of us on requests.

SENATOR ROBINSON: Will we have it before Select File?

SENATOR BOHLKE: I would certainly think so, and I haven't had a chance to ask Senator Wickersham and Senator Robak if they would pull off of theirs and that would help.

SENATOR ROBINSON: Would you promise me that the bill will not come up before Select File? If you don't...if we...

SENATOR BOHLKE: That the bill won't come up before Select File? Yeah, I could do that.

SENATOR ROBINSON: Didn't say that quite right, did I? (Laughter) I had a law...I drove five...

SENATOR BOHLKE: That's a promise I could keep.

SENATOR ROBINSON: I drove 600 miles, I'm a little...yesterday, I'm a little...I've had.... Senator Withem, may I ask you a question?

SENATOR COCRDSEN: Senator Withem, would you respond to a question?

SENATOR ROBINSON: Graduate of West Harrison.

SPEAKER WITHEM: Yes, I will.

SENATOR ROBINSON: Coming from the little town of Pisgah, Iowa.

SPEAKER WITHEM: Thank you, thank you, Bud.

SENATOR ROBINSON: I had that down in my notes for future presentations here on the floor. Would you promise that you will not put this bill back up on Select File before we have a printout, so we know what it does to our districts?

SPEAKER WITHEM: I will try, I'm not going to promise on anything on the scheduling. It's a short schedule. If the computers all break down over at Department of Ed, I still think we're probably going to have this priority bill on this session. I will.
