

SENATOR WILL: Thank you, Senator Bernard-Stevens. There are some lights left from the last amendment. I don't know if they wish to address the Bernard-Stevens amendment. Senator Janssen. Senator Janssen, do you wish to address the Bernard-Stevens amendment? Senator Robinson. I don't see Senator Robinson. Senator Warner.

SENATOR WARNER: Mr. President, members of the Legislature, I would rise to support the amendment as it was described by Senator Bernard-Stevens. It retains everything in but it does give this option. I know airports have a variety of ways that they're organized. I see where this presents no problem in most...anything it does permit would be voluntary on the part of the municipality, so it doesn't, is not compulsory. And I would urge the body to adopt the amendment.

SENATOR WILL: Thank you, Senator Warner. Anyone else wishing to discuss the Bernard-Stevens amendment? I don't see anything further. Senator Bernard-Stevens, do you wish to close?

SENATOR BERNARD-STEVENS: Only to the point that if you're, if you're looking at the amendment, it's the same portion that's in the bill right now, but the added sections would be on subsection (17), and it just simply says, "An authority may adopt a resolution requesting that the governing body of a city include"... "request that the governing body of a city include the tax levy in the city budget". It gives them the opportunity to try and it gives them a chance of flexibility. It's up to the local entities and government officials to decide how they want to handle it. I would urge its adoption.

SENATOR WILL: Thank you. You've heard the close on the Senator Bernard-Stevens' amendment to the committee amendments on LB 1114. The question is the adoption of the Bernard-Stevens amendment. All those in favor vote aye, opposed no. We are voting on the Bernard-Stevens amendment to the committee amendments. Has everyone voted? Senator Bernard-Stevens, have you voted? Mr. Clerk, please record.

CLERK: 26 ayes, 0 nays, Mr. President, on the adoption of Senator Bernard-Stevens' amendment.

SENATOR WILL: With Senator Bernard-Stevens' assistance, the amendment is adopted.
