attract students, like District 66 does in her district, Adam Central, Hildreth, Wood River, whoever. And so it recognizes that and raises that payment back to the 4,400.

SENATOR CUDABACK: Are they subject to a...are certain districts subject to a change every year or every other year, could they change from non...?

SENATOR BOHLKE: The only thing that could change would be the number of students they would be getting. Now, yes, if there are some school districts that are right on the edge who are barely non,...

PRESIDENT ROBAK: One minute.

SENATOR BOHLKE: ...but now with this bill we send it either way, to nonequalized or equalized.

SENATOR CUDABACK: Okay, then...

SENATOR BOHLKE: So it's going to take care of a lot of that bubble problem that you maybe have people call you about?

SENATOR CUDABACK: I guess that's my question. It's either non or, or the other one.

SENATOR BOHLKE: Right, which will take care of a lot of that what we've had as a bubble problem.

SENATOR CUDABACK: I think I will relay some of my phone calls to you. That's a good, a good answer. Appreciate it.

SENATOR BOHLKE: I'll try and take care of it on my KRVN program.

SENATOR CUDABACK: Appreciate it. Thank you.

PRESIDENT ROBAK: Thank you, Senator. Senator Bohlke. Senator Witek.

SENATOR WITEK: Thank you. Senator Bohlke and Senator Withem, you know, I've always wanted to ask this question when we get into this equalization formula and you probably suspect what's coming, but why can't we take all of the money that state aid
