funding for their annual report. But we can put off that discussion to the Appropriations Committee. The other item I would note with regard to this particular A bill, again, these are cash funds. You'll see the various pools or the various funds that the money comes from, these are cash funds in the retirement systems. Again, these are not General Fund dollars. I would simply ask your support in advancing 847A so it can catch up with 847.

SENATOR CROSBY: Thank you, Senator Wickersham. Senator Chambers.

SENATOR CHAMBERS: Madam President and members of the Legislature, I would like to ask Senator Coordsen a question. Senator Coordsen.

SENATOR CROSBY: Senator Coordsen.

SENATOR CHAMBERS: I didn't want to take a point of personal privilege and delay us in that way. Senator Coordsen, you said that Janice was...Janice received a baby girl.

SENATOR COORDSEN: Uh-huh.

SENATOR CHAMBERS: I think what most of us who understand things about the birds and the bees would say is that she delivered a baby girl. And in case Senator Coordsen thinks that the stork makes these deliveries, I'd like him to talk to his seatmate who sits behind him to explain a few things about the biological universe and how these things occur.

SENATOR COORDSEN: I actually, Senator Chambers, believe in the story about under the cabbage leaf in the cabbage patch. But if you want to, if you prefer the stork, that's okay by me.

SENATOR CHAMBERS: Well, I want you to talk to Senator Dierks so you know neither of those stories is the way it really happens.

SENATOR CROSBY: Thank you, Senator Chambers. Back to 847A. Any further discussion? Seeing none, Senator Wickersham. He waives off on closing. The question is the advancement of 847A to E & R Initial. All in favor vote aye, opposed no. Record, please.
