CLERK: Senator Bernard-Stevens, you don't... I have nothing further to this segment of the committee amendments, Mr. President.

SENATOR HALL: Thank you. We're back to this section of the committee amendments. Senator Chambers, your light is on, on this section. Your light is on to speak to this section of the committee amendments.

SENATOR CHAMBERS: Well, Mr. President, did that vote eliminate that entire section on the boot camps?

SENATOR HALL: Senator Lindsay, would you care to respond?

SENATOR CHAMBERS: Yeah, he can explain it on the mike, then we'll all know exactly where we are.

SENATOR LINDSAY: Or else I could misstate it and really get what I want. (Laughter.) What we've done now is we've adopted an amendment to the committ...to this portion of the committee amendments. The way this stands now if we adopt this portion of the committee amendments now boot camps will be gone. If we don't adopt this, boot camps will be in the bill in a form that nobody likes. So I...and...it doesn't take a rocket scientist to figure out which way the winds are blowing, so you're...given your vote on the last amendment, your vote ought to be now to adopt the committee amendments to completely accomplish what you were looking for in the last amendment.

SENATOR CHAMBERS: I concur, I adopt by reference Senator Lindsay's remarks into mine, and with that I'll sit down.

SENATOR HALL: Thank you, Senator Chambers. Senator Abboud, your light is on.

SENATOR ABOUD: Are we on an amendment right now?

SENATOR HALL: On this portion of the committee amendments.

SENATOR ABOUD: Which is what?

SENATOR HALL: Which deals with the boot camps as explained by Senator Lindsay.
