

February 28, 1995 LB 93

SENATOR BERNARD-STEVENS: Okay, with that intent, I am much more comfortable with it...

PRESIDENT ROBAK: Time.

SENATOR BERNARD-STEVENS: ...on that and I will be withdrawing my motion to...whatever it was, at this point.

PRESIDENT ROBAK: The motion to indefinitely postpone is withdrawn.

SENATOR BERNARD-STEVENS: That's what it was.

PRESIDENT ROBAK: The Chair recognizes Senator McKenzie for a point of personal privilege, and I'm assuming it has something to do with the flowers on your desk, Senator.

SENATOR MCKENZIE: Yes, thank you, Madam President. Normally, on birthdays we all bring treats to give to our colleagues and I'm no exception today on my birthday. Forty. Anyway, for...yeah, I know it's a miracle (laughter), or 39 for perpetuity. I wanted to explain to members of the body what the treat is this morning because it's something you may have never had before. It's called kuchen, baked only in my home town bakery in Sutton. My grandmother made it every Saturday, but it's a custard with a kolache-type dough. So when you go over to look at which flavor you might like, you might like to know it's basically cream and eggs and a little fruit and cinnamon. So, no calories and no cholesterol. Anyway, thank you.

PRESIDENT ROBAK: Happy birthday, Senator. And Senator Robak wishes to announce that the following guests are visiting the Legislature today. There are 20 members of the Leadership Columbus class from Columbus, Nebraska here; They are sponsored by the Columbus Chamber of Commerce and they're in the north balcony. Will you all stand and be recognized, please. Welcome. Anything further on the bill, Mr. Clerk?

CLERK: I have nothing further on the bill, Madam President.

PRESIDENT ROBAK: The Chair recognizes Senator Maurstad.

SENATOR MAURSTAD: Madam President, I would move to advance LB 93 to E & R for engrossing.
