LB 473, 762

imperil the bill. I'm going to guess that Senator Hartnett who is not here has picked up a red vote at least in my case and I think some more. I could be wrong, but I'm not sure that in the absence of Senator Hartnett that he wants to make that judgment because that, too, means this is not a consent calendar measure. I will...I don't want to be the only one forces this to come to an end and I will allow the vote to come in 15 minutes, but I don't think in the conscience of this body that this should be regarded a Select file amendment without a public hearing, with the introducer absent and with as much opportunity for mischief as I think there is in an ill-considered morning on consent calendar of discussion. And with that I'll give you your 15 minutes and your vote.

PRESIDENT ROBAK: Thank you, Senator. The question before you is the adoption of the Elmer amendment to LB 762. All those in favor vote aye, all those opposed vote nay. Have you all voted? Please record.
