

division five, I division seven, J division eight, and K division nine.

SENATOR LINDSAY: Yes.

SENATOR HALL: Thank you. We will take up the first division, A, which is listed as one that we divided out in AM2507. It amounts to the E & R changes. Senator Lindsay, you are recognized to open on A.

SENATOR LINDSAY: Thank you, Mr. President. Senator McKenzie just advised me she wanted to buy a vowel when we were going through the...the...this is just the E & R and I would just, as I've mentioned, those are the technical things that change operative dates so that they are consistent, that E & R asked for, and with that, I would just urge that section be adopted.

SENATOR HALL: Thank you, Senator Lindsay. Is there anyone who cares to speak to this division? Senator Chambers, your light is on. Those are the E & R amendments.

SENATOR CHAMBERS: Mr. President and members of the Legislature, there is something that I want to ask Senator Beutler about with reference to what we are considering, now that we have it before us, so my time can be running, but I want to take a second with him.

SENATOR HALL: Thank you, Senator Chambers.

SENATOR CHAMBERS: Mr. President, what I have to get straight on my desk now is the E & R amendments, which is what we are amending, but we find the content of the amendment and what Senator Lindsay placed on our desk is AM2507.

SENATOR HALL: That's correct.

SENATOR CHAMBERS: And I understand that my time has run, but now that I have both of them, I think I might can find my way. Mr. President, members of the Legislature, is Senator Pedersen here? Or is Senator...

SENATOR HALL: Senator Pedersen is excused.

SENATOR CHAMBERS: Is Senator Lindsay able to comment on some of the items being addressed in his amendment?
