LR 49  
LR 62-64

the country and the State of Nebraska, and I don't believe that they ever got the recognition that they did being the parents of a true American hero, such as Karl Timmermann. And I am certainly glad for...to see that Senator Robinson has brought this to us today. And Karl Timmermann's accomplishments during World War II were of the highest valor. I appreciate Senator Robinson for bringing this, this morning. Thank you, Mr. Speaker.

SPEAKER WITHEM: Thank you, Senator Janssen. Senator Lynch.

SENATOR LYNCH: Mr. Speaker and members, I want to stand up in support of Senator Engel's resolution. I...the only high school I have in my district, public or private, happens to be Roncalli, they lost to Sioux City school, but our team played well, they went much further in the tournament than anyone ever suspected they would. They were a great bunch of athletes and girls, and I wanted to congratulate them at the same time we recognized who the winner was and at the same time congratulate the winners. I had a resolution prepared for Roncalli, but they did not win the game. Obviously, if we ran resolutions in this body for second, third and fourth place, we wouldn't have time for any other business. But I did want to stand and publicly recognize Roncalli girls' basketball team for the great accomplishments they had during this season, and congratulate the school from Senator Engel's district. Thanks.

SPEAKER WITHEM: Thank you, Senator Lynch. No further lights on. We'll proceed to vote on LR 62, 63 and 64. All in favor vote aye, opposed vote nay. Record, Mr. Clerk.

CLERK: 20 ayes, 0 nays, Mr. President, on the adoption of LR 62, 63 and 64.

SPEAKER WITHEM: The resolutions are adopted. Item 6, legislative resolutions to be addressed individually. LR 49, Mr. Clerk.

CLERK: Mr. President, LR 49 was a resolution originally introduced by Senator Beutler. (Read.) The resolution was introduced, Mr. President, in January; at that time the Speaker directed it be referred to Reference for public hearing. The public hearing was conducted by the Natural Resources Committee. The resolution has been reported back to the Legislature for its
