LB 1114, 1177

didn't get finished.

SPEAKER WITHEM: Senator Cudaback, two and a half minutes.

SENATOR CUDABACK: Thank you for the time, Senator Hillman. I'd like to ask my...finish my question of Senator Warner, please.

SPEAKER WITHEM: Senator Warner, will you respond?

SENATOR WARNER: Yes.

SENATOR CUDABACK: Senator Warner, when we put this share money in there, like let's say a small town would be short dollars, then we're going to receive state aid back. Is that true, we'd be receiving state aid back if this goes through, in two years?

SENATOR WARNER: There is a provision in 1177, Senator, that provides a mechanism of equalization aid that would enable a town to generate as much funds at the average mill levy of the state as a whole does. They would get aid to make up the difference between that and what they have, yes. That doesn't answer...

SENATOR CUDABACK: I had a call on this...

SENATOR WARNER: ..fill the whole gap, no.

SENATOR CUDABACK: ..and this call asked me...

SENATOR WARNER: Pardon?

SENATOR CUDABACK: ..could we implement this bill at the same time that went through to make sure that went at the same time? I guess my...that's my question.

SENATOR WARNER: Eleven seven...they are all connected, Senator.

SENATOR CUDABACK: It would go into same...

SENATOR WARNER: When 1177 comes up, the effective date for that coincides with the effective date of 1114

SENATOR CUDABACK: So if that bill doesn't pass, if that wouldn't pass then this would not be into effect either, the
