

that we strike because it confused the way in which we work with that program, with the zero to three program, in the way in which we were trying to look at the funding for that. It does not change anything in terms of how the program happens or the intent language of the bill, only was the recommendation of those two individuals that we strike that because the way we had the language it was not a way that would work operationally. PRESIDENT ROBAK: Thank you, Senator McKenzie. Senator Bernard-Stevens.

SENATOR BERNARD-STEVENS: Just briefly, Madam President, members of the Legislature. I do rise in support of the amendment. Talked with the fiscal staff, it does make a lot of sense with the time remaining on the pilot projects and I do support the amendment.

PRESIDENT ROBAK: Thank you, Senator Bernard-Stevens. Any further discussion on the McKenzie amendment? Seeing none, Senator McKenzie waives closing. The question before the body is the adoption of the McKenzie amendment to the McKenzie amendment to LB 742. All those in favor vote aye; all those opposed vote nay.

CLERK: 26 ayes, 0 nays, Madam President, on the adoption of Senator McKenzie's amendment to her amendment.

PRESIDENT ROBAK: The McKenzie amendment is adopted.

CLERK: Senator Avery has AM2386.

PRESIDENT ROBAK: Chair recognizes Senator Avery.

SENATOR AVERY: Thank you, Madam President. What was the number?

CLERK: 2386, AM2386, Senator.

SENATOR AVERY: I'd like to pull both of those.

CLERK: Pull the...both of those, because there are two?

SENATOR AVERY: Right.
