

SENATOR HALL: One minute.

SENATOR CHAMBERS: ...enacting these laws and making these changes, we seldom give thought to the impact of what we do, and there is going to be an impact felt in all of the institutions where people are imprisoned. They know what is done that will have an impact on their sentence or the sentence of others. They don't have a lot else to occupy their minds, and in prison, nothing occupies your mind in time so much as trying to get out as quickly as possible. Since my time is almost up, I will stop at this point.

SENATOR HALL: Thank you, Senator Chambers. Before we move to the next speaker, I would like to recognize guests of Senator McKenzie that are both in the north balcony and under the north balcony; 21 fifth graders from Doniphan Public School in Doniphan, Nebraska, with their teacher. Welcome to the Legislature. Would you please rise and be recognized. Thank you for joining us today. Senator Beutler, your light is next.

SENATOR BEUTLER: I will waive for the moment.

SENATOR HALL: Thank you, Senator Beutler. Senator Lindsay, your light is next.

SENATOR LINDSAY: Thank you, Mr. President. At this time, I would...AM2502 is the amendment that is before us. The, whatever, the copy from E & R just came done. I would ask to substitute AM2507 for 2502.

SENATOR HALL: Been a request for a unanimous consent to substitute, is there any objection? Seeing none, so ordered. Senator Lindsay.

SENATOR LINDSAY: Thank you, Mr. President. AM2507 is coming around now, be on your desks, oh, it is already on some of your desks. This is the amendment that we were referring to, and it does have, basically, everything that I have spoken about. So with that, move on so that we can start on these items without further delay.

SENATOR HALL: Thank you, Senator Lindsay. Senator Pirsch, your light is next.
