man. He's done his community service very well, been a past mayor of Nebraska City. His two sons are also veterinarians, one of them in practice in Nebraska City, the other one is over at Syracuse, I believe. And his daughter-in-law is Carolyn Gigstad who lobbies a little bit down here for the engineers and who had served on Governor Orr's staff at one time. Senator (sic) Gigstad is very active right now...or Governor Gig...Governor Gigstad, we got it didn't we. Dr. Gigstad is very active right now in helping plan for the 100th anniversary of the Nebraska Veterinary Medical Association and our celebration in the year 1996. He's on the centennial committee for our association and he's working very tirelessly and doing an excellent job. I'm just glad that...to support this position for him to the State College Board. Thank you.

SENATOR CROSBY: Thank you, Senator Dierks. Senator Wehrbein.

SENATOR WEHRBEIN: I simply want to add...Madam President, members, I simply want to add to what has been said about Dr. Gigstad. He's been very progressive in the Nebraska City area and southeast Nebraska, and I think would be a fine addition to the Board of Trustees. I simply wanted to get my two cents worth in for him, too. Thank you.

SENATOR CROSBY: Thank you, Senator Wehrbein. Senator Lynch.

SENATOR LYNCH: Madam President, members, it sounds like Senator Dierks and Senator Hartnett like everybody this morning. But I thought I should put in a shot for Jeff Renner, too. He is an outstanding young man. It goes back at least 30 years when he was very young and he hasn't changed. And I certainly endorse his appointment.

SENATOR CROSBY: Thank you, Senator Lynch. Senator Vrtiska.

SENATOR VRTISKA: Thank you, Madam President. I, too, want to step forward and give my endorsement to Dr. Gigstad. I've known Dr. Gigstad for many, many years and have known about many of the...much of his involvement has been with the City of...with Nebraska City and certainly with the Peru State College and with the entire college system. And I know his family and I know that he will be a great asset to the College Board. With that, I'd like to include my endorsement. Thank you.

SENATOR CROSBY: Thank you, Senator Vrtiska. Any further
