

SENATOR SCHIMEK: Thank you.

PRESIDENT ROBAK: Thank you, Senator Schimek. Is there any further discussion of the Stuhr amendment? Seeing none, Senator Stuhr, to close.

SENATOR STUHR: I think it might be just a good idea to list who those members are on this commission, since we really haven't previously done that. There will be one representative from the Governor's Office, there will be one public school classroom teacher not in special education, there will be one public school special education teacher, if the amendment passes there would be two administrators not involved in special education, two special education administrators, two parents, one representative of postsecondary special education, one school district business manager, one school board member, one representatives from a private school, and four representatives not directly related to administration, delivery or receipt of special education services. I ask for your support of this amendment which will be to add an additional administrator not involved in special education. Thank you.

PRESIDENT ROBAK: Thank you, Senator Stuhr. The question before the body is the adoption of the Stuhr amendment to the McKenzie amendment to LB 742. All those in favor vote aye; all those opposed vote nay. Please record.
