

remember any additional information.

SENATOR LINDSAY: I frankly can't, although this may have come...this may have been language that came from the Court Administrator's office, but I don't recall...I simply don't recall.

SENATOR CHAMBERS: Okay, so from Withem to Lindsay to the Court Administrator, but since the Court Administrator is not here, we, really, as a body, don't know why it was necessary to add an additional judge. A judge is a judge is a judge. All of them are lawyers. They are all going to see things basically the same way. Whenever the Chief Justice gets an increase, or the judges of the Supreme Court get an increase, all the other judges automatically get one too. So it's not necessary that the juvenile judge be on this commission to ensure salary increases, and I don't know how this bill would impact on juvenile judges. So I am going to have to ask, maybe I'd...Senator Beutler is not here. Senator Wickersham.

PRESIDENT ROBAK: Senator Wickersham.

SENATOR CHAMBERS: Although your glasses look different and you hair looks a little longer, because I don't have on my reading glasses, I still want to ask you a question. Senator Wickersham.

PRESIDENT ROBAK: Senator Wickersham.

SENATOR CHAMBERS: Senator Wickersham, oh,...

UNIDENTIFIED: I'm not Senator Wickersham.

SENATOR CHAMBERS: ...I am sorry, but I must say, you've never looked better, Senator Wickersham.

UNIDENTIFIED: Thank you.

SENATOR CHAMBERS: Thank you, but I would ask Senator Lindsay this question then, if I may.

PRESIDENT ROBAK: Senator Lindsay.

SENATOR LINDSAY: Yes.
