

original form that was originally left out of LB 452, which we did pass earlier. So we want to make sure that that is in the record to be reflected and that corrects an error or something that we overlooked in the...in the property calendar bill. We also make some other reference changes from tax commissioner to property tax administrator. We still leave, in terms of the motor vehicle tax, that also goes back over the property tax administrator. The reappraisals, ag land valuation and Ag Land Valuation Boards, they're dealing now and they'll deal with the property tax administrator rather than the tax commissioner. I believe that's a summary of the major changes and if anyone has any questions about this particular amendment I'll be glad to try to answer them. Thank you.

SENATOR CROSBY: Thank you, Senator Kristensen. Any discussion on the Kristensen amendment? There are no lights. You want to close, Senator Kristensen? There's no lights.

SENATOR KRISTENSEN: Yes, I would. I... I forgot one important thing, Madam President, and I do want to... this also is for Senator Bromm and I'm sorry, Senator Bromm, I didn't get a chance to specifically speak to you. You had pointed out one problem that you saw with centrally assessed properties and in the original green bill. This harmonization basically goes and cleans up that section and so in this amendment, amendment number three corrects that wording that refers to the setting of centrally assessed property. It strikes that...that this group will not do that equalization. That equalization of centrally-assessed property is going to remain with the State Board of Equalization and I thank you for pointing that out. That, from the bill that we had a year ago, that's one of the sections that I didn't catch and didn't get cleaned up and it is certainly not our intention for this Equalization Review Commission to do centrally-assessed property and we're going to leave that duty to the State Board of Equalization and, again, I would ask for the adoption of this particular amendment.

SENATOR CROSBY: Thank you, Senator Kristensen. The question is the adoption of the Kristensen amendment to LB 490. All in favor vote aye, opposed no. We're voting on the Kristensen amendment to LB 490. Have you all voted? Record, please.

CLERK: 25 ayes, 0 nays, Madam President, on the amendment.

SENATOR CROSBY: The amendment is adopted.
