the Legislative Journal.) There will be a meeting of the Rules
Committee now in Room 2022; Rules Committee in Room 2022 now.
That's all that I have, Madam President.

SENATOR CROSBY: Thank you.   We will move on to resolutions,
LR 466, Mr. Clerk. Senator Wehrbein to open on LR 466.

SENATOR WEHRBEIN: Yes, Madam Speaker, and members, I passed
this out. It is the top sheet on your desks, if you can't find
it among the maze of papers. Has to do with the University of
Nebraska-Lincoln city campus parking structure.   This seeks
approval for them to construct a 600-stall parking structure on
the west end of city campus.   As you can read there, it will
include space to relocate Parking Services and the Athletic
Ticket Offices. It's estimated a cost of $7,655,000.   A new
revenue bond issue is proposed as to the source of funding, and
in the handout it goes through the details of what the proposed
payoff on the bonds will be.   It has been approved by the
Coordinating Commission and now needs to come to this body for
approval for the bonding issue, and in off-season, obviously,
the Executive Board does this.   Since the Legislature is in
session, you have this resolution before you for approval and I
am so offering that.

SENATOR CROSBY: Thank you, Senator Wehrbein.   Senator Wesely,
on the resolution.

SENATOR WESELY: Thank you, Madam President and members. I was
just looking through this.   Senator Wehrbein, this is the
structure that at one point was talked about by the Union and
now is being relocated over by the football stadium.   Is that
correct?

SENATOR WEHRBEIN: (Mike off) ...I don't know that, Senator
Wesely.

SENATOR CROSBY: Senator Wehrbein.

SENATOR WEHRBEIN: Okay.   I don't know that there is a
connection or not.   I understand they would still like to have
the one by the Union, so I really don't know that this is
