

SENATOR CHAMBERS: Senator Maurstad, do you intend to support this package which you as a member of the Appropriations Committee assisted in putting together and brought before us this morning?

SENATOR MAURSTAD: Wholeheartedly, without reservation.

SENATOR CHAMBERS: Senator Maurstad, if this package is adopted, are there any other items, the override of which, for which you would support?

SENATOR MAURSTAD: Yes, there are.

SENATOR CHAMBERS: Thank you. And I'm not asking you to itemize them. Senator Brown, I would like to ask you the same question if it would not compromise you to give an answer.

SPEAKER WITHEM: Senator Brown.

SENATOR CHAMBERS: I know you support the package, but are there other items in addition to those within the package, the override for which you would support?

SENATOR BROWN: Probably not.

SENATOR CHAMBERS: Thank you. Senator Wehrbein, if the package is passed intact, are there other items you would vote to override?

SENATOR WEHRBEIN: Senator Chambers, there's other items I like, there are none that I would vote to override beyond the package.

SENATOR CHAMBERS: Senator Jensen, are you a member of the Appropriations Committee? Oh, Senator Crosby, my good, dear friend. Senator Crosby...

SPEAKER WITHEM: Senator Crosby.

SENATOR CHAMBERS: ...if the package is adopted intact, are there other items not included in that package which you would vote to override?

SENATOR CROSBY: There are one or two that I might, yes, but I do support this package.
