LB 425

the Micron bill, LB 830 can be repealed. That failing, I may attempt through 425 to offer some amendments to LB 830, I'm not exactly sure. But if those types of amendments would be added to 425, I would gladly support it.

PRESIDENT ROBAK: Thank you, Senator Chambers. Senator Engel.

SENATOR ENGEL: Thank you very much, Senator Chambers, you have been very straightforward with me on this bill through the entire process. I do appreciate your input and the input of everyone here in the Chamber. And if between now and Select File I will have a chance to refuel. Thank you.

PRESIDENT ROBAK: Thank you, Senator Engel. Any further discussion on the Engel amendment? Seeing none, Senator Engel, do you wish to close?

SENATOR ENGEL: Again, I'd like to thank everybody for their input, those who are for the bill and were against the bill I think was explained very well. We used up approximately eight hours and I think it's been amended and I think we come out with really a better bill than we started with. So I would appreciate your support for the bill so we can advance it to Select File and I think we probably should have a call of the house and I'd like to have a roll call vote.

PRESIDENT ROBAK: Thank you, Senator Engel. There has been a request for a call of the house. All those in favor vote aye, all those opposed vote nay. Please record.

CLERK: 20 ayes, 0 nays to go under call, Madam President.

PRESIDENT ROBAK: The house is under call. Will senators please return to their seats. Will all unauthorized personnel please leave the floor. The house is under call. Senators, please check in. Senator Schellpeper, Senator Hudkins, Senator Bromm, Senator Jones, Senator Jensen, Senator Pedersen, Senator Avery, Senator Janssen, Senator Landis, Senator Brashear, Senator Schrock, Senator Elmer, Senator Lynch. Senator Engel.

SENATOR ENGEL: Madam Chairman, a machine vote would be fine.

PRESIDENT ROBAK: Machine vote. Do you wish to wait on this, Senator, wait till all the senators have checked in?
