LB 371

SENATOR LINDSAY: Numbers 1, 2, 3 will be taken in order, so it would be A, B, C.

SENATOR HALL: Okay, number 1, 2 and 3 will be A, B and C. We are off to a good start.

SENATOR LINDSAY: Number...it will end. Number...

SENATOR HALL: Senator Chambers.

SENATOR CHAMBERS: Mr. President, not that this would be helpful, but here's what I am doing. I am taking a separate sheet of paper, and I am listing A through K on that sheet of paper. Then next to each letter, I am giving the one that Senator Lindsay gives us, so if he will not give those too rapidly so that we'll be able to appropriately mark, and since 1, 2 and 3 followed A, B and C, I didn't have a problem, but I can see something shaping up (inaudible).

SENATOR HALL: Senator Chambers, you and I are on the same track.

SENATOR CHAMBERS: Okay.

SENATOR HALL: Senator Bernard-Stevens.

SENATOR BERNARD-STEVENS: Yeah, just so, you know, my staff has little colored stickers and we are putting them in order that way by color so if you all get confused I'll help.

SENATOR HALL: Senator Bernard-Stevens, thank you very much. Senator Lindsay, please continue.

SENATOR LINDSAY: We are using red dots, so if you could put...number 4 would be D.

SENATOR HALL: The fourth division will be D.

SENATOR LINDSAY: Correct.

SENATOR HALL: Okay.

SENATOR LINDSAY: Nine will be...the nine will be E.

SENATOR HALL: Ninth division will be E.
