

is of any value whatsoever is a polka, given the choice of all of them. I am a cosponsor on this bill. It was presented to be...to me as being the wording "an" rather than as drafted, "the". And I most certainly, without this amendment, would have to hurriedly withdraw my support of this resolution. Thank you, Mr. Speaker.

SPEAKER WITHEM: Senator Chambers. This is on the amendment still.

SENATOR CHAMBERS: Mr. Speaker, members of the Legislature, the way of the transgressor is hard. I don't believe that when I undertake to protect our process I'm a transgressor, but my way is harder than that of the transgressor. This seems like an innocuous resolution, and in a way it is. I'm going to support the amendment because it makes it a little less objectionable, but even when you have something like this and we, on the floor of the Legislature, can engage in a little levity in discussing it and doing whatever we do with it, there are other groups and other types of dances which, and people who do other types of dances who are going to feel slighted. And, like Senator...you know, Senator Hall made a comment and I can't even remember the name of my colleague in the front row on the end. Somebody help me with this senator's name who made such a wise amendment. Oh, Senator Coordsen. Senator Coordsen, I think, as you pointed out, with the word "the", there's no way the resolution could even be considered. And I'd like to ask you a question. I really remembered your name. Senator Coordsen is one of the senators whose name I will never forget.

SPEAKER WITHEM: Senator Coordsen.

SENATOR COORDSEN: Yes.

SENATOR CHAMBERS: Senator Coordsen, when I offer my amendment do you think that would take away from the resolution to such an extent that you could not support it, because I don't want to defame or change the thrust of your resolution.

SENATOR COORDSEN: Well, this is a resolution certainly that I
