

SENATOR KRISTENSEN: ..other comments, I'll drag that out. Well, you're going to have... no, I don't have the A bill right... You're going to have some appropriation obviously to set the office up. We're looking at probably in the neighborhood of 550 over the biennium, if I'm... if I'm... and what I'm doing is I'm reading off that real quickly so let me...if... let me... give me two...

SENATOR ROBINSON: Over two years it's only... it's 550?

SENATOR KRISTENSEN: Let me... I need you to spend five seconds and look at this.

SENATOR ROBINSON: Okay. Okay.

SENATOR KRISTENSEN: Why don't you go ahead and finish your and I'll punch my...

SENATOR ROBINSON: Well...

SENATOR KRISTENSEN: ..light to give you the appropriate one.

SENATOR ROBINSON: ..if you have 1,000 people that have problems and you got 1,000 people, who's going to pay for all that money to take care of those 1,000 people coming to complain about their...?

SENATOR KRISTENSEN: Okay. Now that's... that's a different issue and we've attached that... that 25 dollar filing fee to take care of that. So if there's a large number of people appealing that small filing fee covers the cost of the masters to go off and do that, and if there's not many people appealing, obviously, that money's...

SENATOR ROBINSON: So that...

SENATOR KRISTENSEN: ..not generated.

SENATOR ROBINSON: So I have to give them my 25 dollars then, is that correct?

SENATOR KRISTENSEN: Right, but if you went to district court, of course, your filing fee is more than twice that.
