

discussed with my friend, whom I've dubbed Ms. NRA, this particular amendment, and what it will do is not change anything, any of the new language that she has inserted on page 7, but it would add these words after the term "adult instructor", "who may lawfully possess firearms". What her language does is to make it clear that in one of these supervised classes or activities where there is an adult instructor a juvenile who, under those circumstances, would be allowed to possess firearms could participate in such activity without being in violation of this law. And what I want to do is add language to make it clear that the instructor must be someone who lawfully may possess firearms too. And if you have questions as to why I'm offering that, I will answer the questions, but I'm going to try to keep my remarks as brief as I can because I don't want to complicate the issue. I'm adding the term...the words "being used for a school purpose" after the term "school owned vehicle" because in some instances this vehicle may be leased out to an individual or to a church or some organization and something could occur on that school vehicle, but it has no relationship whatsoever to the school or school activity. So these words would say that if a school vehicle is involved the school vehicle must, at the time, be u...it must be a vehicle which is being used at that time for school purposes. So that's what the amendment is. If you have any questions about any part of it, I will answer it as briefly as possible or as long as you would insist. And that's all that I have to say.

SENATOR LINDSAY: Thank you, Senator Chambers. Senator Schellpeper, followed by Senator Hudkins and Senator Hartnett. Senator Schellpeper.

SENATOR SCHELLPEPER: Thank you, Mr. Chairman and members. I rise to support the Chambers amendment. I think it's a very good amendment. If you're a felon, you shouldn't be teaching any class so I think it's a good amendment. I support the amendment. Thank you.

SENATOR LINDSAY: Thank you, Senator Schellpeper. Senator Hudkins.

SENATOR HUDKINS: Thank you, Mr. President and members of the body. Senator Chambers did talk to me about this yesterday. He dubbed "Ms. NRA", and as we all know NRA in my case means Nice "Repelican" Adversary. (Laughter.) But we did discuss this and
