

have a...

SPEAKER WITHEM: Time.

SENATOR CHAMBERS: ...couple of other things but...oh, my time is up.

SPEAKER WITHEM: Senator Robinson.

SENATOR ROBINSON: Mr. Chairman, members of the body, I thought Ernie was talking about me when he said an old white-haired guy, because I've changed my view of paying players too. But that's not what I'm up here for and I want you to know I was the only...as far as I know, I was the only member of the body that went to the Orange Bowl. I took my 16-year-old grandson and my wife, and that I figured I probably ought to be paid for this thing, you know. And what I thought I would do, I would list all the payments and then divide it by 48 and send you a copy of it and then put complimentary on it, so...for...but anyway, like Senator Wesely was thrilled to great heights, and I was too. I can remember the first football game I went to. I can remember Charlie Brock was playing in the year of 1936 when most of you weren't even born yet. I remember...I know Senator...let's see, who would remember him? Senator Warner would remember Charlie Brock, after he nods his head, and not many of us, but I'm going to say it, I know some of you may not like it, but it doesn't get any better than that. And I'm...I'm hooked on college football and I don't care who knows it. But all the nice things that were said in the resolution, I believe that, and I'm not...certainly not chastising the things that Senator Chambers said because a lot of them are the truth, and I think it is an issue that has to be dealt with. Thank you very much.

SPEAKER WITHEM: Thank you, Senator Robinson. Senator Chambers.

SENATOR CHAMBERS: Mr. Speaker and members of the Legislature, I had drafted an amendment and I think a Page picked it up but I don't know what he did with it, so I am going to redraft it and I hope that I will have time to do so. It was on a sheet of white paper, not one of our regular ones, and I was up speaking and I may not have indicated to him what should be done with it. But, at any rate, I will say what I had intended to say on that amendment and then draft it so that it can be made a part of it. That amendment that I would offer would add a new Whereas and indicate that Whereas, none of this would be possible with the
