LEGISLATIVE BILL 1084. Placed on General File as amended.
Standing Committee amendment to LB 1084:
AM3424

1. Strike the original sections and insert the following new sections:

"Section 1. That section 2-1579, Revised Statutes Supplement, 1993, be amended to read as follows:

2-1579. (1) Except as provided in ~~subsection (2)~~ subsections (2), (5), and (6) of this section, expenditures may be made from the Nebraska Soil and Water Conservation Fund as grants to individual landowners of not to exceed seventy-five percent of the actual cost of eligible projects and practices for soil and water conservation or water quality protection, with priority given to those projects and practices providing the greatest number of public benefits.

(2) The Nebraska Natural Resources Commission shall reserve at least two percent of the funds credited to the fund for grants to landowners ordered by a natural resources district pursuant to the Erosion and Sediment Control Act to install permanent soil and water conservation practices. Such

funds shall be made available for ninety percent of the actual cost of the required practices and shall be granted on a first-come, first-served basis until exhausted. Applications not served shall receive priority in ensuing fiscal years.

(3) The commission shall determine which specific projects and practices are eligible for the funding assistance authorized by this section and shall adopt, by reference or otherwise, appropriate standards and specifications for carrying out such projects and practices. A natural resources district assisting the commission in the administration of the program may, with commission approval, further limit the types of projects and practices eligible for funding assistance in that district.

(4) As a condition for receiving any cost-share funds pursuant to this section, the landowner shall be required to enter into an agreement that if a conservation practice is terminated or a project is removed, altered, or modified so as to lessen its effectiveness, without prior approval of the commission or its delegated agent, for a period of ten years after the date of receiving payment, the landowner shall refund to the fund any public funds used for the practice or project. When deemed necessary by the commission or its delegated agent, the landowner may as a further condition for receiving such funds be required to grant a right of access for the operation and maintenance of any eligible project constructed with such assistance. Acceptance of money from the fund shall not in any other manner be construed as affecting land ownership rights unless the landowner voluntarily surrenders such rights.

(5)(a) No apportionment of funds first appropriated for fiscal year 1996-97 shall be made from the fund for a practice or project in a natural resources district which does not have, by January 1, 1996, an approved ground water management plan pursuant to sections 46-673.01 to 46-673.14.

(b) No apportionment of funds appropriated for any fiscal year subsequent to fiscal year 1996-97 shall be made from the fund for a practice or project in a natural resources district which does not have, by the March 1 immediately preceding the start of such subsequent fiscal year, an approved ground water management plan pursuant to sections 46-673.01 to 46-673.14.

(6) To the extent feasible, the commission shall administer the fund so that federal funds available within the state for the same general purposes are supplemented and not replaced with state funds.

Sec. 2. That section 2-1589, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

2-1589. (1) Allocations from the Nebraska Resources Development Fund may be made as grants to agencies or

political subdivisions when it is determined that such an allocation will not be reimbursed from revenue or receipts and when the program or project appears to be of general public benefit, ~~thereby~~ making reimbursement of such money from local tax funds inappropriate or impossible, or when the funds are intended for a state or local contribution to a program or project requiring such contribution to meet the requirements for a matching federal grant.

(2) Allocations may be made from the fund by the commission as loans to agencies or political subdivisions for any program or project or any part thereof consistent with the purposes of sections 2-1586 to 2-1595 which will directly generate revenue or receipts, ~~or~~ which can be anticipated to culminate in a program or project which will generate revenue or receipts, or which ~~would~~ will not generate revenue or receipts but ~~would~~ will be of general public benefit to the applicant, making repayment from local tax funds appropriate.

(3)(a) No allocation of funds first appropriated for fiscal year 1996-97 shall be made from the fund for a practice or project to a natural resources district which does not have, by January 1, 1996, an approved ground water management plan pursuant to sections 46-673.01 to 46-673.14.

(b) For any fiscal year subsequent to fiscal year 1996-97, a natural resources district may receive allocations from the fund for practices or projects if the district has, by the March 1 immediately preceding the start of such subsequent fiscal year an approved ground water management plan pursuant to sections 46-673.01 to 46-673.14.

Sec. 3. That section 46-673.14, Revised Statutes Supplement, 1992, be amended to read as follows:

46-673.14. Prior to ~~July 1, 1993~~ January 1, 1996, each district shall amend its ground water management plan to identify to the extent possible the levels and sources of ground water contamination within the area, ground water quality goals, long-term solutions necessary to prevent the levels of ground water contaminants from becoming too high and to reduce high levels sufficiently to eliminate health hazards, and practices recommended to stabilize, reduce, and prevent the occurrence, increase, or spread of ground water contamination. Each district shall include in its plan any agreements between the district and state or federal agencies consulted by the director when reviewing the plan. Such agreements shall include any cooperative arrangements or management actions necessary for approval of the plan. If a special ground water quality protection area has been designated in a district as of September 6, 1991, the district shall not be required to amend its plan for the geographical area encompassed by the special protection area.

Sec. 4. That section 46-674, Revised Statutes

Supplement, 1992, be amended to read as follows:

46-674. Sections 46-656 to 46-674.20 and sections 5 and 6 of this act shall be known and may be cited as the Nebraska Ground Water Management and Protection Act.

Sec. 5. (1) Any district which fails to comply with section 46-673.14 shall be ineligible to receive for fiscal year 1996-97 any federal funds to which the district would otherwise be entitled or any funds appropriated pursuant to sections 77-27,136 and 77-27,137.02.

(2) Any district which fails to have an approved ground water management plan pursuant to sections 46-673.01 to 46-673.14 by January 1, 1996, shall become eligible to receive funds enumerated in subsection (1) of this section for any subsequent fiscal year if the district has an approved ground water management plan pursuant to sections 46-673.01 to 46-673.14 by the March 1 immediately preceding the start of such fiscal year.

Sec. 6. Each district shall, on or before January 1, 1997, begin implementation of an approved ground water management plan pursuant to sections 46-673.01 to 46-673.14 which specifically addresses ground water quality.

Sec. 7. That section 77-27,137.02, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

77-27,137.02. ~~The~~ Except as provided in section 46-673.14, the appropriation provided for in section 77-27,136 for aid to natural resources districts shall be distributed to the various natural resources districts of the state on the basis of the ratio of the total amount of property taxes levied by the particular natural resources district to the total amount of property taxes levied by all natural resources districts within the state based on amounts stated in the most recent certificate of taxes levied statement and schedules submitted by each county to the Tax Commissioner pursuant to section 77-1613.01. The Tax Commissioner shall determine the amount to be distributed to the various natural resources districts and certify such amounts by voucher to the Director of Administrative Services. Each amount shall be distributed in seven as nearly as possible equal monthly payments between the fifth and twentieth day of each month beginning December 1, 1982, and each December thereafter. The Director of Administrative Services shall, upon receipt of such notification and vouchers, draw warrants against funds appropriated. The proceeds of the payments received by the various natural resources districts shall be credited to the general fund of the district.

Sec. 8. That original sections 2-1589 and

A shareholder or member may vote either in person or by proxy executed in writing by the shareholder or member or by his or her duly authorized attorney in fact appointing any director, officer, shareholder, or member for such purpose. In the case of a mutual company or an assessment association, such proxy may be incorporated into a member's application for insurance or policy. All such proxies shall be filed or on file with the stock or mutual company or assessment association at least five days prior to the day of the meeting, and they shall expire eleven months from their effective date, unless otherwise provided in such proxy, application, or policy. Nothing in this section shall be construed to prohibit or limit the right of a shareholder or member to vote in person or otherwise revoke any such proxy at any time prior to any exercise thereof. In the case of a mutual company or an assessment association, there shall be no quorum requirements for any meeting of members except as set forth in the articles of incorporation or the bylaws of such mutual company or assessment association.

The amount thereof outstanding with the unpaid interest shall be stated in each annual report.

Sec. 49. That section 44-221, Revised Statutes Supplement, 1992, be amended to read as follows:

The principal of such notes may be paid from time to time, either in full or in part, from available surplus funds of the company only when the amount of the surplus of the company over all liabilities is double that of the principal amount then being paid. The ~~corporation~~ company shall have the right to make such repayments whenever it is able to do so, except that the ~~corporation~~ company shall first receive the prior approval of the Director of Insurance for any such repayments. The director shall use the standards set forth in section 44-2136 relating to adequacy of surplus in determining whether or not to approve such repayments. The interest on such notes shall only be payable from the surplus and shall not exceed such sum as may be fixed, ~~nor in any case six percent per annum.~~ Upon a dissolution of the company, the principal and accrued and unpaid interest shall be payable from the surplus.

(4) Subsection (1) of this section shall not apply to a person who has received medical assistance pursuant to section 43-522 or sections 68-1018 to 68-1025 or an organ transplant recipient terminated from coverage under medicare during the six-month period immediately preceding the effective date of coverage.

Such notice shall be sent by certified mail to the compensation court. No such cancellation shall be effective until ten days after the mailing of such notice. If the

employer has secured insurance with another insurer which would cause double coverage, such cancellation shall be made effective as of the effective date of such other insurance.

(2) If an insurer intends to nonrenew a contract or policy of insurance issued under the Nebraska Workers' Compensation Act, the insurer shall give notice to such effect in writing to the Nebraska Workers' Compensation Court and to the employer. Such notices shall contain a brief statement of the insurer's reasons for nonrenewal and shall be sent by certified mail to the compensation court and the employer. 1. Strike original section 2 and insert the following new sections:

"Sec. 2. That section 9-402, Uniform Commercial Code, be amended to read as follows:

U9-402. Formal requisites of financing statement; amendments; fees; mortgage as financing statement; substantial compliance; effect.

(1) A financing statement may be in a form prescribed by the Secretary of State and is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address of the debtor and contains a statement indicating the types, or describing the items, of collateral. The Secretary of State shall require that the social security number or the federal tax identification number of both the secured party and the debtor be provided on the financing statement and other related filings. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. When the financing statement covers crops growing or to be grown, the statement must also contain a description of the real estate concerned. When the financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 9-103, or when the financing statement is filed as a fixture filing (section 9-313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subsection (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor. A carbon, photographic or other reproduction of a security agreement or a financing statement is sufficient as a financing statement if the security agreement so provides or if the original has been filed in this state.

(2) A financing statement which otherwise complies with subsection (1) is sufficient when it is signed by the secured party instead of the debtor when it is filed to perfect a security interest in

(a) collateral already subject to a security interest in another jurisdiction when it is brought into this state, or when the debtor's location is changed to this state. Such a financing statement must state that the collateral was brought into this state or that the debtor's location was

changed to this state under such circumstances; or

(b) proceeds under section 9-306 if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral; or

(c) collateral as to which the filing has lapsed; or

(d) collateral acquired after a change of name, identity or corporate structure of the debtor (subsection (7)).

(3) The Secretary of State shall prescribe a form substantially as follows to comply with subsection (1):

Name of debtor (or assignor) .....

Address .....

Name of secured party (or assignee) .....

Address ..... .

1. This financing statement covers the following types (or items) of property:

(Describe)

..... .

2. (If collateral is crops) The above described crops are growing or are to be grown on:

(Describe real estate)

..... .

3. (If applicable) The above goods are to become fixtures on (Describe real estate) ..... and this financing statement is to be filed for record in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is ..... .

4. (If products of collateral are claimed) Products of the collateral are also covered.

Signature of debtor (or assignor) .....

Signature of secured party (or assignee) ..... .

(4) Except as provided in this subsection, a ~~A~~ financing statement may be amended by filing a writing signed by both the debtor and the secured party, except that an amendment filed to show a change of the name of the secured party, the address of the secured party, or both is sufficient when it is signed only by the secured party. The Secretary of State may adopt rules and regulations for the change of a secured party's name or address on multiple financing statements by use of a single amendment, including a reasonable fee for processing of the amendment. An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. Except as provided in this subsection, the ~~The~~ fee for such filings shall be as provided in subsection (5) of section 9-403. In this article, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.

(5) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 9-103, or a financing statement filed as a fixture filing (section 9-313) where the debtor is not a transmitting utility, must show that it covers this type of collateral, must recite that it is to be filed for record in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.

(6) A mortgage is effective as a financing statement filed as a fixture filing from the date of its recording if (a) the goods are described in the mortgage by item or type, (b) the goods are or are to become fixtures related to the real estate described in the mortgage, (c) the mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records, and (d) the mortgage is duly recorded. No fee with reference to the financing statement is required other than the regular recording and satisfaction fees with respect to the mortgage.

(7) A financing statement sufficiently shows the name of the debtor if it gives the individual, partnership, limited liability company, or corporate name of the debtor, whether or not it adds other trade names or the names of the partners or members. Where the debtor so changes his or her name or in the case of an organization its name, identity or corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than four months after the change, unless a new appropriate financing statement is filed before the expiration of that time. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(8) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading. The failure to include the social security number or the federal tax identification number shall not render any filing unperfected.

Sec. 3. That original sections 9-306 and 9-402, Uniform Commercial Code, are repealed.".

AM3497

(Amendments to E & R amendments, AM5677)

1. Insert the following new sections:

"Sec. 15. That section 85-1402, Revised Statutes Supplement, 1992, be amended to read as follows:

85-1402. For purposes of the Coordinating Commission for Postsecondary Education Act:

(1)(a) Capital construction project shall mean a project which utilizes tax funds designated by the Legislature and shall be: Any proposed new capital structure; any proposed addition to, renovation of, or remodeling of a capital structure; any proposed acquisition of a capital

structure by gift, purchase, lease-purchase, or other means of construction or acquisition that (i) will be directly financed in whole or in part with tax funds designated by the Legislature totaling at least the minimum capital expenditure for purposes of this subdivision or (ii) is likely, as determined by the institution, to result in an incremental increase in appropriation or expenditure of tax funds designated by the Legislature of at least the minimum capital expenditure for the facility's operations and maintenance costs in any one fiscal year within a period of ten years from the date of substantial completion of the project. No tax funds designated by the Legislature shall be appropriated or expended for any incremental increase of more than the minimum capital expenditure for the costs of the operations and utilities of any facility which is not included in the definition of capital construction project and thus is not subject to commission approval pursuant to the Coordinating Commission for Postsecondary Education Act. No institution shall include a request for funding such an increase in its budget request for tax funds designated by the Legislature nor shall any institution utilize any such funds for such an increase. The Governor shall not include in his or her budget recommendations, and the Legislature shall not appropriate, such funds for such increase.

(b) For purposes of this subdivision:

(i) Directly financed shall mean funded by:

(A) Appropriation of tax funds designated by the Legislature for the specific capital construction project;

(B) Property-tax levies used to establish a capital improvement and bond sinking fund pursuant to section 85-1515; or

(C) That portion of tax funds designated by the Legislature and appropriated by the Legislature for the general operation of the public institution and utilized to fund the capital project;

(ii) Minimum capital expenditure shall mean:

(A) For purposes of subdivision (a)(i) of this subdivision, a base amount of two hundred thousand dollars; and

(B) For the facility's operations and maintenance costs pursuant to subdivision (a)(ii) of this subdivision, a base amount of fifty thousand dollars for any one fiscal year.

Both base amounts shall be subject to any inflationary or market adjustments made by the commission pursuant to this subdivision. The commission shall adjust the base amounts on a biennial basis beginning January 1, 1996. The adjustments shall be based on percentage changes in a construction cost and other published index relevant to operations and utilities costs, both as selected by the

commission in cooperation with the public institutions. The index or indices shall reflect inflationary or market trends for the applicable operations and maintenance or construction costs; and

(iii) Incremental increase shall mean an increase in appropriation or expenditure of tax funds, designated by the Legislature of at least the minimum capital expenditure for a facility's operations and maintenance costs, beyond any increase due to inflation to pay for a capital structure's operations and maintenance costs that are a direct result of a capital construction project; ~~Capital construction project shall mean every proposed new capital structure, addition to or renovation or remodeling of an existing capital structure, lease purchase agreement for a capital structure, or other construction contract for a capital structure, the total cost of any of which (a) is five hundred thousand dollars or more or (b) is less than five hundred thousand dollars and the commission determines that it is of a type that should be reviewed and approved by the commission in order to carry out its purposes under the act. In determining the types of projects which should be reviewed and approved under subdivision (b) of this subdivision, the commission may by rule and regulation either determine which types of such projects should be subject to review and approval or determine which types of such projects should not be subject to review and approval. The criteria in the rules and regulations shall be based on serving the purpose of commission review of projects using tax funds designated by the Legislature that could (i) unnecessarily duplicate other projects, (ii) conflict with the statewide facilities plan, or (iii) otherwise conflict with the comprehensive statewide plan;~~

(2) Commission shall mean the Coordinating Commission for Postsecondary Education;

(3) Education center shall mean an off-campus branch of a public institution or cooperative of either public or public and private postsecondary educational institutions which offers instructional programs to students;

(4) Governing board shall mean the Board of Regents of the University of Nebraska, the Board of Trustees of the Nebraska State Colleges, or the board of governors for each community college area;

1. Insert the following new sections:

"Sec. 7. Sections 25-824 to 25-824.03 shall not apply to actions involving public petition and participation which are subject to sections 1 to 6 of this act.

Sec. 8. That section 25-824, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

25-824. (1) A pleading shall not be used against a party in any criminal prosecution or action or proceeding for a penalty or forfeiture as proof of a fact admitted or alleged in such pleading. If a pleading ~~is frivolous~~ lacks a substantial basis in fact and law or is made in bad faith, it may be stricken. The signature of a party or of an attorney on a pleading constitutes a certificate by him or her that he or she has read the pleading; that to the best of his or her knowledge, information, and belief there is good ground for the filing of the pleading; and that it is not interposed for delay.

(2) Except as provided in subsections (5) and (6) of this section, in any civil action commenced or appealed in any court of record in this state, the court shall award as part of its judgment and in addition to any other costs otherwise assessed reasonable attorney's fees and court costs against any attorney or party who has brought or defended a civil action that alleges a claim or defense which a court determines ~~is frivolous~~ lacks a substantial basis in fact and law or is made in bad faith.

(3) When a court determines reasonable attorney's fees or costs should be assessed, it shall allocate the payment of such fees or costs among the offending attorneys and parties as it determines most just and may charge such amount or portion thereof to any offending attorney or party.

(4) The court shall assess attorney's fees and costs

if, upon the motion of any party or the court itself, the court finds that an attorney or party brought or defended an action or any part of an action that ~~was frivolous~~ lacked a substantial basis in fact and law or that the action or any part of the action was interposed solely for delay or harassment. If the court finds that an attorney or party unnecessarily expanded the proceedings by other improper conduct, including, but not limited to, abuses of civil discovery procedures, the court shall assess attorney's fees and costs.

(5) No attorney's fees or costs shall be assessed if claim or defense was asserted by an attorney or party in a good faith attempt to establish a new theory of law in this state and there was a substantial argument for the extension, modification, or reversal of existing law or if, after filing suit, a voluntary dismissal is filed as to any claim or action within a reasonable time after the attorney or party filing the dismissal knew or reasonably should have known that he or she would not prevail on such claim or action.

(6) No party who is appearing without an attorney shall be assessed attorney's fees unless the court finds that the party clearly knew or reasonably should have known that his or her action or defense or any part of such action or defense ~~was frivolous~~ lacked a substantial basis in fact and law or was made in bad faith, except that this subsection shall not apply to any situation in which an attorney licensed to practice law in the state is appearing without an attorney, in which case he or she shall be held to the standards for attorneys prescribed in this section.

Sec. 9. That section 43-1412, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

43-1412. The method of trial shall be the same as that in other civil proceedings, except that the trial shall be by the court without a jury unless a jury is requested (1) by the alleged father, in a proceeding instituted by the mother as the guardian or next friend; or (2) by the mother, in a proceeding instituted by the alleged father. It being contrary to public policy that such proceedings should be open to the general public, no one but the parties, their counsel, and others having a legitimate interest in the controversy shall be admitted to the courtroom during the trial of the case. The alleged father and the mother shall be competent to testify. The uncorroborated testimony (a) of the mother, in a proceeding instituted by the mother or the guardian or next friend, or (b) of the alleged father, in a proceeding instituted by the alleged father, shall not alone be sufficient to support a verdict or finding that the alleged father is actually the father. Should it be determined in this proceeding that the alleged father is actually the father

of the child, a judgment shall be entered declaring such to be the case. In the event that such a judgment is entered, the court shall retain jurisdiction of the cause and enter such order of support, which order of support shall include the amount, if any, of any court costs and attorney's fees which the court in its discretion deems appropriate to be paid by the father, as may be proper under the procedure and in the manner specified in section 43-1406. ~~If it is not determined in the proceeding that the alleged father is actually the father of the child, the court shall, if it finds that the action was frivolous, award court costs and attorney's fees incurred by the alleged father, with such costs and fees to be paid by the plaintiff.~~

Sec. 10. That original sections 25-824 and 43-1412, Reissue Revised Statutes of Nebraska, 1943, are repealed.".

8-1111. Except as provided in this section,

sections 8-1103 to 8-1109 shall not apply to any of the following transactions:

(1) Any isolated transaction, whether effected through a broker-dealer or not;

(3) Any nonissuer transaction effected by or through a registered agent of a registered broker-dealer pursuant to an unsolicited order or offer to buy, but the director may by rule or regulation require that the customer acknowledge upon a specified form that the sale was unsolicited and that a signed copy of each such form be preserved by the broker-dealer for a specified period;

Such exemption shall not apply to any transaction in a bond or other evidence of indebtedness secured by a real estate mortgage or deed of trust or by an agreement for the sale of real estate if the real estate securing the evidences of indebtedness are parcels of real estate the sale of which requires the subdivision in which the parcels are located to be registered under the Interstate Land Sales Full Disclosure Act, 82 Stat. 590 et seq., 15 U.S.C. 1701 et seq.;

(6) Any transaction by an executor, personal representative, administrator, sheriff, marshal, receiver, trustee in bankruptcy, guardian, or conservator;

(9) Any transaction pursuant to an offering in which sales are made to not more than ten persons, other than those designated in subdivisions (8), (11), and (17) of this section, in this state during any period of twelve consecutive months if (a) the seller reasonably believes that all the buyers are purchasing for investment, (b) no commission or other remuneration is paid or given directly or indirectly for soliciting any prospective buyer except to a registered agent of a registered broker-dealer, (c) a notice generally describing the terms of the transaction and containing a representation that the conditions of this exemption are met is filed by the seller with the director within thirty days after the first sale for which this exemption is claimed, except that failure to give such notice may be cured by an order issued by the director in his or her discretion, and (d) no solicitations are made by newspaper, radio, or television;

(11) Any transaction pursuant to an offer to existing security holders of the issuer, including persons who at the time of the transaction are holders of convertible securities, nontransferable warrants, or transferable warrants exercisable within not more than ninety days of their issuance, if (a) no commission or other remuneration, other than a standby commission, is paid or given directly or indirectly for soliciting any security holder in this state or (b) the issuer first files a notice specifying the terms of the offer and the director does not by order disallow the exemption within the next five full business days;

(12) Any offer, but not a sale, of a security for which registration statements have been filed under both the Securities Act of Nebraska and the Securities Act of 1933 if no stop order or refusal order is in effect and no public proceeding or examination looking toward such an order is pending under either the Securities Act of Nebraska or the Securities Act of 1933;

(15) Any transaction involving the issuance for cash of any evidence of ownership interest or indebtedness by an agricultural cooperative formed as a corporation under section 21-1301 or 21-1401 if the issuer has first filed a notice of intention to issue with the director and the director has not by order, mailed to the issuer by certified or registered mail within ten business days after receipt thereof, disallowed the exemption;

(16) Any transaction in this state not involving a public offering when (a) there is no general or public advertising or solicitation, (b) no commission or remuneration is paid directly or indirectly for soliciting any prospective buyer, except to a registered agent of a registered broker-dealer or registered issuer-dealer, (c) a notice generally describing the terms of the transaction and containing a representation that the conditions of this exemption are met is filed by the seller with the director no later than ten days prior to any sales for which this exemption is claimed, except that failure to give such notice may be cured by an order issued by the director in his or her discretion, (d) a filing fee of two hundred dollars is paid at the time of filing the notice, and (e) any such transaction is effected in accordance with rules and regulations adopted and promulgated by the director relating to this section when the director finds in adopting and promulgating such rules and regulations that the applicability of sections 8-1104 to 8-1107 is not necessary or appropriate in the public interest or for the protection of investors. For purposes of this subdivision, not involving a public offering shall mean any offering in which the seller has reason to believe that the securities purchased are taken for investment and in which each offeree, by reason of his or her knowledge about the affairs of the issuer or otherwise, does not require the protections afforded by registration under sections 8-1104 to 8-1107 in order to make a reasonably informed judgment with respect to such investment;

(17) The issuance of any investment contract issued in connection with an employee's stock purchase, savings, pension, profit-sharing, or similar benefit plan if no commission or other remuneration is paid or given directly or indirectly for soliciting any prospective buyer except to a registered agent of a registered broker-dealer and if the director is notified in writing within thirty days after the

inception of the plan or, with respect to plans which were in effect prior to August 18, 1965, but closed on that date, within thirty days after they are reopened; ~~or~~

(18) Any interest in a common trust fund or similar fund maintained by a bank or trust company organized and supervised under the laws of any state or a bank organized under the laws of the United States for the collective investment and reinvestment of funds contributed to such common trust fund or similar fund by the bank or trust company in its capacity as trustee, personal representative, administrator, or guardian and any interest in a collective investment fund or similar fund maintained by the bank or trust company for the collective investment of funds contributed to such collective investment fund or similar fund by the bank or trust company in its capacity as trustee or agent which interest is issued in connection with an employee's savings, pension, profit sharing, or similar benefit plan or a self-employed person's retirement plan, if a notice generally describing the terms of the collective investment fund or similar fund is filed by the bank or trust company with the director within thirty days after the establishment of the fund. Failure to give the notice may be cured by an order issued by the director in his or her discretion; or

(19) Any transaction in which a United States Series EE Savings Bond is given or delivered with or as a bonus on account of any purchase of any item or thing.

The director may by order deny or revoke the exemption specified in subdivision (2) of this section with respect to a specific security. Upon the entry of such an order, the director shall promptly notify all registered broker-dealers that it has been entered and of the reasons therefor and that within fifteen business days of the receipt of a written request the matter will be set down for hearing. If no hearing is requested within fifteen business days of the issuance of the order and none is ordered by the director, the order shall automatically become a final order and shall remain in effect until it is modified or vacated by the director. If a hearing is requested or ordered, the director, after notice of and opportunity for hearing to all interested persons, shall enter his or her written findings of fact and conclusions of law and may affirm, modify, or vacate the order. No such order may operate retroactively. No person may be considered to have violated the provisions of the Securities Act of Nebraska by reason of any offer or sale effected after the entry of any such order if he or she sustains the burden of proof that he or she did not know and in the exercise of reasonable care could not have known of the order. In any proceeding under the act, the burden of proving

an exemption from a definition shall be upon the person claiming it.

Sec. 3. That original sections 8-1110 and 8-1111, Revised Statutes Supplement, 1993, are repealed.

STANDING COMMITTEE REPORT
Health and Human Services

LEGISLATIVE BILL 1136. Placed on General File as amended.
Standing Committee amendment to LB 1136:
AM3593

1. Strike the original sections and insert the following new sections:

"Section 1. The Legislature finds that present state appropriations on behalf of community-based services to

persons with developmental disabilities is twenty-nine million dollars below the amount which has been identified by the Department of Public Institutions as being the minimum necessary to pay the reasonable costs of providing such services to all Nebraskans who are eligible to receive them. Of that total, eighteen million dollars is required to bring services to an estimated one thousand one hundred fifty-five persons who are presently waiting for services and eleven million dollars is required to pay employees of community-based providers of services on a parity with employees performing essentially the same tasks in state institutions. The Legislature also finds that increasing the present appropriation by the required amount in a single budget period is not feasible but that the state must pursue full funding of community-based developmental disability programs on a reasonable timeframe. Although Nebraska is presently committed to the goal of providing services to all eligible persons by July 1, 1996, the Legislature finds that a more realistic goal is July 1, 2000, and hereby commits itself and the state to attaining that goal.

Sec. 2. There is hereby appropriated $2,000,000 from the General Fund for FY1994-95 to the Department of Public Institutions, for Program 424.

Sec. 3. It is the intent of the Legislature that there be appropriated from the General Fund, in addition to the amount of the continuation budget, to the Department of Public Institutions, for Program 424, (1) $3,000,000 for FY1995-96, (2) $4,000,000 for FY1996-97, (3) $5,000,000 for FY1997-98, (4) $7,000,000 for FY1998-99, and (5) $8,000,000 for FY1999-2000.

Sec. 4. That section 83-1201, Revised Statutes Supplement, 1993, be amended to read as follows:

83-1201. Sections 83-1201 to 83-1226 and sections 5 and 6 of this act shall be known and may be cited as the Developmental Disabilities Services Act.

Sec. 5. There is hereby created the Advisory Committee on Developmental Disabilities. The advisory committee shall consist of not more than fifteen members as follows: (1) A representative of the Governor's office; (2) three persons with developmental disabilities; (3) a representative of the Department of Public Institutions; (4) a representative of the Department of Health; (5) a representative of the Department of Social Services; (6) three parents of persons with developmental disabilities; (7) a regional director of a developmental disability region; (8) a representative of the Beatrice State Developmental Center; (9) a representative of an advocacy group on behalf of persons with developmental disabilities; (10) a representative of private service providers; and (11) one at-large member. The

members shall be appointed by the Governor for staggered terms of three years. Any vacancy shall be filled by the Governor for the remainder of the term. One of the members shall be designated as chairperson by the Governor. Members shall be reimbursed for their actual and necessary expenses as provided in sections 81-1174 to 81-1177.

Sec. 6. The Advisory Committee on Developmental Disabilities shall advise the Department of Public Institutions regarding all aspects of the funding and delivery of services to persons with developmental disabilities.

Sec. 7. That section 83-1216, Revised Statutes Supplement, 1993, be amended to read as follows:

83-1216. (1) By December 1, 1991, the department shall, in conjunction with persons with developmental disabilities, their families or designated advocates, service providers, state and local officials, and the general public, define and develop a plan for a system of service coordination for persons with developmental disabilities and their families. This system may be implemented on March 1, 1992.

(2) By July 1, 1992, the department shall conduct a needs assessment and develop a services plan for each person found to be eligible for services.

(3) By September 15, 1992, the department shall submit a budget request to fund services required to address the assessed needs of eligible persons.

(4) Beginning July 1, 1995, persons determined to be eligible for specialized services who on or after September 6, 1993, graduate from high school, reach the age of twenty-one years, or are currently receiving services shall receive services in accordance with the Developmental Disabilities Services Act.

(5) On or after July 1, 1995, the department shall provide directly or by contract service coordination to each person found to be eligible for services.

(6) It is the intent of the Legislature that beginning July 1, ~~1996~~ 2000, all persons determined to be eligible for services shall receive services in accordance with the act. On or before December 1, 1991, the department shall submit a report to the Legislature and the Governor as to the number of persons anticipated to be served, what services would be needed, how the services would be developed, and the cost of serving all eligible persons.

(7) It is the intent of the Legislature that the Department of Public Institutions take all possible steps to maximize funding in order to implement subsections (4) and (5) of this section prior to the date these subsections become entitlements. It is the intent of the Legislature that funding sources within the Department of Social Services, the State Department of Education, specifically including the

Division of Rehabilitation Services, and other agencies be utilized to the maximum extent possible.

Sec. 8. That original sections 83-1201 and 83-1216, Revised Statutes Supplement, 1993, are repealed.".

ATTORNEY GENERAL'S OPINION

Opinion No. 94012

DATE: March 8, 1994

SUBJECT: Constitutionality of Proposed Amendment to LB 1266; Whether the Enforcement of Rules and Regulations Restricting Students From Participation in Certain Non-School Activities as a Requirement for Participation in School Activities Violates the Rights of Student Athletes.

REQUESTED BY: Senator Janis McKenzie
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Lauren L. Hill, Assistant Attorney General

Current Law

Under current law, the Nebraska School Activities Association {"NSAA" or "Association"}, a private organization comprised of public and private Nebraska schools, regulates participation in certain school activities for students in grades nine through twelve. "All {school} districts in Nebraska which operate high schools are members voluntarily. They have relegated to the Association extensive control over the interschool sports {and extra-curricular} activities and are

limited in their athletic {and extra-curricular} programs by the rules of the Association." Reed v. Nebraska School Activities Ass'n, 341 F. Supp. 258, 261 (1972). Any student whose school is a member of the Association is bound by the NSAA regulations. Although it has the power to do so pursuant to Neb. Rev. Stat. § 79-328 (Cum. Supp. 1992), the Nebraska State Board of Education {"State Board"} does not presently regulate participation in activities by secondary school students nor does the Board review the rules adopted by the NSAA. The only regulation of student activities promulgated under the Board's authority is found in 92 NAC 10 (1993). Under that rule, the Board has set forth certain restrictions on athletic contests for all seventh and eighth grade students and for pupils in kindergarten through sixth grade. See 92 NAC 51, § 004.02B4.

LB 1266

As introduced, LB 1266 would recognize the NSAA "as an unincorporated association of public and private schools . . . that controls the organization of school activities for the ninth through twelfth grades of school districts throughout Nebraska." The bill also provides that all NSAA rules and regulations would be subject to mandatory review by the State Board of Education and that the State Board could modify or reject any NSAA regulation which "violates the civil rights of any person affected, violates rules and regulations of the board, or is against public policy." LB 1266, § 2. The legislation would also require that "{a}ll proceedings of the association which may result in the imposition by the association of a penalty or restriction of a student or school's participation in school or private activities shall be subject to the requirements of due process of law." Finally, LB 1266 would prevent the NSAA from restricting any student's participation in non-school activities as a requirement for participation in school activities.

You have indicated that "{a}n amendment to LB 1266 has been proposed to dissolve the Nebraska School Activities Association by placing its organizational responsibilities, its current rules and regulations, within the domain of the Nebraska Department of Education. In doing so the rules and regulations provided by the NSAA shall not be reviewed by the Department, as is currently provided in LB 1266, but shall be enforced by the Department of Education." (Emphasis in original.)

You have posed the following question: does enforcement of a regulation which places as a condition to a student's eligibility for participation in a school-sponsored activity the requirement that he or she not participate in an activity conducted outside of school violate the student's rights. As we have noted on previous occasions, a general question on the constitutionality of proposed legislation will necessarily result in a general response from this office. See Op. Att'y Gen. No. 85-157 (December 20, 1985). If we are to address specific questions or potential problems with a bill, they must be set out in the opinion request. Your inquiry is simply whether the proposed amendment to LB 1266 would violate the rights of student athletes. We must,

therefore, provide a general response to your question in the absence of any description of your specific concerns.

Discussion

Clearly, enforcement of the current NSAA rules by the Nebraska Department of Education would be deemed as "state action," invoking the protections of the U.S. Constitution's fourteenth amendment which provides that "{n}o state shall . . . deprive any person of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the law." Therefore, we initially find three potential constitutional challenges to enforcement of the "outside competition" rule by the Nebraska Department of Education.

1. Due Process Challenge.

First, a student athlete could assert that the rule violates his or her right to due process of law. In a similar challenge raised by five student athletes enrolled in various Colorado public high schools against the Colorado High School Activities Association, the Court of Appeals affirmed a lower court's determination that "there is no constitutionally protected right to participate in interscholastic athletics; rather, such participation is a mere expectation." Zuments v. Colorado H. S. Activities Ass'n, 737 P.2d 1113, 1115 (1987). The determination that "a student has no constitutional right to participate in interscholastic athletics" was also reached by the Indiana Supreme Court in Haas v. South Bend Community School Corp., 259 Ind. 515, 521, 289 N.E.2d 495, 498. The Nebraska Supreme Court has never addressed this issue. The court would, however, review any challenge to a statute under the due process clause of the U.S. Constitution, based upon the rule that "{u}nless {the provisions} 'create suspect classifications or impinge upon constitutionally protected rights' . . . it need only be shown that they bear 'some rational relationship to a legitimate state purpose.'" Robotham v. State, 241 Neb. 379, 382-83, 488 N.W.2d 533, 538 (1992) (quoting Dallas v. Stanglin, 490 U.S. 19, 23, 109 S.Ct. 1591, 1594 (1989)). Other state courts examining this issue have concluded that an "outside competition" rule serves legitimate state interests in "elevat{ing} academic endeavors over athletics," Indiana High School Athletic Ass'n, Inc. v. Schafer, 598 N.E.2d 540, 551 (1992), and in

> 1) assuring fairness to other students who may wish to participate on the school team, 2) providing balance between school teams, 3) providing balance with respect to the individual student's participation in athletics, and 4) ensuring that student athletes do not endanger their well-being by over-extensive athletic competition and stress.

Zuments, 737 P.2d at 1115.

Should the Nebraska Supreme Court adopt this reasoning, then it would have to assess whether the "outside competition" rule rationally furthers such interests. If so, then the rule would not violate a student athlete's due process rights.

2. Equal Protection Challenge.

The second challenge that would likely be raised by the enforcement of an "outside competition" rule by the Department of Education would be that such a provision violates the equal protection guarantees contained in the state and federal constitutions.

Our supreme court has determined that under a challenge based upon the equal protection clause of the U.S. Constitution, the provision will be upheld so long as the classification which has been established is rationally related to a legitimate state interest. Robotham at 385, 488 N.W.2d at 539. "The Nebraska Constitution has identical requirements." Id. There are two narrow exceptions to this standard of review which are not applicable here and which will not be discussed. See id. The equal protection analysis would therefore be similar to that set forth above in subdivision 1.

3. The Freedom of Association Challenge.

The third challenge to enforcement of an "outside competition" rule by the Department of Education would likely arise from a student's assertion that such a rule violates his or her right to "freedom of association." The U.S. Supreme Court has determined that the right to freedom of association is a penumbral right under the U.S. Constitution's first amendment. See NAACP v. Alabama, 357 U.S. 449, 78 S.Ct. 1163 (1958). Since a fundamental right is implicated, any state action having the effect of curtailing a student's freedom to associate would be subjected to strict scrutiny. Under this standard, the end which is sought to be accomplished must be a compelling state interest and the means employed by the rule "must be such that no less restrictive alternative exists." State v. Michalski, 221 Neb. 380, 385, 377 N.W.2d 510, 515 (1985).

Examining a challenge raised by students on this basis, one state court determined that the students' free association rights were not implicated by an "outside competition" rule. Zuments, 737 P.2d at 1115. The rule analyzed by the court provided that "{p}layers certified to participate as members of any high school sport may not compete on any other team, nor in any non-school activity or event in that sport during that sport's season. . . ." Id. at 1114. The court reasoned that under the rule

> all students are free to compete, or otherwise participate in any or all non-school events. Rather than impinging upon their right of free association, the rule merely delineates under what terms and conditions they may participate in interscholastic athletics.

Id. at 1115.

Thus, the court concluded that "there is no freedom of association issue here." Id. Affirming this conclusion, an appellate court determined that "{t}he rule merely requires that during a high school sport's season, students must choose between competing on their school team or competing on non-school teams." Id. at 1116. The court did not find such a choice to place an impermissible burden on the students' freedom of association right. Id.

In responding to your inquiry, we have sought to suggest the obvious challenges which could arise under the proposed amendment to

LB 1266. We do not consider our opinion to be an exhaustive analysis of other potential challenges to enforcement of an "outside competition" rule by the Department of Education. Finally, we note that the decisions of other state courts discussed herein would merely be persuasive, and not binding, upon the Nebraska Supreme Court.

Respectfully submitted,

(a) To the parent, custodial parent, or guardian providing transportation for students from other families, one hundred percent of the amount prescribed in subsection (2) of this section for the transportation of students of such parent's, custodial parent's, or guardian's own family and an additional five percent for students of each other family not to exceed a maximum of one hundred twenty-five percent of the amount determined pursuant to subsection (2) of this section; and

77-1362. (1) An agricultural land valuation manual shall be developed by the Tax Commissioner using the following method to determine actual value of agricultural land and horticultural land for taxable years beginning on or after January 1, 1986. Except as otherwise provided in subsection (4) of section 77-1364, the actual value of agricultural land and horticultural land shall be determined by: (a) Dividing agricultural land and horticultural land into ~~major use~~ categories and such categories into subclasses based on soil classifications; (b) computing a typical income stream based on historical gross receipts and landowner share determined using the method described in section 77-1364; and (c) dividing the derived income stream by a capitalization rate determined using the method described in section 77-1365. All data used to determine actual value of agricultural land and horticultural land shall be that data available on January 1 of the year prior to the year of assessment.

(2) The agricultural land valuation manual shall contain allowances to adjust actual values for irrigation costs and land productivity cost variations. Adjustments shall be based on empirical data and apply to areas with uniform characteristics which are within or which cross county lines. Upon written application to and approval from the Tax Commissioner a county assessor may apply such adjustments to specific parcels of agricultural land and horticultural land. The provisions of this subsection shall be strictly construed to maintain the concept of statewide mass appraisal of agricultural land and horticultural land.

(3) The Tax Commissioner may adjust the value of a class or subclass of agricultural land and horticultural land, as determined pursuant to subsection (1) of this section, so as to secure the uniform and proportionate valuation of the class or subclass of agricultural land and horticultural land between adjoining counties.

(4) The Tax Commissioner may recognize geographic differences that exist within the county and issue separate values for a class or subclass of agricultural land and horticultural land for those distinct areas in the county.

Sec. 18. That section 77-1363, Revised Statutes Supplement, 1992, be amended to read as follows:

77-1363. Categories ~~as either irrigated~~

~~cropland or dryland cropland. Such categories~~ shall be divided into subclasses based on soil classification standards developed by the United States Department of Agriculture Soil Conservation Service. Land enrolled in a federal or state program in which payments are received for removing such land from agricultural or horticultural production shall be classified according to its actual value as determined in section 77-1360.01. County assessors shall utilize and implement soil surveys in the tax year after the soil survey maps become available. County assessors shall utilize and implement soil classifications as converted into land valuation groups provided by the Tax Commissioner.

Sec. 19. That section 77-1364, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

77-1364. (1) Income streams for ~~irrigated and dryland~~ cropland shall be computed by multiplying gross receipts by landowner share by county. Gross receipts shall be computed by multiplying the most recent five-year average price of a crop by the most recent five-year average yield of a crop and weighting the result by the most recent five-year average cropping pattern. The cropping pattern shall, as data is available, include, but not be limited to, the following crops: Continuous cropland wheat; summer fallow wheat; corn for grain; dry beans; sorghum for grain; sugar beets; soybeans for beans; oats; and alfalfa. The source of cropping patterns, crop yields by county, and crop prices by crop reporting district shall be as reported by the Nebraska Crop and Livestock Reporting Service or as published by other state or federal agencies and as selected and applied by the Tax Commissioner.

For purposes of this section, landowner share shall mean the proportion of the gross receipts less landowner expenses paid by the landowner. Landowner share shall be computed based on representative leasing arrangements as determined from surveys conducted or authorized by the Department of Revenue or as published by other state or federal agencies and as selected and applied by the Tax Commissioner. Landowner share shall be derived at least at each crop reporting district for each of the following: (a) Gravity irrigated cropland; (b) center pivot irrigated cropland; and (c) dryland cropland.

(2)(a) Income streams for ~~rangeland and pastureland and, for assessment year 1990 and each year thereafter,~~ grassland shall be computed as follows: (i) By multiplying the carrying capacity in terms of animal-unit months by representative rental value per animal-unit month; or (ii) by forage production less landowner expenses paid by the landowner. Carrying capacity and forage production, by subclass, shall be based on productivity estimates published

by the United States Soil Conservation Service or other state or federal agencies and as selected and applied by the Tax Commissioner. Rental values per animal-unit month shall be based on the most recent five-year average published by the Department of Agricultural Economics of the University of Nebraska or other state or federal agencies or developed from surveys performed by or for the Department of Revenue. Landowner expenses shall be computed based on representative leasing arrangements as determined from surveys conducted or authorized by the Department of Revenue or as published by other state or federal agencies and as selected and applied by the Tax Commissioner.

(b) For counties or subclasses where animal-unit-month data is not available, the income stream shall be computed by using the average of the most recent five-year prevailing cash rental rates per acre less representative landowner expenses. The annual prevailing cash rental rates per acre shall be based on data developed by the Department of Agricultural Economics of the University of Nebraska or as published by other state or federal agencies and as selected and applied by the Tax Commissioner.

(3) When making the computations prescribed in subsections (1) and (2) of this section, the same five-year period shall be used.

(4) ~~Actual values for wasteland~~ Wasteland, including, but not limited to, forest land and shelterbelts, shall be ~~computed based on five percent of the average actual value of all agricultural land and horticultural land in the crop reporting district within which such wasteland is located~~ valued at its actual value.

ATTORNEY GENERAL'S OPINIONS

Opinion No. 94013

DATE: March 9, 1994

SUBJECT: Proper Protocol for State of Nebraska to Accept Retrocession of Federal Legislative Jurisdiction Over the Cornhusker Army Ammunition Plant

REQUESTED BY: The Honorable E. Benjamin Nelson
Governor, State of Nebraska

WRITTEN BY: Don Stenberg, Attorney General
Lauren L. Hill, Assistant Attorney General

On July 27, 1993, you requested an opinion from this office as to the procedures required for the State of Nebraska to accept retrocession of federal legislative jurisdiction over the Cornhusker Army Ammunition Plant which is comprised of 11,936.08 fee acres and located near Grand Island, Nebraska. Your opinion request was subsequently withdrawn pending receipt of additional information which your office requested from the U.S. Army Corps of Engineers. Following receipt of that information, your opinion request was renewed on February 7, 1994. We now address your question.

History of State and Federal Jurisdiction

Pursuant to legislation enacted in 1883, the State of Nebraska consented to cede to the United States its jurisdiction over state lands which were required for a multitude of federal purposes. See Laws 1883, Ch. 90. Thus, from the date on which it acquired title to the Cornhusker Army Ammunition Plant, the federal government has been vested with exclusive legislative jurisdiction over the property. See id. at § 4. Federal law provides that "{n}otwithstanding any other provision of law, the Secretary concerned may, whenever he considers it desirable, relinquish to a State . . . all or part of the legislative jurisdiction of the United States over lands or interests under his control in that State. . . ." 10 U.S.C. § 2683 (1983). Your office has been notified that the U.S. Army may be interested in effecting a retrocession of legislative jurisdiction over the Cornhusker Plant in accordance with this provision.

Effecting Retrocession

The federal statute expressly provides that "{r}elinquishment of legislative jurisdiction under this section may be accomplished (1) by filing with the Governor . . . of the State . . . concerned a notice of relinquishment to take effect upon acceptance thereof, or (2) as the laws of the State . . . may otherwise provide." 10 U.S.C. § 2683 (1983 and Supp. 1993). Last year, the Nebraska Legislature enacted LB 545 for the express purpose of providing the state with a means of accepting cession or retrocession of federal jurisdiction. Pursuant to

enactment of this legislation, you may act by executive order to effect such a transfer. The law specifies that

> {b}y appropriate executive order, the Governor may accept on behalf of the state full or partial cession or retrocession of federal jurisdiction, criminal or civil, over any lands, except Indian lands, in federal enclaves within the state where such cession or retrocession has been offered by appropriate federal authority. An executive order accepting a cession or retrocession of jurisdiction shall be filed in the office of the Secretary of State and in the office of the register of deeds of the county in which the affected real estate is located.

Neb. Rev. Stat. § 84-168 (Supp. 1993).

Respectfully submitted,
DON STENBERG
Attorney General

Opinion No. 94014

DATE: March 10, 1994

SUBJECT: Constitutionality of Statutory Ban on Smoking in State Facilities

REQUESTED BY: Senator Floyd Vrtiska

WRITTEN BY: Don Stenberg, Attorney General
Steve Grasz, Deputy Attorney General

You have requested the opinion of this office as to the constitutionality of LB 1064, a bill to prohibit smoking in all buildings, facilities, and vehicles that are owned, leased, or occupied by the State, effective on September 1, 1994. Specifically, you have asked whether the provisions of LB 1064 would violate the constitutionally mandated separation of powers since the smoking ban would apply to buildings and facilities controlled or occupied by agencies and officials of the Executive and Judicial branches, as well as the Legislature.[1]

The Separation of Powers

The Constitution of the State of Nebraska provides for the separation of powers and strictly forbids encroachment by one branch of government upon the powers of another branch:

> The powers of the government of this state are divided into three distinct departments, the Legislative, Executive and Judicial, and no person or collection of persons being one of these departments, shall exercise any power properly belonging to either of the others, except as hereinafter expressly directed or permitted.

Neb. Const. Art. II, §1 (emphasis added).

The doctrine of separation of powers has been strictly construed in the State of Nebraska. See State ex rel. Spire v. Conway, 238 Neb. 766, 472 N.W.2d 403, 413 (1991). In interpreting Article II, section 1, the Nebraska Supreme Court has stated, "Nebraska's Constitution contains an absolute prohibition upon the exercise of the executive, legislative and judicial powers by the same person or the same group of persons. It has remained a part of the Constitution unchanged since 1875. It is more certain and positive than the provisions of the federal Constitution and those of some of the states, which merely definitely divided the three powers of government." Laverty v. Cochran, 132 Neb. 118, 120-121, 271 N.W. 354 (1937). Thus, the Legislative Branch may not exercise any power properly belonging to the Executive or Judicial Branch. See State ex rel. Spire v. Conway, 238 Neb. at 773 ("The language of article II prohibits one branch of government from encroaching on the duties and prerogatives of the others. . . .").

The question presented by your request, therefore, can be framed as follows: Whether the regulation of smoking, by the Legislative branch, constitutes the exercise of a power properly belonging to either the Executive or Judicial branches within the context of buildings or facilities occupied or controlled by those respective branches of state government.

Classification of the Power to Regulate Smoking

The underlying question, then, is whether the regulation of smoking, in the context of buildings or facilities occupied or controlled by the respective branches of state government, is properly classified as a legislative, executive or judicial function.

The Nebraska Constitution is silent on this question, and our research reveals no case law or commentary discussing a separation of powers problem arising from a nonsmoking regulation affecting the internal management of the separate branches of government. However, in In re Integration of Nebraska State Bar Ass'n, 133 Neb. 283, 275 N.W. 265 (1937), the Nebraska Supreme Court discussed the inherent powers of the various branches of government.

> In the absence of an express grant of . . . power to any one of the three departments, it must be exercised by the department to which it naturally belongs because "It is a fundamental principle of constitutional law that each department of government, whether federal or state, has, without any express grant, the inherent right to accomplish all objects naturally within the orbit of that department, not expressly limited by the fact of the existence of a similar power elsewhere or the express limitations in the constitution.' . . ." "All governmental powers are in their natures either legislative, executive, or judicial. The constitution does not undertake to define what acts fall within the one class or the other, but leaves every act to be classified according to its nature, recognizing that the essentials which distinguish those that belong to one department from those that belong to the two others are discernible to the learned mind. But in that article of the constitution all the powers of

the state government are disposed of, and every one who lawfully exercises any state governmental function is able to trace the source of his authority to one of the three departments there named. The power, whatever its character, can be exercised only by or under authority of the separate magistracy to which by the constitution it is assigned."

Id. at 266 (Emphasis added).

We believe the regulation of smoking is in the nature of a generally applicable public health and safety regulation. See, e.g., the Clean Indoor Air Act, Neb. Rev. Stat. § 71-5702 ("the purpose . . . is to protect the public health, comfort, and environment. . . ."). Such regulation does not appear to be an inherently executive or judicial function. The Legislature, on the other hand, has an unlimited field within which to legislate, subject only to the initiative, referendum and constitutional inhibitions, and provided that legislation is for a public purpose. Power Oil Co. v. Cochran, 138 Neb. 827, 839, 295 N.W. 805 (1941).

Under Nebraska law, "the Legislature has plenary legislative authority limited only by the state and federal Constitutions." Lenstrom v. Thone, 209 Neb. 783, 789, 311 N.W.2d 884 (1981). "Unless restricted by some provision of the state or federal Constitution, the Legislature may enact laws and appropriate funds for the accomplishment of any public purpose. It is for the Legislature to decide in the first instance what is and what is not a public purpose. . . ." Id. See also State ex rel. Creighton Univ. v. Smith, 217 Neb. 682, 687, 353 N.W.2d 267 (1984). The regulation of smoking, even in facilities controlled or occupied by the Executive and Judicial branches, would not appear to prevent the affected branch from accomplishing its constitutionally assigned functions, nor would such regulation encroach on the duties and prerogatives of the Executive or Judicial branches.[2]

Consequently, we conclude the regulation of smoking in State buildings, facilities and vehicles is within the prerogative of the Legislature, and no separation of powers conflict exists under the provisions of LB 1064.

[1]Although this opinion addresses only the separation of powers question, we note that nonsmoking regulations have survived constitutional challenges based on the equal protection clause, the due process clause, the fundamental rights of liberty, privacy, property, and education, and the guarantee against impairment of contract obligations. See 65 ALR 4th 1205.

[2]We note that existing law already generally prohibits smoking in a public place or at a public meeting except in designated smoking areas. Neb. Rev. Stat. § 71-5707 (1990).

Sincerely yours,
DON STENBERG
Attorney General

Sec. 4. Applications for grants for the first year of the Nebraska Tree Recovery Program shall be received not later than July 1, 1994, and grants shall be awarded not later than October 1, 1994. In subsequent years the Nebraska Forest Service of the Institute of Agriculture and Natural Resources Department of Forestry, Fisheries, and Wildlife shall establish the date by which applications must be submitted, and grants shall be awarded not later than ninety days after such date.

grant at a fifty-fifty match rate;

(4) Local labor may be considered as in-kind participation in calculating the amount of the applicant's matching funds required by subdivision (3) of this section;

(2) Not later than November 15 of each year, the Tax Commissioner shall certify to the department for the second preceding tax year (a) twenty percent of the income tax liability of resident individuals for each Class I, II, III, IV, or V district in the state in which ten or more resident individual income tax returns were filed and (b) twenty percent of the income tax liability of resident individuals of all Class I, II, III, IV, and V districts in which less than ten resident individual income tax returns were filed, together with a list of such districts and funds.

(3) Using the data certified by the Tax Commissioner pursuant to subsection (2) of this section, the department shall calculate each district's allocated income tax funds as follows: (a) Each district identified in subdivision (2)(b) of this section shall be preliminarily allocated a share of the sum total income tax liability certified pursuant to such subdivision based on its pro rata share of the total adjusted valuation of all such districts; and (b) each district identified in subdivision (2)(a) of this section shall receive the following allocations of certified income tax liability:

(i) For each Class II, III, IV, or V district, the allocated income tax funds shall be the certified income tax liability;

(ii) For each Class I district which is not part of a Class VI district, 61.3793 percent of the certified income tax liability shall be allocated to such Class I district, with the remainder allocated to the nonresident high school tuition fund to which any portion of the Class I district belongs and to any high school district or districts with which any portion of the Class I district has affiliated. When the Class I district is a joint district or has partially affiliated with one or more high school districts, such remainder shall be allocated to the nonresident high school tuition fund of each county in which the Class I district has property and to the affiliated high school district or districts based on each county's and each affiliated high school district's pro rata share of the Class I district's total adjusted valuation;

(iii) For each Class I district which is part of a Class VI district which offers instruction in grades seven through twelve, 44.8276 percent of the certified income tax liability shall be allocated to such Class I district and the remainder shall be allocated to the Class VI district; and

If such reduction in the allocated income tax funds is made, the remainder of the amount certified by the Tax Commissioner shall be distributed pursuant to sections 79-3806 to 79-3813.".

Mr. Kristensen offered the following amendment:
AM3710

1. Strike original section 2 and insert the following new sections:

"Sec. 2. That section 9-402, Uniform Commercial Code, be amended to read as follows:

U9-402. Formal requisites of financing statement; amendments; fees; mortgage as financing statement; substantial compliance; effect.

(1) A financing statement may be in a form prescribed by the Secretary of State and is sufficient if it

gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address of the debtor and contains a statement indicating the types, or describing the items, of collateral. The Secretary of State shall require that the social security number or the federal tax identification number of both the secured party and the debtor be provided on the financing statement and other related filings. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. When the financing statement covers crops growing or to be grown, the statement must also contain a description of the real estate concerned. When the financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 9-103, or when the financing statement is filed as a fixture filing (section 9-313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subsection (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor. A carbon, photographic or other reproduction of a security agreement or a financing statement is sufficient as a financing statement if the security agreement so provides or if the original has been filed in this state.

(2) A financing statement which otherwise complies with subsection (1) is sufficient when it is signed by the secured party instead of the debtor when it is filed to perfect a security interest in

(a) collateral already subject to a security interest in another jurisdiction when it is brought into this state, or when the debtor's location is changed to this state. Such a financing statement must state that the collateral was brought into this state or that the debtor's location was changed to this state under such circumstances; or

(b) proceeds under section 9-306 if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral; or

(c) collateral as to which the filing has lapsed; or

(d) collateral acquired after a change of name, identity or corporate structure of the debtor (subsection (7)).

(3) The Secretary of State shall prescribe a form substantially as follows to comply with subsection (1):

Name of debtor (or assignor) .....

Address .....

Name of secured party (or assignee) .....

Address ..... .

1. This financing statement covers the following

types (or items) of property:

(Describe)

..... .

2. (If collateral is crops) The above described crops are growing or are to be grown on:

(Describe real estate)

..... .

3. (If applicable) The above goods are to become fixtures on (Describe real estate) ..... and this financing statement is to be filed for record in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is ..... .

4. (If products of collateral are claimed) Products of the collateral are also covered.

Signature of debtor (or assignor) .....

Signature of secured party (or assignee) ..... .

(4) Except as provided in this subsection, a ~~A~~ financing statement may be amended by filing a writing signed by both the debtor and the secured party, except that an amendment filed to show a change of the name of the secured party, the address of the secured party, or both is sufficient when it is signed only by the secured party. The Secretary of State may adopt rules and regulations for the change of a secured party's name or address on multiple financing statements by use of a single amendment, including a reasonable fee for processing of the amendment. An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. Except as provided in this subsection, the ~~The~~ fee for such filings shall be as provided in subsection (5) of section 9-403. In this article, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.

(5) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 9-103, or a financing statement filed as a fixture filing (section 9-313) where the debtor is not a transmitting utility, must show that it covers this type of collateral, must recite that it is to be filed for record in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.

(6) A mortgage is effective as a financing statement filed as a fixture filing from the date of its recording if

(a) the goods are described in the mortgage by item or type, (b) the goods are or are to become fixtures related to the real estate described in the mortgage, (c) the mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records, and (d) the mortgage is duly recorded. No fee with reference to the financing statement is required other than the regular recording and satisfaction fees with respect to the mortgage.

(7) A financing statement sufficiently shows the name of the debtor if it gives the individual, partnership, limited liability company, or corporate name of the debtor, whether or not it adds other trade names or the names of the partners or members. Where the debtor so changes his or her name or in the case of an organization its name, identity or corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than four months after the change, unless a new appropriate financing statement is filed before the expiration of that time. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(8) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading. The failure to include the social security number or the federal tax identification number shall not render any filing unperfected.

Sec. 3. That original sections 9-306 and 9-402, Uniform Commercial Code, are repealed.

Sec. 4. Since an emergency exists, this act shall be in full force and take effect, from and after its passage and approval, according to law.".

AM5696

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. That section 2-1203, Revised Statutes Supplement, 1992, be amended to read as follows:

2-1203. The State Racing Commission shall have power to prescribe and enforce rules and regulations governing horseraces and race meetings licensed as provided in sections 2-1201 to 2-1242. Such rules and regulations shall contain criteria to be used by the commission for decisions on approving and revoking track licenses and licenses for teleracing facilities and telephonic wagering and setting racing dates.

The commission may revoke or suspend licenses issued to racing industry participants and may, in lieu of or in addition to such suspension or revocation, impose a fine in an amount not to exceed one thousand dollars upon a finding that a rule or regulation has been violated by a licensed racing

industry participant. The exact amount of the fine shall be proportional to the seriousness of the violation and the extent to which the licensee derived financial gain as a result of the violation. All fines shall be paid into a fund for alcohol and drug rehabilitation services for horseracing industry participants, which fund is hereby created.

The commission may delegate to a board of stewards such of the commission's powers and duties as may be necessary to carry out and effectuate the purposes of ~~such~~ sections 2-1201 to 2-1242. Any decision or action of such board of stewards may be appealed to the commission or reviewed by the commission on its own initiative.

Sec. 2. That section 2-1203.02, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

2-1203.02. Any person applying for or holding a license to participate in or be employed at a horserace meeting licensed by the State Racing Commission shall be subject to fingerprinting and a check of his or her criminal history record information maintained by the Identification Division of the Federal Bureau of Investigation for the purpose of determining whether the commission has a basis to deny the license application or to suspend, cancel, or revoke the person's license, except that the commission shall not require a person to be fingerprinted if such person has been previously fingerprinted in connection with a license application in this state or any other state within the last five years prior to the application for such license. Any person involved in the administration or management of a racetrack, including the governing body, shall be subject to fingerprinting and a check of his or her criminal history record information maintained by the Identification Division of the Federal Bureau of Investigation. The applicant, licensee, or person involved in the administration or management of a racetrack shall pay the actual cost of any fingerprinting or check of his or her criminal history record information. The requirements of this section shall not apply to employees of ~~food or drink~~ concessions who do not work in restricted-access areas, ~~and~~ admissions employees whose duties involve only admissions ticket sales and verification or parking receipts sales and verification, and medical or emergency services personnel authorized to provide such services at the racetrack.

Sec. 3. That section 2-1207, Revised Statutes Supplement, 1993, be amended to read as follows:

2-1207. (1) Within the enclosure of any racetrack where a race or race meeting licensed and conducted under sections 2-1201 to 2-1218 is held or at a racetrack licensed to simulcast races or conduct interstate simulcasting, the parimutuel method or system of wagering on the results of the

respective races may be used and conducted by the licensee. Wagers placed through licensed teleracing facilities or by approved telephonic wagering as authorized by sections 2-1230 to 2-1242 shall be deemed to be wagers placed and accepted within the enclosure of any racetrack. Under such system, the licensee may receive wagers of money from any person present at such race or racetrack receiving the simulcast race or conducting interstate simulcasting or placed through a licensed teleracing facility or by approved telephonic wagering by any person who may legally wager on any horse in a race selected by such person to run first in such race, and the person so wagering shall acquire an interest in the total money so wagered on all horses in such race as first winners in proportion to the amount of money wagered by him or her. Such licensee shall issue to each person so wagering a certificate on which shall be shown the number of the race, the amount wagered, and the number or name of the horse selected by such person as first winner. As each race is run, at the option of the licensee, the licensee may deduct from the total sum wagered on all horses as first winners not less than fifteen percent or more than eighteen percent from such total sum, plus the odd cents of the redistribution over the next lower multiple of ten. At the option of the licensee, the licensee may deduct up to and including ~~twenty-three~~ twenty-four percent from the total sum wagered by exotic wagers as defined in section 2-1208.03. The State Racing Commission may authorize other levels of deduction on wagers conducted by means of interstate simulcasting. Each licensed racetrack shall increase the amount of deduction from the total sum wagered by exotic wagers by one percent over the amount deducted by that licensee in 1993. The licensee shall notify the commission ~~State Racing Commission~~ in writing of the percentages the licensee intends to deduct during the live race meet conducted by the licensee and shall notify the commission at least one week in advance of any changes to such percentages the licensee intends to make. The licensee shall also deduct from the total sum wagered by exotic wagers, if any, the tax plus the odd cents of the redistribution over the next multiple of ten as provided in subsection (1) of section 2-1208.04. The balance remaining on hand shall be paid out to the holders of certificates on the winning horse in the proportion that the amount wagered by each certificate holder bears to the total amount wagered on all horses in such race to run first. The licensee may likewise receive such wagers on horses selected to run second, third, or both, or in such combinations as the commission may authorize, the method, procedure, and authority and right of the licensee, as well as the deduction allowed to the licensee, to be as specified with respect to wagers upon horses selected to run first.

(2) At all race meets held pursuant to this section, the licensee shall deduct from the total sum wagered one-third of the amount over fifteen percent deducted pursuant to subsection (1) of this section on wagers on horses selected to run first, second, or third and one percent of all exotic wagers to be used to promote agriculture and horse breeding in Nebraska and for the support and preservation of horseracing pursuant to section 2-1207.01.

(3) No ~~minor~~ person under nineteen years of age shall be permitted to make any parimutuel wager, and there shall be no wagering except under the parimutuel method outlined in this section. Any person, association, or corporation who knowingly aids or abets a ~~minor~~ person under nineteen years of age in making a parimutuel wager shall be guilty of a Class IV misdemeanor.

Sec. 4. That section 2-1208, Revised Statutes Supplement, 1992, be amended to read as follows:

2-1208. For all race meetings, ~~devoted principally to running races,~~ every corporation or association licensed under the provisions of sections 2-1201 to 2-1218 shall pay the tax imposed by section 2-1208.01 and shall also pay to the State Racing Commission the sum of two-tenths of one percent of the gross sum wagered by the parimutuel method at each licensed racetrack enclosure during the calendar year and thirty cents for each person entering the grounds or enclosure of the licensee upon a ticket of admission. If tickets are issued that are good for more than one day, then the sum of thirty cents shall be paid for each person using such ticket on each day that the same is used. If any free passes or complimentary admission tickets are issued, the licensee shall pay the same tax upon such passes or complimentary tickets as if the same were sold at the regular and usual admission rate, but nothing in this section shall be construed to prohibit the issuance of tax-free passes to actual and necessary officials and employees of the licensee or other persons actually working at such racetrack. The issuance of all such tax-free passes shall be under the regulations or orders of the commission, and a list of all persons to whom such tax-free passes are issued shall be filed with the commission. For race meetings devoted principally to running live races, the licensee shall pay to the commission the sum of fifty dollars for each live racing day that the licensee serves as the host track for intrastate simulcasting and twenty-five dollars for any other live racing day. ~~four hundred dollars for each racing day of each horserace meeting if the racetrack within which such races are conducted is located in a county of two hundred thousand population or more, in counties of more than seventy-five thousand but less than two hundred thousand population, the licensee shall pay to the commission the sum~~

~~of one hundred dollars for each racing day, and in counties of not more than seventy-five thousand population, the licensee shall pay to the commission the sum of thirty dollars for each racing day. For race meetings devoted exclusively to harness races or at which the majority of the races conducted each day are harness races, every corporation or association licensed under the provisions of sections 2-1201 to 2-1218 shall pay to the State Racing Commission, for each racing day of each horserace meeting for which a license has been issued, license fees in the amount of only one-fourth of the daily fees respectively prescribed in this section for running race meetings, graduated pursuant to this section in accordance with the population of the county in which the race meeting is conducted.~~

No other license tax, permit tax, occupation tax, or excise tax or racing fee, except as provided in this section and in sections 2-1203, 2-1208.01, and 2-1242, shall be levied, assessed, or collected from any such licensee by the state or by any county, township, district, city, village, or other governmental subdivision or body having power to levy, assess, or collect any such tax or fee.

Sec. 5. That section 2-1209, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

2-1209. Out of the funds received pursuant to section 2-1208, the expenses of the commissioners, the compensation and reasonable expenses of the secretary, assistants, and employees, ~~and their reasonable expenses,~~ and the other reasonable expenses of the ~~commission~~ State Racing Commission, including suitable furniture, equipment, supplies, and office ~~expense~~ expenses, shall first be paid. ~~, and the commission shall retain in its hands the further sum of five thousand dollars as a permanent fund out of which to pay its current expenses. No sums shall be paid out by the commission except the same be regularly audited and allowed and the allowance thereof recorded in the minutes of its meetings, and a voucher therefor be signed by its chairman and secretary~~ The commission shall maintain a reserve fund balance which shall not exceed ten percent of the appropriation for the commission for the calendar year. If the commission has unexpended funds in excess of its appropriation and authorized reserve fund balance at the end of the calendar year, such funds shall be credited to the General Fund. Sums paid out by the commission shall be subject to the general policy for disbursement of funds by agencies of the state, including regular audit.

Sec. 6. That section 2-1211, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

2-1211. Every corporation or association licensed under sections 2-1201 to 2-1218 shall so keep its books and records as to clearly show the total number of admissions to

races conducted by it on each racing day, including the number of admissions upon free passes or complimentary tickets, and the amount received daily from admission fees and the total amount of money wagered during the race ~~meet~~, meeting, including wagers at locations to which its races were simulcast and at races which it received via simulcast from other racetracks, and shall furnish to the ~~commission~~ State Racing Commission such reports and information as it may require with respect thereto. At the end of each race ~~meet~~ meeting, the licensee shall furnish to the commission and the Governor a complete audit by a certified public accountant detailing all expenses and disbursements. Such audit shall be in the form specified by the commission and shall be filed on or before February 1 following such meet.

Sec. 7. This act shall become operative on May 5, 1994.

RESOLUTIONS

LEGISLATIVE RESOLUTION 341. Introduced by Pedersen, 39.

PURPOSE: As certain urban areas and cities throughout Nebraska experience growth and expansion, many problems exist which are associated with zoning and the jurisdiction and control a municipality may exert over individuals who reside outside the municipality but within the zoning jurisdiction of a city council and planning board. Of particular and immediate concern is the current situation which exists in cities of the metropolitan class. The western boundary of Omaha borders diverse political subdivisions, sanitary and improvement districts in particular. These entities are directly impacted by zoning decisions enacted by the city council and the planning board; however, the citizen taxpayers living within such subdivisions are denied representative participation due to current statutes which permit extraterritorial jurisdiction without concurrent representation.

The purpose of this study is to analyze the jurisdictional issues relating to suburban development in Nebraska with particular emphasis on the current problems facing the Omaha metropolitan area. The study should result in a comprehensive plan and workable solutions relating to municipal growth and individual rights.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

1. Insert the following new section:
"Section 1. That section 79-3805, Revised Statutes Supplement, 1992, be amended to read as follows:
79-3805. (1) Using data from the annual financial reports and the annual statistical summary reports for the most recently available complete data year, the department

shall calculate the tiered cost per student for grades kindergarten, one through six, including full-day kindergarten, seven and eight, and nine through twelve for each district as described in subsections (2) through (8) of this section.

(2) Each district's general fund operating expenditures for grades kindergarten, one through six, including full-day kindergarten, seven and eight, and nine through twelve shall be computed as follows: (a) The weighted average daily membership for kindergarten shall equal the average daily membership for kindergarten multiplied by five-tenths; (b) the weighted average daily membership for grades one through six, including full-day kindergarten, shall equal the average daily membership for such grades multiplied by one; (c) the weighted average daily membership for grades seven and eight shall equal the average daily membership for such grades multiplied by one and two-tenths; (d) the weighted average daily membership for grades nine through twelve shall equal the average daily membership for such grades multiplied by one and four-tenths; and (e) the total weighted average daily membership shall equal the sum of grades kindergarten, one through six, including full-day kindergarten, seven and eight, and nine through twelve weighted average daily membership values. Each district's general fund operating expenditures for each grade group shall be calculated by dividing that grade group's weighted average daily membership by the total weighted average daily membership in the district and multiplying the result by the district's total general fund operating expenditures.

(3) Each district with general fund operating expenditures in grades one through six, including full-day kindergarten, shall be placed into a tier based on the following schedule.

Tier	Tier midpoint	Average daily membership range
1	50.50	.01 - 101.00
2	143.00	101.01 - 185.00
3	280.00	185.01 - 375.00
4	687.50	375.01 - 1,000.00
5	1,450.00	1,000.01 - 1,900.00
~~6~~	~~8,450.00~~	~~1,900.01 - 15,000.00~~
6	4,950.00	1,900.01 - 8,000.00
~~7~~	~~Median average daily membership of tier~~	~~15,000.01 and over~~
7	Median average daily membership of tier	8,000.01 and over

The average general fund operating expenditures per student for grades one through six, including full-day kindergarten, shall be calculated for each tier by adding the

total general fund operating expenditures for such grades for all districts in the tier and dividing by the total average daily membership for such grades for all districts in the tier.

(4) Each district with general fund operating expenditures in grades nine through twelve shall be placed in a tier based on the following schedule.

Tier	Tier midpoint	Average daily membership range
1	25.00	.01 - 50.00
2	62.50	50.01 - 75.00
3	87.50	75.01 - 100.00

5	200.00	150.01 - 250.00
6	375.00	250.01 - 500.00
7	750.00	500.01 - 1,000.00
~~8~~	~~5,500.00~~	~~1,000.01 - 10,000.00~~
8	2,500.00	1,000.01 - 4,000.00
~~9~~	~~Median average daily membership of tier~~	~~10,000.01 and over~~
9	Median average daily membership of tier	4,000.01 and over

The average general fund operating expenditures per student for grades nine through twelve shall be calculated for each tier by adding the total general fund operating expenditures for such grades for all districts in the tier and dividing such sum by the total average daily membership for such grades for all districts in the tier.

(5) Tiered cost per student values shall be computed for grades one through six, including full-day kindergarten, for each district as follows:

(a) For districts with average daily memberships for grades one through six, including full-day kindergarten, which are less than the midpoint of tier 1 for such grades, the tiered cost per student shall equal the average general fund operating expenditures per student for tier 1;

(b) For districts with average daily memberships for grades one through six, including full-day kindergarten, which are greater than the midpoint of tier 7 for such grades, the tiered cost per student for such grades shall equal the average general fund operating expenditures per student for tier 7; and

(c) For districts with average daily memberships for grades one through six, including full-day kindergarten, which fall on or between the midpoints of any two tiers, the tiered cost per student for such grades shall be calculated by means of a linear transition between the average general fund

operating expenditures per student of the two tiers between whose midpoints the districts' average daily memberships for such grades fall.

(6) Tiered cost per student values shall be computed for grades nine through twelve for each district as follows:

(a) For districts with average daily memberships for grades nine through twelve which are less than the midpoint of tier 1 for such grades, the tiered cost per student shall equal the average general fund operating expenditures per student for tier 1;

(b) For districts with average daily memberships for grades nine through twelve which are greater than the midpoint of tier 9 for such grades, the tiered cost per student for such grades shall equal the average general fund operating expenditures per student for tier 9; and

(c) For districts with average daily memberships for grades nine through twelve which fall on or between the midpoints of any two tiers, the tiered cost per student for such grades shall be calculated by means of a linear transition between the average general fund operating expenditures per student of the two tiers between whose midpoints the districts' average daily memberships for such grades fall.

(7) The tiered cost per student for kindergarten shall be calculated by multiplying each district's tiered cost per student for grades one through six, including full-day kindergarten, by five-tenths.

(8) The tiered cost per student for grades seven and eight shall be calculated as follows: For Class II, Class III, Class IV, and Class V districts, the tiered cost per student shall be the calculated mean of the district's tiered cost per student for grades one through six, including full-day kindergarten, and for grades nine through twelve; for Class I districts, the tiered cost per student shall be the district's tiered cost per student for grades one through six, including full-day kindergarten, multiplied by one and two-tenths; and for Class VI districts providing instruction in grades seven and eight as authorized by section 79-1109, the tiered cost per student shall be the district's tiered cost per student for grades nine through twelve multiplied by one and two-tenths and the result divided by one and four-tenths.

(9) The tiered cost per student for nonresident high school tuition funds shall be the average general fund operating expenditures per student for grades nine through twelve for all districts included in subsection (4) of this section.

(10) In districts which receive payments pursuant to Public Law 81-874 and in which there are students enrolled who reside on Indian land, as defined under regulations of the

United States Department of Education in effect on July 10, 1990, promulgated pursuant to Public Law 81-874, the tiered cost per student, for each grade level, calculated pursuant to subsections (5) through (8) of this section, shall be increased by a factor equal to the result of multiplying the ratio of average daily attendance of students who reside on Indian land to the total average daily attendance of the district, as reported by the United States Department of Education in calculating the district's payment pursuant to Public Law 81-874, times twenty-five percent.".

2. On page 2, line 14, strike "section" and insert "sections 79-3805 and"; and in line 15 strike "is" and insert "are".

FA444

(Amendments to Standing Committee amendments, AM3281)

1. Strike sections 1 and 2 and insert the following new sections:

"Section 1. Sections 1 to 5 of this act shall be known and may be cited as the Drinking Water Source Quality Act.

Sec. 2. (1) The Legislature finds that:

(a) Safe drinking water sources are precious resources, the maintenance, protection, and conservation of which are essential to the well-being of the State of Nebraska and its citizens both now and in the future;

(b) The long-term protection of drinking water source quality is made more difficult because of the increasingly widespread use of products which can run off into streams, percolate into ground water, and cause environmental degradation and persistent dangerous threats to public health;

(c) There now exist, and may exist more, alternative sustainable agricultural, horticultural, and lawn-care practices which are effective and economical and impose much-reduced burdens on the environment as well as reduced risks to public health;

(d) It is essential that alternative practices be refined and demonstrated in order to induce more people to adopt such practices as will help stem further degradation of drinking water source quality and maintain that quality in the future;

(e) It is essential that members of the agricultural and industrial communities of Nebraska and all Nebraskans who grow plants implement such alternative practices to protect drinking water source quality;

(f) The quality of water delivered by Nebraska

public water suppliers is highly regulated with mandatory expensive testing on regular schedules for dangerous contaminants; and

(g) The high expense of adequate and meaningful water testing places a heavy burden on the water consumer, both public and private, with some of the most costly drinking water tests being for the carcinogenic synthetic organic compounds.

(2) The goals of the state are that drinking water source quality be protected by the prevention of contamination. Irrespective of the delivery mechanism, safe drinking water should not be dependent upon the payment of high test costs which rightfully should be part of the cost of those materials which create contamination.

Sec. 3. For purposes of the Drinking Water Source Quality Act:

(1) Approved principal laboratory shall mean the drinking water testing facility certified as meeting the standards and capabilities required by the United States Environmental Protection Agency's Safe Drinking Water Program;

(2) Contaminant shall mean any material determined by the Director of Health to be potentially harmful to human health pursuant to section 71-5302 which percolates or otherwise enters ground water or runs off into surface water due to action of any person and causes degradation of the quality of water sufficient to make it unsuitable for drinking water or other present or reasonably foreseeable future beneficial uses;

(3) Distribute shall mean sell, barter, or otherwise supply a product for use in Nebraska;

(4) Drinking water source shall mean ground water which occurs in or moves, filters, or percolates through ground under the surface of the land and surface water which occurs in rivers, streams, and lakes from which it can be taken and treated for consumption;

(5) Manufacture shall mean make, process, formulate, mix, produce, or otherwise prepare a product for distribution;

(6) Pesticide shall mean any insecticide, fungicide, rodenticide, herbicide, nematocide, plant regulator, defoliant, or desiccant as defined in section 2-2624;

(7) Safe drinking water shall mean water for human consumption which meets the standards set forth by the Nebraska Safe Drinking Water Act and rules and regulations promulgated thereunder;

(8) Sustainable agriculture, horticulture, and lawn care shall mean agricultural production and other growing strategies which (a) conserve and protect natural resources, in particular soil, water, and nonrenewable resources, (b) enhance soil fertility and tilth, (c) minimize adverse impacts

on wildlife and the environment, and (d) promote the health and safety of property owners, farmers, workers, and the public. Sustainable strategies shall include integration of biological functions, cycles, and controls, reduced reliance on unnatural manufactured growing and production inputs, crop and variety rotations to interrupt pest cycles and build soil fertility, maintenance of protective cover on the soil, and diversity of crops, plantings, and species, both plant and livestock, to enhance stability; and

(9) Water test shall mean prescribed controlled scientific procedures performed by the approved principal laboratory to determine the presence and relative concentration of specified contaminants in water samples submitted by public water suppliers and individuals using private wells.

Sec. 4. There is hereby created the Drinking Water Source Quality Fund. This fund shall consist of all fees credited to the fund pursuant to the Drinking Water Source Quality Act, any additional money appropriated to the fund by the Legislature, and any gifts, bequests, or other contributions received for credit to the fund. Any money in the fund available for investment shall be invested by the state investment officer pursuant to sections 72-1237 to 72-1276.

Sec. 5. (1) Subject to subsection (2) of this section, the Drinking Water Source Quality Fund shall be used only in accordance with the following:

(a) One-third of the money credited to the fund shall be available for the Nebraska Natural Resources Commission to finance a grant program of sustainable agriculture, horticulture, and lawn-care research and demonstration projects, with grant funds to be awarded on a competitive basis among proposals submitted through the natural resources districts of the state. Participating districts shall solicit competitive proposals for such projects from the agricultural community, nonprofit organizations, and educational institutions for submission to the commission. Competition for grants and the amounts thereof shall be based on factors such as adaptability, attractiveness, practicality, value, documentation, representative soil types, methods to be employed, scope of the research or demonstration, projected results, visibility, public access, educational potential, and outreach strategy. A percentage of each grant, not to exceed ten percent, shall be paid for supervision and oversight to the districts submitting the successful proposals. The commission shall adopt and promulgate rules and regulations necessary to carry out this subdivision; and

(b) Two-thirds of the money credited to the fund

shall be made available to the Department of Health for the administration of the Nebraska Safe Drinking Water Act. The money shall be used to subsidize the cost of drinking water tests which are required by the act and the rules and regulations promulgated thereunder which are performed by the approved principal laboratory. The purpose of such subsidization shall be to provide such tests for modest fees to public water suppliers using well water to facilitate and encourage adequate testing. If the funds available are not sufficient to so subsidize all drinking water testing, then the subsidy shall apply first to the most costly tests, especially the tests for synthetic organic compounds followed in descending order of cost by the other tests. The results of all drinking water testing shall be tabulated by the testing agency as a water source quality data base indexed by geographical location, contaminants found, and other attributes as may be expedient and desirable with such information to be available to other agencies, organizations, and individuals to whom the information may be helpful for information, education, research, and planning.

(2) Commencing January 1, 1996, money from the fund shall not be made available for use under this section unless the commission and the department have prepared and submitted to the Natural Resources Committee of the Legislature written annual reports which outline the actual and planned uses or obligations of money from the fund during both the immediately preceding fiscal year and the forthcoming fiscal year and evaluate the success of efforts undertaken by use of the money.

Mr. Robinson asked unanimous consent to be excused until he returns. No objections. So ordered.

Mr. Moore requested a ruling of the Chair on whether the Beutler amendment is germane to the Standing Committee amendment.

The Chair ruled the Beutler amendment is not germane to the Standing Committee amendment.

Mr. Beutler challenged the ruling of the Chair. The question is, "Shall the Chair be overruled?"

Mrs. Bohlke, Messrs. Fisher, Vrtiska, and Haberman asked unanimous consent to be excused until they return. No objections. So ordered.

79-3805. (1) Using data from the annual financial reports and the annual statistical summary reports for the most recently available complete data year, the department shall calculate the tiered cost per student for grades kindergarten, one through six, including full-day kindergarten, seven and eight, and nine through twelve for each district as described in subsections (2) through (8) of this section.

(2) Each district's general fund operating expenditures for grades kindergarten, one through six, including full-day kindergarten, seven and eight, and nine through twelve shall be computed as follows: (a) The weighted average daily membership for kindergarten shall equal the average daily membership for kindergarten multiplied by five-tenths; (b) the weighted average daily membership for grades one through six, including full-day kindergarten, shall equal the average daily membership for such grades multiplied by one; (c) the weighted average daily membership for grades seven and eight shall equal the average daily membership for such grades multiplied by one and two-tenths; (d) the weighted average daily membership for grades nine through twelve shall equal the average daily membership for such grades multiplied by one and four-tenths; and (e) the total weighted average daily membership shall equal the sum of grades kindergarten, one through six, including full-day kindergarten, seven and eight, and nine through twelve weighted average daily membership values. Each district's general fund operating expenditures for each grade group shall be calculated by dividing that grade group's weighted average daily membership by the total weighted average daily membership in the district and multiplying the result by the district's total general fund operating expenditures.

(3) Each district with general fund operating expenditures in grades one through six, including full-day kindergarten, shall be placed into a tier based on the following schedule.

Tier	Tier midpoint	Average daily membership range
1	50.50	.01 - 101.00
2	143.00	101.01 - 185.00
3	280.00	185.01 - 375.00
4	687.50	375.01 - 1,000.00
5	1,450.00	1,000.01 - 1,900.00

~~7~~	~~Median average daily membership of tier~~	~~15,000.01 and over~~
7	Median average daily membership of tier	12,000.01 and over

The average general fund operating expenditures per student for grades one through six, including full-day kindergarten, shall be calculated for each tier by adding the total general fund operating expenditures for such grades for all districts in the tier and dividing by the total average daily membership for such grades for all districts in the tier.

(4) Each district with general fund operating

expenditures in grades nine through twelve shall be placed in a tier based on the following schedule.

Tier	Tier midpoint	Average daily membership range
1	25.00	.01 - 50.00
2	62.50	50.01 - 75.00
3	87.50	75.01 - 100.00

6	375.00	250.01 - 500.00
7	750.00	500.01 - 1,000.00
~~8~~	~~5,500.00~~	~~1,000.01 - 10,000.00~~
8	4,000.00	1,000.01 - 7,000.00
~~9~~	~~Median average daily membership of tier~~	~~10,000.01 and over~~
9	Median average daily membership of tier	7,000.01 and over

The average general fund operating expenditures per student for grades nine through twelve shall be calculated for each tier by adding the total general fund operating expenditures for such grades for all districts in the tier and dividing such sum by the total average daily membership for such grades for all districts in the tier.

(5) Tiered cost per student values shall be computed for grades one through six, including full-day kindergarten, for each district as follows:

(a) For districts with average daily memberships for grades one through six, including full-day kindergarten, which are less than the midpoint of tier 1 for such grades, the tiered cost per student shall equal the average general fund operating expenditures per student for tier 1;

(b) For districts with average daily memberships for grades one through six, including full-day kindergarten, which are greater than the midpoint of tier 7 for such grades, the tiered cost per student for such grades shall equal the average general fund operating expenditures per student for tier 7; and

(c) For districts with average daily memberships for grades one through six, including full-day kindergarten, which fall on or between the midpoints of any two tiers, the tiered cost per student for such grades shall be calculated by means of a linear transition between the average general fund operating expenditures per student of the two tiers between whose midpoints the districts' average daily memberships for such grades fall.

(6) Tiered cost per student values shall be computed for grades nine through twelve for each district as follows:

(a) For districts with average daily memberships for grades nine through twelve which are less than the midpoint of

tier 1 for such grades, the tiered cost per student shall equal the average general fund operating expenditures per student for tier 1;

(b) For districts with average daily memberships for grades nine through twelve which are greater than the midpoint of tier 9 for such grades, the tiered cost per student for such grades shall equal the average general fund operating expenditures per student for tier 9; and

(c) For districts with average daily memberships for grades nine through twelve which fall on or between the midpoints of any two tiers, the tiered cost per student for such grades shall be calculated by means of a linear transition between the average general fund operating expenditures per student of the two tiers between whose midpoints the districts' average daily memberships for such grades fall.

(7) The tiered cost per student for kindergarten shall be calculated by multiplying each district's tiered cost per student for grades one through six, including full-day kindergarten, by five-tenths.

(8) The tiered cost per student for grades seven and eight shall be calculated as follows: For Class II, Class III, Class IV, and Class V districts, the tiered cost per student shall be the calculated mean of the district's tiered cost per student for grades one through six, including full-day kindergarten, and for grades nine through twelve; for Class I districts, the tiered cost per student shall be the district's tiered cost per student for grades one through six, including full-day kindergarten, multiplied by one and two-tenths; and for Class VI districts providing instruction in grades seven and eight as authorized by section 79-1109, the tiered cost per student shall be the district's tiered cost per student for grades nine through twelve multiplied by one and two-tenths and the result divided by one and four-tenths.

(9) The tiered cost per student for nonresident high school tuition funds shall be the average general fund operating expenditures per student for grades nine through twelve for all districts included in subsection (4) of this section.

(10) In districts which receive payments pursuant to Public Law 81-874 and in which there are students enrolled who reside on Indian land, as defined under regulations of the United States Department of Education in effect on July 10, 1990, promulgated pursuant to Public Law 81-874, the tiered cost per student, for each grade level, calculated pursuant to subsections (5) through (8) of this section, shall be increased by a factor equal to the result of multiplying the ratio of average daily attendance of students who reside on Indian land to the total average daily attendance of the

district, as reported by the United States Department of Education in calculating the district's payment pursuant to Public Law 81-874, times twenty-five percent.".

81-15,176. (1) Subject to subsection (3) of this

section, the board shall establish environmental priorities for the trust. The board, after allowing opportunity for public comment, shall designate as priorities those environmental goals which most affect the natural physical and biological environment in Nebraska, including the air, land, ground water and surface water, flora and fauna, prairies and forests, wildlife and wildlife habitat, and areas of aesthetic or scenic values. In designating environmental priorities, the board shall designate as the first priority cleanup costs for ground water pollution occurring as a result of activities carried on at the site of a licensed landfill in Nebraska owned or operated by a person pursuant to a contract with a political subdivision, whether such activities occurred before or after such person's ownership or operation. After meeting such existing needs, the board shall attempt to focus on the areas which promise the greatest opportunities for effective action to achieve and preserve the future environmental quality in the state. The board shall establish priorities for five-year periods beginning July 1, 1995, except that the board may make annual modifications to refine and clarify its priorities. The board shall provide for public involvement in developing the priorities for such five-year periods, including public meetings in each of the three congressional districts.

(2) The board shall establish criteria for determining the eligibility of projects for assistance from the fund, which criteria shall include the following:

(a) The fund shall not provide direct assistance to regulatory programs or to implement actions mandated by regulations except remediation;

(b) Before January 1, 1997, no more than twenty-five percent of allocations in any year shall assist remediation of soils or ground water, and no allocation for this purpose shall occur unless all other available sources of funding are, in the opinion of the board, being substantially utilized except for situations as described in subdivision (1) of this section. On and after January 1, 1997, no more than sixty percent of allocations in any year shall assist remediation of soils or ground water, and no allocation for this purpose shall occur unless all other available sources of funding are, in the opinion of the board, being substantially utilized except for situations as described in such subdivision;

(c) ~~The fund shall not pay for private benefits or to relieve private liability for environmental damage;~~

~~(d)~~ The fund shall not pay for projects which have direct beneficiaries who could afford the costs of the benefits without experiencing serious financial hardship;

~~(e)~~ (d) The fund should assist those projects which offer the greatest environmental benefits relative to cost;

~~(f)~~ (e) The fund should assist those projects which provide clear and direct environmental benefits;

~~(g)~~ (f) The fund should assist those projects which will make a real contribution to achieving the board's environmental priorities; and

~~(h)~~ (g) The fund should assist those projects which offer the greatest public benefits.

(3) Until the first five-year priorities become effective on July 1, 1995, the board shall observe the following initial priorities for allocating funds:

(a) Cleanup of ground water pollution in the situations described in subdivision (1) of this section;

(b) Critical habitat areas, including wetlands acquisition, preservation, and restoration and acquisition and easements of areas critical to rare or endangered species. Land and easements shall not be acquired without the full and express consent of the landowner;

~~(b)~~ (c) Surface water quality, including actions to preserve lakes and streams from degradation;

~~(c)~~ (d) Ground water quality, including fostering best management practices as defined in section 46-657, actions to preserve ground water from degradation, and remediation of soils or ground water in situations other than those described in subdivision (1) of this section; and

~~(d)~~ (e) Development of recycling markets and reduction of solid waste volume and toxicity.

(4) The board may refine and clarify these initial priorities.".

"(3) The council shall determine priority among applicants for projects eligible for payment or reimbursement from the fund, except that the first priority shall be given to any applicant who or which operated a licensed landfill in Nebraska on the site of a landfill previously operated by or on behalf of a political subdivision.".

3. On page 3, line 24, before "are" insert "and section 81-15,176, Revised Statutes Supplement, 1993,".

ATTORNEY GENERAL'S OPINIONS

Opinion No. 94016

DATE: March 16, 1994

SUBJECT: Constitutionality of AM3115 to LB 1207: Special Legislation

REQUESTED BY: Senator Stan Schellpeper
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Linda L. Willard, Assistant Attorney General

You have inquired whether AM3115 to LB 1207 is unconstitutional as being special legislation. Article III, § 18, of the Constitution of the State of Nebraska prohibits the Legislature from passing local or special legislation in any of several enumerated areas.

AM3115 states:

> Any sanitary and improvement district which is located in whole or in part within a county having a population of under fifty thousand inhabitants and which district includes real property located within one mile of the boundary of a solid waste disposal site for which a permit application is pending or for which a permit has been issued pursuant to section 13-2036 shall obtain the approval of the governing body of any county, municipality, or agency which has applied for or which is a holder of such permit prior to entering into any contract or agreement for or otherwise providing for building, reconstructing, purchasing, or otherwise acquiring or providing any improvements or facilities pursuant to section 31-708, 31-727, or 31-744, and prior to the acquisition of any property pursuant to section 31-712, 31-714, 31-736, 31-737, or 31-738.

For purposes of this section, county, municipality, and agency shall have the definitions provided in the Integrated Solid Waste Management Act.

In Haman v. Marsh, 237 Neb. 699, 709, 467 N.W.2d 836 (1991), the Nebraska Supreme Court held:

> By definition, a legislative act is general, and not special, if it operates alike on all persons of a class or on persons who are brought within the relations and circumstances provided for and if the classification so adopted by the Legislature has a basis in reason and is not purely arbitrary. . . . A legislative act that applies only to particular individuals or things of a class is special legislation.

The Haman decision further cites to Madison Metropolitan Sewerage District v. Stein, 47 Wis.2d 349, 177 N.W.2d 131, 137 (1970), as authority for its analysis. The Madison Metropolitan case states:

> It is not required that all general laws shall be equally general. A law legislating for a class is a general law when it is for a class "requiring legislation peculiar to itself in the matter covered by the law." A law relating to particular persons or things as a class is said to be general; while a law relating to particular persons or things of a class is deemed special and private. Whether such laws are to be deemed general laws or special laws depends very much upon whether the classification is appropriate.

According to legislative testimony, the amendment in question currently applies to only one Sanitary and Improvement District (SID) in the state. There is nothing to indicate that the class to which this legislation applies is a closed class. Specifically, it relates to a class of SIDs. Although the legislation refers to sites "for which a permit application is pending or for which a permit has been issued," the legislation does not limit the class to those sites with permits or pending permits as of a specific date. Such a date specific classification might arguably create a special class for the only existing SID eligible for the class. All SIDs meeting the requirements now or later could become a part of the class. Neither does the legislation relate to particular persons or things of a class of SIDs which would make it special legislation as set out in the cases cited above. It applies equally to all SIDs similarly situated now or in the future.

It is our conclusion that AM3115 to LB 1207 is not special legislation as that term is used in the State Constitution and as it has been defined by the Nebraska Supreme Court.

DON STENBERG

OPINION No. 94017

DATE: March 18, 1994

SUBJECT: Constitutionality of LB 1125; Can the Legislature prohibit public power districts and other similar entities from charging lot rental fees?

REQUESTED BY: Senator Jim D. Cudaback
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Dale A. Comer, Assistant Attorney General

You are apparently considering a motion to pull LB 1125 from committee for consideration by the entire Legislature, but before doing so, you have requested our opinion as to two questions concerning the bill. First, you wish to know if LB 1125 can "be considered constitutional?" Second, you wish to know "under which section or provision, are the bodies named in the bill given the authority to levy, increase or request lot fees from homeowners?"

LB 1125 deals with the authority of public power districts, public irrigation districts and public power and irrigation districts to charge lot fees or rental fees to lake associations or private individuals who lease property owned by the districts from the districts. The bill provides, in its entirety:

> A public power district, public irrigation district, or public power and irrigation district which leases property to lake associations or individuals shall not require lot fees as part of a lease agreement unless the lot fees only apply to lots which have been transferred to a new owner on or after the effective date of this act. A district shall not terminate a lease in order to evade the provisions of this section.

From discussions with your staff, we understand that the "lot fees" referenced in LB 1125 are rental fees to be charged to associations and individuals who rent land around lakes owned by the districts in question. We also understand that, in many instances, such rental fees have not been charged in the past, and that lessees of land around such lakes have be able to lease lake-front property in exchange for maintaining the property or providing similar services.

I. CONSTITUTIONALITY OF LB 1125

You initially requested our opinion as to whether "if enacted will LB 1125 be considered constitutional?" As we have indicated frequently in the past, a question on the general constitutionality of a pending bill will necessarily result in a general response from this office since we obviously cannot address specific questions about a bill unless they are set out in the opinion request. Op. Att'y Gen. No. 89028 (April 5, 1989); Op. Att'y Gen. No. 85157 (December 20, 1985). However, in this instance we discussed your original opinion

request with members of your staff, and we were subsequently provided with various materials which raised several potential constitutional questions concerning LB 1125. We understand that those materials form the basis for your concerns about the bill, and we will discuss each of those concerns in turn. For the reasons set out below, we believe that the bill is constitutional.

A. Article I, Section 16 of the Nebraska Constitution prohibiting an irrevocable grant of special privileges or immunities.

The first question concerning LB 1125 involves Article I, Section 16 of the Nebraska Constitution which prohibits the passage of any "bill of attainder, ex post facto law, or law impairing the obligation of contracts, or making any irrevocable grant of special privileges or immunities." (emphasis added). The concern here is that LB 1125 creates a special privilege in favor of individuals or lake associations which currently lease property from power districts in that those persons cannot be charged lot or rental fees to lease property, while persons who lease property from other entities can be required to pay such fees. Alternatively, there is concern that the provisions of LB 1125 create a special privilege in favor of existing lessees of lake-front property in that those lessees cannot be required to pay a rental fee while new lessees can have such fees imposed. In both cases, the argument presumably is that LB 1125 would create special privileges or immunities for existing lessees of lake front property owned by public power districts or similar entities.

There is not a great deal of recent Nebraska case law which interprets the requirements of Article I, Section 16. However, Article III, Section 18 of the Nebraska Constitution also prohibits the passage of special laws which would grant special privileges or immunities in Nebraska, and the two sections of the constitution are often considered together. For example, in Wittler v. Baumgartner, 180 Neb. 446, 144 N.W.2d 62 (1966), the court held that a grid system for electing directors of public power districts which was imposed on all Nebraska electors but the electors of two Nebraska counties violated Article III, Section 18 and Article I, Section 16 of the Nebraska Constitution. In that case, the court described the test for constitutionality of legislation under those constitutional provisions as follows:

> It is also fundamental that, although it is competent for the Legislature to classify for purposes of legislation, the classification, to be valid, must rest on some reason of public policy, some substantial difference of situation or circumstance, that would naturally suggest the justice or expediency of diverse legislation with respect to the objects to be classified.

Id at 456, 144 N.W.2d at 70. See Haman v. Marsh, 237 Neb. 699, 467 N.W.2d 836 (1991).

On the basis of the Wittler test noted above, we cannot say that there is no substantial difference of situation or circumstance involved in the classifications contained in LB 1125. In the first instance, lessees of public utilities, and particularly those of longstanding status, may well be so different from lessees of other public and private

entities as to justify disparate treatment. Moreover, the bill would not prohibit all forms of rental payments by such lessees in that the power districts in question could still maintain the present practice of leasing the property in exchange for maintenance of the premises by the lessee. In the second instance, lessees of longstanding status may well be so different from new lessees as to justify disparate treatment. Indeed, the latter situation is not unlike the grandfathering provisions which are often inserted in new licensing procedures. Consequently, we do not believe that LB 1125 would create special privileges or immunities in contravention of Article I, Section 16 of the Nebraska Constitution.

B. Article XIII, Section 3 of the Nebraska Constitution which prohibits lending the credit of the state in aid of any individual, association or corporation.

The argument in this instance is that LB 1125 requires public power districts to donate the fair rental value of the property involved to the private individuals or associations who leased the property prior to the effective date of the act. This, in turn, would allegedly give a benefit to those individuals or associations, and result in giving money or donating property in aid of those private individuals or associations in violation of Article XIII, Section 3 of the Nebraska Constitution.

At the outset, it should be noted that the provisions of LB 1125 do not require power and irrigation districts to donate the fair value of the rental for the property involved; the bill simply provides that the districts may not charge lot fees for the rentals in question. Consequently, power and irrigation districts may continue to recover their rental fees through agreements with the lessees to maintain the property or provide similar services, as we understand is the current practice. As a result, it can be argued that LB 1125 does not necessarily involve a situation where private lessees are given public monies or other benefits.

The most recent significant discussion of Article XIII, Section 3 of the Nebraska Constitution occurs in Haman v. Marsh, 237 Neb. 699, 467 N.W.2d 836 (1991). In that case, the court indicated that the purpose of Article XIII, Section 3 is to prevent the state or any of its governmental subdivisions from extending the state's credit to private entities. The court went on to state that,

> The key {to an analysis of a situation under Article XIII, Section 3} is whether the state stands as a creditor through the expenditure of public funds or as a debtor by the extension of the state's credit to private corporations, associations or individuals. The state is not empowered to become a surety or guarantor of another's debts.

Id. at 722, 467 N.W.2d at 852. It does not appear to us that prohibiting public power and irrigation districts from charging lot rental fees to lessees of lands around lakes and other property of the districts makes those districts either sureties or guarantors of another's debts.

The Haman case does indicate that the principle of law that public funds cannot be used for private purposes also emanates from Article XIII, Section 3, and it could argued that the prohibition on lot rental fees in LB 1125 involves such an impermissible use of public funds.

However, it is for the Legislature to determine in the first instance what is and what is not a public purpose. State ex rel. Douglas v. Thone, 204 Neb. 836, 286 N.W.2d 249 (1979); Chase v. County of Douglas, 195 Neb. 838, 241 N.W.2d 334 (1976). That determination is not conclusive on the courts, but a lack of public purpose justifying a declaration that a particular statute is invalid must be so clear and palpable as to be immediately perceptible to a reasonable mind. Id. We do not believe that the provisions in LB 1125 forbidding lot rental fees involve such a clear lack of public purpose as to create a violation of Article XIII, Section 3.

C. Fourteenth Amendment to the United States Constitution which provides that no state shall make any law which denies any person within its jurisdiction the equal protection of the laws.

The final constitutional problem with LB 1125 alleged in the materials which you provided to us involves the equal protection guarantee contained in the Fourteenth Amendment to the United States Constitution. Presumably, the argument in this case is that power and irrigation districts which are prohibited from charging lot rental fees under LB 1125 are denied equal protection under the law since other entities which rent such property may charge appropriate rentals. This argument may be dealt with rather summarily.

In Triplett v. Tiemann, 302 F. Supp. 1239 (D. Neb. 1969), the United States District Court for the District of Nebraska stated:

> The plaintiff school districts are legally not subject to injury under the Equal Protection Clause. The Equal Protection Clause of the Fourteenth Amendment has no application to the acts of a State against its own political subdivisions.

Id. at 1242 (emphasis added). See Ayers v. Allain, 674 F. Supp. 1523 (D. Miss. 1987); County Department of Public Welfare of Lake County v. Stanton, 545 F. Supp. 239 (D. Ind. 1982). Obviously, if the Equal Protection Clause has no application to the acts of a State against its own political subdivisions, then the Equal Protection Clause has no application in the present instance where, under LB 1125, the state would deny power and irrigation districts the right to charge certain forms of rent. Those districts, therefore, cannot maintain that they will be denied equal protection by the State under LB 1125.

D. Article I, Section 16 of the Nebraska Constitution which prohibits the impairment of the obligation of contracts.

Our final concern with the provisions of LB 1125, which again involves portions of Article I, Section 16 of the Nebraska Constitution, was not raised in the materials which you provided to us. Article I, Section 16 prohibits the passage of any "law impairing the obligation of contracts" in Nebraska, and is similar to the provision in Article I, Section 10 of the United States Constitution which prohibits states from passing such laws. It is our understanding from discussions with your staff that some power districts in Nebraska currently have leases in place which provide for the payment of lot rental fees in connection with leases of property held by the districts. If LB 1125 is construed to affect the rights of those power districts to charge rental fees under

existing leases, then an obvious question is raised as to whether the contract rights of those districts have been impaired by the bill. After reviewing this situation, however, we do not believe that LB 1125 violates Article 1, Section 16 in that regard.

It is clear under the pertinent state and federal constitutional provisions that the state may not pass legislation which impairs the obligations or rights contained in existing contracts. However, the obligations or rights which would be impaired by LB 1125 are contractual obligations or rights in favor of the power and irrigation districts affected by that bill, i.e. the contractual rights under any existing leases to receive rental or lot fees. Therefore, the contractual rights which arguably might be impaired by LB 1125 are the rights of governmental subdivisions of this state.

The general rule with respect to the impairment of the contractual obligations and rights of governmental subdivisions appears to be that neither the charter of the governmental subdivision nor any legislative act conferring power on or regulating the use of property held by the subdivision is a contract within the meaning of the constitutional provisions concerning impairment of contracts. Hunter v. City of Pittsburgh, 207 U.S. 161 (1907); E. McQuillin, The Law of Municipal Corporations, § 4.18 (Charles R.P. Keating & Stephen M. Flanagan eds., 3rd ed. 1988). Consequently, the governmental powers of governmental subdivisions may be changed or withdrawn at will without impairing the obligation of contracts. Id. There are some earlier cases which draw a distinction between governmental functions of governmental subdivisions and functions of those entities which are proprietary in nature. Hunter v. City of Pittsburgh, supra; Comment Note, Right of municipality to invoke constitutional provisions against acts of state legislature, 116 A.L.R. 1037 (1938); E.B. Schultz, The Effect of the Contract Clause and the Fourteenth Amendment Upon the Power of the States to Control Municipal Corporations, 36 Mich. L. Rev. 385 (1938). And, under those cases it might be possible to argue that the rights of the power districts at issue under LB 1125 are proprietary in nature and thus protected from impairment by the state. However, in City of Trenton v. State of New Jersey, 262 U.S. 182 (1923), the United States Supreme Court denied the existence of the governmental/proprietary distinction, at least with respect to the Contracts Clause in the federal constitution, and stated:

> But such distinction {between governmental and proprietary powers and obligations} furnishes no ground for the application of constitutional restraints here sought to be invoked by the city of Trenton against the state of New Jersey. They do not apply as against the state in favor of its own municipalities.

Id. at 192. Therefore, it does not appear to us that the provisions of LB 1125 would involve a violation of the Contracts Clause of the United States Constitution since any contractual rights impaired by that bill would involve the rights of power and irrigation districts which are governmental subdivisions in Nebraska.

There are no Nebraska cases which deal precisely with the issue of whether the state constitutional prohibition upon the impairment of contracts applies to impairments involving the proprietary functions of governmental subdivisions. However, in City of Fremont v. Dodge County, 130 Neb. 856, 266 N.W. 771 (1936), a case dealing with retrospective legislation, the court cited the City of Trenton case with approval and stated,

> There is no ground here for the application of constitutional restraints by a municipality against the action of the state legislature. They do not apply as against the state in favor of its own municipalities unless there are clear constitutional provisions to that effect.

Id. at 869, 266 N.W. at 776. Accordingly, on the basis of the Dodge County case and the City of Trenton case, we do not believe that LB 1125 involves a violation of Article I, Section 16 of the Nebraska Constitution dealing with impairment of the obligations of contracts by the state.

II. AUTHORITY OF PUBLIC POWER DISTRICTS TO LEVY LOT FEES

Apart from your initial question concerning the constitutionality of LB 1125, you have also asked us, "under which section or provision, are the bodies named in the bill given the authority to levy, increase or request lot fees from homeowners?"

Obviously, there are no portions of LB 1125 which give public power or irrigation districts authority to charge lot fees from homeowners. However, Neb. Rev. Stat. § 70-625 (1990) provides, in pertinent part, "a public power district shall have all the usual powers of a corporation for public purposes and may purchase, hold, sell, and lease personal property and real estate reasonably necessary for the conduct of its business." We believe that this statute gives the public bodies referenced in LB 1125 the authority to charge the fees in question.

RESOLUTION

LEGISLATIVE RESOLUTION 349. Introduced by Beutler, 28.

WHEREAS, the protection of the public health and welfare is the primary concern of public water supply systems; and

WHEREAS, the ability of public water supply systems to protect the health and welfare of its citizenry has been greatly reduced by unfunded federal mandates contained in the Safe Drinking Water Act; and

WHEREAS, public water supply systems cannot afford to commit limited resources on federal mandates which provide little or no benefit to public health, but must rather be permitted to focus their resources on protections which ensure the highest safety for public health; and

WHEREAS, H.R. 3392, the Safe Drinking Water Act Amendments of 1993, introduced by Representative Jim Slattery of Kansas and Representative Thomas Bliley of Virginia, would amend the Safe Drinking Water Act to allow public water supply systems greater ability to effectively protect the public health and welfare by ensuring

that limited public resources can be sensibly focused on the most serious risks presented by contaminants in drinking water.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Legislature urges Congress to amend the Safe Drinking Water Act in such a manner as will permit public water supply systems to focus their resources on issues which threaten public health and which will provide flexibility in meeting the real health needs of its citizenry.

2. That the Clerk of the Legislature transmit a copy of this resolution to the Speaker of the United States House of Representatives, the President of the United States Senate, all members of the congressional delegation from the State of Nebraska, the Administrator of the United States Environmental Protection Agency and the Regional Administrator, Region VII of the United States Environmental Protection Agency.

ATTORNEY GENERAL'S OPINIONS

Opinion No. 94018

DATE: March 21, 1994

SUBJECT: Medicaid Co-payments Under Neb. Rev. Stat. §§ 68-1019 and 68-1021 (1993 Supp.) (i.e., LB 808, Laws of Nebraska, 93rd Legislature, First Session (1993))

REQUESTED BY: Senator Don Wesely
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Royce N. Harper, Senior Assistant Attorney General

QUESTION: Whether Neb. Rev. Stat. §§ 68-1019 and 68-1021 (1993 Supp.) are pre-empted by 42 U.S.C. § 1396r-8(f)(1), otherwise known as the Omnibus Reconciliation Act of 1990 (OBRA '90).

ANSWER: No. The co-payment provisions of Neb. Rev. Stat. §§ 68-1019 and 68-1021 are consistent with federal statutes and regulations which specifically allow states to implement co-payment plans for specified Medicaid recipients. The OBRA '90 moratorium found at 42 U.S.C. § 1396r-8(f)(1) only prevents reduction in the limits for covered outpatient drugs and not the source of payment for the providers. Finally, the case which has addressed the moratorium in relation to co-payments is not binding precedent on the United States District Court for the District of Nebraska.

Medicaid Program Background

The Medicaid program, enacted in 1965 as Title XIX of the Social Security Act, is a cooperative federal/state program designed to furnish medical assistance to eligible low income individuals. See 42 U.S.C. §§ 1396 et seq.; Atkins v. Rivera, 477 U.S. 154, 156-57 (1986); Schweiker v. Hogan, 457 U.S. 569, 571-72 (1982); and Harris v. McRae, 448 U.S. 297, 301 (1980). The program is jointly financed by

the federal and state governments and is administered by the states. Id. While participation in the Medicaid program is voluntary, participating states must submit a plan that fulfills the requirements established by the Medicaid statute, its implementing regulations, and other requirements imposed by the Secretary of Health and Human Services. 42 U.S.C. § 1396a. See Schweiker v. Gray Panthers, 453 U.S. 34, 36-37 (1981). See also 42 C.F.R. §§ 430.10 et seq. State Medicaid plans must be approved by the Secretary. 42 U.S.C. § 1316(a)(1) and 42 C.F.R. § 430.15. Upon approval of its plan, a state becomes entitled to reimbursement known as "federal financial participation" from the federal government for a portion of its payments to providers, including pharmacists furnishing services to Medicaid recipients. 42 U.S.C. § 1396b(a) and 42 C.F.R. §§ 430.1 and 430.30. A state that has chosen to participate in the Medicaid program is entitled to include expenditures for prescription drugs among the costs reimbursable by the federal government. 42 U.S.C. §§ 1396a(a)(10)(A) and 1396d(a)(12).

Opinion

Although it is possible to argue that 42 U.S.C. § 1396r-8(f)(1), otherwise known as OBRA '90, imposes a moratorium on establishing a plan of co-payments or deductibles on Medicaid recipients, it is the opinion of this office that such an interpretation is inconsistent with federal Medicaid statutes and regulations and the basic rules of statutory construction.

The co-payment provisions found in Neb. Rev. Stat. §§ 68-1019 and 68-1021 (1993 Supp.) are consistent with federal statutes and regulations which specifically allow states to implement co-payment plans for specified Medicaid recipients. 42 U.S.C. § 1396o(b)(1) states, "(For certain Medicaid recipients) there may be imposed an enrollment fee, premium, or similar charge. . . ." Clearly this statute allows a state to impose co-payment charges and deductibles on a Medicaid recipient. Additionally, federal regulations found at 42 C.F.R. § 447.55(a) provide that, "{t}he plan may provide for a standard, or fixed, co-payment amount for any service." The federal authorization could not be any clearer.

Additionally, when using basic rules of statutory construction, 42 U.S.C. § 1396r-8(f)(1) does not affect any state attempting to implement a co-payment or deductible plan. When interpreting a statute, one must determine and give effect to the purpose and intent of the Legislature as ascertained from the entire language of the statute considered in its plain, ordinary, and popular sense. In re Interest of Powers, 242 Neb. 19, 493 N.W.2d 166 (1992); and Georgetowne Limited Partnership v. Geotechnical Services, Inc., 230 Neb. 22, 430 N.W.2d 34 (1988). Also, as far as practicable, one must give effect to the language of the statute and reconcile different statutory provisions so that parts of a statute are consistent, harmonious, and sensible. Rosnick v. Marks, 218 Neb. 499, 357 N.W.2d 186 (1984).

42 U.S.C. § 1396r-8(f)(1) states:

(A) During the period of time beginning on January 1, 1991, and ending on December 31, 1994, the Secretary may not modify by regulation the formula used to determine reimbursement limits described in the regulations under 42 C.F.R. § 447.331 through 42 C.F.R. § 447.334 (as in effect on November 5, 1990) to reduce such limits for covered outpatient drugs.

(B) During the period of time described in subparagraph (A), any state that was in compliance with the regulations described in subparagraph (A) may not reduce the limits for covered outpatient drugs described in subparagraph (A) or dispensing fees for such drugs.

In the opinion of this office, the plain, ordinary, and popular meaning of the language in this statute only has effect on the regulations found at 42 C.F.R. § 447.331 through 42 C.F.R. § 447.334. These regulations merely set the aggregate upper limits of payment, the upper limits for multiple source drugs, the state plan requirements regarding the upper limits, and the upper limits for drugs furnished as part of services. These regulations only set forth the upper limits and the methodology that must be used in establishing a formula to calculate the reimbursement rates for pharmacies providing services and drugs to Medicaid recipients. The statute does not in any way mention the regulations authorizing the co-payments found at 42 C.F.R. § 447.55. Therefore, the moratorium has no force and effect so as to prevent a state from instituting a co-payment or deductible plan. Additionally, the plain language in the statute only prevents a reduction in the limits for covered outpatient drugs and dispensing fees and does not affect the source of said payments. The limits as established by the Nebraska Department of Social Services and approved by the Health Care Financing Administration establish a formula or methodology for calculating said limits. The current formula uses an average wholesale price per drug unit minus 8.71 percent multiplied by the units per prescription plus a pharmacy dispensing fee {(AWP - 8.71%) * units + dispensing fee}. This formula was in effect as of January 1, 1990, and has not been changed. It sets the limits for reimbursement allowed by the Department of Social Services and is not changed under the new co-payment and deductible plan. This formula is what is used to calculate the limits which are referred to the in the moratorium. Medicaid providers are still entitled to that amount calculated under the formula. However, the source of that amount is now being divided between the state and the Medicaid recipients. The co-payment amounts imposed under the Department plan are $2 per prescription. This $2 per prescription is a legal obligation that the Medicaid recipients have and may be enforced by the Medicaid providers in a civil action to collect the fee. Therefore, the amounts that the Medicaid providers are entitled to is not changed, and the moratorium has no force and effect on the co-payment plan. Additionally, when you consider OBRA '90 in conjunction with the entire Medicaid statutory scheme and regulations, it is common sense to limit the force and effect of the moratorium to the upper limits and not to the co-payment

plans. Otherwise, any attempt to change any aspect of the reimbursement scheme would be impossible. Such an interpretation would incapacitate the government and prevent it from adapting to an ever changing society. Therefore, it would defy logic to expand the scope of the moratorium set forth in OBRA '90 beyond the upper limits of reimbursement set by 42 C.F.R. §§ 447.331 through 447.334.

You also expressed concern over whether LB 808 would withstand a challenge in federal court given the recent decision of Pharmaceutical Society of the State of New York Inc. v. New York State Department of Social Services, 1994 W.L. 33369 (N.D.N.Y.). Although it is impossible to predict the results of any litigation with a large degree of certainty, it is the opinion of this office that a challenge to Nebraska's co-payment and deductible plan could be defended with a reasonable chance of success.

In addition to the reasons set forth above, the case in New York which found that a co-payment plan was in violation of OBRA '90 has little precedential value in the United States District Court for the District of Nebraska. The case was heard by the U.S. District Court for the Northern District of New York. It has well been established that district court decisions are not binding on other district courts, particularly outside their federal circuit. Such decisions only serve as an example of the reasoning and rationale behind one court's decision based on the particular facts of that case. Therefore, the Nebraska courts are not obligated to follow the reasoning in Pharmaceutical Society of the State of New York, Inc., Id.

There are some factors which should be considered in the event there is a challenge of the Nebraska law. On January 10, 1994, the United States District Court for the Northern District of New York issued a final order generally in favor of the plaintiff. However, this order has been appealed to the Court of Appeals for the Second Circuit. The Attorney General's Office for the State of New York is convinced that their position is meritorious. One argument that will be advanced by the State of New York is that the district court's rationale essentially bifurcated the term "reimbursement limits," and read the word "limits" out of the phrase. Thus, the thrust of the court's reasoning was that there was a reduction of reimbursement. The co-payment system places no reduction or restriction on limits. The OBRA '90 moratorium only prevents reduction in the limits, not the source. We would submit that had Congress been of the opinion that implementation of a co-payment plan was a reduction in payment "limits," it would have plainly prohibited such co-payment plans with respect to drugs for states in compliance with the regulation. Further, it should be noted that the United States District Court for the Northern District of Florida, Tallahassee Division, in the case of Florida Pharmacy Association v. Williams (No. TCA 92-40142-MMP) on November 8, 1993, granted summary judgment for the defendant on the identical issue of co-payments that was before the court in New York and is now an issue in Nebraska. In the Florida case, the legislature passed an appropriation bill that directed the agency to

implement a co-payment program for Medicaid prescription drugs. The Florida court found that the one dollar co-payment program was not in conflict with the moratorium imposed by OBRA. The court stated, "{a} co-payment simply means that the Medicaid recipient pays a part of the cost of drugs. Thus, it does not change how much reimbursement pharmacists receive; they are still entitled to the same amount of reimbursement as before."

In view of the above, it is the opinion of this office that there is a good chance that Neb. Rev. Stat. §§ 68-1019 and 68-1021 (1993 Supp.) could be defended and determined to be valid legislation.

Sincerely,
DON STENBERG

Opinion No. 94019

DATE: March 22, 1994

SUBJECT: Amendment 3455 to LB 1292 (1993 Legislative Session)

REQUESTED BY: Senator Stan Schellpeper
Chairperson, General Affairs Committee

WRITTEN BY: Don Stenberg, Attorney General
Laurie Smith Camp, Assistant Attorney General

You have asked whether AM 3455, which would include beer as an item required to be obtained from a primary American source under LB 1292, would prohibit the practice of one Nebraska beer wholesaler resupplying a brand of beer to another Nebraska beer wholesaler.

We find that AM 3455 would not prohibit this practice, as long as the Nebraska beer wholesaler who is resupplying the beer is serving as the agent of the manufacturer for that purpose. If the manufacturer of the beer approves of the practice and authorizes the resupplying wholesaler to serve as the manufacturer's agent for that purpose, neither the resupplying wholesaler nor the receiving wholesaler would be in violation of the terms of LB 1292 or of other provisions of the Liquor Control Act.

It should be noted that resupplying among wholesalers is not now permitted and would not be permissible under LB 1292 with respect to wine and spirits. Neb. Rev. Stat. § 53-169.01 (Cum. Supp. 1992) prevents an agency affiliation between manufacturers and wholesalers

of alcoholic liquor, with the exception of beer. Manufacturers of beer, but not of other alcoholic beverages, are permitted to engage in wholesale distribution. Neb. Rev. Stat. § 53-123.01 (Cum. Supp. 1992).

Before LB 1292 is passed, with or without AM 3455, consideration should be given to whether or not its terms may violate international trade agreements governing alcoholic beverages, such as the General Agreement on Tariffs and Trade (GATT) panel report of 1992.

Opinion No. 94020

DATE: March 23, 1994

SUBJECT: Temporary loan of hand firearms to minors for instructional purposes, while under direct adult supervision

REQUESTED BY: Senator Stan Schellpeper

WRITTEN BY: Don Stenberg, Attorney General
Kimberly A. Klein, Assistant Attorney General

You have requested an opinion as to whether amendment AM5659 to LB 988 (now section 4 of LB 988, Final Reading) precludes the "temporary loan" of the firearms specified in Neb. Rev. Stat. § 28-1204 (1989).

As we read LB 988, as amended by AM5659, it specifically applies to firearms as defined in Neb. Rev. Stat. § 28-1204 (1989) (pistols, revolvers, and short-barreled hand firearms). Section 4(3) expressly states that "This section shall not authorize the transfer of any firearm described in section 28-1204."

As amended, LB 988 conflicts with Neb. Rev. Stat. § 28-1204(2) (1989), which provides that persons under 18 years of age who are receiving instruction under the immediate supervision of a parent, guardian, or adult instructor may possess a short-barreled hand firearm on "temporary loan."

Although section 4(2)(c) of LB 988, as amended, permits juveniles to possess certain firearms while under direct adult supervision in an educational program, this exception does not apply to pistols, revolvers or other short-barreled hand firearms, as is currently the law. Consequently, LB 988, as amended by AM5659, would make it a

felony to loan a pistol, revolver, or other short-barreled hand firearm to a juvenile even for instructional purposes while under direct adult supervision.

Sincerely yours,
DON STENBERG

(b) Each section shall be open to amendment. The amendments, if any, recommended by standing committees, shall first be considered. The introducer's amendments, if any, shall ~~next~~ be considered following the consideration of the standing committee amendments and any amendments thereto, after which he or she may move to advance and explain the bill. Other amendments and motions permitted by these rules may then be offered and shall be considered after the introducer has explained the bill in the order in which they are filed with the Clerk, subject to the provisions of Rule 7, Section 3.

Referred to the Rules Committee.

For purposes of germaneness, if a question is germane prior to a request for division, each and every other component or proposition of the divided question will likewise be germane to the bill or pending amendment. Once a vote to change has occurred on any of the divisible questions, the remaining divided sections may not be withdrawn without a majority of those voting or without unanimous consent. A motion to strike out and insert shall be deemed indivisible, but a motion to strike out being lost, shall not preclude an amendment or a motion to strike out or insert. AM3946

1. Insert the following new sections:

"Section 1. That section 16-1027, Revised Statutes Supplement, 1993, be amended to read as follows:

16-1027. (1) At any time before the retirement date, the retiring firefighter may elect to receive his or her pension benefit at retirement either in the form of a straight life annuity or any optional form of annuity benefit established by the retirement committee and provided under a purchased annuity contract. Such optional annuity benefit shall be specified in the funding medium for the retirement system and shall include a straight life annuity with a guarantee of at least sixty monthly payments or an annuity payable for the life of the retiring firefighter and, after the death of the retiree, monthly payments, as elected by the retiring firefighter, of one hundred percent, seventy-five percent, or fifty percent of the amount of annuity payable to the retiring firefighter during his or her life, to the beneficiary selected by the retiring firefighter at the time of the original application for an annuity. For any firefighter whose retirement date is on or after January 1, 1997, the optional benefit forms for the retirement system shall include a single lump-sum payment of the firefighter's retirement value. For firefighters whose retirement date is prior to January 1, 1997, a single lump-sum payment shall be available only if the city has adopted such distribution option in the funding medium established for the retirement system. The retiring firefighter may further elect to defer the date of the first payment or lump-sum distribution to the first day of any specified month prior to age seventy. In the event the retiring firefighter elects to receive his or her pension benefit in the form of an annuity, the amount of such annuity benefit shall be the amount provided by the annuity contract purchased or otherwise provided by the firefighter's retirement value as of the date of the first payment. Any such annuity contract purchased by the retirement system may be distributed to the retiring firefighter. Upon the payment of a lump sum or the distribution of a paid-up annuity contract, all obligations of the retirement system to pay retirement benefits to the firefighter and his or her beneficiaries shall terminate, without exception.

(2) For all firefighters employed on January 1, 1984, the amount of the pension benefit at the retirement date shall not be less than the following amounts:

(a) If retirement from the city occurs following age fifty-five with twenty-one years of service with the city, fifty percent of regular pay;

(b) If retirement from the city occurs following age fifty but before age fifty-five with at least twenty-one years

of service with the city, such firefighter shall receive the actuarial equivalent of the benefit which would otherwise be provided at age fifty-five; ~~For terminations of employment from the city on or after September 9, 1993, if such termination of employment as a firefighter occurs before age fifty-five but after completion of twenty-one years of service with the city, such firefighter shall receive upon the attainment of age fifty-five a pension benefit of fifty percent of regular pay;~~

(c) If retirement from the city occurs on or after age fifty-five with less than twenty-one years of service with the city, such firefighter shall receive a pension of at least fifty percent of the salary he or she was receiving at the time of retirement multiplied by the ratio of the years of service to twenty-one;

(d) For terminations of employment from the city on or after September 9, 1993, if such termination of employment as a firefighter occurs before age fifty-five but after completion of twenty-one years of service with the city, such firefighter shall receive upon the attainment of age fifty-five a pension benefit of fifty percent of regular pay;

(e) Unless an optional annuity benefit is selected by the retired firefighter, at the death of any such retired firefighter, the same rate of pension as is provided for in this section shall be paid to the surviving spouse of such deceased firefighter during such time as the surviving spouse remains unmarried and, in case there is no surviving spouse, then the minor children, if any, of such deceased firefighter shall equally share such pension benefit during their minority, except that as soon as a child of such deceased firefighter ceases to be a minor, such pension as to such child shall cease; or

~~(e)~~ (f) In the event a retired firefighter or his or her surviving beneficiaries die before the aggregate amount of pension payments received by the firefighter and his or her survivor beneficiaries, if any, equals the total amount in the firefighter's employee account, at the time of the first benefit payment, the difference between the total amount in the employee's account and the aggregate amount of pension payments received by the retired firefighter and his or her surviving beneficiaries, if any, shall be paid in a single sum to the firefighter's estate.

A firefighter entitled to a minimum pension benefit under this subsection may elect to receive such pension benefit in any form permitted by subsection (1) of this section, including a single lump-sum payment, if the firefighter retires on or after January 1, 1997, or if the city has adopted a lump-sum distribution option for firefighters retiring before January 1, 1997, in the funding

medium for the retirement system. If the minimum pension benefit is paid in the form of an optional annuity benefit or a single lump-sum payment, such benefit or payment shall be the actuarial equivalent of the annuity that would otherwise be paid to the firefighter pursuant to this subsection.

If the firefighter chooses the single lump-sum payment option, the firefighter may request that the actuarial equivalent be equal to the average of the cost of ~~three~~ two annuity contracts purchased on the open market, if the difference between the cost of the two annuity contracts does not exceed five percent. Of the ~~three~~ two annuity contracts used for comparison, one shall be chosen by the firefighter; ~~one shall be chosen by the retirement committee,~~ and one shall be chosen by the city. If the difference between the two annuity contracts exceeds five percent, the retirement committee shall review the costs of the two annuity contracts and make a recommendation to the city council as to the amount of the lump-sum payment to be made to the firefighter. The city council shall, after a hearing, determine the amount of the single lump-sum payment due the firefighter.

(3) If the retirement value of a firefighter entitled to a minimum pension benefit under subsection (2) of this section is not sufficient at the time of the first payment to purchase or provide the required pension benefit, the city shall utilize such funds as may be necessary from the unallocated employer account of the retirement system to purchase or provide for the required pension benefit.

(4) Any retiring firefighter whose pension benefit is less than twenty-five dollars per month on the straight life annuity option shall be paid a lump-sum settlement equal to the retirement value in lieu of annuity and shall not be entitled to elect to receive annuity benefits.

Sec. 2. That section 16-1028, Revised Statutes Supplement, 1993, be amended to read as follows:

16-1028. (1) A firefighter of a city of the first class may:

(a) Retire or be retired and receive the applicable retirement pension benefit upon the attainment of age fifty-five while employed by the city as a firefighter;

(b) Elect to retire after he or she has attained the age of fifty and has completed at least twenty-one years of service with the city and receive the actuarial equivalent of the pension benefit he or she would otherwise receive upon the attainment of age fifty-five;

(c) After twenty-one years of service with the city, terminate employment with the city and, upon the attainment of age fifty-five, receive the applicable retirement pension benefit; or

~~(c)~~ (d) Retire or be retired as a result of

disability while in the line of duty, as determined under section 16-1031, at any age and receive the applicable pension benefit provided in such section. ~~16-1031.~~

(2) A firefighter who is eligible to retire pursuant to subdivision (1)(a) of this section but does not~~,~~ shall continue to contribute to his or her employee account and the city shall continue to contribute to its employer account.

(3) For purposes of subdivisions (1)(a), (b), and ~~(c)~~ (d) of this section, the first of the month immediately following the last day of work shall be the retirement date. For purposes of subdivision ~~(1)(b)~~ (1)(c) of this section, the first of the month immediately following the attainment of age fifty-five shall be the retirement date.

Sec. 3. That section 16-1033, Revised Statutes Supplement, 1993, be amended to read as follows:

16-1033. In the event a firefighter quits or is discharged before his or her retirement date as defined in subsection (3) of section 16-1028, the firefighter may request and receive, as a lump-sum payment, an amount equal to the value of his or her employee account as determined at the valuation date preceding his or her termination of employment pursuant to subdivision (9) of section 16-1021. Such firefighter, if vested, may, in lieu thereof, receive a deferred pension benefit or lump-sum benefit in an amount purchased or provided by the vested retirement value at the date of retirement. The retirement value at such retirement date shall consist of the then-accumulated value of the firefighter's employee account at the date of the retirement as reduced by any lump-sum distributions received prior to retirement, together with a vested percentage of the accumulated value of the firefighter's employer account at the date of retirement. The vesting schedule ~~is~~ shall be as follows:

(1) If the terminating firefighter has been a member of the system for less than four years, ~~such~~ the vesting percentage shall be ~~nil~~ zero; and

(2) If the terminating firefighter has been a member of the paid department of the city for at least four years, ~~such~~ the vesting percentage shall be forty percent. ~~Such~~ The vesting percentage shall be ~~fifty~~ sixty percent after five years, ~~sixty~~ eighty percent after six years, ~~seventy percent after seven years, eighty percent after eight years, ninety percent after nine years,~~ and one hundred percent after ~~ten~~ seven years.

The deferred pension benefit shall be payable on the first of the month immediately following ~~his or her~~ the terminating firefighter's fifty-fifth birthday. At the option of the ~~terminating~~ firefighter, such pension benefit may be paid as of the first of the month after ~~such member~~ he or she

attains the age of fifty. Such election may be made by the firefighter any time prior to the payment of the pension benefits.

The deferred pension benefit shall be paid in the ~~form of the benefit options~~ optional benefit forms specified at subsection (1) of section 16-1027 as elected by the firefighter. Notwithstanding anything in sections 16-1020 to 16-1042 to the contrary, if the firefighter's vested retirement value at the date of his or her termination of employment is less than three thousand five hundred dollars, such firefighter shall, upon request within one year of such termination, be paid his or her vested retirement value in the form of a single lump-sum payment.

Effective January 1, 1997, a firefighter may elect, upon his or her termination of employment, to receive his or her vested retirement value in the form of a single lump-sum payment. For a firefighter whose termination of employment is prior to January 1, 1997, this election shall be available only if the city has adopted a lump-sum distribution option for terminating firefighters in the funding medium established for the retirement system.

Upon any lump-sum payment of a terminating firefighter's retirement value under this section, such firefighter will not be entitled to any deferred pension benefit and the city and the retirement system shall have no further obligation to pay such firefighter or his or her beneficiaries any benefits under sections 16-1020 to 16-1042.

In the event that the terminating firefighter is not credited with one hundred percent of his or her employer account, the remaining nonvested portion of the account shall be forfeited and shall be deposited in the unallocated employer account. If the actuarial evaluation required by section 16-1026 shows that the assets of the unallocated employer account are sufficient to provide for the projected plan liabilities, such forfeitures shall instead be used to meet the expenses incurred by the city in connection with administering the retirement system, and the remainder shall then be used to reduce the city contribution which would otherwise be required to fund pension benefits.

Sec. 4. Sections 1 to 3 and 5 of this act shall become operative three calendar months after the adjournment of this legislative session. The other sections of this act shall become operative on their effective date.

Sec. 5. That original sections 16-1027, 16-1028, and 16-1033, Revised Statutes Supplement, 1993, are repealed.".

RESOLUTIONS

LEGISLATIVE RESOLUTION 368. Introduced by Schellpeper, 18; Elmer, 38; Haberman, 44; Cudaback, 36; Hartnett, 45; Robinson, 16; Hudkins, 21.

PURPOSE: In 1993, the Nebraska Supreme Court ruled in the Kwik-Shop case that Laws 1989, LB 781, which provided for local control over the issuance or denial of retail liquor licenses, was unconstitutionally vague and therefore constituted an impermissible delegation of legislative authority. The Attorney General subsequently issued an opinion that Laws 1993, LB 183, which contained many of the same provisions as Laws 1989, LB 781, was also unconstitutional based upon the reasoning of the Kwik-Shop case. These rulings have resulted in confusion about which laws are applicable to the regulation of retail liquor licenses.

LB 1085, introduced in the 1994 session, was intended to respond to the issues raised by these rulings. LB 1085 has been held in committee, at least in part because it raised additional issues concerning retail liquor license fees, occupation taxes, training of personnel, and appeal procedures.

This study shall include, but not be limited to, the following:

(1) Court rulings on retail liquor regulation;

(2) Laws of other states concerning retail liquor regulation;

(3) Issues concerning issuance, denial, suspension, or revocation of retail liquor licenses;

(4) Issues concerning retail liquor license fees, occupation taxes, and training of personnel;

(5) Legal procedures regarding retail liquor licenses, including standards and methods of appeal;

(6) Standards for control of retail liquor licenses;

(7) Appropriate roles of the Nebraska Liquor Control Commission and cities, counties, and villages in regulation of retail liquor licenses; and

(8) Any other matters necessary or appropriate for the examination of these issues.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 369. Introduced by Kristensen, 37.

WHEREAS, a modern, well-maintained, efficient, and interconnected transportation system is vital to the economic growth and health and the global competitiveness of our state and the entire nation; and

WHEREAS, the highway network is the backbone of the transportation system for the movement of people, goods, and intermodal connectivity; and

WHEREAS, it is critical to effectively address highway transportation needs through appropriate transportation plans and program investments; and

WHEREAS, the 1991 Intermodal Surface Transportation Efficiency Act (ISTEA) established the concept of a 155,000-mile national highway system which includes the interstate system; and

WHEREAS, on December 9, 1993, the United States Department of Transportation transmitted to Congress a 159,000-mile proposed national highway system which identified 104 port facilities, 143 airports, 191 rail-truck terminals, 321 Amtrak stations, and 319 transit terminals; and

WHEREAS, ISTEA requires that national highway system and interstate maintenance funds not be released to the states if the system is not improved by September 30, 1995; and

WHEREAS, the uncertainty associated with the future of the national highway system precludes the possibility of the state to effectively undertake the necessary and properly developed planning and programming activities.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Congress of the United States is respectfully requested to accelerate the process of developing and approving the national highway system and that the Congress of the United States should pass legislation which designates and approves the national highway system no later than September 30, 1994.

2. That a copy of this resolution be transmitted to the President of the United States, the Speaker of the House of Representatives, and all members of the Nebraska Congressional delegation.

Laid over.

LEGISLATIVE RESOLUTION 370. Introduced by Day, 19.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a task force be created and designated by the Executive Board of the Legislative Council to carry out the purposes of this resolution.

2. That the task force consist of the introducers of this resolution, a member of the Building Maintenance Committee, a member of the Health and Human Services Committee, a member of the Government,

Military and Veterans Affairs Committee, and two members of the Appropriations Committee.

3. That this task force cooperate with agencies of the Executive Branch and the United States Department of Veterans Affairs.

ATTORNEY GENERAL'S OPINION

Opinion No. 94023

DATE: March 23, 1994

SUBJECT: Constitutionality of amendments to LB 984; Is it constitutional to require construction contractors who bid on the construction of certain ethanol projects to provide health care coverage for their employees?

REQUESTED BY: Senator C.N. "Bud" Robinson
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Dale A. Comer, Assistant Attorney General

LB 984 and its various amendments would modify provisions of the Ethanol Development Act, Neb. Rev. Stat. §§ 66-1330 to 66-1348 (Supp. 1993). That act provides for certain excise taxes on the production of corn and grain sorghum in Nebraska. Among other things, those excise taxes are used to furnish transferable motor fuel tax credits to producers of ethanol. To be eligible to receive such tax credits, producers of ethanol must enter into a written agreement with the state. The amendments to LB 984 which are the subject of your opinion request would have that written agreement between ethanol producers and the state require the producers, when in the process of construction, to hire only contractors who provided health care benefits to their employees through employer contributions. You wish to know "whether or not there are any constitutional problems with this type of limitation."

As we have indicated frequently in the past, a question on the general constitutionality of a pending bill will necessarily result in a general response from this office since we obviously cannot address specific questions about a bill unless they are set out in the opinion request. Op. Att'y Gen. No. 89028 (April 5, 1989); Op. Att'y Gen. No. 85157 (December 20, 1985). In this instance, you have not indicated what specific constitutional problems form the basis for your concern

involving the amendments to LB 984. Therefore, we will provide a general response on the constitutionality of the legislation.

The amendments to LB 984 at issue obviously involve a statutory classification since those contractors who provide health insurance for their employees would be treated differently from those who do not, i.e., those contractors who provide health insurance would be allowed to do construction work for ethanol producers wishing to avail themselves of tax credits from the state, while other contractors would not be allowed to do that same work. Such legislative classifications potentially violate article III, § 18 of the Nebraska Constitution which prohibits special laws or laws granting special privileges or immunities. The test for the constitutionality of legislative classifications under that constitutional provision is set out in Haman v. Marsh, 237 Neb. 699, 467 N.W.2d 836 (1991):

> A legislative classification, in order to be valid, must be based upon some reason of public policy, some substantial difference of situation or circumstances, that would naturally suggest the justice or expediency of diverse legislation with respect to objects to be classified.

Id. at 711, 467 N.W.2d at 846.

We cannot say that there is no public policy or substantial difference of situation or circumstances underlying the legislative classification created by the amendments to LB 984. For one thing, it could be argued that the amendments would further an important public policy interest in seeing that as many citizens of the state as possible have access to affordable health care coverages. Consequently, we do not believe that the proposed amendments to LB 984 violate article III, § 18 of the Nebraska Constitution.

The legislative classification inherent in the amendments to LB 984 requiring health care coverage might also involve a denial of equal protection under the Fourteenth Amendment to the United States Constitution or under article III, § 18 of the Nebraska Constitution, since those contractors who do not provide health care coverage would be denied the right to do construction work for certain ethanol producers while other contractors would enjoy that privilege. However, the test for the constitutionality of legislation under an equal protection analysis is less rigorous than the test for special legislation. Haman v. Marsh, supra. For example, in Robotham v. State, 241 Neb. 379, 488 N.W.2d 533 (1992), the court stated:

> {u}nless laws 'create suspect classifications or impinge upon constitutionally protected rights,' . . . it need only be shown that they bear 'some rational relationship to a legitimate state purpose.' "

Id. at 382, 383, 488 N.W.2d at 538. In the present instance, the distinction between contractors who provide health care benefits and those who do not does not involve a suspect classification such as a classification based upon race, religion and so forth. As a result, under the Robotham standard, the classification between categories of contractors must only bear some rational relationship to a legitimate state purpose. We believe that the state's obvious interest in

encouraging the provision of health care benefits for its citizens provides that legitimate state purpose.

Therefore, for the reasons discussed above, it is our view that the provisions in the amendments to LB 984 at issue are generally constitutional.

Sincerely yours,
DON STENBERG

66-1330. Sections 66-1330 to 66-1348 and sections 2 to 4 of this act shall be known and may be cited as the Ethanol Development Act.

Sec. 2. There is hereby levied an excise tax upon all corn and grain sorghum sold through commercial channels in the State of Nebraska or sold for use in the State of Nebraska. Except as otherwise provided in this section, the tax shall be three-quarters of one cent per bushel for corn and three-quarters of one cent per hundredweight for grain sorghum. The excise tax shall be imposed on all sales occurring on or after July 1, 1994, and before January 1, 2001. Commencing July 1, 1998, and each July 1 thereafter, the State Board of Equalization and Assessment shall determine whether the Ethanol Production Incentive Cash Fund has sufficient money to pay the credits created in section 66-1344 and, if it finds that there is sufficient money, may reduce or eliminate the excise tax until the next July 1 determination. The tax shall be in addition to any fee imposed pursuant to sections 2-3623, 2-3627, and 2-4012. The excise tax shall be levied and imposed on the seller at the time of sale or delivery and shall be collected by the first purchaser. The tax shall be collected, administered, and enforced by the Department of Agriculture. No corn or grain sorghum shall be subject to the tax more than once. In the case of a pledge or mortgage of corn or grain sorghum as security for a loan under the federal price support program, the excise tax shall be deducted from the proceeds of such loan at the time the loan is made. The excise tax shall be deducted whether the corn or

grain sorghum is stored in this or any other state. The excise tax shall not apply to the sale of corn or grain sorghum to the federal government for ultimate use or consumption by the people of the United States when the State of Nebraska is prohibited from imposing such tax by the Constitution of the United States and laws enacted pursuant thereto.

Sec. 3. (1) The purchaser, at the time of settlement, shall deduct the excise tax as provided in section 2 of this act and shall maintain the necessary record of the excise tax for each purchase of corn or grain sorghum on the grain settlement form or check stub showing payment to the seller for each purchase. The amount of excise tax paid by the seller under such section shall be stated separately from other fees on the grain settlement form given to the seller at the time of the sale. Records maintained by the purchaser shall provide the following information: (a) The name and address of the seller; (b) the date of the purchase; (c) the number of bushels of corn and hundredweights of grain sorghum sold; (d) the amount of excise tax collected on each purchase; and (e) the amount of corn or grain sorghum which was not first purchased in Nebraska but was transported into Nebraska for use in this state. The records shall be open for inspection and audit by authorized representatives of the board during normal business hours observed by the purchaser.

(2) The purchaser shall render and have on file with the Department of Agriculture by the last day of each month on forms prescribed by the department a statement of the number of bushels of corn and hundredweights of grain sorghum purchased in Nebraska. At the time the statement is filed, the purchaser shall pay and remit to the department the excise tax.

(3) The department shall remit the excise taxes collected under this section to the State Treasurer for credit to the Ethanol Production Incentive Cash Fund within thirty days after the end of each month.

Sec. 4. Any person violating any of the provisions of sections 2 and 3 of this act shall be guilty of a Class III misdemeanor.

Sec. 5. That section 66-1344, Revised Statutes Supplement, 1993, be amended to read as follows:

66-1344. (1) Each producer of ethanol shall receive a credit pursuant to this section of twenty cents per gallon of ethanol produced in Nebraska, which credit shall be in the form of a nonrefundable transferable motor fuel tax credit certificate. After July 1, 1994, no such credit shall be given for ethanol produced at an ethanol facility which was in production on or before January 1, 1992, unless on or before July 1, 1994, the name plate design capacity for the

production of ethanol, before denaturing, at the facility has been expanded to equal at least two times the name plate design capacity for production of ethanol, before denaturing, existing at the facility as of January 1, 1992.

(2) Any ethanol facility which is in production at the rate of at least twenty-five percent of its name plate design capacity for the production of ethanol, before denaturing, on or before December 31, 1992, shall receive a credit of twenty cents per gallon of ethanol produced beginning with the first month for which it is eligible to receive such credit and ending not later than December 31, 1997.

(3) Any ethanol facility which is not in production on or before December 31, 1992, but which is in production at the rate of at least twenty-five percent of its name plate design capacity for the production of ethanol, before denaturing, on or before December 31, 1995, shall receive a credit of twenty cents per gallon of ethanol produced for sixty months beginning with the first month for which it is eligible to receive such credit and ending not later than December 31, 2000.

(4) Any ethanol facility eligible for a credit under subsection (1), (2), or (3) of this section shall also receive a credit of twenty cents per gallon of ethanol produced in excess of the original name plate design capacity which results from expansion of the facility completed on or before December 31, 1995. Such credit shall be for sixty months beginning with the first month for which production from the expanded facility is eligible to receive such credit and ending not later than December 31, 2000.

(5) The credit shall be given only for ethanol produced at a plant in Nebraska at which all fermentation, distillation, and dehydration takes place. Not less than two million gallons and not more than twenty-five million gallons of ethanol produced annually at an ethanol facility shall be eligible for the credit, and the credit may only be claimed by a producer for the period specified in subsection (2), (3), or (4) of this section.

(6) The Department of Revenue shall prescribe an application form and procedures for claiming the credit and shall adopt and promulgate rules and regulations to carry out this section.

(7) For purposes of ascertaining the correctness of any application for claiming the credit provided in this section, the Tax Commissioner (a) may examine or cause to have examined, by any agent or representative designated by him or her for that purpose, any books, papers, records, or memoranda bearing upon such matters, (b) may by summons require the attendance of the person responsible for rendering the

application or other document or any officer or employee of such person or the attendance of any other person having knowledge in the premises, and (c) may take testimony and require proof material for his or her information, with power to administer oaths or affirmations to such person or persons. The time and place of examination pursuant to this subsection shall be such time and place as may be fixed by the Tax Commissioner and as are reasonable under the circumstances. In the case of a summons, the date fixed for appearance before the Tax Commissioner shall not be less than twenty days from the time of service of the summons. No taxpayer shall be subjected to unreasonable or unnecessary examinations or investigations. All records obtained pursuant to this subsection shall be subject to the confidentiality requirements and exceptions thereto as provided in section 77-27,119.

Sec. 6. That section 66-1345, Revised Statutes Supplement, 1993, be amended to read as follows:

66-1345. (1) There is hereby created the Ethanol Production Incentive Cash Fund which shall be used by the board to pay the credits created in section 66-1344 to the extent provided in this section. Any money in the fund available for investment shall be invested by the state investment officer pursuant to sections 72-1237 to 72-1276. ~~On or before September 1, 1993, the~~ The State Treasurer shall transfer to the Ethanol Production Incentive Cash Fund three million dollars from the General Fund annually and ~~the entire balance of the Ethanol Authority and Development Cash Fund and thereafter shall transfer~~ such ~~additional~~ money as shall be (a) otherwise appropriated to the Ethanol Production Incentive Cash Fund by the Legislature, (b) given as gifts, bequests, grants, or other contributions to the Ethanol Production Incentive Cash Fund from public or private sources, (c) made available due to failure to fulfill conditional requirements pursuant to investment agreements entered into prior to April 30, 1992, (d) received as return on investment of the Ethanol Authority and Development Cash Fund, and (e) ~~otherwise~~ credited to the Ethanol Production Incentive Cash Fund from ~~sources deemed appropriate by the Legislature~~ the excise tax imposed by sections 2 and 3 of this act.

(2) ~~Commencing January 1, 1993, the~~ The Department of Revenue shall, at the end of each calendar quarter, notify the State Treasurer of the amount of motor fuel tax that was not collected in the preceding calendar quarter due to the credits provided in section 66-1344. The State Treasurer shall transfer from the Ethanol Production Incentive Cash Fund to the Highway Trust Fund an amount equal to such credits less the following amounts:

(c) For 1997, the amount generated during the calendar quarter by a one-half-cent tax on motor fuel pursuant to such sections; and

(d) For 1998, 1999, and 2000, no reduction.

The amounts shall be transferred through December 31, 2000. For 1993 through 1997, if the amount generated pursuant to subdivisions (a), (b), and (c) of this subsection and the amount transferred pursuant to subsection (1) of this section are not sufficient to fund the credits provided in section 66-1344, then the credits shall be funded through the Ethanol Production Incentive Cash Fund but shall not be funded through either the Highway Cash Fund or the Highway Trust Fund. For 1998, 1999, and 2000, the credits provided in such section shall be funded through the Ethanol Production Incentive Cash Fund but shall not be funded through either the Highway Cash Fund or the Highway Trust Fund.

facility is intended to have after the completion of any proposed expansion. If no expansion is contemplated at the time of the initial agreement, the agreement may be amended to include any proposed expansion.

(2) The board and the Department of Revenue shall prepare quarterly projections on the use of the Ethanol Production Incentive Cash Fund. The projections shall include the number of gallons for which each eligible producer has claimed credit, the amount of credit furnished to each eligible producer by the Tax Commissioner, and the amount of future credits each eligible producer may receive under section 66-1344. In addition to the report required by section 66-1336, the board shall submit a report to the Legislature by December 1 of each year summarizing the use of the fund and detailing the forecasted use of the fund. Dear Mr. O'Donnell:

Engrossed Legislative Bills 211, 211A, 291, 291A, 436, 1001, 1001A, 498, and 498A were received in my office on March 23, 1994.

March 28, 1994

Madam President, Mr. Speaker
and Members of the Legislature
State Capitol Building
Lincoln, NE 68509

Dear Madam President and Senators:

I am returning LB 436A without my signature and with my objections.

The bill requires the expenditure of general funds for the purpose of hiring a half of an FTE. This FTE will perform psychological evaluations of juveniles who are court ordered to the Geneva and Kearney Youth Development facilities. These evaluations are used by both the state and courts in determining the appropriate placement and treatment for each youth evaluated.

Current policy does not require the evaluation of each individual youth who is sent to these facilities. Passage of LB 436 will require that each youth receive an evaluation. This will increase the number of evaluations being performed at Geneva by 190. This is a substantial increase in workload for the current psychologist working in the Geneva facility.

To address the increased workload, the Department of Corrections has requested and received second round approval for an increase in PSL from the Legislature. This approval is contained in LB 991, the appropriations bill for 1994.

Due to the language in LB 991 and carry-over funds, the Department of Corrections will be able to fund this position without the passage of LB 436A. The obligations contained in LB 436 will be accomplished without additional expenditures of state general funds.

Sincerely,
(Signed) E. Benjamin Nelson
Governor

LEGISLATIVE BILL 21. Placed on General File.

ATTORNEY GENERAL'S OPINION

Opinion No. 94024

DATE: March 24, 1994

SUBJECT Use of Keno Lottery Proceeds to Provide Funding to Nonprofit Foundation for the Acquisition and Construction of a Community Recreation and Fitness Center.

REQUESTED BY: Senator Jerome Warner
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
L. Jay Bartel, Assistant Attorney General

You have requested our opinion on several questions pertaining to the propriety of a city providing funding to a charitable organization to aid in operating a community recreation and fitness center. A private, not-for-profit corporation located in a city in your district {the "Foundation"} is currently raising funds for the construction of a community recreation and fitness center {the "Center"} to be located in the city.[1] The Foundation is exempt from federal income taxation under I.R.C. § 501(c)(3). The Foundation will own, operate, and maintain the Center. The Center will be acquired, built, equipped, staffed and maintained by utilizing a combination of funding from charitable donations, as well as membership and user fees. The Center will be open to the public, including, but not limited to, citizens of the city. The Center will not discriminate against potential employees or patrons on the basis of race, color, national origin or disability, subject to its

ability to set reasonable rules and regulations regarding health and safety and subject to the power to set reasonable user fees. There is currently no public recreational center such as the proposed Center located in the city. The city does not have the revenues to construct, equip, operate and maintain such a project.

Your first question is whether the city may lawfully "appropriate a sum of money to the Foundation for the express purpose of contributing to the acquisition, construction and equipping of the proposed Center;. . . ." In this regard, we assume that you are asking if the City may expend public funds generated through taxation for this purpose.

In United Community Services v. Omaha Nat'l Bank, 162 Neb. 786, 77 N.W.2d 576 (1956), the Nebraska Supreme Court considered, in part, whether a public power district could lawfully make contributions to a "Community Chest" operating within the area served by the district. The Community Chest provided funds to support various agencies engaged in charitable and eleemosynary activities in the district. The Court noted the general rule that "'* * * a municipality cannot give away its property or expend money for purposes other than corporate ones, and it follows that a municipality has no power in any manner to dispose of property of the corporation without consideration, where not for a corporate purpose.'" Id. at 791, 77 N.W.2d at 582 (quoting 10 McQuillin, Municipal Corporations § 28.43 (3d ed.)). The district, however, contended that it could lawfully make the contributions under its general powers, and that the donations constituted ordinary expenses, and not a gift. 162 Neb. at 791-92, 77 N.W.2d at 583.

In analyzing the district's contention, the Court reiterated the rule that "'* * * a municipal corporation 'possesses, and can exercise, the following powers, and no others; First, those granted in express words; second, those necessarily or fairly implied in or incident to the powers expressly granted; third, those essential to the declared objects and purposes of the corporation--not simply convenient, but indispensable.'" Id. at 793, 77 N.W.2d at 583. The district, a public corporation engaged in a proprietary function, was held to be limited in its powers in the same manner as a municipal corporation. Id. The Court held that, absent specific statutory authority, the district lacked the power to make the contributions:

> In this jurisdiction, under the general powers granted public corporations, the revenues derived are required to be devoted to the purposes for which the corporation is being operated, that is, the payment of operating expenses, indebtedness, and repairs, extensions, and improvements of the facilities. The diversion of the revenue to purposes other than these cannot be approved as incident thereto. While we are not unmindful of the fact there is some reasonable basis for the argument made, particularly in view of the evidence adduced to the effect that these contributions bring some benefits to the district and therefore should be considered as operating expenses, we think the matter of subjecting all such public

> corporations to solicitations by all classes of nonprofit agencies serving a public purpose is a matter of such grave public concern that it should be left with the Legislature which has plenary power over them. The pros and cons of the matter can be fully presented and that body determine the public policy in regard thereto. We think the purposes served by these agencies are very worthy of everyone's charity but whether or not the revenue of public corporations should be permitted to be contributed for those purposes through these agencies, and to what extent, is, we think, a matter for the Legislature and not the courts. In the absence of express statutory authorization we find the district was without authority to make these contributions.

Id. at 794-95, 77 N.W.2d at 584.

We have reviewed the statutes relating to the powers of cities of the second class. Based upon this review, it appears that the Legislature has not granted cities of the second class authority to expend general public revenues to provide donations or assistance to charitable organizations. The Legislature has established a procedure for cities of the second class to acquire or receive real estate for recreational purposes, to issue bonds following voter approval to raise funds to improve and equip land so acquired, and has granted such cities authority to levy a tax to maintain, improve, and manage recreational facilities. Neb. Rev. Stat. §§ 17-948 to -952 (1991). The Legislature has not, however, specifically authorized the expenditure of general public revenues as a donation to an organization such as the Foundation for the purpose described in your request.

Your second question is whether the city may lawfully expend gross proceeds from its keno lottery for the purpose of supporting the Foundation in acquiring and construction of the Center. The Nebraska Constitution authorizes lotteries "the proceeds of which are to be used solely for charitable or community betterment purposes. . . ." Neb. Const. art. III, § 24. Under the Nebraska County and City Lottery Act, "the gross proceeds of any lottery conducted by a county, city, or village shall be used solely for community betterment purposes, awarding of prizes, taxes, and expenses." Neb. Rev. Stat. § 9-629(1) (Supp. 1993). Specifically, you ask whether the appropriation of lottery proceeds for this purpose falls within the definition of "community betterment purposes" in Neb. Rev. Stat. § 9-604 (1991).

As noted previously, the Nebraska Supreme Court, in the United Community Services case, held that, absent legislative authorization, the power district, as a public corporation, could not donate funds to charitable concerns. The Court, in addition to addressing this question, also considered the constitutionality of legislation specifically authorizing the district to "use its funds for charitable or eleemosynary purposes" and to "contribute from its funds. . .for charitable or eleemosynary purposes for the welfare of the public;. . . ." 162 Neb. at 795-96, 77 N.W.2d at 585. The Court stated that,

> {w}hile the revenues received by the district in the operations of its business are not public funds in the same sense as those derived

from taxation, however, they are public funds collected by the district for certain purposes and the Legislature may, under its control of the district, authorize their expenditure for a public purpose beneficial to such district and those immediately interested therein but under the restrictions and limitations imposed on the Legislature by the Constitution.

Id. at 797, 77 N.W.2d at 585.

The Court in United Community Services found that the Legislature's authorization for the district to contribute funds for charitable purposes for the public welfare did not violate the prohibition against giving the credit of the state "in aid of any individual, association, or corporation" (Neb. Const. art. III, § 18), and did not constitute an impermissible authorization of the expenditure of public funds for a private purpose. 162 Neb. at 799-801, 77 N.W.2d at 586-87. In this regard, the Court stated:

'It is the province of the legislature to determine matters of policy. In appropriating the public funds, if there is reason for doubt or argument as to whether the purpose for which the appropriation is made is a public or private purpose, and reasonable men might differ in regard to it, it is generally held that the matter is for the legislature; * * *.' (citations omitted). . . . The nature of appellee and the purposes it serves has already been set forth herein. That these are for the welfare of the public and that they serve a public purpose there can be no doubt. (citations omitted). . . . 'the vital point in all such appropriations is whether the purpose is public; and that, if it is, it does not matter whether the agency through which it is dispensed is public or not; that the appropriation is not made for the agency, but for the object which it serves; the test is in the end, not in the means.' (citations omitted).

Id. at 800-801, 77 N.W.2d at 587.[2]

Lottery gross proceeds, while not generated by taxation, nevertheless constitute public funds which must be expended for a public purpose. United Community Services establishes that the Legislature may authorize the expenditure of public funds to aid agencies devoted to activities serving a public purpose. The question which remains is whether the Legislature has authorized the expenditure of such funds for the purpose described in your request by its definition of the term "community betterment purposes".

Section 9-604 provides, in part:

(1) Community betterment purposes shall mean (a) benefiting persons by enhancing their opportunity for educational advancement, by relieving or protecting them from disease, suffering, or distress, by contributing to their physical well-being, by assisting them in establishing themselves as worthy and useful citizens, by providing them with opportunities to contribute to the betterment of the community, or by increasing their comprehension of and devotion to the principles upon which this nation was founded, (b) initiating, performing, or fostering worthy public works or enabling or furthering the erection or maintenance of public structures, (c)

lessening the burdens borne by government or voluntarily supporting, augmenting, or supplementing services which government would normally render to the people, or (d) providing tax relief to the community.

In our opinion, use of lottery proceeds for the purpose of supporting the acquisition and construction of a community recreation center by a nonprofit corporation, under the circumstances described in your request, is consistent with the definition of "community betterment purposes" in § 9-604. The statute defines "community betterment purposes" to include activities "benefiting persons. . .by contributing to their physical well-being", as well as the "fostering of worthy public works or enabling or furthering the erection or maintenance of public structures. . . ." The building and maintenance of community recreation and fitness center open to the public and available for use by the citizens of the community would be consistent with the furtherance of these purposes. Moreover, the definition of "community betterment purposes" includes "lessening the burdens borne by government or voluntarily supporting, augmenting, or supplementing services which government would normally render to the people,. . . ." As noted, cities of the second class are authorized to acquire and maintain a recreation center. Thus, as operation of a public recreational facility is the type of activity which the city may normally provide for its citizens, aiding and supporting operation of a recreational center operated by a nonprofit corporation for public use appears consistent with this purpose.

Finally, you ask whether, if the city were precluded from using lottery proceeds for the purpose of providing financial support to the Foundation for the acquisition and construction of a recreational facility, § 9-604 could be amended to permit use of lottery proceeds for this purpose. We have, of course, concluded that such a use of lottery proceeds falls within the current definition of "community betterment purposes" under § 9-604. To the extent a question is raised as to whether the present language is broad enough to permit such a use, we see no impediment to amending § 9-604 to include language specifically authorizing the use of lottery proceeds for this particular purpose. As we have determined that such a use is permissible under § 9-604, we obviously do not believe that such an amendment would be inconsistent with the constitutional requirement that lottery proceeds "be used solely for charitable or community betterment purposes. . . ."

[1] Based upon an inquiry directed to your staff, it is our understanding that the city in question is a city of the second class, as defined in Neb. Rev. Stat. § 17-101 (1991).

[2] While the Court found the legislation did not authorize an unlawful giving of credit or impermissible expenditure of public funds for a private purpose, it declared the act invalid as creating an unreasonable classification in violation of Neb. Const. art. III, § 18. 162 Neb. at 801-805, 77 N.W.2d at 587-89.

Very truly yours,
DON STENBERG

SPEAKER WITHEM PRESIDING

RESOLUTIONS

LEGISLATIVE RESOLUTION 375. Introduced by Robak, 22.

PURPOSE: The purpose of this study is to examine the criminal verdict of "guilty except insane" for possible inclusion into the Nebraska Criminal Code.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 376. Introduced by Vrtiska, 1; Schimek, 27; Robinson, 16; Engel, 17.

PURPOSE: Nebraska's tribal governments are faced with problems relating to the enforcement of game and wildlife laws on lands within their reservation boundaries.

Currently, the State of Nebraska has agreements with most of the tribal governments under which tribal game and wildlife laws apply to

lands owned by tribal members inside the reservation and state game and wildlife laws apply to lands outside the reservation. Lands which are not owned by tribal members but which are inside the reservation boundaries are technically under state jurisdiction, but confusion over whose laws apply often cause inadequate enforcement of game and wildlife laws on these lands. In addition, at least one tribe has an agreement in a neighboring state in which the tribal game officer may enforce any applicable game and wildlife laws of that state inside the reservation's boundaries. Both landowners and tribal leaders have expressed concern about the lack of adequate enforcement of game and wildlife laws on the reservation lands the State of Nebraska claims as being under its jurisdiction.

Legislative Bill 1103 was introduced last session to seek an end to the confusion concerning jurisdiction over game and wildlife law enforcement and to help provide uniform, adequate enforcement on reservations in our state by granting game and wildlife law jurisdiction on all lands lying within a reservation's boundaries to that particular tribal government. The bill was indefinitely postponed in committee.

The purpose of this study is to:

(a) Examine the adequacy of existing game and wildlife law enforcement arrangements on nonIndian, nontribally owned lands lying within the boundaries of Nebraska's tribal reservations;

(b) Examine the adequacy of game and wildlife law enforcement on these lands with which the State of Nebraska has no existing jurisdictional agreement;

(c) Examine the policies adopted in other states governing game and wildlife law jurisdiction on reservation lands; and

(d) Recommend ways in which state law, the Game and Parks Commission, or both could improve the level of game and wildlife law enforcement on reservation lands.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Government, Military and Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

(1) The Department of Environmental Quality shall rebate to the municipality or county of origin ten cents of the disposal fee required by section 13-2042 for each six cubic yards of uncompacted solid waste, for each three cubic yards of compacted solid waste, or for each ton of solid waste disposed of at landfills regulated by the department and originating in a municipality or county with a purchasing policy approved by the department. The fee shall be rebated quarterly on or before the thirtieth day after receipt of a quarterly report from the municipality or county of origin.

(2) Any municipality or county may apply to the department for the rebate authorized in subsection (1) of this section if the municipality or county has a written purchasing policy in effect requiring a preference for purchasing products, materials, or supplies which are manufactured or produced from recycled material. The policy shall provide that the preference shall not operate when it would result in the purchase of products, materials, or supplies which are of inadequate quality as determined by the municipality or county. Upon receipt of an application, the Department of Environmental Quality shall submit the application to the materiel division of the Department of Administrative Services for review. The materiel division shall review the application for compliance with this section and any rules and regulations adopted pursuant to this section and to determine the probable effectiveness in assuring that a preference is given to products, materials, or supplies which are manufactured or produced from recycled material. The materiel division shall provide a report of its findings to the Department of Environmental Quality within thirty days after receiving the review request. The Department of Environmental Quality shall approve the application or suggest modifications to the application within sixty days after receiving the application based on the materiel division's report, any analysis by the Department of Environmental Quality, and any factors affecting compliance with this section or the rules and regulations adopted pursuant to this section.

(3) A municipality or county shall file a report complying with the rules and regulations adopted pursuant to this section with the Department of Environmental Quality before April 1 of each year documenting purchasing practices for the past calendar year in order to continue receiving the rebate. The report shall include, but not be limited to, quantities of products, materials, or supplies purchased which were manufactured or produced from recycled material. The department shall provide copies of each report to the materiel

division in a timely manner. If the department determines that a municipality or county is not following the purchasing policy presented in the approved application or that the purchasing policy presented in the approved application is not effective in assuring that a preference is given to products, materials, or supplies which are manufactured or produced from recycled material, the department shall suspend the rebate until it determines that the municipality or county is giving a preference to products, materials, or supplies which are manufactured or produced from recycled material pursuant to a written purchasing policy approved by the department subsequent to the suspension. The materiel division may make recommendations to the department regarding suspensions and reinstatements of rebates.

(4) Any suspension of the rebate or denial of an application made under this section may be appealed. The appeal shall be in accordance with the Administrative Procedure Act.

(5) The council shall adopt and promulgate rules and regulations establishing criteria for application procedures, for accepting and denying applications, for annual and quarterly reporting requirements, and for suspending and reinstating the rebate. The materiel division shall recommend to the council criteria for accepting and denying applications and for suspending and reinstating the rebate. The materiel division may make other recommendations to the council regarding rules and regulations authorized under this section. The Department of Administrative Services may adopt and promulgate rules and regulations establishing procedures for reviewing applications and for annual and quarterly reports.

Sec. 4. That section 13-2001, Revised Statutes Supplement, 1992, be amended to read as follows:

3. On page 11, line 5 after the period insert "For purposes of determining the total fees collected, any amount of fees rebated pursuant to section 3 of this act shall be included as if the fees had not been rebated, and the amount of the fees rebated pursuant to such section shall be deducted from the amount to be credited to the Waste Reduction and

LEGISLATIVE BILL 446A. Placed on Select File.

LEGISLATIVE BILL 1136. Placed on Select File as amended.
E & R amendment to LB 1136:
AM5725

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. That section 83-1201, Revised Statutes Supplement, 1992, be amended to read as follows:

83-1201. Sections 83-1201 to 83-1226 and sections 2 to 4 of this act shall be known and may be cited as the Developmental Disabilities Services Act.

Sec. 2. The Legislature finds that present state appropriations on behalf of community-based services to persons with developmental disabilities are twenty-nine million dollars below the amount which has been identified by the Department of Public Institutions as being the minimum necessary to pay the reasonable costs of providing such services to all Nebraskans who are eligible to receive them. Of that total, eighteen million dollars is required to bring services to an estimated one thousand one hundred fifty-five persons who are presently waiting for services and eleven million dollars is required to pay employees of community-based providers of services on a parity with employees performing essentially the same tasks in state institutions.

The Legislature also finds that increasing the

present appropriation by the required amount in a single budget period is not feasible but that the state must pursue full funding of community-based developmental disability programs in a reasonable timeframe. Although Nebraska is presently committed to the goal of providing services to all eligible persons by July 1, 1996, the Legislature finds that a more realistic goal is July 1, 2000, and hereby commits itself and the state to attaining that goal.

Sec. 3. It is the intent of the Legislature that there be appropriated from the General Fund, in addition to the amount of the continuation budget to the Department of Public Institutions, for Program 424, $2,000,000 for FY1994-95. Of the funds appropriated pursuant to this section, sixty-two percent shall be used to bring services to persons who are presently waiting for services and thirty-eight percent shall be used for pay equity.

Sec. 4. (1) There is hereby created the Advisory Committee on Developmental Disabilities. The advisory committee shall consist of not more than fifteen members. At least one-third of the membership shall be persons with developmental disabilities, at least one-third of the membership shall be families of persons with developmental disabilities, and no more than one-third of the membership shall be elected officials or interested community persons.

(2) The members shall be appointed by the Governor for staggered terms of three years. Any vacancy shall be filled by the Governor for the remainder of the term. One of the members shall be designated as chairperson by the Governor. Members shall be reimbursed for their actual and necessary expenses as provided in sections 81-1174 to 81-1177.

(3) The advisory committee shall advise the department regarding all aspects of the funding and delivery of services to persons with developmental disabilities.

Sec. 5. That section 83-1216, Revised Statutes Supplement, 1993, be amended to read as follows:

83-1216. (1) By December 1, 1991, the department shall, in conjunction with persons with developmental disabilities, their families or designated advocates, service providers, state and local officials, and the general public, define and develop a plan for a system of service coordination for persons with developmental disabilities and their families. This system may be implemented on March 1, 1992.

(2) By July 1, 1992, the department shall conduct a needs assessment and develop a services plan for each person found to be eligible for services.

(3) By September 15, 1992, the department shall submit a budget request to fund services required to address the assessed needs of eligible persons.

(4) Beginning July 1, 1995, persons determined to be

eligible for specialized services who on or after September 6, 1993, graduate from high school, reach the age of twenty-one years, or are currently receiving services shall receive services in accordance with the Developmental Disabilities Services Act.

(5) On or after July 1, 1995, the department shall provide directly or by contract service coordination to each person found to be eligible for services.

(6) It is the intent of the Legislature that beginning July 1, ~~1996~~ 2000, all persons determined to be eligible for services shall receive services in accordance with the act. On or before December 1, 1991, the department shall submit a report to the Legislature and the Governor as to the number of persons anticipated to be served, what services would be needed, how the services would be developed, and the cost of serving all eligible persons.

(7) It is the intent of the Legislature that the Department of Public Institutions take all possible steps to maximize funding in order to implement subsections (4) and (5) of this section prior to the date these subsections become entitlements. It is the intent of the Legislature that funding sources within the Department of Social Services, the State Department of Education, specifically including the Division of Rehabilitation Services, and other agencies be utilized to the maximum extent possible.

Sec. 6. That original section 83-1201, Revised Statutes Supplement, 1992, and section 83-1216, Revised Statutes Supplement, 1993, are repealed.".

2. On page 1, strike lines 2 through 4 and insert "section 83-1201, Revised Statutes Supplement, 1992, and section 83-1216, Revised Statutes Supplement, 1993; to state and restate intent; to create the Advisory Committee on Developmental Disabilities; to provide duties for the advisory committee; to harmonize provisions; and to repeal the original sections.".

"Sec. 45. That section 42-364, Revised Statutes Supplement, 1993, be amended to read as follows:

42-364. (1) When dissolution of a marriage or legal separation is decreed, the court may include a parenting plan developed under the Parenting Act, if a parenting plan has been so developed, and such orders in relation to any minor child and the child's maintenance as are justified, including placing the minor child in the custody of the court or third parties or terminating parental rights pursuant to this section if the best interests of the minor child require such orders. Custody and time spent with each parent shall be determined on the basis of the best interests of the minor child with the objective of maintaining the ongoing involvement of both parents in the minor child's life. Subsequent changes may be made by the court after hearing on such notice as prescribed by the court.

(2) In determining custody arrangements and the time to be spent with each parent, the court shall consider the best interests of the minor child which shall include, but not be limited to:

(a) The relationship of the minor child to each parent prior to the commencement of the action or any subsequent hearing;

(b) The desires and wishes of the minor child if of an age of comprehension regardless of chronological age, when such desires and wishes are based on sound reasoning; and

(c) The general health, welfare, and social behavior of the minor child.

(3) In determining custody arrangements and the time to be spent with each parent, the court shall not give preference to either parent based on the sex of the parent and no presumption shall exist that either parent is more fit or suitable than the other.

(4) Regardless of the custody determination of the court, (a) each parent shall continue to have full and equal access to the education and medical records of his or her child unless the court orders to the contrary and (b) either parent may make emergency decisions affecting the health or safety of his or her child while the child is in the physical

custody of such parent pursuant to a visitation order entered by the court.

(5) After a hearing in open court, the court may place the custody of a minor child with both parents on a shared or joint custody basis when both parents agree to such an arrangement. In that event, each parent shall have equal rights to make decisions in the best interests of the minor child in his or her custody. The court may place a minor child in joint custody after conducting a hearing in open court and specifically finding that joint custody is in the best interests of the minor child regardless of any parental agreement or consent.

(6) In determining the amount of child support to be paid by a parent, the court shall consider the earning capacity of each parent and the guidelines provided by the ~~Supreme Court~~ Department of Social Services pursuant to section 42-364.16 for the establishment of child support obligations. Upon application, hearing, and presentation of evidence of an abusive disregard of the use of child support money paid by one party to the other, the court may require the party receiving such payment to file a verified report with the court, as often as the court requires, stating the manner in which such money is used. Child support paid to the party having custody of the minor child shall be the property of such party except as provided in section 43-512.07. The clerk of the district court shall maintain a record, separate from all other judgment dockets, of all decrees and orders in which the payment of child support or spousal support has been ordered, whether ordered by a district court, separate juvenile court, or county court sitting as a juvenile court. Orders for child support in cases in which a party has applied for services under Title IV-D of the Social Security Act, as amended, shall be reviewed as provided in sections 43-512.12 to 43-512.18.

(7) Whenever termination of parental rights is placed in issue by the pleadings or evidence, the court shall transfer jurisdiction to a juvenile court established pursuant to the Nebraska Juvenile Code unless a showing is made that the district court is a more appropriate forum. In making such determination, the court may consider such factors as cost to the parties, undue delay, congestion of dockets, and relative resources available for investigative and supervisory assistance. A determination that the district court is a more appropriate forum shall not be a final order for the purpose of enabling an appeal. If no such transfer is made, the court shall appoint an attorney as guardian ad litem to protect the interests of any minor child. The court may terminate the parental rights of one or both parents after notice and hearing when the court finds such action to be in the best

interests of the minor child and it appears by the evidence that one or more of the following conditions exist:

(a) The minor child has been abandoned by one or both parents;

(b) One parent has or both parents have substantially and continuously or repeatedly neglected the minor child and refused to give such minor child necessary parental care and protection;

(c) One parent is or both parents are unfit by reason of debauchery, habitual use of intoxicating liquor or narcotic drugs, illegal possession or sale of illegal substances, or repeated lewd and lascivious behavior, which conduct is found by the court to be seriously detrimental to the health, morals, or well-being of the minor child; or

(d) One parent is or both parents are unable to discharge parental responsibilities because of mental illness or mental deficiency and there are reasonable grounds to believe that such condition will continue for a prolonged indeterminate period.

(8) Whenever termination of parental rights is placed in issue, the court shall inform a parent who does not have legal counsel of the parent's right to retain counsel and of the parent's right to retain legal counsel at county expense if such parent is unable to afford legal counsel. If such parent is unable to afford legal counsel and requests the court to appoint legal counsel, the court shall immediately appoint an attorney to represent the parent in the termination proceedings. The court shall order the county to pay the attorney's fees and all reasonable expenses incurred by the attorney in protecting the rights of the parent. At such hearing, the guardian ad litem shall take all action necessary to protect the interests of the minor child. The court shall fix the fees and expenses of the guardian ad litem and tax the same as costs but may order the county to pay on finding the responsible party indigent and unable to pay.".

Standing Committee amendment, AM4049, printed separately from the Journal and referred to on page 1447, was considered.

Mr. Wesely requested a division of the question on the Standing Committee amendment.

The Chair sustained the division of the question.

The first Standing Committee amendment is as follows:
FA507

1. Strike original sections 35, 36, 43 to 45, 75 to 79, 85 and 86 and insert the following new sections:

Sec. 45. That section 42-364.13, Revised Statutes Supplement, 1993, be amended to read as follows:

42-364.13. (1) Any order for support entered by the court shall specifically provide that any person ordered to pay a judgment shall be required to furnish to the clerk of the district court his or her address, telephone number, and social security number, the name of his or her employer, whether or not such person has access to employer-related health insurance coverage and, if so, the health insurance policy information, and any other information the court deems relevant until such judgment is paid in full. The person shall also be required to advise the clerk of any changes in such information between the time of entry of the decree and the payment of the judgment in full. If both parents are parties to the action, such order shall provide that each be required to furnish to the clerk of the district court whether he or she has access to employer-related health insurance coverage and, if so, the health insurance policy information. Failure to comply with this section shall be punishable by contempt.

(2) If any case contains an order or judgment for child, medical, or spousal support, the order shall include the following statements:

In the event (respondent or petitioner) fails to pay any child, medical, or spousal support payment, as such failure is certified each month by the district court clerk in cases in which court-ordered support is delinquent in an amount equal to the support due and payable for a one-month period of time, he or she shall be subject to income withholding and may be required to appear in court on a date to be determined by the court and show cause why such payment was not made. In the event that the (respondent or petitioner) fails to pay and appear as ordered, a warrant shall be issued for his or her arrest.

(3) If the court orders income withholding regardless of whether or not payments are in arrears pursuant to section 43-1718.01 or section 67 of this act, the statement in subsection (2) of this section may be altered to read as follows:

In the event (respondent or petitioner) fails to pay any child, medical, or spousal support payment, as such failure is certified each month by the district court clerk in

cases in which court-ordered support is delinquent in an amount equal to the support due and payable for a one-month period of time, he or she may be required to appear in court on a date to be determined by the court and show cause why such payment was not made. In the event that the (respondent or petitioner) fails to pay and appear as ordered, a warrant shall be issued for his or her arrest.

Sec. 64. That section 43-1701, Revised Statutes Supplement, 1992, be amended to read as follows:

43-1701. Sections 43-1701 to 43-1743 and section 67 of this act shall be known and may be cited as the Income Withholding for Child Support Act.

Sec. 66. That section 43-1718, Revised Statutes Supplement, 1992, be amended to read as follows:

43-1718. A support order shall constitute and shall operate as an assignment, to the clerk of the district court designated to receive the payment, of that portion of an obligor's income as will be sufficient to pay the amount ordered for child, spousal, or medical support and shall be binding on any existing or future employer or other payor of the obligor. ~~For support orders in all cases issued before September 6, 1991, and for support orders issued or modified on or after September 6, 1991, in cases in which no party has applied for services under Title IV-D of the Social Security Act, as amended, the~~ The assignment shall take effect as provided in section 43-1718.01 or section 67 of this act or on the date on which the payments are delinquent in an amount equal to the support due and payable for a one-month period of time, whichever is earlier. ~~and for support orders issued or modified on or after September 6, 1991, in cases in which one of the parties receives services under Title IV-D of the Social Security Act, as amended, the assignment shall take effect as provided in section 43-1718.01.~~

An assignment shall have priority as against any attachment, execution, or other assignment unless otherwise specifically ordered by a court of competent jurisdiction.

The clerk of the district court in each county shall be responsible for administering income withholding. The clerk of the district court in administering income withholding shall keep accurate records to document, track, and monitor support payments.

Sec. 67. (1) In any case in which services are not provided under Title IV-D of the Social Security Act, as amended, and a support order has been issued on or after the effective date of this act, the obligor's income shall be subject to income withholding regardless of whether or not payments pursuant to such order are in arrears, and the court shall require such income withholding in its order unless:

(a) One of the parties demonstrates and the court

finds that there is good cause not to require immediate income withholding; or

(b) A written agreement between the parties providing an alternative arrangement is incorporated into the support order.

(2) If the court pursuant to subsection (1) of this section orders income withholding regardless of whether or not payments are in arrears, the obligor shall prepare a notice to withhold income. The notice to withhold income shall be substantially similar to a prototype prepared by the Department of Social Services and made available by the department to the State Court Administrator and the clerks of the district courts. The notice to withhold shall direct:

(a) That the employer or other payor shall withhold from the obligor's disposable income the amount stated in the notice to withhold for the purpose of satisfying the obligor's ongoing obligation for support payments as they become due and if there are arrearages, reducing such arrearages in child, spousal, or medical support payments arising from the obligor's failure to fully comply with a support order;

(b) That the employer or other payor shall pay to the obligor, on his or her regularly scheduled payday, such income then due which is not required to be withheld as stated on the notice or pursuant to any court order;

(c) That the employer or other payor shall not withhold more than the maximum amount permitted to be withheld under section 303(b) of the Consumer Credit Protection Act, 15 U.S.C. 1673(b)(2)(A) and (B), and the amount withheld to satisfy an arrearage of child, spousal, or medical support when added to the amount withheld to pay current support and the fee provided for in subdivision (2)(d) of this section shall not exceed such maximum amount;

(d) That the employer or other payor may assess an additional administrative fee from the obligor's disposable income not to exceed two dollars and fifty cents in any calendar month as compensation for the employer's or other payor's reasonable cost incurred in complying with the notice;

(e) That the employer or other payor shall remit, within ten days of the date the obligor is paid and in the manner specified in the notice, the income withheld, less the deduction allowed as an administrative expense by subdivision (2)(d) of this section, to the clerk of the district court designated in the notice and shall notify such clerk of the date such income was withheld;

(f) That the notice to withhold income shall terminate with respect to the employer or other payor without any court action or action by the obligor thirty days after the obligor ceases employment with or is no longer entitled to income from such employer or other payor;

(g) That the employer or other payor may combine amounts required to be withheld from the income of two or more obligors in a single payment to each clerk designated in a notice to withhold income if the portion of the single payment which is attributable to each individual obligor is separately identified;

(h) That an employer or other payor who fails to withhold and remit income of an obligor after receiving proper notice or who discriminates, demotes, disciplines, or terminates an employee or payee after receiving a notice to withhold income shall be subject to the penalties prescribed in subsections (4) and (5) of this section; and

(i) That if the employer or other payor receives more than one notice to withhold income of a single obligor and the amount of income available to be withheld pursuant to the limits specified in subdivision (c) of this subsection is insufficient to satisfy the total support amount certified in the notices, the income available shall first be applied to current support. If the total amount of income available to be withheld is insufficient to satisfy the total amount of current support certified by the notices, the employer or other payor shall withhold for each notice the proportion that the amount of the current support certified in such notice bears to the total amount of current support certified in all notices received for the obligor. Any remaining income available to be withheld after current support is satisfied for all notices shall be applied to arrearages. If arrearages are certified in more than one notice, the employer or other payor shall withhold for each notice the proportion that the amount of the arrearage certified in such notice bears to the total amount of arrearage certified in all notices received for the obligor.

Compliance with the order by the employer or other payor shall operate as a discharge of the employer's or other payor's liability to the obligor as to the portion of the obligor's income withheld.

(3) The obligor shall deliver the notice to withhold income to his or her current employer or other payor and provide a copy of such notice to the clerk of the district court.

(4) Any employer or other payor who fails to withhold and remit any income of an obligor receiving income from the employer or other payor, after proper notice as provided in subsection (2) of this section, shall be required to pay to the clerk of the district court the amount specified in the notice.

(5) An employer or other payor shall not use an order or notice to withhold income or order or the possibility of income withholding as a basis for (a) discrimination in

hiring, (b) demotion of an employee or payee, (c) disciplinary action against an employee or payee, or (d) termination of an employee or payee.

Upon application by the obligor and after a hearing on the matter, the court may impose a civil fine of up to five hundred dollars for each violation of this section.

An employer or other payor who violates this section may be required to make full restitution to the aggrieved employee or payee, including reinstatement and backpay.

(6) When an obligor ceases employment with or is no longer entitled to income from an employer or other payor, the notice to withhold income shall not cease to operate against the obligor and income withholding shall continue to apply to any subsequent employment or income of the obligor. The notice to withhold income shall terminate with respect to the employer or other payor without any court action or action by the obligor thirty days after the obligor ceases employment with or is no longer entitled to income from such employer or other payor. A notice to withhold income shall also terminate when the child, spousal, or medical support obligation terminates and all past-due support has been paid, in which case the obligor shall notify the employer or other payor to cease withholding income.

(7) A notice to withhold income may be modified or revoked by a court of competent jurisdiction as a result of modification of the support order. A notice to withhold income may also be modified or revoked by a court of competent jurisdiction, for other good cause shown, after notice and a hearing on the issue.

(8) The obligee or obligor may file an action in district court to enforce this section.

(9) If any case under this section becomes a case in which services are provided under Title IV-D of the Social Security Act, as amended, the county attorney or authorized attorney or the Director of Social Services shall implement income withholding as provided in the Income Withholding for Child Support Act.

Sec. 68. That section 43-1720, Revised Statutes Supplement, 1993, be amended to read as follows:

43-1720. If the Director of Social Services has previously sent a notice of assignment and opportunity for hearing on the same support order under section 48-647, the county attorney or authorized attorney shall certify the amount to be withheld from an obligor's disposable income pursuant to section 43-1722 and shall notify the obligor's employer or other payor pursuant to section 43-1723. If the director has not previously sent such notice, and except in cases in which the court has ordered income withholding pursuant to subsection (1) of section 43-1718.01 or section 67

of this act, upon receiving certification pursuant to section 42-358 or notice of delinquent payments of medical support, the county attorney or authorized attorney shall send a notice by certified mail to the last-known address of the obligor stating:

(1) That an assignment of his or her income by means of income withholding will go into effect within fifteen days from the date the notice is sent;

(2) That the income withholding will continue to apply to any subsequent employer or other payor of the obligor;

(3) The amount of support the obligor owes;

(4) The amount of income that will be withheld; and

(5) That within the fifteen-day period, the obligor may request a hearing in the manner specified in the notice to contest a mistake of fact. For purposes of this subdivision, mistake of fact shall mean (a) an error in the amount of current or overdue support, (b) an error in the identity of the obligor, or (c) an error in the amount to be withheld as provided in section 43-1722.

Sec. 69. That section 43-1722, Revised Statutes Supplement, 1993, be amended to read as follows:

Such amount shall not in any case exceed the maximum amount permitted to be withheld under section 303(b) of the Consumer Credit Protection Act, 15 U.S.C. 1673(b)(2)(A) and (B), and the amount withheld to satisfy an arrearage of child, spousal, or medical support when added to the amount withheld to pay current support and the fee provided for in section 43-1723 shall not exceed such maximum amount.

d. Whether these activities have provided or reduced employment opportunities available to Nebraska residents;

e. Appropriate responses by the Legislature to protect the interests of the State of Nebraska and its citizens; and

f. Any other matters necessary or appropriate to examination of this issue.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

(Amendments to Final Reading copy)

1. Strike section 4 and insert the following new sections:

"Sec. 2. That section 29-2204, Revised Statutes Supplement, 1993, be amended to read as follows:

29-2204. (1) Except as provided in subsection (4) of this section and except when a term of life is required by law, in imposing an indeterminate sentence upon an offender, the court shall:

(a) Fix the minimum and maximum limits of the sentence to be served within the limits provided by law,

~~except that when a maximum limit of life is imposed by the court for a Class IB felony, the minimum limit may be any term of years not less than the statutory mandatory minimum~~ but the minimum limit fixed by the court shall not be greater than one-third of the statutory maximum limit;

(b) Advise the offender on the record the time the offender will serve on his or her minimum term before attaining parole eligibility assuming that no good time for which the offender will be eligible is lost; and

(c) Advise the offender on the record the time the offender will serve on his or her maximum term before attaining mandatory release assuming that no good time for which the offender will be eligible is lost.

If any discrepancy exists between the statement of the minimum limit of the sentence and the statement of parole eligibility or between the statement of the maximum limit of the sentence and the statement of mandatory release, the statements of the minimum limit and the maximum limit shall control the calculation of the offender's term. If the court imposes more than one sentence upon an offender or imposes a sentence upon an offender who is at that time serving another sentence, the court shall state whether the sentences are to be concurrent or consecutive.

(2)(a) When the court is of the opinion that imprisonment may be appropriate but desires more detailed information as a basis for determining the sentence to be imposed than has been provided by the presentence report required by section 29-2261, the court shall commit an offender to the Department of Correctional Services for a period not exceeding ninety days. The department shall conduct a complete study of the offender during that time, inquiring into such matters as his or her previous delinquency or criminal experience, social background, capabilities, and mental, emotional, and physical health and the rehabilitative resources or programs which may be available to suit his or her needs. By the expiration of the period of commitment or by the expiration of such additional time as the court shall grant, not exceeding a further period of ninety days, the offender shall be returned to the court for sentencing and the court shall be provided with a written report of the results of the study, including whatever recommendations the department believes will be helpful to a proper resolution of the case. After receiving the report and the recommendations, the court shall proceed to sentence the offender in accordance with subsection (1) of this section. The term of the sentence shall run from the date of original commitment under this subsection.

(b) In order to encourage the use of this procedure in appropriate cases, all costs incurred during the period the

defendant is held in a state institution under this subsection shall be a responsibility of the state and the county shall be liable only for the cost of delivering the defendant to the institution and the cost of returning him or her to the appropriate court for sentencing or such other disposition as the court may then deem appropriate.

(3)(a) Commencing July 1, 1996, when the court is of the opinion that imprisonment may be appropriate, but that a brief and intensive period of incarceration may serve the interests of society by promoting the rehabilitation of the offender and by deterring the offender from engaging in further criminal activity, the court may commit an offender to the Department of Correctional Services for a period not exceeding one hundred eighty days for placement in a regimented inmate discipline unit followed by one year of intense parole supervision. The court may consider such commitment if the offender (i) has been found guilty of a nonviolent crime, (ii) is seventeen years of age or older but younger than twenty-five years and has no physical or mental handicap that precludes strenuous physical activity, and (iii) has never before been sentenced to a period of incarceration for a felony offense in this or any other state or federal jurisdiction.

(b) Upon successful completion of the term of commitment, the offender shall be placed under the jurisdiction of the Board of Parole for a period of one year. All provisions of Chapter 83, article 1, relating to parole, except eligibility for parole, shall apply to the offender. If the parole of the offender is revoked, the offender shall be returned to the sentencing court for resentencing on the original conviction.

(c) If the offender for any reason fails to complete the program of regimented inmate discipline, the offender shall immediately be returned to the sentencing court for resentencing on the original conviction. Credit shall be given for time actually served in the program.

(d) All costs incurred during the period the offender is held in a regimented inmate discipline unit shall be the responsibility of the state, and the county shall be liable only for the cost of returning him or her to the appropriate court for resentencing or such other disposition as the court may then deem appropriate.

(4) Whenever the defendant was under eighteen years of age at the time he or she committed the crime for which he or she was convicted, the court may in its discretion, instead of imposing the penalty provided for the crime, make such disposition of the defendant as the court deems proper under the Nebraska Juvenile Code.

Sec. 5. Except when a term of life is required by

law, in imposing an indeterminate sentence upon the offender, the court shall:

(1) Fix the minimum and maximum limits of the sentence, but the minimum limit fixed by the court shall not be less than the minimum provided by law nor more than one-third of the maximum term and the maximum limit shall not be greater than the maximum provided by law;

(2) Impose a definite term of years, in which event the maximum term of the sentence shall be the term imposed by the court and the minimum term shall be the minimum sentence provided by law; or

(3) When the court is of the opinion that imprisonment may be appropriate but desires more detailed information as a basis for determining the sentence to be imposed than has been provided by the presentence report, commit an offender to the department for a period not exceeding ninety days. For purposes of this section, offender shall mean both juveniles and adults. The department shall conduct a complete study of the offender during that time, inquiring into such matters as his or her previous delinquency or criminal experience, social background, capabilities, and mental, emotional, and physical health and the rehabilitative resources or programs which may be available to suit his or her needs. By the expiration of the period of commitment or by the expiration of such additional time as the court shall grant, not exceeding a further period of ninety days, the offender shall be returned to the court for sentencing and the court shall be provided with a written report of the results of the study, including whatever recommendations the department believes will be helpful to a proper resolution of the case. After receiving the report and the recommendations, the court shall proceed to sentence the offender in accordance with any applicable provision of law. The term shall run from the date of original commitment under this section. In order to encourage the use of this procedure in appropriate cases, all costs incurred during the period the defendant is held in a state institution under this subdivision shall be a responsibility of the state and the county shall be liable only for the cost of delivering the defendant to the institution and the cost of returning him or her to the appropriate court for sentencing or such other disposition as the court may then deem appropriate.

Sec. 6. That section 83-1,135, Revised Statutes Supplement, 1993, be amended to read as follows:

83-1,135. Sections 83-170 to 83-1,135 and section 5 of this act shall be known and may be cited as the Nebraska Treatment and Corrections Act.

Sec. 7. That original sections 29-2204, 45-601, 45-623, and 83-1,135, Revised Statutes Supplement, 1993, are

72-257.01. (1) The Board of Educational Lands and Funds shall review and set priorities for the sale of lands covered by leases expiring each year, giving the highest priority to those lands which it determines, considering all relevant factors, can be sold to the best advantage.

LEGISLATIVE BILL 1219. Placed on General File as amended.
Standing Committee amendment to LB 1219:
AM3947

1. Strike the original sections and insert the following new sections:

"Section 1. (1) The Department of Environmental Quality shall rebate to the municipality or county of origin ten cents of the disposal fee required by section 13-2042 for each six cubic yards of uncompacted solid waste, for each three cubic yards of compacted solid waste, or for each ton of solid waste disposed of at landfills regulated by the department and originating in a municipality or county with a purchasing policy approved by the department. The fee shall be rebated quarterly on or before the thirtieth day after receipt of a quarterly report from the municipality or county of origin.

(2) Any municipality or county may apply to the department for the rebate authorized in subsection (1) of this section if the municipality or county has a written purchasing policy in effect requiring a preference for purchasing products, materials, or supplies which are manufactured or produced from recycled material. The policy shall provide that the preference shall not operate when it would result in the purchase of products, materials, or supplies which are of inadequate quality as determined by the municipality or county. Upon receipt of an application, the Department of Environmental Quality shall submit the application to the

materiel division of the Department of Administrative Services for review. The materiel division shall review the application for compliance with this section and any rules and regulations adopted pursuant to this section and to determine the probable effectiveness in assuring that a preference is given to products, materials, or supplies which are manufactured or produced from recycled material. The materiel division shall provide a report of its findings to the Department of Environmental Quality within thirty days after receiving the review request. The Department of Environmental Quality shall approve the application or suggest modifications to the application within sixty days after receiving the application based on the materiel division's report, any analysis by the Department of Environmental Quality, and any factors affecting compliance with this section or the rules and regulations adopted pursuant to this section.

(3) A municipality or county shall file a report complying with the rules and regulations adopted pursuant to this section with the Department of Environmental Quality before April 1 of each year documenting purchasing practices for the past calendar year in order to continue receiving the rebate. The report shall include, but not be limited to, quantities of products, materials, or supplies purchased which were manufactured or produced from recycled material. The department shall provide copies of each report to the materiel division in a timely manner. If the department determines that a municipality or county is not following the purchasing policy presented in the approved application or that the purchasing policy presented in the approved application is not effective in assuring that a preference is given to products, materials, or supplies which are manufactured or produced from recycled material, the department shall suspend the rebate until it determines that the municipality or county is giving a preference to products, materials, or supplies which are manufactured or produced from recycled material pursuant to a written purchasing policy approved by the department subsequent to the suspension. The materiel division may make recommendations to the department regarding suspensions and reinstatements of rebates.

(4) Any suspension of the rebate or denial of an application made under this section may be appealed. The appeal shall be in accordance with the Administrative Procedure Act.

(5) The council shall adopt and promulgate rules and regulations establishing criteria for application procedures, for accepting and denying applications, for annual and quarterly reporting requirements, and for suspending and reinstating the rebate. The materiel division shall recommend to the council criteria for accepting and denying applications

and for suspending and reinstating the rebate. The materiel division may make other recommendations to the council regarding rules and regulations authorized under this section. The Department of Administrative Services may adopt and promulgate rules and regulations establishing procedures for reviewing applications and for annual and quarterly reports.

Sec. 2. That section 13-2001, Revised Statutes Supplement, 1992, be amended to read as follows:

13-2001. Sections 13-2001 to 13-2043 and section 1 of this act shall be known and may be cited as the Integrated Solid Waste Management Act.

Sec. 3. That section 13-2042, Revised Statutes Supplement, 1992, be amended to read as follows:

13-2042. (1) A disposal fee of one dollar and twenty-five cents is imposed for each six cubic yards of uncompacted solid waste, one dollar and twenty-five cents for each three cubic yards of compacted solid waste, or one dollar and twenty-five cents per ton of solid waste disposed of at landfills regulated by the department. Each operator of a landfill disposal facility shall make the fee payment quarterly. The fee shall be paid quarterly to the department on or before the ~~twentieth day of the month immediately~~ forty-fifth day following the end of each quarter. For purposes of this section, landfill shall have the same definition as municipal solid waste landfill unit in 40 C.F.R. part 258, subpart A, section 258.2.

(2) The department shall exempt a landfill operator from the disposal fee imposed by this section for solid waste that is disposed pursuant to a contract shown to have been in effect on or before December 15, 1991, if such contract requires the landfill operator to dispose of solid waste without a mechanism for a price increase for a period of not less than one year. Such exemption shall terminate at the earlier of the following dates: (a) The date such contract allows for a price increase; (b) the expiration of such contract; or (c) July 1, 1994.

(3) Each fee payment shall be accompanied by a form prepared and furnished by the department and completed by the permitholder. The form shall state the total volume of solid waste disposed of at that facility during the payment period and shall provide any other information deemed necessary by the department. The form shall be signed by the permitholder.

(4) If a permitholder fails to make a timely payment of the fee, he or she shall pay interest on the unpaid amount at a rate of five percent per month.

(5) This section shall not apply to a site used solely for the reclamation of land through the introduction of landscaping rubble or inert material.

(6) Fifty percent of the total of such fees

collected in each quarter shall be remitted to the State Treasurer for credit to the Integrated Solid Waste Management Cash Fund and shall be used by the department to cover the direct and indirect costs of regulating and monitoring facilities during and after operation of facilities or performance of regulated activities under the Integrated Solid Waste Management Act. The remaining fifty percent of the total of such fees collected per quarter shall be remitted to the State Treasurer for credit to the Waste Reduction and Recycling Incentive Fund. For purposes of determining the total fees collected, any amount of fees rebated pursuant to section 1 of this act shall be included as if the fees had not been rebated, and the amount of the fees rebated pursuant to such section shall be deducted from the amount to be credited to the Waste Reduction and Recycling Incentive Fund.

(7) The council shall adopt and promulgate rules and regulations for the distribution of grants from the proceeds of the fees imposed by this section to counties, municipalities, and agencies for the purposes of planning and implementing facilities and systems to further the goals of the Integrated Solid Waste Management Act. The fees collected pursuant to this section shall not be used as grant proceeds to fund landfill closure site assessments, closure, monitoring, or remediation costs for existing landfills or landfills already closed prior to July 15, 1992. The rules and regulations shall base the awarding of grants on a project's reflection of the integrated solid waste management policy and hierarchy established in section 13-2018, the proposed amount of local matching funds, and community need.

Sec. 4. This act shall become operative on January 1, 1995.

Sec. 5. That original sections 13-2001 and 13-2042, Revised Statutes Supplement, 1992, are repealed.".

LEGISLATIVE RESOLUTION 413. Introduced by Hartnett, 45.

PURPOSE: With the rapid growth of public and charitable gaming in the State of Nebraska has come the recognition that compulsive and problem gambling disorders represent a major social and public health problem worthy of attention by the Legislature and the expenditure of public funds.

With the adoption of the state lottery, one percent of the net proceeds of the lottery were set aside for the assistance of compulsive gamblers. Debate during the 1994 Legislative session has focused on the most appropriate mechanism for distributing those funds and the purposes for which they should be expended.

This study would propose an investigation of those issues, the development of a series of alternative approaches to the problem, and the crafting of a legislative solution based upon the most efficacious alternative for introduction in the next legislative session.

The study shall include:

(a) a study of the prevalence of compulsive and problem gambling in Nebraska and the general socio-economic profile of compulsive and problem gamblers in this state;

(b) An analysis of the social costs of compulsive and problem gambling to Nebraska families, communities, and the state, including estimates of the impact on public budgets;

(c) A description and definition of what constitutes compulsive and problem gambling according to the best medical and psychological definitions;

(d) A review of the various treatment modalities that have been developed for dealing with compulsive and problem gambling and an assessment of their efficacy; and

(e) The development of a program for local or coordinated statewide outreach, identification, treatment, and education with regard to compulsive and problem gamblers and their families, which shall include a determination of the appropriate role of private sector service providers and existing state agencies as well as the need for the expenditure of additional state funds beyond those generated by the state lottery and the development of new state government agencies or initiatives to address the problem.

This study should actively involve the members of the Nebraska Advisory Commission on Compulsive Gambling and other groups and members of the general public with an interest in or special knowledge about problem or compulsive gambling.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the General Affairs and Health and Human Services Committees of the Legislature shall be designated to jointly conduct an interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of their study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 414. Introduced by Hartnett, 45.

PURPOSE: The recent decision of the State of Michigan to eliminate the property tax as a source of funding for public schools has sparked a nationwide debate. Considering the reliance of Nebraska schools on the property tax and the general public perception that property tax rates in Nebraska are excessive, it would be appropriate for the Legislature to directly address the question of the feasibility of following Michigan's example and removing property taxation from the public education financing mix.

This study will investigate that issue. It would seek to quantify existing and projected educational funding needs in Nebraska and the extent of the state financial responsibility which would follow from the elimination of the local educational property tax. It would review alternative distribution formulas which would be necessitated by such transfer in the light of existing needs and current legal and constitutional requirements for the provision of education and the equalization of educational opportunities among all Nebraska primary and secondary students. It would seek to define the proper level of local control of education in such a state-funded environment and appropriate enforcement and review mechanisms. This study will seek to determine the various alternative mechanisms for providing the

needed state funds including existing state taxes and also any proposed new forms of taxation which may have been tried in other states or which may be under consideration. The study will also seek to identify the impact of such a tax shift and any proposed new taxes or tax rates upon the general business and economic climate of the state and the creation or loss of business and employment opportunities as balanced against any impacts created by the reduction in general property tax rates and the equalization of educational opportunities. Finally, the study will investigate appropriate mechanisms to limit any tendency by other political subdivisions relying on the property tax to take advantage of new property tax capacity and appropriate time periods for implementation or phase-in of such a new education finance system.

This study shall actively involve members of the business and labor community as well as members of the educational community and the general public.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Revenue and Education Committees of the Legislature shall be designated to jointly conduct an interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of their study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 415. Introduced by Withem, 14.

The study shall include, but not be limited to:

1. Examination of other states' processes as they relate to election of county elected officials;

2. Examination of the political arguments and studies relative to the advantage of the identification of a political party on the ballot; and

3. The effect on unaffiliated voters.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Government, Military and Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 416. Introduced by Withem, 14.

PURPOSE: The purpose of this study is to examine the feasibility of allowing deputy county attorneys, in counties with a population of less than two hundred thousand, to legally represent any other political subdivision. The study shall include, but not be limited to:

1. The ramifications of allowing deputy county attorneys in counties with a population of less than two hundred thousand to continue to contract with individual political subdivisions for legal services;

2. The cost to individual political subdivisions if a private attorney is contracted for service; and

3. What types of legal services might be able to be rendered to a political subdivision.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 417. Introduced by McKenzie, 34.

PURPOSE: To study the transfer of water. This study shall include, but shall not be limited to, the transfer of surface and ground water for agricultural, commercial, or residential use.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 419. Introduced by McKenzie, 34.

PURPOSE: To study the system, services, and funding relating to educational service units in the State of Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 420. Introduced by Coordsen, 32; Hartnett, 45; Preister, 5; McKenzie, 34.

PURPOSE: The purpose of this study is to examine all of the underlying state statutes governing the procedure used by public power districts to locate and construct power transmission lines and the process used by the Nebraska Power Review Board to determine the need for additional power transmission lines and to approve applications for the construction of such lines. Currently, there are no requirements for public notice and hearing at the initial stage of determination of need, during the approval process, or during the site-selection phase of the project. It is not in the best interests of the state to permit public power districts to build power transmission lines which would be surplus to the needs of the citizens of Nebraska.

Legislative Bills 1187 and 1240 were introduced in the Ninety-third Legislature, Second Session, 1994, to address the need for notice, hearing, and review of rates. Both of these bills were indefinitely postponed in committee.

This study shall include, but not be limited to:

a. Public notice and hearing by the Nebraska Power Review Board;

b. Public notice and hearing by public power districts;

c. The eminent domain process as used by public power districts;

d. Health concerns regarding electromagnetic fields generated by transmission lines;

e. Whether standards to establish the need for additional transmission lines should be mandated by the Legislature; and

f. Oversight and review of rates set by public power districts by the Nebraska Power Review Board.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 421. Introduced by Revenue Committee: Warner, 25, Chairperson; Coordsen, 32; Hartnett, 45; Kristensen, 37; Schellpeper, 18; Wickersham, 49; Will, 8.

PURPOSE: Few issues faced by the Legislature impact all Nebraskans as significantly as state and local taxation. Improving Nebraska's state and local tax system in terms of equity, economic competitiveness, elasticity and growth, and economy of administration is a never-ending task for the Legislature. The purpose of this study is to examine all aspects of the state and local tax system. Particular emphasis shall be given to the following areas:

A. Equity

(1) A monitoring of the study currently taking place in the Department of Revenue pursuant to Legislative Bill 719A, Ninety-second Legislature, Second Session, 1992, to quantify the tax burden borne by Nebraskans by economic sector; and

(2) A review of methods to provide indirect or direct property tax relief.

B. Economic competitiveness

(1) A review of all components of Nebraska's state and local tax systems compared with those of surrounding states and the nation as a whole; and

(2) An examination of economic incentives provided new or expanding business in Nebraska, including an analysis of the ability of state policymakers to audit these tax expenditures relative to benefits.

C. Elasticity and stability

(1) A study of the long-term impacts of average revenue growth versus average expenditure growth; and

(2) An analysis of opportunities to expand tax bases in Nebraska to reflect changes in the Nebraska economy of the last fifty years and match tax policy to economic reality.

D. Economy of administration

(1) An examination of property assessment practices in Nebraska and means of improvement; and

(2) An examination of principles in dealing with taxpayers in a consistent, responsive, and helpful manner, usually known as a taxpayer bill of rights.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee be authorized to seek input from persons and representatives of interest groups outside the Legislature in formulating tax policy principles.

3. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 422. Introduced by Wehrbein, 2.

PURPOSE: The purpose for this study is to examine the current problem of roadside litter and to study possible legislative solutions. Since 1979, litter control has been enforced through the Nebraska Litter Reduction and Recycling Act. With the passage in 1992 of the Integrated Solid Waste Management Act, tight restrictions are now in place that regulate landfills and regulate the kind of refuse that can be taken to these sites. This has the potential of dramatically increasing the cost of accessing the landfill site, thus exacerbating the dilemma of illegal roadside dumping. This study should survey what surrounding states have done to reduce litter, including, but not limited to, requiring deposits on cans and bottles, increased penalties for littering, and other innovative legislative action that has had an impact on the reduction of roadside littering. The study should also examine the growing litter problem occurring in rural Nebraska where landfill facilities are

becoming fewer and farther apart, causing increased roadside littering. Attention should also focus on the possibility of transfer stations located in the more unpopulated areas of the state where landfills are not easily accessed. Providing for separate bins for various recyclables such as aluminum cans and hazardous materials and a reasonable access fee. Any proposal should also examine the costs and possible funding mechanisms to ensure the stability of these possible solutions to roadside littering.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 423. Introduced by Wehrbein, 2.

PURPOSE: The purpose of this study is to review the legislative role in issuing specialized license plates. Currently specialized license plates can be purchased by Pearl Harbor survivors, former prisoners-of-war, persons with amateur radio licenses, disabled veterans, and purple heart recipients. The study should examine the present need for legislation to be introduced on each request for a specialized plate, whether an administrative procedure can be held instead by the Department of Motor Vehicles on each application, what criteria would be required for issuance of such license plates by a board or commission within the department, and whether final legislative approval on each application is warranted.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Transportation Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 424. Introduced by Appropriations Committee: Moore, 24, Chairperson; Ashford, 6; Avery, 3; Bernard-Stevens, 42; Crosby, 29; Engel, 17; Hillman, 48; Lynch, 13; Wehrbein, 2.

PURPOSE: As a result of Legislative Resolution 221, Ninety-third Legislature, First Session, 1993, which studied the foster care reviews conducted by the Department of Social Services, the State Foster Care Review Board, and the courts, the Appropriations committee finds that duplication exists in these systems.

The purpose of this resolution is to establish an ad hoc committee to study and propose to the Legislature ways of eliminating this duplication and increasing the effectiveness and efficiency of these systems.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the chairpersons from the Appropriations Committee and Health and Human Services Committee of the Legislature each shall appoint an ad hoc committee consisting of three members each from their respective committees. Two representatives of the Executive branch, to be selected by the Governor, may also be appointed.

2. That in conducting this study, the committee may use the Legislative Fiscal Analyst, the Legislative Research Division, and the legislative staff of the senators appointed to the committee.

3. That the committee complete its study and report its proposals for eliminating such duplication to the Legislative Council or the Legislature by October 1, 1994.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 425. Introduced by Hartnett, 45.

PURPOSE: The extensive discussion about LB 903 in this legislative session and the fact that seven bills were introduced which added additional judges, reshuffled judicial district boundaries, or amended the current system for managing judicial resources, point out the need for a serious review of the current system of allocating judicial resources.

This study would propose a review of current judicial district boundaries, the operation of the Judicial Resources Commission, and the current workloads of judges of the county, district, and juvenile courts of this state. Particular emphasis should be placed upon a review of the current system for the measuring judicial workloads and its accuracy and what criteria are appropriate for consideration in the measurement process. The study should review the operation of the Judicial Resources Commission and the administration of the process by the State Court Administrator. The study should include an investigation of alternative mechanisms for the management of judicial resources as suggested by experts on the process or as developed in other states.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 426. Introduced by Day, 19; Rasmussen, 20.

PURPOSE: The purpose of this study is to examine the current service delivery system for children and families and to propose modifications or alternatives to the current system which will provide integrated, family-centered, community-based services. The study will focus on various aspects of the service delivery system, including, but not limited to, a single point of access, needs assessment, case management, service coordination, and service delivery structure. Current funding sources will be examined and alternatives will be explored concerning ways to redirect existing dollars to provide better coordinated and more appropriate services.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 427. Introduced by Kristensen, 37.

PURPOSE: The purpose of this resolution is to study the cable television industry and to examine issues such as customer service, rates, governmental regulation, and municipal ownership.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Transportation Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the Transportation Committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 428. Introduced by Kristensen, 37.

PURPOSE: The purpose of this resolution is to study issues which are related to the telecommunications industry in the State of Nebraska. The study shall focus upon issues related to the development of the national information "superhighway" and the impact that such development will have upon such subjects as universal service, local competition, and the role of state government in the regulation of telecommunications services and providers.

The study shall include a review of the Clinton Administration's proposals for the reform of the Communications Act of 1934 and related efforts to encourage and focus investment in the national information infrastructure. Legislation currently pending before the United States Congress, specifically HR 3636, HR 3626, and S1822, shall be reviewed to determine the effect upon, and the consequences

to, current Nebraska statutory provisions regulating telecommunications providers.

The study shall focus specific consideration upon the impact to current state regulatory policy of proposals before the United States Congress which would:

1. Preempt state laws and regulations which limit entry into the local telephone business; and

2. Preempt state rate regulation provisions for telecommunications companies which are determined to lack market power.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Transportation Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 429. Introduced by Kristensen, 37.

PURPOSE: The purpose of this resolution is to examine issues related to public and private crossings of railroad tracks. The issues to be examined by the study shall include, but not be limited to, crossing safety, crossing blockage, the identification and closure of dangerous and/or redundant crossings and the appropriate public policy balance between the efficient movement of commerce by rail and the promotion and preservation of public convenience and safety upon public streets and highways.

Current inventory and train movement information demonstrates the following:

1. At the present time there exists in this state four thousand one hundred public and four thousand private railroad crossings. There also exists a total of four thousand one hundred miles of railroad trackage;

2. At the present time, approximately four hundred trains per day operate within or through the state;

3. The most heavily utilized trackage in the state is the Union Pacific mainline through central Nebraska. Currently, that portion of the mainline carries an average of ninety-one trains daily. Based upon projections assuming continued economic growth, traffic along that portion of the mainline could, in the future, increase to one hundred fifty trains per day. Moving trains alone could close crossings for up to five hours out of every twenty-four hours; and

4. As a state largely rural in nature, Nebraska faces the double dilemma of having high train traffic volume and low volume traffic crossings making it very difficult to qualify for federal crossing protection assistance. At current funding levels it will take the state

approximately one hundred forty years to place signals at existing crossings which do not currently have active warning systems.

The study also shall consider proposals discussed during the 1994 legislative session aimed at preventing the blockage of crossings by parked trains.

The study shall examine current provisions of law enacted to address crossing protection including:

(a) Railroad Transportation Safety Districts;

(b) The Grade Crossing Protection Fund; and

(c) Provisions regulating line-of-sight obstruction at crossings.

The study shall seek the input and testimony of affected individuals and communities through the public hearing process. In conducting the study, the assistance and input of the Department of Roads, Nebraska Association of County Officials, the League of Nebraska Municipalities, railroad corporations operating within the State, railroad labor, Operation Lifesaver and other interested parties shall be sought.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Transportation Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 430. Introduced by Nebraska Retirement Systems Committee: Wickersham, 49, Chairperson; Crosby, 29; Day, 19; Fisher, 35; Lynch, 13; Moore, 24; Robak, 22.

PURPOSE: The purpose of the resolution is to evaluate the adequacy of the combined contribution rate for the Nebraska State Patrol Retirement System. The study shall evaluate the impact of:

(a) Plan changes authorized in Legislative Bill 724, Ninety-third Legislature, First Session, 1993;

(b) Assumed rate of return;

(c) Assumed rate of salary increases;

(d) Investment performance;

(e) Mortality tables; and

(f) Assumed withdrawal rates on the funding status of the plan.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Nebraska Retirement Systems Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 431. Introduced by Nebraska Retirement Systems Committee: Wickersham, 49, Chairperson; Crosby, 29; Day, 19; Fisher, 35; Lynch, 13; Moore, 24; Robak, 22.

PURPOSE: In 1992, the Nebraska Legislature authorized a comprehensive study of the retirement systems. One component of that study reviewed the adequacy of the benefits provided by the retirement systems. Adequacy of benefits was based upon the income replacement needed to maintain the same standard of living during retirement as before retirement. This study shall review the costs associated with changing current contribution rates to provide additional benefits for retirement plans which fail to meet income replacement needs identified in the previous study.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Nebraska Retirement Systems Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 432. Introduced by Dierks, 40.

PURPOSE: The purpose of this resolution is to direct that an interim study be conducted concerning nonresident tuition policies at public postsecondary educational institutions. The study should examine whether nonresident tuition charged to nontraditional students employed full-time in Nebraska with significant Nebraska income tax liability in relation to their income is appropriate, and related issues.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 433. Introduced by Urban Affairs Committee: Hartnett, 45, Chairperson; Abboud, 12; Bromm, 23; Preister, 5; Robinson, 16; Will, 8; and Janssen, 15, Wickersham, 49.

PURPOSE: One of the oldest and most important institutions of local city and village government is the volunteer fire department. For well over a century, groups of local volunteers have provided fire suppression and emergency response services to their local communities at only a fraction of the cost to taxpayers that would have resulted from the need to implement a paid fire department. Many cities and villages could not afford the cost of their current level of service without the presence of a local pool of committed and dedicated volunteers.

During the 1993 interim, the Urban Affairs Committee of the Legislature began a process of reviewing existing statutes governing the organization, operation, and management of volunteer fire department for the purpose of revising and updating them within the context of an organized and coherent series of statutes in a single chapter or area of statutes.

Legislation considered in the 1993 session had shown the need for such a review. Over the course of time, numerous pieces of legislation have been adopted for different purposes and to meet particular problems arising at a given moment without regard to the whole body of statutes governing volunteer departments. This has led to a patchwork of legislation lacking coherency and consistency and has often led to inconsistency. Many statutes are outdated. Solutions adopted for 1930's problems often have little relevancy to the legal and financial difficulties facing volunteer departments in the 1990's.

The purpose of this study will be to continue the process begun with LR 206, Ninety-third Legislature, First Session, 1993, and complete the review and revision of the statutes governing volunteer fire and rescue departments. An attempt will be made to modernize the statutes when appropriate to provide volunteer departments with the authority to continue to serve their communities into the next century and provide them with the financial resources to meet their responsibilities to the general public. Special attention will be given to the problems of volunteer department organization and the legal relationship between a volunteer department and the city, village, or fire protection district which it serves. Problems of the federal and state tax status of volunteer departments and the contributions they receive and purchases they make will be investigated. In addition, the study will focus on the problem of a diminishing pool of willing volunteers and the need to encourage qualified individuals to become and remain volunteers. An attempt will be made to quantify the problem and possible causes and seek to develop solutions which can be addressed by appropriate legislation. Solutions to be studied shall include incentive programs with financial benefits for volunteers during

or after their terms of active service and mechanisms for encouraging employers of volunteers to permit their participation as volunteers.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 434. Introduced by Urban Affairs Committee: Hartnett, 45, Chairperson; Abboud, 12; Bromm, 23; Preister, 5; Robinson, 16; Schimek, 27; Will, 8.

PURPOSE: In keeping with the responsibility of the Urban Affairs Committee of the Legislature to monitor and review the regulation of natural gas service under the provisions of the Municipal Natural Gas Regulation Act, this study would undertake to deal with several aspects of the regulation process which have arisen under various proposals and Legislative initiatives considered by the committee in the past two legislative sessions.

In addition to the annual general review of the operation of the Municipal Natural Gas Regulation Act, the study would focus primarily on, but not be limited to, the following issues:

(a) The first year's experience of natural gas utility reporting under the provisions of LB 508, Ninety-third Legislature, First Session, 1993, which dealt with prohibitions on utility subsidization of related appliance sales and service affiliates and the requirement to report on such activities, with a particular emphasis on the need to make utility reports more comprehensive and meaningful and on the possible need for a statewide oversight body to respond to consumer complaints;

(b) The need for enhanced public notice provisions in the Municipal Natural Gas Regulation Act to insure that the general public is aware of and able to participate meaningfully in the final rate area hearing on new natural gas rates;

(c) The need for an alternative process in the Municipal Natural Gas Regulation Act to provide for appropriate public input into a rate setting proceeding when the municipalities and the utility have reached a compromise agreement on new rates;

(d) The need for some public oversight of the setting of rates being charged by a utility to rural customers residing outside of the boundaries of incorporated municipalities, including customers within the extraterritorial zoning jurisdiction of municipalities;

(e) The current statutes on the granting of municipal franchises to utilities for the provision of natural gas, including the process and the

terms upon which such franchises are granted, reviewed, and renewed. Consideration shall be given to the appropriateness of providing states funds, either by grant or loan, to assist municipalities in the study of franchises prior to granting or renewal, the granting of multiple franchises, and the possible incorporation of franchise authority into the act;

(f) The current provisions on the condemnation of natural gas utilities by municipalities to determine if changes are necessary to provide for greater economy, efficiency, and safety for consumers as well as security, certainty, and stability for natural gas utilities;

(g) The impact of current changes in the natural gas industry caused by federal regulatory changes, most particularly, FERC Order 636, and industry reorganization as they would affect the current regulatory process in Nebraska and the need for any statutory changes to address the new industry situation; and

(h) The appropriate role, if any, for the Public Service Commission in the regulation of natural gas in Nebraska.

The study will actively involve representatives of the natural gas industry, municipalities, and consumer and business advocate groups as well as interested members of the general public.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

LEGISLATIVE RESOLUTION 435. Introduced by Urban Affairs Committee: Hartnett, 45, Chairperson; Abboud, 12; Bromm, 23; Preister, 5; Robinson, 16; Schimek, 27; Will, 8.

PURPOSE: Of the several standing committees, the Urban Affairs Committee of the Legislature has perhaps the broadest and most diverse subject-matter jurisdiction. Bills will quite often arise from specific problems in specific cities or villages in a manner which does not lend itself to early identification or classification as would be the case within the jurisdiction of other committees. More often than not, these issues arise outside of the period of the regular legislative session and to address them adequately and fully in the next session, the Urban Affairs Committee of the Legislature must begin work on them during the interim period.

Recognizing this fact, the Urban Affairs Committee of the Legislature has, in the past five years, undertaken during the interim period a general study aimed at identifying specific problems prior to

the next legislative session to permit more careful review and drafting of proposed legislation before the next legislative session begins when time constraints may make such review impossible.

The purpose of this study will be to continue the process begun by LR 95, Ninety-first Legislature, First Session, 1989, and provide a forum during the interim period for municipalities and citizens to present issues to the committee which could be the subject of future legislation and to solicit the reaction of interested parties to proposals presented to the committee. The subjects available for committee consideration shall extend to any matter relevant to the committee's subject-matter jurisdiction.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

LEGISLATIVE RESOLUTION 479. Introduced by General Affairs Committee: Schellpeper, 18, Chairperson; Elmer, 38; Haberman, 44; Hartnett, 45; Hudkins, 21; Robinson, 16; Will, 8.

PURPOSE: In 1988, the United States Congress passed the Indian Gaming Regulatory Act, which requires an Indian tribe to establish a compact with the state in order to conduct Class III games on tribal lands. Class III games include casino games, slot machines, and electronic and video gaming devices. In the 1993 session the Legislature passed LB 231, which required the Governor to negotiate in good faith with any Indian tribe which seeks a compact to conduct Class III gaming activity on Indian lands. There are a number of concerns which have been raised in response to that process. This study is intended to examine the following issues:

1. The extent that tribal gaming activities can provide economic development on Indian reservations;

2. Tribal sovereignty and the rights of Indian tribes regarding gaming on tribal lands;

3. The economic and social impact of tribal gaming activities on nearby communities;

4. The level of support for tribal gaming in nearby communities;

5. The impact of tribal gaming activities on other forms of gaming currently permitted in the state;

6. Methods by which mutual interests of Nebraska Indian tribes, the state, and nearby communities may be achieved; and

7. Any other issues necessary for a thorough examination of this matter.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the General Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

PURPOSE: There have been a number of reports of unregulated gaming in the State of Nebraska. The types of games involved include games in which animals determine a winner and games in which toys are floated down a stream to determine a winner. There have also been reports of casino nights conducted by charitable organizations, video amusement devices which provide payoffs in cash or other items of value, and various types of sports wagering across the state. This study is intended to examine the extent of unregulated gaming in Nebraska, the extent that such gaming is in violation of current law, and appropriate legislative responses to these issues. This study shall include, but not be limited to, the following:

1. Information provided by the Department of Revenue;
2. Information provided by the Nebraska State Patrol, local law enforcement officials, or other public officials;
3. Reports from members of the public;
4. Whether particular activities are in violation of the law;
5. Whether additional enforcement measures are warranted;
6. Appropriate legislative responses to the issues raised; and
7. Any other matters necessary or appropriate to a thorough examination of these issues.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 482. Introduced by Bromm, 23; Fisher, 35; Wickersham, 49; Bohlke, 33; McKenzie, 34; Avery, 3; Vrtiska, 1; Crosby, 29; Janssen, 15; Jones, 43; Dierks, 40; Coordsen, 32; Hall, 7; Hudkins, 21; Wehrbein, 2.

PURPOSE: The purpose of this study is to create an interim study committee to carry out the following objectives and duties:

(1) To study the tax structure in the State of Nebraska with emphasis on determining inequities of the present tax structure and making recommendations, if any, for proposed changes to the existing method of taxation within the State of Nebraska; and

(2) To evaluate the method of financing the public school system in the State of Nebraska and determine what changes, if any, should be made to achieve equity in providing financial support for educating students throughout the State of Nebraska.

This study is needed because property taxes in Nebraska have increased to the level of creating a heavy financial burden for many property owners; public concern regarding the level of property taxes has manifested itself in various petition drives to eliminate or reduce property taxes for the support of the public school system as well as local government; and the method and equity of financing public schools as well as the ability of districts to financially provide a comparable education throughout the state has been and continues to be of great concern.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a twelve-member committee shall be designated to conduct an interim study to carry out the purposes of this resolution. The committee shall be appointed by the Executive Board of the Legislative Council and shall be comprised of four senators primarily from urban areas of the State of Nebraska, four senators primarily from rural areas, and four individuals with interest and expertise in taxation and school finance.

2. That the committee shall upon the conclusion of its study make a report of its findings to the Legislative Council or Legislature on or before January 4, 1995, together with recommendations for legislative changes to implement the findings of the committee.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 483. Introduced by McKenzie, 34.

PURPOSE: To examine the need for continued or additional funding to carry out the responsibilities under the Ethanol Development Act. Referred to the Executive Board.

LEGISLATIVE RESOLUTION 484. Introduced by McKenzie, 34.

PURPOSE: The purpose of this resolution is to study the feasibility and options for providing elementary planning time. The expanded role of the elementary educator includes, but is not limited to, planning whole school curriculum, involvement in collaborative support and professional growth, and involvement in school improvement and restructuring efforts. The needs of students, along with learning skills for a changing curriculum, require active participation by educators to increase student performance. The expanded role of the elementary educator, along with the day-to-day duties of classroom maintenance, lesson planning, and conferencing has led to increased intensification of work. There is a need to study options for the use of elementary educator time to increase student and school performance.

The goals of the study are to:

(1) Develop a common understanding of the definition of plan time;

(2) Develop options for the use of plan time for short-term and long-term teaching objectives and their impact on student performance;

(3) Develop options for the use of plan time as it relates to staff development, school restructuring, and the school day and school year;

(5) Review the costs of plan time; and

(6) Review the equity issues relative to plan time available to educators of different instructional levels, different school district sizes, and different geographical areas.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

66-1518. (1) The Environmental Quality Council shall adopt and promulgate rules and regulations regarding the form and procedure for applications for payment or reimbursement from the fund, procedures for investigation of claims for payment or reimbursement, procedures for determining the amount and type of costs that are eligible for payment or reimbursement from the fund, procedures for auditing persons who have received payments from the fund, and other provisions necessary to carry out the Petroleum Release Remedial Action Act.

(2) The department shall make available to the public a current schedule of reasonable rates for equipment, services, material, and personnel commonly used for remedial action. The department shall apply the schedule of reasonable rates in reviewing all costs for the remedial action which are submitted in a plan. The rates shall be used to determine the amount of reimbursement for the eligible and reasonable costs of the remedial action, except that the reimbursement for the costs of the remedial action shall not exceed the actual eligible and reasonable costs incurred by the responsible person or his or her designated representative.

(3) The department, in consultation with interested parties, shall report to the Legislature at the beginning of every third year during which the fund is in existence on the availability of private insurance to insure the damages for which payment may be made from the fund.

Sec. 2. That section 66-1525, Revised Statutes Supplement, 1993, be amended to read as follows:

66-1525. (1) Any responsible person or his or her designated representative who has taken remedial action in response to a release first reported after July 17, 1983, and on or before December 31, 1998, or against whom there is a third-party claim may apply to the department under the rules and regulations adopted and promulgated pursuant to section 66-1518 for reimbursement for the costs of the remedial action or third-party claim. Such partial payment may include the eligible and reasonable costs of such plan or pilot projects conducted during the remedial action.

(2) No reimbursement may be made unless the department makes the following eligibility determinations:

(a) The tank was in substantial compliance with any rules and regulations of the United States Environmental Protection Agency, the State Fire Marshal, and the department which were applicable to the tank. Substantial compliance shall be determined by the department taking into consideration the purposes of the Petroleum Release Remedial Action Act and the adverse effect that any violation of the rules and regulations may have had on the tank thereby causing or contributing to the release and the extent of the remedial action thereby required;

ATTORNEY GENERAL'S OPINION

Opinion No. 94025

DATE: March 31, 1994

SUBJECT: Firearms

REQUESTED BY: Senator Stan Schellpeper

WRITTEN BY: Don Stenberg, Attorney General
William L. Howland, Assistant Attorney General

Pursuant to a letter dated March 29, 1994, you have requested an opinion as to whether amendment AM4092 to LB 988 would resolve the conflict presented by the language in the earlier amendment AM5659 which we reviewed in our opinion dated March 23, 1994.

As we understand your request, it is your intent that the possession of short-barrelled hand firearms by juveniles will still be permitted as currently authorized under subsection 2 of Neb. Rev. Stat. § 28-1204.

Amendment 5659, which we reviewed in our letter dated March 23, makes illegal any transfer of a firearm under section 4(1) of that amendment. Subsection 2 of section 4 of that amendment, however, authorizes the transfer of long guns under permitted situations as set out in subparagraphs a, b and c. The problem we identified in AM5659 was that subsection 3 of section 4 of that amendment appeared to conflict with the current provisions of subsection 2 of Neb. Rev. Stat. § 28-1204.

The new language which you have submitted contemporaneous with your request dated March 29, 1994, contained in AM4092 now recognizes the permitted possession authorized under § 28-1204(2). It would be our opinion, based on the language we have examined, that both long guns as well as short-barrelled hand firearms may be in the custody of a juvenile under those conditions spelled out in the respective sections.

Sincerely,
DON STENBERG
Attorney General

AM4330

(Amendments to Final Reading copy)

1. Strike the original sections and insert the following new sections:

"Section 1. That section 29-2204, Revised Statutes Supplement, 1993, be amended to read as follows:

29-2204. (1) Except as provided in subsection (4) of this section and except when a term of life is required by law, in imposing an indeterminate sentence upon an offender, the court shall:

(a) Fix the minimum and maximum limits of the sentence to be served within the limits provided by law, except that when a maximum limit of life is imposed by the court for a Class IB felony, the minimum limit may be any term of years not less than the statutory mandatory minimum and not more than one-half of the statutory maximum term and the maximum limit shall not be greater than the maximum provided by law;

(b) Advise the offender on the record the time the offender will serve on his or her minimum term before attaining parole eligibility assuming that no good time for which the offender will be eligible is lost; and

(c) Advise the offender on the record the time the offender will serve on his or her maximum term before attaining mandatory release assuming that no good time for which the offender will be eligible is lost.

If any discrepancy exists between the statement of the minimum limit of the sentence and the statement of parole eligibility or between the statement of the maximum limit of the sentence and the statement of mandatory release, the statements of the minimum limit and the maximum limit shall control the calculation of the offender's term. If the court imposes more than one sentence upon an offender or imposes a sentence upon an offender who is at that time serving another sentence, the court shall state whether the sentences are to be concurrent or consecutive.

(2)(a) When the court is of the opinion that imprisonment may be appropriate but desires more detailed information as a basis for determining the sentence to be imposed than has been provided by the presentence report required by section 29-2261, the court shall commit an offender to the Department of Correctional Services for a period not exceeding ninety days. The department shall conduct a complete study of the offender during that time, inquiring into such matters as his or her previous delinquency or criminal experience, social background, capabilities, and mental, emotional, and physical health and the rehabilitative resources or programs which may be available to suit his or her needs. By the expiration of the period of commitment or by the expiration of such additional time as the court shall grant, not exceeding a further period of ninety days, the offender shall be returned to the court for sentencing and the court shall be provided with a written report of the results of the study, including whatever recommendations the department believes will be helpful to a proper resolution of the case. After receiving the report and the recommendations, the court shall proceed to sentence the offender in accordance with subsection (1) of this section. The term of the sentence shall run from the date of original commitment under this subsection.

(b) In order to encourage the use of this procedure in appropriate cases, all costs incurred during the period the defendant is held in a state institution under this subsection shall be a responsibility of the state and the county shall be liable only for the cost of delivering the defendant to the institution and the cost of returning him or her to the appropriate court for sentencing or such other disposition as the court may then deem appropriate.

(3)(a) Commencing July 1, 1996, when the court is of the opinion that imprisonment may be appropriate, but that a brief and intensive period of incarceration may serve the interests of society by promoting the rehabilitation of the offender and by deterring the offender from engaging in further criminal activity, the court may commit an offender to the Department of Correctional Services for a period not

exceeding one hundred eighty days for placement in a regimented inmate discipline unit followed by one year of intense parole supervision. The court may consider such commitment if the offender (i) has been found guilty of a nonviolent crime, (ii) is seventeen years of age or older but younger than twenty-five years and has no physical or mental handicap that precludes strenuous physical activity, and (iii) has never before been sentenced to a period of incarceration for a felony offense in this or any other state or federal jurisdiction.

(b) Upon successful completion of the term of commitment, the offender shall be placed under the jurisdiction of the Board of Parole for a period of one year. All provisions of Chapter 83, article 1, relating to parole, except eligibility for parole, shall apply to the offender. If the parole of the offender is revoked, the offender shall be returned to the sentencing court for resentencing on the original conviction.

(c) If the offender for any reason fails to complete the program of regimented inmate discipline, the offender shall immediately be returned to the sentencing court for resentencing on the original conviction. Credit shall be given for time actually served in the program.

(d) All costs incurred during the period the offender is held in a regimented inmate discipline unit shall be the responsibility of the state, and the county shall be liable only for the cost of returning him or her to the appropriate court for resentencing or such other disposition as the court may then deem appropriate.

(4) Whenever the defendant was under eighteen years of age at the time he or she committed the crime for which he or she was convicted, the court may in its discretion, instead of imposing the penalty provided for the crime, make such disposition of the defendant as the court deems proper under the Nebraska Juvenile Code.

Sec. 2. That original section 29-2204, Revised Statutes Supplement, 1993, is repealed.".

2. On page 1, strike beginning with "courts" in line 1 through line 6 and insert "criminal sentencing; to amend section 29-2204, Revised Statutes Supplement, 1993; to change provisions relating to minimum sentences; and to repeal the original section.".

(b) Advise the offender on the record the time the offender will serve on his or her minimum term before attaining parole eligibility assuming that no good time for which the offender will be eligible is lost; and

(c) Advise the offender on the record the time the offender will serve on his or her maximum term before attaining mandatory release assuming that no good time for which the offender will be eligible is lost.

If any discrepancy exists between the statement of the minimum limit of the sentence and the statement of parole eligibility or between the statement of the maximum limit of the sentence and the statement of mandatory release, the statements of the minimum limit and the maximum limit shall control the calculation of the offender's term. If the court imposes more than one sentence upon an offender or imposes a sentence upon an offender who is at that time serving another sentence, the court shall state whether the sentences are to be concurrent or consecutive.

(2)(a) When the court is of the opinion that imprisonment may be appropriate but desires more detailed information as a basis for determining the sentence to be imposed than has been provided by the presentence report required by section 29-2261, the court shall commit an offender to the Department of Correctional Services for a period not exceeding ninety days. The department shall conduct a complete study of the offender during that time, inquiring into such matters as his or her previous delinquency or criminal experience, social background, capabilities, and mental, emotional, and physical health and the rehabilitative resources or programs which may be available to suit his or her needs. By the expiration of the period of commitment or by the expiration of such additional time as the court shall

grant, not exceeding a further period of ninety days, the offender shall be returned to the court for sentencing and the court shall be provided with a written report of the results of the study, including whatever recommendations the department believes will be helpful to a proper resolution of the case. After receiving the report and the recommendations, the court shall proceed to sentence the offender in accordance with subsection (1) of this section. The term of the sentence shall run from the date of original commitment under this subsection.

(b) In order to encourage the use of this procedure in appropriate cases, all costs incurred during the period the defendant is held in a state institution under this subsection shall be a responsibility of the state and the county shall be liable only for the cost of delivering the defendant to the institution and the cost of returning him or her to the appropriate court for sentencing or such other disposition as the court may then deem appropriate.

(3)(a) Commencing July 1, 1996, when the court is of the opinion that imprisonment may be appropriate, but that a brief and intensive period of incarceration may serve the interests of society by promoting the rehabilitation of the offender and by deterring the offender from engaging in further criminal activity, the court may commit an offender to the Department of Correctional Services for a period not exceeding one hundred eighty days for placement in a regimented inmate discipline unit followed by one year of intense parole supervision. The court may consider such commitment if the offender (i) has been found guilty of a nonviolent crime, (ii) is seventeen years of age or older but younger than twenty-five years and has no physical or mental handicap that precludes strenuous physical activity, and (iii) has never before been sentenced to a period of incarceration for a felony offense in this or any other state or federal jurisdiction.

(b) Upon successful completion of the term of commitment, the offender shall be placed under the jurisdiction of the Board of Parole for a period of one year. All provisions of Chapter 83, article 1, relating to parole, except eligibility for parole, shall apply to the offender. If the parole of the offender is revoked, the offender shall be returned to the sentencing court for resentencing on the original conviction.

(c) If the offender for any reason fails to complete the program of regimented inmate discipline, the offender shall immediately be returned to the sentencing court for resentencing on the original conviction. Credit shall be given for time actually served in the program.

(d) All costs incurred during the period the

offender is held in a regimented inmate discipline unit shall be the responsibility of the state, and the county shall be liable only for the cost of returning him or her to the appropriate court for resentencing or such other disposition as the court may then deem appropriate.

(4) Whenever the defendant was under eighteen years of age at the time he or she committed the crime for which he or she was convicted, the court may in its discretion, instead of imposing the penalty provided for the crime, make such disposition of the defendant as the court deems proper under the Nebraska Juvenile Code.

Sec. 2. That original section 29-2204, Revised Statutes Supplement, 1993, is repealed.

Sec. 3. Since an emergency exists, this act shall be in full force and take effect, from and after its passage and approval, according to law.".

2. On page 1, strike beginning with "courts" in line 1 through line 6 and insert "criminal sentencing; to amend section 29-2204, Revised Statutes Supplement, 1993; to change provisions relating to minimum sentences; and to repeal the original section; and to declare an emergency.".

81-15,113.01. (1) There is hereby created the Community Improvements Cash Fund which shall be under the direction of the department. The Central Interstate Low-Level Radioactive Waste Compact Commission shall annually through ~~1993~~ 1994 remit to the department the funds received from the states belonging to the Central Interstate Low-Level Radioactive Waste Compact as compensation paid to the host

(c) Once the facility is operational and during the operational life of the facility, the total amount in the fund shall be allocated each year for public purposes as provided in subsection (3) of this section.

(3) Money distributed pursuant to subdivisions (2)(a), (b), and (c) of this section shall be allocated as follows:

77-2753. (1) Every employer and payor maintaining an office or transacting business within this state and making payment of any wages or other payments as defined in subsection (5) of this section which are taxable under the Nebraska Revenue Act of 1967 to any individual shall deduct and withhold from such wages for each payroll period and from such payments a tax computed in such manner as to result, so far as practicable, in withholding from the employee's wages and payments to the payee during each calendar year an amount substantially equivalent to the tax reasonably estimated to be due from the employee or payee under such act with respect to the amount of such wages and payments included in his or her taxable income during the calendar year. The method of determining the amount to be withheld shall be prescribed by rules and regulations of the Tax Commissioner. Such rules and regulations may allow withholding to be computed at a percentage of the federal withholding for gambling winnings or supplemental payments, including bonuses, commissions,

overtime pay, and sales awards which are not paid at the same time as other wages. Any withholding tables prescribed by the Tax Commissioner shall be provided to the budget division of the Department of Administrative Services and the Legislative Fiscal Analyst for review at least sixty days before the tables become effective.

(2)(a) Every payor who is either (i) making a payment or payments in excess of five thousand dollars or (ii) maintaining an office or transacting business within this state and making a payment or payments related to such business in excess of six hundred dollars, and such payment or payments are for personal services performed or to be performed substantially within this state, to a nonresident individual, other than an employee, who is not subject to withholding on such payment under the Internal Revenue Code or a corporation, partnership, or limited liability company described in subdivision (c) of this subsection, shall be deemed an employer, and the individual performing the personal services shall be deemed an employee for the purposes of this section. The payor shall deduct and withhold from such payments the percentage of such payments prescribed in subdivision (b) of this subsection. If the individual performing the personal services provides the payor with a statement of the expenses reasonably related to the personal services, the total payment or payments may be reduced by the total expenses before computing the amount to deduct and withhold, except that such reduction shall not be more than fifty percent of such payment or payments.

(b) For any payment or payments for the same service, award, or purse that totals less than twenty-eight thousand dollars, the percentage deducted from such payment or payments pursuant to this subsection shall be four percent, and for all other payments, the percentage shall be six percent.

(c) For any corporation, partnership, or limited liability company that receives compensation for personal services in this state and of which all or substantially all of the shareholders, partners, or members are the individuals performing the personal services, including, but not limited to, individual athletes, entertainers, performers, or public speakers performing such personal services, such compensation shall be deemed wages of the individuals performing the personal services and subject to the income tax imposed on individuals by the Nebraska Revenue Act of 1967.

(d) The withholding required by this subsection shall not apply to any payment to a nonresident alien, corporation, partnership, or limited liability company if such individual, shareholder, partner, or member provides the payor with a statement that the income earned is not subject to tax

because of a treaty obligation of the United States.

(3) The Tax Commissioner may enter into agreements with the tax departments of other states, which require income tax to be withheld from the payment of wages, salaries, and such other payments, so as to govern the amounts to be withheld from the wages and salaries of and other payments to residents of such states. Such agreements may provide for recognition of anticipated tax credits in determining the amounts to be withheld and, under rules and regulations adopted and promulgated by the Tax Commissioner, may relieve employers and payors in this state from withholding income tax on wages, salaries, and such other payments paid to nonresident employees and payees. The agreements authorized by this subsection shall be subject to the condition that the tax department of such other states grant similar treatment to residents of this state.

(4) The Tax Commissioner shall enter into an agreement with the United States Office of Personnel Management for the withholding of income tax imposed on individuals by the Nebraska Revenue Act of 1967 on civil service annuity payments for those recipients who voluntarily request withholding. The agreement shall be pursuant to 5 U.S.C. 8345 and the rules and regulations adopted and promulgated by the Tax Commissioner.

(5) Wages and other payments subject to withholding shall mean payments that are subject to withholding under the Internal Revenue Code of 1986 and are (a) payments made by employers to employees, except such payments subject to 26 U.S.C. 3405 or 3406, (b) payments of gambling winnings, or (c) pension or annuity payments when the recipient has requested the payor to withhold from such payments.".

ATTORNEY GENERAL'S OPINION

Opinion No. 94026

DATE: April 6, 1994

SUBJECT: LB 718; Constitutionality of Legislation Which Would Require Equal Benefit Reimbursement for Prescription Drugs Sold by Both Mail-Order Pharmacies and Other Pharmacies

REQUESTED BY: Senator Tim Hall
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Dale A. Comer, Assistant Attorney General

LB 718 deals with the benefits paid under health insurance or medical benefit contracts for prescription drugs sold by mail-order pharmacies and other pharmacies. The portion of the bill pertinent to your inquiry provides:

> A medical benefit contract, including any contract by a health maintenance organization or a preferred provider organization, which provides reimbursement for prescription drugs and other pharmacy services shall not impose upon any person who is a party to or beneficiary of the contract a fee or copayment not equally imposed upon any party or beneficiary utilizing a mail-order pharmacy, and no such contract shall provide differences in coverage or impose any

different conditions upon any person who is a party to or a beneficiary of the contract not equally imposed upon any party or beneficiary utilizing a mail-order pharmacy.

You have asked whether "LB 718 discriminates against interstate commerce in violation of the Commerce Clause" of the United States Constitution.

Neb. Rev. Stat. § 44-513.02 (Cum. Supp. 1992) currently provides that medical benefit contracts which include reimbursement for prescription drugs cannot require a person to obtain prescription drugs from a mail-order pharmacy as a condition to obtaining reimbursement for such drugs. Nonetheless, some health insurance companies and other entities providing health care benefits have apparently created circumstances surrounding their payment for prescription drug benefits which tend to favor mail-order pharmacies. For example, under some benefit plans, persons purchasing prescription drugs from a local pharmacy pay a particular copayment amount, while the same drug purchase from a mail-order pharmacy involves a smaller copayment on the part of the purchaser. Alternatively, purchasers of prescription drugs receive larger percentage discounts on drug purchases under some benefit plans if they purchase those drugs from a mail-order pharmacy. In many cases, these special payment plans are apparently the result of contractual arrangements between the companies providing health care benefits and the mail-order pharmacies. LB 718 would prohibit these special purchase prices, and require that all pharmacies be subject to the same copayment or other reimbursement arrangements. You are concerned that the potential impact of this provision on interstate commerce would violate the Commerce Clause.

Op. Att'y Gen. No. 93029 (April 19, 1993) contains an extensive discussion of the requirements of the Commerce Clause of the United States Constitution, and we will not repeat that discussion here except to note that the United States Supreme Court has defined the Commerce Clause restraints applicable to state regulation using a two-tiered approach: (1) a per se rule of invalidity, and (2) a balancing approach. Brown-Forman Distillers Corp. v. New York State Liquor, 476 U.S. 573 (1986). When a state statute directly regulates or discriminates against interstate commerce, or when its effect is to favor in-state economic interests over out-of-state interests, the Supreme Court has generally struck down the statute without further inquiry. Id. In essence, this is a virtual per se rule of invalidity applicable to state laws which involve discriminatory economic protectionism. Oregon Waste Systems,Inc. v. Department of Environmental Quality of the State of Oregon, Nos. 93-70 and 93-108 (U.S. April 4, 1994). On the other hand, when a state statute has only indirect effects on interstate commerce and regulates evenhandedly, the Supreme Court has examined whether the State's interest is legitimate and whether the burden on interstate commerce clearly exceeds the local benefits to the state. Brown-Forman Distillers Corp v. New york State Liquor, supra. This test involves a lesser degree of scrutiny than the per se test. The Supreme Court has also recognized that there is no clear line

separating the per se category of restraints from those involving the balancing regimen. Id. In either case, the critical consideration is the overall effect of the state statute on both local and interstate activity. Id.

In the present instance, we do not believe that LB 718 involves direct regulation of or direct discrimination against interstate commerce. This is not a situation, for example, where the state would place direct licensing requirements or direct fee requirements on out-of-state businesses which were inapplicable to in-state businesses. Nor does this situation, on the face of the bill, involve an instance where out-of-state businesses are denied opportunities granted to in-state entities purely on the basis of their location. In fact, the basic distinction drawn by LB 718 is not between interstate versus intrastate commerce. Instead, the distinction is between mail-order pharmacies versus other pharmacies. In that regard, there could be mail order pharmacies which are located in Nebraska which might be adversely impacted by this bill. Conversely, there are certainly local pharmacies in Nebraska operated by large corporations extensively involved in interstate commerce which are not mail-order operations and which might be benefited by this bill. As a result, we also do not believe that the effect of this bill is necessarily to favor in-state economic interests over out-of-state interests.

On this basis, it appears to us that LB 718 is not subject to the per se rule of invalidity discussed above. Rather, it must be tested under the less rigorous balancing approach created by the Supreme Court.

The test for the balancing approach created by the Supreme Court is set out in Pike v. Bruce Church, 397 U.S. 137, (1970):

> Where the statute regulates evenhandedly to effectuate a legitimate local public interest, and its effects on interstate commerce are only incidental, it will be upheld unless the burden imposed on such commerce is clearly excessive in relation to the putative local benefits. If a legitimate local purpose is found, then the question becomes one of degree. The extent of the burden that will be tolerated will of course depend on the nature of the local interest involved, and on whether it could be promoted as well with a lesser impact on interstate activities.

Id. at 142.

There are certainly economic interests underlying LB 718, and the bill is obviously intended, in part, to place local pharmacies in even competition with mail-order pharmacies. However, proponents of the bill have also outlined other public policies underlying the provisions of the bill. See Committee Records on LB 718, 93rd Neb. Leg., 1st Sess. 12-15 (March 16, 1993). For example, local pharmacies can provide important counseling services for consumers of prescription drugs which may not be available to the same degree from mail-order pharmacies. In addition, local pharmacies may be better able to monitor all the prescriptions of a particular individual for improper drug interactions than are mail-order pharmacies which might see only a portion of the individual's drug usage. These public policies support the

state's interest in encouraging the use of local pharmacies through legislation which would require local pharmacies and mail-order pharmacies to compete at the same level. These public policies also create at least some legitimate local purpose in the context of the Bruce Church test.

We also believe that it could be argued that LB 718 would regulate pharmacies evenhandedly in that it would create no pricing advantage for local pharmacies, but simply require that they be treated the same as mail-order pharmacies. Moreover, the effect of the bill on interstate commerce would be incidental since, as noted above, the focus of the bill is really on the local versus mail-order distinction rather than on the intrastate versus interstate aspects of the drug sale. Finally, there does not appear to be any other immediate way to promote the same public policy concerns with legislation which has less impact on interstate commerce.

Since there appears to be some legitimate public purpose for LB 718 apart from simple economic concerns, and since the bill appears to be evenhanded and of only incidental effect on interstate commerce, we do not believe that the bill is clearly unconstitutional under the Commerce Clause to the United States Constitution.

Sincerely yours,
DON STENBERG

RESOLUTION

LEGISLATIVE RESOLUTION 502. Introduced by Wesely, 26.

WHEREAS, all Nebraskans have a right to quality health care at a cost they or society can afford. Government, health care providers, insurers, businesses, and consumers must work together to accomplish this goal. A partnership between government and the private sector may ultimately provide the most favorable solution to developing quality health care services at a cost that is affordable to all of our citizens; and

WHEREAS, the following principles should guide state policy for health care:

1. All Nebraskans have a right to geographical, cultural, and financial access to a basic package of health care services. Defining basic health care services should be accomplished by society with the assistance of experts in the field.

2. Mechanisms should be developed to assure that all Nebraskans receive quality health care services.

3. The financial, political, and social incentives driving our health care system must be adjusted to assure that they promote cost-effective behavior for both consumers and providers. It is important to develop innovative approaches and incentives to encourage affordable and efficient health care services.

Costs should also be controlled by enhancing administrative efficiency (e.g., reducing paperwork, fraud, abuse, and unnecessary regulations) and preventing the unnecessary duplication of services, equipment, and facilities. Improved planning and data collection are needed to better assess health care needs and costs.

4. Promoting access to basic health is a shared responsibility of individuals, society, providers, payers, and government. Those health

promotion activities, clinical preventive services, and community-based preventive programs of proven benefit should be encouraged.

a. Individuals must be responsible for leading healthy lifestyles. To protect individual dignity, everyone who can, should pay for some of the cost of his or her own care.

b. Society should promote improved consumer education so that Nebraskans can become more proactively involved in both prevention and wellness-focused lifestyles, as well as become better-informed health care purchasers. Society should develop mechanisms to understand the ethical, economical, and rationing issues necessary to determine how medical services and procedures will be allocated.

c. Professional and institutional providers, both individually and collectively, must deliver high-quality and humane care to all Nebraskans. They should develop practice guidelines and outcome data that encourage the appropriate use of health care resources. Providers must develop practice guidelines which encourage necessary and preventive services and eliminate unnecessary services. Providers must assume a key role in the development of a comprehensive delivery system which supports access, quality, and cost containment. Charges for services rendered should be fair and reasonable.

d. Payers, working with government, have responsibility for designing systems that provide coverage for a basic package of health care services for all Nebraskans, regardless of condition of health, state of employment, or ability to pay. They should create mechanisms to pay for care with a minimum of administrative cost, uncertainty, confusion, bureaucracy, and paperwork.

e. Working with providers, consumers, and payers, government has a responsibility for developing incentives and creating an affordable system of universal access to basic health care for all Nebraskans. Government also has special responsibilities to provide public health services, educate the public on health matters, and address the social conditions that cause illness and drive up health care costs such as poverty, malnutrition, inadequate housing, and violence.

f. Nebraska institutions of higher education, public and independent, that conduct health professions education programs should strive to meet the needs of our citizens for health care professions. Those institutions that engage in biomedical and health care research are also responsible for contributing to improvements in quality and delivery of health care in Nebraska.

5. Individuals and families should have a basic health plan that is portable and affordable and the freedom to choose additional health insurance based upon their financial capability. A continuity of care concept by linking patients with a specific health care practitioner (physician, physician assistant, or nurse practitioner, as applicable) who assists in the coordination of the patient's care should be promoted.

6. Delivery and financing arrangements must promote development and dissemination for more effective and efficient methods for treatment and prevention. Methods to deliver health care services must be responsive to Nebraska's diversity and build on the strengths of the

current Nebraska health care system. There must be local involvement in the planning, development, and design of the health care delivery system in cooperation with state and federal efforts. This process must include representatives from all major sectors of the community, including both public and private entities.

7. Health care financing must be reorganized to prevent cost shifting. Health care services should be financed through a public and private pluralistic system. The system should provide incentives to consumers to use appropriate health care services and to providers to assure value for the price of services rendered.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Legislature affirms the principles set forth in this resolution as sound and will use the principles as a guide for health care policy in Nebraska.

2. That the Legislature commends the work of the Blue Ribbon Coalition and the Interagency Health Care Advisory Committee for their work in developing the principles and for their time and efforts helping to address health care issues and the Legislature supports the coalition's and committee's continued work in the development of health care coordination and policy for the future.

Laid over.

25-224. (1) All product liability actions as defined in section 25-21,180, except one governed by subsection (5) of this section, shall be commenced within four years next after the date on which the death, injury, or damage complained of occurs.

(2) Notwithstanding subsection (1) of this section or any other statutory provision to the contrary, any product liability action, except one governed by section 2-725, Uniform Commercial Code or by subsection (5) of this section, shall be commenced within ~~ten~~ twenty years after the date when the product which allegedly caused the personal injury, death, or damage was first sold or leased for use or consumption.

The time limitation in this subsection shall not apply (a) if the manufacturer intentionally misrepresented or concealed any known defect which is a proximate cause of the injury or death or (b) if the product liability action involves the manufacture, construction, design, or assembly of medical implants, prosthetics, appliances, or other devices surgically placed on or within the human body.

MESSAGE FROM THE GOVERNOR

April 7, 1994

Madam President, Mr. Speaker,
and Members of the Legislature
State Capitol
Lincoln, NE 68509

Dear Madam President and Senators:

Today I signed and delivered to the Secretary of State LB 1287 and LB 1287A. The bills amend the State Patrol Retirement System statute by increasing, effective July 1, 1995, both the employee and employer contribution rates from 8 percent of compensation to 10 percent, and provide an additional General Fund appropriation of $276,900. Without these changes a much larger contribution would be required from the State General Fund to meet the future liabilities of the Plan.

In fully supporting this responsible action, I also want to join the Retirement Committee and the sponsors of this legislation in recognizing that the long-term costs of the State Patrol Retirement System for future members need further review, and I pledge to work with you in that regard.

Sincerely,
(Signed) E. Benjamin Nelson
Governor

Wagers placed through licensed teleracing facilities or by approved telephonic wagering as authorized by sections 2-1230 to 2-1242 shall be deemed to be wagers placed and accepted within the enclosure of any racetrack. Under such system, the licensee may receive wagers of money from any person present at such race or racetrack receiving the simulcast race or conducting interstate simulcasting or placed through a licensed teleracing facility or by approved telephonic wagering by any person who may legally wager on any horse in a race selected by such person to run first in such race, and the person so wagering shall acquire an interest in the total money so wagered on all horses in such race as first winners in proportion to the amount of money wagered by him or her. Such licensee shall issue to each person so wagering a certificate on which shall be shown the number of the race, the amount wagered, and the number or name of the horse selected by such person as first winner. As each race is run, at the option of the licensee, the licensee may deduct from the total sum wagered on all horses as first winners not less than fifteen percent or more than eighteen percent from such total sum, plus the odd cents of the redistribution over the next lower multiple of ten. The licensee shall also deduct from the total sum wagered by exotic wagers, if any, the tax plus the odd cents of the redistribution over the next multiple of ten. ~~as provided in subsection (1) of section 2-1208.04.~~ The balance remaining on hand shall be paid out to the holders of certificates on the winning horse in the proportion that the

amount wagered by each certificate holder bears to the total amount wagered on all horses in such race to run first. The licensee may likewise receive such wagers on horses selected to run second, third, or both, or in such combinations as the commission may authorize, the method, procedure, and authority and right of the licensee, as well as the deduction allowed to the licensee, to be as specified with respect to wagers upon horses selected to run first.

(2) At all race meets held pursuant to this section, the licensee shall deduct from the total sum wagered one-third of the amount over fifteen percent deducted pursuant to subsection (1) of this section on wagers on horses selected to run first, second, or third and one percent of all exotic wagers to be used to promote agriculture and horse breeding in Nebraska and for the support and preservation of horseracing pursuant to section 2-1207.01.

Any person, association, or corporation who knowingly aids or abets a minor in making a parimutuel wager shall be guilty of a Class IV misdemeanor.

"Sec. 10. The Legislature finds and declares that while the welfare system must be reformed to more adequately support, stabilize, and enhance individual and family life in Nebraska, it is necessary to determine the potential impact of certain proposed eligibility rules and public assistance changes to the welfare system on recipient children, recipient families, state agencies, counties, private social services providers, the foster care system, school districts, local communities, and other public and private organizations prior to the implementation of such reform. The Governor shall establish the Welfare Reform Act Impact Study Committee composed of representatives of the Department of Social Services, State Department of Education, Department on Aging, Department of Labor, Department of Public Institutions, Office of Probation Administration, Department of Correctional Services, Department of Economic Development, Department of

The study shall include, but not be limited to, the fiscal impact on the State of Nebraska, county governments, and municipalities, the potential caseload increase on private social services providers, and the potential for any increased burden on and reliance upon the foster care system. Sec. 2. For purposes of the Remedial Action Plan Monitoring Act, the following definitions shall apply:

(1) Land pollution shall mean the presence upon or within the land resources of the state of one or more contaminants or combinations of contaminants, including, but not limited to, refuse, garbage, rubbish, or junk, in such quantities and of such quality as will or are likely to (a) create a nuisance, (b) be harmful, detrimental, or injurious to public health, safety, or welfare, (c) be injurious to plant and animal life and property, or (d) be detrimental to

the economic and social development, the scenic beauty, or the enjoyment of the natural attractions of the state; and

(2) Water pollution shall mean the manmade or man-induced alteration of the chemical, physical, biological, or radiological integrity of water.

Sec. 3. There is hereby created the Remedial Action Plan Monitoring Fund which shall be administered by the Department of Environmental Quality. The fund shall be used by the department to:

(1) Receive funds voluntarily paid by public and private entities to finance department administration and oversight of remedial action plans for land pollution or water pollution;

(2) Provide funds for the department to offset expenses incurred in monitoring remedial action plans for land pollution or water pollution as voluntarily submitted by public and private entities; and

(3) Receive a one-time General Fund appropriation in an amount not to exceed one hundred thousand dollars for costs associated with the implementation of the Remedial Action Plan Monitoring Act.

Any money in the fund available for investment shall be invested by the state investment officer pursuant to sections 72-1237 to 72-1276.

Sec. 4. Any entity which voluntarily chooses to make application for monitoring of remedial action plans for land pollution or water pollution shall:

(1) Submit a remedial action plan on a form approved by the Department of Environmental Quality which conforms with procedures approved by the department;

(2) Provide the department with documentation regarding the land pollution or water pollution site, including, when appropriate, information indicating that the applicant holds or can acquire title to all lands or has the necessary easements and rights-of-way for the project and related lands;

(3) Provide a plan for the proposed project, including project monitoring reports, appropriate engineering, scientific, and financial feasibility data, and other data and information as may be required by the department;

(4) Provide a payment plan and schedule for the reimbursement of all department expenses related to monitoring the progress of the remedial action plan, including expenses to review and evaluate the proposed plan;

(5) Demonstrate that the remedial action plan conforms with federal Environmental Protection Agency standards. However, nothing in this subdivision shall be construed to require that the department make any determination that such plan conforms with such standards; and

(6) Provide the department with an application fee of five thousand dollars and a participation fee of five thousand dollars. The application fee shall be used by the department to offset the expenses referred to in subdivision (4) of this section. The participation fee shall be used by the department to reimburse the General Fund as such fund is impacted by activities conducted pursuant to the Remedial Action Plan Monitoring Act.

Sec. 5. Upon the receipt of a voluntary application for the monitoring of a remedial action plan for land pollution or water pollution pursuant to section 4 of this act, the Department of Environmental Quality shall evaluate and investigate all aspects of the proposed project, the proposed schedule for completion, and the proposed reimbursement schedule and shall determine if the remedial action plan is eligible for department monitoring. If the department determines that an application is unsatisfactory or does not contain adequate information, the department shall return the application to the applicant and may make recommendations to the applicant which the department considers necessary to make the plan, the reimbursement schedule, or the application satisfactory. If the department approves the application, the department shall execute an agreement with the applicant for department monitoring and payments by the applicant.

Sec. 6. If the provisions set forth in the Remedial Action Plan Monitoring Act are met and the applicant has remitted all applicable fees, the Department of Environmental Quality may issue to the applicant a letter stating that no further action need be taken at the site related to any contamination for which remedial action has been taken in accordance with the approved remedial action plan. Such letter shall provide that the department may require the person to conduct additional remedial action in the event that any monitoring conducted at or near the real property or other circumstances indicate that (1) contamination is reoccurring, (2) additional contamination is present which was not identified pursuant to section 4 or 5 of this act, or (3) additional contamination is present for which remedial action was not taken according to the remedial action plan.

Sec. 7. The Remedial Action Plan Monitoring Act shall not be construed as an acceptance of liability by the State of Nebraska for activities conducted pursuant to such sections. Entities proceeding under such sections shall indemnify and hold harmless the State of Nebraska for any further action required by the federal Environmental Protection Agency relating to land pollution or water pollution by an entity.

Sec. 8. The powers conferred by the Remedial Action

Plan Monitoring Act shall be independent of and in addition and supplemental to any other provisions of the laws of the State of Nebraska with reference to the matters covered hereby, and the act shall be considered as a complete and independent act and not as amendatory of or limited by any other provision of the laws of the State of Nebraska.

(c) Once the facility is operational and during the operational life of the facility, the total amount in the fund shall be allocated each year for public purposes as provided

in subsection (3) of this section.

(3) Money distributed pursuant to subdivisions (2)(a), (b), and (c) of this section shall be allocated as follows:

(b) Fifty percent of such money shall be distributed to the county treasurer of the county where the facility is located or proposed to be located to be distributed to each political subdivision which levied property taxes on the property where the facility is located or proposed to be located. The money shall be distributed on the basis of the ratio of the total amount of taxes levied by each political subdivision to the total amount of property taxes levied by all such political subdivisions on such property based on the amounts stated in the most recent certificate of taxes levied submitted by each county to the Tax Commissioner pursuant to section 77-1613.01.

(4) The Natural Resources Committee of the Legislature shall conduct a study to establish a formula for the equitable distribution of the funds specified in subdivision (2)(c) of this section. The committee shall hold public hearings necessary to carry out the purposes of the study.

Sec. 10. Sections 1 to 8 of this act shall become operative on January 1, 1995. The other sections of this act shall become operative on their effective date.

Sec. 11. That original section 81-15,113.01, Revised Statutes Supplement, 1993, is repealed.

MESSAGES FROM THE GOVERNOR

April 12, 1994

Patrick J. O'Donnell
Clerk of the Legislature
State Capitol, Room 2018
Lincoln, NE 68509

Dear Mr. O'Donnell:

Engrossed Legislative Bill 647 was received in my office on April 6, 1994; Engrossed Legislative Bills 1045, 1311, 1006, 1006A, 1194, 1211, 1211A, 971, 971A, and 665 were received on April 7, 1994; Engrossed Legislative Bills 942, 1106, and 913 were received on April 8, 1994.

These bills were signed by me on April 12, 1994, and delivered to the Secretary of State.

Sincerely,
(Signed) E. Benjamin Nelson
Governor

April 12, 1994

Madam President, Mr. Speaker
and Members of the Legislature
State Capitol Building
Lincoln, NE 68509

Dear Madam President and Senators:

I am returning LB 1106A without my signature and with my objections.

The bill requires the expenditure of general funds to increase the number of clerks for the Court of Appeals by one. Included in the bill is funding for the purchase of office equipment and other expenses associated with the hiring of additional staff. This will increase the state general fund expenditures by a total of $45,541 annually.

Currently, the cases regarding juveniles are appealed to the Court of Appeals or to the District Court. LB 1106 will provide a consistent system to dispose of appeals relating to juveniles in Nebraska. This is sound public policy which I support.

The number of additional appeals cannot be accurately determined at this point. Requesting additional staff at this juncture is premature. To have a more realistic estimate of the expanded workload, I recommend the Court review the next year's increase in appeals and determine staff needs once a baseline has been established.

Sincerely,
(Signed) E. Benjamin Nelson
Governor

AM4539

1. Strike the original resolution and insert the following new resolution:

"WHEREAS, the protection of the public health and welfare is the primary concern of public water supply systems; and

WHEREAS, the ability of public water supply systems to protect the health and welfare of its citizenry has been greatly reduced by unfunded federal mandates contained in the Safe Drinking Water Act; and

WHEREAS, public water supply systems cannot afford to commit limited resources on federal mandates which provide little or no benefit to public health, but must rather be permitted to focus their resources on protections which ensure the highest safety for public health; and

WHEREAS, several proposals currently before Congress would amend the Safe Drinking Water Act to allow public water supply systems greater ability to effectively protect the public health and welfare by ensuring that limited public resources can be sensibly focused on the most serious risks presented by contaminants in drinking water.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Legislature urges Congress to amend the Safe Drinking Water Act in such a manner as will permit public water supply systems to focus their resources on issues which threaten public health and which will provide flexibility in meeting the real health needs of its citizenry.

MESSAGE FROM THE GOVERNOR

April 12, 1994

Madam President, Mr. Speaker
and Members of the Legislature
State Capitol
Lincoln, NE 68509

Dear Madam President and Senators:

I am returning LB 314 without my signature and with my objections.

LB 314 repeals the 15% contribution from various cash funds to the General Fund over a period of time. Although this bill is not without merit, it would result in a major reduction in General Fund revenues next biennium. With the predicted state budget shortfall, the revenue

from these funds are needed and the proposed policy change in LB 314 is not affordable at this time.

Over the next year I will consider this proposal further and work with the sponsor and other members of the Legislature in coordination with the biennial budget recommendations.

Thus, the budget outlook for the next biennium prohibits enactment of this bill at this time.

Sincerely,
(Signed) E. Benjamin Nelson
Governor

PURPOSE: The purpose of this resolution is to continue the study of the role of county government in providing human services to the people of Nebraska. Significant state funds and some federal funds are provided for developmental disabilities services, mental health services, aging services, and substance abuse services, but the management of these programs is primarily by the counties or the regions they serve. Indigent medical care services and general assistance services are totally county funded and administered.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-THIRD LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Health and Human Services Committee of the Legislature and the Appropriations Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of their study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.
