

SENATOR COORDSEN: Thank you, Senator Robak. Senator Chambers.

SENATOR CHAMBERS: Mr. President, I'm working up to something, but, and it's not on this resolution, but in the same way I spoke on the previous one I want to speak on Senator Robak's. Many people don't realize that Scotus is the last name of Duns Scotus, who was... I know that Senator Robak knows it, who was a philosopher. And the Jesuits didn't like his brand of philosophy. And from his first name came the word "dunce." I just want people to know that and to let people know that there is not always unanimity among philosophers. But I like what Duns said better than I did most of what the Jesuits said.

SENATOR COORDSEN: Thank you, Senator Chambers. Senator Robak.

SENATOR ROBAK: I would like Senator Chambers to know that prior to changing the name to Scotus that it was St. Bonaventure and I don't know if he can talk anything about St. Bonaventure. But at any rate, there were some people that weren't dunces that came out of that school, including my daughter, Lieutenant Governor. Thank you. (Laughter.)

SENATOR COORDSEN: Thank you, Senator Robak. Next resolution, Mr. Clerk.

CLERK: LR 333, Mr. President, offered by Senator McKenzie on page 1039.

SENATOR COORDSEN: Senator McKenzie.

SENATOR MCKENZIE: Thank you, Mr. President and members. Last, but not least, Class C-2 state girls' championship, I'm proud to say, went to the Sandy Creek Cougars. And 333 is an appropriate number as this was the third state championship they have won. Six trips to the championship tournament in the past six years, three victories, two runner-ups, and one knock-out early, I guess you'd say. I ask the body to extend their congratulations as well as to the other teams to the Sandy Creek Cougars. Thank you.

SENATOR COORDSEN: Thank you, Senator McKenzie. You've heard the comments relative to the ten resolutions that were on our agenda this morning. Then the issue before the body is the
