deregulation that I hear about, but in terms of the basic service, there are very few concerns, and I think that was one of the points that we were getting at. The discussion of deregulation and regulation and its appropriate role in the state of Nebraska has little or nothing to do with the constitutional amendment that talks about the structure of an agency that has existed for 100 years and...

PRESIDENT ROBAK: Time.

SENATOR BROWN: ...and that we should be able to revise.

PRESIDENT ROBAK: Thank you, Senator Brown. Mr. Clerk.

CLERK: Madam President, Senator Bernard-Stevens would move to indefinitely postpone LR 41CA. That would lay it over unless Senator Brown agreed to take it up at this time.

PRESIDENT ROBAK: The bill (sic) is laid over. We turn now to LB 939.

CLERK: LB 939, Madam President, a bill introduced by Senator Kristensen. (Read title.) The bill was introduced on January 3 of this year, was referred to the Transportation Committee, advanced to General File. I have no amendments to the bill at this time.

PRESIDENT ROBAK: Chair recognizes Senator Kristensen to open on LB 939.

SENATOR KRISTENSEN: Thank you, Madam President, members of the Legislature. Senator Stuhr, you're under arrest for operating or being under the actual physical control of a motor vehicle while under the influence of alcoholic liquor or drugs. Pursuant to law I'm requiring that you submit to a chemical test or tests of your blood, breath, or urine to determine the concentration of alcohol or drugs in your blood, breath, or urine. I advise you of the following consequences of refusing to submit to such a test or tests, or the consequences that you submit to a test, or the tests, or the test of the test to disclose the presence of alcohol in violation of the law. Result of a valid chemical test of your blood, breath, or urine could be competent evidence in any prosecution involving a driving under the influence. Two, a valid chemical test given
