Standing Committee amendment to LB 1248:

AM3114

1. Strike the original sections and insert the following new sections:

"Section 1. Section 81-829.36, Reissue Revised Statutes of Nebraska, is amended to read:

81-829.36. Sections 81-829.36 to 81-829.66 and section 3 of this act may be cited as the Nebraska Disaster and Civil Defense Act of 1973.

Sec. 2. Section 81-829.39, Reissue Revised Statutes of Nebraska, is amended to read:

81-829.39. ~~As used in sections 81-829.36 to 81-829.66,~~ For purposes of the Nebraska Disaster and Civil Defense Act of 1973, unless the context otherwise requires:

(1) Civil defense shall mean the preparation for and the carrying out of all emergency functions, other than functions for which military forces are primarily responsible, to prevent, minimize, and repair injury and damage resulting from disasters caused by enemy attack, sabotage, or other hostile action~~;~~ or by fire, flood, earthquake, or other natural causes. These functions include, without limitation, firefighting services, police services, medical and health services, rescue, engineering, air raid warning services, communications, radiological, chemical and other special weapons defense, evacuation of persons from stricken areas, emergency welfare services, civilian war aid, emergency transportation, existing or properly assigned functions of plant protection, temporary restoration of public utility services, and other functions related to civilian protection, together with all other activities necessary or incidental to the preparation for and carrying out of the foregoing functions~~;~~ ~~.~~

(2) Civil defense emergency shall mean an emergency declared by the President of the United States or Congress pursuant to applicable federal law finding that an attack upon the United States has occurred or is anticipated and that the national safety therefor requires the invocation of the emergency authority provided for by federal law. Such emergency also shall exist in the event of an enemy attack or other hostile action within the State of Nebraska, or when the President determines that any attack has been made upon or is anticipated within a designated geographic area which includes all or a part of the State of Nebraska. Any such emergency shall terminate in the manner provided by federal law~~;~~ or by proclamation of the Governor~~;~~ or ~~by~~ resolution of the Legislature~~;~~ terminating such emergency~~;~~ ~~.~~

(3) Disaster shall mean an occurrence or imminent threat of widespread or severe damage, injury, or loss of life or property resulting from any natural or manmade cause, including, but not limited to fire, flood, earthquake, wind, storm, wave action, oil spill, or other water contamination requiring emergency action to avert danger or damage, volcanic activity, epidemic, air contamination, blight, drought, infestation, explosion, riot, civil

disturbance, or hostile military or paramilitary action; ~~.~~

(4) Catastrophic disaster shall mean a financial state of emergency caused by expenses which (a) are related to a disaster or a civil defense emergency combined with abnormal expenses of government incurred as the result of legal mandates and requirements imposed on local government by the state or federal government, (b) are incurred within the five immediately preceding fiscal years, but which may be related to acts or incidents which occurred prior to the five immediately preceding fiscal years and which may be ongoing, and (c) create an undue burden on local government due to a lack of viable fiscal resources;

(5) Mobile support unit shall mean an organization for civil defense established in accordance with the provisions of sections 81-829.52 to 81-829.54 by state or local authority to be dispatched by the Governor to supplement local organizations for civil defense in a stricken area; ~~.~~

~~(5)~~ (6) Local government shall mean counties, villages, and cities of all classes; and ~~.~~

~~(6)~~ (7) Civil defense worker shall include any full-time or part-time paid, volunteer, or auxiliary employee of this state or other states, territories, possessions, or the District of Columbia, of the federal government or any neighboring country, or of any political subdivision thereof, or of any agency or organization performing civil defense services at any place in this state subject to the order or control of, or pursuant to a request of, the state government or any political subdivision thereof and shall also include instructors and students in recognized educational programs where civil defense services are taught. A recognized educational program shall include programs in educational institutions duly existing under the laws of this state and such other educational programs as shall be established by the state Civil Defense Agency or otherwise under the ~~provisions of sections 81-829.36 to 81-829.66~~ Nebraska Disaster and Civil Defense Act of 1973.

Sec. 3. (1) While appropriations are adequate to meet the normal needs, the Legislature recognizes the necessity to care for the unusual and extraordinary burdens imposed on the state and its political subdivisions by catastrophic disasters. To meet such situations, it is the intention of the Legislature to confer emergency powers on the Governor, acting through the Adjutant General and the state Civil Defense Agency, and vest him or her with adequate power and authority within the limitation of available funds in the Catastrophic Disaster Fund to meet any such emergency or disaster.

(2) The Catastrophic Disaster Fund is created. It shall be expended upon direction of the Governor for any catastrophic disaster. The catastrophic disaster declaration shall set forth the emergency and shall state that it requires the expenditure of public funds to furnish immediate aid and relief. The Adjutant

General shall administer the fund. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

(3) It is the legislative intent that the first recourse shall be to funds regularly appropriated to state and local agencies. If the Governor finds that the demands placed upon these funds are unreasonably great, he or she may make funds available from the Catastrophic Disaster Fund. Expenditures may be made upon direction of the Governor for any or all of the functions listed in subsection (5) of this section.

(4) Assistance shall be provided from the Catastrophic Disaster Fund to local governments of this state which have suffered from a catastrophic disaster to such an extent as to impose a severe financial burden exceeding the ordinary capacity of the local government affected. Applications for aid under this section shall be made to the state Civil Defense Agency on such forms as shall be prescribed and furnished by the agency and which shall require the furnishing of sufficient information to determine eligibility for aid and the extent of the financial burden incurred, and shall include, but not be limited to, the following:

(a) A resolution formally declaring a financial state of emergency by the local government applicant;

(b) Documentation of expenses related to the occurrence within the five immediately preceding fiscal years of a catastrophic disaster;

(c) Documentation of abnormal expenses caused by legal mandates imposed by either state or federal government which have been incurred within the five immediately preceding fiscal years; and

(d) Documentation that the local government has exhausted other viable sources of revenue.

The agency may call upon other agencies of the state in evaluating applications. The Adjutant General shall review each application for aid under this section and recommend its approval or disapproval, in whole or in part, to the Governor. If the Governor approves, he or she shall determine and certify to the Adjutant General the amount of aid to be furnished. The Adjutant General shall thereupon issue his or her voucher to the Director of Administrative Services who shall issue his or her warrants therefor to the applicant.

(5) When a catastrophic disaster has been proclaimed by the Governor, the Adjutant General, upon order of the Governor, shall have authority to expend funds to meet, but not be limited to, the following situations:

(a) Reimbursing local governments for indebtedness incurred pursuant to section 15-244, 16-213, 17-560, 18-1750, or 23-160.01 or a home rule charter as the result of a catastrophic disaster; and

(b) Providing financial relief to local governments which have suffered from a catastrophic disaster to prevent them from incurring indebtedness.

(6) The Governor may receive such voluntary contributions as may be made from any source to aid in carrying out the purposes of this section and shall credit the contributions to the Catastrophic Disaster Fund.

(7) All obligations and expenses incurred by the Governor in the exercise of the powers and duties vested in the Governor by this section shall be paid by the State Treasurer out of available funds in the fund, and the Director of Administrative Services shall draw his or her warrants upon the State Treasurer for the payment of such sum, or so much thereof as may be required, upon receipt by him or her of proper vouchers duly approved by the Adjutant General.

(8) This section shall be liberally construed in order to accomplish the purposes of the Nebraska Disaster and Civil Defense Act of 1973 and to permit the Governor to adequately cope with any emergency which may arise, and the powers vested in the Governor by this section shall be construed as being in addition to all other powers presently vested in him or her and not in derogation of any existing powers.

(9) Such funds as may be made available by the government of the United States for the purpose of alleviating distress from catastrophic disasters may be accepted by the State Treasurer and shall be credited to the Catastrophic Disaster Fund unless otherwise specifically provided in the act of Congress making the funds available.

Sec. 4. Original sections 81-829.36 and 81-829.39, Reissue Revised Statutes of Nebraska, are repealed.

Sec. 5. Since an emergency exists, this act takes effect when passed and approved according to law.".

Sec. 2. Upon request by the Commissioner of Education, the Nebraska State Patrol shall undertake a search for criminal history record information relating to an applicant described in section 1 of this act, including transmittal of the applicant's fingerprints to the Identification Division of the Federal Bureau of Investigation for a national criminal history record information check. The criminal history record information check shall include information concerning the applicant from federal repositories of such information and repositories of such information in other states if authorized by federal law. The Nebraska State Patrol shall issue a report to the Commissioner of Education and to the applicant which shall include the criminal history record information concerning the applicant.

1. Strike the original sections and insert the following new sections:

"Section 1. Section 2-1207.01, Revised Statutes Supplement, 1994, is amended to read:

2-1207.01. The amount deducted from wagers pursuant to subsection (2) of section 2-1207 may be used to promote agriculture and horsebreeding in Nebraska and shall be distributed as purse supplements and breeder and stallion awards for Nebraska-bred horses, as defined and registered pursuant to section 2-1213, at the racetrack where the funds were generated, except that if a racetrack does not continue to conduct live race meets, amounts deducted may be distributed as purse supplements and breeder and stallion awards at racetracks that conduct live race meets and amounts deducted pursuant to a contract with the organization representing the majority of the licensed owners and trainers at

the racetrack's most recent live race meet shall be used by that organization to promote live thoroughbred horseracing in the state or as purse supplements at racetracks that conduct live race meets in the state. Any costs incurred by the State Racing Commission pursuant to this section and subsection (2) of section 2-1207 shall be separately accounted for and be deducted from such funds.

Sec. 2. Section 2-1213, Reissue Revised Statutes of Nebraska, is amended to read:

2-1213. (1) No racing under sections 2-1201 to 2-1218 shall be permitted on Sunday except when approved by a majority of the members of the State Racing Commission upon application for approval by any racetrack. Such approval shall be given after the commission has considered: (a) Whether Sunday racing at the applicant track will tend to promote and encourage agriculture and horse breeding in Nebraska; (b) whether the applicant track operates under a license granted by the commission; (c) whether the applicant track is in compliance with all applicable health, safety, fire, and police rules and regulations or ordinances; (d) whether the denial of Sunday racing at the applicant track would impair such track's economic ability to continue to function under its license; and (e) whether the record of the public hearing held on the issue of Sunday racing at the applicant track shows reasonable public support. Notice of such public hearing shall be given at least ten days prior thereto by publication in a newspaper having general circulation in the county in which the applicant track is operating, and the commission shall conduct a public hearing in such county. The commission may adopt, promulgate, and enforce rules and regulations governing the application and approval for Sunday racing in addition to its powers in section 2-1203. If the commission permits racing on Sunday, the voters may prohibit such racing in the manner prescribed in section 2-1213.01. If approval by the commission for Sunday racing at the applicant track is granted, no racing shall occur on Sunday until after 1 p.m.

No license shall be granted for racing on more than one racetrack in any one county, except that the commission may, in its discretion, grant a license to any county agricultural society to conduct racing during its county fair notwithstanding a license may have been issued for racing on another track in such county. Since the purpose of sections 2-1201 to 2-1218 is to encourage agriculture and horse breeding in Nebraska, every licensee shall hold at least one race on each racing day limited to Nebraska-bred horses. Three percent of the first money of every purse won by a Nebraska-bred horse shall be paid to the breeder of such horse.

(2) For purposes of this section, Nebraska-bred horse shall mean a horse registered with the Nebraska Thoroughbred or Quarter Horse Registry and meeting the following requirements: (a) It shall have been foaled in Nebraska; (b) its dam shall have been registered, prior to foaling, with the Nebraska Thoroughbred or

Quarter Horse Registry; and (c) its dam shall have been continuously in Nebraska for ~~six months~~ ninety days immediately prior to foaling, except that such ~~six-month~~ ninety-day period may be reduced to ~~(i) ninety days in the case of a mare in foal which is registered as a brood mare with the Nebraska Thoroughbred or Quarter Horse Registry but which is being actively trained and raced outside Nebraska and is returned to this state and remains in this state continuously for ninety days immediately prior to foaling or (ii)~~ thirty days in the case of a mare in foal which is purchased at a nationally recognized thoroughbred or quarter horse blood stock sale, the name and pedigree of the mare being listed in the sale catalog, and which is brought into this state and remains in this state for thirty days immediately prior to foaling.

The requirement that a dam shall be continuously in Nebraska for either ~~six months,~~ ninety days~~,~~ or thirty days, as specified in subdivision (2)(c) of this section, shall not apply to a dam which is taken outside of Nebraska to be placed for sale at a nationally recognized thoroughbred or quarter horse blood stock sale, the name and pedigree of the mare being listed in the sale catalog, or for the treatment of an extreme sickness or injury, if written notice of such proposed sale or treatment is provided to the secretary of the commission within three days of the date such horse is taken out of the state.

The commission may designate official registrars for the purpose of registration and to certify the eligibility of Nebraska-bred horses. An official registrar shall perform such duties in accordance with policies and procedures adopted and promulgated by the commission in the current rules and regulations of the commission. The commission may authorize the official registrar to collect specific fees as would reasonably compensate the registrar for expenses incurred in connection with registration of Nebraska-bred horses. The amount of such fee or fees shall be established by the commission and shall not be changed without commission approval. Fees shall not exceed one hundred dollars per horse.

Any decision or action taken by the official registrar shall be subject to review by the commission or may be taken up by the commission on its own initiative.

Sec. 3. Section 2-1226, Reissue Revised Statutes of Nebraska, is amended to read:

2-1226. Any racetrack issued a license under sections 2-1201 to 2-1223 which operates at least one live race meet during each calendar year except as provided in section 2-1228 may apply to the commission for a simulcast facility license. An application for such license shall be in such form as may be prescribed by the commission and shall contain such information, material, or evidence as the commission may require. Any racetrack issued a simulcast facility license may display the simulcast of a horserace on which parimutuel wagering shall be allowed.

Sec. 4. Section 2-1228, Revised Statutes Supplement, 1994, is amended to read:

2-1228. Any racetrack issued a license under sections 2-1201 to 2-1223 (1) conducting primarily quarterhorse races in the year immediately preceding the year for which application is made, regardless of the total number of days of live racing conducted in such year, or (2) conducting primarily thoroughbred horseraces in the year immediately preceding the year for which application is made which conducted live racing on at least seventy percent of the days for which it was authorized to conduct live racing in 1988 unless the commission determines that such racetrack was unable to conduct live racing on the required number of days due to factors beyond its control, including, but not limited to, fire, earthquake, tornado, or other natural disaster, may apply to the commission for an interstate simulcast facility license. An application for such license shall be in a form prescribed by the commission and shall contain such information, material, or evidence as the commission may require. Any racetrack issued an interstate simulcast facility license may conduct the interstate simulcast of any horserace permitted under its license, and parimutuel wagering shall be allowed on such horserace. The commission shall not authorize interstate simulcasting for any racetrack pursuant to sections 2-1201 to 2-1223 unless all of the thoroughbred racetracks together applied for and received authority to conduct at least one hundred eighty live racing days in the calendar year in which the application is made. If any racetrack conducts live racing for less than seventy percent of the days assigned such racetrack in 1988, (a) such racetrack shall be precluded from conducting interstate simulcasts and (b) the number of live racing days conducted by such racetrack shall be subtracted from an amount equal to seventy percent of all the days assigned such racetrack in 1988 and the amount remaining shall be deducted from the one-hundred-eighty-day total required by this section, except that a licensed racetrack which has conducted live racing for at least five consecutive years in the prior ten years may conduct interstate simulcasting without conducting live racing for a period not to exceed two years with the consent of the organization representing the majority of the licensed horse owners and trainers at the most recent live race meet at the racetrack. If any racetrack ceases to conduct live racing, seventy percent of the days assigned such racetrack in 1988 shall be deducted from the one-hundred-eighty-day total required by this section.

Sec. 5. Original sections 2-1213 and 2-1226, Reissue Revised Statutes of Nebraska, and sections 2-1207.01 and 2-1228, Revised Statutes Supplement, 1994, are repealed.

1. On page 1, strike beginning with "The" in line 7 through "1997" in line 14 and insert:

"The plan shall comply with the fiduciary duties of the board, but shall provide for the sale of educational lands by January 1, 2012, and investment of one-third of the permanent school fund in agricultural real property and developed or undeveloped industrial, commercial, or residential real property located within the State of Nebraska and two-thirds of the permanent school fund by the state investment officer. This section shall not be construed to require sale of educational lands which will continue to be held by the board as part of the one-third of the permanent school fund invested in real property. It is the policy of the State of Nebraska that the lands and funds belonging to the state for educational purposes be managed to provide for a prudent balance between risk and rate of return on investment so as to maximize the income from and preserve the value of these assets over the long term. The Legislature finds that reinvestment of a portion of the proceeds from the sale of educational lands into alternative real property enhances the ability of the board to provide a portfolio of investments that balances risk and rate of return on investment and preserves the

long-term value of the assets of the permanent school fund. The laws of the State of Nebraska should be construed to effectuate such policy.

2. Insert the following new amendments:

"2. On page 2, line 24, after 'board' insert 'and state investment officer' and after 'shall' insert 'jointly'; and in line 26 after 'The' insert 'board's portion of the'.

The cost-benefit analysis model used shall be consistent with the standards of the investment industry at the time of the proposed sale.'.".

3. In the Warner amendment, FA449, on page 1, line 5, after "lands" insert ", other than the funds invested in real property pursuant to the board's plan,".

Mr. Landis asked unanimous consent to be excused until he returns. No objections. So ordered.

AMENDMENT - Print in Journal

Mr. Vrtiska filed the following amendment to LB 1248:
AM3270
(Amendments to Standing Committee amendments, AM3114)

1. Strike the original sections and insert the following new sections:

"Section 1. (1) While appropriations are adequate to meet the normal needs, the Legislature recognizes the necessity to care for the unusual and extraordinary burdens imposed on the state and local government by catastrophic financial emergencies. It is the intent of the Legislature that the first recourse for responding to catastrophic financial emergencies shall be to funds

regularly appropriated to the state or to local government by its governing body.

(2) For purposes of claims made pursuant to this section:

(a) Catastrophic financial emergency means expenses which (i) are caused by abnormal expenses of government incurred as a result of legal mandates and requirements imposed on local government by the state or federal government combined with expenses incurred in relation to a disaster as defined in section 81-829.39, (ii) are incurred within the five immediately preceding fiscal years but which may be related to acts or incidents that occurred prior to that five-year period and may be ongoing, and (iii) create an undue burden on local government due to a lack of viable fiscal resources; and

(b) Local government means any county, city, or village in Nebraska.

(3) A local government may file a claim for reimbursement of indebtedness or for a grant or loan to provide financial relief from the state through the Local Government Catastrophic Financial Emergency Fund under the following circumstances:

(a) To reimburse local governments for indebtedness incurred pursuant to sections 15-244, 16-213, 17-560, 18-1750, and 23-160.01 or a home rule charter as a result of a catastrophic financial emergency; and

(b) To provide financial relief to local governments in the form of grants to permit the normal transaction of essential business and to provide for the continuation of essential services.

(4) The claim shall be filed with the Risk Manager. The following information shall be filed with the claim in order to determine eligibility:

(a) A resolution approved by the governing body formally declaring a catastrophic financial emergency;

(b) Documentation of expenses related to any occurrence within the immediately preceding five fiscal years of any natural disaster that used the local government's financial resources;

(c) Documentation of abnormal expenses incurred within the immediately preceding five fiscal years which are caused by legal mandates imposed by either state or federal government;

(d) Documentation that the local government has exhausted other viable sources of revenue; and

(e) Additional information that may be required and shall be requested by the Risk Manager as part of the investigation.

(5) The Risk Manager shall immediately inform the State Claims Board as to the filing of the claim and the nature of the demand. The claim shall be investigated and the results of the investigation presented to the State Claims Board for review and decision.

(6) Approved claims shall be paid from the Local Government Catastrophic Financial Emergency Fund to the extent that there are funds available. The local government may appeal any

claim denied by the State Claims Board, or any claim approved but for which full payment has not been made, to the Legislature by filing a notice of appeal with the Risk Manager prior to December 31 of the year in which the State Claims Board decision was made. The appeal will be included in the claims bills annually considered by the Legislature.

(7) An annual report shall be made to the Legislature by the Risk Manager listing all claims against the Local Government Catastrophic Financial Emergency Fund.

Sec. 2. Section 81-8,239.01, Reissue Revised Statutes of Nebraska, is amended to read:

81-8,239.01. (1) For purposes of sections 81-8,239.01 to 81-8,239.08, unless the context otherwise requires, the definition of state agencies found in section 81-8,210 shall apply, except that such term shall not include the Board of Regents of the University of Nebraska.

(2) There is hereby established a division within the Department of Administrative Services to be known as the risk management and state claims division. The division shall be headed by the Risk Manager who shall be appointed by the Director of Administrative Services. The division shall be responsible for the Risk Management Program, which program is hereby created. The program shall consist of the systematic identification of exposures to risk of loss as provided in sections 11-201 to 11-203, 13-911, 25-2165, 43-1320, 44-1615, 44-1616, 48-194, 48-197, 48-1,103, 48-1,104, 48-1,107, 48-1,109, 81-8,212, 81-8,220, 81-8,225, 81-8,226, 81-8,233, 81-8,239.01 to 81-8,239.08, and 81-8,300 and shall include the appropriate methods for dealing with such exposures in relation to the state budget pursuant to such sections. Such program shall be administered by the Risk Manager and shall include the operations of the State Claims Board and other operations provided in such sections.

(3) Under the Risk Management Program, the Risk Manager shall have the authority and responsibility to:

(a) Employ any personnel necessary to administer the Risk Management Program;

(b) Develop and maintain loss and exposure data on all state property and liability risks;

(c) Develop and recommend risk reduction or elimination programs for the state and its agencies and establish, implement, and monitor a statewide safety program;

(d) Determine which risk exposures shall be insured and which risk exposures shall be self-insured or assumed by the state;

(e) Establish standards for the purchase of necessary insurance coverage or risk management services at the lowest costs, consistent with good underwriting practices and sound risk management techniques;

(f) Be the exclusive negotiating and contracting agency to purchase insurance or risk management services and, after

consultation with the state agency for which the insurance or services are purchased, enter into such contracts on behalf of the state and its agencies, officials, and employees to the extent deemed necessary and in the best interest of the state, and authorize payment for such purchase out of the appropriate funds created by section 81-8,239.02;

(g) Determine whether the state suffered a loss for which self-insured property loss funds have been created and authorize and administer payments for such loss from the State Self-Insured Property Fund for the purpose of replacing or rebuilding state property;

(h) Perform all duties assigned to the Risk Manager under the Nebraska Workers' Compensation Act and sections 11-201 to 11-203, 81-8,239.05, 81-8,239.07, and 84-1603 and section 1 of this act;

(i) Approve the use of risk management pools by any department, agency, board, bureau, commission, or council of the State of Nebraska; and

(j) Recommend to the Legislature such legislation as may be necessary to carry out the purposes of the Risk Management Program and make appropriation requests for the administration of the program and the funding of the separate funds administered by the Risk Manager.

(4) No official or employee of any entity created by local public agencies pursuant to the Interlocal Cooperation Act shall be considered a state official or employee for purposes of sections 81-8,239.01 to 81-8,239.06.

Sec. 3. Section 81-8,239.02, Reissue Revised Statutes of Nebraska, is amended to read:

81-8,239.02. The following separate permanent revolving funds are established in the state treasury for use under the Risk Management Program according to the purposes for which each fund is established:

(1) The State Insurance Fund is hereby created for the purpose of purchasing insurance to cover property, fidelity, and liability risks of the state and workers' compensation claims against the state and other risks to which the state or its agencies, officials, or employees are exposed and for paying related expenses. The fund may receive deposits from assessments against state agencies to provide insurance coverage as directed by the Risk Manager. The Risk Manager may retain in the fund sufficient money to pay for any deductibles or copayments as may be required by such insurance policies;

(2) The State Self-Insured Property Fund is hereby created for the purpose of replacing, repairing, or rebuilding state property which has incurred damage or is suffering other loss not fully covered by insurance and for paying related expenses. The fund may receive deposits from assessments against state agencies to provide property coverage as directed by the Risk

Manager. The Risk Manager may assess state agencies to provide self-insured property coverage; ~~and~~

(3) The State Self-Insured Indemnification and Liability Fund is hereby created for the purpose of paying compensable liability and fidelity claims against the state or its agencies, officials, or employees which are not fully covered by insurance and for paying indemnification claims under section 81-8,239.05. Indemnification claims shall include payments for awards, settlements, and associated costs, including appeal bonds and reasonable costs associated with a required appearance before any tribunal. The fund may receive deposits from assessments against state agencies to pay for the costs associated with providing and supporting indemnification claims. The creation of this fund shall not be interpreted as expanding the liability exposure of the state or its agencies, officials, or employees; and

(4) The Local Government Catastrophic Financial Emergency Fund is hereby created for the purpose of paying compensable claims under section 1 of this act and for providing financial relief to local governments under such section in the form of grants or loans. All obligations and expenses incurred by the risk management program as a result of claims filed against the fund shall be paid from the fund. The creation of the fund shall not be interpreted as expanding the liability exposure of the state or its agencies, officials, or employees or any political subdivision or its officials or employees. Voluntary payments from any source to aid in carrying out the purpose of the fund and payments on loans if so designated may be accepted and deposited to the credit of the fund.

Sec. 4. Original sections 81-8,239.01 and 81-8,239.02, Reissue Revised Statutes of Nebraska, are repealed.

Sec. 5. Since an emergency exists, this act takes effect when passed and approved according to law.".

"Section 1. Section 43-102, Revised Statutes Supplement, 1995, is amended to read:

43-102. Except as otherwise provided in the Nebraska Indian Child Welfare Act, any person or persons desiring to adopt a minor child or an adult child of such person's spouse shall file, in the county court of the county in which the person or persons desiring to adopt such child reside, a petition for adoption signed and sworn to by the person or persons desiring to adopt, the consent or consents required by section 43-104 or 43-104.07, the documents required by section 43-104.07; or the documents required by sections 43-104.08 to 43-104.24, and a completed preplacement adoptive home study if required by section 43-107.

Sec. 2. Section 43-246, Reissue Revised Statutes of Nebraska, is amended to read:

43-246. Acknowledging the responsibility of the juvenile court to act to preserve the public peace and security, the Nebraska Juvenile Code shall be construed to effectuate the following:

(1) To assure the rights of all juveniles to care and protection and a stable living environment and to development of their capacities for a healthy personality, physical well-being, and useful citizenship and to protect the public interest;

(2) To provide for the intervention of the juvenile court in the interest of any juvenile who is within the provisions of the Nebraska Juvenile Code, with due regard to parental rights and capacities and the availability of nonjudicial resources;

(3) To remove juveniles who are within the Nebraska Juvenile Code from the criminal justice system whenever possible and to reduce the possibility of their committing future law violations through the provision of social and rehabilitative services to such juveniles and their families;

(4) To achieve the foregoing purposes in the juvenile's own home whenever possible, separating the juvenile from his or her parent only when necessary for his or her welfare or in the interest of public safety and, when temporary separation is necessary, to consider the developmental needs of the individual juvenile in all placements, to consider relatives as a preferred

potential placement resource, and to assure every reasonable effort possible to reunite the juvenile and his or her family;

(5) To provide a judicial procedure through which these purposes and goals are accomplished and enforced in which the parties are assured a fair hearing and their constitutional and other legal rights are recognized and enforced; and

(6) To assure compliance, in cases involving Indian children, with the Nebraska Indian Child Welfare Act.

Sec. 3. Section 43-533, Revised Statutes Supplement, 1995, is amended to read:

43-533. The following principles shall guide the actions of state government and departments, agencies, institutions, committees, courts, and commissions which become involved with families and children in need of assistance or services:

(1) Prevention, early identification of problems, and early intervention shall be guiding philosophies when the state or a department, agency, institution, committee, court, or commission plans or implements services for families or children when such services are in the best interests of the child;

(2) When families or children request assistance, state and local government resources shall be utilized to complement community efforts to help meet the needs of such families or the needs and the best interests of such children. The state shall encourage community involvement in the provision of services to families and children, including as an integral part, local government and public and private group participation, in order to encourage and provide innovative strategies in the development of services for families and children;

(3) To maximize resources the state shall develop methods to coordinate services and resources for families and children. Every child-serving department, agency, institution, committee, court, or commission shall recognize that the jurisdiction of such department, agency, institution, committee, court, or commission in serving multiple-need children is not mutually exclusive;

(4) When children are removed from their home, permanency planning shall be the guiding philosophy. It shall be the policy of the state ~~to~~ (a) to reunite the child with his or her family in a timeframe appropriate to the age and developmental needs of the child so long as the best interests of the child, including the needs and safety of the child, have been given primary consideration in making a determination whether or not reunification is possible, ~~and~~ (b) when a child cannot remain with parents, to give preference to relatives as a placement resource, and (c) to minimize the number of placement changes for children in out-of-home care so long as the best interests of the child in care, including the needs and safety of the child, are considered; and

(5) When families cannot be reunited and when active parental involvement is absent, adoption shall be aggressively

pursued. Absent the possibility of adoption other permanent settings shall be pursued. In either situation, the best interests of the child shall be the overriding concern. Within that context, preference shall be given to relatives for the permanent placement of the child.

Sec. 4. Sections 1, 4, 5, and 7 of this act become operative on their effective date. The other sections of this act become operative three calendar months after the adjournment of this legislative session.

Sec. 5. Original section 43-102, Revised Statutes Supplement, 1995, is repealed.

The patrol's automated arrest and conviction records shall be reviewed annually by the Superintendent of Law Enforcement and Public Safety who shall report the status of such records within thirty days of such review to the Governor and the Clerk of the Legislature. The instant criminal history record check system shall be implemented by the patrol on or after January 1, 1995, when, as determined by the Superintendent of Law Enforcement and Public Safety, eighty-five percent of the Nebraska arrest and conviction records since January 1, 1965, available to the patrol are included in the patrol's automated system. (2) The protection of unrepresented persons and property affected by a statutorily created zoning and planning process is a matter of state concern; and

intended to create an entitlement to any activities described in the act, and the Department of Health and Human Services may perform the activities described in the act to the extent funds are available. All parties interested in the proposed public works may appear at such public hearing in person or by counsel or may file written objections thereto. The directors shall then proceed to hear and consider the same and determine whether to adopt the public works in accordance with the detailed plans presented at such hearing and whether to finance such works by benefits accruing to the several tracts of land within the district. ~~or by a tax levy upon the taxable value of the taxable property in the district.~~ The hearing may be continued from time to time upon notice given by publication at least once in a newspaper of general circulation in the district stating the time and place of such continuance.

Sec. 6. Section 31-414, Reissue Revised Statutes of Nebraska, is amended to read:

31-414. The apportionment, when finally adjusted, shall continue as the basis of all levies of special assessments to pay all expenditures for organization, construction, improvement, enlargement, extension, damages, costs, maintenance, bonds and interest thereon, and all other expenses, except ~~; PROVIDED,~~ if (1) there is such a change of plans or enlargement or extension of the work of the district, or (2) some of the tracts of land within the district are increased in value since the time of the original apportionment of benefits by the addition of improvements or otherwise, such as in either case to make a different apportionment necessary or desirable, then the board of directors as to the future expenditures shall make a new apportionment of benefits, in which event all the procedure prescribed in sections 31-411 to 31-412 for the original apportionment shall apply. ~~, or (3) the board of directors elects to use the tax levy method of financing, all expenditures for organization, construction, improvement, enlargement, extension, damages, costs, maintenance, bonds and interest thereon, and all other expenses shall be paid out of such levies.~~

Sec. 7. Section 31-447, Reissue Revised Statutes of Nebraska, is amended to read:

31-447. All special assessments provided for under sections 31-401 to 31-450 shall, as between vendor and purchaser, be a lien upon the real property involved from and upon the filing with the county clerk of the lists of the tracts. ~~, with the amount of money chargeable to each, as provided for in section 31-424, or if the board of directors has elected the tax levy method of financing, all special assessments provided for under sections 31-401 to 31-450 shall, as between vendor and purchaser, be a lien upon the real property involved from and upon the filing with the county clerk of the property tax rolls and the taxable value of the taxable personal property of each taxpayer as provided for in section 31-411.02.~~

Sec. 8. Section 31-450, Reissue Revised Statutes of Nebraska, is amended to read:

31-450. In all districts hereafter organized, the board of directors, having first adopted detailed plans and specifications of the work proposed to be done, having made an estimate of the total cost of such contemplated improvement, and having filed such plans, specifications, and estimated cost with the clerk of the county having the largest area of land, shall then publish a notice once each week for three consecutive weeks in a newspaper in each county of an election to vote on the question of proceeding with such work and incurring the necessary liability in all cases in which the estimate of the contemplated work equals seven percent of the taxable value of the lands assessed for such improvement. The election shall be held in all respects as other elections provided for in sections 31-401 to 31-450. If a majority of the votes cast at such election are in favor of proceeding with the work and incurring the necessary liability, then the board, in proceeding therein, shall not incur indebtedness in a total sum in excess of the estimated cost so filed and published. No changes in such plans and specifications shall be made thereafter by the board which cost in the aggregate more than fifteen percent above such estimated cost. If a majority of the votes at such election vote against proceeding and incurring the liability, then the board shall abandon the work and shall thereupon certify to the county clerks ~~a tax levy~~ an assessment on all the tracts in the district by apportionment of benefits ~~valuation~~ sufficient to pay all the liabilities of the district, and the levy shall be entered and collected as other general taxes and used to pay the liabilities.

Sec. 9. Sections 4 to 8, 11, and 12 of this act become operative on January 1, 2000. The other sections of this act become operative on their effective date.

AMENDMENT - Print in Journal

Mr. Maurstad filed the following amendment to LB 1050:
AM3356

(Amendments to E & R amendments, AM7210)

1. Insert the following new sections:

"Sec. 34. (1) The Legislature finds and declares that:

(a) The Tax Equity and Educational Opportunities Support Act is based on the premise that funds available to school districts should not be solely based on a district's local property tax base; and

(b) School districts' ability to retire bonded indebtedness for purposes of capital construction of school facilities is virtually entirely based on their individual local property tax base.

(2) It is the intent, purpose, and goal of the Legislature to create a system of financing the retirement of bonded indebtedness of school districts which will:

(a) Increase the equalization of financial support for bonded debt retirement by provision of state assistance taking into consideration the needs and accessible resources of school districts relative to debt retirement;

(b) Reduce the reliance on property tax for the retirement of school district bonded indebtedness; and

(c) Minimize the adverse effect on the general fund state aid equalization process embodied in the Tax Equity and Educational Opportunities Support Act.

Sec. 35. For purposes of sections 34 to 39 of this act:

(1) Adjusted valuation has the meaning found in section 79-3803;

(2) Average daily membership has the meaning found in section 79-3803;

(3) Data year means the school fiscal year immediately preceding the year in which the school bond state aid is to be paid;

(4) Department means the State Department of Education;

(5) Eligible school district means any public school district but does not include any Class II, III, IV, V, or VI school district in which a high school has fewer than fifty students enrolled in grades nine through twelve and which is within fifteen miles of another public high school;

(6) Scheduled debt retirement payments means the amount

required to be paid, by fiscal year, in principal and in interest for the retirement of school district bonded indebtedness incurred pursuant to Chapter 10; and

(7) School bond state aid shall mean the amount of assistance paid to a district pursuant to sections 34 to 39 of this act.

Sec. 36. Beginning in school fiscal year 1997-98, a portion of the funds appropriated for distribution as allocated income tax funds shall be used to support the public school system by assisting qualifying school districts in the retirement of new or existing bonded indebtedness incurred pursuant to Chapter 10. The total amount provided as school bond state aid in any fiscal year shall not exceed ten percent of the total appropriation of funds appropriated for distribution as allocated income tax funds for that fiscal year.

Sec. 37. Beginning in 1997, no later than June 1 of each year eligible school districts may submit an application for assistance under sections 34 to 39 of this act to the department. Such application shall include the scheduled debt retirement payments for which the district is seeking assistance, as well as any other information the department requires to administer such sections. School districts not submitting an application prior to such date shall not be eligible for assistance pursuant to such sections for the ensuing fiscal year.

Sec. 38. Using the data provided by eligible school districts pursuant to section 37 of this act, the department shall calculate each district's school bond state aid pursuant to sections 34 to 39 of this act and shall certify the ensuing fiscal year's assistance to each eligible school district no later than July 1. Such amounts shall be distributed in a single payment on the last business day of September of each year. Such certified school bond state aid amount shall be shown as budgeted non-property-tax receipts and deducted prior to calculating the property tax request in the district's debt retirement fund budget statement as provided to the Auditor of Public Accounts pursuant to Chapter 13 and section 79-3815.

Sec. 39. (1) The department shall calculate each eligible school district's adjusted valuation per student by dividing the district's adjusted valuation from the data year by the district's average daily membership from the data year.

(2) The department shall calculate the state average adjusted valuation per student by dividing the unduplicated statewide total adjusted valuation in the data year by the statewide total average daily membership in the data year.

(3) The department shall calculate an assistance factor for each eligible school district by comparing that district's adjusted valuation per student to the statewide average adjusted valuation per student. A linear transition shall be used such that (a) any school district with adjusted valuation per student of

one-half the state average adjusted valuation per student or less shall be assigned a factor of forty percent, (b) any school district with adjusted valuation per student equal to the statewide average adjusted valuation per student shall be assigned a factor of twenty percent, and (c) a school district with adjusted valuation per student of two times the state average adjusted valuation per student or more shall be assigned a factor of zero percent.

(4) The department shall multiply each eligible district's assistance factor calculated pursuant to subsection (3) of this section by the district's scheduled debt retirement payments for the ensuing fiscal year to arrive at each district's preliminary school bond state aid amount.

(5) If the total preliminary school bond state aid calculated pursuant to subsection (4) of this section exceeds ten percent of the total appropriation of funds appropriated for distribution as allocated income tax funds for the ensuing year, the department shall prorate each eligible district's school bond state aid by multiplying each district's preliminary school bond state aid by the same prorate factor.".

4. On page 71, line 4, strike "37" and insert "43".

5. Renumber the remaining sections and correct internal references accordingly.

AM3278

1. Strike the original sections and insert the following new sections:

"Section 1. Sections 1 to 11 of this act shall be known and may be cited as the Nonprofit Hospital Sale Act.

Sec. 2. For purposes of the Nonprofit Hospital Sale Act:

(1) Department means the Department of Health;

(2) Hospital has the definition found in subdivision (3)

of section 71-2017.01;

(3) Acquisition means any acquisition by a person or persons of an ownership or controlling interest in a hospital, whether by purchase, merger, lease, gift, or otherwise, which results in a change of ownership or control of twenty percent or greater or which results in the acquiring person or persons holding a fifty percent or greater interest in the ownership or control of a hospital, but acquisition does not include the transfer of ownership or controlling interest in a hospital from a nonprofit corporation to another nonprofit corporation if the transferee (a) is a corporation having a substantially similar charitable health care purpose as the transferor or is a governmental entity, (b) is exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code or is a governmental entity, and (c) will maintain representation from the affected community on the local board; and

(4) Person has the meaning found in section 71-5822.

Sec. 3. No person shall engage in the acquisition of a hospital owned by a nonprofit corporation without first having applied for and received the approval of the department and the Attorney General pursuant to the Nonprofit Hospital Sale Act. No person shall engage in the acquisition of a hospital not owned by a nonprofit corporation without first having applied for and received the approval of the department pursuant to the act unless such acquiring person is a nonprofit corporation exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code or is a governmental entity. For purposes of the act, approval of the department and the Attorney General shall not be required for the acquisition of a hospital not owned by a nonprofit corporation as follows: (a) The lease of a county hospital approved under section 23-3504; or (b) the dissolution of a hospital district approved under sections 23-3544 to 23-3546 or the merger of hospital districts approved under sections 23-3573 to 23-3578.

Any person not required to obtain the approval of the department or the Attorney General under the provisions of the Nonprofit Hospital Sale Act shall give the Attorney General at least thirty days' notice of an impending acquisition, during which time the Attorney General may take any necessary and appropriate action consistent with his or her general duties of oversight with regard to the conduct of charities. The notice shall briefly describe the impending acquisition, including any change in ownership of tangible or intangible assets.

The application shall be submitted to the department and the Attorney General on forms provided by the department and shall include the name of the seller, the name of the purchaser or other parties to an acquisition, the terms of the proposed agreement, the sale price, a copy of the sale or acquisition agreement, a financial and economic analysis and report from an independent expert or consultant of the effect of the sale or acquisition under

the criteria set forth in section 7 of this act, and all other related documents. A copy of the application and copies of all additional related materials shall be submitted to the department and to the Attorney General at the same time. The applications and all related documents shall be considered public records for purposes of sections 84-712 to 84-712.09.

Sec. 4. (1) Within five working days after receipt of an application under section 3 of this act, the department shall publish notice of the application in a newspaper of general circulation in the county or counties where the hospital is located and shall notify by first-class United States mail any person who has requested notice of the filing of such applications. The notice shall state that an application has been received, state the names of the parties to the agreement, describe the contents of the application, and state the date by which a person may submit written comments about the application to the department.

(2) The department and the Attorney General shall, within fifteen days after the date an application is received, determine if the application is complete for the purposes of review. The department or the Attorney General may find that an application is incomplete when a question on the application form has not been answered in whole or in part or has been answered in a manner that does not fairly meet the question addressed or when the application does not include attachments of supporting documents as required by section 3 of this act. If the department or the Attorney General determines that an application is incomplete, it shall notify the applicant within fifteen days after the date the application was received, stating the reasons for its determination of incompleteness with reference to the particular questions for which a deficiency is noted.

(3) Within sixty days after receiving a completed application, the department and the Attorney General shall review the application in accordance with the standards set forth in the Nonprofit Hospital Sale Act and approve or disapprove the sale or acquisition pursuant to the act.

(4) For acquisitions which require approval from the department under the Nonprofit Hospital Sale Act and a certificate of need under the Nebraska Health Care Certificate of Need Act, the applicant shall submit a single application for both purposes and such application shall be reviewed under a single unified review process by the department. Following the single unified review process, the department shall issue (a) its decision for purposes of the Nebraska Health Care Certificate of Need Act and (b) its decision for purposes of the Nonprofit Hospital Sale Act.

Sec. 5. The department or the Attorney General shall during the course of its review under section 4 of this act hold a public hearing in which any person may intervene if the person seeking to intervene can show an interest in the matter distinct from that of the general public. The department and the Attorney

General may adopt and promulgate rules and regulations for such intervention. The department or the Attorney General may subpoena additional information or witnesses, require and administer oaths, require sworn statements, take depositions, and use related discovery procedures for purposes of the hearing and at any time prior to making a decision on the application.

The hearing shall be held not later than thirty days after receipt of a completed application. The hearing shall be held upon ten working days' notice, not including days the application is deemed to be incomplete.

Sec. 6. (1) The Attorney General shall review the completed application in accordance with the standards enumerated in section 7 of this act. Within sixty days after receipt of a completed application, the Attorney General shall:

(a) Approve the acquisition, with or without specific modifications; or

(b) Disapprove the acquisition.

The Attorney General shall not make his or her decision subject to any condition not directly related to criteria enumerated in section 7 of this act, and any condition or modification shall bear a direct and rational relationship to the application under review.

If the Attorney General does not act within ninety days, the application shall be deemed approved.

(2) The department shall review the completed application in accordance with the standards enumerated in section 8 of this act. Within sixty days after receipt of a completed application, the department shall:

(a) Approve the acquisition, with or without any specific modifications; or

(b) Disapprove the acquisition.

The department shall not make its decision subject to any condition not directly related to criteria enumerated in section 8 of this act, and any condition or modification shall bear a direct and rational relationship to the application under review.

(3) The applicant or any intervenor may seek judicial review of the decision of the department or the decision of the Attorney General, pursuant to sections 84-917 to 84-919.

Sec. 7. In making a decision to approve or disapprove an application under the Nonprofit Hospital Sale Act, the Attorney General shall consider:

(1) Whether the sale or acquisition are permitted under the Nebraska Nonprofit Corporation Act and other laws of Nebraska governing nonprofit entities, trusts, or charities;

(2) Whether due care was exercised by the nonprofit hospital in deciding to sell, selecting the buyer, and negotiating the sale;

(3) The procedures used by the seller in making its decision, including whether appropriate expert assistance was used;

(4) Whether conflict of interest was avoided, including, but not limited to, conflicts of interest related to board members of, key executives of, legal counsel for, and experts retained by the seller, purchaser, or parties to the acquisition;

(5) Whether the seller will receive fair value for its assets. The Attorney General may employ, at the seller's expense, any necessary expert assistants in making this determination if the application has incompletely addressed the standards enumerated in subdivision (2) or (3) of this section;

(6) Whether charitable funds are placed at risk, if the acquisition is financed in part by the seller;

(7) Whether the seller retained a realistic option to sell any remaining interests to the purchaser for a fair price;

(8) Whether any management contract under the acquisition is for fair value;

(9) Whether the sale proceeds will be used for appropriate charitable purposes consistent with the seller's original purpose or for the support and promotion of health care in the affected community and whether the proceeds will be controlled as charitable funds independently of the purchaser or parties to the acquisition;

(10) Whether any charitable corporation established to hold the proceeds of the sale will be broadly based in the community and be a representative of the affected community, including the structure and governance of such corporation; and

(11) Whether a right of first refusal to repurchase the assets by a successor nonprofit corporation or foundation if the hospital is subsequently sold to, acquired by, or merged with another entity has been retained.

Sec. 8. In making a decision whether to approve or disapprove an application, the department shall consider:

(1) Whether sufficient safeguards are included to assure the affected community continued access to affordable care;

(2) Whether the purchaser and parties to the acquisition have made a commitment to provide health care to the disadvantaged, the uninsured, and the underinsured and to provide benefits to the affected community to promote improved health care. Activities and funding provided by the seller or its successor nonprofit corporation or foundation to provide such health care may be considered in evaluating compliance with this commitment; and

(3) If health care providers will be offered the opportunity to invest or own an interest in the purchaser or a related entity to the purchaser, whether procedures or safeguards are in place to avoid conflict of interest in patient referral and the nature of such procedures or safeguards.

Sec. 9. The department shall require periodic reports from the seller or its successor nonprofit corporation or foundation and from the purchaser or other parties to the acquisition to ensure compliance with commitments made. The

department may subpoena information and documents and may conduct onsite compliance audits at the purchaser's expense.

If the department receives information indicating that the purchaser or parties to the acquisition are not fulfilling the commitment to the affected community under section 8 of this act, the department shall hold a hearing upon ten days' notice to the affected parties. If after such hearing the department determines that the information is true, it may institute proceedings to revoke the license issued to the purchaser under section 6 of this act.

Sec. 10. In the event of the acquisition of a hospital without first having received the approval of the department and the approval of the Attorney General under the Nonprofit Hospital Sale Act, or in the event that the hospital is not fulfilling its commitment under section 8 of this act or is not following procedures of safeguards committed to under subdivision (3) of such section, no license to operate the hospital may be issued or reviewed by the department pursuant to Chapter 71, article 20, or any other state statute, and a license which has been issued shall be subject to revocation or suspension. Nothing in this section limits the rights to a hearing under section 71-2023 or the right of appeal for a hospital from such decision as provided in Chapter 71, article 20.

Sec. 11. Any acquisition of a hospital before the effective date of this act and any sale or acquisition in which an application for a certificate of need under the Nebraska Health Care Certificate of Need Act has been granted by the department before the effective date of this act is not subject to the Nonprofit Hospital Sale Act.

Sec. 12. No provision of the Nonprofit Hospital Sale Act shall derogate from the common law or statutory authority of the Attorney General.

Sec. 13. Since an emergency exists, this act takes effect when passed and approved according to law.".

Sec. 4. Any organization or agency may file a written application with the Department of Health for licensure as a

hospice. The application shall be filed on a form prescribed by the department and shall be accompanied by a license fee fixed by rules and regulations of the department.

Sec. 5. A license issued under the Hospice Licensure Act is not assignable or transferable, must be separate from any existing license, and is subject to suspension or revocation at any time for failure to comply with the act.

Sec. 6. (1) The Department of Health may adopt and promulgate rules and regulations to carry out the Hospice Licensure Act. The rules and regulations shall be initially adopted within one year after the effective date of this act. The rules and regulations shall apply to all organizations and agencies providing hospice care.

(2) The department shall fix, charge, and collect license fees and license renewal fees. The fees shall not be less than one hundred dollars or more than two hundred fifty dollars.

Sec. 7. Section 71-2017, Revised Statutes Supplement, 1994, is amended to read:

71-2017. The purposes of sections 71-2017 to 71-2029 and 81-604.01 and the Nebraska Nursing Home Act are: (1) To provide for the development, establishment, and enforcement of basic standards (a) for the care of persons in hospitals, health clinics, skilled nursing facilities, intermediate care facilities, intermediate care facilities for the mentally retarded, nursing facilities, domiciliary facilities, mental health centers, centers for the developmentally disabled, alcoholic treatment centers, residential care facilities, and drug treatment centers or persons using the services of a home health agency or hospice as defined in the Hospice Licensure Act and (b) for the construction, maintenance, and operation of such health care facilities which, in light of existing knowledge, will insure safe and adequate care of such persons in such health care facilities; (2) to recognize the coordinated development of health care facilities and services; (3) to promote the development of multi-institutional systems that will coordinate and consolidate the delivery of health care services and multi-institutional arrangements for the sharing of support services; and (4) to promote the development of capacity to provide various levels of care on a geographically integrated basis to meet the special needs of residents of the State of Nebraska for health services.

Any hospital or other health care facility owned or operated by a fraternal organization mentioned in section 21-608 exclusively for its own members shall be exempt unless any such fraternal organization owning or operating such a hospital or other health care facility is issued a license for such hospital or other health care facility upon its written application and upon its agreeing to comply with sections 71-2017 to 71-2029 and the Nebraska Nursing Home Act.

The Department of Health may waive any rule, regulation,

or standard adopted and promulgated by the department relating to construction or physical plant requirements of licensed health facilities upon proof by the licensee satisfactory to the department that the waiver of such rule, regulation, or standard will not unduly jeopardize the health or welfare of the patients or residents, that such rule, regulation, or standard would create an unreasonable hardship upon the facility, and that a waiver will not cause the State of Nebraska to fail to comply with any of the applicable requirements of medicare or medicaid so as to make the state ineligible for the receipt of all funds to which it might otherwise be entitled. The licensee shall submit and the department shall consider the following in evaluating the issue of unreasonable hardship: (i) The estimated cost of the modification or installation; (ii) the extent and duration of the disruption of the normal use of patient or resident areas resulting from construction work; (iii) the estimated period over which cost would be recovered through reduced insurance premiums and increased reimbursement related to cost; (iv) the availability of financing; and (v) the remaining useful life of the building. Any such waiver may be under such terms and conditions and for such period of time, not to exceed one year at a time, as the department may prescribe. The department may each year waive such rule, regulation, or standard for an additional year if the department determines that the continued waiver of such rule, regulation, or standard for an additional year will not constitute a hazard to the health or welfare of the patients or residents and will not cause the State of Nebraska to fail to comply with any of the applicable requirements of medicare or medicaid so as to make the state ineligible for the receipt of all funds to which it might otherwise be entitled.

Nothing in sections 71-2017 to 71-2029, 71-6043 to 71-6052, and 81-604.01, the Nebraska Nursing Home Act, or any rule or regulation adopted and promulgated pursuant thereto shall be construed to authorize or require any facility which is operated by and for members of a church which includes healing by prayer and spiritual means as a part of its religious practices to be licensed or inspected by the Department of Health except as such licensure and inspection pertain solely to sanitation, fire prevention, and safety standards and building and construction codes applicable to the facilities mentioned in subdivision (1) of this section, nor shall any patients, residents, or personnel thereof be subjected to any medical supervision, regulation, or control in connection with the operation of any such facility.

Sec. 8. Section 71-6615, Revised Statutes Supplement, 1994, is amended to read:

71-6615. Sections 71-6601 to 71-6615 shall not apply to any volunteers working on behalf of a hospice licensed under the Hospice Licensure Act ~~program, as such program is defined by rules and regulations of the department,~~ who, as part of their volunteer

duties, provide home health care.

Sec. 9. Original sections 71-2017 and 71-6615, Revised Statutes Supplement, 1994, are repealed.".

E & R amendment to LB 1248:
AM7215

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. (1) While appropriations are adequate to meet the normal needs, the Legislature recognizes the necessity to care for the unusual and extraordinary burdens imposed on the state and local government by catastrophic financial emergencies. It is the intent of the Legislature that the first recourse for responding to catastrophic financial emergencies shall be to funds regularly appropriated to the state or to local government by its governing body.

(2) For purposes of claims made pursuant to this section:

(a) Catastrophic financial emergency means expenses which (i) are caused by abnormal expenses of government incurred as a result of legal mandates and requirements imposed on local government by the state combined with expenses incurred in relation to a disaster which means the occurrence of widespread or severe damage, injury, or loss of life or property resulting from any natural cause including, but not limited to, fire, flood, earthquake, wind, storm, wave action, or oil spill or other water contamination requiring emergency action to avert danger or damage, epidemic, air contamination, blight, drought, infestation, explosion, riot, or civil disturbance, (ii) are incurred within the five immediately preceding fiscal years but which may be related to acts or incidents that occurred not more than three years prior to that five-year period and may be ongoing, and (iii) create an undue burden on local government due to a lack of viable fiscal resources; and

(b) Local government means any county, city, or village in Nebraska.

(3) A local government may file a claim for reimbursement of indebtedness or for a grant or loan to provide financial relief from the state through the Local Government Catastrophic Financial Emergency Fund under the following circumstances:

(a) To reimburse local governments for indebtedness incurred pursuant to sections 15-244, 16-213, 17-560, 18-1750, and 23-160.01 or a home rule charter as a result of a catastrophic financial emergency; and

(b) To provide financial relief to local governments in the form of grants or loans to permit the normal transaction of essential business and to provide for the continuation of essential services.

(4) The claim shall be filed with the Risk Manager. The following information shall be filed with the claim in order to determine eligibility:

(a) A resolution approved by the governing body formally declaring a catastrophic financial emergency;

(b) Documentation of expenses related to any occurrence within the immediately preceding five fiscal years of any natural disaster that used the local government's financial resources;

(c) Documentation of abnormal expenses incurred within the immediately preceding five fiscal years which are caused by legal mandates imposed by either state or federal government;

(d) Documentation that the local government has exhausted other viable sources of revenue; and

(e) Additional information that may be required and shall be requested by the Risk Manager as part of the investigation.

(5) The Risk Manager shall immediately inform the State Claims Board as to the filing of the claim and the nature of the demand. The claim shall be investigated and the results of the investigation presented to the State Claims Board for review and decision.

(6) Approved claims shall be paid from the Local Government Catastrophic Financial Emergency Fund to the extent that there are funds available. The local government may appeal any claim denied by the State Claims Board, or any claim approved but for which full payment has not been made, to the Legislature by filing a notice of appeal with the Risk Manager prior to December 31 of the year in which the State Claims Board decision was made. The appeal will be included in the claims bills annually considered by the Legislature.

(7) An annual report shall be made to the Legislature by the Risk Manager listing all claims against the Local Government Catastrophic Financial Emergency Fund.

(8) This section terminates on June 30, 1998.

(2) There is hereby established a division within the Department of Administrative Services to be known as the risk management and state claims division. The division shall be headed by the Risk Manager who shall be appointed by the Director of Administrative Services. The division shall be responsible for the Risk Management Program, which program is hereby created. (g) Determine whether the state suffered a loss for which self-insured property loss funds have been created and authorize and administer payments for such loss from the State Self-Insured Property Fund for the purpose of replacing or rebuilding state property;

11-203, 81-8,239.05, 81-8,239.07, and 84-1603 and section 1 of this act;

(i) Approve the use of risk management pools by any department, agency, board, bureau, commission, or council of the State of Nebraska; and

(j) Recommend to the Legislature such legislation as may be necessary to carry out the purposes of the Risk Management Program and make appropriation requests for the administration of the program and the funding of the separate funds administered by the Risk Manager.

(4) No official or employee of any entity created by local public agencies pursuant to the Interlocal Cooperation Act shall be considered a state official or employee for purposes of sections 81-8,239.01 to 81-8,239.06.

Sec. 3. Section 81-8,239.02, Reissue Revised Statutes of Nebraska, is amended to read:

The Risk Manager may retain in the fund sufficient money to pay for any deductibles or copayments as may be required by such insurance policies;

(2) The State Self-Insured Property Fund is hereby created for the purpose of replacing, repairing, or rebuilding state property which has incurred damage or is suffering other loss not fully covered by insurance and for paying related expenses. (3) The State Self-Insured Indemnification and Liability Fund is hereby created for the purpose of paying compensable liability and fidelity claims against the state or its agencies, officials, or employees which are not fully covered by insurance and for paying indemnification claims under section 81-8,239.05. Indemnification claims shall include payments for awards, settlements, and associated costs, including appeal bonds and reasonable costs associated with a required appearance before any tribunal. MOTION - Place LB 943 on General File

Mrs. Stuhr renewed her pending motion, found in the Journal on page 885, to place LB 943 on General File pursuant to Rule 3, Section 19(b).

Mr. Lindsay raised a point of order on whether the Stuhr motion filed February 22, 1996, was in order, since the bill has been reported as indefinitely postponed by the Judiciary Committee on February 26, 1996.

The Chair ruled that the Stuhr motion was not in order, and that the bill could only be placed on General File under the provisions of Rule 3, Section 17.

Mrs. Stuhr challenged the ruling of the Chair. The question is, "Shall the Chair be overruled?"

Mr. Beutler moved the previous question. The question is, "Shall the debate now close?" The motion prevailed with 33 ayes, 1 nay, and 15 not voting.

Mr. Lynch asked unanimous consent to be excused until he returns. No objections. So ordered.

Mrs. Stuhr moved for a call of the house. The motion prevailed with 36 ayes, 0 nays, and 13 not voting.

Madam President, Mister Speaker
and Members of the Legislature
State Capitol Bldg.
Lincoln, NE 68509

Dear Madam President and Senators:

Engrossed Legislative Bill 584 was received in my office on February 26, 1996. I have signed the bill.

LB 584 contains a number of provisions, including one that creates an aquatic habitat fund which will be administered by the Nebraska Game and Parks Commission. Beginning in 1997, people wishing to fish in Nebraska will have to obtain an aquatic habitat stamp. Fees collected from the stamp will go into the Aquatic Habitat Fund.

Some time ago, I challenged the Game and Parks Commission to develop a plan that would make Nebraska the nation's number one state for hunting and fishing. In order to implement that plan, the Commission supported the creation of an Aquatic Habitat Fund. The fund will be used to pay for such things as installing fish barriers, constructing fish screens, dredging lakes, building sediment retention structures, repairing shorelines and other habitat improvements. I have been assured by the Commission that all of the money collected will go for habitat improvement projects and none of the funds will be spent on any of the Commission's administrative obligations.

LB 584 requires the Commission to submit a habitat plan to the Legislature prior to making any expenditures. Anglers across the state were asked to provide input and have been a major contributor in developing an overall strategy for a plan. Although the planning process is well underway, there is not yet a detailed blueprint for improving habitat in Nebraska. It is imperative that anglers continue to play a role in developing the specifics of a habitat plan. I have asked the Commission to work closely with my office to ensure a detailed and comprehensive plan that will result in improved, tangible fishing benefits.

Although I am disappointed that a detailed habitat plan does not yet exist, I am confident that the Aquatic Habitat Fund will result in improved and expanded fishing opportunities in the state. I remain committed to making Nebraska the number one state in the country for hunting and fishing.

Sincerely,
(Signed) E. Benjamin Nelson
Governor

EXPLANATION OF VOTE

Had I been present, I would have voted affirmatively for LB 939e on Friday, February 23, 1996.

ATTORNEY GENERAL'S OPINION

Opinion No. 96016

DATE: February 27, 1996

SUBJECT: LR 41CA - Effect of Abolishing the Public Service Commission as a Constitutional Body.

REQUESTED BY: Senator Chris Beutler
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
L Jay Bartel, Assistant Attorney General

You have requested our opinion regarding the effect of a pending legislative resolution (LR 41CA) which proposes to amend the Nebraska Constitution by eliminating all references to the Public Service Commission {the "Commission"}.[1] LR 41CA, if adopted, would remove references in the Constitution to the Commission, and would repeal Neb. Const. art. IV, § 20, the constitutional provision creating the Commission. Your question is whether, if LR 41CA is placed on the ballot and approved by the voters, the statutory authority of the Commission to operate will continue, or whether removal of the Commission from the Constitution will "effectively eliminate its authority to operate". You also ask whether rules and regulations which have been adopted by the Commission will remain operative if the resolution is adopted.

Article IV, § 20, of the Nebraska Constitution, currently provides:

There shall be a Public Service Commission, consisting of not less than three not more than seven members, as the Legislature shall

prescribe, whose terms of office shall be six years, and whose compensation shall be fixed by the Legislature. Commissioners shall be elected by districts of substantially equal population as the Legislature shall provide. The powers and duties of such commission shall include the regulation of rates, service and general control of common carriers as the Legislature may provide by law. But, in the absence of specific legislation, the commission shall exercise the powers and perform the duties enumerated in this provision.

Commission authority over common carriers "is rooted in legislative, judicial, and electoral activities during the early 1900s." **State ex rel. Spire v. Northwestern Bell Tel. Co.,** 233 Neb. 262, 274, 445 N.W.2d 284, 292 (1989). "In the election of November 6, 1906, the forerunner of Neb. Const. art. IV, § 20, was added by amendment to the state Constitution, an amendment which created the 'State Railway Commission' with authority to regulate 'common carriers'." **Id.** at 274, 445 N.W.2d at 292-93. "Before the constitutional amendment establishing the {Commission}, the Legislature was the sole repository for control over" common carriers. **Id.** at 275, 445 N.W.2d at 293. "The constitutional amendments of 1906 and 1907 extended to the {Commission} the regulatory power which was previously exercisable only by the Legislature." **Id.**

Briefly stated, the railway commission {Commission} is created by section 20, article IV, of the Constitution. It is granted powers and duties which include the regulation of rates, service, and general control of common carriers as directed by the Legislature. In a field where the Legislature has not acted, the commission is authorized to exercise the powers and perform the duties enumerated in the constitutional provision. This means, of course, that the Legislature may properly enact specific legislation limiting the scope of the commission's powers.

Union Transfer Co. v. Bee Line Motor Freight, 150 Neb. 280, 283, 34 N.W.2d 363, 365 (1948). **See, also, Meyers v. Blair Tel. Co.,** 194 Neb. 55, 230 N.W.2d 190 (1975); **In re Lincoln Traction Co.,** 103 Neb. 229, 171 N.W. 192 (1919). "{U}nlike some public service commissions, the Nebraska Public Service Commission, in the different aspects of its constitutional functions, exercises legislative, administrative, and judicial powers." **Meyers v. Blair Tel. Co.,** 194 Neb. at 62, 230 N.W.2d at 196.[2] "Although the {Commission} is an independent regulatory body under the Nebraska Constitution, {Commission} jurisdiction to regulate common carriers may be restricted by the Legislature through 'specific legislation'." **State ex rel. Spire v. Northwestern Bell Tel. Co.,** 233 Neb. at 276, 445 N.W.2d at 293.

While the Constitution provides for the creation of the Commission, various legislative enactments further outline the scope of the Commission's regulatory powers. Neb. Rev. Stat. § 75-109 (Supp 1995) provides, that, "{e}xcept as provided in sections 19-4603, 86-803, and 86-808, the commission shall regulate and exercise general

control as provided by law over all common carriers, which term is hereby defined as all carriers, including contract carriers, engaged in the transportation of freight or passengers for hire or furnishing communication services for hire in Nebraska intrastate commerce."[3] In addition to legislation in Chapter 75, Article 1, regarding the organization and composition of the Commission, its regulatory scope, and procedure, the Legislature has enacted statutes relating to the Commission's regulation of motor carriers (Chapter 75, Article 3), rail carriers (Chapter 75, Article 4), pipeline carriers (Chapter 75, Article 5), and telegraphs and telephones (Chapter 75, Article 6, and Chapter 86, Article 8). Also, while the Commission exercises constitutional authority in regulating common carriers, subject, of course, to specific legislative action, it exercises statutory authority in its regulation of contract carriers, transmission lines (Chapter 75, Article 7), grain dealers (Chapter 75, Article 9), water service (Chapter 75, Article 10), and grain warehouses (Chapter 88, Article 5). **See In re Complaint of Fecht,** 216 Neb. 535, 344 N.W.2d 636 (1984). (Commission jurisdiction over grain warehouses limited to functions specifically defined in statute, as grain warehouses not "common carriers").

LR 41CA would, if adopted, remove all references in the Constitution to the Commission, and would repeal art. IV, § 20, the constitutional provision creating the Commission. The Legislature has, as noted above, enacted numerous statutes outlining the powers and duties of the Commission in the regulation of common carriers, and the scope of Commission regulatory authority in other areas. If LR 41CA were approved by the voters, that would not, of course, operate to repeal or otherwise effect the statutory provisions relating to the Commission. While LR 41CA would eliminate the Commission as a constitutionally created body, it does not purport to remove all powers and duties of the Commission set forth in state statutes.

At present, however, there is no statute specifically providing for the creation of the Commission. This is so, of course, because the Commission is created by art. IV, § 20, of the Constitution, and its existence is therefore mandated by the Constitution. Thus, if LR 41CA is adopted, and the constitutional provision creating the Commission is eliminated, a question may arise regarding the continued authority of the Commission to operate pursuant to the numerous statutes setting forth its powers and duties, in the absence of any constitutional or statutory provision actually providing for its creation. Likewise, enactment of the amendment could also raise questions concerning the continued validity of rules and regulations adopted by the Commission, if the authority of the Commission to exist itself is not clear.

It appears that the intent of the amendment is to repeal the Commission's status as a constitutional body, thus providing the Legislature total authority to determine the scope of any regulatory power to be exercised by the Commission, or, if it chooses, allowing the Legislature to eliminate the Commission or transfer its duties and functions to other administrative officers or agencies. It is unclear what effect, if any, adoption of the amendment may have on the

Commission's continued authority to operate under existing statutes outlining the Commission's powers and duties in the regulation of common carriers or other areas which are currently subject to regulation by the Commission. The ballot language for submission of the amendment does not specifically express an intent to abolish the Commission immediately if approved, but, rather, only states that it would "remove references to the Public Service Commission and the Railway Commission" from the Constitution. This seems to imply that it is intended that the Commission would continue to operate under the authority provided by statute if the amendment is approved, subject, of course, to future legislative determinations regarding its continued existence or the scope of its duties. If that, in fact, is the intention of the Legislature, perhaps amendatory language should be considered which would clearly manifest such intent. It may also be advisable for the Legislature to consider enacting a statute specifically providing for the creation of the Commission to exercise those powers and duties currently set forth by statute. While we believe that the Commission would retain its authority to enact pursuant to existing statutes if the amendment were adopted (subject, or course, to future legislative changes), some clarification of the Legislature's intent in this regard would be advisable.[4]

[1] The resolution would also remove references in the Constitution to the "Railway Commission", the name by which the Commission was known before its designation as the Public Service Commission.

[2] In many states, public service commissions are wholly creatures of statutory origin, and, as such, exercise only those powers expressly granted by the legislature. **See, e.g., United Tel. Co. of Florida v. Public Service Comm'n.,** 496 So. 2d 116 (Fla. 1986); **Maine Public Service Co. v. Public Utilities Comm'n.,** 524 A.2d 1222 (1987); **Alpert v. Boise Water Corp.,** 118 Idaho 136, 795 P.2d 298 (1990).

[3] In **Meyer v. Blair Tel. Co.,** the Nebraska Supreme Court, discussing a prior version of this statute, noted that it "essentially" was "merely a reiteration of the constitutional provision {art. IV, § 20}." 194 Neb. at 58, 230 N.W.2d at 194.

[4] We note that, at one time, a statute existed providing that agencies, boards, and commissions would, upon termination, "continue in existence until July 1 of the next succeeding year for the purpose of concluding {their} affairs." Neb. Rev. Stat. § 81-199 (Cum. Supp. 1984). That statute, however, was repealed in 1986. 1986 Neb. Laws, LB 745, § 1.

Very truly yours,

RESOLUTION

LEGISLATIVE RESOLUTION 328. Introduced by Schellpeper, 18; Pedersen, 39; Avery, 3; Janssen, 15; Abboud, 12; Pirsch, 10; Robak, 22; Jones, 43; Witek, 31; Hudkins, 21; Dierks, 40; Jensen, 20; Schmitt, 41; Elmer, 44; Vrtiska, 1; Coordsen, 32.

PURPOSE: General concern about the increase of violent crime in Nebraska has prompted discussion as to whether or not Nebraska residents should be allowed to make a personal decision to carry a concealed handgun for personal safety and protection reasons. LB 1347, the Right to Carry A Concealed Handgun License Act, was introduced during the 1996 legislative session to permit the concealed carrying of a handgun by applicants who pass a state and federal criminal background check and complete a handgun safety and training course. It was determined at the time of committee hearing that there is significant support for legislation that would permit concealed handgun licensing to qualified applicants. It was also determined that further study is needed to draft legislation to meet the needs of the public as well as address law enforcement concerns. The purpose of this resolution is to study the issues associated with the enactment of concealed-carry license legislation in other states and issues specific to Nebraska related to concealed-carry license legislation. The study shall include, but not be limited to, the following issues:

(1) Eligibility requirements of each state with concealed-carry license laws;

(2) Revocation processes of each state with concealed-carry license laws;

(3) Fines and penalties for violations of concealed-carry licenses in other states;

(4) Handgun safety training programs available to prospective applicants in Nebraska;

(5) Fee amounts required for application and renewal of a concealed-carry license to ensure coverage of all costs included in the application and licensing process; and

(6) Number of handgun permits currently issued in Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

Sec. 7. Section 71-2017, Revised Statutes Supplement, 1994, is amended to read:

71-2017. The purposes of sections 71-2017 to 71-2029 and 81-604.01 and the Nebraska Nursing Home Act are: (1) To provide for the development, establishment, and enforcement of basic standards (a) for the care of persons in hospitals, health clinics, skilled nursing facilities, intermediate care facilities, intermediate care facilities for the mentally retarded, nursing facilities, domiciliary facilities, mental health centers, centers for the developmentally disabled, alcoholic treatment centers, residential care facilities, and drug treatment centers or persons using the services of a home health agency or hospice as defined in the Hospice Licensure Act and (b) for the construction, maintenance, and operation of such health care facilities which, in light of existing knowledge, will insure safe and adequate care of such persons in such health care facilities; (2) to recognize the coordinated development of health care facilities and services; (3) to promote the development of multi-institutional systems that will coordinate and consolidate the delivery of health care services and multi-institutional arrangements for the sharing of support services; and (4) to promote the development of capacity to provide various levels of care on a geographically integrated basis to meet the special needs of residents of the State of Nebraska for health services.

Any hospital or other health care facility owned or operated by a fraternal organization mentioned in section 21-608 exclusively for its own members shall be exempt unless any such fraternal organization owning or operating such a hospital or other health care facility is issued a license for such hospital or other health care facility upon its written application and upon its agreeing to comply with sections 71-2017 to 71-2029 and the Nebraska Nursing Home Act.

The Department of Health may waive any rule, regulation, or standard adopted and promulgated by the department relating to construction or physical plant requirements of licensed health facilities upon proof by the licensee satisfactory to the department that the waiver of such rule, regulation, or standard will not unduly jeopardize the health or welfare of the patients or residents, that such rule, regulation, or standard would create an unreasonable hardship upon the facility, and that a waiver will not cause the State of Nebraska to fail to comply with any of the applicable requirements of medicare or medicaid so as to make the state ineligible for the receipt of all funds to which it might otherwise be entitled. The licensee shall submit and the department shall consider the following in evaluating the issue of unreasonable hardship: (i) The estimated cost of the modification or installation; (ii) the extent and duration of the disruption of the normal use of patient or resident areas resulting from construction work; (iii) the estimated period over which cost would

be recovered through reduced insurance premiums and increased reimbursement related to cost; (iv) the availability of financing; and (v) the remaining useful life of the building. Any such waiver may be under such terms and conditions and for such period of time, not to exceed one year at a time, as the department may prescribe. The department may each year waive such rule, regulation, or standard for an additional year if the department determines that the continued waiver of such rule, regulation, or standard for an additional year will not constitute a hazard to the health or welfare of the patients or residents and will not cause the State of Nebraska to fail to comply with any of the applicable requirements of medicare or medicaid so as to make the state ineligible for the receipt of all funds to which it might otherwise be entitled.

Nothing in sections 71-2017 to 71-2029, 71-6043 to 71-6052, and 81-604.01, the Nebraska Nursing Home Act, or any rule or regulation adopted and promulgated pursuant thereto shall be construed to authorize or require any facility which is operated by and for members of a church which includes healing by prayer and spiritual means as a part of its religious practices to be licensed or inspected by the Department of Health except as such licensure and inspection pertain solely to sanitation, fire prevention, and safety standards and building and construction codes applicable to the facilities mentioned in subdivision (1) of this section, nor shall any patients, residents, or personnel thereof be subjected to any medical supervision, regulation, or control in connection with the operation of any such facility.

Sec. 8. Section 71-6615, Revised Statutes Supplement, 1994, is amended to read:

71-6615. Sections 71-6601 to 71-6615 shall not apply to any volunteers working on behalf of a hospice licensed under the Hospice Licensure Act ~~program, as such program is defined by rules and regulations of the department,~~ who, as part of their volunteer duties, provide home health care.

Sec. 9. Original sections 71-2017 and 71-6615, Revised Statutes Supplement, 1994, are repealed.".

2. Renumber the remaining sections accordingly.

3. Correct the repealer and operative date sections so the sections added by this amendment become operative three calendar months after the adjournment of this legislative session.

Enrollment and Review

LEGISLATIVE BILL 604. Placed on Select File as amended.

(E & R amendment, AM7220, may be found in the Bill Books. The amendment has been printed separately and is on file in the Bill Room - Room 1102.)

LEGISLATIVE BILL 575. Placed on Select File as amended.
E & R amendment to LB 575:
AM7217

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. Section 14-373, Reissue Revised Statutes of Nebraska, is amended to read:

14-373. Each city of the metropolitan class is authorized and required to prepare a plan for its future physical development and growth. Such plan shall be prepared, and shall be carried out by an appropriate city board or official. The plan may include such lands outside the corporate limits of the city as may bear a relation to the development of the city. A planning board may be given such other powers and duties by statute or charter as may be appropriate, and on or after January 1, 1998, the planning board shall have one member qualified and appointed as provided in section 3 of this act.

Sec. 2. The Legislature finds that:

(1) The exercise of zoning, planning, and other concomitant powers by a city of the metropolitan class in the area of extraterritorial jurisdiction described and authorized by state law necessarily affects property outside the corporate boundaries of the city and persons who are not inhabitants of or electors in the city;

(2) The protection of unrepresented persons and property affected by a statutorily created zoning and planning process is a matter of state concern; and

(3) The protection of such unrepresented persons and property would be facilitated by requiring that at least one person residing in the area of extraterritorial jurisdiction and appointed by an elected body of the area of extraterritorial jurisdiction serve as a member of the planning board of the city of the metropolitan class if a planning board exists.

Sec. 3. (1) Notwithstanding any provision of a city charter to the contrary, the next vacancy that occurs on a city planning board on or after January 1, 1998, shall be filled by the appointment of a person who resides in the area of extraterritorial jurisdiction as provided in subsection (2) of this section. At all times following the initial appointment of a planning board member who resides in the area of extraterritorial jurisdiction, one member of the planning board shall be so qualified and appointed.

(2) The city clerk shall formally notify the county clerk of the existence of the next vacant position that occurs on the planning board on or after January 1, 1998, within ten days after the date of the vacancy. The county board, within thirty days

after such notice, shall hold a meeting to consider nominations for appointment to the vacancy and shall appoint a person qualified under subsection (1) of this section to fill the vacancy. Prior to holding such meeting, the county board shall cause to be published a notice of the vacancy and the date of the meeting. The notice shall be published in a newspaper of general circulation in the county in which such planning board is located at least once in each of the two weeks immediately preceding the week of the meeting. A nominee for the vacancy shall be appointed by majority vote of the county board. The appointee shall become a member of the planning board when the city clerk receives certification from the county clerk of the name of the appointee.

(3) Following the initial appointment of the extraterritorial member to the planning board pursuant to this section, the city clerk shall inform the county clerk of any vacancy occurring in the extraterritorial member's position within ten days after its occurrence or at least thirty days prior to the expiration of the extraterritorial member's term.

(4) Any person qualified and appointed under this section shall serve for terms equal to that of the planning board members who reside within the corporate boundaries of the city and shall become a member of the planning board with all rights, duties, responsibilities, and perquisites appertaining to the position by state law, city charter, or city ordinance.

(5) For purposes of this section:

(a) Area of extraterritorial jurisdiction means the area outside the corporate boundaries of a city of the metropolitan class but within the largest area subject to such city's zoning, planning, and concomitant jurisdiction as described in sections 14-116, 14-418, and 14-419;

(b) City means a city of the metropolitan class;

(c) County board means the county board of a county in which a city of the metropolitan class is located;

(d) County clerk means the county clerk of a county in which a city of the metropolitan class is located; and

(e) Planning board means a planning board as organized pursuant to section 14-407.

Sec. 4. Original section 14-373, Reissue Revised Statutes of Nebraska, is repealed.".

E & R amendment to LB 1373:
AM7218

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. It is the intent of the Legislature to accurately and objectively measure the costs and benefits of tax

incentives granted by state and local government to businesses, individuals, and communities using the tax incentives. The Legislature desires to establish objective and measurable standards by which the State of Nebraska and local governments may in the future determine benefits of tax incentives. It is the intent of the Legislature to apply measurable cost-benefit standards to tax incentives and projects.

Sec. 2. The Review Incentives Program Committee is created. The committee shall consist of six members, three appointed by the Executive Board of the Legislative Council, a representative of the Tax Commissioner, a representative of the Director of Economic Development, and a representative of the Legislative Fiscal Analyst. All members shall have demonstrated expertise in economics, public finance, and financial analysis. The members shall be reimbursed for their actual and necessary expenses as provided in sections 81-1174 to 81-1177.

The Review Incentives Program Committee shall exist for two years after the effective date of this act, during which time it shall have the authority to examine models and methods for measuring the costs and benefits of tax incentive projects and statutory incentives. The committee shall consider, develop, and provide a brief review to the Legislature of a list of representative projects created under state law, including the Air and Water Pollution Control Tax Refund Act, the Community Development Law, the Employment and Investment Growth Act, the Employment Expansion and Investment Incentive Act, the Ethanol Development Act, the Local Option Municipal Economic Development Act, the Nebraska Investment Finance Authority Act, the Quality Jobs Act, the Research and Development Authority Act, the Small Business Development Authority Act, and sections 18-418, 18-2147 to 18-2154, and 70-655. In selecting and analyzing the representative projects, confidentiality requirements which are applicable to taxpayers by law are to be preserved.

Sec. 3. The Review Incentives Program Committee shall make a report of its recommendations for the development of a tax incentive cost-benefit analysis model or method to be used by the State of Nebraska on or before January 15, 1997. The committee shall review available techniques and models for use in objective measurement of costs and benefits. The committee shall develop a proposed list of measurement techniques, criteria for selection of a model, and cost-benefit analysis models for use by the Legislature. The committee shall provide a list of recommended private contractors or public agencies which can provide models and analysis.

The report shall provide advice to the Legislature on which, if any, publicly available models would be useful to taxpayers and legislators. A suggested request for proposals document shall be included in the report.

After review and approval by the Executive Board of the

Legislative Council, the Legislature may issue requests for bids to provide cost-benefit analysis models. The committee shall review all bids and may make recommendations to the executive board concerning the bidders on the project. Selection of the final bidder shall be made by the executive board.

Sec. 4. Any models proposed for use by the Review Incentives Program Committee shall consider and analyze the following factors:

(1) Tax shifts resulting from the granting of tax incentives;

(2) Public infrastructure and community public service needs impacts and local tax impacts arising from projects receiving incentives;

(3) Impacts on employers and employees of firms receiving tax incentives;

(4) Impacts on those Nebraska employers and employees not receiving direct incentives or benefits; and

(5) Any other impacts determined by the committee to be relevant to the consideration of costs and benefits arising from tax incentive programs.

Sec. 5. On or before January 1, 1998, the Review Incentives Program Committee shall present a review of current incentives and a public outcomes financial feasibility report to the Legislature. The report shall include a cost-benefit analysis of representative projects selected by the committee pursuant to section 2 of this act. The project or projects shall be reviewed using the model developed by the contractor chosen by the Executive Board of the Legislative Council. Prior to review using the model, a list of any specific projects chosen for review shall be presented to the executive board for approval or disapproval.".

LEGISLATIVE BILL 1322. Placed on Select File as amended.
E & R amendment to LB 1322:
AM7219

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. This act shall be known and may be cited as the Nebraska Affordable Housing Act.

Sec. 2. The Legislature finds that current economic conditions, lack of available affordable housing, federal housing policies that have placed an increasing burden on the state, and declining resources at all levels of government adversely affect the ability of Nebraska's citizens to obtain safe, decent, and affordable housing. Lack of affordable housing also affects the ability of communities to maintain and develop viable and stable economies.

Furthermore, the Legislature finds that impediments exist to the construction and rehabilitation of affordable housing. Local codes and state statutes have an important effect on

housing's affordability by placing increased costs on developers. Financing affordable housing, especially in rural areas and smaller communities, is becoming increasingly difficult. An affordable housing trust fund would assist all Nebraska communities in financing affordable housing projects.

To enhance the economic development of the state and to provide for the general prosperity of all of Nebraska's citizens, it is in the public interest to assist in the provision of safe, decent, and affordable housing in all areas of the state. The establishment of the Nebraska Affordable Housing Act will assist in creating conditions favorable to meeting the affordable housing needs of the state.

Sec. 3. The Affordable Housing Trust Fund is created. The fund may include revenue from sources recommended by the housing advisory committee established in section 4 of this act, appropriations from the Legislature, grants, private contributions, repayment of loans, and all other sources. The Department of Economic Development as part of its comprehensive housing affordability strategy shall administer the fund.

Sec. 4. (1) The Legislature finds that the development of operational rules and regulations and an appropriate source of funding is critical to the success of the Affordable Housing Trust Fund. A housing advisory committee is created to address issues related to the operation of the fund and to recommend a plan to coordinate low-income housing efforts throughout the state. On or before December 15, 1996, the committee shall recommend to the Legislature and the Governor the most viable revenue source or sources for the funding of the fund. The committee shall also recommend for public review proposals for rules and regulations to carry out the fund, including time limitations for the use of financial assistance and limitations on the administrative costs of proposed projects. For administrative purposes, the committee shall be located in the Department of Economic Development.

(2) The committee shall consist of fifteen members who represent a wide range of interests associated with the development and sales of housing. The Governor shall appoint the members and a chairperson and vice-chairperson from the members. The committee may be a committee or council previously created by statute or executive order of the Governor. The Governor shall attempt to have the nonprofit and for-profit communities equally represented on the advisory committee.

(3) The committee shall meet at the call of the chairperson or a majority of the members. The chairperson shall call such meetings as he or she determines necessary to fulfill the duties of the committee. A quorum shall be one-half of the members.

Sec. 5. The Department of Economic Development shall use the Affordable Housing Trust Fund to finance loans, grants, subsidies, credit enhancements, and other financial assistance for

community affordable housing projects.

Sec. 6. The following activities are eligible for assistance from the Affordable Housing Trust Fund:

(1) New construction, rehabilitation, or acquisition of housing to assist low-income and very low-income families;

(2) Matching funds for new construction, rehabilitation, or acquisition of housing units to assist low-income and very low-income families;

(3) Technical assistance, design and finance services, and consultation for eligible nonprofit community or neighborhood-based organizations involved in the creation of affordable housing;

(4) Matching funds for operating costs for housing assistance groups or organizations when such grant or loan will substantially increase the recipient's ability to produce affordable housing;

(5) Mortgage insurance guarantees for eligible projects;

(6) Acquisition of housing units for the purpose of preservation of housing to assist low-income or very low-income families;

(7) Projects making affordable housing more accessible to families with elderly members or members who have disabilities;

(8) Projects providing housing in areas determined by the Department of Economic Development to be of critical importance for the continued economic development and economic well-being of the community and where, as determined by the department, a shortage of affordable housing exists;

(9) Infrastructure projects necessary for the development of affordable housing;

(10) Downpayment and closing cost assistance; and

(11) Housing education programs developed in conjunction with affordable housing projects. The education programs must be directed toward:

(a) Preparing potential home buyers to purchase affordable housing and postpurchase education;

(b) Target audiences eligible to utilize the services of housing assistance groups or organizations; and

(c) Developers interested in the rehabilitation, acquisition, or construction of affordable housing.

Sec. 7. Organizations which may receive assistance under the Nebraska Affordable Housing Act are governmental subdivisions, local housing authorities, community action agencies, community-based or neighborhood-based or reservation-based nonprofit organizations, and for-profit entities working in conjunction with one of the other eligible organizations. Nothing in the act shall be construed to allow individuals to receive direct loans from the Affordable Housing Trust Fund.

Sec. 8. (1) During each calendar year in which funds are available from the Affordable Housing Trust Fund for use by the

Department of Economic Development, the department shall announce a grant and loan application period of at least ninety days duration. The department shall prioritize the projects using the following criteria:

(a) The community's immediate need for affordable housing;

(b) Proposed increases in home ownership;

(c) Private dollars leveraged;

(d) Level of local government support and participation; and

(e) Repayment, in part or in whole, of financial assistance awarded by the fund.

(2) The department shall fund in order of priority as many applications as will utilize available funds less actual administrative costs of the department in administering the program. In administering the program the department may contract for services or directly provide funds to other governmental entities or instrumentalities.

Sec. 9. The Department of Economic Development, in consultation with the Nebraska Investment Finance Authority and the housing advisory committee established in section 4 of this act, shall adopt and promulgate rules and regulations to carry out the Nebraska Affordable Housing Act. The department shall monitor programs to see that only qualified individuals and families are occupying projects funded by the Affordable Housing Trust Fund.

Sec. 10. (1) The Housing Code Task Force is created. The task force shall be located in the Department of Health for administrative purposes. The task force, in consultation with state and local entities, shall examine factors influencing the cost of housing construction, including, but not limited to:

(a) State and local statutes, rules, regulations, and codes governing the construction of housing;

(b) Planning and zoning processes which influence the timing and cost of housing construction;

(d) Alternative state and local incentives for the encouragement of housing development;

(e) Licensing and inspection requirements of state and local governments to determine duplicative or cumbersome processes or practices;

(f) Whether a fiscal estimate should be required for building code revisions, land use ordinances, or construction and design standard change proposals of state or local governments; and

(g) Whether special assessments should be allocated over a longer period of time.

(2) By December 15, 1996, the task force shall transmit to the Legislature and the Governor a report on its findings and recommendations, including at least:

(a) Model local infrastructure guidelines related to housing construction;

(b) State and local incentives for housing development;

(c) Model planning and zoning processes which avoid housing development delays;

(d) Model local building codes for affordable housing;

(e) Concerning any recommendations for changes in codes and code enforcement, a statement analyzing the cost-benefit analysis between the amount of money saved and the potential loss of quality housing and safety; and

(f) Other recommendations for facilitating the construction of housing, including the items listed in subdivisions (1)(e), (f), and (g) of this section.

(3) The task force shall consist of at least twelve members representative of the public, private, and governmental interests in development, sales, and regulation of housing. Of the twelve members, at least one member shall be a local code enforcement official, at least one member shall be a contractor involved in one of the licensed trades, and at least one member shall be an individual who actually works in the construction of housing. The Governor, in consultation with the housing advisory committee established in section 4 of this act, shall appoint the members, who shall be drawn from across the the State of Nebraska, and a chairperson and vice-chairperson from the members.

(4) The task force shall meet at the call of the chairperson or at least seven of the members. The chairperson shall call such meetings as he or she determines necessary to fulfill the duties of the task force. A quorum shall be seven of the members.

(Amendments to E & R amendments, AM7210)

1. Insert the following new section:

"Sec. 4. Section 79-516.08, Reissue Revised Statutes of Nebraska, is amended to read:

79-516.08. (1) Commencing with the 1992-93 school year, if the fall school district membership or the average daily membership of an existing Class II or III school district shows less than thirty-five students in grades nine through twelve, the district shall submit a plan for developing cooperative programs with other high schools, including the sharing of curriculum and certificated and noncertificated staff, to the county committee for the reorganization of school districts of the county in which the school district is located. The cooperative program plan shall be submitted by the school district by September 1 of the year following such fall school district membership or average daily membership report. A cooperative program plan shall not be required if there is no high school within fifteen miles from such

district on a reasonably improved highway. The county committee shall review the plan and provide advice and communication to such school district and other high schools.

(2)(a) If for two consecutive years the fall school district membership, or for two consecutive years the average daily membership, of an existing Class II or III school district is less than twenty-five pupils in grades nine through twelve or if for one year an existing Class II or III school district contracts with a neighboring school district or districts to provide educational services for all of its pupils in grades nine through twelve, such school district shall, except as provided in subsection (3) of this section, become a Class I school district through the order of the county superintendent if the high school is within fifteen miles on a reasonably improved highway of another high school.

(b) During the second consecutive year an existing Class II or III school district has less than twenty-five pupils in grades nine through twelve pursuant to subdivision (a) of this subsection and if the high school is within fifteen miles on a reasonably improved highway of another high school, any freeholder or freeholders, person in possession or constructive possession as vendee pursuant to a contract of sale of the fee, holder of a school land lease under section 72-232, or entrant upon government land who has not yet received a patent therefor may file a petition with a board consisting of the county superintendent, county clerk, and county treasurer, asking to have any tract or tracts of land described in the petition set off from a Class II or III school district as described in such subdivision in which it is situated and attached to an accredited district in the same county or an adjoining county thereto. The petition shall state the reasons for the proposed change and shall show with reference to the land of each petitioner: (i) That (A) the land described in the petition is either owned by the petitioner or petitioners or that he, she, or they hold a school land lease under section 72-232, are in possession or constructive possession as vendee under a contract of sale of the fee simple interest, or have made an entry on government land but have not yet received a patent therefor and (B) such tract of land includes all such contiguous land owned or controlled by each petitioner; (ii) that the land described in the petition is located in a Class II or III district as described in subdivision (a) of this subsection and is to be attached to an accredited school district in the same county or an adjoining county thereto; and (iii) that such petition is approved by a majority of the members of the school board of the district to which such land is sought to be attached. The petition shall be verified by the oath of each petitioner. The board shall, after a public hearing on the petition and a determination that all requirements of this subdivision have been complied with, change the boundaries of the school districts so as to set off the land described in the petition and attach it to such district pursuant

to the petition. Notice of the filing of the petition and of the hearing for such petition before the board shall be given at least ten days prior to the date of such hearing by one publication in a legal newspaper of general circulation in each district and by posting a notice on the outer door of the schoolhouse in each district affected thereby, and such notice shall designate the territory to be transferred. Petitions requesting transfers of property across county lines shall be addressed jointly to the county superintendents of the counties concerned, and the petitions shall be acted upon by the county superintendents, county clerks, and county treasurers of the counties involved as one board, with the county superintendent of the county from which the land is sought to be transferred acting as chairperson of the board. When the tract of land attached is not contiguous to the district receiving such land, the transportation allowance provisions of section 79-490 shall not extend beyond the boundary line of the receiving district that existed prior to the attachment of such tract of land.

Appeals may be taken from the action of such board, or when such board fails to agree, to the district court of the county in which the land is located within twenty days after entry of such action on the records of the board by the county clerk of the county in which the land is located or within twenty days after March 15 if the board fails to act upon such petition in the same manner as appeals are now taken from the action of the county board in the allowance or disallowance of claims against the county.

(c) This subsection shall not apply to any school district located on an Indian reservation and substantially or totally financed by the federal government.

(3) Any Class II or III school district maintaining a four-year high school which has a fall school district membership or an average daily membership of less than twenty-five students in grades nine through twelve may contract with another school district to provide educational services for its pupils in grades nine through twelve. Such contract may continue for a period, not to exceed one year. At the end of such one-year period, the school district may resume educational services for grades nine through twelve if the average daily membership in grades nine through twelve for such school district has reached at least fifty students. If the school district has not achieved such fall school district membership or average daily membership, it shall become a Class I school district ~~as prescribed in subsection (2) of this section~~ by order of the county superintendent entered after thirty days' notice to the district but without a hearing, notwithstanding the distance on a reasonably improved highway to the nearest school district conducting a high school.

(4) For purposes of this section, when calculating fall school district membership or average daily membership, a resident school district as defined in section 79-3402 shall not count

students attending an option district as defined in section 79-3402 and a Class II or III school district shall not count foreign exchange students and nonresident students who are wards of the court or state.".

(2) A district shall not receive state aid for each of the school years 1992-93, 1993-94, and 1994-95 which is less than one hundred percent of the amount of aid received pursuant to the School Foundation and Equalization Act for school year 1989-90.

(3) No district shall receive equalization aid in an amount such that total state aid received would result in such district having a general fund tax levy of less than sixty percent of the local effort rate as computed pursuant to section 79-3808. The calculation shall be based on valuation, state aid, and levy data from the current school year and, for the calculation of state aid in school year 1992-93 and each school year thereafter, shall also take into consideration the amounts of nonresident high school tuition certified by the department pursuant to section 79-4,102 for the current school year and for the school year in which such state aid is to be paid.

(4) For the calculation of state aid to be paid in school year 1993-94 and each school year thereafter in Class I districts which have more than one general fund levy in the current year, the department shall base the calculation on a derived general fund levy for the district computed by adding the general fund property tax yield for all portions of the district and dividing the result by the total assessed valuation of the district in hundreds.

~~(c) Each district's total formula need, total formula resources, and difference calculated pursuant to subdivision (b) of this subsection shall be added to arrive at system formula need, system formula resources, and system total difference;~~

~~(d) System equalization aid shall equal the amount by which the system formula need exceeds system formula resources; and~~

~~(e) Each district's share of the system equalization aid shall be calculated by dividing the district's difference calculated pursuant to subdivision (b) of this subsection by the system total difference and multiplying the result by the system equalization aid.~~

~~(6)~~ For school districts in affiliated school systems as defined in section 79-101.01, equalization aid to be paid in school year 1992-93 and each school year thereafter shall be computed as follows:

(a) For affiliated Class I districts, the total formula need and total formula resources shall be allocated to each affiliated school system based upon the proportion of such Class I district's adjusted valuation contained in each system with which it is affiliated;

(b) For the high school district and each Class I district or portion thereof allocated pursuant to subdivision (a) of this subsection, the total formula resources shall be subtracted from the total formula need, except that the difference shall never be less than zero;

(c) Each district's total formula need, total formula resources, and difference calculated pursuant to subdivision (b) of this subsection shall be added to arrive at system formula need, system formula resources, and system total difference;

(d) System equalization aid shall equal the amount by which the system formula need exceeds system formula resources; and

(e) Each district's share of the system equalization aid shall be calculated by dividing the district's difference calculated pursuant to subdivision (b) of this subsection by the system total difference and multiplying the result by the system equalization aid.

(6) ~~(7)~~ Beginning with school year 1994-95, a district which does not generate equalization aid pursuant to subsection (1)

of this section and in which option students as defined in section 79-3402 were actually enrolled in the current data year shall receive additional state aid for each such student in an amount equal to the statewide average tiered cost per student or the option school district's tiered cost per student, whichever is less.

(7) ~~(8)~~ For school years 1992-93 and 1993-94, a district which does not generate equalization aid pursuant to subsection (1) of this section and in which option students as defined in section 79-3402 were actually enrolled in the most recently available complete data year shall receive additional state aid computed by first multiplying the number of such option students, by grade group, by the district's tiered cost per student for each grade group and then summing the results for all grade groups in the district. The district shall receive additional state aid equal to the amount by which this calculation exceeds the district's actual receipts pursuant to section 79-3415 in the most recently available complete data year.

77-4927. (1) If a company has entered into an agreement with the state pursuant to section 77-4928 prior to the operative date of this section, employees who are employed at the project covered by the agreement, other than base-year employees, shall during each project year receive the wage benefit credit in the manner provided in the Quality Jobs Act.

(2) The wage benefit credit shall be paid or applied by the employee for company training programs, employee benefit programs, educational institution training programs, or company workplace safety programs, or any combination thereof, as designated by the employee or as agreed to by the company and employee.

(3) Except as provided in subsection (4) of this section,

the wage benefit credit per employee shall be an amount equal to the Nebraska income tax withholding attributable to the employee's compensation for services rendered in connection with the project for the project year without regard to the credit calculation under subsection (6) of this section.

(4) The wage benefit credit total for the project per year shall not exceed five percent of the total compensation paid by the company in the year to all employees, other than base-year employees, for services rendered in connection with the project. If the total of the wage benefit credit exceeds five percent of the total compensation paid to all employees, other than base-year employees, the withholding in excess of five percent of each employee's compensation shall be returned to the Department of Revenue in the manner provided in section 77-2756.

For purposes of the withholding reporting provisions of sections 77-2754 and 77-2756, the company shall report the wage benefit credit separately to the state and to the employee as a wage benefit credit. Each employee shall be allowed on his or her Nebraska income tax return a nonrefundable credit against the tax imposed by sections 77-2714 to 77-27,123 equal to the wage benefit credit not to exceed (a) his or her income tax liability minus (b) the amount that Nebraska income tax liability would be if the total compensation paid by the company in the taxable year were excluded from the employee's adjusted gross income. The calculation of this nonrefundable credit shall be included with the employee's tax return and reported as determined by the Department of Revenue. If any amount allowable as a wage benefit credit has been through error or otherwise improperly paid to the state, it shall be refunded to the person who paid it upon application for refund filed within three years after payment.

ATTORNEY GENERAL'S OPINION

Opinion No. 96018

DATE: March 5, 1996

SUBJECT: LB 1276; Constitutionality of Classifications Established by the Museum Property Act Under Art. III, § 18 of the Nebraska Constitution

REQUESTED BY: Senator David L. Maurstad
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Dale A. Comer, Assistant Attorney General

LB 1276, currently on general file before the Legislature, would enact the Museum Property Act (the "Act") into law. That Act deals generally with the disposition of certain tangible property of historic, artistic, scientific or cultural value on loan to or in the possession of nonprofit or public museums, historical societies, parks, libraries and zoos in Nebraska. Under that Act, a museum (defined in the Act to include at least those entities previously listed) could obtain title to such property on loan to it or such undocumented property in its possession by following certain specified notice procedures directed to the owners of the property after the expiration of set time periods. If the owners of the property failed to properly respond to notice from the museum, then title to the property would vest in that entity. You apparently are concerned with the constitutionality of certain portions of the Museum Property Act, and, as a result, you asked us, "{d}oes LB 1276 establish an exemption for a special class of individuals from the unclaimed property act, and therefore is this provision of LB 1276 unconstitutional?"

The Nebraska Uniform Disposition of Unclaimed Property Act (the "Unclaimed Property Act") is set out at **Neb. Rev. Stat. §§** 69-1301 through 69-1329 (1990, Cum. Supp. 1994, Supp. 1995). The Unclaimed Property Act provides generally that property such as money, bank deposits, stocks, certificates of deposit, checks, contents of safe deposit boxes, gift certificates or other intangible personal property which remains unclaimed and in the possession of banks, financial organizations, business organizations, life insurance companies, governmental subdivisions and utilities must be reported and remitted to the Nebraska State Treasurer after the expiration of particular time periods fixed in the Act. The State Treasurer then holds those properties for their true owners, who can reclaim them at any time by presenting proper proof of ownership.

In your request letter, you did not specify which particular provision or provisions in LB 1276 are the subject of your opinion request. Nonetheless, we assume that the classification which causes you concern is established by those portions of the bill which allow nonprofit or public museums to take or acquire title to property in their possession which remains unclaimed by its true owner or owners after the requisite notice under the bill and after the requisite time period has passed. Under those circumstances, such museums appear to be treated differently as a result of LB 1276 than business organizations, banks, etc. are treated under the Unclaimed Property Act, since entities subject to the latter statutes must report and remit unclaimed property in their possession to the State Treasurer. However, while such a classification may appear suspect, we believe that the provisions of LB 1276 in that regard are constitutional, and do not create an impermissible classification or special class.

At the outset, we must note that the property held by museums which is subject to the Museum Property Act does not appear to be property subject to the provisions or requirements of the Unclaimed Property Act. The Museum Property Act reaches "tangible object{s}, animate or inanimate, under a {nonprofit or public} museum's care, which {have} intrinsic historic, artistic, scientific or cultural value." In contrast, as noted above, the primary focus of the Unclaimed Property Act is financial instruments and money in the possession of business entities. Indeed, the catch-all or omnibus provision of the Unclaimed Property Act, § 69-1308, which reaches property "not otherwise covered by the Uniform Disposition of Unclaimed Property Act . . . that is held or owing in this state," is directed only to "intangible personal property," and not to the tangible museum artifacts which are the subject of the Museum Property Act. As a result, we do not believe that the provisions of LB 1276 carve out some sort of exception to the Unclaimed Property Act for museums so as to create a special classification. The property which is the subject of that bill is not reportable as unclaimed property in any event.

Assuming, however, that the property at issue under LB 1276 and held by museums is also reportable in some fashion under the Unclaimed Property Act, the classification which is the focus of your

opinion request apparently involves the privileges granted to nonprofit or public museums under the Museum Property Act as differentiated from the requirements placed upon the various organizations subject to the Unclaimed Property Act. You question whether such a special classification is constitutional.

Classifications created by the Legislature are tested under Art. III, § 18 of the Nebraska Constitution which prohibits any local or special laws "{g}ranting to any corporation, association, or individual any special or exclusive privileges, immunity or franchise whatever. . . ." That constitutional provision both requires equal protection under the law, and prohibits special legislation. **Haman v. Marsh,** 237 Neb. 699, 467 N.W.2d 836 (1991). Therefore, the classification at issue in the present instance must be tested under both of those constraints.

A legislative act constitutes special legislation under Art. III, § 18 if it (1) creates an arbitrary and unreasonable method of classification or (2) creates a permanently closed class. **City of Ralston v. Balka,** 247 Neb. 773, 530 N.W.2d 594 (1995); **Haman v. Marsh, supra.** We do not believe that the class of museums entitled to particular treatment under the Museum Property Act is a permanently closed class since other museums and similar entities could be created in the future which would be entitled to the protections of the Act. Therefore, a special legislation inquiry in this case must focus on the first prong of the test enunciated by the Nebraska Supreme Court -- does the legislation at issue create an arbitrary and unreasonable method of classification?

In the context of Art. III, § 18, the Nebraska Supreme Court has also indicated that a legislative classification is not arbitrary and unreasonable if (1) the classification is based upon some substantial difference of circumstances or situation that would indicate the justice or expediency of diverse legislation with regard to the objects classified, and (2) the classification would further a public purpose. **City of Ralston v. Balka, supra.** With those standards in mind, it seems to us that it is possible to argue that any classification created by LB 1276 where nonprofit and public museums are treated differently under the Museum Property Act than other entities and businesses with respect to the Unclaimed Property Act is based upon a substantial difference of circumstances which would support the justice and expediency of that diverse legislation. For example, museums and other nonprofit or public entities subject to LB 1276 serve educational, scientific and historical purposes which, in fact, differentiate them from banks, life insurance companies, public utilities and the like. Moreover, such a classification would, arguably, serve a public purpose in that museums and other entities under the bill would be allowed to take title and preserve artifacts of educational, historical or artistic value. Therefore, we do not believe that LB 1276 involves impermissible special legislation under Art. III, § 18 of the Nebraska Constitution.

Apart from issues involving special legislation, Art. III, § 18 also requires equal protection under the law. With respect to equal protection analysis, classifications which do not involve a suspect class

or a fundamental right, such as the classification differentiating business and other public entities from nonprofit or public museums in the present instance, are tested for a rational basis. **Robotham v. State,** 241 Neb. 379, 488 N.W.2d 533 (1992). That is, for equal protection purposes,

> {u}nless laws 'create suspect classifications or impinge upon constitutionally protected rights,' . . . it need only be shown that they bear some rational relationship to a legitimate state purpose.' "

Robotham at 382, 383, 488 N.W.2d at 538. Moreover, the rational basis test under an equal protection analysis is less rigorous than the test set out above for special legislation. **Haman v. Marsh, supra.** In the present instance, we cannot say that the differentiation between nonprofit or public museums under the Museum Property Act and business or other public entities under the Unclaimed Property Act has no rational relationship to a legitimate state purpose. For one thing, as noted above, it could be argued that there are strong policy reasons why unclaimed museum artifacts should remain in the possession of museums so that they might be preserved and displayed. Consequently, we do not believe that any exemption from the Unclaimed Property Act established for museums under the Museum Property Act violates Art. III, § 18 of the Nebraska Constitution as a denial of equal protection.

Sincerely yours,
DON STENBERG

The tax is three-fourths cent per bushel for corn and three-fourths cent per hundredweight for grain sorghum. The tax shall be in addition to any fee imposed pursuant to sections 2-3623 and 2-4012. The refund shall be payable by the department upon the grower's written application for a refund. The application shall have attached proof of the tax deducted.

The excise tax shall be deducted whether the corn or

grain sorghum is stored in this or any other state. RESOLUTION

LEGISLATIVE RESOLUTION 343. Introduced by Wickersham, 49; Wehrbein, 2; Lynch, 13; Crosby, 29; Robak, 22.

WHEREAS, section 79-1509.02, Reissue Revised Statutes of Nebraska, allowed noncertificated school employees who previously elected not to be included in the School Retirement System of the State of Nebraska to file, after January 1, 1978, and prior to July 1, 1978, an election to be included in membership of the system; and

WHEREAS, section 79-1509.03, Reissue Revised Statutes of Nebraska, allowed noncertificated school employees employed after January 1, 1978, and prior to July 1, 1978, to file until June 30, 1978, an election not to be included in membership of the system, thereby waiving all rights within the system except to a refund of accumulated contributions; and

WHEREAS, the Public Employees Retirement Board allowed certain noncertificated school employees access to the School Retirement System of the State of Nebraska after July 1, 1978, when the election for membership had closed pursuant to sections 79-1509.02 and 79-1509.03, Reissue Revised Statutes of Nebraska; and

WHEREAS, the Public Employees Retirement Board and the Nebraska Public Employees Retirement Systems do not have the statutory authority to allow noncertificated school employees who previously elected nonmembership to join the School Retirement System of the State of Nebraska; and

WHEREAS, members of the Public Employees Retirement Board and state officers and employees are charged with the duties and responsibilities of administration of the retirement systems and funds and are required to lawfully execute their duties; and

WHEREAS, certain noncertificated school employees may have relied upon representations, communications, and actions by the Public Employees Retirement Board and the Nebraska Public Employees Retirement Systems that such employees could join the School Retirement System of the State of Nebraska at any time by filing a membership registration with the retirement office; and

WHEREAS, the rights of the affected noncertificated school employees to participate in the School Retirement System of the State of Nebraska remain unclear; and

WHEREAS, it is vital that the retirement systems be administered with certainty and in accordance with the law both statutory and constitutional; and

WHEREAS, legislation creating rights for the affected noncertificated school employees could be challenged under Article III, sections 18 and 19 of the Constitution of the State of Nebraska; and

WHEREAS, the representations, communications, and actions of the Public Employees Retirement Board and the Nebraska Public Employees Retirement Systems and any reliance upon those representations by the noncertificated school employees may have created constitutionally protected contract rights to participate in the School Retirement System of the State of Nebraska; and

WHEREAS, the Attorney General has issued an opinion advising the Public Employees Retirement Board that some constitutionally protected rights to participate in the School Retirement System of the State of Nebraska have been created; and

WHEREAS, the Attorney General has not brought an action to resolve the conflict between his opinion and the applicable statutes; and

WHEREAS, the Legislature may direct the Attorney General to undertake specific actions pursuant to subdivision (9) of section 84-205.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Nebraska Legislature request the Attorney General for the State of Nebraska, under the authority vested in him by section 84-205, Reissue Revised Statutes of Nebraska, to initiate an action at the earliest possible date to determine the following:

(a) Whether sections 79-1509.02 and 79-1509.03 were constitutionally enacted;

(b) Whether the representations, communications, and actions by the Public Employees Retirement Board and the Nebraska Public Employees Retirement Systems allowing certain noncertificated school employees who elected nonmembership prior to July 1, 1978, access to the School Retirement System of the State of Nebraska after July 1, 1978, created membership rights in the system for them based upon the theory of estoppel;

(c) Whether (i) the representations, communications, and actions by the Public Employees Retirement Board and the Nebraska Public Employees Retirement Systems allowing certain noncertificated school employees who elected nonmembership prior to July 1, 1978, access to the School Retirement System of the State of Nebraska after July 1, 1978, created membership rights for them in the system based upon the theory of contract; (ii) whether implementation of sections 79-1509.02 and 79-1509.03 would unconstitutionally impair such contract rights, if created; and (iii) if so, whether sections 79-1509.02 and 79-1509.03 are constitutional;

(d) Whether the representations, communications, and actions by the Public Employees Retirement Board and the Nebraska Public Employees Retirement Systems to certain noncertificated school employees who elected nonmembership prior to July 1, 1978, and have not applied for membership since July 1, 1978, have created any rights which allow such employees to join the system; and

(e) Whether any current or past member of the Public Employees Retirement Board or any current or past employee of the Nebraska

Public Employees Retirement Systems is individually liable for his or her representations, communications, or actions contrary to the provisions of sections 79-1509.02 and 79-1509.03.

ATTORNEY GENERAL'S OPINION

Opinion No. 96022

DATE: March 12, 1996

SUBJECT: LB 1255, as amended - Eligibility of Racetracks to Conduct Interstate Simulcasting.

REQUESTED BY: Senator Stan Schellpeper
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
L. Jay Bartel, Assistant Attorney General

You have requested our opinion on several questions pertaining to LB 1255, as amended by the General Affairs Committee. The amendments to LB 1255 propose to amend Neb. Rev. Stat. § 2-1228 (Cum. Supp. 1994) to include a provision specifying "that a licensed racetrack which has conducted live racing for at least five consecutive years in the prior ten years may conduct interstate simulcasting without conducting live racing for a period not to exceed two years," provided the organization representing a majority of licensed horse owners and trainers at the most recent live race meet at the racetrack gives its consent. LB 1255, as amended, § 4. You have asked us to address three questions relating to the interpretation of the interstate simulcasting provisions in § 2-1228, in order to assist you in determining the need for the amendatory language in LB 1255.

The statutory provisions pertaining to interstate simulcasting were originally enacted in 1989. 1989 Neb. Laws, LB 591, §§ 7, 8. Section 7 of LB 591 (**codified at** Neb. Rev. Stat. § 2-1228 (Supp. 1989)), provided:

> Any racetrack issued a license under sections 2-1201 to 2-1223 (1) conducting primarily quarterhorse races in the year immediately preceding the year for which application is made, regardless of the total number of days of live racing conducted in such year, or (2) conducting primarily thoroughbred horseraces in the year immediately preceding the year for which application is made which conducted live racing on at least ninety percent of the days for which it was authorized to conduct live racing in 1988 unless the commission determines that such racetrack was unable to conduct live racing on the required number of days due to factors beyond its control, including, but not limited to, fire, earthquake, tornado, or other natural disaster, may apply to the commission for an interstate simulcast facility license. An application for such license shall be in a form prescribed by the commission and shall contain such information, material, or evidence as the commission may require. Any racetrack issued an interstate simulcast facility license may conduct the interstate simulcast of any horserace permitted under its license, and parimutuel wagering shall be allowed on such horserace.

In 1993, § 2-1228 was amended. 1993 Neb. Laws, LB 471, § 3. LB 471 altered the requirement that, in order for a racetrack conducting primarily thoroughbred racing to be eligible to apply to the commission for an interstate simulcast facility license, the racetrack had to conduct live racing on at least ninety percent of the days for which it was authorized to hold live racing in 1988, absent a Commission determination that it was unable to do so due to factors beyond its control. LB 471 reduced the number of live racing days which the racetrack was required to conduct in the previous year to be eligible to apply for an interstate simulcasting facility license to seventy percent of the days for which it was authorized to hold live racing in 1988. In addition, LB 471 added the following language to § 2-1228:

> The commission shall not authorize interstate simulcasting for any racetrack pursuant to sections 2-1201 to 2-1223 unless all of the thoroughbred racetracks together applied for and received authority to conduct at least one hundred eighty live racing days in the calendar year in which the application is made. If any racetrack conducts live racing for less than seventy percent of the days assigned such racetrack in 1988, (a) such racetrack shall be precluded from conducting interstate simulcasts and (b) the number of live racing days conducted by such racetrack shall be subtracted from an amount equal to seventy percent of all the days assigned such racetrack in 1988 and the amount remaining shall be deducted from the one-hundred-eighty-day total required by this section. If any racetrack ceases to conduct live racing, seventy percent of the days assigned such racetrack in 1988 shall be deducted from the one-hundred-eighty-day total required by this section.

Your questions, of course, pertain to the proper interpretation of the interstate simulcasting provisions contained in § 2-1228. Prior to addressing your specific questions, it is appropriate to review certain basic tenets of statutory interpretation.

A fundamental principle of statutory construction is to attempt to ascertain legislative intent and to give effect to that intent. **County of Lancaster v. Maser,** 224 Neb. 566, 400 N.W.2d 238 (1987). The reasons for the enactment of a statute, and the purposes and objects of the act, may be guides in attempting to give effect to the intent of lawmakers. **State v. Jennings,** 195 Neb. 434, 238 N.W.2d 477 (1976). A sensible construction will be placed upon a statute to effectuate the object of legislation, rather than a literal interpretation that would have the effect of defeating legislative intent. **Worley v. City of Omaha,** 217 Neb. 77, 348 N.W.2d 123 (1984). Effect must be given, if possible, to all the several parts of a statute. **NC+ Hybrids v. Growers Seed Ass'n,** 219 Neb. 296, 363 N.W.2d 362 (1985). As far as practicable, courts must give effect to the language of a statute and reconcile different statutory language so that parts of a statute are consistent, harmonious, and sensible. **Rosnick v. Marks,** 218 Neb. 499, 357 N.W.2d 186 (1984). In construing a statute, resort may be had to the history of its passage for the purpose of determining legislative intent. **Georgetown Ltd. Partnership v. Geotechnical Services, Inc.,** 230 Neb. 22, 430 N.W.2d 34 (1988).

Your first question is whether § 2-1228 authorizes the State Racing Commission {"Commission"} to issue an interstate simulcast license to a racetrack not conducting live racing if the racetrack conducted live racing in the prior year on at least seventy percent of the days it conducted live racing in 1988, or whether § 2-1228 should be interpreted to prohibit a racetrack from engaging in interstate simulcasting in the year in which it does not conduct a live race meet, even if the racetrack conducted live racing for the required number of days in the previous year.

As noted above, § 2-1228 originally provided that, for a thoroughbred racetrack to be eligible for licensing to conduct interstate simulcasting, it was required to conduct live racing on at least ninety percent of the days it conducted live racing in 1988 "in the year immediately preceding the year for which application" was made. 1989 Neb. Laws, LB 591, § 7. In 1993, this language was amended by replacing the requirement that a racetrack seeking an interstate simulcast facility license conduct live racing in the year preceding application on at least ninety percent of the days it held live racing in 1988 with a requirement that it conduct live racing in the year preceding application on at least seventy percent of the days it conducted live racing in 1988. 1993 Neb. Laws, LB 491, § 3. In addition, LB 471 added new language to § 2-1228, including a provision stating that, "{i}f any racetrack conducts live racing for less than seventy percent of the days assigned such racetrack in 1988, (a) such racetrack shall be precluded from conducting interstate simulcasts. . . ."

Thus, while part of § 2-1228 provides that a racetrack's eligibility to conduct interstate simulcasting is based on the racetrack's conduct of live racing on at least seventy percent of the live racing days held in 1988 in the preceding year, another part indicates that, if a racetrack does not do so in the year in which application is made, it may not conduct interstate simulcasting. The apparent conflict between these provisions creates an ambiguity which makes it difficult to construe the legislative intent behind the statute.

The Committee Statement to LB 471 reflects that the committee amendments to the bill proposed to amend § 2-1228 "to provide that licensed Nebraska racetracks must conduct live horseracing on at least 70% of the days they were authorized to conduct live horseracing in 1988 in order to be granted an interstate simulcasting license in the following year." Committee Records on LB 417, 93rd Neb. Leg., 1st Sess., 2 (January 28, 1993). During floor debate on the bill, references were made to the changing of the "90 percent" requirement to "70 percent" as the main impetus behind the legislation. Floor Debate on LB 471, 93rd Neb. Leg., 1st Sess. 890 (Statements of Sens. Schellpeper and Will); 892 (Statement of Sen. Crosby). The amendment adding the additional language to § 2-1228, including that portion stating that a racetrack which conducted live racing for less than seventy percent of the days assigned in 1988 would be "precluded from conducting interstate simulcasts," was described as part of an "agreement" or "compromise" between horsemen, breeders, and the racetracks, designed to insure that all racetracks would continue to conduct at least 180 days of live racing in a year in order for interstate simulcasting to be permitted. Floor Debate on LB 471, 2432 (Statement of Sen. Schellpeper); 2433 (Statement of Senator Will). With regard to racetracks which did not conduct live racing, the amendment was explained as providing that a portion of those racing days "would be deducted. . .from the 180 day requirement. . . ." **Id.** at 2432 (Statement of Sen. Schellpeper).

The above-referenced history indicates that the Legislature, in amending § 2-1228 in 1993, intended to reduce the number of days of live racing which a racetrack must conduct in the preceding year from 90 percent to 70 percent of the number of days of live racing conducted by the racetrack in 1988 for purposes of determining a racetrack's eligibility to conduct interstate simulcasting. In spite of the apparently inconsistent language contained in the other portion of the amendment, referred to above, there is no indication that the Legislature intended to alter the concept of basing eligibility on a percentage of the number of days of live racing a racetrack held in the "preceding year." In construing a statute, no sentence, clause, or word should be rejected as meaningless or superfluous. **Weiss v. Union Ins. Co.,** 202 Neb. 469, 276 N.W.2d 88 (1979). Thus, it appears that, under § 2-1228, a racetrack's eligibility to receive an interstate simulcast license is based on its conduct of live racing in the "preceding year" on at least seventy percent of the days it conducted live racing in 1988.

We caution, however, that this interpretation is not certain, and that the statute is susceptible to a construction that racetracks which do not conduct live racing for the required number of days in the "calendar year," or year of application, may not conduct interstate simulcasting. While we do not believe that this is the result intended by the Legislature, it is not an unreasonable construction of the statute. Accordingly, to the extent there is any doubt as to the proper construction of § 2-1228, enactment of legislation such as LB 1255, as amended, would certainly be advisable, in order to clarify the Legislature's intent in this regard.

Your second question is whether, if a licensed racetrack does not conduct live racing in 1996 for at least seventy percent of the days it conducted live racing in 1988, the racetrack would be eligible to conduct interstate simulcasting in 1997.

Based on the interpretation of § 2-1228 given above, a racetrack which does not conduct live racing in a year for at least seventy percent of the days it conducted live racing in 1988 is not eligible to apply for an interstate simulcast facility license in the subsequent year. The only exception would be if the Commission were to find that the racetrack "was unable to conduct live racing on the required number of days due to factors beyond its control, including, but not limited to, fire, earthquake, tornado, or other natural disaster,. . . ." Neb. Rev. Stat. § 2-1228 (Cum. Supp. 1994). Thus, absent a Commission finding that this exception is applicable, a racetrack which does not conduct live racing for the number of days required by § 2-1228 during 1996 will not be eligible to receive an interstate simulcast license for 1997.

Your third and final question is whether the language in § 2-1228, allowing the Commission to determine that a racetrack unable to conduct live racing for the required number of days due to "factors beyond its control, including, but not limited to, fire, earthquake, tornado, or other natural disaster," permits the Commission to authorize interstate simulcasting in either a year in which a racetrack does not

conduct a live race meet or the subsequent year, if the reason the racetrack does not conduct a live race meet is due to "economic conditions which may or may not be beyond the control of the racetrack."

In an informal opinion to the Commission dated October 15, 1992, we expressed our view regarding the interpretation of the language in § 2-1228 empowering the Commission to issue an interstate simulcast facility license to a racetrack which did not qualify based on the number of live racing days it conducted in the preceding year due to "factors beyond {the racetrack's} control. . . ." Op. Att'y Gen. No. I92-078 (October 15, 1992). At that time, we stated:

> In our view, the language employed in § 2-1228(2) does not demonstrate an intent by the Legislature to restrict the Commission to consideration of only whether a 'fire, earthquake, tornado, or other natural disaster' prevented a racetrack from reaching the threshold requirement of conducting live racing for ninety {now seventy} percent of the days on which live racing was conducted at the racetrack in 1988 in order to permit a finding by the Commission of the existence of 'factors beyond {a racetrack's} control' for purposes of applying this exception. The statute grants authority to the Commission to 'determine{} that {a} racetrack was unable to conduct live racing on the required number of days due to factors beyond its control, including, but not limited to, fire, earthquake, tornado, or other natural disaster. . . .' (Emphasis added). In our opinion, the emphasized language evinces an intent by the Legislature to allow circumstances other than natural disasters as being within the scope of the Commission's authority to consider in determining whether 'factors beyond {a racetrack's} control' exist within the exception provided under § 2-1228(2). The determination of whether such factors exist in a given case must, of course, be made by the Commission.

Id. at 2 (emphasis in original).

Consistent with our prior opinion, we do not believe that the factors which the Commission is authorized to consider in determining if "factors beyond {a racetrack's} control" exist for purposes of the exception in § 2-1228 are limited to circumstances in the nature of "natural disasters." The statute gives the Commission discretion to determine what circumstances may constitute "factors beyond {a racetrack's} control" by stating that the Commission is "not limited to" consideration of the specific types of factors designated. With respect to your question, we believe it is inappropriate for us to speculate as to whether Commission consideration of factors such as "economic conditions" would be improper in its exercise of the power granted. That is a matter which the statute commits to the reasoned discretion of the Commission.

Very truly yours,
DON STENBERG

STANDING COMMITTEE REPORTS
Natural Resources

LEGISLATIVE BILL 634. Placed on General File as amended.
Standing Committee amendment to LB 634:
AM3677

1. Strike original section 1 and insert the following new section:

"Section 1. Section 81-1505.04, Reissue Revised Statutes of Nebraska, is amended to read:

81-1505.04. (1) The department shall collect an annual

emission fee from major sources of air pollution. Each major source shall pay the emission fee for regulated pollutants in the amount of twenty-five dollars per ton per pollutant or as adjusted pursuant to this section. The fee shall be based upon the amount of emissions of each regulated pollutant as reported or estimated by the source in the previous calendar year, but fees shall not be paid on amounts in excess of four thousand tons per year for any regulated pollutant. In the case of an electric generation facility with a nameplate generating capacity of between seventy and one hundred fifteen megawatts which is not operating in a political subdivision which has been delegated the authority to enforce the air quality permit program within its jurisdiction, fees shall not be paid on amounts in excess of four hundred tons per year for any regulated pollutant through 1997. Any surplus emission fees remaining in the Department of Environmental Quality Cash Fund on June 30, 1996, and on June 30, 1997, shall be used first to offset any reduction in emission fee revenue resulting from lowering from four thousand tons per year to four hundred tons per year the maximum number of tons of emissions to be charged a fee for certain electric generation facilities as described in this subsection.

(2) It is the intent of the Legislature that, beginning in 1998, fees to be paid to the department by each major source shall be based upon both actual emissions pursuant to subsection (1) of this section and actual costs incurred by the department to administer the program for such source. Under such fee structure, the department shall estimate total annual air quality permit program costs and shall calculate the fee by deriving fifty percent of the total through an emission fee as described in this section. The remaining fifty percent of the costs shall be collected from each major source by proportionately allocating to each such source its percentage share for direct and indirect costs incurred by the department for permit review, issuance, monitoring, and administration of the federal Clean Air Act Title V program. If the Legislature does not enact such a fee structure prior to June 30, 1998, the department shall calculate the emission fee as set out in subsections (1) and (3) of this section. ~~For the initial annual emission fee, which shall be due no later than November 15, 1995, reported or estimated emission levels shall be based on emissions in calendar year 1994.~~

(3)(a) The emission fee ~~shall~~ may be increased or decreased annually by the department ~~in each year beginning after 1991~~ by the percentage difference between the Consumer Price Index for the most recent year ending before the beginning of such year and the Consumer Price Index for the year 1989 or as required to pay all reasonable direct and indirect costs of developing and administering the air quality permit program. For purposes of this section, Consumer Price Index shall mean the change in the price of goods and services for all urban consumers published by the United

States Department of Labor at the close of the twelve-month period ending on August 31 of each year.

(b) For purposes of this section, ~~and~~ reasonable direct and indirect costs of developing and administering the air quality permit program, as required under the federal Clean Air Act, as amended, 42 U.S.C. 7661a through f, shall include:

(i) ~~(1)~~ Consideration of any associated overhead charges for personnel, equipment, buildings, and vehicles;

(ii) ~~(2)~~ Reviewing and acting on any application for a permit or permit revision;

(iii) ~~(3)~~ Implementing and enforcing the terms of any permit, not including any court costs or other costs associated with any formal enforcement action;

(iv) ~~(4)~~ Emissions and ambient monitoring, including adequate resources to audit and inspect source-operated monitoring programs;

(v) ~~(5)~~ Preparing generally applicable regulations or guidance;

(vi) ~~(6)~~ Modeling, analyses, or demonstrations;

(vii) ~~(7)~~ Preparing inventories and tracking emissions; and

(viii) ~~(8)~~ Providing support to sources under the Small Business Compliance Advisory Panel.

(c) The council shall establish procedures for the method of calculation and payment of the emission fee in a manner consistent with this section and shall establish the definition of or a table listing the pollutants which are regulated pollutants and a definition of major source. Such definitions or listing shall comply with and not be more stringent than the requirements of the federal Clean Air Act, as amended, 42 U.S.C. 7401 et seq.

(4) On ~~The department shall, on~~ or before January 1 of each year, the department shall submit a report to the Legislature in sufficient detail to document ~~documenting~~ all direct and indirect program costs incurred in the previous fiscal year ~~and emission fees assessed~~ in carrying out the air quality permit program. The Appropriations Committee of the Legislature shall review such report in its analysis of executive programs in order to verify that revenue generated from emission fees was used solely to offset appropriate and reasonable costs associated with the air quality permit program. After January 1, 1997, the report shall identify costs incurred by the department to administer the permit program for each major source. In addition, the department shall identify costs incurred by primary activity not specific to a major source.

(5) The department shall, by December 1, 1996, propose options for determining the amount of the fees referred to in subsection (2) of this section to be contained in a report to the Natural Resources Committee of the Legislature. The report shall describe annual program costs for the previous fiscal year,

identify primary activities recommended to be included in a cost tracking system, estimate the cost of administering a cost tracking system capable of showing costs for each major source as well as primary activity which is not specific to a major source, and compare the various types of program funding options. The department shall notify all major sources and other interested parties of the development of the report to solicit input from such parties. Upon receipt of the report the Natural Resources Committee of the Legislature shall hold one or more public hearings concerning air quality permit program funding options.

(6) Beginning July 1, 1996, the department shall administer a cost tracking system which shall show costs for each major source and costs for each primary activity that is not specific to a major source. The department shall consult with interested parties regarding identification of primary activities to be tracked by the cost tracking system.".

For fiscal years beginning on or after July 1, 1996, and before July 1, 1997, no governmental unit shall adopt a budget containing a total of restricted funds more than the total of restricted funds contained in the last prior year's budget plus the applicable dollar amount allowed for population growth plus three percent. For fiscal years beginning on or after July 1, 1997, and before July 1, 1998, no governmental unit shall adopt a budget containing a total of restricted funds more than the total of restricted funds contained in the last prior year's budget plus the applicable dollar amount allowed for population growth plus one percent. If a governmental unit transfers the financial responsibility of providing a service financed in whole or in part with restricted funds to another governmental unit or the state, the amount of restricted funds associated with providing the service shall be subtracted from the last prior year's total of restricted funds for the old provider and and the new provider may elect to add in whole or in part the same amount to the new provider's last prior year's total of restricted funds. For governmental units that have annexed property or have consolidated, the calculations made under this section for the annexing unit or consolidating units shall be made based on the combined total of restricted funds, population, average daily membership, or

full-time equivalent students of each governmental unit or a portion thereof.

Sec. 3. The limitation in section 2 of this act shall not apply to (1) the budget to support a service which becomes the subject of an interlocal cooperation agreement whether operated by one of the parties to the agreement or an independent joint entity for two fiscal years beginning with the first budget adopted after the agreement is signed or (2) amounts budgeted to pay for repairs to infrastructure damaged by a natural disaster which is declared a disaster emergency pursuant to the Nebraska Disaster and Civil Defense Act of 1973.

Sec. 4. A governmental unit may choose not to increase its total of restricted funds by the full amount allowed by law in a particular year. In such cases, the governmental unit may carry forward to future budget years the amount of unused restricted funds authority. The governmental unit shall calculate its unused restricted funds authority and submit an accounting of such amount with the budget documents for that year. Such unused restricted funds authority may then be used in later years for increases in the total of restricted funds allowed by law.".

SELECT COMMITTEE REPORTS
Enrollment and Review

LEGISLATIVE BILL 633. Placed on Select File as amended.
E & R amendment to LB 633:
AM7239

1. Because of the passage of Laws 1995, LB 1, LB 77, LB 291, and LB 759, strike original section 1 and insert the following new section:

"Section 1. Section 48-628, Revised Statutes Supplement, 1995, is amended to read:

48-628. An individual shall be disqualified for benefits:

(1)(a) For the week in which he or she has left work voluntarily without good cause, if so found by the commissioner, and for not less than seven weeks nor more than ten weeks which

immediately follow such week, as determined by the commissioner according to the circumstances in each case. A temporary employee of a temporary help firm has left work voluntarily without good cause if the temporary employee does not contact the temporary help firm for reassignment upon completion of an assignment and the temporary employee has been advised by the temporary help firm of his or her obligation to contact the temporary help firm upon completion of assignments and has been advised by the temporary help firm that the temporary employee may be denied benefits for failure to do so, or (b) for the week in which he or she has left work voluntarily for the sole purpose of accepting previously secured, permanent, full-time, insured work, which he or she does accept, which offers a reasonable expectation of betterment of wages or working conditions, or both, and for which he or she earns wages payable to him or her, if so found by the commissioner, and for not more than one week which immediately follows such week;

(2) For the week in which he or she has been discharged for misconduct connected with his or her work, if so found by the commissioner, and for not less than seven weeks nor more than ten weeks which immediately follow such week, as determined by the commissioner in each case according to the seriousness of the misconduct. If the commissioner finds that such individual's misconduct was gross, flagrant, and willful, or was unlawful, the commissioner shall totally disqualify such individual from receiving benefits with respect to wage credits earned prior to discharge for such misconduct. In addition to the seven-week to ten-week benefit disqualification assessed under this subdivision, the commissioner shall cancel all wage credits earned as a result of employment with the discharging employer if the commissioner finds that the individual was discharged for misconduct in connection with the work which was not gross, flagrant, and willful or unlawful but which included being under the influence of any intoxicating beverage or being under the influence of any controlled substance listed in section 28-405 not prescribed by a physician licensed to practice medicine or surgery when the individual is so under the influence on the worksite or while engaged in work for the employer;

(3)(a) For any week of unemployment in which he or she has failed, without good cause, to apply for available, suitable work when so directed by the employment office or the commissioner, to accept suitable work offered him or her, or to return to his or her customary self-employment, if any, and the commissioner so finds, and for not less than seven weeks nor more than ten weeks which immediately follow such week, as determined by the commissioner, and his or her total benefit amount to which he or she is then entitled shall be reduced by an amount equal to the number of weeks for which he or she has been disqualified by the commissioner.

(b) In determining whether or not any work is suitable

for an individual, the commissioner shall consider the degree of risk involved to the individual's health, safety, and morals, his or her physical fitness and prior training, his or her experience and prior earnings, his or her length of unemployment and prospects for securing local work in his or her customary occupation, and the distance of the available work from his or her residence.

(c) Notwithstanding any other provisions of the Employment Security Law, no work shall be deemed suitable and benefits shall not be denied under such law to any otherwise eligible individual for refusing to accept new work under any of the following conditions: (i) If the position offered is vacant due directly to a strike, lockout, or other labor dispute; (ii) if the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality; or (iii) if, as a condition of being employed, the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(d) Notwithstanding any other provisions in subdivision (3) of this section, no otherwise eligible individual shall be denied benefits with respect to any week in which he or she is in training with the approval of the commissioner, by reason of the application of the provisions in subdivision (3) of this section relating to failure to apply for or a refusal to accept suitable work;

(4) For any week with respect to which the commissioner finds that his or her total unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment, or other premises at which he or she is or was last employed, except that this subdivision shall not apply if it is shown to the satisfaction of the commissioner that (a) the individual is not participating in, financing, or directly interested in the labor dispute which caused the stoppage of work and (b) he or she does not belong to a grade or class of workers of which, immediately before the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating, financing, or directly interested in the dispute. If in any case, separate branches of work, which are commonly conducted as separate businesses in separate premises, are conducted in separate departments of the same premises, each such department shall, for the purposes of this subdivision, be deemed to be a separate factory, establishment, or other premises;

(5) For any week with respect to which he or she is receiving or has received remuneration in the form of (a) wages in lieu of notice, or a dismissal or separation allowance, (b) compensation for temporary partial disability under the workers' compensation law of any state or under a similar law of the United States, (c) primary insurance benefits under Title II of the Social Security Act, as amended, or similar payments under any act of

Congress, (d) retirement or retired pay, pension, annuity, or other similar periodic payment under a plan maintained or contributed to by a base period or chargeable employer, or (e) a gratuity or bonus from an employer, paid after termination of employment, on account of prior length of service, or disability not compensated under the workers' compensation law. Such payments made in lump sums shall be prorated in an amount which is reasonably attributable to such week. If the prorated remuneration is less than the benefits which would otherwise be due, he or she shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration. The prorated remuneration shall be considered wages for the quarter to which it is attributable. Military service-connected disability compensation payable under 38 U.S.C. chapter 11 shall not be deemed to be disqualifying or deductible from the benefit amount. No deduction shall be made for the part of any retirement pension which represents return of payments made by the individual. In the case of a transfer by an individual or his or her employer of an amount from one retirement plan to a second qualified retirement plan under the Internal Revenue Code, the amount transferred shall not be deemed to be received by the claimant until actually paid from the second retirement plan to the claimant;

(6) For any week with respect to which or a part of which he or she has received or is seeking unemployment benefits under an unemployment compensation law of any other state or of the United States, except that if the appropriate agency of such other state or of the United States finally determines that he or she is not entitled to such unemployment benefits, this disqualification shall not apply;

(7) For any week of unemployment if such individual is a student. For the purpose of this subdivision, student shall mean an individual registered for full attendance at and regularly attending an established school, college, or university, unless the major portion of his or her wages for insured work during his or her base period was for services performed while attending school, except that attendance for training purposes under a plan approved by the commissioner for such individual ~~before attendance~~ shall not be disqualifying;

(8) For any week of unemployment if benefits claimed are based on services performed:

(a) In an instructional, research, or principal administrative capacity for an educational institution, if such week commences during the period between two successive academic years or terms, or when an agreement provides instead for a similar period between two regular, but not successive, terms during such period, if such individual performs such services in the first of such academic years or terms and if there is a contract or reasonable assurance that such individual will perform services in any such capacity for any educational institution in the second of

such academic years or terms;

(b) In any other capacity for an educational institution, if such week commences during a period between two successive academic years or terms, if such individual performs such services in the first of such academic years or terms, and if there is a reasonable assurance that such individual will perform such services in the second of such academic years or terms, except that if benefits are denied to any individual for any week under subdivision (8)(b) of this section and such individual was not offered an opportunity to perform such services for the educational institution for the second of such academic years or terms, such individual shall be entitled to a retroactive payment of the benefits for each week for which the individual filed a timely claim for benefits and for which benefits were denied solely by reason of subdivision (8)(b) of this section;

(c) In any capacity described in subdivision (8)(a) or (b) of this section if such week commences during an established and customary vacation period or holiday recess if such individual performs such services in the period immediately before such vacation period or holiday recess, and there is a reasonable assurance that such individual will perform such services in the period immediately following such vacation period or holiday recess;

(d) In any capacity described in subdivision (8)(a) or (b) of this section in an educational institution while in the employ of an educational service agency, and such individual shall be disqualified as specified in subdivisions (8)(a), (b), and (c) of this section. As used in this subdivision, educational service agency shall mean a governmental agency or governmental entity which is established and operated exclusively for the purpose of providing services to one or more educational institutions; and

(e) In any capacity described in subdivision (8)(a) or (b) of this section in an educational institution if such services are provided to or on behalf of the educational institution while in the employ of an organization or entity described in section 3306(c)(7) or 3306(c)(8) of the Federal Unemployment Tax Act, and such individual shall be disqualified as specified in subdivisions (8)(a), (b), and (c) of this section;

(9) For any week of unemployment benefits if substantially all the services upon which such benefits are based consist of participating in sports or athletic events or training or preparing to so participate, if such week of unemployment begins during the period between two successive sport seasons or similar periods, if such individual performed such services in the first of such seasons or similar periods, and if there is a reasonable assurance that such individual will perform such services in the later of such seasons or similar periods;

(10) For any week of unemployment benefits if the services upon which such benefits are based are performed by an

alien unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was permanently residing in the United States under color of law at the time such services were performed, including an alien who was lawfully present in the United States as a result of the application of section 212(d)(5) of the Immigration and Nationality Act. Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits. In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of his or her alien status shall be made except upon a preponderance of the evidence;

(11) Notwithstanding any other provisions of the Employment Security Law, no otherwise eligible individual shall be denied benefits for any week because he or she is in training approved under section 236(a)(1) of the federal Trade Act of 1974, nor shall such individual be denied benefits by reason of leaving work to enter such training, if the work left is not suitable employment, or because of the application to any such week in training of provisions of the Employment Security Law, or any applicable federal unemployment compensation law, relating to availability for work, active search for work, or refusal to accept work. For purposes of this subdivision, suitable employment shall mean, with respect to an individual, work of a substantially equal or higher skill level than the individual's past adversely affected employment, as defined for purposes of the federal Trade Act of 1974, and wages for such work at not less than eighty percent of the individual's average weekly wage as determined for purposes of the federal Trade Act of 1974; and

(12) For any week during which the individual is on a leave of absence.".

AM3857

(Amendments to Final Reading copy)

1. Strike the original sections and insert the following new sections:

"Section 1. Section 29-1823, Reissue Revised Statutes of Nebraska, is amended to read:

29-1823. If at any time prior to trial it appears that the accused has become mentally incompetent to stand trial, such disability may be called to the attention of the ~~district~~ court by the county attorney, by the accused, or by any person for the accused. The judge of the ~~district~~ court of the county ~~wherein~~ where the accused is to be tried shall have the authority to determine whether or not the accused is competent to stand trial. The ~~district~~ judge may also cause such medical, psychiatric, or psychological examination of the accused to be made as he or she deems warranted and hold such hearing as he or she deems necessary. The cost of the examination, when ordered by the court, shall be the expense of the county in which the accused is charged. The judge may allow any physician, psychiatrist, or psychologist a reasonable fee for his or her services, which amount, when

determined by the judge, shall be certified to the county board which shall cause payment to be made. Any examination conducted pursuant to this section shall be completed within three months after the date of the order requiring the examination. Should ~~he~~ the judge determine after a hearing that the accused is mentally incompetent to stand trial, he or she shall order the accused to be committed to a state hospital for the mentally ill ~~until such time as the disability may be removed~~ or other appropriate facility or treatment program. The commitment may be either on an inpatient or outpatient basis, whichever the judge deems to be the least restrictive environment necessary to treat the accused to restore his or her competency and protect the safety of the public. The cost of maintenance and care of the accused shall be paid in the following manner: First, by the accused or his or her relatives; second, by the county in which the crime is charged, except such cost shall not exceed the cost as calculated in the daily jail reimbursement rate of the United States Marshals Service for a county which has such a contract rate, otherwise such cost shall not exceed the cost which would have been expended by the county had the accused been incarcerated in a jail; and third, by the state for any remaining costs. Within fourteen days after the filing of a report by a physician, psychiatrist, or psychologist attending the accused that the disability has been removed and the accused is competent to stand trial, the sheriff of the county where the accused is to be tried shall arrange for transportation and transport the accused to the appropriate correctional facility, jail, or penal complex. ~~The cost of such an examination, when ordered by the court, shall be the expense of the county wherein the crime is charged. The district judge may allow any physician, psychiatrist or psychologist a reasonable fee for his services which amount, when determined by the district judge, shall be certified to the county board who shall cause payment to be made.~~

Sec. 2. (1) Every six months after the hearing described in section 1 of this act, the judge of the court of the county where the accused is to be tried shall hold a review hearing on the status of the accused. The purpose of the review hearing shall be to ascertain whether or not the accused is competent to stand trial and the probability as to whether the disability can be removed in order for the accused to stand trial. If the judge determines by clear and convincing evidence that the accused is mentally incompetent to stand trial and that the disability of the accused cannot be removed within the foreseeable future, the judge may dismiss the criminal charges, with or without prejudice, and order the accused to be taken into custody for proceedings under the Nebraska Mental Health Commitment Act in the county in which the accused was charged.

(2) If the judge orders the criminal charges dismissed and orders the accused to be placed in the custody of the sheriff pursuant to this section, the county attorney of the county in

which the criminal charge was filed shall determine whether to proceed with a petition under the Nebraska Mental Health Commitment Act.

(3) If after a review pursuant to subsection (1) of this section the judge does not order the criminal charges dismissed, the judge shall order the accused to be recommitted for further treatment as provided in section 1 of this act for a period of up to six months. Within the period of time as the judge orders the accused to be recommitted, the judge shall hold another review hearing pursuant to subsection (1) of this section to ascertain whether or not the accused is competent to stand trial.

(4) If by the third six-month review of the accused the judge finds by clear and convincing evidence that the accused is still mentally incompetent to stand trial, the judge shall dismiss the criminal charges, either with or without prejudice, and order the accused to be taken into custody for proceedings under the Nebraska Mental Health Commitment Act in the county in which the accused is charged.

(5) In determining whether to dismiss the criminal charges, the judge shall consider the seriousness of the crime, the harm to the victim, the danger to society, and the length of time that the accused has already been confined in a correctional facility, state hospital, or other mental health facility while awaiting trial.

Sec. 3. If any section in this act or any part of any section is declared invalid or unconstitutional, the declaration shall not affect the validity or constitutionality of the remaining portions.

LEGISLATIVE RESOLUTION 353. Introduced by Janssen, 15; Brown, 6; McKenzie, 34; Schimek, 27.

PURPOSE: The purpose of this resolution is to study the licensing and regulation of child care programs. LB 970 was introduced during the 1996 legislative session and addressed several issues. This bill would have increased the frequency with which child care programs would be inspected by the Department of Social Services, would have allowed the department to charge an inspection fee, and would have created a penalty for serious violations of rules and regulations. The public comment received on this bill demonstrated that there were several areas regarding the licensing of child care programs which needed to be examined. It was determined that further study of the issues would be helpful in drafting legislation which would ensure that the concerns of the community were being met.

The study shall include, but not be limited to, the following issues:

(1) The number and types of inspections performed on child care programs by state agencies for licensing and other purposes;

(2) The costs and funding of inspections of child care programs;

(3) The use of unannounced inspections of child care programs;

(4) Merging the types of inspections and making inspection procedures more uniform across the state;

(5) Ways to improve the uniform interpretation of the regulations by inspectors of child care programs;

(6) How other services, such as restaurants, which affect the public's health and safety are inspected and monitored;

(7) Unlicensed child care providers, including the enforcement of the current statutes;

(8) The options and methods which the child care licensing division of the Department of Social Services could use while handling serious violations of the regulations governing child care programs; and

(9) Any other issues necessary or appropriate for a full and complete examination of this matter.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

ATTORNEY GENERAL'S OPINION

Opinion No. 96024

DATE: March 14, 1996

SUBJECT: Whether a Constitutional Amendment is Necessary to Alter Nebraska's Current Form of County Governance

REQUESTED BY: Senator Joyce Hillman
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Lauren L. Hill, Assistant Attorney General

You have requested an opinion from this office as to whether passage of a constitutional amendment is necessary to alter the state's current form of county governance by instituting an optional "county administrator" system of government. This inquiry is directed specifically to your legislation, LR 46CA, which would place upon the November, 1996, general election ballot a proposal to amend Article IX, § 4 of the Nebraska Constitution.

The Constitution & Proposed Amendment

Pursuant to the Nebraska Constitution, "{t}he Legislature shall provide by law for the election of such county and township officers as may be necessary. . . ." Neb. Const. art. IX, § 4 (1989). Your legislation, if enacted and approved by a majority of voters, would retain the current provisions of Article IX, § 4, and add the following new text:

> The Legislature may provide by law for a county administrator form of government in which county officers may be appointed, but such form shall be optional with each county and shall occur in any county only upon adoption by a majority vote of the registered voters of the county voting on the question.

LR 46CA (as amended by AM0016). During recent debate on your legislation, a question arose as to whether, under the current language of Article IX, § 4, the Legislature is already vested with authority to enact legislation implementing your proposal. Debate on that issue prompted your request for this opinion.

Standard of Review

Our analysis of Article IX, § 4 is governed by several canons of constitutional construction which have been adopted by the Nebraska Supreme Court. First, we are bound by the cardinal rule that the state Constitution must be applied and enforced as it is written. **State ex rel. Spire v. Conway,** 238 Neb. 766, 472 N.W.2d 403 (1991). Next, the provisions of the Constitution must be read as a whole. **Jaksha v. State,** 222 Neb. 690, 385 N.W.2d 922 (1986). "Moreover, constitutional provisions are not open to construction as a matter of course; construction of a constitutional provision is appropriate only when it has been demonstrated that the meaning of the provision is not clear and that construction is necessary." 238 Neb. at 774-775, 472 N.W.2d at 408-409; **In re Application A-16642,** 236 Neb. 671, 463 N.W.2d 591 (1990).

If a provision must be construed because its meaning is not clear, then "its words are to be interpreted in their most natural and obvious sense, although they should receive a more liberal construction than statutes. . . ." 238 Neb. at 775, 472 N.W.2d at 409; **State ex rel. Spire v. Public Emp. Ret. Bd.,** 226 Neb. 176, 410 N.W.2d 463 (1987).

> The intent and understanding of {the} framers {of a constitutional amendment} and the people who adopted it as expressed in the instrument is the main inquiry in construing it. . . . It is permissible to consider the facts of history in determining the meaning of the language of the Constitution. . . . It is also appropriate and helpful to consider, in connection with the historical background, the evil and mischief attempted to be remedied, the objects sought to be accomplished, and the scope of the remedy its terms imply.

State ex rel. Spire v. Beermann, 235 Neb. 384, 389-90, 455 N.W.2d 749, 752 (1990) (quoting **State ex rel. State Railway Commission v. Ramsey,** 151 Neb. 333, 340-41, 37 N.W.2d 502, 507 (1949)) (citations omitted); **see also State ex rel. Douglas v. Beermann,** 216 Neb. 849, 347 N.W.2d 297 (1984); **Dwyer v. Omaha-Douglas Public Building Commission,** 188 Neb. 30, 195 N.W.2d 236 (1972).

Finally, because the Nebraska Constitution "is not a grant but, rather, a restriction on legislative power, . . . the Legislature is free to act on any subject not inhibited by the Constitution." **State ex rel. Stenberg v. Douglas Racing Corp.,** 246 Neb. 901, 905, 524 N.W.2d 61, 64 (1994); **State ex rel. Creighton Univ. v. Smith,** 217 Neb. 682, 353 N.W.2d 267 (1984); **Cf. Lenstrom v. Thone,** 209 Neb. 783, 789,

311 N.W.2d 884, 888 (1981). In so acting, however, the court has established that "{t}he people of the state, by adopting a Constitution, have put it beyond the power of the {L}egislature to pass laws in violation thereof." **State ex rel. Randall v. Hall,** 125 Neb. 236, 243, 249 N.W. 756, 759 (1933); **see also State ex rel. Stenberg v. Murphy,** 247 Neb. 358, 527 N.W.2d 185 (1995) (holding that "constitutional language controls legislative language, not the other way around."); **State ex rel. Caldwell v. Peterson,** 153 Neb. 402, 45 N.W.2d 122 (1950) (holding that the Legislature cannot lawfully act beyond limitations of the Constitution).

Discussion

Pursuant to these guidelines, we now address your inquiry. Originally, the state Constitution contained no provisions pertaining to counties. However, "{c}ounties were apparently already in existence pursuant to territorial law. In 1873, the Legislature confirmed the boundaries of {those} and created others. It likewise made provision for the government of counties and made provision defining the powers and duties of counties and their officers." **Dwyer v. Omaha-Douglas Public Bldg. Cmms'n,** 188 Neb. 30, 37, 195 N.W.2d 236, 241 (1972); **see also State ex rel. Harte v. Moorhead,** 99 Neb. 527, 156 N.W. 1067 (1916). Limitations on the Legislature's power to create new counties or to change existing county boundaries were incorporated into the Constitution in 1875. **Id.,** 195 N.W. at 242; **see also** Neb. Const. art. X, § 1 - § 3 (1875). The provision requiring the Legislature to provide by law for the election of county officers was also incorporated into the Constitution in 1875. **See** Neb. Const. art. X, § 4 (1875). That provision has remained unaltered since its inception.[1] Based upon inclusion of these provisions in the state's Constitution, the Nebraska Supreme Court has found that "counties as subdivisions of government did and do occupy a unique place in the eyes of the drafters {of the Constitution} and the people, the ratifiers, of the Constitution." 188 Neb. at 43-44, 195 N.W.2d at 245.

The supreme court has long held that, pursuant to the Article IX, § 4 provision, "{t}he number and character of county offices that may be created rests in the discretion of the {Legislature}." **Dinsmore v. State,** 61 Neb. 418, 429, 85 N.W. 445, 448 (1901) (holding, in light of a criminal defendant's challenge to his first-degree murder conviction, that Neb. Const. art. X, § 4 (1875) vested the Legislature with the power to establish the office of county attorney); **Cf. Fitzgerald v. Kuppinger,** 163 Neb. 286, 79 N.W.2d 547 (1956); **Conroy v. Hallowell,** 94 Neb. 794, 144 N.W. 895 (1913). Thus, the Legislature has enacted a comprehensive set of statutes which create various county officers and enumerate their powers and duties.[2] Your inquiry raises the issue of whether, once created, those county officers may be appointed by a county administrator or county board, rather than being elected by a vote of the people.

The issue has been addressed by the supreme court in **State ex rel. O'Connor v. Tusa,** 130 Neb. 528, 265 N.W. 524 (1936). The controversy in that case centered on an individual's attempt to file as a

candidate for the office of Douglas County Register of Deeds for the 1936 primary election. The county election commissioner refused to accept the filing due to the fact that, two years earlier, a majority of Douglas County voters had adopted a county manager form of government which had been provided for by the Legislature. **Id.** at 529, 265 N.W. at 525. The election commissioner asserted that adoption of the county manager form of government "suspended the election of a register of deeds in Douglas County . . . until such time as the county managerial form of government {was} legally abandoned. . . . ," **id.,** because the duties of that and other county offices would be performed by the county manager or his appointees.

Similar to the proposal set forth in LR 46CA, the county manager statutes examined in **Tusa** "purport{ed} to organize a new optional form of county government without in any way destroying or interfering with the former {law}. Those counties which {did} not adopt the county manager form of government {would} continue to operate under the old law, as {would} those that . . . subsequently abandon{ed} the county manager plan." **Id.** at 530, 265 N.W. at 525-526. Thus, the Legislature's enactment had provided for two separate and distinct forms of county government. **Id.; see** 1933 Neb. Laws, ch. 35, LB156, § 1 - § 27 (codified at Neb. Rev. Stat. § 26-2001 - § 26-2018 (Supp. 1933)). The court examined provisions of the county manager statutes at length and found that, while the statute may have transferred the **duties** of the office of register of deeds to the county manager, the statutes had not expressly abolished the **office** of register of deeds. **Id.** at 535, 265 N.W. at 526.

Next, the court examined whether, by adoption of a county manager form of government, the office of register of deeds had been implicitly abolished. In order to make that determination, the court analyzed the meaning of the term "office." The court determined that

> {t}he words "office" and "officer" are terms of vague and variable impact, the meaning of which necessarily varies with the connection in which they are used, and, to determine it correctly in a particular instance, regard must be had to the intention of the statute and the subject-matter in reference to which the terms are used.
>
> . . . .
>
> One of the most important criteria of a public office is that the incumbent is vested with some of the functions pertinent to sovereignty, for it has been frequently decided that in order to be an office the position must be one to which a portion of the sovereignty of the state, either legislative, executive, or judicial, attaches for the time being.

Id. at 535-536, 265 N.S. at 528 (citations omitted); **see also State ex rel. Spire v. Conway,** 238 Neb. 766, 771-72, 472 N.W.2d 403, 407 (1991) (affirming the **Tusa** analysis and defining a public office as "a governmental position, the duties of which invest the incumbent with some aspect of the sovereign power").

Based upon this broad definition, the court held that the register of deeds was a public, county "office," the abolition of which had been

neither expressly nor implicitly provided for by the Legislature's enactment of statutes providing for a county manager form of government. The court further determined that, as outlined in the legislative enactment, the county manager position also constituted a county officer. 130 Neb. at 536-537, 265 N.W. at 529. Since those officers, under the county manager statutes, were appointed to office, rather than elected, the supreme court declared the legislative enactment to be an unconstitutional violation of Article IX, § 4. **Id.** at 536, 265 N.W.2d at 528.

The court's **Tusa** decision is consistent with its ruling in an earlier case which involved a challenge to statutes governing the establishment of county commissioner districts in Douglas County. In **State ex rel. Harte v. Moorhead,** 99 Neb. 527, 156 N.W. 1067 (1916), a candidate for one of the county board seats instituted the action to contest the validity of the apportionment of the district which had been established by the Legislature. Resolution of the dispute centered upon the court's construction of several provisions of the Constitution. The court ultimately concluded that the districting plan was unconstitutional. **Id.** at 546-547, 156 N.W. at 1071. The court's reasoning included a finding that

> {c}ounty governments are local in nature, and the Constitution protects them in their right of local self- government. . . . **The Constitution makers had something definite in mind when they provided that county officers should be elected.**

Id. at 534, 156 N.W. at 1069 (emphasis supplied).

Based upon the supreme court's analysis of Article IX, § 4 and of the Legislature's 1933 attempt to institute an optional "county manager" system of county government, we conclude that a similar attempt to implement your proposal, without first amending the text of Article IX, § 4, would be deemed unconstitutional. While the Legislature is vested with broad authority to determine which county offices will exist, once those offices have been established, the people have retained the right to elect the individuals who will occupy those offices.

[1] Following the 1968 general election, text was added to Article IX, § 4 which granted authority for the consolidation of county offices. **See** 1967 Neb. Laws, LB 85. That amendment did not affect the preexisting language pertaining to county officers.

[2] **See, e.g.,** Neb. Rev. Stat. § 23-105 (county board); Neb. Rev. Stat. § 23-1201 (county attorney); Neb. Rev. Stat. § 23-1301 (county clerk); Neb. Rev. Stat. § 23-1501 (register of deeds); Neb. Rev. Stat. § 23-1601 (county treasurer); Neb. Rev. Stat. § 23-1701 (county sheriff); Neb. Rev. Stat. § 23-1901 (county surveyor/engineer); Neb. Rev. Stat. § 23-3201 (county assessor); Neb. Rev. Stat. § 23-3301 (county superintendent); Neb. Rev. Stat. § 23-3401 (public defender).

RESOLUTIONS

LEGISLATIVE RESOLUTION 356. Introduced by Business and Labor Committee: Abboud, 12, Chairperson; Preister, 5; Schimek, 27; Schmitt, 41; Vrtiska, 1.

PURPOSE: There is a growing concern of whether or not newspaper carriers should be treated as employees for purposes of Nebraska workers' compensation laws. A recent Nebraska Supreme Court decision determined that a newspaper carrier was an employee under the workers' compensation law, but such case applied only to that specific fact situation and did not settle the issue. During the past several legislative sessions, legislation has been introduced to define a newspaper carrier as an employee for purposes of Nebraska workers' compensation law but such legislation has failed to advance. The Legislature should undertake a thorough examination of this issue to determine whether the workers' compensation laws in Nebraska require revision.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Business and Labor Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 357. Introduced by Business and Labor Committee: Abboud, 12, Chairperson; Preister, 5; Schimek, 27; Schmitt, 41; Vrtiska, 1.

PURPOSE: To conduct a review of the Nebraska Workers' Compensation Act and the ongoing impact of LB 757 (1993) upon the workers' compensation system.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Business and Labor Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 358. Introduced by Schimek, 27.

PURPOSE: The purpose of this study is to review the Nebraska Construction Lien Act, sections 52-125 to 52-159. This law was enacted by LB 512 in 1981, and has not been amended since that time. Concerns have been raised that subcontractors, even though they have the ability, are discouraged from filing liens. This group has little protection if a contractor fails to pay his or her outstanding debt. The homeowner is not on notice of any unpaid bills after the contractor has been paid and the contractor's lien has been removed from the property.

LB 1160 was introduced in the 1996 legislative session and would have required that subcontractors who provide at least one thousand dollars in supplies or services for a real estate improvement contract shall file a lien. The bill was indefinitely postponed by the Government, Military and Veterans Affairs Committee with the stipulation that an interim study be conducted to review the Nebraska Construction Lien Act.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Business and Labor Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 360. Introduced by Hartnett, 45; Maurstad, 30.

PURPOSE: The studies of property tax reduction issues conducted by various legislative committees during the 1995 interim and the legislation introduced in the 1996 session as the result of those studies have pointed out the need for more reliable information on the uses of property tax revenue by political subdivisions. It is important for policymakers to have reliable data on the amount of property tax revenue which is devoted to principal and interest payments from bond issues by local political subdivisions and to know how that amount relates to total property tax burdens.

But even more important is the issue of public accountability: To develop means to insure that the public knows how much of each property tax dollar paid to each political subdivision is used for bond financing and how much goes to general operations.

This study will investigate the feasibility of developing a new format or a new form for property tax statements to provide individual taxpayers with information on the amount of the property tax levy from each political subdivision which is to be used for bond principal and interest payments. This study will investigate the cost of changes proposed, whether those costs were justified by the value of the information provided, and alternative methods which might distribute the information reliably at a lesser cost. This study will also seek to determine the extent of public support for providing such information.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 361. Introduced by Witek, 31; Wehrbein, 2.

PURPOSE: To examine the use and cost of compensatory time by state government in Nebraska. This study shall review state laws and agency rules, regulations, and practices in this area. In the review of agency practices relating to compensatory time, this study shall include, but not be limited to, an analysis of how compensatory time is

administered, how compensatory time is used and by whom, and what economic and noneconomic costs and benefits result from such practices.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Appropriations Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

1. Insert the following new sections:

"Sec. 187. Section 21-2631, Revised Statutes Supplement, 1994, is amended to read:

21-2631. Each member, manager, employee, or agent of a limited liability company organized under the Limited Liability Company Act who renders professional services shall hold a valid license or otherwise be duly authorized to render those professional services under the law of this state if he or she renders professional services within this state or under the law of the state, territory, or other jurisdiction in which he or she renders those professional services. Before rendering professional services, the limited liability company shall (1)(a) file with the Secretary of State a registration certificate issued to the limited liability company by the regulatory body of the particular profession for which the limited liability company is organized to do business, which certificate sets forth the name and residence address of every member as of the last day of the month preceding the filing, and ~~(2)~~ (b) certify that all members, managers, and professional employees who are required by law to do so are duly licensed or otherwise authorized to perform the professional services for which the limited liability company is organized or (2) comply with and qualify under the procedures set forth in subsection (2) of section 21-2631.01.

Sec. 188. Section 21-2631.01, Revised Statutes Supplement, 1994, is amended to read:

21-2631.01. (1) An application for issuance of a registration certificate shall be made by the limited liability company to the regulatory body in writing and shall contain the names of all members, managers, and professional employees of the limited liability company, the street address at which the applicant proposes to perform professional services, and such other information as may be required by the regulatory body. If it appears to the regulatory body that each member, manager, and professional employee of the applicant required by law to be licensed is licensed or otherwise authorized to practice the profession of the applicant and that each member, manager, or professional employee required by law to be licensed is not otherwise disqualified from performing the professional services of the applicant, such regulatory body shall certify in duplicate upon a form bearing its date of issuance and prescribed by such regulatory body that the proposed or existing limited liability company complies with the provisions of the Limited Liability Company Act and of the applicable rules and regulations of the regulatory body. Each applicant for such registration certificate shall pay the regulatory body a fee of twenty-five dollars for the issuance of the certificate.

One copy of such certificate shall be prominently displayed to public view upon the premises of the principal place of business of the limited liability company, and one copy shall be

filed with the Secretary of State who shall charge a fee of twenty-five dollars for filing the same. The certificate shall be filed in the office of the Secretary of State with the articles of organization. A registration certificate bearing an issuance date more than twelve months old shall not be eligible for filing with the Secretary of State.

(2) When licensing records of regulating boards are electronically accessible to the Secretary of State, the Secretary of State shall access the records. The access of the records shall be made in lieu of the certificate of registration or registration certificate being prepared and issued by the regulating board. The limited liability company shall file with the Secretary of State an application setting forth the names of all members, managers, and professional employees of such limited liability company who are required by law to be licensed or otherwise authorized to practice the professional services for which the limited liability company is organized as of the last day of the month preceding the date of application and shall file with the Secretary of State an annual update thereafter. The application shall be completed on a form prescribed by the Secretary of State and shall contain such other information as the Secretary of State may require. The application shall be accompanied by a license verification fee of fifty dollars.

The Secretary of State shall verify that all members, managers, and professional employees who are required by law to do so are duly licensed or otherwise legally authorized to render the same professional service or ancillary service as those which the limited liability company renders through electronic accessing of the regulating board's records. If any member, manager, or professional employee is not licensed or otherwise legally authorized to perform the professional service that the limited liability company was organized to render, the limited liability company shall be suspended. The suspension shall remain in effect until the limited liability company attests in writing that all members, managers, or professional employees are duly licensed or otherwise legally authorized to render the appropriate service and that information is verified by the Secretary of State or all unlicensed or unauthorized members, managers, or professional employees are no longer members, managers, or professional employees of the limited liability company.

Sec. 189. Section 21-2631.02, Revised Statutes Supplement, 1994, is amended to read:

21-2631.02. Each registration certificate issued to a limited liability company pursuant to section 21-2631.01 shall expire by its own terms one year from the date of issuance and may not be renewed. Each limited liability company shall annually apply (1) to its regulatory body for a registration certificate in the manner provided in ~~such section~~ subsection (1) of section 21-2631.01 or (2) to the Secretary of State pursuant to subsection

(2) of section 21-2631.01 if the records of the regulating body are electronically accessible to the Secretary of State. A certificate or application shall be filed annually with the Secretary of State within thirty days before the expiration date of the last certificate or application on file in the office of the Secretary of State or the limited liability company shall be suspended. Registration certificates shall not be transferable or assignable.

Sec. 190. Section 21-2631.03, Revised Statutes Supplement, 1994, is amended to read:

21-2631.03. A regulatory body may, upon a form prescribed by it, suspend or revoke any registration certificate issued to any limited liability company pursuant to subsection (1) of section 21-2631.01 upon the suspension or revocation of the license or other authorization to perform professional service of any member, manager, or professional employee of a holder of a certificate. Notice of such revocation shall be provided the limited liability company affected by sending by certified or registered mail a certified copy of such revocation to the limited liability company at its principal place of business set forth in the registration certificate so revoked. At the same time, the regulatory body shall forward by regular mail a certified copy of such revocation to the Secretary of State who shall remove the suspended or revoked registration certificate from his or her files and deliver it to the regulatory body.".

(1) By the year 2000, all Nebraska school districts will be kindergarten through grade twelve districts;
(2) By the year 2000, each such district shall contain a minimum student population of three hundred students residing in

the district unless meeting this provision would require such district to extend beyond the boundaries of the county in which the district is organized;

(3) By the year 2000, the boundaries of such districts shall be contiguous and, where possible, shall conform to county boundaries, natural boundaries, or transportation routes;

(4) Beginning in school year 2000-2001 through school year 2014-2015, all children whose family domicile changes to another school district pursuant to the requirements of sections 10 to 14 of this act would have the option to continue attending their original school district;

(5) Beginning in the year 2000, members of school boards or boards of education of school districts organized pursuant to the requirements of sections 10 to 14 of this act will be elected from election wards of as nearly as possible equal population;

(6) Attendance centers in existence prior to June 1, 2000, shall, beginning June 1, 2000, be maintained to the extent that the school board or board of education of the kindergarten through grade twelve district can demonstrate that the fiscal cost of operating such attendance center on an average per pupil cost basis does not exceed the average per pupil cost of the entire district by more than ten percent, except that the ten percent requirement shall be waived if closing an elementary attendance center, kindergarten through grade six or eight, would result in students living more than fifteen miles from the next available elementary attendance center. Districts in which the distance between elementary attendance centers and students' places of residence already exceed the fifteen-mile limit as set forth in this section may continue to operate without meeting the fifteen-mile requirement; and

(7) Each attendance center shall provide for the selection of not fewer than five nor more than nine persons from within the boundaries of such attendance center to serve as an advisory committee to the administration and faculty of the attendance center. The advisory committee shall provide parental and citizen input regarding the operation and programs of the attendance center in matters not already prescribed by law or board policy. Advisory committee members shall serve without compensation.

County committees shall develop county reorganization plans which do not conflict with the state and regional plans developed by the state committee. The state committee shall provide planning assistance to the county committees and school districts.

Sec. 13. Until June 1, 2000, school districts shall have the opportunity to voluntarily reorganize to meet the minimum student population and the boundary standards established in section 10 of this act. ATTORNEY GENERAL'S OPINION

Opinion No. 96025

DATE: March 25, 1996

SUBJECT: Validity in Nebraska of Same-Sex Marriages Contracted in Another State

REQUESTED BY: Senator Jim Jones
District 43

WRITTEN BY: Don Stenberg, Attorney General
Steve Grasz, Deputy Attorney General

You have requested the opinion of this office as to the validity in Nebraska of same-sex marriages contracted in another state. Specifically, you have asked whether Nebraska is required to recognize a same-sex marriage contracted in the State of Hawaii, and whether Nebraska would be required to honor a same-sex marriage license from Hawaii if legislation was adopted in Nebraska prohibiting recognition of same-sex marriages, either before or after such marriages were legalized in Hawaii.

The issues raised by your request have recently become of nationwide concern, with legislation reportedly adopted in at least two states, and being considered in thirty others. The source of the concern is a case now pending in the State of Hawaii.

In **Baehr v. Lewin,** 852 P.2d 44 (Hawaii 1993), same-sex couples whose applications for marriage licenses were denied filed suit alleging that denial of the marriage licenses violated their rights under the Hawaii Constitution. The Hawaii Supreme Court concluded there is no fundamental right for same-sex couples to marry, but concluded Hawaii's marriage statutes restricting marriage to male-female unions established a sex-based classification that is subject to strict scrutiny.

The court said such laws are presumed to be unconstitutional unless the state shows a compelling state interest which justifies the classification. **Id.** at 64.

The Hawaii Supreme Court remanded the case to a lower court where the Attorney General of Hawaii must overcome the presumption of unconstitutionality by demonstrating the statute furthers compelling state interests and is narrowly drawn to avoid unnecessary abridgements of constitutional rights. **Id.** at 68. The Hawaii Attorney General's Office has informed this office that the case on remand will go to trial on August 1, 1996.

I. Whether Nebraska is Required to Recognize Same-Sex Marriages Contracted in Another State.

A. Background

Marriage is referred to in Nebraska law as "a civil contract, to which the consent of the parties capable of contracting is essential." Neb. Rev. Stat. § 42-101 (1993). The Nebraska Supreme Court has stated that "Marriage . . . is also and specifically a status or personal relation in which the state is deeply concerned and over which the state exercises exclusive dominion." **Buchholz v. Buchholz,** 197 Neb. 180, 182, 248 N.W.2d 21 (1976) (quoting **Maynard v. Hill,** 125 U.S. 190 (1888)). "The law of marriage in this country traces its origin back to the ancient decrees of the church and the civil law which were the basis of the matrimonial laws of England. . . ." **Christensen v. Christensen,** 144 Neb. 763, 767, 14 N.W.2d 613 (1944).

Although the Nebraska statutes do not specifically prohibit same-sex marriages, a prior Nebraska Attorney General's Opinion concluded that same-sex marriages are not recognized under Nebraska law. 1977-78 Rep. Att'y Gen. 170 (Op. No. 113, June 27, 1977). This conclusion was reached after examination of cases from other states, as well as terms in Nebraska's marriage statutes supporting a common use definition of "marriage." Specifically, the opinion referred to the use of the terms "man and wife," and "bride and groom" as well as provisions voiding marriage when the parties are in the relationship of brother and sister, uncle and niece, and aunt and nephew. **Id.** The opinion concluded, "Where the Nebraska Legislature has not defined marriage to include a relationship between two persons of the same-sex, it should be given its usual and well-recognized meaning." **Id.** The opinion further concluded that a marriage license could not be issued to two persons of the same-sex due to the "inability of two persons of the same-sex to come within the definition of marriage." **Id.** Numerous other states with similar statutes have reached the same conclusion. **See Singer v. Hara,** 522 P.2d 1187, 1189 (Wash.App. 1974); **Baker v. Nelson,** 191 N.W.2d 185 (Minn. 1971); **Jones v. Hallahan,** 501 S.W.2d 588 (Ky. 1973); **Adams v. Howerton,** 673 F.2d 1036 (9th Cir.), cert. denied, 458 U.S. 1111 (1982); Op. Att'y Gen. of Alaska 663-95-0451 (March 31, 1995); Op. Att'y Gen. of Arkansas No. 95-062 (April 26, 1995); Op. Att'y Gen. of Maine No. 84-28 (Oct. 30, 1984); Op. Att'y Gen. of Kansas No. 77-248 (Aug. 4, 1977); Op. Att'y Gen. of South Carolina (Aug. 12, 1976).

Although the above-referenced Nebraska Attorney General's Opinion is nearly twenty years old, it remains valid. Current Nebraska law still requires that "at the time of marriage the male must be of the age of seventeen years or upward, and the female of the age of seventeen years or upward." Neb. Rev. Stat. § 42-101 (1993) (emphasis added). **See also** Neb. Rev. Stat. § 42-103 (voiding marriages between brother and sister, uncle and niece, and aunt and nephew); Neb. Rev. Stat. § 42-109 (requiring marriage ceremonies to include declaration by participants "that they take each other as husband and wife"). The introduction of legislation this year seeking to amend existing law so as to legalize same-sex marriages (LB 1260) also supports this view. Thus, same-sex marriages are not legally recognized in Nebraska.

B. Recognition of Marriages Contracted Outside Nebraska

Although Nebraska does not recognize same-sex marriages within the state, the question remains whether Nebraska must recognize same-sex marriages contracted in another state. Nebraska law provides that "all marriages contracted without this state, which would be valid by the laws of the country in which the same were contracted, shall be valid in all courts and places in this state." Neb. Rev. Stat. § 42-117 (emphasis added).

Despite the use of the term "country" in this statute, it has historically been applied to marriages contracted in other states as well. **See In re Binger's Estate,** 158 Neb. 444, 448, 63 N.W.2d 784 (1954) (applying same statute to Colorado common-law marriage); **Scott v. Scott,** 153 Neb. 906, 908, 46 N.W.2d 627 (1951) (applying same statute to South Dakota marriage); **Allen v. Allen,** 121 Neb. 635, 641, 237 N.W. 662 (1931) (applying same statute to a Colorado marriage); **Staley v. State,** 89 Neb. 701, 702, 131 N.W. 1028 (1911) (applying statute to Iowa marriage; **State v. Hand,** 87 Neb. 189, 192, 126 N.W. 1002 (1910) (applying same statute to Iowa marriage); **Bailey v. State,** 36 Neb. 808, 812, 55 N.W. 241 (1893) (applying statute to Iowa marriage); **Gibson v. Gibson,** 24 Neb. 394, 429, 39 N.W. 450 (1888) (applying same statute to marriage contracted in Illinois).

We would argue that Nebraska law implicitly prohibits recognition of same-sex marriages from other states, based on the commonly understood meaning of the word "marriages" and the use of gender specific terms in Nebraska statutes, as discussed above. Furthermore, the Nebraska Supreme Court has stated, "{E}very marriage statute is to be interpreted in harmony with the common law theretofore existing and as superseding it only to the extent required by its express terms or necessary operation." **Christensen v. Christensen,** 144 Neb. at 767. Clearly, same-sex marriages were not recognized at common law. **See also Singer v. Hara,** 522 P.2d 1187, 1192 (Wash. App. 1974) ("same-sex relationships are outside of the proper definition of marriage"); **Jones v. Hallahan,** 501 S.W.2d 588, 589 (Ky. 1973) ("marriage has always been considered as the union of a man and a woman"); **Anonymous v. Anonymous,** 67 Misc.2d 982, 325 N.Y.S.2d 499, 500 (1971) ("Marriage is and always has been a contract between a man and a woman."). **See also** Op. Att'y Gen. of Maine No. 84-28

("it is a fundamental premise that marriage can occur only between persons of the opposite sex"); Op. Att'y Gen. of Kansas No. 77-248 ("The law makes no provision for a 'marriage' between persons of the same sex. Marriage is and always has been a contract between a man and a woman. . . .").

Nonetheless, there is a very real possibility the Nebraska Supreme Court could hold otherwise. The terms of Neb. Stat. Rev. § 42-117 are broad and facially all-inclusive. Just as there is no specific provision excluding recognition of out-of-state incestuous or underage marriages (both of which are void if contracted in Nebraska), there is no provision excluding recognition of out-of-state same-sex marriages.

Significantly, an issue arguably similar to the one presented by your request has been addressed previously by the Nebraska Supreme Court. In **State v. Hand,** 87 Neb. 189 (1910), a man and a woman were charged with the crime of fornication. The court's opinion notes that they were prohibited from marrying under Nebraska law. The two had traveled to Iowa to celebrate their marriage "for the express purpose of evading the laws of the State of Nebraska." **Id.** at 189-190. After their marriage in Iowa, they returned to Nebraska. The court found that "by the laws of Iowa the marriage of defendants when consummated there was lawful in that state." **Id.** at 190. At issue was whether the marriage would be legally recognized in Nebraska. The court stated,

> In **Van Voorhis v. Brintnall,** 86 N.Y. 18, in the syllabus, the court say{s}: "The validity of a marriage contract is to be determined by the law of the state where it was entered into; if valid there it is to be recognized as such in the courts of this state, unless contrary to the prohibitions of natural law, or the express prohibitions of a statute. While every state can regulate the status of its own citizens, in the absence of express words, a legislative intent to contravene the jus gentium under which the question of the validity of a marriage contract is referred to the lex loci contractus cannot be inferred; the intent must find clear and unmistakable expression." The court cited **Medway v. Needham, supra,** and also quoted from **Putnam v. Putnam,** 8 Pick. (Mass.) 433, the following: "If it shall be found inconvenient, or repugnant to sound principle, it may be expected that the legislature will explicitly enact that marriages contracted within another state, which if entered into here would be void, shall have no force within this commonwealth." Acting on that idea, Massachusetts subsequently enacted a law as follows: "When persons resident in this state, in order to evade the preceding provisions and with an intention of returning to reside in this state, go into another state or country and there have their marriage solemnized, and afterward return and reside here, the marriage shall be deemed void in this state." (Gen. St. 1860, ch. 106, sec. 6.) After the passage of that law, the supreme court of **Massachusetts in Commonwealth v. Lane,** 113 Mass. 458, in an opinion by Mr. Chief Justice Gray, on page 464, say{s}: "A marriage which is prohibited here by statute, because contrary to the policy of our laws, is yet valid if celebrated elsewhere according to the laws of

> the place, even if the parties are citizens and resident of this commonwealth, and have gone abroad for the purpose of evading our laws, unless the legislature has clearly enacted that such marriages out of the state shall have no validity here. This has been repeatedly affirmed by well-considered decisions." And this seems to be the overwhelming weight of the better reasoned cases on the subject.

Id. at 191-192 (emphasis added). Thus, in the context of the **Hand** case, the Nebraska Supreme Court stated that marriages which are void in Nebraska and which are contracted in another state purposely to evade Nebraska law and public policy are nonetheless valid in Nebraska unless the legislature expressly provides to the contrary. The Court further stated,

> We do not question the power of a state to pass a law similar to that passed by Massachusetts, as hereinbefore set out, but our legislature has not seen fit to do so. On the contrary, section 5316 Ann. St. 1907, provides: "All marriages contracted without this state, which would be valid by the laws of the country in which the same were contracted, shall be valid in all courts and places in this state." **See Gibson v. Gibson,** 24 Neb. 394, **Bailey v. State,** 36 Neb. 808; **Hills v. State,** 61 Neb. 589.

Id. at 192 (emphasis added). Thus, the Nebraska Supreme Court has specifically noted the broad language of the Nebraska statute, and stated that specific legislation would be necessary to carve out exceptions for marriages that are contrary to the policy expressed in Nebraska law. **See also Staley v. State,** 89 Neb. at 702 (marriage of first cousins in Iowa must be recognized in Nebraska).

Consequently, it is possible the Nebraska Supreme Court could hold that Neb. Rev. Stat. § 42-117 requires Nebraska to recognize same-sex marriages contracted in Hawaii or other states if such marriages were legally valid in those states.

II. Whether Nebraska Would be Required to Honor a Same-Sex Marriage License From Another State if Legislation was Adopted Prohibiting Recognition of Such Marriages Either Before or After Such Marriages Were Legalized in the Other State.

As your question implies, the Nebraska Legislature could adopt legislation to specifically prohibit recognition of same-sex marriages, either before or after another state legalizes such marriages. The issue is whether such action by Nebraska would violate any provision of the United States Constitution, such as the Full Faith and Credit Clause or the Equal Protection Clause.

This precise issue was recently addressed by the Attorney General of Tennessee in Opinion No. 96-016 (February 13, 1996). The opinion examined the constitutionality of Tennessee Senate Bill 2305 which declares that same-sex marriages entered into in another state are void in Tennessee. That opinion states as follows:

> Article IV, Section 1 of the United States Constitution, the Full Faith and Credit Clause, states that "Full Faith and Credit shall be

given in each State to the public acts, Records and judicial Proceedings of every other State." This provision, however, does not mean that every legal action taken in another state will override a conflicting Tennessee public policy and be recognized as legal in this state.

Prima facie, every state is entitled to enforce in its own courts its own statutes, lawfully enacted. One who challenges that right, because of the force given to a conflicting statue of another state by the Full Faith and Credit Clause, assumes the burden of showing, upon some rational basis, that of the conflicting interests involved those of the foreign state are superior to those of the forum. It follows that not every statute of another state will override a conflicting statute of the forum by virtue of the Full Faith and Credit Clause. . . . **Alaska Packers Ass'n v. Industrial Accident Commission of California,** 294 U.S. 323, 547-48, 55 S.Ct. 518, 523 (1935). **See also Sun Oil Co. v. Wortman,** 486 U.S. 717, 722, 108 S.Ct. 2117, 2122, 100 L.Ed.2d 743 (1988) (Full Faith and Credit does not compel one state to substitute statutes of other states for its own statutes dealing with subject matter with which it is competent to legislate); Herman, The Fusion of Gay Rights and Feminism: Gender Identity and Marriage after **Baehr v. Lewis,** 56 Ohio State L. Rev. 985, 991 n.25 (1995) (observing that in family law questions the United States Supreme Court seems to balance the forum state's public policy interests against the interests of comity).

. . .

Section 1 of Senate Bill 2305 states:

(a) It is hereby declared to be the public policy of this state to recognize the union only of a man and woman. No same sex marriage shall be recognized as entitled to the benefits of marriage.

(b) Marriages between persons of the same sex are prohibited in this state. Any marriage entered into by persons of the same sex, where such license is issued by another state or foreign jurisdiction, shall be void in this state and any contractual rights granted by virtue of such license, including its termination, shall be unenforceable in the courts of this state.

If enacted into law and if not unconstitutional on some other ground, Senate Bill 2305 would probably provide the expression of state public policy necessary to justify an exception to the Full Faith and Credit Clause so that this state would not be required to recognize the validity of a same-sex marriage obtained in another jurisdiction.

Id. (emphasis added). The Tennessee opinion also noted that Utah has already adopted a similar statute. See Utah Code Ann. § 30-1-4 (according to recent news reports, South Dakota has also adopted a similar statute).

The Tennessee opinion next examined the proposed statute under the Equal Protection Clause and noted that "no court has recognized a fundamental right under the federal constitution for persons of the same-sex to marry." **Id.** The opinion agreed with the Washington Court

of Appeals which specifically held that refusal to recognize same-sex marriage did not violate that state's equal rights amendment since the failure to recognize same-sex marriages "is based upon the state's recognition that our society as a whole views marriage as the appropriate desirable forum for procreation and the rearing of children." **Singer v. Hara,** 522 P.2d at 1197. Along this same line, we note that the Singer court also stated, "

> The institution of marriage is a union of man and woman, uniquely involving the procreation and rearing of children within a family, is as old as the book of Genesis. . . . This historic institution manifestly is more deeply founded than the asserted contemporary concept of marriage and societal interests for which petitioners contend. The due process clause of the Fourteenth Amendment is not a charter for restructuring it by judicial legislation.
>
> . . .
>
> The equal protection clause of the Fourteenth Amendment, like the due process clause, is not offended by the state's classification of persons authorized to marry.

Id. at 1197 (quoting **Baker v. Nelson,** 191 N.W.2d at 186).

We agree with the reasoning of the Tennessee opinion and the court decisions cited therein. We conclude Nebraska could validly enact legislation expressly refusing to recognize same-sex marriages before another state legalizes such marriages. **See State v. Hand,** 87 Neb. at 191-192 ("We do not question the power of a state to pass a law similar to that passed by Massachusetts {voiding marriages contracted in other states for the purpose of evading Massachusetts law}).

Similar arguments could be made to support the validity of legislation enacted after legalization of same-sex marriages in another state. However, after-the-fact adoption could make such a statute more difficult to defend since it would clearly be aimed at the law of a particular sister state. The State would also be in the position of expressing the public policy supporting such a law in a reactionary context. Furthermore, Nebraska would likely be faced with the practical problem of having at least some citizens with marriage licenses valid in another state which arguably would also be valid under Nebraska law. Although the Nebraska Supreme Court has noted the "state's vital interest in the institution of marriage . . . and the state's plenary power to fix the conditions under which the marital status may be created or terminated. . . .", **Buchholz,** 197 Neb. at 183, retroactively invalidating same-sex marriage licenses, or refusing to extend similar benefits to similarly situated individuals could create additional legal arguments and litigation. **See Williams et al. v. State of North Carolina,** 325 US. 226, 65 S.Ct. 1092, 112 (1945) (Black, J. dissenting).

Conclusion

Same-sex marriages are not recognized under Nebraska law. As to whether Nebraska must recognize same-sex marriages contracted in Hawaii or other states, we would argue that same-sex marriages are not "marriages" as that term is used in Neb. Rev. Stat. § 42-117 which provides that all "marriages" from foreign jurisdictions are valid in

Nebraska. There is, however, a grave danger that under § 42-117, the Nebraska Supreme Court might well recognize same-sex marriages performed in Hawaii as being valid in Nebraska, even though this result is not required under the U.S. Constitution.

Secondly, we conclude Nebraska could validly enact legislation expressly refusing to recognize same-sex marriages, before another state legalizes such marriages. We believe such legislation could be defended against a constitutional challenge. As a leading case in this area of law stated, "The institution of marriage is a union of man and woman . . . {and} is as old as the book of Genesis . . . This historic institution manifestly is more deeply founded than the asserted contemporary concept of marriage and societal interests {contended by same-sex couples}. The due process clause {like the equal protection clause} . . . is not a charter for restructuring it by judicial legislation." **Singer v. Hara,** 522 P.2d at 1197 (quoting **Baker v. Nelson,** 191 N.W.2d at 186).

The legislature may also be able to enact such legislation after legalization of same-sex marriages in another state. However, after-the-fact adoption could raise a number of additional legal problems, and would likely make defense of such a statute more difficult.

Accordingly, we strongly recommend that the Legislature act yet this session if it wishes to prevent same-sex couples "married" in another state from having that arrangement legally recognized in Nebraska.

Sincerely yours,
DON STENBERG

MESSAGE FROM THE GOVERNOR

March 25, 1996

Patrick J. O'Donnell
Clerk of the Legislature
State Capitol, Room 2018
Lincoln, NE 68509

Dear Mr. O'Donnell:

Engrossed Legislative Bills 906, 938, 1041, 1047, 1048, 1072, 1073, 1122, 1123, 972, and 1028 were received in my office on March 22, 1996.

These bills were signed by me on March 25, 1996, and delivered to the Secretary of State.

Sincerely,
(Signed) E. Benjamin Nelson

RESOLUTIONS

LEGISLATIVE RESOLUTION 369. Introduced by Schrock, 38.

PURPOSE: The purpose of this resolution is to study the licensing of outfitters and professional guides and the creation of a Board of Outfitters and Professional Guides to insure that Nebraska can maximize the benefits of economic development and tourism connected with outfitter and professional guide services and minimize the risks connected with such services for the consumer.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Agriculture Committee and the Natural Resources Committee of the Legislature shall be designated to conduct a joint interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of the study make a report of their findings, together with recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 370. Introduced by Landis, 46.

PURPOSE: The State of Nebraska now requires pawnbrokers to provide to a city or village specific information related to the purchase of second-hand goods, including an accurate description of the property purchased or received, the identification of the seller, and the identification of the clerk or agent who handled the transaction.

Many different types of dealers now exist who specialize in second-hand goods, including jewelry, athletic equipment, coins, electronic equipment, car parts and accessories, video equipment, guns, household goods, precious metals, antiques, and more. As these dealers are not now required to maintain the types of records routinely required of pawnbrokers, dealers in second-hand goods may unwittingly provide a market for the disposal of stolen property. This study will determine whether or not to require the extension of record providing responsibilities to additional types of dealers in second-hand goods.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 371. Introduced by Building Maintenance Committee: Lynch, 13, Chairperson; Coordsen, 32; Cudaback, 36; Janssen, 15; Vrtiska, 1; Wehrbein, 2.

PURPOSE: The purpose of this study is to examine the rehabilitation and maintenance needs of the Governor's mansion. The study shall include, but not be limited to:

1. An inventory of needed rehabilitation and maintenance projects and the estimated cost for each project;

2. An historical summary of past rehabilitation and maintenance projects and their sources of funding; and

3. An examination of possible funding sources for future projects.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Committee on Building Maintenance of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

PURPOSE: The purpose of this resolution is to review and evaluate the Schools' TeleLearning Service and the Japanese Distance Learning Program which are administered by the State Department of Education in partnership with the Nebraska Educational Telecommunications Commission. The study shall include, but not limited to:

(1) A review of the current and historical funding, utilization, cost effectiveness, and administration of the Schools' TeleLearning Service;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Education and Appropriations Committees of the Legislature shall be designated to conduct a joint interim study to carry out the purposes of this resolution in cooperation with the State Department of Education and the Nebraska Educational Telecommunications Commission.

2. That the committees shall upon the conclusion of the study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 374. Introduced by Appropriations Committee: Wehrbein, 2, Chairperson; Brashear, 4; Brown, 6; Crosby, 29; Engel, 17; Hillman, 48; Lynch, 13; Maurstad, 30; Schrock, 38.

PURPOSE: To conduct a study in conjunction with the Criminal Justice Information Systems (CJIS) Advisory Committee of the Nebraska Commission on Law Enforcement and Criminal Justice (Crime Commission) relating to improving methods of sharing data and

information technology among Nebraska's diverse criminal justice agencies. The study will focus on the development of a strategic plan, data standards, and architecture to promote the most cost effective use of state and local dollars and resources, while promoting and maximizing the use and transfer of both existing data and technology and possible new linkages between state and local criminal justice agencies in Nebraska, and will recommend possible strategic and legislative actions or initiatives.

In 1987, the Legislature created the Nebraska Intergovernmental Data Communications Advisory Council (NIDCAC) to examine issues pertaining to the efficient collection, use, and exchange of information among state agencies. NIDCAC created a criminal justice subcommittee whose membership was broadly representative of state and local criminal justice entities. The CJIS subcommittee submitted an action plan in September 1994 and recommended that the Crime Commission create an advisory committee on CJIS. The Crime Commission officially created the CJIS Advisory Committee in December 1994. The CJIS Advisory Committee has recognized and is undertaking efforts relating to improvement of criminal justice information transfer and coordination.

A need exists to preserve work already completed on strategic statewide projects such as the Automated Fingerprint Identification System (AFIS), the Nebraska Criminal History Project (NCHIP), and the Court JUSTICE System. Coordination of efforts and sharing of resources or consolidating and coordinating criminal justice approaches and systems are expected to result in improvements at the agency, data, and fiscal level for both state and local entities. The study will focus not on hardware acquisition, software procurement, or development of new systems but instead on the transfer of data among existing systems, alternative approaches, and the identification of steps, processes, and potential legislation necessary to improve current systems and implement a cost effective comprehensive state supported effort.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Appropriations Committee and the Judiciary Committee of the Legislature shall be designated to conduct a joint interim study to carry out the purposes of this resolution.

2. That the committees shall conduct the study in cooperation with the CJIS Advisory Committee of the Crime Commission.

3. That the committees shall upon the conclusion of their study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 375. Introduced by Appropriations Committee: Wehrbein, 2, Chairperson; Brashear, 4; Brown, 6; Crosby, 29; Engel, 17; Hillman, 48; Lynch, 13; Maurstad, 30; Schrock, 38.

PURPOSE: The intent of the Nebraska Partnership Project, created in Legislative Bill 1044 (1996), restructures five state agencies into three unified agencies whose purpose is to coordinate policy development, service delivery program management, quality assurance, administrative duties, and other support functions. As a result of this substantial reorganization, a process must be established that ensures that the new agencies maintain budgetary accountability to the Legislature.

This study will look at implementing performance-based program budgeting within the Nebraska Partnership Project as the means for maintaining budgetary accountability. Performance-based program budgeting helps an agency develop strategic plans and performance measures to support their budget requests, which also provides a basis for evaluating program efficiency and effectiveness. This study will look at creating a framework that will help the Nebraska Partnership Project articulate its mission and goals and develop implementation plans and measures that are tied to its mission and goals. It will also evaluate possible consequences that the Appropriations Committee may establish during the budgetary process if the Nebraska Partnership Project's goals are or are not met.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 376. Introduced by General Affairs Committee: Schellpeper, 18, Chairperson; Cudaback, 36; Elmer, 44; Hartnett, 45; Hudkins, 21; Robinson, 16; Will, 8.

PURPOSE: Horseracing is an important industry in the State of Nebraska. Studies have indicated that it has more than $250 million in economic impact in the state. For the first time since 1935, there is no live racing scheduled to take place in the year of 1996 in Douglas County. There are concerns about whether other racetracks in the state will be able to continue to conduct live racing in the future if handle and attendance continue to decline as they have in the last few years. This study shall include but not be limited to examination of the following:

1. Whether off-track wagering or expanded simulcasting can provide the revenue needed to support live racing;

2. Whether statutory changes are needed to clarify issues relating to simulcasting in relation to live racing in Nebraska;

3. The impact of other forms of gaming, both in and outside the state, on live horseracing in Nebraska;

4. Whether it is appropriate to develop expanded gaming opportunities at licensed racetracks in order to increase revenue for horseracing and attract additional fans to the sport;

5. Whether licensed racetracks conduct live racing on an appropriate schedule to facilitate live racing in the state in relation to factors of population, weather, and availability of horses; and

6. Any other issues necessary or appropriate for a full and complete examination of this matter.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the General Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 377. Introduced by General Affairs Committee: Schellpeper, 18, Chairperson; Cudaback, 36; Elmer, 44; Hartnett, 45; Hudkins, 21; Robinson, 16; Will, 8.

PURPOSE: Gaming has expanded greatly in recent years in the states which border Nebraska. Recent studies indicate that more than $200 million this year will be lost by Nebraskans at gambling facilities in neighboring states. This includes casinos at racetracks, riverboat casinos, casinos on Native American reservations, and wagering at video lottery terminals. Gaming in bordering states has a serious impact on many activities in the State of Nebraska and raises the issue of an appropriate response by the State of Nebraska. This study shall include but is not limited to examination of the following:

1. The impact on horseracing in the State of Nebraska;
2. The impact on charitable gaming, county and city lotteries, or the state lottery;
3. The impact on other businesses in the State of Nebraska, including, but not limited to, restaurants, licensed liquor establishments, and recreational facilities;
4. Whether state laws should be changed to respond to expanded gaming in other states; and
5. Any other matters necessary or appropriate for a full and complete examination of this issue.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the General Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 378. Introduced by General Affairs Committee: Schellpeper, 18, Chairperson; Cudaback, 36; Elmer, 44; Hartnett, 45; Hudkins, 21; Robinson, 16; Will, 8.

PURPOSE: In 1993, the Nebraska Supreme Court ruled in Kwik Shop v. City of Lincoln that LB 781, Laws 1989, which provided authority to local governments to issue or deny retail liquor licenses, was unconstitutionally vague and therefore constituted an impermissible delegation of legislative authority. The Attorney General has issued an opinion that LB 183, Laws 1993, is unconstitutional, based upon the same reasoning as the Kwik Shop case. These rulings may cause confusion about the status of the law currently applicable to various aspects of licensing and regulation of retail liquor sales. Legislation has been introduced in each of the last three sessions to respond to this

issue, LB 1085 in 1994, LB 355 in 1995, and LB 1045 in 1996. Both LB 355 and LB 1045 have been advanced to General File by the General Affairs Committee. Although it appears that many issues have been resolved regarding the process of licensing retail liquor establishments, there are several differences between the two bills which are currently on General File which should be considered prior to enactment of legislation in this regard. This study shall include but not be limited to examination of the following:

1. Roles of the Nebraska Liquor Control Commission and local governing bodies in relation to licensing, suspension, and revocation of retail liquor licenses;

2. Appropriate procedures to gather public input and conduct hearings and appeals concerning licensing, suspension, and revocation of retail liquor licenses;

3. Appropriate amounts of license fees and occupation taxes; and

4. Any other issues necessary or appropriate for a full and complete examination of this matter.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the General Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

"Sec. 2. Section 60-6,298, Revised Statutes Supplement, 1995, is amended to read:

60-6,298. (1)(a) The Department of Roads or the Nebraska State Patrol, with respect to highways under its jurisdiction including the National System of Interstate and Defense Highways, and local authorities, with respect to highways under their jurisdiction, may in their discretion upon application and good cause being shown therefor issue a special permit or a continuous permit in writing authorizing the applicant or his or her designee:

(i) To operate or move a vehicle, a combination of vehicles, or objects of a size or weight of vehicle or load exceeding the maximum specified by law when such permit is necessary:

(A) To further the national defense or the general welfare;

(B) To permit movement of cost-saving equipment to be used in highway or other public construction or in agricultural land treatment; or

(C) Because of an emergency, an unusual circumstance, or a very special situation;

(ii) To operate vehicles, for a distance up to ~~seventy~~ one hundred twenty miles, loaded up to fifteen percent greater than the maximum weight specified by law, up to ten percent greater than the maximum length specified by law, except that until June 1, 1997, for a truck-tractor semitrailer trailer combination utilized

to transport sugar beets which may be up to twenty-five percent greater than the maximum length specified by law, or both, when carrying grain or other seasonally harvested products from the field where such grain or products are harvested to storage, market, or stockpile in the field or from stockpile to market or factory when failure to move such grain or products in abundant quantities would cause an economic loss to the person or persons whose grain or products are being transported or when failure to move such grain or products in as large quantities as possible would not be in the best interests of the national defense or general welfare. Except for farm trucks as provided in subdivision (b) of this subsection, no permit shall authorize a weight greater than twenty thousand pounds on any single axle; or

(iii) To transport an implement of husbandry which does not exceed twelve and one-half feet in width during daylight hours, except that the permit shall not allow transport on holidays.

(b) Any farm truck as defined in section 60-301 with not more than two axles may operate with a special permit for a distance of up to forty miles with an excess axle load of not more than five percent in excess of the maximum load permitted for a single axle by section 60-6,294 when such truck is being used for carrying grain or other seasonally harvested products from the field where such grain or products are harvested to storage, market, or stockpile in the field, except that such truck shall not operate on the National System of Interstate and Defense Highways.

(c) No permit shall be issued under subdivision (a)(i) of this subsection for a vehicle carrying a load unless such vehicle is loaded with an object which exceeds the size or weight limitations, which cannot be dismantled or reduced in size or weight without great difficulty, and which of necessity must be moved over the highways to reach its intended destination. No permit shall be required for the temporary movement on highways other than dustless-surfaced state highways and for necessary access to points on such highways during daylight hours of cost-saving equipment to be used in highway or other public construction or in agricultural land treatment when such temporary movement is necessary and for a reasonable distance.

(2) The application for any such permit shall specifically describe the vehicle, the load to be operated or moved, whenever possible the particular highways for which permit to operate is requested, and whether such permit is requested for a single trip or for continuous operation.

(3) The department or local authority is authorized to issue or withhold such permit at its discretion or, if such permit is issued, to limit the number of days during which the permit is valid, to limit the number of trips, to establish seasonal or other time limitations within which the vehicles described may be operated on the highways indicated, or to issue a continuing permit for use on all highways, including the National System of

Interstate and Defense Highways. The permits are subject to reasonable conditions as to periodic renewal of such permit and as to operation or movement of such vehicles. The department or local authority may otherwise limit or prescribe conditions of operation of such vehicle or vehicles, when necessary to assure against undue damage to the road foundations, surfaces, or structures or undue danger to the public safety. The department or local authority may require such undertaking or other security as may be deemed necessary to compensate for any injury to any roadway or road structure.

(4) Every such permit shall be carried in the vehicle to which it refers and shall be open to inspection by any peace officer, carrier enforcement officer, or authorized agent of any authority granting such permit. Each such permit shall state the maximum weight permissible on a single axle or combination of axles and the total gross weight allowed. No person shall violate any of the terms or conditions of such special permit. In case of any violation, the permit shall be deemed automatically revoked and the penalty of the original limitations shall be applied unless:

(a) The violation consists solely of exceeding the size or weight specified by the permit, in which case only the penalty of the original size or weight limitation exceeded shall be applied; or

(b) The total gross load is within the maximum authorized by the permit, no axle is more than ten percent in excess of the maximum load for such axle or group of axles authorized by the permit, and such load can be shifted to meet the weight limitations of wheel and axle loads authorized by such permit. Such shift may be made without penalty if it is made at the state or commercial scale designated in the permit. The vehicle may travel from its point of origin to such designated scale without penalty, and a scale ticket from such scale, showing the vehicle to be properly loaded and within the gross and axle weights authorized by the permit, shall be reasonable evidence of compliance with the terms of the permit.

(5) The department or local authority issuing a permit as provided in this section may adopt and promulgate rules and regulations with respect to the issuance of permits provided for in this section.

(6) The department shall make available applications for permits authorized pursuant to subdivisions (1)(a)(ii), (1)(a)(iii), and (1)(b) of this section in the office of each county treasurer. The department may make available applications for all other permits authorized by this section to the office of the county treasurer and may make available applications for all permits authorized by this section to any other location chosen by the department.

(7) The department or local authority issuing a permit may require a permit fee of not to exceed ten dollars, except that:

(a) The fee for a continuing permit may not exceed twenty-five dollars for a ninety-day period, fifty dollars for a one-hundred-eighty-day period, or one hundred dollars for a one-year period; and

(b) The fee for permits issued pursuant to subdivisions (1)(a)(ii) and (1)(b) of this section shall be twenty-five dollars for a thirty-day permit and fifty dollars for a sixty-day permit. Permits issued pursuant to such subdivisions shall be valid for thirty days or sixty days and shall be renewable for a total number of days not to exceed one hundred and twenty days per year.

A vehicle or combination of vehicles for which an application for a permit is requested pursuant to this section shall be registered under section 60-305.09 or 60-331 for the maximum gross vehicle weight that is permitted pursuant to section 60-6,294 before a permit shall be issued except as provided in subdivision (1)(b) of this section.".

RESOLUTIONS

LEGISLATIVE RESOLUTION 396. Introduced by Appropriations Committee: Wehrbein, 2, Chairperson; Brashear, 4; Brown, 6; Crosby, 29; Engel, 17; Hillman, 48; Lynch, 13.

PURPOSE: The purpose of this resolution is to examine the use of consultants by state agencies. The study shall include, but is not limited to, the following: Salary expenditures for consultants; ratio of salary expenditures of such employees compared to contractual services employees by agency and statewide; use of consultants as a substitute for the agencies' inability to hire full-time employees because of the hiring freeze; and use of consultants by and from the University of Nebraska system.

The study will also look at developing policy on how the office of the Legislative Fiscal Analyst should review agencies' budgets to allow the Appropriations Committee of the Legislature the opportunity to examine what consultants are hired and why, the cost of the consulting services, the justification for the consultant, and the cost-effectiveness of the consultant.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 397. Introduced by Schimek, 27.

PURPOSE: The purpose of this study is to review the fee structure for issuing health facility and service licenses by the Department of Health. Currently, license fees cover the costs of administering the licensure process, but do not in all cases cover the cost for surveying the facility. Fees for facilities that provide any inpatient services differ from facilities that provide only outpatient services. Consideration should be given to, but not limited to: (1) The complexity of the licensure process; (2) the size of the facility being licensed; (3) the service provided by the licensee; (4) the number of applicants in a licensure group; and (5) the public health benefits that accrue because of licensure. The goal of this study should be to develop an equitable licensure fee structure.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall conduct this study in conjunction with the redesign being done by the Nebraska Partnership for Health and Human Services Act.

The study should include a review of the provisions of the Public Accountancy Act of 1957, as amended, and consideration of whether Nebraska should enact provisions of model legislation which have been developed jointly by the National Association of State Boards of Accountancy and the American Institute of Certified Public Accountants.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Banking, Commerce and Insurance Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Banking, Commerce and Insurance Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 400. Introduced by Landis, 46.

PURPOSE: The purpose of this resolution is to study what Nebraska's response should be to the interstate branching provisions of the federal Riegle-Neal Interstate Branching Efficiency Act of 1994 which will

open Nebraska's borders on June 1, 1997, to interstate branching by out-of-state banks (if Nebraska has not opted out of interstate branching by such date). Issues to be considered should include whether Nebraska should amend its banking statutes to allow state-chartered banks to branch outside Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Banking, Commerce and Insurance Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 401. Introduced by Landis, 46.

PURPOSE: The purpose of this resolution is to study whether Nebraska should revise and update its statutes which govern investments by insurance companies of their funds.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Banking, Commerce and Insurance Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 402. Introduced by Landis, 46.

PURPOSE: The purpose of this resolution is to examine corporate governance provisions within Nebraska's insurance laws in order to consider updating and conforming these provisions as they relate to Nebraska's new Business Corporation Act.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Banking, Commerce and Insurance Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 403. Introduced by Landis, 46.

PURPOSE: The purpose of this resolution is to examine Nebraska's statutes regarding deposit of public funds in financial institutions.

The study should include a review of the statutes requiring financial institutions to provide security for public funds held in excess of deposit insurance and the consideration of changes to make these statutes more uniform and consistent in their application to the various entities of government.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Banking, Commerce and Insurance Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 404. Introduced by Bohlke, 33.

PURPOSE: In 1995, the State Department of Education contracted for a study to assess educational service units and to recommend modifications to strengthen the role of educational service units in the state's elementary and secondary educational systems.

In 1995, the Legislature conducted an extensive study of property taxation, leading to the introduction of legislation designed to increase efficiencies, encourage governmental consolidation and merger, and limit the levying and spending authority of political subdivisions in order to reduce property taxes in this state.

To these same ends, the Education Committee of the Legislature is directed to continue working with the State Department of Education and the State Board of Education with the goal of restructuring the number and boundaries of educational service units. Reducing the number of educational service units would enhance efficiencies, reduce administrative personnel, eliminate duplication, increase the consolidation of service delivery, and achieve a more balanced, state-wide system. Using computer models, the study shall test various criteria (travel time, student population sizes, number of LEAs, and property tax valuation discrepancies) to reconfigure the number and boundaries of educational service units so that schools and taxpayers could be better served.

In addition, the study shall review the general three and one-half cent tax levy authority, enacted in 1965, and the categorical one-half

cent tax levy for telecomputing. This taxing authority should be evaluated in light of other school finance, state aid, and tax lid measures which affect the school districts' ability to fund programs and services for students.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 405. Introduced by Lindsay, 9.

PURPOSE: The purpose of this study is to examine the incarceration of juveniles both under the Nebraska Juvenile Code and when charged as adults. The study shall focus on all aspects of juvenile incarceration, paying particular attention to the costs involved. The study shall also include a thorough examination of federal legislation and case law bearing on the issue. The

study should also recommend whether continued participation in the act is appropriate for Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 406. Introduced by Lindsay, 9.

The study may include an examination of the impact on the number of cases requiring trials and the costs of those cases for prosecution, indigent defense, courts, probation, and the Department of Correctional Services. Specifically, the study should include an examination of the effect of the legislation on the Department of Correctional Services' inmate population and any costs associated with increased incarceration as a result of the repeal. The study should also include an examination of any sentencing disparity by gender, race, or geographical region of the state. NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 407. Introduced by Hilgert, 7.

PURPOSE: Tax year 1995 demonstrated that there is a need to provide property tax relief to the citizens of Nebraska. The homestead exemption program provides a progressive form of property tax relief while maintaining local control of local governments and political

subdivisions. Property tax relief methods like the homestead exemption program and circuit breaker refund programs would encourage home ownership. Making home ownership more affordable for a greater number of Nebraskans would increase the demand for affordable single-family dwellings which in turn would help rejuvenate economically depressed residential areas. Moreover, the revenues of the state grow approximately 5.5 to 6 percent every year, and a portion of this increase could be used to fund an expanded homestead exemption program or circuit breaker refund program which could both cap state spending and provide property tax relief.

This study shall examine the homestead exemption and circuit breaker refunds as an alternative means of providing property tax relief. It shall also address the feasibility of obligating a portion of the annual revenue growth of the state to fund such methods of property tax reduction and limit state spending. This study shall also examine how such methods of property tax reduction could encourage home ownership of lower income families and individuals.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

The study should also evaluate the criteria utilized by the courts in decisions involving custody and the division of marital assets.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

LEGISLATIVE RESOLUTION 411. Introduced by McKenzie, 34; Bernard-Stevens, 42.

PURPOSE: The purpose of this study resolution is to continue the work of the LR230 Select Committee structured during the 1995 Legislative Session.

LR230 was created to provide counsel and cohesion to the review, examination, and reporting procedures proposed in Legislative Bill 742, Ninety-fourth Legislature, First Session, 1995. This study will also be conducted by a select committee of the Legislature, both independently and in conjunction with the State Department of Education, the School Finance Review Committee, and the Special Education Accountability Commission.

Legislative Bill 742 was introduced during the Ninety-fourth Legislature, First Session, 1995, to identify cost-containment strategies for special education aid growth. The State Department of Education was assigned to review existing rules and regulations relating to special education. A report to the Education Committee of the Legislature from the State Department of Education with recommendations for state laws, rules, and regulations relating to special education that could be repealed, modified, or retained is due June 1, 1996. The Special Education Accountability Commission, the School Finance Review Committee, the State Department of Education, and the Education Committee of the Legislature are to provide a report by June 1, 1996, in regard to the implementation of an alternative funding system for special education programs.

A continuation of the select committee work is needed to focus the reporting process and maintain continuity through the interim.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 412. Introduced by Stuhr, 24.

PURPOSE: General concern about the increased costs of special education in Nebraska's public schools has prompted discussion as to whether or not Nebraska should lower the age that the state must provide a student with free and appropriate education. The Nebraska Constitution, in Article VII, section 1, states: "The Legislature shall provide for the free instruction in the common schools of this state of all persons between the ages of five and twenty-one years." LR 299CA was introduced during the 1996 legislative session to reduce the age of "free instruction" to ages five to nineteen years. The purpose of this resolution is to study the issues associated with a change in the Nebraska Constitution reducing the age of "free instruction" from the current requirement of ages five to twenty-one years. The study shall include, but not be limited to, the following issues:

(1) The effect on special education costs to Nebraska public schools;

(2) The effect on persons with disabilities who are currently given "free instruction" in public schools but would no longer be given "free instruction" if the constitutional age requirement were to be lowered, including:

(a) How many students who currently qualify as special education students would no longer receive "free instruction" if the constitutional age requirement were reduced;

(b) Whether other services (e.g., vocational rehabilitation or welfare) would be available for the special education students who are no longer able to continue "free instruction" in public schools; and

(c) Whether other services would be as effective or more effective to these persons with disabilities outside of "free instruction" in the public schools system;

(3) The effect on federal funds the State of Nebraska may receive or currently receives for special education funding; and

(4) The effect on "free instruction" for nonspecial education students.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 413. Introduced by Stuhr, 24.

PURPOSE: Ten states have now adopted beverage container deposit legislation to promote recycling and litter reduction. Beverage container deposit laws also assist in creating incentives and funds for other recycling initiatives such as curbside recycling. The purpose of this legislative resolution is to study the beverage container deposit legislation of other states and to determine which, if any, beverage container deposit program would make the best policy for Nebraska. The study shall include, but not be limited to, the following issues:

(1) Types of beverage containers to be redeemed;

(2) Current recycling rates of relevant types of beverage containers in Nebraska;

(3) Deposit amounts on beverage containers;

(4) Use of unclaimed deposits;

(5) Cost of state administration of a beverage container deposit program;

(6) Ability of a beverage container deposit program to self-fund administration costs through unclaimed deposits;

(7) Ability of a beverage container deposit program to replace the Nebraska Litter Reduction and Recycling Act through unclaimed deposits;

(8) Recycling industry's ability to act as redemption centers;

(9) Recycling industry's ability to act as a redemption center without receiving a handling fee;

(10) Sanitation and recycling industries incentive to increase curbside pickup services as a means of increasing the recycling rate of many recyclable items (items in addition to beverage containers) if beverage container deposit legislation is to be passed;

(11) Availability and practical use of reverse vending machines in the beverage container deposit program;

(12) Whether Nebraska's beverage container deposit program should accept beverage containers from another state; and

(13) Effectiveness of beverage container deposit programs in other states.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 414. Introduced by Jones, 43; Hudkins, 21.

PURPOSE: The equine industry in Nebraska is important to the recreational diversity of the citizens of this state and the tourist industry of the State of Nebraska. It is necessary to identify the statutes of Nebraska and other industry problems which unfairly impede the equine industry from reaching its fullest potential.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 418. Introduced by Bohlke, 33.

PURPOSE: To study the procedures for reorganization of school districts.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

LEGISLATIVE RESOLUTION 419. Introduced by Warner, 25; Bohlke, 33; Robinson, 16; Beutler, 28; Hartnett, 45; Coordsen, 32; Withem, 14; Will, 8; Kristensen, 37; Wickersham, 49; Schellpeper, 18; Wesely, 26; Lindsay, 9.

PURPOSE: In 1996 the property tax issue remains important to a majority of Nebraskans. It has become apparent over the last twenty-five years of work in this area, that the traditional approaches, including lids and state aid to political subdivisions, while effective are not sufficient in and of themselves to adequately address the concerns of Nebraskans over the long term. Frustration with the current system has led to proposals to severely limit the availability of property tax for funding public services. Included among these proposals were a number of proposals stemming from LR206 from 1995. These proposals, one or more of which may be enacted this year, may dramatically reduce the number of entities allowed to independently levy property taxes, place absolute dollar and cents limits on the actual tax levy, change the process by which property taxes are levied, change the taxation of motor vehicles, shift responsibilities from local to state tax bases, or otherwise alter the state-local or interlocal relationships. These proposals raise a number of issues which must be addressed to substantially and permanently reduce Nebraska's dependence on property tax. These issues cover a very broad spectrum of the committees organized to carry out the business of the Legislature.

Resolution of the property tax issue involves a serious look at public services in Nebraska and the methods we use to pay for them. Efforts to provide property tax relief must be directed toward achieving the following goals:

1. Restructuring local and state governmental services in Nebraska;

2. Reducing the use of property tax to finance public services; and

3. Restructuring state aid to local government and local revenue authority as is necessary to achieve goals 1 and 2.

Such a project involves a detailed examination of most governmental services and the jurisdiction and expertise of most committees of the Legislature. Coordination and execution of such a research effort is critical to delivering results that will provide property tax relief that is adequate and permanent and that can be implemented in an orderly fashion.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee consisting of the members of the Revenue Committee; the Chairpersons of the Committees on Judiciary, Transportation, Government, Military and Veterans Affairs, Education, Urban Affairs, Health and Human Services, and Natural Resources; the Chairperson of the Executive Board of the Legislative Council; and the Speaker of the Legislature be designated to coordinate the research undertaken pursuant to this project. The committee may include up to seven representatives of local government in conducting its responsibilities under this resolution.

2. That the committee compile the research undertaken pursuant to this project into a report to be submitted to the Legislative Council or the Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 420. Introduced by Kristensen, 37; Bohlke, 33; Matzke, 47; Bernard-Stevens, 42; Wickersham, 49; Fisher, 35; Elmer, 44; Robak, 22; Hillman, 48; Klein, 19.

PURPOSE: The purpose of this resolution is to conduct an interim study of the need for essential air service funding for Nebraska communities. The study shall monitor the status of essential air service reform legislation currently pending before the United States Congress, including the Small Community Air Service Act of 1996. The study shall also continue the examination of the feasibility of establishing a state-funded essential air service program similar to that proposed by LB 1305 (1996) and shall examine alternative funding mechanisms for such a program.

LEGISLATIVE RESOLUTION 421. Introduced by Janssen, 15; Schmitt, 41; McKenzie, 34; Bohlke, 33; Bromm, 23.

PURPOSE: The purpose of this resolution is to study possible solutions to the problems which develop due to the interaction between the Commission of Industrial Relations' ability to determine the rate of wages paid and conditions of employment for school employees under section 48-818 and the provisions of subsection (5) of section 79-3819 which allows a school district to exceed its allowable growth rate to the extent required by an order of the commission. The interaction of sections 48-818 and 79-3819 causes problems for school districts since school districts are required to fulfill the Commission of Industrial Relations' order even if such order requires budget limitations in section 79-3914 to be exceeded and consequently the levy must be increased to meet the commission's order.

If Legislative Bill 299 is passed by the Ninety-fourth Legislature, Second Session, the purpose of this resolution shall be to study possible solutions to problems created by the interaction between the orders of the Commission of Industrial Relations and the provisions in Legislative Bill 299 which imposes spending limitations upon governmental units.

LEGISLATIVE RESOLUTION 431. Introduced by Crosby, 29.

PURPOSE: The arts and humanities enhance and enrich the State of Nebraska economically, educationally, politically, and socially. The arts and humanities help promote cultural tourism which is a large growth industry nationally and internationally.

The Nebraska Humanities Council and the Nebraska Arts Council have both established substantial and sophisticated educational programs, including programs for youth at risk, teacher institutes, and forums enabling Nebraskans to understand their own unique history, heritage, and culture. They support lifelong learning and appreciation of the arts and humanities and bring such opportunities to communities large and small all across the state.

These two councils have joined together to build a cultural infrastructure in our state so that the arts and humanities in Nebraska will endure and grow for the sake of generations to come. The purpose of this study is to develop specific recommendations on how

the State of Nebraska can assist this endeavor and join a partnership with the private sector to more directly support the development of long-range fiscal planning.

This study shall include, but not be limited to, the following activities:

(1) Assess Nebraska's current private and public sector financial resources available to support and further develop the cultural climate in Nebraska;

(2) Assess the creation of a cultural trust fund and how to provide for public funds such as matching state funds with private donations or endowing such funds;

(3) Determine how to collaborate with the private sector;

(4) Determine how to collect additional state dollars for the arts and humanities; and

(5) Determine the role of state government in providing long-term funding of arts and humanities programs for the State of Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Appropriations Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 432. Introduced by Lindsay, 9.

PURPOSE: The purpose of this study is to explore emerging and relevant issues relating to the administration of the criminal justice system in the State of Nebraska and in its political subdivisions. The study may include an investigation, examination, or evaluation of any component of the system deemed necessary. The study may include, but in no way be limited to, the examination of the penal system, corrections, probation, sentencing, postincarceration services, alternative sentencing and criminal sanctions, and issues involving the judiciary, corrections, or law enforcement.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 433. Introduced by Dierks, 40.

PURPOSE: To study legal and social issues associated with contract production and marketing agreements for packer procurement of swine and beef. While vertical procurement arrangements offer benefits to both processors and producers of meat animals, there may also be adverse consequences and producers may not be treated equally. Several states have responded to problems presented by contract production by enacting laws to protect the rights of producers under such marketing arrangements. This study shall examine whether similar laws are needed to protect and enhance the interests of Nebraska producers.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 434. Introduced by Dierks, 40.

PURPOSE: Several legislative and citizens initiatives have been proposed to reduce the reliance on property taxes to fund governmental services. Property tax support of services benefiting agricultural producers and rural residents would be eliminated or reduced under some proposals. This study shall examine such property-tax funded services to agricultural producers such as weed control authorities, extension services, and others to determine whether such services can be maintained under alternative funding arrangements.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 435. Introduced by Preister, 5; Dierks, 40; Wehrbein, 2.

PURPOSE: To study funding for conservation and environmental programs in Nebraska. Funding for conservation and environmental programs in Nebraska comes from a variety of sources. The federal government provides funding from the United States Department of Agriculture for farm-related conservation programs such as the Conservation Reserve Program and Wetlands Reserve Program, from the United States Fish and Wildlife Service and the federal Pittman-Robertson Act, from the Environmental Protection Agency for clean water and other programs, and from a variety of other sources. Funding from the federal government is certain to change as a result of the passage of a new farm bill, a new federal Clean Drinking Water Act, efforts to balance the federal budget, and other changes in federal law.

At the state level, conservation and environment programs are funded from a combination of sources which includes general funds, the Environmental Trust Fund, a tax on petroleum to fund cleanup of underground storage tanks, a new tax on fertilizer, user fee cash funds for agencies such as the Game and Parks Commission, and other sources.

At the local level, funding for natural resource districts and local government conservation and environmental programs will likely undergo change as a result of efforts to reduce the property tax burden.

To properly provide for the environmental and conservation needs of Nebraska, the Legislature needs comprehensive information about the sources of funding for various environmental and conservation programs in Nebraska and the likely changes to that funding in future years. That information will help the Legislature ensure adequate funding for the state's needs in the future.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Natural Resources, Appropriations, and Agriculture Committees of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of their study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 436. Introduced by Preister, 5; Wickersham, 49.

PURPOSE: To review the Emergency Planning and Community Right-to-Know program which is contained in the Superfund Amendments and Reauthorization Act of 1986, P.L.99-499, 100 Stat. 1728 (SARA) Title III, and in particular the implementation of the program in the State of Nebraska, including: Funding mechanisms and an assessment of the current Local Emergency Planning Committee

(LEPC) program and the State Emergency Response Commission (SERC).

The program is designed to: (1) Increase the public's knowledge of and access to information concerning the presence and release of hazardous chemicals in their communities; (2) provide information for emergency planning and response; and (3) provide information on toxic chemical releases to the environment.

The study will also examine compliance enforcement and state and local authority under such act, training, reporting, and notification requirements and recommend any legislation that may be necessary to carry out the program in Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Government, Military and Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 437. Introduced by Lindsay, 9; Pedersen, 39.

PURPOSE: The purpose of this resolution is to examine issues surrounding the practice by any agency, department, board, commission, or other governmental unit of the State of Nebraska or of its political subdivisions of distributing a variety of documents, such as a newsletter and annual report, to various mailing lists. The study should focus on the costs involved in the production and distribution of these documents. An analysis should be made of the need for these documents and whether adequate public access to records could be accomplished more economically by electronic or other means. The study should also examine the extent of duplication of information.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 438. Introduced by Robak, 22.

PURPOSE: To study the possibility of restructuring bill introduction and bill hearing dates in addition to constitutional legislative working days.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 439. Introduced by McKenzie, 34.

PURPOSE: The purpose of this resolution is to study the compensation structure of public K-12 school districts in the State of Nebraska and the structure's relationship and impact on the rate of education budget expansion. The Nebraska Legislature during the

Ninety-fourth Legislature, Second Session, 1996, demonstrated its willingness to develop solutions to the Nebraska property tax dilemma and recognized that public K-12 education represents one of the major consumers of property taxes in the state. This policy decision places an added responsibility on school boards to exercise fiscal prudence in all budget line items. Historically, approximately eighty percent of Nebraska's K-12 education budgets for public schools is committed to salaries and benefits.

This study shall include, but not be limited to, the use of salary schedules, salary structures, and models developed in other states and the process for regulating comparability.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a select committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 440. Introduced by Wesely, 26.

PURPOSE: The increases in juvenile crime are outpacing the ability of the juvenile justice system to adequately deal with the juveniles. The increased county court costs and workload for the county attorneys are paid with county property taxes, which are difficult for many taxpayers to absorb. This study will examine whether county attorneys have the dispositional options necessary to protect the public in a cost-effective manner while providing guidance and discipline to juvenile offenders.

Specifically, the study shall examine, but not be limited to:

(1) The statutory and informal dispositional options used by county attorneys;

(2) Whether the juvenile justice community members, including court officials, county attorneys, police departments, and social workers need new dispositional options to reduce the number of juveniles who face court hearings;

(3) Whether victim-offender mediation is a cost-effective means of dealing with nonviolent juvenile crime;

(4) The record of the Office of Dispute Resolution in dealing with mediation cases; and

(5) The success of juvenile offender-victim mediation in reducing the juvenile recidivism.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 441. Introduced by Wesely, 26.

PURPOSE: The purpose of this study is to examine conditions on Indian reservations in Nebraska. This study should examine economic opportunities and the health and human services available on the reservations. The study should examine how best to meet the needs of the Native American population in Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 442. Introduced by Health and Human Services Committee: Wesely, 26, Chairperson; Dierks, 40; Jensen, 20; Klein, 19; Pirsch, 10; Schimek, 27.

PURPOSE: To oversee the implementation of the Nebraska Partnership Project as enacted in Legislative Bill 1044, Ninety-fourth Legislature, Second Session, 1996.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 443. Introduced by Health and Human Services Committee: Wesely, 26, Chairperson; Dierks, 40; Jensen, 20; Klein, 19; Pirsch, 10; Schimek, 27.

PURPOSE: To study health and human services issues. The State of Nebraska is affected fiscally, morally, and socially by the need for, and provision of, human service programs and by the health status of its citizens. The health and human services issues to be studied shall include, but not be limited to: Cost containment for health care services; availability of health care providers; health care for emergency service and trauma system development; affordable housing; mental health; developmental disabilities; the role of counties in health and human services programs; substance abuse; poverty; welfare reform; regulation of health professions; foster care; the comprehensive health insurance pool; rural health care availability; health care purchasing pools; teenage pregnancy; child abuse; adult abuse; medicaid services; disabled persons and family support programs; child care; the Nebraska Mental Health Commitment Act; certificate of need; and health and human services and economic opportunities on Indian reservations. These issues need review by the Legislature to determine the appropriate legislative responses.

In addition, the study shall include an examination of: The regulation and oversight of hospitals, especially those which are not surveyed by the Joint Commission on Hospital Accreditation; the child care licensing system to determine whether the process should be consolidated and whether there are ways to simplify the licensing process; the role and mission of the regional centers in the mental health care delivery system; the issues associated with the regulation of design professionals; drinking water contamination and methods for the prevention or alleviation of contamination of drinking water; and issues associated with grandparents raising grandchildren.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 444. Introduced by Wesely, 26.

PURPOSE: The purpose of this study resolution is to study the current role and the possible future role of the State of Nebraska and its citizens in the oversight and regulation of hospital and health-care-related mergers, acquisitions, and affiliations. This study

will also evaluate the effect of the systems' changes which have occurred in the health care industry and its delivery system and the impact these changes have had and will have on the health care marketplace, on providers of health care services, on health care costs, and on health care consumers in Nebraska and in adjoining states.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 445. Introduced by Urban Affairs Committee: Hartnett, 45, Chairperson; Preister, 5; Robinson, 16; Schimek, 27; Will, 8.

PURPOSE: With the changes occurring in the marketplace due to federal deregulation of the natural gas industry, it is important for Nebraska to begin a comprehensive review and study of the current state of the natural gas industry, the nature and impact of federal regulatory changes, and how Nebraska can best respond to insure the lowest possible natural gas prices for consumers and the most efficient and economic delivery system.

This study should include the following elements:

(1) An examination of the commodity costs and other factors that determine the price of natural gas delivered to Nebraska's local distribution companies;

(2) An examination of the statutory barriers to open access to sources of natural gas (both inside and outside municipalities) and the availability of nondiscriminatory transportation services;

(3) An examination and analysis of pilot projects in Nebraska and elsewhere on open access and nondiscriminatory transportation services;

(4) An examination of the different taxation regimes and strategies for public-owned and investor-owned natural gas utilities and the effects of such regimes and strategies on the cost of natural gas, the allocation of financial and capital resources by such utilities, and the impact on state and local government budgets;

(5) An examination and analysis of current federal regulatory policies and national industry trends;

(6) An analysis of the current and projected size of the market for natural gas in Nebraska, the nature of the demand, the classes of customers, and the elasticity of demand for natural gas in each consumer class;

(7) An examination of the current utilities, publicly and privately owned, that provide natural gas service in Nebraska and the potential for new providers under various deregulation or open-access market strategies;

(8) A review of the types and varieties of franchise agreements between municipalities and private LDC's and an analysis of the need for reform or modification of current laws governing such agreements;

(9) An analysis of the need for centralized regulation on a statewide basis of natural gas service and rates and the potential nature and extent of such regulation;

(10) An examination and analysis of sales and transportation services that are offered by Nebraska's natural gas utilities, the degree of customer satisfaction, the costs associated with various forms of services, and the equality of availability to Nebraska consumers;

(11) An examination of the status of nonmunicipal consumers of natural gas; and

(12) An examination and analysis of practical barriers that could exist to the adoption of full and open access to the individual consumer level in the operation, administration, and regulation of natural gas utilities in Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 446. Introduced by Urban Affairs Committee: Hartnett, 45, Chairperson; Preister, 5; Robinson, 16; Schimek, 27; Will, 8.

PURPOSE: Over the course of the past two years, the Urban Affairs Committee has devoted a substantial proportion of its time to the review of municipal planning, zoning, and annexation law and to sanitary and improvement districts and how they operate in relation to municipalities under current law. Discussions of property tax reform during the past year have further pointed out the need for a careful study of the relationship and synergy between these two classes of public bodies.

This study would include the following:

(1) A review of the laws and operations of cities of all classes and villages with regard to planning and zoning, subdivision regulation and development, and annexation;

(2) A study of the operations of the various municipal bodies engaged in the planning process, including planning commissions, boards of adjustment, and building boards of review;

(3) A study of sanitary and improvement districts, the statutes governing their operations, the finances of their operations, and their relationship with municipalities and counties;

(4) A review of the services which sanitary and improvement districts are authorized to provide to their citizens and the services which those citizens receive from neighboring cities and counties;

(5) A review of the finances of annexation and the manner in which financial considerations impact on annexation decisions;

(6) A study of what changes would be appropriate in state law to facilitate annexation or to enable sanitary and improvement districts to exist as "stand-alone" bodies with enhanced powers and authority; and

(7) An examination of the costs of financing municipal development and facilitating economic development in cities and their surrounding areas.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 447. Introduced by Urban Affairs Committee: Hartnett, 45, Chairperson; Preister, 5; Robinson, 16; Schimek, 27; Will, 8.

PURPOSE: Of the several standing committees, the Urban Affairs Committee has perhaps the broadest and most diverse subject matter jurisdiction. Issues which will become the subject of future legislation often arise from problems in specific cities and villages in a manner which does not lend itself to early identification or classification as might be the case within the jurisdiction of other committees. More often than not, these issues arise outside of the time period of the regular legislative session. Recognizing this fact, the Urban Affairs Committee has, in the past seven years, undertaken during the interim period a general study aimed at identifying specific problems prior to the next legislative session. This generally permits more careful review and drafting of proposed legislation before the next session when time constraints and the pace of legislative activity make studied review impossible.

The purpose of this study will be to continue the process begun by LR95, Ninety-first Legislature, First Session, 1989. This study will involve:

(1) A review of legislation considered by the Urban Affairs Committee during the 1996 regular legislative session which was either killed in committee or died without action by the full Legislature in order to prepare such legislation for reintroduction in the next legislative session or to determine what further action by the committee may be warranted with regard to the particular subjects of the individual bills;

(2) A review of problems, concerns, or legislation proposed for introduction by senators or other parties for study, technical discussion, or conceptual refinement before the next session begins; and

(3) The conduct of at least one public hearing to provide an opportunity for public comment and discussion with members of the committee and the public on issues involving the committee's jurisdiction.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 448. Introduced by Wesely, 26.

PURPOSE: Sex crimes are the most intrusive and personal of crimes committed against victims. The high recidivism rate of the perpetrators of these crimes indicates that a relatively small group of offenders commits a large majority of the crimes. This study proposes to examine whether the State of Nebraska is successfully reducing the recidivism rates of sex offenders. Specifically, the study shall address, but not be limited to:

(1) The number of sex offenders in our correctional facilities, their average sentences, and the number of repeat offenders;

(2) The average number of people victimized by sex offenders;

(3) The number of sex offenders paroled by the State of Nebraska and the recidivism rate of those parolees who have not participated in sex offender treatment;

(4) The number of sex offenders who have participated in sex offender treatment in both the Department of Correctional Services and the Department of Public Institutions and the groups' recidivism rate;

(5) A comparison of the recidivism rates of those offenders sentenced to more than five years in prison to the rates of those who are sentenced to less than five years; and

(6) The effectiveness of mandatory minimum sentences given to those persons convicted of multiple first degree sexual assaults in reducing recidivism.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 449. Introduced by Wesely, 26.

PURPOSE: Microbusinesses, those employers with five or fewer workers, are one of the most dynamic job-producing sectors of the economy. Their continued growth encourages entrepreneurship, enhances the ability of low-income households to become more self-sufficient, and keeps Nebraska's economy vibrant. However, microbusiness owners face difficulties in starting their businesses. Because of their small size, start-up loans to these businesses are generally not profitable to the commercial lending community.

This study would assess whether a state-sponsored capital pool would significantly help the development of microbusinesses. The study would determine:

(1) The need for microloans and the regions of the state that would benefit;

(2) The amount of capital necessary to adequately serve Nebraska's emerging microbusiness sector;

(3) The most efficient means of administering microloans; and

(4) Whether such a capital pool would attract commercial lenders to the microbusiness level.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Business and Labor Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 450. Introduced by Beutler, 28.

PURPOSE: To explore the issue of the integrated management of ground water and surface water in the state, including the legal, institutional, regulatory, and socioeconomic effects of such a system.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 451. Introduced by Beutler, 28.

PURPOSE: To study the electric utility industry in Nebraska, which may include a review of:

(1) The Nebraska Power Review Board's authority to modify electric utility service areas as evidenced by legislative history, recent case law, and the board's own rulings;

(2) The statutes dealing with modification of service areas;

(3) The formula in section 70-1010 for compensating a utility for transfer of facilities and customers; and

(4) Whether ratepayers could benefit from a merger, consolidation, or other business structure between two or more utilities.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 452. Introduced by Beutler, 28.

PURPOSE: To study methods of expanding ethanol fuel demand in Nebraska and evaluate nontraditional biomass feedstocks and technology that can be used to expand ethanol production. The study may include: An evaluation of methods for increasing the use of ethanol-based fuels; a review of such methods used in other states; the

impact of specific options on Nebraska ethanol producers; ethanol plant construction and expansion in Nebraska; options for additional plant expansion; nontraditional biomass feedstocks available in Nebraska; methods to encourage the use of nontraditional feedstocks and emerging technology for ethanol production and converting biomass to electricity; and the potential impact of increased biomass use in the state.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 453. Introduced by Beutler, 28.

PURPOSE: To analyze safety awareness among propane consumers and propane industry personnel in Nebraska and to examine means by which to provide a coordinated effort to address both consumer safety issues and employee training on a broad basis. Topics for safety awareness may include: Uncapped lines; oven explosions; undetected leaks; unsafe cylinder transportation; improperly maintained outdoor grills; odor fade; lighting appliances; failure to observe ignition sources when filling tanks; unapproved appliances installed in mobile homes; static electricity; overfilling tanks and cylinders; improper installations; line corrosion; and failure to follow out-of-gas procedures.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 454. Introduced by Beutler, 28.

PURPOSE: Funding for conservation and environmental programs and state recreational trails in Nebraska comes from a variety of sources. The federal government provides funding from the United States Department of Agriculture for farm-related conservation programs, such

as the Conservation Reserve Program and Wetlands Reserve Program, from sources including the United States Fish and Wildlife Service and the Pittman-Robertson Act, from the Environmental Protection Agency for clean water and other programs, and from a variety of other sources. Additionally, such funding from the federal government is certain to change as a result of the passage of a new farm bill, the new Safe Drinking Water Act and Clean Water Act, efforts to balance the federal budget, and other changes in federal law.

At the state level, conservation and environmental programs are funded from a combination of sources including General Funds, the Environmental Trust Fund, a fee on petroleum to fund cleanup of underground storage tanks, a fee on fertilizer, user fee cash funds for agencies such as the Game and Parks Commission, and from other sources.

At the local level, funding for natural resources districts and other local government conservation and environmental programs will likely undergo change as a result of efforts to reduce the property tax burden in Nebraska.

To properly provide for the environmental, conservation, and recreational needs of Nebraska, the Legislature needs comprehensive information about the sources of funding for various environmental, conservation, and recreational programs in Nebraska and any probable changes to that funding in future years. That information will help the Legislature ensure adequate funding for the state's needs in the future.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 455. Introduced by Beutler, 28.

PURPOSE: To study the electric utility industry in Nebraska. An advisory group of interested parties will be convened to assist the Natural Resources Committee of the Legislature in conducting a study which may include a review of:

(1) The issues related to competition and restructuring in the electric industry, and consideration of the factors that will provide a framework for such review, including, for example, electric system reliability, long-term system efficiency and power generation planning, rates, terms, and conditions of electric service, retail service areas, universal service and obligation to serve, general customer service, effects on different customer classes, comparability of service, fair, reasonable,

nondiscriminatory rates, market-based pricing of services, coordination among services, effects of various legal requirements, tax structures, and financing structures on price, service, revenue bonds, and debt ratings, recovery of stranded investments and other transition costs, principles of public power, energy efficiency, fuel diversity, the role of renewable energy development in an environment of market-based pricing of electric service, environmental and social issues, maintaining a highly skilled work force, barriers to competition and open access, technology development, and encouraging the retention and growth of business in Nebraska;

(2) The possible effects in Nebraska of industry restructuring activities in other states and recent federal legislative and regulatory actions such as S. 1526 that is pending in the U.S. Senate and the Federal Energy Regulatory Commission rulemaking and decisions implementing the Energy Policy Act of 1992; and

(3) The regulatory jurisdictional issues addressed by utility boards of directors, the Nebraska Power Review Board, and other state level regulatory entities, federal power marketing administrations, such as the Western Area Power Administration, including legal requirements, contracts, and power allocations under such administrations, regional transmission groups, the federal Nuclear Regulatory Commission, and the Federal Energy Regulatory Commission, including the extent of federal regulatory jurisdiction in Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 456. Introduced by Wesely, 26.

PURPOSE: The state government of Nebraska depends of its tax revenue in order to provide services to its citizens. The ability of government to deliver those services is greatly strained when tax revenue is reduced significantly due to tax incentives provided to businesses.

This study proposes to examine:

(1) The number of businesses and individuals which have no tax liabilities as a result of state economic incentive programs and the amount of revenue lost by the state;

(2) The average Nebraska income of these businesses;

(3) Which business entities most frequently allow businesses to file returns with no tax liability and the differences in entities which allow the situation;

(4) How much Nebraska income from businesses can be exempted by personal deductions given to individuals. Some business entities allow business income to be filed on individual returns, providing deductions not given to businesses that file corporate returns; and

(5) Whether the recipients of state tax incentives should be subjected to a minimum tax.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 457. Introduced by Wesely, 26.

PURPOSE: Public schools consume the largest portion of every Nebraskan's property tax dollars. Any meaningful attempt to address property taxes must include an examination of public school spending of property tax dollars, especially administrative costs. This study should examine school reorganization that could provide cost-effective educational administration without reducing educational excellence.

The study shall examine:

(1) The number of administrative staff in Nebraska public schools and the amount of revenue needed to support them;

(2) The number of school districts whose administrative center is within the twenty miles of other school district administrative centers;

(3) The cost-effectiveness and educational attainment of districts that have merged since 1991;

(4) The number of districts that have merged as a result of previous state reorganization legislation; and

(5) Wyoming's system of allowing one school district per county.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 458. Introduced by Wesely, 26.

PURPOSE: According to the "Development Report Card on the States", Nebraska ranks forty-fifth nationally in wages earned by its full-time workers. In many cases, low-wage workers cannot afford basic provisions for living such as food, shelter, and clothing. In other cases, families with children need both parents working and still struggle to survive. State government is forced to fill in the gap between wages and a minimum standard of living for low-wage, full-time workers.

This study proposes to examine the reasons behind Nebraska's low wages and what can be done about it. The study shall examine:

(1) The number of low-wage workers in Nebraska and their ability to maintain a minimum standard of living;

(2) The amount of state government aid currently required to maintain a minimum standard of living for low-wage, full-time workers;

(3) How state policy affects the earnings of wage earners, including minimum wage laws and tax policy; and

(4) Steps that can be taken to raise wages for full-time workers in Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Business and Labor Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 459. Introduced by Wesely, 26.

PURPOSE: Changes to the homestead exemption program in recent years have reduced the number of people eligible and the amount of property valuation exempted. This study proposes to determine the effects of these changes on Nebraskans who lost part or all of their homestead exemptions since 1993. Specifically, the study should determine:

(1) The number of people made ineligible for a homestead exemption from the 1993 changes in eligibility rules;

(2) The average total income earned by those being studied;

(3) The average amount of property valuation exempted for this group before the 1993 changes; and

(4) The average increase in property taxes for this group from 1993 to the present.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

"Section 1. Section 2-1207.01, Revised Statutes Supplement, 1994, is amended to read:

2-1207.01. The amount deducted from wagers pursuant to subsection (2) of section 2-1207 may be used to promote agriculture and horsebreeding in Nebraska and shall be distributed as purse supplements and breeder and stallion awards for Nebraska-bred horses, as defined and registered pursuant to section 2-1213, at the racetrack where the funds were generated, except that if a racetrack does not continue to conduct live race meets, amounts deducted may be distributed as purse supplements and breeder and stallion awards at racetracks that conduct live race meets and amounts deducted pursuant to a contract with the organization representing the majority of the licensed owners and trainers at the racetrack's most recent live race meet shall be used by that organization to promote live thoroughbred horseracing in the state or as purse supplements at racetracks that conduct live race meets in the state. Any costs incurred by the State Racing Commission pursuant to this section and subsection (2) of section 2-1207 shall be separately accounted for and be deducted from such funds.

Sec. 2. Section 2-1213, Reissue Revised Statutes of Nebraska, is amended to read:

2-1213. (1) No racing under sections 2-1201 to 2-1218 shall be permitted on Sunday except when approved by a majority of the members of the State Racing Commission upon application for approval by any racetrack. Such approval shall be given after the commission has considered: (a) Whether Sunday racing at the applicant track will tend to promote and encourage agriculture and horse breeding in Nebraska; (b) whether the applicant track operates under a license granted by the commission; (c) whether the applicant track is in compliance with all applicable health, safety, fire, and police rules and regulations or ordinances; (d) whether the denial of Sunday racing at the applicant track would impair such track's economic ability to continue to function under its license; and (e) whether the record of the public hearing held on the issue of Sunday racing at the applicant track shows reasonable public support. Notice of such public hearing shall be given at least ten days prior thereto by publication in a newspaper having general circulation in the county in which the applicant track is operating, and the commission shall conduct a public hearing in such county. The commission may adopt, promulgate, and enforce rules and regulations governing the application and approval for Sunday racing in addition to its powers in section 2-1203. If the commission permits racing on Sunday, the voters may prohibit such racing in the manner prescribed in section 2-1213.01. If approval by the commission for Sunday racing at the applicant

track is granted, no racing shall occur on Sunday until after 1 p.m.

No license shall be granted for racing on more than one racetrack in any one county, except that the commission may, in its discretion, grant a license to any county agricultural society to conduct racing during its county fair notwithstanding a license may have been issued for racing on another track in such county. Since the purpose of sections 2-1201 to 2-1218 is to encourage agriculture and horse breeding in Nebraska, every licensee shall hold at least one race on each racing day limited to Nebraska-bred horses. Three percent of the first money of every purse won by a Nebraska-bred horse shall be paid to the breeder of such horse.

(2) For purposes of this section, Nebraska-bred horse shall mean a horse registered with the Nebraska Thoroughbred or Quarter Horse Registry and meeting the following requirements: (a) It shall have been foaled in Nebraska; (b) its dam shall have been registered, prior to foaling, with the Nebraska Thoroughbred or Quarter Horse Registry; and (c) its dam shall have been continuously in Nebraska for ~~six months~~ ninety days immediately prior to foaling, except that such ~~six-month~~ ninety-day period may be reduced to ~~(i) ninety days in the case of a mare in foal which is registered as a brood mare with the Nebraska Thoroughbred or Quarter Horse Registry but which is being actively trained and raced outside Nebraska and is returned to this state and remains in this state continuously for ninety days immediately prior to foaling or (ii)~~ thirty days in the case of a mare in foal which is purchased at a nationally recognized thoroughbred or quarter horse blood stock sale, the name and pedigree of the mare being listed in the sale catalog, and which is brought into this state and remains in this state for thirty days immediately prior to foaling.

The requirement that a dam shall be continuously in Nebraska for either ~~six months,~~ ninety days~~,~~ or thirty days, as specified in subdivision (2)(c) of this section, shall not apply to a dam which is taken outside of Nebraska to be placed for sale at a nationally recognized thoroughbred or quarter horse blood stock sale, the name and pedigree of the mare being listed in the sale catalog, or for the treatment of an extreme sickness or injury, if written notice of such proposed sale or treatment is provided to the secretary of the commission within three days of the date such horse is taken out of the state.

The commission may designate official registrars for the purpose of registration and to certify the eligibility of Nebraska-bred horses. An official registrar shall perform such duties in accordance with policies and procedures adopted and promulgated by the commission in the current rules and regulations of the commission. The commission may authorize the official registrar to collect specific fees as would reasonably compensate the registrar for expenses incurred in connection with registration of Nebraska-bred horses. The amount of such fee or fees shall be

established by the commission and shall not be changed without commission approval. Fees shall not exceed one hundred dollars per horse.

Any decision or action taken by the official registrar shall be subject to review by the commission or may be taken up by the commission on its own initiative.

Sec. 3. Section 2-1226, Reissue Revised Statutes of Nebraska, is amended to read:

2-1226. Any racetrack issued a license under sections 2-1201 to 2-1223 which operates at least one live race meet during each calendar year except as provided in section 2-1228 may apply to the commission for a simulcast facility license. An application for such license shall be in such form as may be prescribed by the commission and shall contain such information, material, or evidence as the commission may require. Any racetrack issued a simulcast facility license may display the simulcast of a horserace on which parimutuel wagering shall be allowed.

Sec. 4. Original sections 2-1213 and 2-1226, Reissue Revised Statutes of Nebraska, and section 2-1207.01, Revised Statutes Supplement, 1994, are repealed.

Sec. 5. Since an emergency exists, this act takes effect when passed and approved according to law.".

AM4125

(Amendments to Standing Committee amendments, AM3278)

"Sec. 12. The Nonprofit Hospital Sale Act shall apply only to for-profit corporations filing articles of incorporation in this state on or after the effective date of this act.".

2. On page 1, line 9, after "Acquisition" insert ", subject to section 12 of this act,".

3. Renumber the remaining sections accordingly.

Standing Committee amendment to LB 436:
AM3392

1. Strike the original sections and insert the following new sections:

"Section 1. Section 18-2705, Revised Statutes Supplement, 1995, is amended to read:

18-2705. Economic development program shall mean any project or program utilizing funds derived from local sources of revenue for the purpose of providing direct or indirect financial assistance to a qualifying business or the payment of related costs and expenses or both, without regard to whether that business is identified at the time the project or program is initiated or is to be determined by specified means at some time in the future. An economic development program may include, but shall not be limited to, the following activities: Direct loans or grants to qualifying businesses for fixed assets or working capital or both; loan guarantees for qualifying business; grants for public works improvements which are essential to the location or expansion of a qualifying business; grants or loans for job training; the purchase of real estate, options for such purchases, and the renewal or extension of such options; the issuance of bonds as provided for in the Local Option Municipal Economic Development Act; and payments for salaries and support of city staff to implement the economic development program or the contracting of such to an outside entity. For cities of the first and second class and villages, an economic development program may also include grants or loans for the construction or rehabilitation for sale or lease of housing for persons of low or moderate income. An economic development program may be conducted jointly by two or more cities after the approval of the program by the voters of each participating city. An economic development program shall include provisions to insure that financial assistance shall not be provided to a qualifying business until a public hearing is held with suitable notice given to the neighboring property owners of such business and to the public regarding the proposed siting of any new facility or regarding the nature of any proposed improvements at an existing facility as a result of the program. Following such public hearing and final approval of a proposed expenditure under an economic development program, the location of facility sites or the nature of improvements shall not be changed without an additional public hearing.

Sec. 2. Section 18-2708, Reissue Revised Statutes of Nebraska, is amended to read:

18-2708. Local sources of revenue shall mean the city's property tax or the city's local option sales tax or any other tax of general application levied by the city or village.

Sec. 3. Section 18-2709, Revised Statutes Supplement, 1994, is amended to read:

18-2709. Qualifying business shall mean any corporation,

partnership, limited liability company, or sole proprietorship which derives its principal source of income from any of the following: The manufacture of articles of commerce; the conduct of research and development; the processing, storage, transport, or sale of goods or commodities which are sold or traded in interstate commerce; the sale of services in interstate commerce; headquarters facilities relating to eligible activities as listed in this section; telecommunications activities; or tourism-related activities. In cities with a population of more than two thousand five hundred inhabitants and less than ten thousand inhabitants or whenever a business may be located within the boundaries of an enterprise zone created pursuant to the Enterprise Zone Act, a business shall also be a qualifying business if it derives its principal source of income from retail trade, except that no more than forty percent of the total revenue generated pursuant to the Local Option Municipal Economic Development Act for an economic development program in any twelve-month period and no more than twenty percent of the total revenue generated pursuant to the act for an economic development program in any five-year period, commencing from the date of municipal approval of an economic development program, shall be used by the city for or devoted to the use of retail trade businesses. For purposes of this section, retail trade shall mean a business which is principally engaged in the sale of goods or commodities to ultimate consumers for their own use or consumption and not for resale. In cities with a population of two thousand five hundred inhabitants or less, a business shall be a qualifying business even though it derives its principal source of income from activities other than those set out in this section.

If a business which would otherwise be a qualifying business employs people and carries on activities in more than one city in Nebraska or will do so at any time during the first year following its application for participation in an economic development program, it shall be a qualifying business only if, in each such city, it maintains employment for the first two years following the date on which such business begins operations in the city as a participant in its economic development program at a level not less than its average employment in such city over the twelve-month period preceding participation.

A qualifying business need not be located within the territorial boundaries of the city from which it is or will be receiving financial assistance.

Sec. 4. Section 18-2710, Revised Statutes Supplement, 1994, is amended to read:

18-2710. The governing body of any city proposing to adopt an economic development program shall prepare a proposed plan for such economic development program. The proposed plan shall include:

(5) A description of the manner in which a qualifying business will be required to submit an application for financial assistance, including the type of information that will be required from the business, the process that will be used to verify the information, and the steps that will be taken to insure the privacy and confidentiality of business information provided to the city;

(6) A description of plans to insure notification to the public and to neighboring property owners of the sites for any new facilities resulting from local funds distributed under a program;

~~(3)~~ Notwithstanding the provisions of ~~subsections~~ subsection (1) ~~and (2)~~ of this section, no city shall appropriate from funds derived directly from local sources of revenue an amount for an economic development program in excess of the total amount approved by the voters at the election or elections in which the economic development program was submitted or amended.

~~(4)~~ (3) The restrictions on the appropriation of funds from local sources of revenue as set out in subsections (1) and (2) ~~through (3)~~ of this section shall apply only to the appropriation of funds derived directly from local sources of revenue. Sales tax collections in excess of the amount which may be appropriated as a result of the restrictions set out in such subsections shall be deposited in the city's economic development fund and invested as provided for in section 18-2718. Any funds in the city's economic development fund not otherwise restricted from appropriation by reason of the city's ordinance governing the economic development program or this section may be appropriated and spent for the purposes of the economic development program in any amount and at any time at the discretion of the governing body of the city subject only to section 18-2716.

~~(5)~~ (4) The restrictions on the appropriation of funds from local sources of revenue shall not apply to the reappropriation of funds which were appropriated but not expended during previous fiscal years.

AM4213

(Amendments to Standing Committee amendments, AM3278)

1. Strike amendment 1 and all amendments thereto and insert the following new amendments:

"1. Strike the original sections and insert the following new sections:

'Section 1. Sections 1 to 12 of this act shall be known and may be cited as the Nonprofit Hospital Sale Act.

Sec. 2. For purposes of the Nonprofit Hospital Sale Act:

(1) Department means the Department of Health;

(2) Hospital has the definition found in subdivision (3) of section 71-2017.01;

(3) Acquisition means any acquisition by a person or persons of an ownership or controlling interest in a hospital, whether by purchase, merger, lease, gift, or otherwise, which results in a change of ownership or control of twenty percent or greater or which results in the acquiring person or persons holding a fifty percent or greater interest in the ownership or control of a hospital, but acquisition does not include the acquisition of an ownership or controlling interest in a hospital owned by a nonprofit corporation if the transferee (a) is a nonprofit corporation having a substantially similar charitable health care purpose as the transferor or is a governmental entity, (b) is exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code or as a governmental entity, and (c) will maintain representation from the affected community on the local board; and

(4) Person has the meaning found in section 71-5822.

Sec. 3. No person shall engage in the acquisition of a hospital owned by a nonprofit corporation without first having applied for and received the approval of the department and without first having notified the Attorney General and, if applicable, received approval from the Attorney General pursuant to the Nonprofit Hospital Sale Act. No person shall engage in the acquisition of a hospital not owned by a nonprofit corporation without first having applied for and received the approval of the department pursuant to the act unless such acquiring person is a nonprofit corporation exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code or is a governmental entity. For purposes of the act, approval of the department and the Attorney General shall not be required for the acquisition of a hospital not owned by a nonprofit corporation as follows: (1) The lease of a county hospital approved under section 23-3504; or (2) the dissolution of a hospital district approved under sections 23-3544 to 23-3546 or the merger of hospital districts approved under sections 23-3573 to 23-3578.

Any person not required to obtain the approval of the department under the provisions of the Nonprofit Hospital Sale Act shall give the Attorney General at least thirty days' notice of an impending acquisition, during which time the Attorney General may take any necessary and appropriate action consistent with his or her general duties of oversight with regard to the conduct of charities. The notice shall briefly describe the impending acquisition, including any change in ownership of tangible or intangible assets.

The application shall be submitted to the department and the Attorney General on forms provided by the department and shall include the name of the seller, the name of the purchaser or other parties to an acquisition, the terms of the proposed agreement, the

sale price, a copy of the acquisition agreement, a financial and economic analysis and report from an independent expert or consultant of the effect of the acquisition under the criteria set forth in section 7 of this act, and all other related documents. A copy of the application and copies of all additional related materials shall be submitted to the department and to the Attorney General at the same time. The applications and all related documents shall be considered public records for purposes of sections 84-712 to 84-712.09.

Sec. 4. (1) Within five working days after receipt of an application under section 3 of this act, the department shall publish notice of the application in a newspaper of general circulation in the county or counties where the hospital is located and shall notify by first-class United States mail any person who has requested notice of the filing of such applications. The notice shall state that an application has been received, state the names of the parties to the agreement, describe the contents of the application, and state the date by which a person may submit written comments about the application to the department.

(2) Within sixty days after receiving an application, the department shall review the application in accordance with the standards set forth in the Nonprofit Hospital Sale Act and approve or disapprove the acquisition pursuant to the act.

Within twenty days after receiving an application, the Attorney General shall determine whether to review the application in accordance with section 7 of this act and shall so notify the applicant. If the Attorney General determines to review the application in accordance with the act, the Attorney General shall, within sixty days after receiving the application, review the application in accordance with the standards set forth in section 7 of this act and approve or disapprove the acquisition. If the Attorney General determines not to review the application in accordance with the act, then none of the other provisions of the act applicable to review by the Attorney General shall apply.

(4) For acquisitions which require approval from the department under the Nonprofit Hospital Sale Act and a certificate of need under the Nebraska Health Care Certificate of Need Act, the applicant shall submit a single application for both purposes and such application shall be reviewed under a single unified review process by the department. Following the single unified review process, the department shall simultaneously issue (a) its decision for purposes of the Nebraska Health Care Certificate of Need Act and (b) its decision for purposes of the Nonprofit Hospital Sale Act.

Sec. 5. The department, and the Attorney General if he or she determines to review the acquisition, shall during the course of its review under section 4 or 6 of this act hold a public hearing in which any person may file written comments and exhibits or appear and make a statement. The department or the Attorney

General may subpoena additional information or witnesses, require and administer oaths, require sworn statements, take depositions, and use related discovery procedures for purposes of the hearing and at any time prior to making a decision on the application.

The hearing shall be held not later than thirty days after receipt of an application. The hearing shall be held upon ten working days' notice, not including days the application is deemed to be incomplete.

Sec. 6. (1) If the Attorney General determines to review the application, he or she shall review the application in accordance with the standards enumerated in section 7 of this act. Within sixty days after receipt of an application, the Attorney General shall approve or disapprove the acquisition.

If the Attorney General does not act within sixty days after receipt of an application, the application shall be deemed approved. If the Attorney General approves or disapproves the acquisition, the applicant, or any person who has submitted comments under section 5 of this act, if the person has a legal interest in the hospital being acquired or in another hospital that has contracted with the acquired hospital for the provision of essential health services, may bring an action for declaratory judgment under the Declaratory Judgments Act for a determination that the acquisition is or is not in the public interest as provided in section 7 of this act.

(2) The department shall review the completed application in accordance with the standards enumerated in section 8 of this act. Within sixty days after receipt of a completed application, the department shall:

(a) Approve the acquisition, with or without any specific modifications; or

(b) Disapprove the acquisition.

The department shall not make its decision subject to any condition not directly related to criteria enumerated in section 8 of this act, and any condition or modification shall bear a direct and rational relationship to the application under review.

The department shall adopt and promulgate rules and regulations establishing procedures by which any affected person may appeal a final decision by the department under the Nonprofit Hospital Sale Act to the Certificate of Need Review Committee created under section 71-5859.01 under procedures substantially similar to those for appeals of health care certificate of need decisions. The committee shall have the same powers and duties with respect to appeals under the Nonprofit Hospital Sale Act as exist for appeals to the committee under the Nebraska Health Care Certificate of Need Act. The findings, conclusions, and decisions of the committee shall constitute the determination of the department, except that the department, the applicant, or any affected person who has intervened in the matter before the committee may seek judicial review as provided in sections 84-917

to 84-919.

Sec. 7. If the Attorney General determines to review the application, he or she shall approve the application unless he or she finds that the acquisition is not in the public interest. An acquisition is in the public interest if appropriate steps have been taken to safeguard the value of charitable assets and ensure that any proceeds of the transaction are used for appropriate charitable health care purposes as provided in subdivision (8) of this section. In determining whether the acquisition meets such criteria under the Nonprofit Hospital Sale Act, the Attorney General shall consider:

(1) Whether the acquisition is permitted under the Nebraska Nonprofit Corporation Act and other laws of Nebraska governing nonprofit entities, trusts, or charities;

(2) Whether the nonprofit hospital exercised due diligence in deciding to sell, selecting the buyer, and negotiating the terms and conditions of the sale;

(3) The procedures used by the seller in making its decision, including whether appropriate expert assistance was used;

(4) Whether conflict of interest was disclosed, including, but not limited to, conflicts of interest related to board members of, executives of, and experts retained by the seller, purchaser, or parties to the acquisition;

(5) Whether the seller will receive reasonably fair value for its assets. The Attorney General may employ, at the seller's expense, reasonably necessary expert assistance in making this determination;

(6) Whether charitable funds are placed at unreasonable risk, if the acquisition is financed in part by the seller;

(7) Whether any management contract under the acquisition is for reasonably fair value;

(8) Whether the sale proceeds will be used for appropriate charitable health care purposes consistent with the seller's original purpose or for the support and promotion of health care in the affected community and whether the proceeds will be controlled as charitable funds independently of the purchaser or parties to the acquisition; and

(9) Whether a right of first refusal to repurchase the assets by a successor nonprofit corporation or foundation if the hospital is subsequently sold to, acquired by, or merged with another entity has been retained.

Sec. 8. In making a decision whether to approve or disapprove an application, the department shall consider:

(1) Whether sufficient safeguards are included to assure the affected community continued access to affordable care;

(2) Whether the purchaser and parties to the acquisition have made a commitment to provide health care to the disadvantaged, the uninsured, and the underinsured and to provide benefits to the affected community to promote improved health care. Activities and

funding provided by the seller or its successor nonprofit corporation or foundation to provide such health care may be considered in evaluating compliance with this commitment; and

(3) If health care providers will be offered the opportunity to invest or own an interest in the purchaser or a related entity to the purchaser, whether procedures or safeguards are in place to avoid conflict of interest in patient referral and the nature of such procedures or safeguards.

This section does not apply a higher standards to hospitals covered by the Nonprofit Hospital Sale Act than those applicable to hospitals not covered by the act.

Sec. 9. If the department receives information indicating that the acquiring person is not fulfilling the commitment to the affected community under section 8 of this act, the department shall hold a hearing upon ten days' notice to the affected parties. If after such hearing the department determines that the information is true, it may institute proceedings to revoke the license issued to the purchaser.

Sec. 10. The Attorney General shall have the authority, pursuant to Chapter 21, article 19, to ensure compliance with commitments which inure to the public interest.

Sec. 11. No license to operate a hospital may be issued or renewed by the department pursuant to Chapter 71, article 20, or any other state statute, and a license which has been issued shall be subject to revocation or suspension, if:

(1) There is an acquisition of a hospital without first having received the approval of the department under the Nonprofit Hospital Sale Act;

(2) There is an acquisition of a hospital without the approval of the Attorney General, if the Attorney General determines to review the application under the act;

(3) There is an acquisition of a hospital and the Attorney General disapproves the acquisition and there is a judicial determination under the Declaratory Judgments Act that the acquisition is not in the public interest; or

(4) The hospital is not fulfilling its commitment under section 8 of this act or is not following procedures of safeguards committed to under subdivision (3) of such section.

This section does not limit the rights to a hearing under section 71-2023 or the right of appeal for a hospital from such decision as provided in Chapter 71, article 20.

Sec. 12. Any acquisition of a hospital before the effective date of this act and any acquisition in which an application for a certificate of need under the Nebraska Health Care Certificate of Need Act has been granted by the department before the effective date of this act is not subject to the Nonprofit Hospital Sale Act.

Sec. 13. No provision of the Nonprofit Hospital Sale Act shall derogate from the common law or statutory authority of the

15 Attorney General.

LEGISLATIVE BILL 731. Placed on General File as amended.
Standing Committee amendment to LB 731:
AM4137

1. Strike the original sections and insert the following new sections:

"Section 1. The Legislature finds and declares that protection of the environment is enhanced by the public's voluntary compliance with environmental requirements and the local counterpart or extension of such requirements and that the public will benefit from incentives to identify and remedy environmental compliance issues. The Legislature further declares that it is in the public interest to encourage such activities by assuring limited confidentiality protection of environmental audit findings and of providing fair treatment of those who report audit findings to regulatory authorities.

Sec. 2. (1) For the purposes of sections 1 to 7 of this act:

(a) Environmental audit means the analysis, conclusions, and recommendations resulting from a systematic, documented, periodic, and objective review by a regulated entity or its agent engaged by such person specifically for the purpose of performing such audit of facility operations and practices related to meeting environmental requirements;

(b) Environmental requirement means an environmental

protection requirement contained in (i) the Environmental Protection Act, the Integrated Solid Waste Management Act, the Nebraska Chemigation Act, the Pesticide Act, the Petroleum Products and Hazardous Substances Storage and Handling Act, sections 81-1575 to 81-1577, or federal law, a rule or regulation adopted and promulgated pursuant to such acts, sections, or laws, a permit or order issued pursuant to such acts, sections, or laws, or an agreement entered into or court order issued pursuant to any of the foregoing or (ii) an ordinance or other legally binding requirement of a local governmental unit under authority granted by state or federal law relating to environmental protection;

(c) In camera review means a hearing or review in a courtroom, hearing room, or judge's chambers (i) to which the general public is not admitted, (ii) after which the evidence and the statements of the judge, hearing officer, and counsel are held in confidence by those participating in or present at the hearing or review, and (iii) any transcript of which is sealed and not considered a public record until and unless its contents are disclosed by a court having jurisdiction over the subject matter of the hearing; and

(d) Person means any individual, partnership, limited liability company, association, public or private corporation, trustee, receiver, assignee, agent, municipality or other governmental subdivision, public agency, other legal entity, or any officer or governing or managing body of any public or private corporation, municipality, governmental subdivision, public agency, or other legal entity.

Sec. 3. A person performing a voluntary environmental audit may disclose in writing a possible violation of an environmental requirement to an agency having regulatory authority showing:

(1) A description of the possible violation;

(2) The date of discovery of the possible violation and, if known, the date the possible violation occurred; and

(3) Actions taken to correct the possible violation and, if applicable, a schedule to achieve compliance.

Sec. 4. If disclosure is made pursuant to section 3 of this act and the agency having regulatory authority has approved the action taken or the schedule to achieve compliance, as appropriate, which approval shall not be unreasonably withheld, the person is not liable for civil penalties or penalties pursuant to local ordinances, unless (1) the disclosure was not made within sixty days after knowledge of the information disclosed was obtained by the person and was not disclosed to the agency having regulatory authority prior to the agency having knowledge of the violation contained in the disclosure, (2) the disclosure did not arise out of a voluntary environmental audit, (3) the person or entity making the disclosure did not initiate the appropriate efforts to achieve compliance, did not pursue compliance with due

diligence, and did not correct the noncompliance as soon as reasonably practicable after discovery of the violation during the course of the environmental audit, (4) the person making the disclosure did not cooperate with the agency having regulatory authority with regard to the violation disclosed regarding investigation of the issues identified in the disclosure, (5) the violation was due to a lack of good faith efforts to understand or comply with environmental requirements, (6) the violation was knowing and willful, or (7) the violation would likely result or has resulted in significant adverse impact on the public health or the environment. If the noncompliance under subdivision (3) of this section is the failure to obtain a permit, appropriate efforts to correct the noncompliance may be demonstrated by the submission of a complete permit application within a reasonable time and a permit for such activities is subsequently issued by the agency.

This section shall not apply to violations of the terms of any agreement entered into or court order or other order issued pursuant to an environmental requirement, including, but not limited to, consent decrees or plea agreements.

This section shall not preclude the agency having regulatory authority from seeking the recovery of any economic benefit resulting from noncompliance with an environmental requirement determined by the agency to be significant if the agency determines such recovery is necessary in order to prevent violators from gaining a competitive advantage over other regulated persons who are in compliance with environmental requirements.

For purposes of this section, (a) if a person is required, under an environmental requirement, under a specific permit condition, or under an order issued by the agency, to make a disclosure to an agency having regulatory authority with regard to the violation disclosed, the disclosure is not voluntary with respect to that agency; and (b) repeat violations or closely related additional violations within the facility within five years after a previous violation shall be prima facie evidence of a lack of good faith efforts to comply with environmental requirements.

For purposes of this section, a violation means any violation of an environmental requirement identified in a judicial or administrative order, consent agreement, conviction, or plea agreement.

Sec. 5. Except as specifically provided in sections 1 to 7 of this act, such sections do not affect the regulatory authority any department or agency has to require any action associated with the information disclosed.

Sec. 6. Sections 1 to 7 of this act do not limit, waive, or abrogate the scope or nature of any statutory or common law privilege, including the work-product doctrine and the attorney-client privilege.

Sec. 7. The district court of the county in which the facility is located or, if all parties agree, the district court of

Lancaster County shall have jurisdiction of actions brought under sections 1 to 7 of this act.

Sec. 8. This act terminates on July 1, 2002.".

"Section 1. Section 77-4104, Revised Statutes Supplement, 1994, is amended to read:

77-4104. (1) In order to utilize the incentives set forth in the Employment and Investment Growth Act, the taxpayer shall file an application for an agreement with the Tax Commissioner.

(a) A written statement describing the plan of employment and investment for a qualified business in this state;

(b) Sufficient documents, plans, and specifications as required by the Tax Commissioner to support the plan and to define a project;

(c) If more than one location within this state is involved, sufficient documentation to show that the employment and investment at different locations are interdependent parts of the plan. A headquarters shall be presumed to be interdependent with any other location directly controlled by such headquarters. A showing that the parts of the plan would be considered parts of a unitary business for corporate income tax purposes shall not be sufficient to show interdependence for the purposes of this subdivision; and

(d) A nonrefundable application fee of five hundred dollars. The fee shall be deposited into the Employment and Investment Growth Fund, which fund is hereby created. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

(3) Once satisfied that the plan in the application defines a project consistent with the purposes stated in section 77-4102 in one or more qualified business activities within this state, that the plans will result in either (a) the investment in qualified property of at least three million dollars and the hiring

of at least thirty new employees or (b) the investment in qualified property resulting in a net gain in the total value of tangible property in this state of a type subject to depreciation, amortization, or other recovery under the Internal Revenue Code of 1986 of at least twenty million dollars, and that the required levels of employment and investment for the project will be met prior to the end of the sixth year after the year in which the application was submitted, the Tax Commissioner shall approve the application. For purposes of determining the number of new employees, only new employees receiving health care benefits and minimum wages of twenty thousand dollars per year, not including the costs of the health care benefits, shall be counted. In determining the net gain in value for purposes of this subsection, all tangible personal property shall be valued in a manner consistent with the value determined for qualified property, and the total value on the last day of each year shall be compared with the total value on the last day of the base year.

(4) After approval, the taxpayer and the Tax Commissioner shall enter into a written agreement. The taxpayer shall agree to complete the project, and the Tax Commissioner, on behalf of the State of Nebraska, shall designate the approved plans of the taxpayer as a project and, in consideration of the taxpayer's agreement, agree to allow the taxpayer to use the incentives contained in the Employment and Investment Growth Act. (6) A taxpayer and the Tax Commissioner may enter into agreements for more than one project and may include more than one project in a single agreement. The projects may be either sequential or concurrent. A project may involve the same location as another project. No new employment or new investment shall be included in more than one project for either the meeting of the employment or investment requirements or the creation of credits. the taxpayer shall specify in which project the employment and investment belongs.

Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

(3) The application and all supporting information shall be confidential except for the name of the company, the location of the project, the amounts of increased employment and investment, the result of the net benefit calculations, and whether the application has been approved.

(4) The board shall determine whether to approve the company's application by majority vote based on its determination as to whether the project will sufficiently help enable the state to accomplish the purposes of the Quality Jobs Act. The board shall decide and mail such notice within thirty days after receipt of the application whether it approves or disapproves the application, unless such time is extended by mutual written consent of the board and the company.

(6) A project shall be considered eligible under the act and may be approved by the board only if the application defines a project consistent with the legislative purposes contained in section 77-4902 in one or more qualified business activities within this state that will result in (a) the investment in qualified property of at least fifty million dollars and the hiring of a number of new employees of at least five hundred or (b) the investment in qualified property of at least one hundred million dollars and the hiring of a number of new employees of at least two hundred fifty. The new investment and employment shall occur within five years, meaning by the end of the fourth year after the end of the year the application was filed, and shall be maintained for the entire entitlement period. For purposes of determining the number of new employees for the wage benefit credit under section 4 of this act or section 77-4927, only new employees receiving health care benefits shall be counted. These thresholds shall constitute the required levels of employment and investment for purposes of the act.

In the agreement the company shall agree to complete the project and the state shall designate the approved plans of the company as a project and, in consideration of the company's agreement, agree to allow the wage benefit credit as provided for in the act. 48-628. An individual shall be disqualified for benefits:

(1)(a) For the week in which he or she has left work voluntarily without good cause, if so found by the commissioner, and for not less than seven weeks nor more than ten weeks which immediately follow such week, as determined by the commissioner according to the circumstances in each case. A temporary employee of a temporary help firm has left work voluntarily without good cause if the temporary employee does not contact the temporary help firm for reassignment upon completion of an assignment and the temporary employee has been advised by the temporary help firm of his or her obligation to contact the temporary help firm upon completion of assignments and has been advised by the temporary help firm that the temporary employee may be denied benefits for failure to do so, or (b) for the week in which he or she has left work voluntarily for the sole purpose of accepting previously secured, permanent, full-time, insured work, which he or she does accept, which offers a reasonable expectation of betterment of wages or working conditions, or both, and for which he or she earns wages payable to him or her, if so found by the commissioner, and for not more than one week which immediately follows such week;

(2) For the week in which he or she has been discharged for misconduct connected with his or her work, if so found by the

commissioner, and for not less than seven weeks nor more than ten weeks which immediately follow such week, as determined by the commissioner in each case according to the seriousness of the misconduct. If the commissioner finds that such individual's misconduct was gross, flagrant, and willful, or was unlawful, the commissioner shall totally disqualify such individual from receiving benefits with respect to wage credits earned prior to discharge for such misconduct. In addition to the seven-week to ten-week benefit disqualification assessed under this subdivision, the commissioner shall cancel all wage credits earned as a result of employment with the discharging employer if the commissioner finds that the individual was discharged for misconduct in connection with the work which was not gross, flagrant, and willful or unlawful but which included being under the influence of any intoxicating beverage or being under the influence of any controlled substance listed in section 28-405 not prescribed by a physician licensed to practice medicine or surgery when the individual is so under the influence on the worksite or while engaged in work for the employer;

(3)(a) For any week of unemployment in which he or she has failed, without good cause, to apply for available, suitable work when so directed by the employment office or the commissioner, to accept suitable work offered him or her, or to return to his or her customary self-employment, if any, and the commissioner so finds, and for not less than seven weeks nor more than ten weeks which immediately follow such week, as determined by the commissioner, and his or her total benefit amount to which he or she is then entitled shall be reduced by an amount equal to the number of weeks for which he or she has been disqualified by the commissioner.

(b) In determining whether or not any work is suitable for an individual, the commissioner shall consider the degree of risk involved to the individual's health, safety, and morals, his or her physical fitness and prior training, his or her experience and prior earnings, his or her length of unemployment and prospects for securing local work in his or her customary occupation, and the distance of the available work from his or her residence.

(c) Notwithstanding any other provisions of the Employment Security Law, no work shall be deemed suitable and benefits shall not be denied under such law to any otherwise eligible individual for refusing to accept new work under any of the following conditions: (i) If the position offered is vacant due directly to a strike, lockout, or other labor dispute; (ii) if the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality; or (iii) if, as a condition of being employed, the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(d) Notwithstanding any other provisions in subdivision (3) of this section, no otherwise eligible individual shall be denied benefits with respect to any week in which he or she is in training with the approval of the commissioner, by reason of the application of the provisions in subdivision (3) of this section relating to failure to apply for or a refusal to accept suitable work;

(4) For any week with respect to which the commissioner finds that his or her total unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment, or other premises at which he or she is or was last employed, except that this subdivision shall not apply if it is shown to the satisfaction of the commissioner that (a) the individual is not participating in, financing, or directly interested in the labor dispute which caused the stoppage of work and (b) he or she does not belong to a grade or class of workers of which, immediately before the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating, financing, or directly interested in the dispute. If in any case, separate branches of work, which are commonly conducted as separate businesses in separate premises, are conducted in separate departments of the same premises, each such department shall, for the purposes of this subdivision, be deemed to be a separate factory, establishment, or other premises;

(5) For any week with respect to which he or she is receiving or has received remuneration in the form of (a) wages in lieu of notice, or a dismissal or separation allowance, (b) compensation for temporary ~~partial~~ disability under the workers' compensation law of any state or under a similar law of the United States, (c) primary insurance benefits under Title II of the Social Security Act, as amended, or similar payments under any act of Congress, (d) retirement or retired pay, pension, annuity, or other similar periodic payment under a plan maintained or contributed to by a base period or chargeable employer, or (e) a gratuity or bonus from an employer, paid after termination of employment, on account of prior length of service, or disability not compensated under the workers' compensation law. Such payments made in lump sums shall be prorated in an amount which is reasonably attributable to such week. If the prorated remuneration is less than the benefits which would otherwise be due, he or she shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration. The prorated remuneration shall be considered wages for the quarter to which it is attributable. For the purpose of this subdivision, student shall mean an individual registered for full attendance at and regularly attending an established school, college, or university, unless the major portion of his or her wages for insured work during his or her base period was for services performed while attending school, except that attendance for training purposes under a plan approved by the commissioner for such individual before attendance shall not be disqualifying;

(8) For any week of unemployment if benefits claimed are based on services performed:

(a) In an instructional, research, or principal administrative capacity for an educational institution, if such week commences during the period between two successive academic years or terms, or when an agreement provides instead for a similar period between two regular, but not successive, terms during such period, if such individual performs such services in the first of such academic years or terms and if there is a contract or reasonable assurance that such individual will perform services in any such capacity for any educational institution in the second of such academic years or terms;

(b) In any other capacity for an educational institution, if such week commences during a period between two successive academic years or terms, if such individual performs such services in the first of such academic years or terms, and if there is a reasonable assurance that such individual will perform such services in the second of such academic years or terms, except that if benefits are denied to any individual for any week under subdivision (8)(b) of this section and such individual was not offered an opportunity to perform such services for the educational institution for the second of such academic years or terms, such individual shall be entitled to a retroactive payment of the benefits for each week for which the individual filed a timely claim for benefits and for which benefits were denied solely by reason of subdivision (8)(b) of this section;

(c) In any capacity described in subdivision (8)(a) or (b) of this section if such week commences during an established and customary vacation period or holiday recess if such individual

performs such services in the period immediately before such vacation period or holiday recess, and there is a reasonable assurance that such individual will perform such services in the period immediately following such vacation period or holiday recess;

(d) In any capacity described in subdivision (8)(a) or (b) of this section in an educational institution while in the employ of an educational service agency, and such individual shall be disqualified as specified in subdivisions (8)(a), (b), and (c) of this section. As used in this subdivision, educational service agency shall mean a governmental agency or governmental entity which is established and operated exclusively for the purpose of providing services to one or more educational institutions; and

(e) In any capacity described in subdivision (8)(a) or (b) of this section in an educational institution if such services are provided to or on behalf of the educational institution while in the employ of an organization or entity described in section 3306(c)(7) or 3306(c)(8) of the Federal Unemployment Tax Act, and such individual shall be disqualified as specified in subdivisions (8)(a), (b), and (c) of this section;

(9) For any week of unemployment benefits if substantially all the services upon which such benefits are based consist of participating in sports or athletic events or training or preparing to so participate, if such week of unemployment begins during the period between two successive sport seasons or similar periods, if such individual performed such services in the first of such seasons or similar periods, and if there is a reasonable assurance that such individual will perform such services in the later of such seasons or similar periods;

(10) For any week of unemployment benefits if the services upon which such benefits are based are performed by an alien unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was permanently residing in the United States under color of law at the time such services were performed, including an alien who was lawfully present in the United States as a result of the application of section 212(d)(5) of the Immigration and Nationality Act. Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits. In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of his or her alien status shall be made except upon a preponderance of the evidence;

(11) Notwithstanding any other provisions of the Employment Security Law, no otherwise eligible individual shall be denied benefits for any week because he or she is in training

approved under section 236(a)(1) of the federal Trade Act of 1974, nor shall such individual be denied benefits by reason of leaving work to enter such training, if the work left is not suitable employment, or because of the application to any such week in training of provisions of the Employment Security Law, or any applicable federal unemployment compensation law, relating to availability for work, active search for work, or refusal to accept work. For purposes of this subdivision, suitable employment shall mean, with respect to an individual, work of a substantially equal or higher skill level than the individual's past adversely affected employment, as defined for purposes of the federal Trade Act of 1974, and wages for such work at not less than eighty percent of the individual's average weekly wage as determined for purposes of the federal Trade Act of 1974; and

ATTORNEY GENERAL'S OPINION

Opinion No. 96026

DATE: March 28, 1996

SUBJECT: Constitutionality of LB 1248

REQUESTED BY: Senator Roger R. Wehrbein
State Legislature, Second District

WRITTEN BY: Don Stenberg, Attorney General
John R. Thompson,
Senior Assistant Attorney General

This is in response to your February 26, 1996 letter concerning LB 1248, which, as amended by Amendment 7215 on February 29, 1996, establishes the Local Government Catastrophic Financial Emergency Fund and sets up a procedure for paying claims from such fund to local governmental bodies who suffered a catastrophic financial emergency under the conditions in the amendment. On March 12, 1996, the bill was further amended to clarify definitions and procedures for determining eligibility of the local government for reimbursement or loans.

In your letter you asked the following three questions:

1. Does the language of the bill create an entitlement such that a county, city, or village is granted the right to benefit from the emergency fund?

2. Can the State Claims Board's or Legislature's decision not to approve the claim, or only approve a portion of the claim, be appealed to a district court?
3. Is the provision that allows a local government to file a claim for a loan constitutional?

With respect to question number one, we understand that you no longer need an answer since the amendment on March 12, 1996, clarifies the power of the State Claims Board and Legislature to exercise discretion with respect to approval or denial of the claim.

With respect to question number two, your question appears to be whether the local government making the claim may appeal from an adverse decision to the district court. The answer appears to be no.

Article V, § 22 of the Nebraska Constitution provides that "the State may sue and be sued, and the Legislature shall provide by law in what manner and in what court suit shall be brought." The Nebraska Supreme Court has held on numerous occasions that section of the Constitution is not self-executing and that specific legislative action is necessary to make it available. **Gentry v. State,** 174 Neb. 515, 118 N.W.2d 643. Any waiver of the State's immunity pursuant to art. V, § 22 will be strictly construed in favor of retention of immunity. **Gentry v. State, supra.** In this case, LB 1248, as amended, provides for claims to be first heard by the State Claims Board with appeal to the Nebraska Legislature, a process similar to that provided in the State Miscellaneous Claims Act, Neb. Rev. Stat. § 81-8,294 to § 89-8,301. Neither LB 1248 as amended or the State Miscellaneous Claims Act provide for any appeal beyond that of the Legislature. Since such waivers of immunity must be strictly construed in favor of retention of immunity, the conclusion must be that the State will not waive its immunity from suit in district court for claims made pursuant to LB 1248.

In your third question you ask whether LB 1248 is constitutional. There appear to be two parts to that question; (1) whether the bill would violate art. XIII, § 3 of the Nebraska Constitution by giving or loaning the credit of the State and (2) whether the bill would violate art. III, § 18 of the Nebraska Constitution as special legislation.

First, with respect to art. XIII, § 3 of the Nebraska Constitution, we must determine whether the credit of the State would be given or loaned in aid of any individual, association, or corporation. The Nebraska Supreme Court has interpreted § 3 of art. XIII of the Nebraska Constitution on numerous occasions, holding "section 3, article XIII, of the Constitution, was intended to prevent the state from extending its credit to private enterprises." **United Community Services v. The Omaha National Bank,** 162 Neb. 786, 77 N.W.2d 576 (1956) and **Haman v. Marsh,** 237 Neb. 699, 467 N.W.2d 836 (1991). In the instant case, the State money would clearly be for a public purpose and not in aid of private enterprise. Accordingly, there appears to be no serious question that LB 1248 is permissible under art. XIII, § 3 of the Nebraska Constitution.

A question concerning special legislation is somewhat more difficult to answer. Article III, § 18 of the Nebraska Constitution provides in pertinent part as follows:

> The Legislature shall not pass local or special laws in any of the following cases, that is to say:
>
> . . . .
>
> Granting to any corporation, association, or individual any special or exclusive privileges, immunity, or franchise whatever . . . . In all other cases where a general law can be made applicable no special law shall be enacted.

A legislative act can violate Nebraska Constitution art. III, § 18 as special legislation in one of two ways: (1) by creating a totally arbitrary and unreasonable method of classification, or (2) by creating a permanently closed class. **See, City of Scottsbluff v. Tiemann,** 185 Neb. 256, 175 N.W.2d 74 (1970), **Haman v. Marsh, supra.**

In **Haman v. Marsh** the court, quoting from **State ex rel. Douglas v. Marsh,** 207 Neb. 598, 300 N.W.2d 181 (1980), held that:

> A legislative classification, in order to be valid, must be based upon some reason of public policy, some substantial difference of situation or circumstance, that would naturally suggest the justice or expediency of diverse legislation with respect to objects to be classified. Classifications for the purpose of legislation must be real and not elusive. They cannot be based on distinctions without a substantial difference.
>
> . . .
>
> Classification is proper if the special class has some reasonable distinction from other subjects of like general character, which distinction bears some reasonable relation to the legitimate objectives and purposes of the legislation. The question is always whether the things or persons classified by the act form by themselves a proper and legitimate class with reference to the purpose of the act.

In reviewing LB 1248 as amended, it appears the purpose of the bill is to provide state assistance for local governmental operations in those situations where the local governmental body suffers from some catastrophic financial situation which resulted from performing its duties which are mandated by state law along with financial emergencies from natural disasters such as fires, floods, epidemics, etc. That appears to be a reasonable classification since it applies to those local governmental bodies who are in some extreme financial situation and require immediate and substantial financial assistance for reasons beyond their control. There is clearly a substantial difference between a local governmental entity suffering such severe financial problems which result from performing acts mandated by the state law as opposed to other counties who are not presented with the same costly problems.

Finally, we must discuss whether the class of potential claimants created by LB 1248 is a permanently closed class. Under LB 1248 the class of potential claimants are local governmental entities who suffer a

catastrophic financial emergency caused by expenses of government which are beyond the local governments' ability to pay and which create an undue burden on the local government due to a lack of unobligated fiscal resources and are incurred as a result of activities mandated by state law. Eligible claimants must also have unreimbursed expenses incurred in relation to a natural disaster which qualified for federal assistance. All such expenses must have been incurred within the five fiscal years immediately preceding the making of the claim but may be related to acts or incidents that occurred not more than eight years prior to making the claim.

While it appears that this bill was intended to alleviate the special financial problems of Richardson County created by a combination of circumstances, that does not by itself render the class suspect.

The Nebraska Supreme Court in **Haman, supra,** held that in determining whether a class is closed, you may consider the act's application as well as the legislation itself. You must consider the actual probability that others will come under the act's operation, not merely the possibility.

In this instance, the bill will clearly apply to the recent problems of Richardson County. However, while there may or may not be other local governmental bodies presently eligible, it is probable that some other counties in the state may have similarly unusual expenses relative to criminal prosecutions and other losses related to some natural disaster in the future.

The primary concern whether the class is closed in this case stems from the relatively short life of the law. LB 1248 provides for automatic termination on June 30, 1999. That provision reduces the probability that some other counties may become eligible within the life of the act. Nevertheless, we believe the probability of other class members is sufficiently high that the act will not violate art. III, § 18 of the Nebraska Constitution. Removal of the automatic termination provision would obviously enhance the act's viability.

Very truly yours,
DON STENBERG

(b) Each postsecondary educational institution which (i) is currently in operation, (ii) participated in the Federal Family Education Loan Program or the Federal Direct Student Loan Program,

and (iii) for the relevant time period had a cohort default rate equal to or in excess of the percentage which directly triggered the relevant default cost fee charged to the state shall be required to remit an excess default rate fee in addition to its proportionate share of the relevant default cost fee charged to the state. Such excess default rate fee shall be two hundred percent of the institution's proportionate share of the relevant default cost fee.

(c) The balance of the relevant default cost fee charged to the state and not assessed pursuant to subdivision (b) of this subsection shall be assessed to postsecondary educational institutions which are currently in operation and which participated in the Federal Family Education Loan Program or the Federal Direct Student Loan Program for the relevant time period, excluding those institutions subject to assessment pursuant to such subdivision.

(d) Any postsecondary educational institution subject to assessment pursuant to subdivision (c) of this subsection shall not be assessed an amount exceeding the respective institution's proportionate share of the relevant default cost fee charged to the state. Such proportionate share means an amount which, in proportion to the total of the relevant default cost fee charged to the state by the United States Secretary of Education, is equal to the proportion of Federal Family Education Loan Program and Federal Direct Student Loan Program loan default dollar volume attributable to the respective institution to the total of Federal Family Education Loan Program and Federal Direct Student Loan Program loan default dollar volume for all institutions which participated in the Federal Family Education Loan Program and the Federal Direct Student Loan Program for the relevant time period.

(2) The Coordinating Commission for Postsecondary Education shall adopt and promulgate rules and regulations establishing a fee structure for determining the amount of the reimbursement for each institution as provided in subsection (1) of this section.

(3) Any institution with a valid authorization to operate pursuant to the Private Postsecondary Career School Act which has a cohort default rate which triggers state liability pursuant to section 428(n) of the federal Higher Education Act of 1965, as amended, has violated the Private Postsecondary Career School Act. A hearing to determine whether the institution should have its authorization to operate or its agent's permit revoked shall be held in accordance with section 85-1634.

(4) Unless prohibited by federal law, the commission may charge and collect an administrative fee, not to exceed ten percent of the proportionate share of the relevant default cost fee, from any Nebraska postsecondary educational institution to cover the administrative expenses incurred by the commission in carrying out this section.

(5) Notwithstanding any other provision of law to the contrary, the rules and regulations may provide that a postsecondary educational institution may be exempt from the fees or the commission may adjust the fees of an institution if the institution demonstrates that exceptional mitigating circumstances contributed to its high cohort default rate.

Sec. 2. (1) The Student Loan Default Fee Revolving Fund is created. The fund shall be under the direction of the Coordinating Commission for Postsecondary Education. The commission shall remit all revenue received from fees charged under section 1 of this act to the State Treasurer for credit to the fund. Expenditures may be made from the fund, after appropriation by the Legislature, for payments to the federal government for relevant default cost fees charged to the State of Nebraska by the United States Secretary of Education or to reimburse the General Fund for any such payments which have been made to the federal government.

(2) If not inconsistent with federal law, up to ten percent of the revenue remitted to the fund may be appropriated and used to defray the administrative expenses of the activities undertaken pursuant to section 1 of this act.

(3) Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

85-1610. No entity of whatever kind, alone or in concert with others, shall:

(1) Operate in this state a private postsecondary career school not exempted from the Private Postsecondary Career School Act unless the school has a currently valid authorization to operate issued pursuant to section 85-1612;

(2) Offer, as or through an agent, unless such agent is a natural person and has a currently valid agent's permit issued pursuant to section 85-1623, enrollment or instruction in or the granting of educational credentials from a private postsecondary career school not exempted from the act, whether such institution is within or outside this state, nor accept contracts or enrollment applications from any person who does not have a current agent's permit, but the board may adopt and promulgate rules and regulations to permit the rendering of legitimate public information services without such permit;

(3) Instruct or educate, offer to instruct or educate, including advertising or soliciting for such purpose, enroll or offer to enroll, or contract or offer to contract with any school or party to perform any such act in this state, whether such entity is located within or without this state, unless such entity observes and is in compliance with the minimum standards

established pursuant to sections 85-1606 and 85-1608 and the rules and regulations adopted and promulgated by the department; ~~or~~

(4) Grant or offer to grant educational credentials without authorization to do so from the department; or

(5) Have a cohort default rate which triggers state liability pursuant to section 428(n) of the federal Higher Education Act of 1965, as amended, under section 1 of this act.

Sec. 4. If any section in this act or any part of any section is declared invalid or unconstitutional, the declaration shall not affect the validity or constitutionality of the remaining portions.

1. Strike section 47 and insert the following sections:

"Sec. 4. A council on public improvements and services may be created within each county or for adjoining counties by resolutions of county boards. Such councils shall include, but are

not limited to, one elected official from each school board, county board, incorporated city or village, natural resources district, community college, educational service unit, hospital district, airport authority, fire district, and township taxing property within the county or counties. The elected governing body of each political subdivision which has the legal authority to request property tax funding or a levy set by the county board within a county may by resolution of the governing body appoint one elected official to the council on public improvements and services.

Councils on public improvements and services may meet, beginning in 1996, as often as necessary prior to the adoption of budgets and property tax requests affected by the levy limits described in sections 1 to 3 of this act. The council shall jointly examine the budgets and property tax requests of each governmental agency or quasi-governmental agency with statutory authority to request a share of the property tax. The county clerk or designated county official of each county shall attend such meetings and keep a public record of the proceedings. Sec. 27. Section 16-1019, Revised Statutes Supplement, 1995, is amended to read:

16-1019. The city or retirement committee may require appropriate releases from any person as a condition to complying with any such order. The retirement system shall not recognize any domestic relations order which alters or changes benefits, provides for a form of benefit not otherwise provided for by the retirement system, increases benefits not otherwise provided by the retirement system, or accelerates or defers the time of payment of benefits. No participant or beneficiary shall have any right to any specific portion of the assets of the retirement system.

Any requirements for compliance with section 401(a) of the Internal Revenue Code may be set forth in any trust or funding medium for the retirement system. This subsection shall be in full force and effect only so long as conformity with section 401(a) of the Internal Revenue Code is required for public retirement systems in order to secure the favorable income tax treatment extended to sponsors and beneficiaries of tax-qualified retirement plans.
