

congratulation" for the receipt of these awards. I think you raised fair questions and anything we bring before the body ought to be open to questions. And, you know, you've read those horror stories, as I have, where individuals put in resolutions in legislatures honoring an individual for his or her work in population control, and the legislators blindly vote in favor of it, find out they're honoring the Boston Strangler or somebody of that effect. These are not of that particular nature. Second point I guess I'd like to make, I understand that there are some people at home, watching Legislature for shut-ins today, who questioned whether or not Hazel Abel had in fact been elected to the United States Senate. Back in 1954, the two sitting United States Senators, Butler and Griswold, both passed away. And Senator Abel was in fact elected, it was for a very short term, elected in November to fill only a two-month unexpired vacancy. But Senator Abel was in fact elected to the United States Senate. So I know that some individuals resting at home will feel far more comfortable knowing that the record was accurate to begin with. With that, I would urge you to support the resolutions.

And I think it might be appropriate that I'm bringing this as an urban senator. Just yesterday I took my daughter to her 4-H meeting, she got elected treasurer of the local 4-H, back in Sarpy County. So the 4-H is not purely a...as a matter of fact maybe I should honor...offer that as an amendment, congratulating her for being elected treasurer. But I guess we'll pass up on that one. The 4-H program is viewed mainly, I
