SENATOR WILL: One minute.

SENATOR CHAMBERS: .50 more dollars for reinstatement of a suspended driver's license, and we stick it to the people calling it by a different name, but dress it, tax, as you will, a tax is a tax still. This bracket motion should be adopted and it gives everybody a chance to think about it and talk about it and there would still be time to run the bill on across the board. We're going to be here into April. But the reason they don't want to bracket, they feel like they've got their momentum now and all these bills are going to move as part of a train. If each car is connected to the one in front of it and the one in front is connected to the one behind it, then wherever the engine of the train goes all of the cars follow.

SENATOR WILL: Time. Thank you, Senator Chambers. Senator Cudaback on the bracket motion. I'm going to ask you to put your light back on, Senator Cudaback. Senator Vrtiska on the bracket motion. Senator Hillman. Senator Maurstad. Senator Dierke. Senator Jones on the motion to bracket. Senator Chambers.

SENATOR CHAMBERS: Mr. President, members of the Legislature, I am in my element because I've got you. You know that I've got you. It's so easy to put all of this stuff off on somebody else and then not touch it yourself. See, you all's political garments will be clean 'cause you can say, we spent 3,500,000 dollars to lock up more people. And you don't have to point out the fact that it's not going to touch the problem, but that's what you did and you were able to do it, and you'll get away with it. But now you put on your righteous clothes. Now the wolf puts on his sheep suit and here he comes walking down the aisle, all innocent appearing but he's still got blood dripping down his jaws 'cause he's nothing but a bloody-jawed wolf, and you know what you are. That's why nobody will speak, 'cause you cannot gainsay or deny what I'm saying. This that you're doing is the epitome of hypocrisy. You're putting something on the side of the plate from which the small political subdivisions must eat, but you don't want to turn that plate around and eat from it yourself. And you're
