

SENATOR BEUTLER: ...what is in the amendment.

SENATOR CHAMBERS: ...the question, just say so. The others can speak for themselves. If you don't want to answer say so. Now you don't want to say whether or not the Governor's Office participated. I don't see why that should embarrass you. If it is an embarrassing question, tell me.

SENATOR BEUTLER: No, I'm just a little upset with the tactic that you are using Senator.

SENATOR CHAMBERS: Be upset, but if you don't want to answer the question just tell me and I'll stop pressing you.

SENATOR BEUTLER: I do not want to answer the question. I do not want to play this game.

SENATOR CHAMBERS: Members of the Legislature, I believe the Governor's Office dictated to Senator Beutler what would be in this amendment. I think he called him over there and told him, go get this amendment adopted by the Legislature. That is why he doesn't want to answer it. Because he knows how the Governor handled him. Others won't deal directly on these issues but I will. This is a political bill and this is the year of politics. Any matter that I bring before you, you can ask me any question you want too. You can ask me was it inspired by from above or below. If it is my amendment, I'll answer it. And if somebody else asks a question that embarrasses them, they have a mouth, they can speak, it is not my job to speak for everybody on this floor, and then become so immature and juvenile in my conduct of myself on the Legislature floor that I say, I'm not going to answer a question, I'm not going to play this game. We are always playing games on this floor. Senator Beutler, doesn't occupy a different position from everybody else on this floor as far as I am concerned. Some may back away from him, but not me. He got 25 votes for his chairmanship. I gave it. Now does that embarrass him? Hades no, because he needed it and he wanted that chairmanship. Lets bring it all out. See people are willing to come to me and talk to me when they want something. They will talk to me about anything I want to talk about and they are very civil and accommodating when they want something and they will want something again.
