

lowering the bingo tax. It would amount to I think six hundred and some thousand dollars reduction for the state. But it's something that if you want, if you have any compassion for these small churches, some of the small groups that have bingos, this is a way that we can help them. And it puts the bingo tax more in line with all the other taxes that we have. If you look at what's the county...or the keno tax, every other tax that we have, this puts that in line with that. But it does reduce the number of the dollars for the actual bingo tax. But the committee thought it was something that had to be done to help these small groups, and so that's why they passed it out. I would move for the adoption of the committee amendments. Thank you.
