND THE EXECUTIVE BRANCH -- AND WE HAVE ACCOMPLISHED MUCH.

I LOOK FORWARD TO WORKING WITH YOU THIS SESSION AND AGAIN, TO ACCOMPLISH MUCH FOR THE BENEFIT OF OUR STATE.

OUR FISCAL HOUSE IS IN ORDER. REVENUES ARE COMING IN AHEAD OF PROJECTIONS. WE HAVE A SOLID BUDGET RESERVE. WE'VE SET PRIORITIES, AND CAN ACCOMPLISH OUR INITIATIVES WITHOUT A TAX INCREASE.

PRUDENT INVESTMENTS FOR THE FUTURE CAN BE MADE WITHIN THE PARAMETERS OF FISCAL RESPONSIBILITY.

WE HAVE MADE RESPONSIBLE DECISIONS.

**TOGETHER, WE STABILIZED THE PERSONAL PROPERTY TAX SYSTEM THAT THE COURTS THREW INTO CHAOS.

**WE CUT ONE HUNDRED MILLION DOLLARS FROM THE STATE BUDGET LAST YEAR.

**WE HAVE BEGUN TO BRING THE RISING COST OF MEDICAID -- THE HUNGRY GIANT OF OUR BUDGET -- UNDER CONTROL. I'M PROPOSING MORE CHANGES TO THE PROGRAM THIS SESSION.

IN ADDITION, WE'VE INCREASED STATE AID TO EDUCATION BY NEARLY SEVENTY-TWO MILLION DOLLARS SINCE I BECAME GOVERNOR.

NEXT FISCAL YEAR, THE STATE WILL GIVE NEARLY $399 MILLION DOLLARS TO SCHOOLS -- THAT'S PROPERTY TAX RELIEF. IN FACT, NEARLY SIXTY PERCENT OF THE STATE'S TAX DOLLARS ARE SENT BACK TO LOCAL GOVERNMENTS AND INDIVIDUALS IN THE FORM OF STATE AID.

WE SPEND ABOUT NINETEEN PERCENT OF OUR BUDGET ON HIGHER EDUCATION. STATE OPERATIONS ACCOUNT FOR ONLY TWENTY ONE AND A HALF PERCENT OF OUR TOTAL STATE

BUDGET. THE FACT IS: WE HAVE FEWER STATE EMPLOYEES TODAY THAN WE DID ONE YEAR AGO.

WE WEATHERED THE FISCAL STORMS -- AND OUR CITIZENS WEATHERED THE STORMS WROUGHT BY MOTHER NATURE.

INDEED, FLOODS, WIND AND HAIL WREAKED HAVOC IN THE STATE LAST YEAR. CROPS, HOMES AND LIVELIHOODS WERE WIPED OUT, BUT THE SPIRIT OF NEBRASKANS WAS NOT.

DESPITE THE SETBACKS, WE ARE BLAZING NEW TRAILS OF PROSPERITY AT HOME AND ABROAD. AND NEBRASKA AGRICULTURE IS LEADING THE WAY.

FROM OUR FARMERS AND RANCHERS, TO THE MEAT PROCESSORS AND AG RESEARCHERS, EACH PERSON INVOLVED IN NEBRASKA AGRICULTURE IS A PIONEER OF INNOVATION, EFFICIENCY AND QUALITY.

PRODUCTION AGRICULTURE IS THE CORNERSTONE OF OUR STATE'S ECONOMY. BUT IN TODAY'S GLOBAL MARKETPLACE, IT'S NOT ENOUGH TO JUST PRODUCE QUALITY GOODS. OUR TRADE MISSIONS HELP TO ENSURE A MARKET FOR THOSE GOODS. THEREIN LIES THE FUTURE PROSPERITY OF NEBRASKA AGRICULTURE:

**AN ISRAELI BUYING TEAM RECENTLY ORDERED MORE THAN TWENTY TONS OF NEBRASKA BEEF, AND MORE ORDERS ARE ON THE WAY;

**JAPAN'S TWO LARGEST GROCERY CHAINS NOW BUY NEBRASKA BEEF. AND WHILE JAPAN'S OVERALL BEEF IMPORTS HAVE BEEN DOWN FIFTEEN PERCENT, ITS IMPORTS OF NEBRASKA BEEF ARE UP THREE HUNDRED PERCENT; ALSO

**WE ARE NOW SELLING NEBRASKA BEEF TO TAIWAN, ALSO

**OUR LATEST MISSION TO CHINA, HONG KONG AND TAIWAN SHOWED HUGE MARKET POTENTIAL, AND GREAT PROSPECTS FOR FUTURE SUCCESS.

WHILE WE CAN'T CONTROL THE WEATHER OR THE PRICES, WE CAN AND ARE EXPLORING -- AND TAKING ADVANTAGE OF -- THE EXPANDING MARKETS FOR ALL NEBRASKA PRODUCTS.

AT HOME, WE CONTINUE TO WORK TOWARD NEW MARKETS FOR ETHANOL.

A RECENT DECISION BY THE FEDERAL GOVERNMENT TO REQUIRE THAT THIRTY PERCENT OF SMOG-REDUCING GASOLINE CONTAIN RENEWABLE FUELS, MEANS THERE WILL BE A GREATER DEMAND FOR AG PRODUCTS -- AND NEBRASKA STANDS READY TO BENEFIT.

WE HAVE NEARLY ONE HALF BILLION DOLLARS OF ETHANOL PLANT CONSTRUCTION IN THE WORKS. AND BY 1998, NEBRASKA WILL BE ONE OF THE TOP TWO ETHANOL PRODUCING STATES IN THE NATION.

OUR GOAL IS HIGHER PRICES FOR CORN AND MORE JOBS FOR NEBRASKANS.

I SEE A STABLE AND PROSPEROUS FUTURE FOR NEBRASKA. OUR FUTURE IS DEPENDENT UPON THE STABILITY AND PROSPERITY OF OUR RURAL COMMUNITIES.

IN 1990, I IDENTIFIED RURAL NEBRASKA AS A PRIORITY. I PLEDGED TO DO WHAT I COULD TO ENSURE THAT RURAL NEBRASKANS WERE AFFORDED EVERY OPPORTUNITY TO PROSPER.

THREE YEARS LATER, DUE TO THE HARD WORK, LEADERSHIP AND VISION OF THE RURAL DEVELOPMENT COMMISSION AND OUR LOCAL CITIZENS, RURAL NEBRASKA IS SHOWING CONSISTENT AND INCREASING LEVELS OF ECONOMIC VITALITY, GROWTH AND ENTREPRENEURSHIP.

FOR THE FIRST TIME IN DECADE, NEBRASKA IS SEEING "RE-POPULATION" INSTEAD OF "DE-POPULATION". GROWTH IS REPLACING DECLINE.

WE HAVE COME A LONG WAY IN ECONOMIC DEVELOPMENT, BUT WE MUST DO MORE.

I HAVE CHALLENGED THE RURAL DEVELOPMENT COMMISSION AND OUR RURAL PARTNERS TO CREATE A VISIONARY DEVELOPMENT AGENDA FOR THE YEAR 2000 AND BEYOND.

WE MUST WORK TODAY TO ENSURE THAT EVERY COMMUNITY -- BOTH RURAL AND URBAN -- HAS A STRONG DEVELOPMENT AGENDA.

TOGETHER, WE HAVE GIVEN COMMUNITIES NEW TOOLS:

**THE ENTERPRISE ZONE ACT WILL GIVE ECONOMICALLY CHALLENGED AREAS ANOTHER TOOL TO REVITALIZE AND REINVEST IN THEIR COMMUNITIES AND NEIGHBORHOODS.

**WE ARE ALSO CONVENING "EXPO '94" LATER THIS YEAR. THIS WILL PROVIDE TRAINING, NETWORKING, MARKETING AND SALES OPPORTUNITIES TO ENCOURAGE ENTREPRENEURSHIP AMONG WOMEN AND MINORITIES.

**WE ARE ASSERTING NEBRASKA'S PRESENCE IN THE GLOBAL ECONOMY THROUGH THE NEBRASKA INDUSTRIAL COMPETITIVENESS ALLIANCE.

**ON APRIL 6th, WE PLAN AN INTERNATIONAL TRADE CONFERENCE, BRINGING TOGETHER BUSINESSES-- BOTH BIG AND SMALL -- TO SHARE THEIR EXPERTISE ON HOW TO TAKE ADVANTAGE OF MORE INTERNATIONAL TRADE OPPORTUNITIES.

YES, OUR ECONOMY IS STRONG. YES, WE CONTINUE TO BOAST ONE OF THE LOWEST UNEMPLOYMENT RATES IN THE NATION.

BUT, WE MUST CONTINUE TO CREATE JOBS AND STRENGTHEN NEBRASKA'S ECONOMIC POSITION AS A LOCAL PRODUCER AND A WORLD PROVIDER.

THIS ADMINISTRATION WILL CONTINUE TO AGGRESSIVELY RECRUIT BUSINESSES OF ALL SIZES TO THE STATE OF NEBRASKA. AND WE WILL ASSIST NEW BUSINESSES TO START HERE, AND ALL BUSINESSES TO GROW HERE AND PROSPER HERE.

OUR STATE AND OUR PEOPLE HAVE A GREAT DEAL TO OFFER.

TOGETHER, WE CAN BUILD A BETTER NEBRASKA.

TOGETHER, STATE GOVERNMENT AND LOCAL COMMUNITIES CAN CONTINUE TO WORK AS PARTNERS TO ENHANCE OUR POSITIVE, ECONOMIC ENVIRONMENT.

WE HAVE ENHANCED OUR ABILITY TO ATTRACT BUSINESS, INDUSTRY AND PEOPLE TO THE STATE:

**WE FIXED THE PERSONAL PROPERTY TAX PROBLEM;
**WE SLOWED THE GROWTH OF STATE GOVERNMENT;
**WE HAVE HELD THE LINE ON THE BUDGET;
**WE REFORMED OUR WORKERS COMPENSATION SYSTEM;
**WE'VE SUPPORTED EDUCATION;
**WE'VE SUPPORTED THE ENVIRONMENT;
**WE CUT INCOME TAXES FOR FOUR HUNDRED THOUSAND NEBRASKANS; AND, MOST IMPORTANTLY
**WE ENCOURAGE AND WE SUPPORT LOCAL INITIATIVES AND GRASS-ROOTS LEADERSHIP.

MY FELLOW NEBRASKANS, WE HAVE ACCOMPLISHED MANY GOOD THINGS FOR OUR STATE. BUT WE MUST DO MORE.

THE PROSPERITY OF NEBRASKA IS ROOTED IN SOME VERY SIMPLE AND STRAIGHTFORWARD VALUES. THEY ARE THE MEASURE OF OUR ABILITY TO GROW AND PROSPER IN A SECURE SOCIETY.

THE HEALTH, SAFETY AND WELL-BEING OF ALL NEBRASKANS MUST BE PROMOTED IN ALL OF OUR LEGISLATIVE EFFORTS.

THERE ARE FEW "STAND ALONE" ISSUES ANYMORE. THE THREADS OF CRIMINAL JUSTICE, HEALTH CARE REFORM, WELFARE REFORM, ECONOMIC DEVELOPMENT, JOB-TRAINING AND EDUCATION -- AND HOW WE PAY FOR THEM -- ARE WOVEN TOGETHER.

THEREFORE, WE MUST ADDRESS THESE -- NOT AS ISSUES OF SPECIAL INTEREST OR PARTISAN POLITICS -- BUT AS ISSUES THAT IMPACT ALL NEBRASKANS RIGHT NOW.

THESE ISSUES WILL NOT GET SIMPLER THE LONGER WE WAIT.

WE CAN NOT SPEAK OF THE FUTURE IN ABSTRACT TERMS. THE FUTURE IS NOW; THE FUTURE IS ALL AROUND US. OUR FUTURE -- NEBRASKA'S FUTURE IS -- IN NO UNCERTAIN TERMS -- OUR CHILDREN.

WE MUST ASK OURSELVES: "WHAT CAN WE DO FOR OUR CHILDREN TODAY TO MAKE A BETTER TOMORROW?"

**TOGETHER -- AS CITIZENS AND LAWMAKERS -- WE MUST DO MORE TO KEEP OUR STREETS SAFE FROM CRIME;
**TOGETHER, WE MUST PREVENT THE LOSS OF OUR YOUTH TO SENSELESS KILLING;
**TOGETHER, WE WILL STOP THE RISING TIDE OF CRIME.

THE GOVERNOR'S CONFERENCE ON VIOLENCE AND YOUTH BROUGHT US TOGETHER TO COMBAT CRIME:

**WE ARE WORKING WITH COMMUNITIES TO DEVELOP AND IMPLEMENT IMMEDIATE PREVENTION PROGRAMS;

**I FORMED THE GOVERNOR'S YOUTH ADVISORY COUNCIL TO GIVE YOUNG PEOPLE A VOICE; AND

**OUR COMMITMENT TO FINDING SOLUTIONS HAS BEEN NATIONALLY RECOGNIZED -- NEBRASKA HAS BEEN SINGLED OUT FOR OUR EFFORTS. AT THE INVITATION OF ATTORNEY GENERAL, JANET RENO, NEBRASKA WAS THE FIRST STATE CHOSEN TO TAKE PART IN A SPECIAL PROJECT TO FIND INNOVATIVE AND COMPREHENSIVE SOLUTIONS TO THE PROBLEM OF YOUTH VIOLENCE.

OUR WILLINGNESS TO TACKLE THIS PROBLEM TOGETHER HAS THRUST NEBRASKA -- IN A LEADERSHIP ROLE -- IN THE CRUSADE AGAINST YOUTH VIOLENCE.

STILL, WE MUST DO MORE. THE MODEL ON WHICH OUR CURRENT JUVENILE JUSTICE SYSTEM IS BASED IS COMPLETELY OUTDATED. IT HAS FEW IF ANY MECHANISMS TO HANDLE THE CRIMES WE'RE WITNESSING TODAY.

I BELIEVE THAT THE THREE-PRONGED APPROACH OF DETENTION, PREVENTION AND INTERVENTION IS THE BEST COURSE OF ACTION:

**BY DETAINING THE MOST DANGEROUS "YOUTHFUL OFFENDERS" IN A NEW SECURE CONFINEMENT FACILITY;

**BY CREATING A "BOOT CAMP" FOR NON-VIOLENT OFFENDERS;

**BY PREVENTING GANG ACTIVITY, INCREASING CRIMINAL SANCTIONS, GETTING GUNS OUT OF OUR SCHOOLS; AND

**BY INTERVENING, TO REBUILD THE SELF-ESTEEM AND DIRECTION OF OUR YOUNG PEOPLE WHO ARE AT RISK. BUT WE MUST DO MORE.

WE'VE MOVED FROM WORRYING ABOUT OUR KIDS COMING HOME ON TIME, TO WORRYING ABOUT THEM MAKING IT HOME ALIVE.

WE'VE MOVED FROM WORRYING ABOUT THEIR GRADES, TO WORRYING ABOUT GUNS AT THEIR SCHOOL.

WHEN YOUR TWELVE YEAR OLD IS NOT SAFE RIDING HIS BIKE ON A NEIGHBORHOOD STREET...IT'S TIME TO CHANGE THE RULES.

THE PEOPLE SAY IT'S TIME -- AND WE KNOW IT'S TIME -- WE MUST PUT TEETH IN OUR JUVENILE JUSTICE SYSTEM AND INSTILL HOPE IN THE FUTURE OF YOUNG NEBRASKANS.

OUR COMMITMENT DOES NOT END WITH WORDS. IT'S A COMMITMENT OF STATE RESOURCES THAT ALLOWS US TO LEVERAGE FEDERAL DOLLARS.

THAT'S WHY I PUT ADEQUATE MONEY IN MY BUDGET TO COMBAT YOUTH VIOLENCE -- WE MUST STOP THE INSANITY.

I WANT TO PARTICULARLY THANK SENATOR JOHN LINDSAY, SENATOR DAVID BERNARD-STEVENS, AND ALL THE SENATORS WHOSE WORK, INPUT AND SUPPORT MADE THIS PACKAGE POSSIBLE. YOUR BI-PARTISAN SUPPORT IS ESSENTIAL.

WE MUST WORK HARDER TO FIGHT CRIME.

IT'S NOT ENOUGH TO TALK TOUGH. THE CITIZENS OF NEBRASKA WANT THEIR ELECTED OFFICIALS TO WORK TOGETHER, TO CREATE A CRIMINAL JUSTICE SYSTEM THAT:

**PUNISHES CRIMINALS;
**PROTECTS CITIZENS; AND
**PROVIDES LAW ENFORCEMENT OFFICIALS WITH THE TOOLS THEY NEED TO DO THEIR JOB.

IN THE LAST THREE YEARS:
**WE HAVE ADDED 436 BEDS IN THE DEPARTMENT OF CORRECTIONS;
**DRUG ARRESTS HAVE MORE THAN DOUBLED;
**THE STATE PATROL HAS SEIZED ONE HUNDRED AND TWENTY TWO MILLION DOLLARS WORTH OF DRUGS FROM OUR STREETS;
**THEY SEIZED ONE-AND-A-HALF MILLION DOLLARS IN CASH FROM DRUG CRIMINALS -- MORE THAN TWENTY-SEVEN TIMES THE AMOUNT SEIZED FROM 1987 THROUGH 1990;
**OUR TOUGH STAND ON DRUNK DRIVERS EARNED US FEDERAL DOLLARS FOR IN-CAR VIDEO CAMERAS TO FURTHER ASSIST LAW ENFORCEMENT OFFICERS; AND
**WE ADDED TWO NEW JUDGES TO DOUGLAS COUNTY TO EXPEDITE THE PROSECUTION OF CRIMINALS.

BUT, WE MUST DO MORE.

CRIMINALS, DRUG DEALERS AND THOSE WHO ARE CORRUPTING THE YOUNG PEOPLE OF THIS STATE WILL BE APPREHENDED, PROSECUTED, AND SENT TO JAIL.

WE'RE SENDING A MESSAGE: IF YOU COMMIT A CRIME, YOU WILL DO TIME.

WE MUST GIVE OUR POLICE BETTER TOOLS:

**AN AUTOMATED FINGERPRINT IDENTIFICATION SYSTEM;
**D.N.A. TESTING;
**A STATE PATROL STRIKE FORCE; AND
**GRANTS FOR LOCAL LAW ENFORCEMENT.

I PUT ENOUGH RESOURCES IN THE BUDGET TO FUND THESE INITIATIVES -- AND WE DON'T HAVE TO RAISE TAXES TO DO IT.

WE ALL AGREE THAT CHANGES ARE NEEDED. LET'S WORK HARD -- AND WORK TOGETHER -- TO PUT VIOLENT CRIMINALS WHERE THEY BELONG - - OFF THE STREETS AND BEHIND BARS.

MANY NEBRASKANS ARE FORTUNATE TO ENJOY THE PROSPERITY THAT CAN BE ACHIEVED IN OUR GREAT STATE.

FOR OTHERS, HOWEVER, CIRCUMSTANCES CAUSE THEM TO TURN TO PUBLIC ASSISTANCE AND SUPPORT.

BUT MANY OF THE CURRENT WELFARE PROGRAMS ARE MODELS OF CONFUSION AND INEFFICIENCY.

THE SYSTEM ITSELF HAS BECOME A TRAP -- AN ENDLESS CYCLE OF SHATTERED HOPES AND MISSED OPPORTUNITIES FOR A BETTER LIFE. WHAT STARTED AS A SAFETY NET HAS BECOME A SPIDER WEB.

TODAY, I AM PROPOSING A WELFARE SYSTEM THAT PROMOTES SELF- SUFFICIENCY AND INDEPENDENCE -- A SYSTEM THAT'S A HAND UP, NOT A HAND OUT.

WITH THE HELP OF THE WELFARE REFORM TASK FORCE AND ITS CHAIRMAN, BOB ARMSTRONG, WE HAVE CREATED A NEW AND SIMPLIFIED APPROACH TO WELFARE ASSISTANCE WITH TWO TRACKS:

**TEMPORARY ASSISTANCE AND TRANSITION TO SELF-SUFFICIENCY; AND

**ONGOING ASSISTANCE AND SUPPORT.

WELFARE IS NOT -- AND WAS NEVER INTENDED TO BE -- A WAY OF LIFE.

WE NEED OUR CITIZENS OUT IN THE WORK FORCE WITH SKILLS AND TALENTS THAT BENEFIT THEMSELVES AND ALL OF SOCIETY.

WE NEED THEM WORKING IN JOBS THAT GIVE THEM A LIVING WAGE TO SUPPORT THEMSELVES AND THEIR FAMILIES.

MOST OF ALL, THOSE WHO CAN WORK -- SHOULD WORK. WE NEED TO SIMPLIFY THE PROCEDURES FOR ESTABLISHING PATERNITY, ORDERS FOR CHILD AND MEDICAL SUPPORT, AND WE NEED TO INCREASE COLLECTIONS OF CHILD SUPPORT.

LET'S BREAK THE CYCLE OF POVERTY BY FIXING THE WELFARE SYSTEM.

EFFICIENCY IS A TOP PRIORITY -- IN GOVERNMENT, OUR WELFARE SYSTEM, IN LAW ENFORCEMENT -- AND IN OUR HEALTH CARE INDUSTRY AS WELL.

WHILE WE'RE WAITING FOR GRIDLOCK IN WASHINGTON TO SUBSIDE, I'M PROPOSING SEVERAL HEALTH CARE REFORM INITIATIVES THAT WILL INCREASE EFFICIENCY, IMPROVE THE QUALITY OF CARE, INCREASE ACCESS AND MAKE HEALTH CARE MORE AFFORDABLE FOR ALL NEBRASKANS.

I PROPOSE:

**THE USE OF A STANDARDIZED CLAIM FORM;

**THE IMMUNIZATION OF ALL NEBRASKA CHILDREN THROUGH AGE FIVE;

**INCENTIVES TO INCREASE THE SUPPLY AND RETENTION OF HEALTH PROFESSIONALS IN RURAL AREAS;

**GROUP HEALTH INSURANCE REFORM FOR SMALL EMPLOYERS, TO ENHANCE THE PORTABILITY OF COVERAGE FROM ONE EMPLOYER TO THE NEXT;

**THE REPEAL OF ANTI-GROUP STATUTES TO ALLOW NEBRASKANS -- SUCH AS FARMERS AND RANCHERS -- TO PURCHASE COVERAGE AT GROUP RATES;

**BETTER HEALTH CARE DATA TO ENCOURAGE COST-CONSCIOUS BEHAVIOR AND IMPROVE THE QUALITY OF CARE; AND

**STRENGTHENING OUR REPORTING AND DISCIPLINARY PROGRAM FOR DOCTORS AND OTHER HEALTH PROFESSIONALS.

I URGE YOU TO SERIOUSLY CONSIDER THESE INITIATIVES. I WILL WORK CLOSELY WITH YOU THROUGHOUT THIS SESSION TO HELP MAKE THESE INITIATIVES REALITY.

I PLEDGE TO KEEP A VIGIL ON WASHINGTON'S EFFORTS TOWARD NATIONAL HEALTH CARE REFORM. WE MUST NOT HAVE

A "ONE-SIZE-FITS-ALL" PACKAGE THAT DOES NOT SERVE THE BEST INTEREST OF ALL NEBRASKANS.

HEALTH CARE AFFECTS US ALL. LETS WORK TOGETHER TO AFFECT CHANGE FOR THE BETTER -- FOR ALL NEBRASKANS.

THREE YEARS AGO, I MADE A PLEDGE WHEN I ASSUMED THE OFFICE OF GOVERNOR: TO BRING SPENDING UNDER CONTROL.

TOGETHER, WE HAVE WORKED DILIGENTLY TO PUT THE BRAKES ON STATE SPENDING, BUT THE FEDERAL GOVERNMENT'S ACCELERATOR IS CAUSING US TO DIVERT RESOURCES FROM WORTHWHILE PROGRAMS IN ORDER TO KEEP UP WITH MANDATES.

CONGRESS AND THE FEDERAL BUREAUCRACY CONTINUE TO IMPOSE A MULTITUDE OF MANDATES THAT MAKE LITTLE SENSE TO THOSE OF US OUTSIDE THE WASHINGTON BELTWAY.

IN TIMES OF TIGHT BUDGETS AND INCREASING DEMANDS FOR SERVICES, MANDATED PROGRAMS SIGNIFICANTLY HAMPER THE ABILITY OF STATE AND LOCAL GOVERNMENTS TO MEET THE EXPECTATIONS OF OUR CITIZENS.

I HAVE A SIMPLE MESSAGE FOR WASHINGTON: STOP THE MADNESS!

WE'RE DOING JUST THAT AT THE STATE LEVEL. LAST WEEK, I SIGNED AN EXECUTIVE ORDER REQUIRING STATE AGENCIES TO WORK CLOSELY WITH LOCAL GOVERNMENTS IN REDUCING AND STREAMLINING MANDATE REQUIREMENTS.

I HAVE CLEARLY INSTRUCTED AGENCY DIRECTORS NOT TO ISSUE RULES AND REGULATIONS THAT EXCEED THE AUTHORITY GRANTED BY STATE OR FEDERAL LAW. I URGE THE LEGISLATURE TO TAKE SIMILAR APPROPRIATE ACTION.

GOVERNMENT AT ALL LEVELS HAS A RESPONSIBILITY TO PROTECT AND SERVE THE PUBLIC INTEREST.

WE HAVE DEFERRED MORE THAN $200 MILLION DOLLARS IN REPAIRS TO OUR STATE BUILDINGS AND INFRASTRUCTURE.

THIS SAVES MONEY IN THE SHORT TERM, BUT MANY OF THESE REPAIRS ARE NEEDED TO KEEP PUBLIC BUILDINGS SAFE AND ACCESSIBLE.

NOW WE ARE FACED WITH MOUNTING REQUIREMENTS FOR REPAIRS AND RENOVATIONS, ELECTRICAL UPGRADES, AND DESIGN MODIFICATIONS TO MEET THE STANDARDS OF THE AMERICANS WITH DISABILITIES ACT.

I PROPOSE TO ADDRESS THIS NEED -- IN PART -- BY ADDING $2 MILLION DOLLARS IN NEW FUNDS TO THE 309 TASK FORCE BUDGET FOR FISCAL YEAR 1995/96.

THE MONEY I'M PROPOSING WILL COME FROM FUNDING EXCESSES IN CURRENT PROJECTS, AND CURRENTLY AVAILABLE CIGARETTE TAX FUNDS. NO CIGARETTE TAX INCREASE WILL BE REQUIRED.

I'VE MORE THAN DOUBLED THE DEPARTMENT OF ECONOMIC DEVELOPMENT'S JOB TRAINING FUND.

THIS WILL MAKE NEARLY ONE MILLION DOLLARS AVAILABLE TO HELP BUSINESSES PROVIDE SPECIALIZED TRAINING FOR NEBRASKA EMPLOYEES. A HIGHLY SKILLED LABOR FORCE WILL ATTRACT AND RETAIN BUSINESS ENTERPRISES.

WE CAN MAKE THESE INVESTMENTS BECAUSE OF TWO LARGE REDUCTIONS TO THE STATE BUDGET RESULTING FROM SAVINGS TO THE STATE'S HEALTH INSURANCE PROGRAM.

IN THE CURRENT FISCAL YEAR, WE ARE REDUCING THE GENERAL FUND APPROPRIATION FOR ALL STATE AGENCIES AS A RESULT OF A CHANGE IN HEALTH INSURANCE PAYMENT DATES.

FOR YEARS, THE STATE HAS PAID THE HEALTH INSURANCE PREMIUMS OF STATE EMPLOYEES FOR AN EXTRA MONTH AFTER THEY LEFT STATE EMPLOYMENT.

THE PAYMENT PROCEDURE WAS CHANGED LAST JULY, RESULTING IN A GENERAL FUND SAVINGS OF TWO MILLION DOLLARS.

IN ADDITION, THE TRUST FUND THAT COLLECTS STATE CONTRIBUTIONS HAS A SUFFICIENT BALANCE ALLOWING ME TO RECOMMEND NO INCREASES TO THE HEALTH INSURANCE PROGRAM FOR THE NEXT FISCAL YEAR.

THIS MEANS NEARLY A THREE MILLION DOLLAR SAVINGS FOR THE NEXT FISCAL YEAR.

STATE EMPLOYEES WILL NOT HAVE AN INCREASE IN THEIR HEALTH INSURANCE PREMIUMS NEXT YEAR.

THIS COMES AT A TIME WHEN STATE EMPLOYEES HAVE SACRIFICED SALARY INCREASES DUE TO BUDGET CUTBACKS.

I WANT TO THANK OUR STATE EMPLOYEES FOR HELPING US THROUGH TIGHT BUDGET TIMES.

AMONG OTHER INITIATIVES, I SUPPORT REPEAL OF THE FERTILIZER FEE.

REMOVING THIS FEE WILL REDUCE THE PRODUCTION COSTS FOR FARMERS AND RANCHERS.

ALSO, THE STATE'S HOMESTEAD EXEMPTION PROGRAM SHOULD BE ADJUSTED. WE MUST REDUCE THE "CLIFF EFFECT" FOR THOSE NEBRASKANS WHO ARE TRULY IN NEED OF THIS PROPERTY TAX RELIEF. AND WE MUST INCREASE THE MINIMUM INCOME GUIDELINES.

THIS YEAR'S BUDGET WILL BE LEAN. IT TAKES A FISCALLY RESPONSIBLE APPROACH FOR THE INITIATIVES I'M PROPOSING -- AND THEY WON'T REQUIRE ANY TYPE OF TAX INCREASE OR NEW TAX.

NEBRASKANS ARE PROUD AND PERSISTENT PEOPLE. OUR HOPE FOR THE FUTURE RESTS IN OUR ABILITY TO WEATHER THE STORMS AND MOVE AHEAD. IN 1993, WE WEATHERED MANY STORMS.

I WANT TO COMMEND EVERYONE WHO HELPED OUR FELLOW NEBRASKANS AND OUR MID-WESTERN NEIGHBORS DURING LAST YEAR'S DISASTERS. THERE ARE COUNTLESS STORIES OF INDIVIDUAL BRAVERY AND SACRIFICE ALL THROUGH THIS STATE.

YOUR ACTIONS ARE STERLING EXAMPLES OF COURAGE IN THE FACE OF ADVERSITY. IT SHOWS OUR CAPABILITY TO COME TOGETHER AS ONE NEBRASKA.

THERE IS ONE INDIVIDUAL WHOSE LEADERSHIP AND EXPERTISE WAS INVALUABLE DURING THE FLOODS AND STORMS. I'D LIKE TO THANK ADJUTANT GENERAL STAN HENG FOR HIS SERVICE TO THE PEOPLE OF NEBRASKA.

AS I TOURED SOME OF THE DISASTER AREAS WITH THE GENERAL LAST YEAR, I HEARD MANY OF THE VICTIMS TALK ABOUT THE FUTURE. THAT'S A DIFFICULT THING TO DO WHEN YOU SEE YOUR CROPS AND PROPERTY DESTROYED.

BUT IN MY CONVERSATIONS WITH THE PEOPLE, THERE WAS IN THEIR VOICES, WORDS OF HOPE, COURAGE, AND A POSITIVE VISION FOR THE TIMES AHEAD.

WE, AS PUBLIC SERVANTS, MUST DRAW UPON THE COURAGE, HOPE AND VISION OF THE NEBRASKANS WE SERVE.

THIS IS NOT THE FIRST, NOR WILL IT BE THE LAST SESSION WHERE DIFFICULT ISSUES WILL BE DEBATED, AND WHERE TOUGH DECISIONS WILL HAVE TO BE MADE.

WE MUST HAVE THE VISION, THE COURAGE, AND DETERMINATION TO BE PIONEERS INTO THE 21st CENTURY. LET US BLAZE A NEW TRAIL. LET US EMBARK WITH CONFIDENCE.

THANK YOU.

The committee escorted Governor Nelson from the Chamber.

UNANIMOUS CONSENT - Print in Journal

Messrs. Lynch and Lindsay asked unanimous consent to print the following amendment to LB 665 in the Journal. No objections. So ordered.

AM2690

1. Strike the original sections and insert the following new sections:

"Section 1. The Legislature finds and declares that:

(1) It is the policy of the state that the constitutional rights of citizens and organizations to be involved and participate freely in the process of government must be encouraged and safeguarded with great diligence. The information, reports, opinions, claims, arguments, and other

expressions provided by citizens are vital to effective law enforcement, the operation of government, the making of public policy and decisions, and the continuation of representative democracy. The laws, courts, and other agencies of this state must provide the utmost protection for the free exercise of these petition, speech, and association rights;

(2) Civil actions for damages have been filed against citizens and organizations of this state as a result of the valid exercise of their constitutional rights to petition, speech, and association. There has been a disturbing increase in such strategic lawsuits against public participation in government;

(3) The threat of strategic lawsuits against public participation, personal liability, and burdensome litigation costs significantly chills and diminishes citizen participation in government, voluntary public service, and the exercise of these important constitutional rights. This abuse of the judicial process can and has been used as a means of intimidating, harassing, or punishing citizens and organizations for involving themselves in public affairs; and

(4) It is in the public interest and it is the purpose of sections 1 to 6 of this act to strike a balance between the rights of persons to file lawsuits for injury and the constitutional rights of persons to petition, speech, and association, to protect and encourage public participation in government to the maximum extent permitted by law, to establish an efficient process for identification and adjudication of strategic lawsuits against public participation, and to provide for attorney's fees and costs and actual damages.

Sec. 2. For purposes of sections 1 to 6 of this act:

(1) Action involving public petition and participation shall mean an action, claim, cross-claim, or counterclaim for damages that is brought by a public applicant or permittee and is materially related to any efforts of the defendant to report on, comment on, rule on, challenge, or oppose the application or permission;

(2) Communication shall mean any statement, claim, allegation in a proceeding, decision, protest, writing, argument, contention, or other expression;

(3) Government body shall mean a city, a village, a political subdivision, a state agency, the state, the federal government, or a public authority, board, or commission; and

(4) Public applicant or permittee shall mean any person who has applied for or obtained a permit, zoning change, lease, license, certificate, or other entitlement for use or permission to act from any government body or any person with an interest, connection, or affiliation with such

person that is materially related to such application or permission.

Sec. 3. (1) A defendant in an action involving public petition and participation may maintain an action, claim, cross-claim, or counterclaim to recover damages, including costs and attorney's fees, from any person who commenced or continued such action. Costs and attorney's fees may be recovered upon a demonstration that the action involving public petition and participation was commenced or continued without a substantial basis in fact and law and could not be supported by a substantial argument for the extension, modification, or reversal of existing law. Other compensatory damages may only be recovered upon an additional demonstration that the action involving public petition and participation was commenced or continued for the purpose of harassing, intimidating, punishing, or otherwise maliciously inhibiting the free exercise of petition, speech, or association rights.

(2) The right to bring an action under this section may be waived only if it is waived specifically.

(3) Nothing in this section shall affect or preclude the right of any party to any recovery otherwise authorized by common law or by statute, rule, or regulation.

Sec. 4. (1) In an action involving public petition and participation, damages, including costs and attorney's fees, may only be recovered if the plaintiff, in addition to all other necessary elements, has established by clear and convincing evidence that any communication which gives rise to the action was made with knowledge of its falsity or with reckless disregard of whether it was false, where the truth or falsity of such communication is material to the cause of action at issue.

(2) Nothing in this section shall be construed to limit any constitutional, statutory, or common law protections of defendants to actions involving public petition and participation.

Sec. 5. A motion to dismiss based on a failure to state a cause of action shall be granted when the moving party demonstrates that the action, claim, cross-claim, or counterclaim subject to the motion is an action involving public petition and participation unless the party responding to the motion demonstrates that the cause of action has a substantial basis in law or is supported by a substantial argument for an extension, modification, or reversal of existing law. The court shall expedite and grant preference in the hearing of such motion.

Sec. 6. A motion for summary judgment shall be granted when the moving party has demonstrated that the action, claim, cross-claim, or counterclaim subject to the

motion is an action involving public petition and participation unless the party responding to the motion demonstrates that the action, claim, cross-claim, or counterclaim has a substantial basis in fact and law or is supported by a substantial argument for an extension, modification, or reversal of existing law. The court shall grant preference in the hearing of such motion.

Sec. 7. Since an emergency exists, this act shall be in full force and take effect, from and after its passage and approval, according to law.".

Messrs. Lindsay and Abboud asked unanimous consent to print the following amendment to LB 262 in the Journal. No objections. So ordered.

ATTORNEY GENERAL'S OPINION

Opinion No. 94003

DATE: January 10, 1994

SUBJECT: Constitutionality of Proposed Change to the Nebraska Waste Reduction and Recycling Act.

REQUESTED BY: Senator C.N. (Bud) Robinson
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Steve Grasz, Deputy Attorney General

You have inquired as to the constitutionality of a proposed amendment to the Nebraska Waste Reduction and Recycling Act to allow the State to make low-interest loans to both public and private entities for use in developing, constructing or purchasing equipment used for tire recycling. Specifically, you have inquired as to whether such an amendment would violate Neb. Const. Art. XIII, § 3, which prohibits the lending of the "credit of the state."

Discussion

A. The Waste Reduction and Recycling Act

The Nebraska Waste Reduction and Recycling Act ("the Act") is found at Neb. Rev. Stat. § 81-15,159 to 81-15,165 (Cum.Supp. 1992) (Supp. 1993). Currently, the Act establishes a Waste Reduction and Recycling Incentive Fund to be administered by the Department of Environmental Quality. The fund may be used for a variety of specified purposes such as assistance in creating recycling systems, recycling and waste reduction projects, capital assistance for establishing private and public intermediate processing facilities using recyclable materials in new products, and capital assistance for establishing private and public facilities to manufacture combustible waste products and to incinerate waste to generate and recover energy resources. Neb. Rev. Stat. § 81-15,160(2) (Supp. 1993). The Act currently provides for grants from the fund to a political subdivision or other entity or organization, public or private, which meets certain criteria when it is found that the proposed reduction or recycling program or project appears to benefit the general public. Neb. Rev. Stat. § 81-15,161 (Supp. 1993).

The proposed amendment would involve making low-interest loans to public and private entities for use in developing, constructing or purchasing equipment for tire recycling.

B. The Credit of the State

The Nebraska Constitution prohibits the unlawful pledge of the credit of the State: "The credit of the State shall never be given or loaned in aid of any individual, association, or corporation. . . ." Neb. Const. Art. XIII, §3.

The Nebraska Supreme Court has stated "the purpose of article XIII, §3, of Nebraska's Constitution is to prevent the State or any of its governmental subdivisions from extending the state's credit to private enterprise. (Citation omitted). It is designed to prohibit the state from acting as a surety or guarantor of the debt of another." Haman v. Marsh, 237 Neb. 699, 718, 467 N.W.2d 836 (1991) (emphasis added). See also Haman, 237 Neb. at 722.

Haman is the most recent Nebraska Supreme Court decision to interpret Article XIII, Section 3, of the Nebraska Constitution. Haman involved legislation which appropriated $33.8 million of state tax money to compensate depositors who had suffered losses due to the failure of industrial loan and investment companies in Nebraska. In Haman, the Court established a three-prong test, and stated that to establish a law was unconstitutional under Article XIII, Section 3, a plaintiff had to prove each of the following elements: 1) The credit of

the state 2) was given or loaned; 3) in aid of any individual, association, or corporation. Haman, 237 Neb. at 719.

Thus, the threshold question which must be analyzed is whether the proposed amendment to the Nebraska Waste Reduction and Recycling Act involves the "credit of the state."

In Haman, the Court noted that the state's credit was inherently the power to levy taxes and involved the obligation of its general fund. The Court stated as follows: "There is a distinction between the loaning of state funds and the loaning of the state's credit. When a state loans funds, it is in the position of creditor, whereas the state is in the position of debtor upon a loan of credit." Id. at 719-720. (Emphasis added). Thus, when the State's credit is given or loaned, the State is in the position of a surety or guarantor of the debt of another. Id. at 718. Accord Utah Technology Finance Corp. v. Wilkinson, 723 P.2d 406, 411 (Utah 1986) (loaning the credit of the State is "liability for the debt of another . . . suretyship.").[1]

The court concluded in Haman that under the legislation in question "the State would be forever liable for the losses of industrial company depositors . . . the stated purpose of the act is redemption of the guarantees of a private corporation to depositors by obligating present and future taxes from the State's general fund." Id. at 720. In contrast, the proposed amendment to the Act would provide low-interest loans for certain tire recycling projects. As stated above, the Nebraska Supreme Court has expressly distinguished between loaning the State's credit and the loaning of state funds. Haman, 237 Neb. at 719-720. If the proposed amendment provides for the loaning of state funds whereby the State is in the position of a creditor rather than debtor, there is no violation of Article XIII, § 3 as the State's credit is not given or loaned.

C. Public Purpose

In Op. Att'y Gen. No. 93004 (Febr. 2, 1993), we examined another proposed amendment to the Act under Neb. Const. Act XIII, § 3 and also under the Public Purpose Doctrine. Our analysis under the Public Purpose Doctrine remains the same with respect to the proposed amendment regarding low-interest loans.

Conclusion

Based on the above analysis, it is our conclusion the proposed amendment would not violate Neb. Const. Art. XIII, § 3 or the Public Purpose Doctrine.

[1]The Nebraska Supreme Court's analysis of the prohibition against the lending of the state's credit is consistent with that of other jurisdictions. In Utah Technology Finance Corp. v. Wilkinson, 723 P.2d 406 (Utah 1986), the court analyzed the Utah Technology and Innovation Act. The Act authorized equity investment and loans to assist and encourage emerging and developing small businesses. Id. at 408. The court concluded, "We find nothing in the Act which would authorize a lending of credit as we defined it . . . and as defined by

other courts . . . viz., the state is not empowered to become a surety or guarantor of another's debts." Id. at 412.

DON STENBERG

RESOLUTION

LEGISLATIVE RESOLUTION 297. Introduced by McKenzie, 34; Robak, 22; Robinson, 16; Moore, 24; Bohlke, 33; Wehrbein, 2.

WHEREAS, ethanol produced from corn is a value-added product that currently utilizes over four hundred fifty million bushels of American corn annually; and

WHEREAS, the use of corn as a value-added product significantly contributes to the creation of American jobs and promotes rural economic development; and

WHEREAS, in 1993 the United States imported over fifty percent of its petroleum products and Nebraska imported over ninety-five percent of the petroleum used within the state; and

WHEREAS, the use of domestically produced renewable energy products such as ethanol will reduce Nebraska's dependance on imported petroleum products; and

WHEREAS, since 1972 the United States has spent 1.3 trillion dollars on imported oil, and the use of domestically produced renewable energy products will reduce the balance of trade deficit; and

WHEREAS, the addition of ethanol to motor gasoline provides oxygen which improves fuel combustion and reduces carbon monoxide, air toxics, and harmful hydrocarbon emissions; and

WHEREAS, the United States Environmental Protection Agency is requiring that nine of the nation's cities with the most severe ground level ozone pollution utilize reformulated gasoline; and

WHEREAS, a number of other states have chosen to adopt the use of reformulated gasoline which is estimated to comprise sixty-five percent of the nation's motor gasoline by the year 2000; and

WHEREAS, the United States Environmental Protection Agency has proposed that thirty percent of the oxygen content of reformulated gasoline come from renewable oxygenates; and

WHEREAS, the United States Environmental Protection Agency has stated that the proposed renewable oxygen standard may increase the demand for ethanol by sixty percent; and

WHEREAS, the adoption of the renewable oxygen standard proposal may increase the demand for ethanol by six hundred million gallons annually which will result in an additional demand for two hundred fifty million bushels of grain for ethanol production; and

WHEREAS, increased demand for grain promotes greater farm income and rural economic development.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the members of the Legislature endorse, support, and encourage final adoption of the United States Environmental Protection Agency's renewal oxygen standard proposal which creates and expands markets for ethanol and grain.

Laid over.

LR 297 was adopted with 24 ayes, 0 nays, and 25 not voting.

LEGISLATIVE RESOLUTION 289. Read. Considered.

Mr. Chambers requested a ruling of the Chair on whether LR 231, as passed in the 1990 Legislative Session, is still in effect thus making consideration of LR 289 necessary.

Mr. Chambers asked unanimous consent to pass over LR 289. No objections. So ordered.

Mr. Coordsen asked unanimous consent to be excused until he returns. No objections. So ordered.

ATTORNEY GENERAL'S OPINIONS

Opinion No. 94005

DATE: January 21, 1994

SUBJECT: Reimbursement of Expenses of Public Service Commissioners for Travel from their Residences to Lincoln, Nebraska

REQUESTED BY: Senator Scott Moore
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
L. Jay Bartel, Assistant Attorney General

You have requested our opinion on several questions relating to the propriety of providing reimbursement to members of the Nebraska Public Service Commission {the "Commission"} for expenses incurred by Commissioners in traveling from their residences to work at the Commission's office in Lincoln, Nebraska. As you note in your request letter, this office previously issued an opinion concluding that expenses incurred by Commissioners in traveling from their residences to Lincoln, Nebraska, were not reimbursable. 1977-78 Rep. Att'y Gen. 443 (Opinion No. 282, dated September 15, 1978). You have asked us to reconsider the conclusion reached in our prior opinion, and indicate that, if necessary, you may introduce legislation allowing reimbursement of such expenses.

Initially, you request a "clarification" of the basis for our prior conclusion that expenses incurred by Commissioners in traveling from their residences to work in Lincoln, Nebraska, were not reimbursable. As stated in our earlier opinion, these expenses

> "simply and straightforwardly {involve} travel to and from work. Generally, it may be stated that no employee of the State of Nebraska is entitled to be reimbursed for the expense of traveling from his residence to the headquarter city of the agency to which he is attached. This, of course, is also true of officers. Generally, employees or officers may choose to live wherever they wish within the State of Nebraska. Having made that choice, the expense of commuting to work will be a personal expense and not a public expense. . . . Public Service Commissioners are fully entitled to reside in Lincoln, Nebraska or in any other area of the state. The fact that they reside in a city different than that from which their duties are to be performed raise{s} no right on their behalf to receive reimbursement for travel to and from those locations.

1977-78 Rep. Att'y Gen. at 445.

"The right of an officer to compensation for expenses incurred by him in the performance of an official duty must be found in a provision of the constitution or a statute conferring it either directly or by necessary implication,. . . ." 67 C.J.S. Officers § 225 (1978). A public officer is not entitled to reimbursement for expenses incurred in traveling from his or her residence to his or her "workplace and returning unless such a subsidy has been specifically authorized by the legislature." Kemp v. Boyd, 166 W. Va. 471, 483, 275 S.E.2d 297, 306 (1981). Accord State ex rel. Carman v. Sims, 145 W. Va. 245,

115 S.E.2d 140 (1960) Thompson v. Frohmiller, 56 Ariz. 313, 107 P.2d 375 (1940).

Neb. Rev. Stat. § 75-104 (1990) provides that Commissioners "shall be entitled to receive from the state their actual necessary traveling expenses, which shall include the cost of transportation while traveling on the business of the commission,. . . ." (emphasis added). As stated in our prior opinion, travel by a Commissioner from his or her residence to Lincoln "does not involve business of the commission but {a} private choice{ } made by commissioners." 1977-78 Rep. Att'y Gen. at 445. See Kemp v. Boyd, 166 W. Va. at 484, 275 S.E.2d at 306 (holding mileage allowance provisions authorizing county officials to receive expense reimbursement when "required to drive their personally owned vehicles in the actual performance and discharge of their official duties" was intended to authorize reimbursement only where official was required to drive his or her own vehicle to some location other than his or her ordinary place of official employment). "Any job will require some sort of transportation expense from the residence of the individual to the location where the job is to be performed. Generally, that may be characterized as a private expense and not one that is job related." 1977-78 Rep. Att'y Gen. at 445.

Thus, reimbursement for expenses incurred by a public official in traveling from his or her residence to his or her place of work and returning may not be made absent specific constitutional or statutory authorization for the payment of such expenses from public funds. Section 75-104 does not specifically provide for the payment of expenses incurred by Commissioners for travel to and from their residences to their place of work in Lincoln, Nebraska. The cost of travel to and from work is a personal expense, and does not constitute "transportation while traveling on the business of the commission" within the intent and meaning of § 75-104.[1]

Your second question is whether the conclusion reached in our prior opinion should be altered because of a recently adopted amendment to Neb. Rev. Stat. § 32-303 (Cum. Supp. 1992). In 1992, § 32-303 was amended to include a provision requiring that "{a}ll candidates {for the Public Service Commission} shall be residents of the district from which they seek election." 1992 Neb. Laws LB 424, § 4.

In our view, the 1992 amendment to § 32-303, requiring that candidates for election to the Commission be residents of the district they seek to represent, has no impact on the conclusion reached in our previous opinion. Section 32-303 continues to provide, as it did at the time of the issuance of our earlier opinion, that "{a}ll members {of the Commission} shall be residents of the district from which they are elected." As we noted in this opinion, the term "residence", as used in § 32-303, should be construed as being "synonymous with domicile." 1977-78 Rep. Att'y Gen. at 443-44.

> Domicile is generally defined as being a legal relationship the individual has with a particular locality either because his home is there or it is because it is assigned to him by law. Every person has a domicile, although persons may have multiple residences or no

> residence. . . . {A}lthough a commissioner is required to maintain a residence in the district from which he is elected this requirement does not entail actual physical presence in that district. It is sufficient if the commissioner's domicile remains in the district from which he is elected and the commissioner does not intend to alter or change his legal domicile even though he may physically reside in some other area.

Id. at 444.

Thus, the amendment to § 32-303 requiring that candidates for election to the Commission "be residents of the district from which they seek election" does not alter the conclusion reached in our prior opinion that expenses incurred by members of the Commission for travel between their residences and their workplace in Lincoln, Nebraska, are not subject to reimbursement. First, as noted previously, there is no constitutional or statutory provision authorizing reimbursement for personal expenses of this nature. Second, the requirement that candidates for Commissioner be residents of the district from which they seek election, as well as the provision requiring members of the Commission to be residents of the district from which they are elected, requires only that candidates or elected members have or maintain their domicile in the district. While candidates or members must maintain their domicile or residence in the district from which they seek to be elected or are elected to represent, these requirements do not preclude Commissioners from physically residing at any location in the state. The 1992 amendment to § 32-303 provides no basis for us to alter our previous conclusion.

Your next question is whether Neb. Rev. Stat. § 75-104 (1990), which provides Commissioners are "entitled to receive from the state their actual necessary traveling expenses, which shall include the cost of transportation while traveling on the business of the commission,. . .", could be interpreted to authorize reimbursement for expenses incurred by Commissioners in traveling from their residences to Lincoln, Nebraska. As we explained in response to your first question, § 75-104 provides only for reimbursement of travel expenses incurred by Commissioners while "on the business of the commission. . . ." Travel by Commissioners from their residences to work is not travel "on the business of the commission". Rather, transportation costs incurred by a Commissioner in going from his or her residence to his or her workplace is, under the general rule, a personal expense, and not an expense incurred in connection with a Commissioner's official duties. Accordingly, expenses incurred by a Commissioner in traveling to and from work are not public expenses subject to reimbursement within the intent and meaning of § 75-104.

Finally, if § 75-104 does not currently authorize Commissioners to claim and receive reimbursement for expenses incurred in traveling to and returning from their place of work in Lincoln, Nebraska, you ask if the statute may be amended to specifically permit such reimbursement. As stated previously, expenses incurred by public officials in traveling from their residence to their workplace and returning are not subject to

reimbursement from public funds absent a constitutional or statutory provision clearly authorizing payment of such expenses. While reimbursement for expenses of this nature incurred by Commissioners is, in our opinion, presently not authorized, we do not believe that the Legislature is necessarily precluded from adopting statutory language clearly permitting the reimbursement of such expenses.

[1] In State ex rel. Douglas v. Beermann, 216 Neb. 849, 347 N.W.2d 297 (1984), the Nebraska Supreme Court "declared Neb. Rev. Stat. §§ 50-201 and 50-202 (Cum. Supp. 1982) constitutional under article III, § 7, of the Nebraska Constitution, and held that legislators may receive reimbursement for expenses incurred in connection with the performance of their duties in addition to their salary and actual expenses in traveling by the most usual route once to and returning from each regular or special session." Jaksha v. Thomas, 243 Neb. 794, 798, 502 N.W.2d 826, 830 (1993). The Court has interpreted the "expenses" of legislators subject to reimbursement under article III, § 7, to "include transportation, meals, and lodging while traveling." State ex rel. Douglas v. Beermann, 216 Neb. at 856, 347 N.W.2d at 302. In Jaksha v. Thomas, the Court stated that the decision in Beermann demonstrated it is "constitutionally permissible for legislators to receive reimbursement for all expenses incurred in connection with the performance of their duties, including mileage for round trips made from the legislator's residence to the state capitol." 243 Neb. at 800, 502 N.W.2d at 830 (emphasis added). Thus, members of the Legislature are entitled to receive reimbursement for expenses incurred in traveling from their residences to the state capitol based on the provisions of article III, § 7, of the Nebraska Constitution, and §§ 50-201 and 50-202, as interpreted by the Nebraska Supreme Court. No similar constitutional or statutory authorization exists to allow reimbursement of expenses of Commissioners incurred in traveling from their residences to and from their workplace in Lincoln, Nebraska.

Very truly yours,

Opinion No. 94006

DATE: January 21, 1994

SUBJECT: Consent and Relinquishment Provisions Pursuant to Adoption for Children Born Out of Wedlock.

Neb. Rev. Stat. §§ 43-104 through 43-104.06 (1988)

REQUESTED BY: Senator Don Wesely
Senator John C. Lindsay
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Royce N. Harper,
Senior Assistant Attorney General

QUESTION: Is the relinquishment or consent provision of Neb. Rev. Stat. § 43-104.02 sufficient to prevent a situation such as the "Baby Jessica" case in Iowa?

ANSWER: Yes. The current statutes found at Neb. Rev. Stat. §§ 43-104 through 43-104.06 (1988) which impose a five day limitation for alleged fathers of children born out of wedlock to file a notice of intent to claim paternity should be sufficient, given the United States and Nebraska Supreme Court decisions, to avoid a problem such as the "Baby Jessica" case.

The case of In the Interest of B.G.C., 496 N.W.2d 239 (1992), otherwise known as the "Baby Jessica" case, involved an unusual set of facts. The mother of the child born out of wedlock named someone else as the father of her child. These two signed the proper release forms and placed the child up for adoption. (The mother instituted an action to rescind the release because it did not comply with a seventy-two hour waiting period. This case was remanded to the trial court to enter an order in favor of the mother.) After the release was signed, the mother informed the real biological father that he was in fact the father. He intervened in the adoption proceedings and successfully asserted paternity. The trial court found that the biological father's parental rights had not been properly terminated as per the statutory provisions. Therefore, the adoption was not valid, and the battle for jurisdiction between Michigan and Iowa began. It is due to this jurisdictional battle and retention of the child by the potential adoptive parents that created the emotional separation which the national media publicized so highly. Although such a scene tears at the heartstrings, the result was dictated by statute. However, it is the opinion of this office that the statute relied upon in Iowa is distinct from the consent provisions in Neb. Rev. Stat. §§ 43-104 through 43-104.06, and the situation encountered there can be avoided by applying related precedent set by the United States and Nebraska Supreme Courts.

It must be pointed out that the exact fact scenario of the "Baby Jessica" case has not been adjudicated by the United States or Nebraska Supreme Courts. Therefore, this opinion has limited precedential value.

United States Supreme Court Decisions

The rights of biological fathers in regard to children born out of wedlock are defined by the leading cases of Stanley v. Illinois, 405 U.S. 645 (1972) Quilloin v. Walcott, 434 U.S. 246 (1978); Caban v. Mohammed, 441 U.S. 380 (1979); and Lehr v. Robertson, 463 U.S. 248 (1983). This line of cases has put forth the accepted notion that parental rights and responsibilities are intertwined. Through these cases, the Court has almost entirely subordinated the interests of putative fathers to those of mothers and legally recognized fathers. "{T}he mere existence of a biological link does not merit equivalent constitutional protection." Lehr at 267-268. The existence of a biological link only "offers the natural father an opportunity that no other male possesses to develop a relationship with his offspring." Id. at 262. Thus, the state need only provide adequate protection for a biological father to form a relationship with his child. In Lehr, this was accomplished with a statute that created a putative fathers registry in which potential fathers had to take affirmative action and responsibility by signing up with the putative father registry in order to receive notice of any adoption proceedings. This registry is similar to what is created by Neb. Rev. Stat. § 43-104.02 (1988) and should withstand a court challenge when a biological father has taken no steps to accept responsibility whether it is during the pregnancy or after the child is born. Also, the state has legitimate interest in the efficient adoption of newborn children and ensuring that putative fathers come forward quickly to take responsibility so that such proceedings are not disturbed after a child has been placed with adoptive parents. The state also has a legitimate interest in protecting the best interests of children born out of wedlock who have the opportunity to be adopted into a more traditional two parent home. The statutes found at Neb. Rev. Stat. §§ 43-104 through 43-104.06 accomplish these state interests and is consistent with the level of protection given to putative fathers by the Unites States Supreme court.

Nebraska Supreme Court Cases

The cases of Shoecraft v. Catholic Social Services, 222 Neb. 574, 385 N.W.2d 448 (1986), and In re Application of S.R.S. and M.B.S., 225 Neb. 759, 408 N.W.2d 272 (1987), appear to contradict each other yet are fact specific and consistent with the United States Supreme Court decisions and legitimate state interests set forth above. In S.R.S. and M.B.S., the father had accepted responsibility and supported the mother during her pregnancy. The father also had lived with the mother and child for 19 months after the child was born. There was an established relationship, and the father immediately accepted responsibility. Whereas in Shoecraft, the biological father took no steps to accept responsibility or establish a relationship. The baby was placed for adoption immediately after birth, and he did not file with the Department of Social Services within the five day period required by Neb. Rev. Stat. § 43-104.02. Although there is language within Shoecraft that leaves open the possibility that a fact situation where the putative father who has no actual notice of the existence of his child can challenge Neb. Rev. Stat. § 43-104.02, it is the opinion of this

office that the state's interest in efficient adoption proceedings, preserving adoption proceedings from later intrusion, and the best interests or well-being of children in the State of Nebraska outweigh the putative father's opportunity interest in establishing a relationship with his children beyond the five day requirement of Neb. Rev. Stat. § 43-104.02.

The United States Supreme Court has limited putative fathers' interests in their children to an opportunity interest in establishing a relationship. That opportunity interest requires the father to step forward to accept responsibility and establish a relationship as early as possible. Although neither the United States nor Nebraska Supreme Courts have addressed a case where the putative father has no actual notice of the existence of his children, this office is of the opinion that the state's compelling interest in efficient and undisturbed adoption proceedings and the best interests and well-being of the state's children are achieved by Neb. Rev. Stat. § 43-104 through 43-104.06, and such statute will withstand a constitutional challenge in a case with facts similar to the "Baby Jessica" case.

DON STENBERG

ATTORNEY GENERAL'S OPINION

Opinion No. 94007

DATE: January 11, 1994

SUBJECT: Victims' Rights

REQUESTED BY: Carol McBride Pirsch, State Senator, District 10

WRITTEN BY: Don Stenberg, Attorney General
Laurie Smith Camp, Assistant Attorney General

You have inquired whether the victims' rights set out in Neb. Rev. Stat. §§ 81-1848 and 81-1850 (Cum. Supp. 1992) are available to victims of crimes committed by offenders who are adjudicated under the Nebraska Juvenile Code as well as victims of crimes committed by offenders tried under the Nebraska Criminal Code. We conclude that the rights described in § 81-1848 are applicable, in part, to victims of crimes committed by offenders who are adjudicated under the Juvenile Code. The rights described in § 81-1850 are by definition applicable only to victims of crimes committed by offenders tried and convicted under the Criminal Code.

Sections 81-1848 and 81-1850 set forth certain rights of "victims" as the term is defined in Neb. Rev. Stat. § 29-119(2) (1993 Supp.). That definition reads as follows:

> (2) Victim shall mean a person who, as a result of a homicide, as defined in sections 28-302 to 28-306, a first degree sexual assault, as defined in section 28-319, a first degree assault, as defined in section 28-308, a sexual assault of a child as defined in section 28-320.01, a second degree assault as defined in section 28-309, a first degree false imprisonment as defined in section 28-314, a second degree sexual assault as defined in section 28-320, or a robbery, as defined in section 28-324, has had a personal confrontation with the offender and shall also include a person who has suffered serious bodily injury as defined in section 28-109 as a result of a motor vehicle accident when the driver was charged with a Class W misdemeanor as provided in section 60-6,196 or 60-197 or with violation of a city or village ordinance enacted in conformance with either of such sections. In the case of homicide, victim shall mean at least one family representative but shall not include the alleged perpetrator of the homicide. In the case of a sexual assault of a child, victim shall mean the child victim and the parents, guardians, or duty appointed legal representative of the child victim but shall not include the alleged perpetrator of the sexual assault.

So, "victims" are not only victims of crimes committed by offenders who are tried under the Nebraska Criminal Code, but also victims of crimes committed by offenders who are adjudicated under the Nebraska Juvenile Code. Some of the victims' rights described in §§ 81-8148 and 81-1850 will by the nature of their description apply only to situations where the offender has been tried and convicted under the Nebraska Criminal Code. For example, the victims' rights listed in § 81-1850 refer to a "convicted person" and place certain responsibilities on the Nebraska Board of Parole and the Department of Correctional Services with respect to information about "convicted persons." A juvenile adjudicated under Nebraska's Juvenile Code would not be considered a "convicted person" and the provisions of § 81-1850 would be inapplicable to situations involving juveniles adjudicated as delinquent. Many of the provisions in § 81-1848(2), however, have a more general application and are not restricted by definition to situations where the offender is tried under the Nebraska Criminal Code. So, many of the victims' rights listed § 81-1848(2) would be just as applicable in proceedings involving juvenile adjudications as they would in proceedings under the Criminal Code. One exception may be the victim's right to receive notification when a defendant in a felony case is released from custody under § 81-1848(2) (j), because an offender adjudicated under the Juvenile Code is not considered to be a "defendant."

If it is your intention to revise §§ 81-1848 and 81-1850 so that the victims' rights described in those sections would apply in cases of juvenile adjudications, attention should be given to such terms as criminal charges, defendant, conviction, and convicted person, because such terms are used in reference to proceedings under the Nebraska Criminal Code, and not adjudications under Nebraska's Juvenile Code.

Sincerely,
DON STENBERG

RESOLUTION

LEGISLATIVE RESOLUTION 304. Introduced by Preister, 5; Dierks, 40.

WHEREAS, our federal government has experienced ongoing difficulty in overcoming the immense technical, managerial, and political obstacles to effective nuclear waste management which has led to a growing crisis; and

WHEREAS, the nuclear waste issue is at a critical juncture throughout our country. Power plants are running out of existing storage capacity for spent fuel rods while public opposition grows to the siting of low-level waste dumps and storage facilities for spent nuclear fuel; and

WHEREAS, our national policy appears to have led to great uncertainty and an increasing financial burden on ratepayers and taxpayers; and

WHEREAS, a comprehensive public review by an independent commission would be appropriate and useful in reviewing our nation's policies regarding the generation and disposal of nuclear waste.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. The Legislature respectfully requests that the President of the United States appoint an independent commission to publicly and comprehensively review our nation's nuclear waste programs and to issue a comprehensive report including evaluations of current programs and recommendations for change.

2. The Legislature respectfully encourages U.S. Senators Bob Kerrey and J. James Exon to join with other U.S. Senators in signing the letter now being circulated by U.S. Senator Paul D. Wellstone of Minnesota to the President asking for the same.

3. That a copy of this resolution be sent to President Clinton and to Senators Exon and Kerrey.

~~(2)~~ (3) The Tax Commissioner may require assessors and other local officers to report to him or her data on taxable valuations and other features of the property tax for such periods and in such form and content as the Tax Commissioner shall require. "Section 1. That section 29-3701, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

29-3701. (1) Following receipt of a verdict of

acquittal on grounds of insanity, the court shall forthwith conduct a hearing to determine whether there is probable cause to believe the person is dangerous to himself, herself, or others by reason of mental illness or defect; or will be so dangerous in the foreseeable future, as demonstrated by ~~an overt act or threat~~ omissions, threats, or overt acts. In making this determination the court shall consider all evidence adduced at trial and all additional relevant evidence. If the court finds probable cause it shall order an evaluation not to exceed ninety days in length of the person's mental condition and a treatment plan pursuant to subsection (4) of this section. The evaluation of the person may be conducted as an outpatient at a regional center or other appropriate facility if the court finds by clear and convincing evidence that the person poses no current danger to society at the time of the probable cause hearing and will not become a danger to society during the evaluation period. Otherwise the evaluation of the person shall be conducted as an inpatient at a locked and secure regional center facility or other appropriate locked and secure facility. When the court orders such an inpatient evaluation, the court shall specify in a detailed written order all conditions of the person's confinement during the evaluation and under what, if any, circumstances the person may leave the locked and secure facility. The written order specifying the conditions of confinement shall include a finding by the court that any freedom of movement accorded the person outside a locked and secure facility is consistent with the safety of the public. ~~If the court finds probable cause, the court shall determine whether and under what conditions of confinement the acquitted person should be committed to a regional center or other appropriate facility for a period not to exceed ninety days for an evaluation of the person's mental condition and for the preparation of a treatment plan pursuant to subsection (4) of this section. When the court commits the person for evaluation, the court shall specify all conditions of the person's confinement during the evaluation including, but not limited to, all circumstances under which the person may leave a locked facility at the place of confinement. The order of commitment specifying the conditions of confinement shall include a finding by the court that any freedom of movement accorded the person outside a locked facility is consistent with the safety of the public.~~

(2) The superintendent of the regional center or the director of the facility to which the person has been ~~committed~~ referred or confined for evaluation shall be responsible for supervising the evaluation and the preparation of an individualized treatment plan.

(3) The report of the evaluation shall address the

following to the extent that the available information allows: (a) The person's psychological condition at the time of the evaluation; (b) the probable course of development of the person's condition, with special attention to the probable relationship between the person's current condition and the person's condition at the time of any omissions, threats, or overt acts establishing dangerousness, including the crime for which he or she was acquitted on grounds of insanity; (c) the probable relationship, if any, between the previous omissions, threats, or overt acts establishing dangerousness and the person's condition at the time of the omissions, threats, or overt acts; and (d) the prognosis for change in the person's condition in light of available treatment. ~~evaluation shall include a determination of whether the person is dangerous to himself, herself, or others by reason of mental illness or defect, or will be so dangerous in the foreseeable future, as demonstrated by an overt act or threat.~~

(4) The individualized treatment plan shall contain a statement of the nature of the specific mental and physical problems and needs of the person, a statement of the least restrictive treatment conditions necessary to achieve the purposes of the plan, a statement of the least restrictive treatment conditions consistent with the safety of the public, and a description of intermediate and long-range treatment goals and a projected timetable for their attainment.

(5) Such evaluation and treatment plan shall include the facts upon which conclusions stated therein are based and shall be received by the court at least ten days prior to the expiration of the evaluation period. Copies of the evaluation and treatment plan shall be furnished to the prosecuting attorney and to the person.

(6) If the person desires a separate evaluation, he or she may file a motion with the court requesting an evaluation by one or more qualified experts of his or her choice. Such evaluation shall be at the person's expense unless otherwise ordered by the court. Any such expert evaluating a person pursuant to this subsection shall have access to the person's records at his or her place of confinement. The court may extend the person's ~~commitment~~ referral or confinement for an additional period not to exceed sixty days, if necessary to permit completion of the separate evaluation. The evaluation shall include the facts upon which conclusions stated therein are based and shall be received by the court at least ten days prior to the expiration of the evaluation period. A copy of such evaluation shall be furnished the prosecuting attorney.

Sec. 2. That section 29-3702, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

29-3702. (1) Prior to the expiration of the

evaluation period provided for in section 29-3701, the court shall conduct an evidentiary hearing regarding the condition of the person, at which time a representative of the facility where he or she was evaluated may testify as to the results of the evaluation and the contents of the treatment plan. Based upon the results of the evaluation, evidence adduced at trial, evidence of other omissions, threats, or overt acts indicative of dangerousness, and any other relevant evidence, the court shall determine whether the person is dangerous to himself, herself, or others by reason of mental illness or defect, will be so dangerous in the foreseeable future, or will be so dangerous absent continuing participation in appropriate treatment.

(2) If the court does not find that there is clear and convincing evidence of such dangerousness, as demonstrated by omissions, threats, or overt acts, the court shall unconditionally release the person from further court-ordered treatment. If the court finds clear and convincing evidence of such dangerousness, as demonstrated by omissions, threats, or overt acts, the court shall order that such person participate in an appropriate treatment program specifying conditions of liberty and monitoring consistent with the treatment needs of the person and the safety of the public. The treatment program may involve any public or private facility or program which offers treatment for mental illness and may include an inpatient, residential, day, or outpatient setting. The court shall specify the conditions of confinement regarding the person's freedom of movement outside locked facilities at the place of confinement, including whether or not the facility may grant the person leave into the community for any period of time, however short. The order of commitment specifying the conditions of confinement shall include a finding by the court that any freedom of movement accorded the person outside a locked facility is consistent with the safety of the public.~~ Personnel at the facility providing the treatment program shall obey the court-ordered conditions, and any person who fails to do so shall upon conviction be subject to the full contempt powers of the court.

When the evaluation is conducted pursuant to a motion by the person and if the person is not indigent, the cost of the evaluation shall be borne by the person.

(2) If as a result of such hearing the court finds that such person is no longer dangerous to himself, herself, or others by reason of mental illness or defect, and will not be so dangerous in the foreseeable future, the court shall order such person unconditionally released from ~~further confinement~~ court-ordered treatment. If the court does not so find, the court shall order that such person ~~returned to an appropriate facility under an appropriate treatment plan and conditions of confinement. (3) If the person has been treated in a regional center or other appropriate facility and is ordered placed in a less restrictive treatment program, the regional center or other appropriate facility shall develop an individual discharge plan consistent with the order of the court and shall provide the less restrictive treatment program a copy of the discharge plan and all relevant treatment information.

(4) Upon motion of the prosecuting attorney or upon its own motion, but at least annually, the court shall hold a hearing to determine whether the person is complying with the conditions set by the court. Upon an initial showing of

probable cause by affidavit or sworn testimony that the person is not complying with the court-ordered conditions, the court may issue a warrant directing the sheriff or any peace officer to take the person into custody and place him or her into a mental health center, regional center, or other appropriate facility with available space where he or she shall be held pending the hearing. When a person has been taken into custody pursuant to this subsection, the hearing shall be held within ten days. Following the hearing, the court shall determine whether placement in the current treatment program should be continued or ceased and whether the conditions of the placement should be continued or modified.

ATTORNEY GENERAL'S OPINION

OPINION No. 94008

DATE:	February 7, 1994
SUBJECT:	LB 76, Status and Authority of the Election Commissioner in Counties Over 50,000 in Population
REQUESTED BY:	Senator Kate Witek Nebraska State Legislature
WRITTEN BY:	Don Stenberg, Attorney General

Dale A. Comer, Assistant Attorney General

LB 76 is a currently pending bill which would substantially revise the election laws in Nebraska. Among other things, the bill deals with the office of election commissioner, and Section 29 of the bill provides that the election commissioner required in counties over 50,000 in population shall be appointed by the Governor. On the other hand, Section 39 of the bill provides that the election commissioner, deputy election commissioner and employees of the office of the election commissioner shall be county employees. Section 38 of LB 76 also requires the county board to provide an office and the necessary supplies for the election commissioner. You are apparently concerned that these various provisions might create some confusion as to the status and authority of the election commissioner in counties over 50,000 in population, and you consequently requested our opinion as to various aspects of the bill.

You first ask to whom the election commissioner in counties over 50,000 in population "is responsible under this situation; the Governor, the county board, or is the election commissioner an independent office holder similar to the elected county office holders?"

The answer to your initial question depends, to some extent, upon what you mean by asking to whom the election commissioner "is responsible." Under Section 36 of LB 76, the Governor shall remove the election commissioner in counties over 50,000 in population:

> . . . when it appears that (1) he or she has been derelict in the performance of the duties of his or her office, (2) he or she is incompetent, (3) his or her conduct is prejudicial to the public interest, (4) he or she has appointed incompetent, negligent, or corrupt precinct or district inspectors, judges of election, clerks of election, or deputy registrars, (5) a fair and impartial registration of election was not obtained in any district of the county, or (6) the act was not enforced in the county.

Therefore, the Governor has the power to remove the election commissioner under LB 76, and in that sense, the election commissioner "is responsible" to the Governor.[1] Also, amendments to LB 76 provide that the Nebraska Secretary of State may "review the practices and procedures of election commissioners," so the election commissioner has some responsibility to the Secretary of State.

On the other hand, under Section 36 of LB 76 the election commissioner is "responsible for the enforcement of the Election Act as it relates to his or her office and for the competency, integrity and conduct of his or her chief deputy election commissioner and all personnel appointed by him or her." In addition, the election commissioner also has a number of specified additional powers and duties under the bill. For example, the election commissioner adopts rules and regulations for elections and the registration of voters, and the election commissioner selects and appoints places of voter registration and polling places. This makes the position appear more like "an independent office holder similar to the elected county office

holders." Therefore, if you wish to have the election commissioner "responsible" to any other entity in a specific sense, we suggest that you may wish to consider some form of amendments to the bill.

Your second question goes directly to the authority of the county board over the election commissioner. Specifically, you ask, "{s}ince the bill {LB 76} designates the election commissioner, deputy and staff as county employees, does the county board have the necessary authority under this legislation to require them to comply with established county personnel policies and procedures?"

One case from the Nebraska Supreme Court is helpful with respect to your second question. In Sarpy County Public Employees Association v. County of Sarpy, 220 Neb. 431, 370 N.W.2d 495 (1985), the Court considered whether the Sarpy County Board or various county officials including the register of deeds, county clerk, county assessor, election commissioner, and county surveyor had authority to bargain collectively with the labor union representing the Sarpy County employees in those offices. The Court ultimately held that, ". . . each publicly elected official, with the exception of the county assessor, is the person authorized to speak on behalf of the county with regard to those employees working in that public official's individual office." Id. at 434, 370 N.W.2d at 497. The Court based its decision, in part, on Neb. Rev. Stat. § 23-1111 (1983) which provided that county officers in all counties had the authority to hire necessary clerks and assistants for such periods and at such salaries as those officers determined with the approval of the county board. The Court also stated,

> . . . the statutes make it relatively clear that in most instances the elected officials are authorized in the first instance to hire their own employees, set their salaries and prescribe their terms and conditions of employment. See § 23-1111. While § 23-1111 speaks only about salary, it seems obvious that the body or official authorized to set the salary has, by necessary implication, the authority to prescribe the manner in which the work must be done in order to entitle the employee to the salary set by the county official.

Id. at 435, 370 N.W.2d at 498, (emphasis added).

It appears to us that the election commissioner for counties over 50,000 in population created by LB 76 would be a county officer because the bill provides that the election commissioner is employed by the county, and because the position created by the bill entails many of the indicia of public office, e.g., the election commissioner is appointed for a specific term, the position is created by statute, and the position has duties and authority beyond that of a mere employee. See Eason v. Majors, 111 Neb. 288, 196 N.W. 133 (1923). Since the current version of Section 23-1111 remains the same as the language discussed in the Sarpy County Public Employees Association case, and since Section 34 of LB 76 also gives the election commissioner the authority to hire assistants and other election personnel, we believe that the holding of the Sarpy County Public Employees Association case would apply to the election commissioners established by LB 76 for

counties over 50,000 in population. Those officials would be county officers, and under that case, the election commissioner and not the county board would be the official to establish personnel policies and procedures for his or her employees.[2] If you wish a different result, you may wish to consider appropriate amendments for LB 76.

[1] Under the current statute, Neb. Rev. Stat. § 32-209 (1988), the Governor may also remove the election commissioner for specified breaches of duty. However, that statute goes further than Section 36 of LB 76 in that it also allows any citizen of the county to "institute an action to order the Governor to remove the commissioner or his deputy, or both."

[2] This conclusion applies to counties over 50,000 in population which are under 150,000 in population. Personnel policies and procedures for counties over 150,000 in population are governed by separate statutory civil service systems. See Neb. Rev. Stat. §§ 23-2501 to 23-2516 and 23-2517 to 23-2533 (1991).

DON STENBERG

LEGISLATIVE BILL 1328. Placed on General File as amended.
Standing Committee amendment to LB 1328:
AM3120

1. Insert the following new sections:
"Section 1. That section 29-2204, Revised Statutes Supplement, 1993, be amended to read as follows:

29-2204. (1) Except as provided in subsection (4) of this section and except when a term of life is required by law, in imposing an indeterminate sentence upon an offender, the court shall:

(a) Fix the minimum and maximum limits of the sentence to be served within the limits provided by law, ~~except that when a maximum limit of life is imposed by the court for a Class IB felony, the minimum limit may be any term of years not less than the statutory mandatory minimum~~ but the minimum limit fixed by the court shall not be greater than one-third of the statutory maximum limit;

(b) Advise the offender on the record the time the offender will serve on his or her minimum term before attaining parole eligibility assuming that no good time for which the offender will be eligible is lost; and

(c) Advise the offender on the record the time the offender will serve on his or her maximum term before attaining mandatory release assuming that no good time for which the offender will be eligible is lost.

If any discrepancy exists between the statement of the minimum limit of the sentence and the statement of parole eligibility or between the statement of the maximum limit of the sentence and the statement of mandatory release, the statements of the minimum limit and the maximum limit shall control the calculation of the offender's term. If the court imposes more than one sentence upon an offender or imposes a sentence upon an offender who is at that time serving another sentence, the court shall state whether the sentences are to be concurrent or consecutive.

(2)(a) When the court is of the opinion that imprisonment may be appropriate but desires more detailed information as a basis for determining the sentence to be imposed than has been provided by the presentence report required by section 29-2261, the court shall commit an offender to the Department of Correctional Services for a period not exceeding ninety days. The department shall conduct a complete study of the offender during that time, inquiring into such matters as his or her previous delinquency or criminal experience, social background, capabilities, and mental, emotional, and physical health and the rehabilitative resources or programs which may be available to suit his or her needs. By the expiration of the period of commitment or by the expiration of such additional time as the court shall grant, not exceeding a further period of ninety days, the offender shall be returned to the court for sentencing and the court shall be provided with a written report of the results of the study, including whatever recommendations the department believes will be helpful to a proper resolution of the case. After receiving the report and the recommendations,

the court shall proceed to sentence the offender in accordance with subsection (1) of this section. The term of the sentence shall run from the date of original commitment under this subsection.

(b) In order to encourage the use of this procedure in appropriate cases, all costs incurred during the period the defendant is held in a state institution under this subsection shall be a responsibility of the state and the county shall be liable only for the cost of delivering the defendant to the institution and the cost of returning him or her to the appropriate court for sentencing or such other disposition as the court may then deem appropriate.

(3)(a) Commencing July 1, 1996, when the court is of the opinion that imprisonment may be appropriate, but that a brief and intensive period of incarceration may serve the interests of society by promoting the rehabilitation of the offender and by deterring the offender from engaging in further criminal activity, the court may commit an offender to the Department of Correctional Services for a period not exceeding one hundred eighty days for placement in a regimented inmate discipline unit followed by one year of intense parole supervision. The court may consider such commitment if the offender (i) has been found guilty of a nonviolent crime, (ii) is seventeen years of age or older but younger than twenty-five years and has no physical or mental handicap that precludes strenuous physical activity, and (iii) has never before been sentenced to a period of incarceration for a felony offense in this or any other state or federal jurisdiction.

(b) Upon successful completion of the term of commitment, the offender shall be placed under the jurisdiction of the Board of Parole for a period of one year. All provisions of Chapter 83, article 1, relating to parole, except eligibility for parole, shall apply to the offender. If the parole of the offender is revoked, the offender shall be returned to the sentencing court for resentencing on the original conviction.

(c) If the offender for any reason fails to complete the program of regimented inmate discipline, the offender shall immediately be returned to the sentencing court for resentencing on the original conviction. Credit shall be given for time actually served in the program.

(d) All costs incurred during the period the offender is held in a regimented inmate discipline unit shall be the responsibility of the state, and the county shall be liable only for the cost of returning him or her to the appropriate court for resentencing or such other disposition as the court may then deem appropriate.

(4) Whenever the defendant was under eighteen years

of age at the time he or she committed the crime for which he or she was convicted, the court may in its discretion, instead of imposing the penalty provided for the crime, make such disposition of the defendant as the court deems proper under the Nebraska Juvenile Code.

Sec. 2. That section 47-502, Revised Statutes Supplement, 1993, be amended to read as follows:

47-502. Any person sentenced to a city or county jail shall have his or her term reduced seven days for each ~~fourteen~~ seven consecutive days during which he or she has not committed any breach of discipline or other violation of jail regulations. The reductions authorized by this section shall be granted at the end of each period of ~~fourteen~~ seven days, with such periods to run consecutively from the date of confinement following sentencing.

Sec. 3. That section 47-503, Revised Statutes Supplement, 1993, be amended to read as follows:

47-503. (1) Credit against a jail term shall be given to any person sentenced to a city or county jail, including a person sentenced to jail as part of a sentence of probation, for time spent in jail as a result of the criminal charge for which the jail term is imposed or as a result of conduct upon which such charge is based. Such credit shall include, but not be limited to, time spent in jail:

(a) Prior to trial;

(b) During trial;

(c) Pending sentence;

(d) Pending resolution of an appeal; and

(e) Prior to delivery of such person to the county board of corrections or, in counties which do not have a county board of corrections, the county sheriff.

(2) Credit to any person sentenced to a city or county jail who is eligible for credit pursuant to subsection (1) of this section shall be set forth as part of the sentence at the time such sentence is imposed.

Sec. 15. Except when a term of life is required by law, in imposing an indeterminate sentence upon the offender, the court shall:

(1) Fix the minimum and maximum limits of the sentence, but the minimum limit fixed by the court shall not be less than the minimum provided by law nor more than one-third of the maximum term and the maximum limit shall not be greater than the maximum provided by law;

(2) Impose a definite term of years, in which event the maximum term of the sentence shall be the term imposed by the court and the minimum term shall be the minimum sentence provided by law; or

(3) When the court is of the opinion that imprisonment may be appropriate but desires more detailed

information as a basis for determining the sentence to be imposed than has been provided by the presentence report, commit an offender to the department for a period not exceeding ninety days. For purposes of this section, offender shall mean both juveniles and adults. The department shall conduct a complete study of the offender during that time, inquiring into such matters as his or her previous delinquency or criminal experience, social background, capabilities, and mental, emotional, and physical health and the rehabilitative resources or programs which may be available to suit his or her needs. By the expiration of the period of commitment or by the expiration of such additional time as the court shall grant, not exceeding a further period of ninety days, the offender shall be returned to the court for sentencing and the court shall be provided with a written report of the results of the study, including whatever recommendations the department believes will be helpful to a proper resolution of the case. After receiving the report and the recommendations, the court shall proceed to sentence the offender in accordance with any applicable provision of law. The term shall run from the date of original commitment under this section. In order to encourage the use of this procedure in appropriate cases, all costs incurred during the period the defendant is held in a state institution under this subdivision shall be a responsibility of the state and the county shall be liable only for the cost of delivering the defendant to the institution and the cost of returning him or her to the appropriate court for sentencing or such other disposition as the court may then deem appropriate.

Sec. 16. That section 83-1,135, Revised Statutes Supplement, 1993, be amended to read as follows:

83-1,135. Sections 83-170 to 83-1,135 and section 15 of this act shall be known and may be cited as the Nebraska Treatment and Corrections Act.".

"Section 1. That section 29-3701, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

29-3701. (1) Following receipt of a verdict of acquittal on grounds of insanity, the court shall forthwith conduct a hearing to determine whether there is probable cause to believe the person is dangerous to himself, herself, or others by reason of mental illness or defect, or will be so dangerous in the foreseeable future, as demonstrated by ~~an overt act or threat~~ omissions, threats, or overt acts. In making this determination the court shall consider all evidence adduced at trial and all additional relevant evidence. If the court finds probable cause it shall order an evaluation not to exceed ninety days in length of the person's mental condition and a treatment plan pursuant to subsection (4) of this section. The evaluation of the person may be

conducted as an outpatient at a regional center or other appropriate facility if the court finds by clear and convincing evidence that the person poses no current danger to society at the time of the probable cause hearing and will not become a danger to society during the evaluation period. Otherwise the evaluation of the person shall be conducted as an inpatient at a locked and secure regional center facility or other appropriate locked and secure facility. When the court orders such an inpatient evaluation, the court shall specify in a detailed written order all conditions of the person's confinement during the evaluation and under what, if any, circumstances the person may leave the locked and secure facility. The written order specifying the conditions of confinement shall include a finding by the court that any freedom of movement accorded the person outside a locked and secure facility is consistent with the safety of the public. ~~If the court finds probable cause, the court shall determine whether and under what conditions of confinement the acquitted person should be committed to a regional center or other appropriate facility for a period not to exceed ninety days for an evaluation of the person's mental condition and for the preparation of a treatment plan pursuant to subsection (4) of this section. When the court commits the person for evaluation, the court shall specify all conditions of the person's confinement during the evaluation including, but not limited to, all circumstances under which the person may leave a locked facility at the place of confinement. The order of commitment specifying the conditions of confinement shall include a finding by the court that any freedom of movement accorded the person outside a locked facility is consistent with the safety of the public.~~

(2) The superintendent of the regional center or the director of the facility to which the person has been ~~committed~~ referred or confined for evaluation shall be responsible for supervising the evaluation and the preparation of an individualized treatment plan.

(3) The report of the evaluation shall address the following to the extent that the available information allows: (a) The person's psychological condition at the time of the evaluation; (b) the probable course of development of the person's condition, with special attention to the probable relationship between the person's current condition and the person's condition at the time of any omissions, threats, or overt acts establishing dangerousness, including the crime for which he or she was acquitted on grounds of insanity; (c) the probable relationship, if any, between the previous omissions, threats, or overt acts establishing dangerousness and the person's condition at the time of the omissions, threats, or overt acts; and (d) the prognosis for change in the person's

condition in light of available treatment. ~~evaluation shall include a determination of whether the person is dangerous to himself, herself, or others by reason of mental illness or defect, or will be so dangerous in the foreseeable future, as demonstrated by an overt act or threat.~~

(4) The individualized treatment plan shall contain a statement of the nature of the specific mental and physical problems and needs of the person, a statement of the least restrictive treatment conditions necessary to achieve the purposes of the plan, a statement of the least restrictive treatment conditions consistent with the safety of the public, and a description of intermediate and long-range treatment goals and a projected timetable for their attainment.

(5) Such evaluation and treatment plan shall include the facts upon which conclusions stated therein are based and shall be received by the court at least ten days prior to the expiration of the evaluation period. Copies of the evaluation and treatment plan shall be furnished to the prosecuting attorney and to the person.

(6) If the person desires a separate evaluation, he or she may file a motion with the court requesting an evaluation by one or more qualified experts of his or her choice. Such evaluation shall be at the person's expense unless otherwise ordered by the court. Any such expert evaluating a person pursuant to this subsection shall have access to the person's records at his or her place of confinement. The court may extend the person's ~~commitment~~ referral or confinement for an additional period not to exceed sixty days, if necessary to permit completion of the separate evaluation. The evaluation shall include the facts upon which conclusions stated therein are based and shall be received by the court at least ten days prior to the expiration of the evaluation period. A copy of such evaluation shall be furnished the prosecuting attorney.

Sec. 2. That section 29-3702, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

29-3702. (1) Prior to the expiration of the evaluation period provided for in section 29-3701, the court shall conduct an evidentiary hearing regarding the condition of the person, at which time a representative of the facility where he or she was evaluated may testify as to the results of the evaluation and the contents of the treatment plan. Based upon the results of the evaluation, evidence adduced at trial, evidence of other omissions, threats, or overt acts indicative of dangerousness, and any other relevant evidence, the court shall determine whether the person is dangerous to himself, herself, or others by reason of mental illness or defect, will be so dangerous in the foreseeable future, or will be so dangerous absent continuing participation in appropriate

treatment.

(2) If the court does not find that there is clear and convincing evidence of such dangerousness, as demonstrated by omissions, threats, or overt acts, the court shall unconditionally release the person from further court-ordered treatment. If the court finds clear and convincing evidence of such dangerousness, as demonstrated by omissions, threats, or overt acts, the court shall order that such person participate in an appropriate treatment program specifying conditions of liberty and monitoring consistent with the treatment needs of the person and the safety of the public. The treatment program may involve any public or private facility or program which offers treatment for mental illness and may include an inpatient, residential, day, or outpatient setting. The court shall place the person in the least restrictive available treatment program that is consistent with the treatment needs of the person and the safety of the public. ~~If the court determines that there is clear and convincing evidence that the person is dangerous to himself, herself, or others by reason of mental illness or defect, or will be so dangerous in the foreseeable future, as demonstrated by an overt act or threat, the court shall commit the person for treatment to one of the regional centers or other appropriate facility. The court shall specify the conditions of confinement regarding the person's freedom of movement outside locked facilities at the place of confinement, including whether or not the facility may grant the person leave into the community for any period of time, however short. The order of commitment specifying the conditions of confinement shall include a finding by the court that any freedom of movement accorded the person outside a locked facility is consistent with the safety of the public.~~ Personnel at the facility providing the treatment program shall obey the court-ordered conditions, and any person who fails to do so shall upon conviction be subject to the full contempt powers of the court.

Sec. 3. That section 29-3703, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

29-3703. (1) The court which tried a person who is found not responsible by reason of insanity shall annually and may, upon its own motion or upon motion of the person or the prosecuting attorney, review the records of such person and conduct an evidentiary hearing on the status of the person. The court may, upon its own motion or upon a motion by the person or the prosecuting attorney, order an independent psychiatric or psychological evaluation of the person. The court shall consider the results of the evaluation at the evidentiary hearing. When the independent evaluation is conducted pursuant to a motion by the court or the prosecuting

attorney, the cost of such independent evaluation shall be the expense of the county. When the evaluation is conducted pursuant to a motion by the person and if the person is not indigent, the cost of the evaluation shall be borne by the person.

(2) If as a result of such hearing the court finds that such person is no longer dangerous to himself, herself, or others by reason of mental illness or defect, and will not be so dangerous in the foreseeable future, the court shall order such person unconditionally released from ~~further confinement~~ court-ordered treatment. If the court does not so find, the court shall order that such person ~~returned to an appropriate facility under an appropriate treatment plan and conditions of confinement. The court may place the person in a less restrictive setting only if it finds that such placement is consistent with the safety of the public~~ participate in an appropriate treatment program specifying conditions of liberty and monitoring consistent with the treatment needs of the person and the safety of the public. The treatment program may involve any public or private facility or program which offers treatment for mental illness and may include an inpatient, residential, day, or outpatient setting. The court shall place the person in the least restrictive available treatment program that is consistent with the treatment needs of the person and the safety of the public.

(3) If the person has been treated in a regional center or other appropriate facility and is ordered placed in a less restrictive treatment program, the regional center or other appropriate facility shall develop an individual discharge plan consistent with the order of the court and shall provide the less restrictive treatment program a copy of the discharge plan and all relevant treatment information.

(4) Upon motion of the prosecuting attorney or upon its own motion, but at least annually, the court shall hold a hearing to determine whether the person is complying with the conditions set by the court. Upon an initial showing of probable cause by affidavit or sworn testimony that the person is not complying with the court-ordered conditions, the court may issue a warrant directing the sheriff or any peace officer to take the person into custody and place him or her into a mental health center, regional center, or other appropriate facility with available space where he or she shall be held pending the hearing. When a person has been taken into custody pursuant to this subsection, the hearing shall be held within ten days. Following the hearing, the court shall determine whether placement in the current treatment program should be continued or ceased and whether the conditions of the placement should be continued or modified.

(5) Any treatment program to which a person is committed on the effective date of this act under this section or section 29-3702 shall submit reports to the trial court and the prosecuting attorney documenting the treatment progress of that person at least annually. Additionally, if the person fails to comply with any condition specified by the court, the court and the prosecuting attorney shall be notified forthwith.".

1. Strike the original sections and insert the following new sections:

"Section 1. That section 2-1203, Revised Statutes Supplement, 1992, be amended to read as follows:

2-1203. The State Racing Commission shall have power to prescribe and enforce rules and regulations governing horseraces and race meetings licensed as provided in sections 2-1201 to 2-1242. Such rules and regulations shall contain criteria to be used by the commission for decisions on approving and revoking track licenses and licenses for teleracing facilities and telephonic wagering and setting racing dates.

The commission may revoke or suspend licenses issued to racing industry participants and may, in lieu of or in addition to such suspension or revocation, impose a fine in an amount not to exceed one thousand dollars upon a finding that a rule or regulation has been violated by a licensed racing industry participant. The exact amount of the fine shall be proportional to the seriousness of the violation and the extent to which the licensee derived financial gain as a result of the violation. All fines shall be paid into a fund for alcohol and drug rehabilitation services for horseracing industry participants, which fund is hereby created.

The commission may delegate to a board of stewards such of the commission's powers and duties as may be necessary to carry out and effectuate the purposes of such sections. Any decision or action of such board of stewards may be appealed to the commission or reviewed by the commission on its own initiative.

Sec. 2. That section 2-1203.02, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

2-1203.02. Any person applying for or holding a license to participate in or be employed at a horserace meeting licensed by the State Racing Commission shall be subject to fingerprinting and a check of his or her criminal history record information maintained by the Identification Division of the Federal Bureau of Investigation for the purpose of determining whether the commission has a basis to deny the license application or to suspend, cancel, or revoke the person's license, except that the commission shall not

require a person to be fingerprinted if such person has been previously fingerprinted in connection with a license application in this state or any other state within the last five years prior to the application for such license. Any person involved in the administration or management of a racetrack, including the governing body, shall be subject to fingerprinting and a check of his or her criminal history record information maintained by the Identification Division of the Federal Bureau of Investigation. The applicant, licensee, or person involved in the administration or management of a racetrack shall pay the actual cost of any fingerprinting or check of his or her criminal history record information. The requirements of this section shall not apply to employees of ~~food or drink~~ concessions who do not work in restricted-access areas, ~~and~~ admissions employees whose duties involve only admissions ticket sales and verification or parking receipts sales and verification, and medical or emergency services personnel authorized to provide care at the racetrack.

Sec. 3. That section 2-1207, Revised Statutes Supplement, 1993, be amended to read as follows:

2-1207. (1) Within the enclosure of any racetrack where a race or race meeting licensed and conducted under sections 2-1201 to 2-1218 is held or at a racetrack licensed to simulcast races or conduct interstate simulcasting, the parimutuel method or system of wagering on the results of the respective races may be used and conducted by the licensee. Wagers placed through licensed teleracing facilities or by approved telephonic wagering as authorized by sections 2-1230 to 2-1242 shall be deemed to be wagers placed and accepted within the enclosure of any racetrack. Under such system, the licensee may receive wagers of money from any person present at such race or racetrack receiving the simulcast race or conducting interstate simulcasting or placed through a licensed teleracing facility or by approved telephonic wagering by any person who may legally wager on any horse in a race selected by such person to run first in such race, and the person so wagering shall acquire an interest in the total money so wagered on all horses in such race as first winners in proportion to the amount of money wagered by him or her. Such licensee shall issue to each person so wagering a certificate on which shall be shown the number of the race, the amount wagered, and the number or name of the horse selected by such person as first winner. As each race is run, at the option of the licensee, the licensee may deduct from the total sum wagered on all horses as first winners not less than fifteen percent or more than eighteen percent from such total sum, plus the odd cents of the redistribution over the next lower multiple of ten. At the option of the licensee,

the licensee may deduct up to and including ~~twenty-three~~ twenty-four percent from the total sum wagered by exotic wagers as defined in section 2-1208.03. The commission may authorize other levels of deduction on wagers conducted by means of interstate simulcasting. The licensee shall notify the State Racing Commission in writing of the percentages the licensee intends to deduct during the live race meet conducted by the licensee and shall notify the commission at least one week in advance of any changes to such percentages the licensee intends to make. The licensee shall also deduct from the total sum wagered by exotic wagers, if any, the tax plus the odd cents of the redistribution over the next multiple of ten as provided in subsection (1) of section 2-1208.04. The balance remaining on hand shall be paid out to the holders of certificates on the winning horse in the proportion that the amount wagered by each certificate holder bears to the total amount wagered on all horses in such race to run first. The licensee may likewise receive such wagers on horses selected to run second, third, or both, or in such combinations as the commission may authorize, the method, procedure, and authority and right of the licensee, as well as the deduction allowed to the licensee, to be as specified with respect to wagers upon horses selected to run first.

(2) At all race meets held pursuant to this section, the licensee shall deduct from the total sum wagered one-third of the amount over fifteen percent deducted pursuant to subsection (1) of this section on wagers on horses selected to run first, second, or third and one percent of all exotic wagers to be used to promote agriculture and horse breeding in Nebraska and for the support and preservation of horseracing pursuant to section 2-1207.01.

(3) No ~~minor~~ person under nineteen years of age shall be permitted to make any parimutuel wager, and there shall be no wagering except under the parimutuel method outlined in this section. Any person, association, or corporation who knowingly aids or abets a ~~minor~~ person under nineteen years of age in making a parimutuel wager shall be guilty of a Class IV misdemeanor.

Sec. 4. That section 2-1208, Revised Statutes Supplement, 1992, be amended to read as follows:

2-1208. For all race meetings, ~~devoted principally to running races,~~ every corporation or association licensed under the provisions of sections 2-1201 to 2-1218 shall pay the tax imposed by section 2-1208.01 and shall also pay to the State Racing Commission the sum of thirty cents for each person entering the grounds or enclosure of the licensee upon a ticket of admission. If tickets are issued good for more than one day, then the sum of thirty cents shall be paid for each person using such ticket on each day that the same is

used. If any free passes or complimentary admission tickets are issued, the licensee shall pay the same tax upon such passes or complimentary tickets as if the same were sold at the regular and usual admission rate, but nothing in this section shall be construed to prohibit the issuance of tax-free passes to actual and necessary officials and employees of the licensee or other persons actually working at such racetrack. The issuance of all such tax-free passes shall be under the regulations or orders of the commission, and a list of all persons to whom such tax-free passes are issued shall be filed with the commission. For race meetings devoted principally to running live races, the licensee shall pay to the commission the sum of fifty dollars for each live racing day that the licensee serves as the host track for intrastate simulcasting and twenty-five dollars for any other live racing day. ~~four hundred dollars for each racing day of each horserace meeting if the racetrack within which such races are conducted is located in a county of two hundred thousand population or more, in counties of more than seventy-five thousand but less than two hundred thousand population, the licensee shall pay to the commission the sum of one hundred dollars for each racing day, and in counties of not more than seventy-five thousand population, the licensee shall pay to the commission the sum of thirty dollars for each racing day. For race meetings devoted exclusively to harness races or at which the majority of the races conducted each day are harness races, every corporation or association licensed under the provisions of sections 2-1201 to 2-1218 shall pay to the State Racing Commission, for each racing day of each horserace meeting for which a license has been issued, license fees in the amount of only one-fourth of the daily fees respectively prescribed in this section for running race meetings, graduated pursuant to this section in accordance with the population of the county in which the race meeting is conducted.~~

No other license tax, permit tax, occupation tax, or excise tax or racing fee, except as provided in this section and in sections 2-1203, 2-1208.01, and 2-1242, shall be levied, assessed, or collected from any such licensee by the state or by any county, township, district, city, village, or other governmental subdivision or body having power to levy, assess, or collect any such tax or fee.

Sec. 5. That section 2-1209, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

2-1209. Out of the funds received pursuant to section 2-1208, the expenses of the commissioners, the compensation and reasonable expenses of the secretary, assistants, and employees, ~~and their reasonable expenses,~~ and the other reasonable expenses of the commission, including

suitable furniture, equipment, supplies, and office expense, shall first be paid. ~~, and the commission shall retain in its hands the further sum of five thousand dollars as a permanent fund out of which to pay its current expenses. No sums shall be paid out by the commission except the same be regularly audited and allowed and the allowance thereof recorded in the minutes of its meetings, and a voucher therefor be signed by its chairman and secretary~~ The commission shall maintain a reserve fund balance which shall not exceed ten percent of the appropriation for the commission for the calendar year. If the commission has unexpended funds in excess of its appropriation and authorized reserve fund balance at the end of the calendar year, such funds shall be credited to the General Fund. Sums paid out by the commission shall be subject to the general policy for disbursement of funds by agencies of the state, including regular audit.

Sec. 6. That section 2-1211, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

2-1211. Every corporation or association licensed under sections 2-1201 to 2-1218 shall so keep its books and records as to clearly show the ~~total number of admissions to races conducted by it on each racing day, including the number of admissions upon free passes or complimentary tickets, and the amount received daily from admission fees and the~~ total amount of money wagered during the race ~~meet,~~ meeting, including wagers at locations to which its races were simulcast and at races which it received via simulcast from other racetracks, and shall furnish to the commission such reports and information as it may require with respect thereto. At the end of each race ~~meet~~ meeting, the licensee shall furnish to the commission and the Governor a complete audit by a certified public accountant detailing all expenses and disbursements. Such audit shall be in the form specified by the commission and shall be filed on or before February 1 following such meet.

Sec. 7. This act shall become operative on May 1, 1994.

Sec. 7. That section 29-2204, Revised Statutes Supplement, 1993, be amended to read as follows:

29-2204. (1) Except as provided in subsection ~~(4)~~ (3) of this section and except when a term of life is required by law, in imposing an indeterminate sentence upon an offender, the court shall:

(a) Fix the minimum and maximum limits of the sentence to be served within the limits provided by law, except that when a maximum limit of life is imposed by the court for a Class IB felony, the minimum limit may be any term of years not less than the statutory mandatory minimum;

(b) Advise the offender on the record the time the offender will serve on his or her minimum term before

attaining parole eligibility assuming that no good time for which the offender will be eligible is lost; and

(c) Advise the offender on the record the time the offender will serve on his or her maximum term before attaining mandatory release assuming that no good time for which the offender will be eligible is lost.

If any discrepancy exists between the statement of the minimum limit of the sentence and the statement of parole eligibility or between the statement of the maximum limit of the sentence and the statement of mandatory release, the statements of the minimum limit and the maximum limit shall control the calculation of the offender's term. If the court imposes more than one sentence upon an offender or imposes a sentence upon an offender who is at that time serving another sentence, the court shall state whether the sentences are to be concurrent or consecutive.

(2)(a) When the court is of the opinion that imprisonment may be appropriate but desires more detailed information as a basis for determining the sentence to be imposed than has been provided by the presentence report required by section 29-2261, the court shall commit an offender to the Department of Correctional Services for a period not exceeding ninety days. The department shall conduct a complete study of the offender during that time, inquiring into such matters as his or her previous delinquency or criminal experience, social background, capabilities, and mental, emotional, and physical health and the rehabilitative resources or programs which may be available to suit his or her needs. By the expiration of the period of commitment or by the expiration of such additional time as the court shall grant, not exceeding a further period of ninety days, the offender shall be returned to the court for sentencing and the court shall be provided with a written report of the results of the study, including whatever recommendations the department believes will be helpful to a proper resolution of the case. After receiving the report and the recommendations, the court shall proceed to sentence the offender in accordance with subsection (1) of this section. The term of the sentence shall run from the date of original commitment under this subsection.

(b) In order to encourage the use of this procedure in appropriate cases, all costs incurred during the period the defendant is held in a state institution under this subsection shall be a responsibility of the state and the county shall be liable only for the cost of delivering the defendant to the institution and the cost of returning him or her to the appropriate court for sentencing or such other disposition as the court may then deem appropriate.

(3) ~~(a) Commencing July 1, 1996, when the court is of~~

~~the opinion that imprisonment may be appropriate, but that a brief and intensive period of incarceration may serve the interests of society by promoting the rehabilitation of the offender and by deterring the offender from engaging in further criminal activity, the court may commit an offender to the Department of Correctional Services for a period not exceeding one hundred eighty days for placement in a regimented inmate discipline unit followed by one year of intense parole supervision. The court may consider such commitment if the offender (i) has been found guilty of a nonviolent crime, (ii) is seventeen years of age or older but younger than twenty-five years and has no physical or mental handicap that precludes strenuous physical activity, and (iii) has never before been sentenced to a period of incarceration for a felony offense in this or any other state or federal jurisdiction.~~

~~(b) Upon successful completion of the term of commitment, the offender shall be placed under the jurisdiction of the Board of Parole for a period of one year. All provisions of Chapter 83, article 1, relating to parole, except eligibility for parole, shall apply to the offender. If the parole of the offender is revoked, the offender shall be returned to the sentencing court for resentencing on the original conviction.~~

~~(c) If the offender for any reason fails to complete the program of regimented inmate discipline, the offender shall immediately be returned to the sentencing court for resentencing on the original conviction. Credit shall be given for time actually served in the program.~~

~~(d) All costs incurred during the period the offender is held in a regimented inmate discipline unit shall be the responsibility of the state, and the county shall be liable only for the cost of returning him or her to the appropriate court for resentencing or such other disposition as the court may then deem appropriate.~~

~~(4)~~ Whenever the defendant was under eighteen years of age at the time he or she committed the crime for which he or she was convicted, the court may in its discretion, instead of imposing the penalty provided for the crime, make such disposition of the defendant as the court deems proper under the Nebraska Juvenile Code.".
