LB 1155

SENATOR WESELY: Well,...

SENATOR CROSBY: If you think that is one.

SENATOR WESELY: No, I think, I think...let me clarify.

SENATOR CROSBY: Yeah, clarify a little, will you.

SENATOR WESELY: You were asking about that amendment. That's the E & R amendment. That's, that's as it came off of General File and E & R (interruption)...

SPEAKER WITHEM: One minute.

SENATOR WESELY: ...the reference. So that is exactly...all that is is as the bill was amended on General File.

SENATOR CROSBY: Okay, so this, so this is the one that we're looking at...

SENATOR WESELY: That's right.

SENATOR CROSBY: ...that has 1257 and say...

SENATOR WESELY: That's right.

SENATOR CROSBY: Okay, I just wanted to be sure. Thank you.

SPEAKER WITHEM: Thank you. Senator Warner.

SENATOR WARNER: Yeah, a question of Senator Wesely.

SPEAKER WITHEM: Senator Wesely.

SENATOR WESELY: Yes.

SENATOR WARNER: Senator Wesely, maybe I didn't quite understand your comment. Did I understand, somewhere in the issue that we're discussing, one of these amendments or the amendment to the amendment, that money that local government would be paying to DPI, if that was no longer required, then one of these amendments requires that same dollars to be used for mental health locally. Is that what you said?
