

for our urban areas. And what this reminds me of this morning is when I first learned how to fly. I was eight hours in the airplane, we'd make a short field landing. The instructor jumps out of the airplane and says, good-bye. I felt very, very lonesome, but I did get it off the ground, and I had a very successful takeoff. However, once you get up there, you know you've got to come down, you wonder how you are going to get there. Well, I am not down yet, but that time I made a very successful landing, and I expect to in this bill also. So, thank you.

SENATOR HALL PRESIDING

SENATOR HALL: Thank you, Senator Engel. Senator Bernard-Stevens, you have three minutes left.

SENATOR BERNARD-STEVENS: I won't need that time, but, Senator Chambers, I just want you to know that on the bracket motion I put up there, I was doing fine on my own, and when you got up and supported it, I began really losing votes like crazy. So I wasn't so sure exactly whose side you are on and for what reason at this point. And, Senator Engel, if it is any comfort, being a pilot myself, I know you are stuck up in the air, and the fuel gauges look like they are still pretty full, and it may look half empty, but, never fear, because whenever you are in the air, you will come down. You will come down. Okay, it's just a matter of how at some point. And with that, Senator Engel's support, I move that we bracket the bill to April 3rd, 1995.

SENATOR HALL: Senator Bernard-Stevens. The question is, shall the bill be bracketed? All those in favor vote aye, opposed nay. Have you all voted?

SENATOR ENGEL: A call of the house please.

SENATOR HALL: Senator Engel has requested a call of the house. We are under call, Senator. Excuse me. I am very copacetic today, I guess. Record, Mr. Clerk. A record vote has been requested. Very satisfactory, by the way.

CLERK: (Record vote read. See page 1273 of the Legislative Journal.) 26 ayes, 15 nays on the motion to bracket, Mr. President.

SENATOR HALL: The bill is bracketed. Next item on the agenda,
