On the following day the Committee on

Committees shall meet and, by a majority vote of all its members, submit to the Legislature a final report for its approval, appointments to the standing and select committees, each with a number of members as hereinafter set forth, unless otherwise provided for by rule or by statute. Once the final report is presented to the Legislature, no amendments shall be considered. If the Legislature, by majority of the elected members, fails to adopt the final report of the Committee on Committees, such report shall be returned to Committee for further action.

(c) The Executive Board shall convene and be responsible for selecting three members from each Executive Board district as noted in Rule 1, Section 1(a) for appointment to the Appropriations Committee. The Chairperson of the Appropriations Committee elected pursuant to Rule 3, Section 7 shall be included in the three members chosen from that specific district.

(d) The membership of all standing and select committees shall be appointed at the beginning of each session beginning in odd-numbered years and shall continue until the regular session in the next subsequent odd-numbered year.

(e) During session, all vacancies on standing or select committees created by the death or resignation of a member shall be filled by a majority vote of all members of the Committee on Committees unless it is a member of the Appropriations Committee whose vacancy shall be elected by the Executive Board pursuant to Rule 3, Section 2(c) unless otherwise provided for by rule or statute. A vacancy within the Committee on Committees shall be filled by a meeting of the caucus established pursuant to Rule 3, Section 2(a).

During the interim, all vacancies on standing or select committees created by the death or resignation of a member shall be filled by a majority vote of all members of the Executive Board.

(b) The Speaker of the Legislature shall serve as one of the six members and shall be an ex officio member of the Rules Committee. Select committees shall be subject to the same procedural rules as standing committees insofar as they are applicable. In addition, the following provisions shall apply:

(c) Committee on Committees.

(i) The Committee on Committees shall have authority to call before it a committee chairperson and discuss the workload of said committee. It shall hear and dispose of all written complaints filed with said committee by a senator against any committee chairperson. The Committee on Committees shall conduct said hearing in accordance with its own rules.

(d) Enrollment and Review.

(i) The Chairperson of Enrollment and Review shall report bills which have been engrossed for Final Reading and passage. In the absence of the Chairperson, the Vice Chairperson of the Judiciary Committee shall assume the duties of the Chairperson of the Enrollment and Review Committee.

(ii) The bill drafting service shall have supervision of and provide legal services for Enrollment and Review Committee.

(iii) The Chairperson of Enrollment and Review shall have authority, without being required to include the same specifically in his or her reports and recommendations to the Legislature, in accord with accepted usage:

(A) To correct the spelling of words, to correct erroneous division and hyphenation of words, to capitalize or decapitalize words, to convert masculine or feminine referents to neutral gender when appropriate, and to change numbers from words to figures or from figures to words, in new and independent acts, in the new matter of amendatory acts, in standing committee reports, and in General File, Select File, and specific amendments.

(B) To underscore or remove underscoring, as the case requires, in standing committee reports and in General File, Select File, and specific amendments.

(C) When an amendment to add the emergency clause, the severability clause, or provide an operative date is adopted on Select File which does not spell out the standard clause or section and make the necessary change in the title, the Chairperson of Enrollment and Review shall also have the authority to add to the engrossed bill the standard clause or section, assigning to it the appropriate section number, and make the necessary change in the title as a matter of course without including such action in his or her reports and recommendations to the Legislature or making any special record thereof.

(D) To add and/or delete names of introducers to reflect action on the bill while the bill remains in the possession of the Legislature at any stage of consideration.

(E) To reflect votes on Final Reading as they may occur pursuant to Rule 6, Section 10 and Rule 6, Section 15.

(e) Reference Committee.

(i) The Executive Board shall constitute the Reference Committee. The Reference Committee shall review each bill and resolution and either refer the matter to the appropriate committee or to General File. The appropriate committee is that committee which has subject-matter jurisdiction over the issue or which has traditionally handled the issue.

(ii) All nominations made to the Legislature by the Governor, requiring confirmation by the Legislature shall be referred to the appropriate standing committee and the same procedure shall be followed as governs the handling of other matters before standing committees, unless the Legislature shall otherwise direct by unanimous vote.

(iii) The Clerk of the Legislature's office shall be responsible for the collection of pertinent information on gubernatorial appointments. That information will be distributed to the appropriate standing committee prior to the time of the confirmation hearing. The Clerk's office shall be the "depository" for background information on the individual, a statement of financial interests if applicable, and other biographical information that the committee chair feels is appropriate for the committee to have before it during the confirmation process.

(iv) The committees to which a gubernatorial appointee has been referred for confirmation shall conduct a confirmation hearing. Each appointee shall be required to appear in person before the committee conducting the confirmation hearing. The appearance of the appointee may be waived for good cause shown by a majority vote of the members assigned to the committee conducting the hearing.

The committee shall prepare a report either approving or rejecting the appointment. Said report shall be filed with the Clerk of the Legislature.

The Legislature shall then have the opportunity to accept or reject the report of the committee.

(v) Any appointment letter received by the Clerk of the Legislature during the last eight calendar days of any regular legislative session shall not be acted upon. Acknowledgement of receipt of the appointment shall be deferred until the next regular or special session of the Legislature.

(f) Rules Committee.

All proposed rules changes shall be set for public hearing within five legislative days after their referral to the committee. The hearing shall take place within fifteen legislative days after the referral, and the committee shall take final action on the proposal within ten legislative days after the hearing.

(g) Investigating Committees.

The Committee on Committees may appoint other select committees when authorized by the Legislature. No investigating committee of the Legislature shall be created except by resolution which shall set forth, with supporting statements, the reasons for and the purposes of the investigation, and no committee thus established shall function except during the interim between legislative sessions.

**Sec. 5. Special Committees.** (a) Special committees shall include all authorized committees other than standing and select committees. Unless otherwise specifically provided, special committees shall not have jurisdiction over legislative bills, but shall be subject to the same procedural rules as standing committees, insofar as they are applicable.

(c) The following special provisions shall be in force with regard to the following special committees:

(i) Intergovernmental Cooperation Committee.

In addition to the members of the Intergovernmental Cooperation Committee chosen in accordance with Section 81-816, the Executive Board may appoint temporary members to serve on such assignments as the chairperson shall direct.

(ii) The Executive Board is authorized to exercise jurisdiction over legislative bills and resolutions and hold hearings regarding such legislation when the issue presented by the legislative bill or resolution is one of general import to the Legislature and its operations as a whole. Such legislative hearings shall comply with the provisions in Rule 3, Sec. 13.

(iii) The Legislative Program Evaluation Committee is authorized to hold hearings, at the committee's discretion, to receive testimony regarding topics it has selected for review. Such hearings shall comply with the provisions in Rule 3, Sec. 13.

**Sec. 6. Meeting Times.** (a) After consultation with the Speaker, the Committee on Committees shall publish a schedule of standing committee meetings, in such manner as to avoid, as far as possible, conflicts in the assignment of members to committees. Standing committees shall meet at 1:30 p.m. on weekdays, unless otherwise approved by the Legislature, except for the Nebraska Retirement Systems Committee, which shall meet as called by the chairperson.

(b) A standing committee which decides not to hold meetings on the appointed day shall report that decision to the Clerk of the Legislature.

(c) Any legislative committee shall be subject to the call of its chairperson or to the call of a majority of its members, in accordance with the notice and procedural requirements set forth in its committee rules.

**Sec. 7. Chairperson, Vice Chairperson.** (a) The chairperson of each standing and select committee shall be selected by secret ballot on the floor of the Legislature.

(b) The chairperson of a special committee shall be selected in the manner provided by the act authorizing the committee, or if not specified, by the Executive Board.

(c) Each committee shall elect from its membership a vice chairperson to serve in the absence of the chairperson.

**Sec. 8. Committee Quorum.** A majority of the members of a committee shall constitute a quorum. A quorum must be present for the transaction of any committee business except a public hearing.

**Sec. 9. Quorum at Committee Hearings.** A quorum of committee members should be maintained throughout all committee hearings.

**Sec. 10. Conduct During Committee Hearing.** (a) No member, staff, media representative, or individual shall smoke or otherwise consume tobacco products during a committee hearing or while the committee

conducts an executive session within the hearing room assigned to that committee for such purpose, unless the committee by a vote of the majority, with all the members present, taken at least once a session, decides otherwise.

(b) The use of any mobile, portable, or wireless communication device, other than those authorized by the Legislative Council or used by licensed medical persons on duty, is prohibited in legislative hearing rooms during a meeting of a legislative committee.

**Sec. 11. Temporary Appointments.** (a) When a member is unable to serve, the chairperson of the committee, after a majority vote of the remaining members, shall request that such vacancy be filled by the Committee on Committees unless such vacancy is on the Appropriations Committee in which case the vacancy shall be filled by the Executive Board pursuant to Rule 3, Section 2(c).

(b) A temporary appointment may be made by the Chairperson of the Committee on Committees, or in the case of the Appropriations Committee, the Executive Board, for only one day when requested by a chairperson of a standing committee which lacks a quorum. When a member is appointed from an eight-member committee, the consent of the member to be appointed shall first be obtained. The temporary appointee shall have the right to vote only on the bill or bills that actually have been heard by the appointee and provided that the vote is taken on such bills on the day the bill or bills are heard. When such appointment is made in case of an incapacitated member, such appointee shall cease to be a member of such committee upon the return of the incapacitated member for whom he or she was appointed.

**Sec. 12. Consideration and Correlation of Bills and Resolutions.** (a) Committees shall consider and report without unnecessary delay all bills and resolutions referred to them. Committees shall be authorized to combine and to correlate the provisions of different bills and resolutions referred to them and related to the subject matter jurisdiction of the committee. Committees may, before taking final action on any bill or resolution, adopt amendments thereto, for the consideration of the Legislature.

(b) The chairperson of each committee shall set for hearing all bills and resolutions referred to the committee, except as provided for in Rule 1, Section 17.

**Sec. 13. Public Hearing, Notice.** Before taking final action on a bill, resolution, or gubernatorial appointment, a committee shall hold a public hearing thereon and shall give at least seven calendar days' notice, after the bill or pronouncement of the appointee shall have been printed, by

publication in the Legislative Journal. No bill or resolution having been set for public hearing shall be withdrawn nor the hearing cancelled within seven calendar days of the date set for said public hearing.

**Sec. 14. State Officials Appearing Before Committees.** State officials and department heads or their designees and state employees are encouraged to appear before any legislative committee to comment upon bills having an impact on the operations of the administrative agency or department for which they work.

**Sec. 15. Executive Sessions and Closed Meetings.** (a) Executive session shall mean any meeting or portion of a meeting which is closed to the general public, and the proceedings of which are not electronically recorded and transcribed, unless the committee so provides, but the records of which shall be available for public inspection. Executive sessions shall be open to members of the news media who may report on action taken and on all discussions in executive session.

(b) All other meetings of a committee shall be public unless the committee, by a majority vote of all of its members, determines that a meeting should not be open to the public, including members of the news media, in a particular instance, due to rare and extraordinary circumstances. The meeting shall be reconvened in open session before any formal action may be taken.

**Sec. 16. Report of Bill to Legislature.** (a) In reporting a bill to the Legislature, whether with or without amendments, a committee shall by vote of a majority of its members, recommend that the bill be placed on General File or that the bill be indefinitely postponed.

(b) A report on a bill or resolution must be made to the Legislature within eight calendar days after the committee has taken final action upon the particular measure. Final action shall mean an affirmative vote of a majority of the committee members to advance a bill to General File with or without committee amendments or an affirmative vote of a majority of the committee members to indefinitely postpone the bill. A committee may reconsider any final action prior to the committee making a report on the bill or resolution to the Legislature, provided the reconsideration takes place within eight calendar days of the final action.

(c) No bill shall be reported by the committee to be placed on General File unless the amendments, if any, are approved as to form and draftsmanship by the Bill Drafter.

**Sec. 17. Indefinitely Postponed Bills.** If the committee action on a bill be to postpone indefinitely, the bill shall stand indefinitely postponed; except that such bill may be placed on General File or referred back to the

committee by a three-fifths vote of the elected members upon motion made within three legislative days after the committee makes its report to the Legislature, or by a two-thirds vote of the elected members upon motion made more than three legislative days after such committee report. Not more than one bill shall be raised from committee on any one motion. A motion to raise cannot be amended to include any other bill or subject matter. A motion to raise must be disposed of by the Legislature within five legislative days after the motion is available for consideration or it shall be deemed defeated.

**Sec. 18. Committee Statement.** (a) The chairperson of each committee with the assistance of the legislative staff shall, when reporting a bill, submit with such bill a committee statement which shall contain, but need not be limited to, the following information:

(1) the one-line title and number of the bill;
(2) a roll call vote of final committee action taken on the bill;
(3) the date of the public hearing on the bill;
(4) a list of all individuals testifying for and against the bill and any organization they represent;
(5) a summary of the bill's purpose and a description of all major provisions for change in the bill as written and as amended by the committee;
(6) if committee amendments are to be introduced, a copy of the amendments and an explanation thereof.

(b) A copy of the proposed statement shall be distributed to each committee member within five days after final action on the bill has been taken by the committee. A minority or concurring statement bearing the signature or signatures of its proponents and setting forth objections to the bill, to proposed amendments, or to the majority statement may be filed by its author(s) with the Clerk of the Legislature at any time prior to the first hearing of the bill on General File.

(c) A copy of the committee statement and any minority statements submitted shall be distributed to each senator after filing with the Clerk of the Legislature. Copies of such statements shall be made available to the public.

**Sec. 19. Request From Committee, Bills Held.** (a) Except for the general appropriation bills necessary for the support of the state government for the biennium, the Legislature may, by vote of a majority of the elected members, request a status report from any committee at any time after said committee shall have been in possession of a bill or resolution for twenty legislative days.

(b) Any senator may move that a bill be placed on General File twenty calendar days or more after the committee hearing, if the committee has not taken final action on the bill, and by a vote of a majority of the elected members, said bill shall be placed on General File. Final action taken by the committee following a motion filed pursuant to this subsection, and prior to when debate is initiated on the motion by the Legislature, shall take precedence over such motion. If, at the expiration of eight calendar days from the date final action was taken, the chairperson has not reported the bill, any senator may file with the Speaker a motion that the chairperson be compelled to submit a report. After determining that final action on the bill has been taken at least eight calendar days prior to the date the motion was submitted, the Speaker shall accept the motion and compel the chairperson to file the committee's report on the matter.

(c) Any time any member attempts to take a bill from committee to be placed on General File, the bill shall stand indefinitely postponed and shall not be subject to reconsideration if the motion fails to receive a majority vote of the members elected to the Legislature. The introducer of the bill must concur with any motion offered under this rule.

**Sec. 20. Subpoena Procedure.** It is within the inherent power of any legislative committee to gather information pursuant to its regular functions, and to conduct investigations of matters within its subject-matter jurisdiction.

A committee's power of subpoena should not be exercised unless the committee has determined that no other method of securing the desired information would be successful or practicable, and that the matter is of primary importance to the welfare of the State of Nebraska.

A committee of the Legislature conducting an investigation and gathering information, whether pursuant to legislative direction or pursuant to its regular functions of oversight and bill preparation, shall observe the following procedures in addition to regular committee procedures whenever subpoenas are issued:

(A) Issuance of Subpoenas.

(i) A committee may, by a majority vote of all of its members taken at a meeting properly called, issue a subpoena requiring a person to appear before the committee and be examined in reference to any matter within the scope of the inquiry or investigation being conducted by the committee, but only when the committee has received prior approval by a majority vote of the Executive Board to issue subpoenas in connection with the specific inquiry or investigation in question.

(ii) The committee may, in the same manner, issue a subpoena or subpoena duces tecum requiring any person to appear before the committee and bring with him or her any books, papers, or other documents pertinent thereto.

(iii) While the Legislature is in session, a committee deciding to issue subpoenas must promptly report each issuance to the Legislature. A record

shall be made in the Journal reflecting the date the subpoena was issued, to whom it was issued, for what purpose it was issued, and the date on which testimony or production of documents is to take place. Under extraordinary circumstances, the identity of the person subpoenaed may be withheld from publication if necessary to protect the safety of an individual or the confidentiality of the matters to be heard.

(iv) A person subpoenaed to attend a hearing of a committee shall receive the same fees and allowances as a person subpoenaed to give testimony in an action pending in a court of record.

(B) Notice to Witnesses.

(i) Service of a subpoena requiring the attendance of a person at a hearing of a committee shall be made in the manner provided by law for the service of subpoenas in civil actions at least seven days prior to the date of the hearing unless a shorter period of time is authorized by a majority vote of all of the members of the committee in a particular instance when, in their opinion, the giving of seven days' notice is not practicable; but if a shorter period of time is authorized, the person subpoenaed shall be given reasonable notice of the hearing, consistent with the particular circumstances involved.

(ii) Any person who is served with a subpoena to attend a hearing of a committee shall also be served with a copy of the act defining the purpose of the committee, a copy of the rules under which the committee functions, a general statement informing him or her of the subject matter of the committee's investigation or inquiry, and a notice that he or she may be accompanied at the hearing by counsel of his or her own choosing.

(C) Conduct of the Hearing.

(i) No committee which has issued a subpoena directing a witness to appear at a hearing shall question the witness unless a quorum is present throughout the questioning.

(ii) The hearing shall be public unless the committee, by a majority vote of all of its members, determines that a hearing should not be open to the public in a particular instance, due to rare and extraordinary circumstances consistent with Legislative Rule 3, Section 15(b) regarding closed meetings.

(iii) The chairperson of the committee shall preside at all hearings and shall conduct the examination of witnesses himself or herself or supervise the examination by other members of the committee. The committee may, by a majority vote of all its members, authorize the questioning of a witness by the committee's counsel or by special counsel.

(D) Right to Counsel and Submission of Questions.

(i) Every witness at the hearing may be accompanied by counsel of his or her own choosing, who may advise the witness of his or her rights, subject to reasonable limitations which the committee may prescribe to prevent obstruction of or interference with the orderly conduct of the hearing.

(ii) Any witness at the hearing, or a witness' counsel, may submit to the committee proposed questions to be asked of the witness or any other

witness relevant to the matters upon which there has been any questioning or submission of evidence, and the committee shall ask such of the questions as it deems appropriate and relevant to the subject matter of the hearing.

(E) Testimony.

(i) The committee shall cause a verbatim record to be made of all proceedings in which testimony or other evidence is demanded or offered, which record shall include rulings of the chair, questions of the committee and its counsel, the testimony or responses of witnesses, sworn written statements submitted to the committee and read into the record, and such other matters as the committee or its chair may direct.

(ii) All testimony given or offered at the hearing shall be under oath or affirmation if the witness has been subpoenaed, and in other cases if a majority of the committee members present at the hearing so decide.

(iii) The presiding member at the hearing may direct a witness to answer any relevant question or furnish any relevant book, paper, or other document, the production of which has been required by subpoena duces tecum. Unless the direction is overruled by a majority vote of the committee members present, disobedience shall constitute a contempt.

(iv) A witness at the hearing or his or her counsel, with the consent of a majority of the committee's members present at the hearing, may file with the committee for incorporation into the record of the hearing sworn written statements relevant to the purpose, subject matter, and scope of the committee's investigation or inquiry.

(v) Testimony and other evidence given or offered at a hearing closed to the public shall not be made public unless authorized by a majority vote of all of the members of the committee, which authorization shall also specify the form and manner in which the testimony or other evidence may be released.

(vi) A witness at a closed hearing, upon request and at his or her own expense, shall be furnished a transcript of his or her testimony at the hearing.

(F) Interested Persons.

(i) Any person whose name is mentioned or who is otherwise identified during the hearing and who, in the opinion of the committee, may be adversely affected thereby, may, upon his or her request or upon the request of any member of the committee, appear personally before the committee and testify in his or her own behalf, or, with the committee's consent, may file a sworn written statement of facts or other documentary evidence for incorporation into the record thereof.

(ii) Upon the consent of a majority of its members, a committee may invite any other person to appear at a hearing or submit a sworn written statement of facts or other documentary evidence for incorporation into the record thereof. No invitation to appear, and no request to appear, appearance, or submission of evidence shall limit in any way the committee's power of subpoena.

(iii) Any person who appears before a committee pursuant to this section shall have all the rights, privileges, and responsibilities of a witness provided to all other witnesses.

(G) Contempt.

A person shall be in contempt if he or she:

(i) Fails or refuses to appear in compliance with a subpoena or, having appeared, fails or refuses to testify under oath or affirmation;

(ii) Fails or refuses to answer any relevant question or fails or refuses to furnish any relevant book, paper, or other document subpoenaed by or on behalf of a committee; or

(iii) Commits any other act or offense against a committee which, if committed against the Legislature, would constitute a contempt.

The chairperson of a committee may apply to the Legislature or, during the interim, to the district court of any county to compel obedience by proceedings for contempt.

(H) Penalties.

(i) A person guilty of contempt under the provision of these rules shall be subject to punishment pursuant to RRS 50-105 and 50-106 during the session, or to RRS 50-407 when the Legislature is not in session.

(ii) If a committee fails in any material respect to comply with the requirements of these rules, any person subject to a subpoena or a subpoena duces tecum who is injured by such failure shall be relieved of any requirement to attend the hearing for which the subpoena was issued or, if present, to testify or produce evidence therein; and such failure shall be a complete defense in any proceeding against such person for contempt or other punishment.

(iii) Any member or employee of the Legislature, other than the witness concerned or his or her counsel who knowingly violates subsections of these rules concerning the publication of testimony taken at a closed hearing, shall be in contempt of the Legislature or, if a member of the Legislature, shall be subject to sanction or suspension according to the statutes governing the Legislature. The Speaker on his or her own motion or on the application of any person claiming to have been injured or prejudiced by an unauthorized disclosure may institute proceedings for the determination of the issue and for the imposition of penalties provided herein. Nothing in this subsection shall limit any power which the Legislature may have to discipline a member or employee or to impose a penalty in the absence of action by a prosecuting officer or court.

(I) Limitation of Rules.

Nothing contained in this section shall be construed to limit or prohibit the acquisition of evidence or information by any committee by any lawful means not provided for herein.

## RULE 4--RESOLUTIONS

**Section 1. Identification.** A resolution shall be designated as Legislative Resolution _____. All resolutions shall be numbered consecutively for each Legislature. All resolutions shall be introduced and read by the Clerk upon introduction and shall be printed in the Legislative Journal.

*73-74 Attorney General Opinion No. 13--Resolutions must be printed and read before a vote is taken.*

**Sec. 2. When Considered as a Bill.** Resolutions which propose amendments to the state constitution, propose the ratification or rejection of amendments to the federal Constitution, or memorialize the Congress with regard to amendments to the U.S. Constitution, shall be considered and adopted in the same manner as bills.

*Const. Art. III, Secs. 13, 14; Art. IV, Sec. 15; Art. XVI, Sec. 1. Cannot appropriate funds by resolution. Const. Art. III, Sec. 25.*

**Sec. 3. Study Resolutions: Introduction; Referral; Standing Committees; Select Committees; Results.** (a) Any senator or committee may introduce resolutions proposing interim studies. The resolutions shall be submitted to the Clerk of the Legislature on a form prescribed by the Clerk, printed in the Journal, and referred to the Executive Board.

(b) Study resolutions may be introduced up to and including the 80th legislative day in odd number years and the 50th legislative day in even number years. However, each standing committee may introduce one additional study resolution prior to adjournment sine die. The Executive Board shall refer the study resolutions to the appropriate standing committees or to select interim committees created by it to conduct such studies.

(c) Study resolutions shall be prioritized by the chairperson of the committee to which they are referred, and a report on those priorities shall be filed with the Clerk, on a form prescribed by the Clerk, prior to adjournment sine die. Also, the chairperson of each committee shall file with the Clerk, on a form prescribed by the Clerk, his or her committee's study plan for the highest prioritized interim studies referenced to such committee. This study plan shall be filed no later than thirty days after adjournment sine die. Unless otherwise agreed to, staff to interim studies conducted by standing committees shall be headed by the respective committee counsels. Legislative aides whose senators serve on such standing committees and legislative aides of other interested senators may be invited by the respective committee counsels to participate as staff in the conduct of the interim studies. The provisions of this section shall in no way limit the standing committees in their traditional prerogatives to conduct hearings and oversee matters and agencies that are within their subject matter jurisdiction.

(d) The Executive Board may, on its own behalf, conduct interim studies or create select interim committees to do so. Before creating a select interim committee, the Board shall consider whether the subject matter proposed for study by such a committee lies within the jurisdiction of one or more standing committee. To the extent possible, the jurisdiction of a select interim committee created by the Board shall be limited to subject matters that do not lie wholly within the jurisdiction of one or another standing committee. Membership on a select interim committee shall, to the extent possible, include senators who are both interested in serving on such a committee and are from the standing committees that have the most direct concern with the subject matter proposed for study. Select interim committees shall meet no later than five legislative days prior to adjournment sine die to organize and to review study plans. Staff to select interim committees shall be drawn from the Legislature's division staffs (e.g., fiscal, research, bill drafting), be based upon a joint plan submitted to the Executive Board by the division directors, may include other interested legislative staff, and shall be coordinated by the Legislative Research Division, and the chairpersons of the standing committees involved with the select interim committee.

(e) The Executive Board shall retain its traditional prerogatives to consider and refer study proposals arising from extraordinary circumstances after the deadlines established in this section.

(f) The chief sponsor of a study resolution, if not otherwise a member of the committee to which the resolution is referred, shall be an ex officio member of the committee during and only for the conduct of the study.

(g) On or before December 1 of each year, each standing and select interim committee shall file a report, on a form prescribed by the Clerk, with the Executive Board on the disposition of the study resolutions referred to them. These reports shall be printed in the Journal at the beginning of the next session of the Legislature.

(h) The results or final reports of studies conducted by standing committees may be prepared in a format of their choosing. Nine copies of each completed standing committee report shall be filed with the Legislative Reference Library. The results or final reports of studies conducted by select interim committees shall be prepared and published in a format prescribed by the Legislative Research Division, and copies of such studies will be indexed and filed with the Legislative Reference Library.

*RRS 50-404.*

**Sec. 4. Enrollment and Review, Amended Resolutions.** All resolutions, if amended, shall pass through the process of Enrollment and Review in the regular course of their consideration.

**Sec. 5. Vote Required for Adoption.** All resolutions shall be adopted, individually or in groups as determined by the Speaker, by an affirmative vote of a majority of the members present and voting except for those specified in Section 2; Provided, upon the request by any member prior to the commencement of the vote, a resolution shall require an affirmative vote of a majority of the elected members. Resolutions specified in Section 2 shall be considered and adopted in the same manner as bills.

*RRS 85-404, 85-408.*

**Sec. 6. Resolutions, Lay Over Requirement.** Resolutions shall lay over for consideration at least one legislative day after introduction.

**Sec. 7. Engrossed Resolutions.** Only those resolutions specified in Sections 2 and 3 of this rule shall be engrossed unless otherwise ordered by the Legislature or unless the Clerk determines the nature of the resolution is such that upon its adoption it must be engrossed to properly achieve the purpose for which it was presented. All resolutions which are engrossed shall be enrolled and signed by the Lieutenant Governor or Speaker and certified to by the Clerk as to the date of final passage.

## RULE 5--BILLS--GENERAL PROVISIONS

**Section 1. Drafting of Bills.** The Bill Drafter shall prepare all bills and amendments in proper form when requested by members of the Legislature, newly elected members of the Legislature, or heads of executive departments. No bills or major amendments shall be introduced or considered unless the same has been approved as to form and draftsmanship by the Bill Drafter. In order to shorten the length of sections, the Bill Drafter shall, in the drafting of new sections, make each paragraph a separate section except when to do so would be contrary to sound bill drafting practice. The Bill Drafter shall make available a continuing compilation of sections to which amendments are proposed so as to reduce unnecessary duplication of bills. This section index of bills drafted shall be available to all senators, newly elected senators, and other persons entitled to have bills drafted. After January 1 of each year no bill shall be drafted by the Bill Drafter unless requested or authorized by a member of the Legislature.

*Const. Art. III, Sec. 13.*

(c) An amendatory bill or constitutional provision shall be so prepared and printed as to show the new matter proposed, old matter to be retained, and old matter to be omitted from the statutes or constitution.

**Sec. 3. Revisor Correctional Bills, Preprinting.** (a) Preceding each legislative session, the Chairperson or any member of the Executive Board of the Legislative Council, or if the Executive Board so requests, the

senator who, in the preceding session served as Chairperson of the Judiciary Committee, shall sign as introducer the Revisor of Statutes' correctional bills. The Clerk of the Legislature shall number these bills consecutively beginning with number 1 and shall show the committee reference to be General File. The Clerk of the Legislature shall have these bills printed before the convening of the next regular session.

(b) In addition to causing to be printed the revisor bills, the Clerk shall number and cause to be printed all bills delivered to him or her by the Executive Board, provided said Board has referred said bills to a standing committee. No bill so printed shall be withdrawn until after the Legislature convenes.

**Sec. 4. Introducers Signing Bills.** (a) Members shall introduce only such bills as they are willing to endorse and support personally. The last name and district shall be used, unless an initial or name is necessary to identify the introducer. Any member may request to have his or her name added as cointroducer of a bill but only if the principal introducer has concurred, in writing, to that request.

(b) A standing committee or special committee may introduce a bill for any purpose, including at the request of another senator, provided said bill receives the endorsement of a majority of the committee members whose names shall be on the bill.

(c) No bill shall be introduced after the tenth legislative day of any session, except:

1. "A" bills, appropriation bills, and bills introduced at the request of the Governor may be introduced at any time;

2. A standing committee or special committee may request that the Legislature consider introduction of a bill. A vote of three-fifths of the elected members of the Legislature shall be required for such bill to be introduced, and a copy of the statement of intent for such bill must be placed on each member's desk before introduction of the bill is voted upon.

(d) Individual members shall not be limited as to bill introduction. Each committee shall be limited to 8 bills each session. Bills introduced as a result of an interim study of the Legislative Council shall be included within the limitations prescribed by this section. Special committees created as a result of an interim study resolution and as authorized by the Executive Board shall be considered as separate committees for purposes of the limitations prescribed by this section. Bills introduced under Rule 5, Section 3(a) and bills introduced at the request of the Governor will not be included in the limitation.

(e) The introducers of all bills must submit a statement of intent for each bill to the appropriate committee chairperson at least 24 hours prior to the bill's hearing. The statement of intent should discuss clearly and completely the purposes and effects of the bill.

**Sec. 5. Scheduling of Bills, Priority Bills.** (a) Each senator may designate one bill as a priority bill. Such priority bill need not be the designator's bill, but the principal introducer must concur with the designation as a priority bill and with the withdrawal of the designation once made.

(b) Each chairperson of those committees which are authorized to hold public hearings on bills may designate as priority bills two of the bills referenced to that committee and on which the committee has held a public hearing.

(c) The Speaker may designate up to 25 additional priority bills.

(d) Priority bill designations may be made at any time prior to the annual designation deadline which shall be set each year by the Speaker. The designation deadline shall be prior to the 45th legislative day in the ninety day session and prior to the 30th legislative day in the sixty day session.

(e) A senator or committee may withdraw a priority designation at any time, but will not be allowed to designate another bill as a priority bill in its place. The Speaker may withdraw a priority designation made by the Speaker.

(f) All committees shall schedule priority bills for public hearing ahead of all unscheduled, nonpriority bills unless the person or committee making the priority designation shall otherwise agree.

(g) All bills not designated as priority bills shall be heard on General File in the order in which they are reported to the floor by the committees, unless the introducer of the bill and the Speaker agree to delay the hearing of a particular bill. This provision shall not be construed to prevent the Speaker from placing bills reported out of committee with two or less dissenting votes on a consent calendar. Any bill placed on consent calendar shall be removed at the written request of three or more senators.

(h) Priority bills shall generally be considered ahead of all other bills at each stage of debate, except as provided for in Rule 1, Section 17. Priority bills requiring the expenditure of appropriated funds shall be held on Final Reading until such time as the annual appropriations bills have been passed. A priority bill which fails to advance after two votes on General File, or after one vote on Select File, shall return to nonpriority status.

(i) No priority bill designated under this rule shall have priority over appropriations bills.

**Sec. 6. Fiscal Analyst.** (a) A copy of every bill introduced shall be transmitted by the Clerk to the Legislative Fiscal Analyst. The Legislative Fiscal Analyst shall review each bill and make an estimate of the anticipated change in state, county, or municipal expenditures or revenue under the provisions of the bill. The Legislative Fiscal Analyst shall prepare a statement to be known as a fiscal note to be attached to each bill prior to its public hearing by a committee, or its first consideration on General File if the bill is referred directly to General File. The fiscal note shall set forth the fiscal impact of the bill and the governmental subdivision affected by the fiscal impact as determined by the Legislative Fiscal Analyst. No bill which has a fiscal impact shall be heard by a committee or considered on General File unless the fiscal note is attached.

(b) In determining the fiscal impact of any bill, the Legislative Fiscal Analyst shall request the appropriate department or other entity of state government or subdivision thereof, or appropriate association which will be affected by the bill, to prepare the fiscal note within five calendar days.

(c) The Legislative Fiscal Analyst shall review the fiscal note so prepared and shall also request a review of such fiscal note by the Budget Division of the Department of Administrative Services. The statement by the Budget Division of the Department of Administrative Services shall be attached to and become a part of the fiscal note. The Legislative Fiscal Analyst shall include in the fiscal note any exceptions to the conclusions of the department or other entity and of the Budget Division of the Department of Administrative Services.

(d) The fiscal note shall be delivered by the Legislative Fiscal Analyst to the Clerk at least twenty-four hours prior to the public hearing on the bill or, in the event the bill is referred directly to General File, twenty-four hours prior to the first consideration of the bill on General File. The Clerk shall present the fiscal note to the principal introducer. If extenuating circumstances prevent the Legislative Fiscal Analyst from meeting this deadline, he or she shall present to the principal introducer an unofficial summary of all available fiscal information on the bill by this deadline and deliver to the Clerk the fiscal note when it is available. The Clerk shall attach the fiscal note to the bill and to all copies prepared for members.

(e) When amendments to a bill are adopted by the Legislature and such amendments would change the fiscal impact of the bill, the appropriate changes shall be made in the fiscal note each time the bill is advanced to Enrollment and Review or upon the written request of a member of the Legislature.

(f) When any bill proposes adoption of a new program or change of an existing program either of which would require an appropriation to implement in the ensuing fiscal year, an appropriation bill for the purposes of funding the provisions of such bill shall be prepared from the information contained in the fiscal note. Such appropriation bill shall be prepared at the direction of the Chairperson of the Appropriations Committee. Such bill shall be placed on General File and considered as introduced by the introducer of the original bill or by the committee which offered the amendments creating the expenditure, and shall bear the number of the original bill with the letter "A" added, and shall accompany the original bill through all stages of the legislative process. All bills for which an "A" bill is prepared shall be bracketed on Final Reading until the "A" bill is advanced to Final Reading.

(g) The authorization bill shall first be considered and if it should be passed on Final Reading then the "A" bill shall be read and voted on for final passage.

(h) The fiscal note shall be factual in nature, as brief and concise as may be, and shall, if possible, provide a reliable estimate in dollars and, in addition, it shall include both the immediate effect and, if determinable or reasonably foreseeable, the long range effect of the measure. If, after investigation, it is determined that no dollar estimate is possible, the fiscal note shall contain a statement to that effect, setting forth the reasons why no dollar estimate can be given.

(i) No comment or opinion shall be included in the fiscal note with regard to the merits of the measure for which the note is prepared, however, technical or mechanical defects may be noted.

(j) The subject matter of bills submitted to boards, commissions, departments, agencies, or other entities of the state by the Fiscal Analyst shall be kept in strict confidence by said agencies and by the office of Fiscal Analyst together with the content of the fiscal note itself and no information relating thereto shall be divulged by any official or employee prior to its introduction in the Legislature.

(k) To implement the provisions of and assure compliance with Art. III, Sec. 22 of the Nebraska Constitution (deficiency appropriations), and Art. IV, Sec. 7 of the Nebraska Constitution (appropriations in excess of Governor's request), the Appropriations Committee shall advise the Legislature of the number of votes required to assure passage of the same.

The bill and all amendments thereto shall be printed and presented before the vote is taken upon its final passage and shall be read at large unless three-fifths of all of the members elected to the Legislature vote not to read the bill and all amendments at large.

*Const. Art. III, Sec. 14.*

**Sec. 9. Engrossment of Bills.** All bills, before being advanced to Final Reading and passage, shall be engrossed, and copies thereof showing new and stricken matter shall be made available to members.

**Sec. 10. Expenditure of Legislative Funds.** Those expenditures on which the Legislature votes shall require the approval of the majority of the elected members.

**Sec. 11. Withdrawal of Bills.** No bill, having been introduced, may be withdrawn except upon motion of the first introducer with the consent of his or her cointroducers. Such motion, when made, shall not be considered prior to the next succeeding legislative day, and, for its adoption, shall require the affirmative vote of a majority of those voting upon the question.

*Withdrawal of bills set for hearing. Rule 3, Section 13.*

**Sec. 12. Division of Bills, Prohibited.** No bill shall be divided into two or more bills.

**Sec. 13. Holding of Bills.** Unless otherwise disposed of, all bills on which no final action has been taken by the time of adjournment of the regular session in odd-numbered years shall be held over for consideration at the regular session convening in even-numbered years.

Public Retirement Plans and Actuarial Studies** (a) Commencing with the 1997 legislative session, any bill proposing a structural change which impacts the benefits or funding status provided under a public retirement plan, or any bill proposing the creation of a new public retirement plan, shall be introduced only during the first ten days of a 90 day session.

(b) No bill for which an actuarial study is necessary to determine the cost of such proposed changes shall be enacted until an actuarial study has been conducted and the results reported to the Legislature.

(c) (i) The Nebraska Retirement Systems Committee may introduce amendments to an appropriations bill to fund actuarial studies for only those retirement systems which are or would be administered by the state. If such amendments are enacted, the results of the actuarial studies shall be reported to the Legislature by November 15 of that calendar year.

After introduction, bills requiring reference shall be delivered to the Reference Committee.

**Sec. 2. Objection to Reference of Bills.** (a) Any member may object to the reference of any bill or other proposition, and correction in case of error in reference may be made by the Legislature by unanimous consent, or by the vote of a majority of the elected members.

(b) Those bills and resolutions placed on General File by the Reference Committee will be bracketed for five calendar days, and if one senator requests a public hearing on one or more of these matters, they will then be referred to a committee. Bills on General File for which public hearings have not been requested will be handled as all bills on General File.

**Sec. 3. General File.** (a) The Clerk of the Legislature shall read the number and the title of the bill and the name of the principal introducer as it comes up for consideration on General File. A bill will not be read section by section unless requested by a member of the Legislature.

(b) Each section shall be open to amendment. Following the reading of the title of the bill, the introducer shall first be recognized for ten minutes to move to advance and explain the bill. The amendments, if any, recommended by standing committees, shall then be considered. The introducer's amendments, if any, shall be considered following the consideration of the standing committee amendments and any amendments thereto. (e) At any stage of consideration of a bill, a motion to bracket or to bracket to a day certain or to unbracket shall, if made by the primary introducer of the bill, require a majority of those voting. If made by other than the primary introducer, there shall then be required a majority vote of the elected membership. In any event, such motions shall alternatively be passed by unanimous consent of the body.

(f) In the event a motion to indefinitely postpone a bill is made before the bill is read on General File, such motion shall require the affirmative vote of a majority of the elected members.

(h) If, in the opinion of the Speaker, the bill is in such form that it should properly be referred back to committee for further action, he or she may by order direct the same; Provided, that a majority of the elected members may overrule the decision of the Speaker. Any motion to amend a bill or any motion to amend an amendment shall require a majority vote of the elected members, except amendments which are substantially the same as any bill indefinitely postponed shall require a three-fifths vote of the elected members, unless proposed as part of a committee amendment.

(c) Messages from the Governor may be received at any stage of the proceedings.

(d) Upon call for the introduction of bills, any member or any standing committee to which bills are referred for consideration may introduce one or more bills.

*Introduction of bills. Rule 6, Section 1.*

## (B) Voting Machine

**Sec. 2. Voting, Electric Roll Call.** (a) All votes shall be taken viva voca unless otherwise provided for herein. Questions shall be distinctly put in this form, to wit: "Those who are in favor of the question say 'aye'; those who are opposed to the question say 'nay.' "

(b) If a machine vote is called for or if the presiding officer is in doubt, he or she shall cause the result to be obtained by means of the electric roll call system, and in such event shall accept only machine tallied votes except that voice votes shall be accepted on a motion before the house while the house is under call. The presiding officer may vote by voice. Only the totals shall be printed in the Journal. Once having voted aye or nay, senators may call in a change to not voting prior to the locking of the voting board.

(c) Upon the final passage of a bill, or of a resolution if the same required the same consideration as a bill, the vote shall be by yeas and nays, and the electric roll call system shall be used. Voice votes shall be accepted on Final Reading.

(d) Whenever the "ayes" and "nays" are taken by machine vote, no member shall be permitted to vote after the decision is announced by the presiding officer or the Clerk. Votes not registered on the electric roll call system shall not be counted for or against a proposition. In announcing such vote, the Clerk shall announce the ayes, the nays, those present and not voting, those absent and not voting, and those excused and not voting, and on any action to advance or amend bills, these totals shall be set forth in the Journal. Voice votes shall be accepted on roll call or record votes. All roll call votes of the comprised membership shall be taken in alphabetical order starting with the first name that begins with the letter "A" or the letter closest to "A," except that any member may request a roll call vote in reverse alphabetical order unless the introducer of the motion under consideration objects. A roll call in reverse alphabetical order shall start with the member's name that begins with "Z" or the letter closest to "Z."

(e) Only senators physically in the legislative chamber may vote.

## (C) Motions

**Sec. 3. Motion, in Writing, Withdrawal.** (a) A motion shall be either stated by the presiding officer or read by the Clerk before a vote is taken. All motions shall be submitted in writing if requested by the presiding officer or any senator.

Once motions are stated they may be withdrawn or modified by the mover before a decision, amendment, or ordering of a vote has been made. A motion to reconsider may be withdrawn only with unanimous consent or a majority vote of the elected members.

When a question is under debate, no motion shall be considered except one of the following, which motions shall take precedence in the order stated.

a. To recess
b. To adjourn
c. For cloture
d. To reconsider
e. For the previous question
f. To postpone to a time certain
g. To recommit to a committee
h. To amend
i. To postpone indefinitely

Such motions shall have precedence in the order in which they are arranged except as provided for in Rule 1, Section 17. Motions to postpone indefinitely and amend do not yield to each other.

When any of the following motions shall be made, any action on such motion shall be delayed at least one legislative day and the motion shall be printed in the Legislative Journal:

a. Motion to postpone indefinitely on General File or Select File, unless the introducer(s) of the bill, or the committee chairperson in the case of committee bills, request(s) that the motion to postpone indefinitely be considered immediately without the one day delay.
b. Motion to place on General File pursuant to Rule 3, Section 19(b).
c. Motion to place bills on General File, notwithstanding the action of a standing committee.

(b) When a motion or other proposition is under consideration, a motion to amend and a motion to amend that amendment shall be in order.

(c) Amendments to the title shall be made by the Enrollment and Review Committee.

(d) No motion, proposition, or subject, different from that under consideration, shall be admitted under color of amendment. Any amendment that is not germane is out of order. Germane amendments relate only to details of the specific subject of the bill and must be in a

natural and logical sequence to the subject matter of the original proposal. A nongermane amendment includes one that relates to a substantially different subject.

(e) Any member may call for the division of a question, which shall be divided if it comprehends propositions in substance so distinct that, one being taken away, a substantive proposition shall remain for the decision of the Legislature. Once a division is ordered by the presiding officer, each component shall be treated as a separate and distinct proposition. For purposes of germaneness, even if a question is germane prior to a request for division, each and every other component or proposition of the divided question will be subject to germaneness rulings. Once a vote or change has occurred on any of the divisible questions, the remaining divided sections may not be withdrawn without a majority of those voting or without unanimous consent. A motion to strike out and insert shall be deemed indivisible, but a motion to strike out being lost, shall not preclude an amendment or a motion to strike out or insert. Such call for division shall not be allowed when considering motions under Rule 6, Section 6.

(f) When motions are made for reference of the same subject to a select committee and to a standing committee, the question on reference to the standing committee shall be considered first.

**Sec. 4. Shall the Debate Cease.** The previous question shall be in this form, "Shall the debate now close?"

The previous question shall be made only in the normal course of speaking order and shall be in order when demanded by five or more members, and must be sustained by the vote of a majority of the elected members, and until decided shall, except as provided in this section of this rule, preclude further debate and all amendments and motions, except one motion to adjourn. The presiding officer may rule the previous question out of order if in the presiding officer's opinion a full and fair debate has not been afforded, due to the complexity of the subject matter. The ruling of the presiding officer shall be subject to overrule in accordance with Rule 1, Section 12 of these rules.

On a previous question there shall be no debate. All incidental questions of order, arising after a motion is made for a previous question, and pending such motion, shall be decided, whether on appeal or otherwise, without debate.

When the previous question shall have been ordered on a proposition under debate, the mover, proponent, or introducer of such proposition shall be given the right to close the debate thereon.

After a motion to indefinitely postpone a bill has been offered, and the introducer of the motion has made his or her opening remarks on the motion, the principal introducer of the bill shall immediately be permitted to speak for five minutes on such motion.

**Sec. 5. Call of the House.** (a) A call of the house may be made by any member in the manner following: "I move for a call of the house." The presiding officer shall direct that the board be cleared and the members shall then vote on placing themselves under call. If a majority of the senators present and voting, vote in favor of such a motion, then the Legislature shall be deemed to be under call. Each member present shall indicate his or her presence upon the electric roll call system and shall remain in his or her seat during the call. After the Clerk shall note the names of the absentees, proceedings under the call may be suspended at any time by a majority vote of the members then present, and when so suspended shall not again be ordered on the proposition pending, except by a majority vote of the members elected. The President may declare a motion to place the house under call out of order if all of the absentees were to vote on one side of the question and if their combined vote would be insufficient to change a result of the vote.

(b) When a member is recognized to close on a motion and requests a call of the house, the time spent waiting for the members to record their presence shall be counted against the member's closing time.

*Lieutenant Governor votes only when Legislature equally divided. Rule 1, Section 14.*
*Voice vote while house under call. Rule 7, Section 2b.*

**Sec. 6. Postpone to Time Certain.** No motion to postpone to a time certain, to commit, or to postpone indefinitely being decided, shall again be allowed on the same day at the same stage of the bill or proposition.

**Sec. 7. Reconsideration.** (a) When a question has been decided, it shall be in order for any member voting with the prevailing side, or not voting, to move for a reconsideration thereof. A motion to reconsider must be made on the same day the original question was decided or on the next legislative day, except when it be to reconsider the vote on a bill which lacked the constitutional majority on a Final Reading. In such case, it must be made on the same day the original question was decided or on one of the next three legislative days. A motion to reconsider must be disposed of by the Legislature within five legislative days after making the same or it shall be deemed defeated. If the Legislature shall refuse to reconsider, or upon reconsideration shall affirm its first decision, no further motion to reconsider shall be in order unless by unanimous consent.

*Motion to reconsider cannot be withdrawn without leave. Rule 7, Section 3.*

(b) Every motion to reconsider shall take preference over all other questions, except a motion to recess, to adjourn, or for cloture.

(c) For its adoption, a motion to reconsider shall require the vote of a majority of the elected members, except:

i Where such motion be to reconsider the vote on a bill which lacked the constitutional majority on a Final Reading, then a three-fifths vote shall be required for adoption.

ii Where such motion be to reconsider the vote on a bill which lacked the constitutional majority on a Final Reading with the emergency clause attached, but which received the constitutional majority with the emergency clause stricken and the purpose of the motion is to again add the emergency clause, then a two-thirds vote of the elected members shall be required for adoption.

iii Where such motion be to reconsider the vote on a motion to pass a bill notwithstanding the objections of the Governor or for override of a line-item veto, then a three-fifths vote shall be required for adoption.

iv Where such motion be to reconsider the vote on a motion to suspend the rules, then a three-fifths vote shall be required for adoption.

(d) For a bill on General File, no motion to reconsider shall be in order until the bill has failed to advance three times; for a bill on Select File, no motion to reconsider shall be in order until the bill has failed to advance two times; for a bill passed on Final Reading, no motion to reconsider shall be in order except by the introducer of the bill, for technical or clarifying amendments.

(e) Whenever a bill is returned from the Governor for further action pursuant to the Legislature's request for such return, motions for reconsideration necessarily incident to opening a bill for further action shall be admitted regardless of the time limitation otherwise imposed by this rule.

**Sec. 8. Strike the Enacting Clause.** A motion to strike the enacting clause, if adopted, is equivalent to rejection of the bill. It shall not have precedence over a motion to amend nor a motion to indefinitely postpone.

**Sec. 9. Motions to Adjourn or Recess.** A motion to adjourn shall be in order, except:

a. While a member is speaking.
b. When a motion to adjourn or recess has just been defeated.
c. After the Final Reading of a bill and during roll call thereon.

A motion to adjourn to a time certain shall have precedence over a motion to adjourn. A motion to recess shall take precedence over either of such motions. Successive motions to adjourn or recess are never in order for dilatory purposes.

When a motion to adjourn or recess has been made, the Speaker shall be privileged to speak to the motion prior to any vote on such motion. A motion to adjourn or recess is not debatable.

A motion to adjourn or recess shall be adopted if approved by a majority of members voting.

**Sec. 10. Cloture.** At any stage of consideration the principal introducer of the bill under consideration, a cointroducer with the consent of the principal introducer, or the chairperson of the committee, if the bill is introduced by that committee, may move for a cloture to the presiding officer after eight hours of debate on the bill at that stage of consideration, except that the appropriation bills introduced by the Appropriations Committee shall be subject to a cloture motion after twelve hours of debate at that stage of consideration. The presiding officer shall immediately recognize such introducer or chairperson and shall then order debate on the pending amendment or motion to cease. A vote on the cloture motion shall be taken immediately. A two-thirds majority of the elected members shall be required for the cloture motion to be successful. A motion for cloture shall be in order except while a member is speaking, and a motion for cloture is not debatable. If the motion for cloture is successful, a vote on the pending matter shall be taken immediately, without debate. If the pending matter is an amendment to an amendment, following a vote on the amendment to the amendment, a vote shall be taken on the original amendment. If the original amendment has been divided, then the vote shall be on the original undivided amendment being considered. Finally, a vote on the advancement of the bill shall be taken.

A motion for cloture shall have precedence over all other motions except a motion to recess or adjourn.

An unsuccessful motion for cloture shall result in the debate on the bill ending for the day. When the Speaker chooses to resume debate on the bill, successive motions for cloture shall not be in order until two additional hours of debate on the bill has occurred.

**Sec. 11. Motions and Amendments for Dilatory Purposes.** Motions and amendments shall not be filed for dilatory purposes. If more than two

amendments and/or motions are offered to a bill or resolution, the principal introducer of the bill or resolution may raise a point of order stating that he or she believes the amendments and/or motions are being used for dilatory purposes. If, in the opinion of the Speaker, the motions and/or amendments are not dilatory, debate on the pending measure shall continue. If the Speaker has reason to believe that one or more of the amendments and/or motions are dilatory, the Speaker shall consult with the principal introducer of the original bill or resolution and the principal introducers of the amendment and/or motions in an attempt to reach an accord as to which amendments and/or motions should be considered by the Legislature. For that purpose, the Speaker may temporarily remove the entire bill or resolution from the agenda. After consultation, the Speaker shall forthwith decide which, if any, amendments and/or motions are dilatory and shall rule such amendments and/or motions out of order. A motion to overrule the chair on any decision made pursuant to this section is not in order except that a ruling of the chair may be challenged by an introducer of amendments and/or motions ruled to be dilatory in which instance the challenge shall be to all amendments and/or motions included in the Speaker's ruling. The consultation and the Speaker's ruling subsequent to consultation provided for in this section, shall in no case result in a bill or resolution being removed from the agenda for more than the current legislative day. Any amendment and/or motion ruled out of order by the Speaker shall not in any form, version, or substance be in order if again offered by any member at the same stage of debate. A motion to overrule the chair after a ruling is out of order.

## RULE 8--APPROPRIATIONS PROCESS

**Section 1. Purpose.** The purpose of this rule is to provide a procedure for the Legislature to develop appropriations for all state agencies, boards, and commissions. Such procedure shall consider the need to (1) continue the services and financial assistance provided by state agencies and programs, (2) restrict the growth in state appropriations, and (3) provide for the efficient and effective use of state revenue by utilizing standing committee subject matter expertise in the review of agency, board, and commission budget requests.

**Sec. 2. Appropriations Committee Report.** The Legislature's Appropriations Committee, by majority vote of its members, shall annually prepare a report summarizing the recommended total General Fund appropriation for each year of the following biennium. Such report shall include information based upon the committee's initial review of (1) state agency, board, and commission budget requests, (2) the Governor's budget, (3) the estimated revenue receipts for each year of the following biennium, (4) General Fund reserve requirements, (5) express obligations, and (6) economic conditions affecting the State of Nebraska.

**Sec. 3. Report, When Required.** The report required in Section 2 of this rule shall be printed in the Legislative Journal and presented to each member of the Legislature by the Chairperson of the Appropriations Committee between twenty and thirty legislative days after the Governor presents his or her budget during sessions in odd-numbered years and between fifteen and twenty legislative days after the Governor's budget presentation during session in even-numbered years.

**Sec. 4. Standing Committee Appropriations Review.** (a) Each standing committee may hold a budget request review hearing on the agency, board, and commission budgets reasonably encompassed in its subject matter jurisdiction. Any such review hearing shall not be held until the Appropriations Committee has held its public hearing on that agency, board, or commission. The chairperson of the standing committee shall coordinate the scheduling of such hearings with the Chairperson of the Appropriations Committee. The standing committee shall obtain a determination from the Executive Board that the budget to be reviewed is within its subject matter jurisdiction. The standing committee may recommend to the Legislature amendments to proposed appropriations.

(b) Standing committee amendments, if any, must be filed by the sixth legislative day following the placement of appropriations bills on General File. Standing committee amendments shall be printed in the Journal and shall be considered by the Legislature no sooner than the eighth legislative day following the placement of the appropriations bills on General File. Standing committee amendments shall be considered by the Legislature after Appropriations Committee amendments but before all other

amendments. Standing committee amendments shall be considered in the order of filing.

(c) The Appropriations Committee shall make available to the appropriate standing committee all currently available information at its disposal.

**Sec. 5. Bills, Held on Final Reading.** The report of the Appropriations Committee shall include a recommended dollar amount of the General Fund biennium appropriation which shall be allocated for the funding of "A" bills, bills that result in the net reduction of revenue to the General Fund, tax expenditure bills, and amendments to the appropriations bills as reported to General File by the Appropriations Committee. During a 90 day session, all "A" bills which, when considered with their companion bill, appropriate general funds resulting in a net loss; all bills resulting in the reduction of revenue to the General Fund; and all tax expenditure bills shall not be read on Final Reading until the appropriations bills are passed by the Legislature. Provided the Appropriations Committee shall place appropriations bills on General File no later than the 70th legislative day in a 90 day session and the 40th legislative day in a 60 day session. If this deadline is not met, the Legislature shall consider the appropriations bills as introduced by the Governor. During a 60 day session, all "A" bills which, when considered with their companion bill, appropriate general funds resulting in a net loss; all bills resulting in the reduction of revenue to the General Fund; all tax expenditure bills; and all appropriations bills shall not be read on Final Reading prior to the 45th legislative day. The appropriations bills shall be passed no later than the 80th legislative day in a 90 day session and the 50th legislative day in a 60 day session. The appropriations provided for in an "A" bill shall be for not less than two fiscal years.

**Sec. 6. Bill, Setting Tax Rates.** The Legislature's tax rate bill shall be passed no later than the 85th legislative day in a 90 day session and the 55th legislative day in a 60 day session.

## RULE 9--SPECIAL SESSIONS

**Section 1. Purpose.** The purpose of this rule is to establish special procedures for the Legislature to utilize during a special session. This rule recognizes the necessity of the Legislature to address the business for which it is called together in an expeditious and fair fashion and provides that certain legislative procedures established for regular sessions shall not unduly burden the activities of the Legislature during a special session.

**Sec. 2. Convening of the Legislature.** Pursuant to the directive contained in the proclamation issued by the Governor, either upon the concurrence of two-thirds of the members of the Legislature according to the procedure established by section 50-125 or upon the call of the Governor under the authority of Article IV, section 8, of the Nebraska Constitution, the Legislature shall convene in special session. The first item of business shall be the introduction of bills and resolutions, both of which shall be numbered consecutively beginning with the number one. Bills and resolutions offered by the Speaker at the request of the Governor or offered pursuant to the statement filed with the Secretary of State and agreed to by two-thirds of the members of the Legislature shall be introduced ahead of all other proposals. After introduction, all bills and resolutions shall be handled in the manner provided in this rule. Bills shall be introduced only during the first three days of the session. Resolutions which are not considered and adopted in the same manner as bills may be introduced at any time during the session.

**Sec. 3. Resolution Considered as a Bill.** Resolutions which propose amendments to the state constitution, propose the ratification or rejection of amendments to the federal Constitution, or memorialize the Congress with regard to amendments to the U.S. Constitution, shall be considered and adopted in the same manner as bills.

**Sec. 4. Committee Hearings.** Within one legislative day following the introduction of bills and resolutions, or pronouncement of a gubernatorial appointment, the Reference Committee shall review each bill, resolution, and gubernatorial appointment and refer the matter to the appropriate standing committee. The committee to which the bill, resolution, or gubernatorial appointment is referred shall provide as much public notice of the time and place of the hearing on the matter as is reasonable under the circumstances by publication in the Legislative Journal, but in no case shall the hearing be more than five calendar days after the date the bill, resolution, or gubernatorial appointment has been referred to the committee.

**Sec. 5. Report of Bill or Resolution to Legislature.** The committee to which a bill or resolution has been referred shall make a report on the bill or resolution to the Legislature within twenty-four hours after the committee has taken final action on the matter. If, at the expiration of twenty-four hours from the time final action was taken, the chairperson

has not reported the bill or resolution, any senator may file with the Speaker a motion that the chairperson be compelled to submit a report. After determining that final action on the bill or resolution has been taken at least twenty-four hours prior to the time the motion was submitted, the Speaker shall accept the motion and compel the chairperson to file the committee's report on the matter.

**Sec. 6. Indefinitely Postponed Bills and Resolutions.** If the committee action on a bill or resolution is to postpone indefinitely, the bill shall stand indefinitely postponed, except that such bill or resolution may be placed on General File or referred back to the committee by a majority vote of the elected members. Not more than one bill or resolution shall be raised from committee on any one motion. A motion to raise shall not be amended to include any other bill, resolution, or subject matter. A motion to raise shall take precedence in order over all other motions, except a motion to adjourn.

**Sec. 7. Bills and Resolutions Held by Committee.** If the committee has not taken final action on a bill or resolution within two days after the committee hearing, any senator may move that the bill or resolution be placed on General File. If a majority of the elected members vote in favor of the motion, the bill shall be placed on General File.

**Sec. 8. Pending Proposals Indefinitely Postponed.** At the conclusion of a special session, all bills and resolutions which have not been enacted shall stand indefinitely postponed and shall not carry over to the next legislative session.

**Sec. 9. Rules Controlling When Conflict Exists.** When a conflict exists between the provisions of this rule and other provisions of the Rules of the Nebraska Legislature, the provisions of this rule shall apply.

## RULE 10--ELECTION CONTESTS AND QUALIFICATIONS CHALLENGES

**Section 1. Election Contests and Qualifications Challenges.** (a) An election contest shall place in issue only the validity of the results of an election of a member to the Unicameral Legislature. An election contest shall only determine which candidate was properly elected to the Legislature and shall be seated.

(b) A qualifications challenge shall place in issue only the qualifications of a person elected as a member of the Legislature under the Constitution. A qualifications challenge shall only determine whether a person elected to the Legislature is qualified to hold or retain the seat.

(c) Election contests and qualifications challenges shall be brought and conducted as provided in these rules.

(d) Each election contest and qualifications challenge filed with the Clerk shall be referred by the Clerk to the Reference Committee, who in turn shall refer the matter to a specially created committee to consider such contest or challenge. The committee shall consist of an odd number of members, shall have a minimum of five members and shall consist of members appointed by the Executive Board. The chairperson of such committee shall be appointed by the Executive Board.

(e) The special committee may adopt rules to govern election contests and qualifications challenges, provided that such committee rules must be consistent with these rules, must be filed with the Clerk within twenty-four hours of adoption, and must be made available to all parties and to the public.

**Sec. 2. Initiating Election Contests.** (a) Election contests may be brought only by an unsuccessful candidate.

(b) Election contests may be brought only by the procedures and within the time limits established by the Nebraska statutes. Notice of intention to contest shall be served on the person certified as elected to the Legislature from the representative district within the time limits established by law.

(c) Within forty days following the general election contested, each contestant shall file with the Clerk of the Legislature a petition of election contest and shall serve such petition on the purported winner. A petition of election contest shall allege the contestant's qualifications to bring the contest and to serve as a member of the Legislature, that he/she alleges that a mistake, violation of election laws, or fraud was committed in specified precincts in the counting, return or canvass of the votes or that some other specified irregularity occurred in the conduct of the election in specified precincts. A petition of election contest shall contain a prayer specifying the relief requested and the precincts in which a recount or

other inquiry is desired. A petition of election contest shall be verified by affidavit swearing to the belief that the allegations are true, and shall be accompanied by proof of service on all respondents.

(d) A petition of contest may not be amended to cure a defect under the statutory requirements. A petition of election contest, if filed and served subsequent to the notice of intention to contest, may not raise points not expressed in the notice.

**Sec. 3. Initiating Qualifications Challenges.** (a) Qualifications challenges may be brought only by an unsuccessful candidate.

(b) Qualifications challenges must be brought within forty days following the general election contested.

(c) A qualifications challenge shall be brought by filing a petition of qualifications challenge with the Clerk, and by serving a copy of the petition on the purported winner. The petition must be accompanied by proof of personal service upon the respondent member and must be verified by affidavit swearing to the truth of the allegations or based upon information and belief. A petition of qualifications challenge shall set forth the grounds on which the respondent member is alleged to be constitutionally unqualified, the qualifications of the petitioner to bring the challenge, and a prayer for relief.

**Sec. 4. Contests and Challenges - Due Process.** (a) Election contests and qualifications challenges shall be heard and determined as expeditiously as possible under adversary procedures wherein each party to the proceedings has a reasonable opportunity to present his claim, any defense and arguments, and to respond to those of his opponents. All parties may be represented by counsel.

(b) Election contests and qualifications challenges shall be heard and determined in accordance with the applicable provisions of the Nebraska statutes, the Nebraska Constitution, and the United States Constitution. Judicial decisions which bear on a point of law in a contest or challenge shall be admissible in the arguments of the parties and the deliberations and decisions of the committee. Judicial decisions applicable to a point of law or to a fact situation to the committee shall be given weight as precedent.

(c) The committee shall give notice of all rules, timetables or deadlines adopted by the committee. Notice under this subsection shall be in writing and shall be given either personally with receipt, or by certified mail (return receipt requested) addressed to the party at his or her place of residence and to his or her attorney of record at his or her office if so requested by the party.

**Sec. 5. Committee Proceedings and Powers in Contests and Challenges.** (a) All proceedings of the committee concerning election contests and qualifications challenges may be recorded and transcribed. Copies of the transcript shall be made available to the members of the committee and to the parties.

(b) The committee may dismiss an election contest or qualifications challenge, or may determine to proceed to a recount or other inquiry. The committee may limit the issues to be determined in a contest or challenge, except that where a recount is conducted in an election contest, any precinct timely requested by any party to be recounted shall be recounted by the committee.

(c) In conducting inquiries, investigations and recounts in election contests and qualifications challenges, the committee shall have the power to compel the attendance of witnesses and the production of books, papers, ballots, documents and records, by subpoena signed by the chairperson of the committee as provided by Rule 3, Section 20. In conducting proceedings in election contests and qualifications challenges, the committee may utilize the legislative powers to gather information as provided by Rule 3, Section 20.

(d) The committee may allow any person authorized to take depositions of any necessary witnesses, as may be permitted by law. In recounting the ballots in any election contest, however, no person other than a member of the committee or officer of the Legislature shall handle any ballots, tally sheets, or other election materials without the consent of the committee. The responsibility for the actual recounting of ballots may not be delegated.

(e) The committee shall maintain a record of proceedings in every election contest and qualifications challenge. Such record shall include all notices and pleadings, roll call votes, all reports and dissents, and all documents which were admitted into the proceeding. The committee shall file the record with the Clerk of the Legislature upon the adoption of its final report. The record shall then be available for examination in the Clerk's office.

(f) With the approval of the Executive Board, the committee may employ staff assistants to include clerks, court reporters, professional staff and other personnel as deemed necessary.

**Sec. 6. Adoption of Reports in Contests and Challenges.** (a) All final decisions of the committee regarding an election contest or qualification challenge shall be reported in writing to the Legislature, and approved by a majority of the members of the committee. Reports shall include a

specific recommendation to the Legislature as to the disposition of the contest or challenge.

(b) Any member of the committee may file a dissent from a report of the committee, a minority report, or a special concurrence with the majority report or with any minority report.

(c) Reports of the committee shall be filed with the Clerk of the Legislature, printed and placed on the members' desks, along with any dissents, minority reports or special concurrences. The report shall be listed on the agenda under the heading "Report of Election Contest" or "Report of Qualifications Challenge." The report as filed with the Clerk, shall not be considered for two legislative days prior to any consideration by the Legislature.

(d) The Legislature shall adopt the majority report or a minority report in an election contest or qualifications challenge or shall refuse to adopt any report filed and re-refer the contest or challenge to the committee for further proceedings or for a modified report. Reports as filed by the committee are non-amendable. If the Legislature fails to adopt a report, the matter shall automatically be rereferred to committee for further consideration.

(e) Each party to a contest or challenge may file with the Clerk of the Legislature within 15 days of the filing of the final report a detailed statement of attorney's fees and expenses incurred by said party in connection with the case. The committee shall make recommendations to the Legislature concerning reimbursement of attorney's fees and the expenses of the parties. Such recommendation shall not exceed a sum that is reasonable, just and proper.

LEGISLATIVE RESOLUTION 37. Introduced by Kristensen, 37.

WHEREAS, targeted business incentive programs have proliferated into a counterproductive economic war between the states and now form the cornerstone of state-sponsored economic development policies; and

WHEREAS, these programs fail to promote healthy and equitable statewide economic growth and, in reality, result in states engaging in economic warfare by moving businesses from one location to another both within and between states, with no significant economic benefit in the aggregate; and

WHEREAS, America's future in the global economy lies within its educational, industrial, technological, and research capabilities throughout the entire fifty states; and

WHEREAS, disarmament of wasteful programs can be achieved through a combination of new state and federal policies; and

WHEREAS, states would be better off providing a less burdensome tax climate for all businesses and a quality educational system geared to providing an adequately trained and ready work force, support for research and development, and a quality transportation system, along with other high-quality traditional government services; and

WHEREAS, efforts are currently under way in the United States Congress to identify and eliminate federally funded programs that are used by the states to escalate this economic warfare.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FIFTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature strongly urges the Nebraska Congressional delegation to embrace and support efforts in the United States Congress such as H.R. 1842 and other legislative initiatives that will begin to mitigate this economic warfare.

2. That the Legislature strongly urges the governors and other legislatures in the respective states to promulgate this message.

3. That the Clerk of the Legislature send copies of this resolution to the members of the Nebraska Congressional delegation, to the Speaker and Clerk

of the United States House of Representatives, to the President Pro Tempore and Secretary of the United State Senate, and to the governors and the appropriate officers of the legislatures of all the other states.

This power may be invoked by petition wherein the proposed measure shall be set forth at length. Each proposed measure shall contain only one subject. If the petition be for the enactment of a law, it shall be signed by seven percent of the registered voters of the state, and if the petition be for the amendment of the Constitution, the petition therefor shall be signed by ten percent of such registered voters. In all cases the registered voters signing such petition shall be so distributed as to include five percent of the registered voters of each of two-fifths of the counties of the state, and when thus signed, the petition shall be filed with the Secretary of State who shall submit the measure thus proposed to the electors of the state at the first general election held not less than four months after such petition shall have been filed. The same measure, either in form or in essential substance, shall not be submitted to the people by initiative petition, either affirmatively or negatively, more often than once in three years. The constitutional limitations as to the scope and subject matter of statutes enacted by the Legislature shall apply to those enacted by the initiative."

III-3 "The second power reserved is the referendum which may be invoked, by petition, against any act or part of an act of the Legislature, except those making appropriations for the expense of the state government or a state institution existing at the time of the passage of such act. Petitions invoking the referendum shall be signed by not less than five percent of the registered voters of the state, distributed as required for initiative petitions, and filed in the office of the Secretary of State within ninety days after the Legislature at

Such petition shall set out the title of the act against which the referendum is invoked and, in addition thereto, when only a portion of the act is sought to be referred, the number of the section or sections or portion of sections of the act designating such portion. Each petition shall refer to only one act or portion of one act of the Legislature. When the referendum is thus invoked, the Secretary of State shall refer the same to the electors for approval or rejection at the first general election to be held not less than thirty days after the filing of such petition.

When the referendum is invoked as to any act or part of act, other than emergency acts or those for the immediate preservation of the public peace, health, or safety, by petition signed by not less than ten percent of the registered voters of the state distributed as aforesaid, it shall suspend the taking effect of such act or part of act until the same has been approved by the electors of the state.".

WHEREAS, on the 25th of September in 1789, the 1st Congress of the United States offered as Article 2 of the original Bill of Rights to the Federal Constitution, a constitutional amendment for consideration by the state legislatures delaying any variances in the compensation of Members of Congress until an election of the United States House of Representatives has first intervened; and

WHEREAS, during the forenoon on the 7th of May in 1992, the Legislature of the State of Michigan provided the 38th and, therefor, determinative ratification of this 207-year-old constitutional amendment; and

WHEREAS, on the 18th of May in 1992, the Archivist of the United States issued a proclamation declaring the then 203-year-old constitutional amendment to have been duly approved by the requisite number of state legislatures pursuant to Article 5 of the United States Constitution, which proclamation was then reproduced in Volume 57 of the Federal Register at pages 21187 and 21188; and

WHEREAS, within 48 hours of the Archivist's actions, both houses of the 102nd Congress did adopt resolutions, by roll-call votes, concurring with the Archivist's conclusion that the proposal had in fact become Amendment 27 to the United States Constitution; and

WHEREAS, after the Michigan's Legislature's pivotal 38th approval of Amendment 27, the legislatures of California, Hawaii, Illinois, Kentucky, New Jersey, Rhode Island, and Washington saw fit to post-ratify it; and

WHEREAS, in general, it is not unusual for a state's legislature to post-ratify an amendment that has already become part of the United States Constitution. In addition to the legislatures of those states listed in the preceding paragraph, the legislatures of Alabama, Connecticut, Delaware, Florida, Georgia, Louisiana, Maryland, Massachusetts, Mississippi, North Carolina, Oregon, South Carolina, and Virginia have likewise post-ratified various amendments to the Federal Constitution; and

WHEREAS, until now, Nebraska had been among the handful of states whose legislatures have not, as of yet, approved Amendment 27 to the Nation's highest legal document -- even though the Nebraska State Constitution contains a provision parallel to Amendment 27; and

WHEREAS, it is important that Nebraska place its special imprint upon Amendment 27, as has been done by the legislatures of 45 other states.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FIFTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the amendment to the Constitution of the United States delaying any variances in the compensation of Members of Congress, until an election of the United States House of Representatives has first intervened, is hereby post-ratified, which reads more particularly as follows:

Amendment 27

"No law, varying the compensation for the services of the Senators and Representatives, shall take effect, until an election of Representatives shall have intervened."

2. That properly-endorsed copies of this resolution, attested by the Secretary of State of the State of Nebraska, with the Great Seal of Nebraska attached thereto, be forwarded by the Secretary of State to the following officials in Washington, D.C.: The Archivist of the United States, the Vice-President of the United States, and the Speaker of the United States House of Representatives with the respectful request that this resolution be reproduced in the Congressional Record.

LEGISLATIVE RESOLUTION 54. Introduced by Preister, 5.

WHEREAS, a Constitution which protects our personal security is the heart of the American system; and

WHEREAS, the Constitution of the United States seeks to ensure that each person is free of the threat of attack and free of actions by others that diminish life, liberty, health, or property or that prevent the "pursuit of happiness"; and

WHEREAS, we are the custodians of the health of our children and of future generations whose ability to breathe clean air, drink healthful water, and enjoy America's many wilderness areas and natural resources is in danger; and

WHEREAS, a constitutional remedy is necessary to accomplish this goal.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FIFTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Nebraska Legislature proposes to the Congress of the United States that procedures be instituted in the Congress to add a new section to the Constitution of the United States and requests the Congress to prepare and submit to the several states the following amendment to the Constitution of the United States:

The natural resources of the nation are the heritage of present and future generations. The rights of each person to clean and healthful air and water and to the protection of the other natural resources of the nation shall not be infringed upon by any person.

2. That the Clerk of the Legislature shall send copies of this resolution to the Nebraska Congressional Delegation, to the Secretary of State and presiding officers of both Houses of the Legislature of each of the other States of the Union, to the Clerk of the United States House of Representatives, Washington, D.C., and to the Secretary of the United States Senate, Washington, D.C.

THE MEMBERS OF THE NINETY-FIFTH LEGISLATURE OF NEBRASKA, FIRST SESSION, RESOLVE THAT:

Section 1. At the general election in November 1998 the following proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for approval or rejection:

To amend Article V, section 30:

V-30 "(1) A Justice or Judge of the Supreme Court or judge of any court of this state may be reprimanded, disciplined, censured, suspended without pay for a definite period of time, not to exceed six months, or removed from office for (a) willful misconduct in office, (b) willful disregard of or failure to perform his or her duties, (c) habitual intemperance, (d) conviction of a crime involving moral turpitude, (e) disbarment as a member of the legal profession licensed to practice law in the State of Nebraska, ~~or~~ (f) inadequate level of competence to perform the duties of the office, or (g) conduct prejudicial to the administration of justice that brings the judicial office into disrepute, or he or she may be retired for physical or mental disability seriously interfering with the

performance of his or her duties if such disability is determined to be permanent or reasonably likely to become permanent. Any citizen of the State of Nebraska may request the Commission on Judicial Qualifications to consider the qualifications of any Justice or Judge of the Supreme Court or other judge, and in such event the commission shall make such investigation as the commission deems necessary and shall, upon a finding of probable cause, reprimand such Justice or Judge of the Supreme Court or other judge or order a formal open hearing to be held before it concerning the reprimand, discipline, censure, suspension, removal, or retirement of such Justice or Judge of the Supreme Court or other judge. In the alternative or in addition, the commission may request the Supreme Court to appoint one or more special masters who shall be judges of courts of record to hold a formal open hearing to take evidence in any such matter, and to report to the commission. If, after formal open hearing, or after considering the record and report of the masters, the commission finds that the charges are established by clear and convincing evidence, it shall recommend to the Supreme Court that the Justice or Judge of the Supreme Court or other judge involved shall be reprimanded, disciplined, censured, suspended without pay for a definite period of time not to exceed six months, removed, or retired as the case may be.

(2) The Supreme Court shall review the record of the proceedings and in its discretion may permit the introduction of additional evidence. The Supreme Court shall make such determination as it finds just and proper, and may order the reprimand, discipline, censure, suspension, removal, or retirement of such Justice or Judge of the Supreme Court or other judge, or may wholly reject the recommendation. Upon an order for retirement, the Justice or Judge of the Supreme Court or other judge shall thereby be retired with the same rights and privileges as if he or she had retired pursuant to statute. Upon an order for removal, the Justice or Judge of the Supreme Court or other judge shall be removed from office, his or her salary shall cease from the date of such order, and he or she shall be ineligible for judicial office. Upon an order for suspension, the Justice or Judge of the Supreme Court or other judge shall draw no salary and shall perform no judicial functions during the period of suspension. Suspension shall not create a vacancy in the office of Justice or Judge of the Supreme Court or other judge.

(3) Upon order of the Supreme Court, a Justice or Judge of the Supreme Court or other judge shall be disqualified from acting as a Justice or Judge of the Supreme Court or other judge, without loss of salary, while there is pending (a) an indictment or information charging him or her in the United States with a crime punishable as a felony under Nebraska or federal law or (b) a recommendation to the Supreme Court by the Commission on Judicial Qualifications for his or her removal or retirement.

(4) In addition to the procedure set forth in subsections (1) and (2) of this section, on recommendation of the Commission on Judicial Qualifications or on its own motion, the Supreme Court (a) shall remove a Justice or Judge of the Supreme Court or other judge from office when in any court in the United States such justice or judge pleads guilty or no contest to a crime punishable as a felony under Nebraska or federal law, and (b) may suspend a Justice or Judge of the Supreme Court or other judge from office without salary when in any court in the United States such justice or judge is found guilty of a crime punishable as a felony under Nebraska or federal law or of any other crime that involves moral turpitude. If his or her conviction is reversed, suspension shall terminate and he or she shall be paid his or her salary for the period of suspension. If he or she is suspended and his or her conviction becomes final the Supreme Court shall remove him or her from office.

(5) All papers filed with and proceedings before the ~~commission~~ Commission on Judicial Qualifications or masters appointed by the Supreme Court pursuant to this section prior to a reprimand or formal open hearing shall be confidential. The filing of papers with and the testimony given before the commission, the ~~or~~ masters, or the Supreme Court shall be deemed a privileged communication.

When the Commission on Judicial Qualifications determines that disciplinary action is warranted, whether it be a reprimand or otherwise, the Commission on Judicial Qualifications shall issue one or more short announcements confirming that a complaint has been filed; stating the subject and nature of the complaint, the disciplinary action recommended or reprimand issued, or the date of the hearing; clarifying the procedural aspects; and reciting the right of a judge to a fair hearing.

When the Commission on Judicial Qualifications determines that disciplinary action is not warranted, and the existence of any investigation or complaint has become publicly known, the judge against whom a complaint has been filed or investigation commenced may waive the confidentiality of papers and proceedings under this subsection.

The Supreme Court shall by rule provide for procedure under this section before the commission, the masters, and the Supreme Court.

(6) No Justice or Judge of the Supreme Court or other judge shall participate, as a member of the commission, or as a master, or as a member of the Supreme Court, in any proceedings involving his or her own reprimand, discipline, censure, suspension, removal, or retirement.".

Sec. 2. The proposed amendment shall be submitted to the electors in the manner prescribed by the Constitution of Nebraska, Article XVI, section 1, with the following ballot language:

"A constitutional amendment to provide for disciplinary action against judges on the basis of an inadequate level of competence to perform the duties of the office of judge.

THE MEMBERS OF THE NINETY-FIFTH LEGISLATURE OF NEBRASKA, FIRST SESSION, RESOLVE THAT:

Section 1. At the general election in November 1998 the following proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for approval or rejection:

To amend Article III, section 17:

III-17 "(1) The Legislature shall have the sole power of impeachment, but a majority of the members elected must concur therein. Proceedings may be initiated in either a regular session or a special session of the Legislature. Upon the adoption of a resolution of impeachment, which resolution shall give reasonable notice of the acts or omissions alleged to constitute impeachable offenses but need not conform to any particular style, a notice of an impeachment of any officer, other than a Judge of the Supreme Court, shall be forthwith served upon the Chief Justice, by the Clerk of the Legislature, who shall thereupon call a session of the Supreme Court to meet at the Capitol in an expeditious fashion after such notice to try the impeachment. A notice of an impeachment of the Chief Justice or any Judge of the Supreme Court shall be served by the Clerk of the Legislature, upon the clerk of the judicial district within which the Capitol is located, and he or she thereupon shall choose, at random, seven Judges of the District Court in the State to meet within thirty

days at the Capitol, to sit as a Court to try such impeachment, which Court shall organize by electing one of its number to preside. The case against the impeached civil officer shall be brought in the name of the Legislature and shall be managed by two senators, appointed by the Legislature, who may make technical or procedural amendments to the articles of impeachment as they deem necessary. The trial shall be conducted in the manner of a civil proceeding and the impeached civil officer shall not be allowed to invoke a privilege against self-incrimination, except as otherwise applicable in a general civil case. No person shall be convicted without the concurrence of two-thirds of the members of the Court of impeachment that clear and convincing evidence exists indicating that such person is guilty of one or more impeachable offenses, but judgment in cases of impeachment shall not extend further than removal from office and disqualification to hold and enjoy any office of honor, profit, or trust, in this State, but the party impeached, whether convicted or acquitted, shall nevertheless be liable to prosecution and punishment according to law. No officer shall exercise his or her official duties after he or she shall have been impeached and notified thereof, until he or she shall have been acquitted.

(2) A member of the Legislature is subject to recall from office by the voters of the senator's district. The grounds for recall shall be a serious malfeasance or nonfeasance during the term of office in the performance of the duties of the office or conviction of a serious crime during the term of office. The petition shall set forth the specific conduct that may warrant a recall. A petition shall not issue until the Supreme Court has determined that the facts alleged in the petition are true and are sufficient grounds for issuing a recall petition. A petition may only be circulated and signed by registered voters who reside in the district that the senator represents. A petition for recall must contain signatures of registered voters equal to or exceeding twenty-five percent of the number of votes cast for the office at the most recent general or special election. Upon determination by the Secretary of State that a petition has been signed by at least the minimum number of registered voters, a recall election must be conducted in the manner provided by law. A petition for recall may not circulate, nor shall a recall election be held, less than six months before the end of the senator's term. A senator who is removed from office by recall or who resigns from office after a petition for recall issues may not be appointed to fill the vacancy that is created.".

Sec. 2. The proposed amendment shall be submitted to the electors in the manner prescribed by the Constitution of Nebraska, Article XVI, section 1, with the following ballot language:

"A constitutional amendment to provide for recall of members of the Legislature.

For

Against".

**LEGISLATIVE RESOLUTION 62CA.** Introduced by Maurstad, 30.

THE MEMBERS OF THE NINETY-FIFTH LEGISLATURE OF NEBRASKA, FIRST SESSION, RESOLVE THAT:

Section 1. At the general election in November 1998 the following proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for approval or rejection:

To add a new section 14 to Article VIII:

VIII-14 "Revenue collected from motor vehicle fuel taxes, motor vehicle license fees, and motor vehicle sales and use taxes shall constitute a trust fund which may only be used for construction, reconstruction, maintenance, and

repair of public highways and bridges and county, city, and village roads, streets, bridges, public transportation services, and offstreet public parking, payment of the interest on and retirement of bonds issued for such construction, reconstruction, maintenance, and repair, refunds of the fees or taxes paid, and administering laws under which the revenue is derived. Any program receiving funding as of January 1, 1997, from revenue collected from motor vehicle fuel taxes, motor vehicle license fees, and motor vehicle sales and use taxes may continue to be funded with such revenue on and after such date as the Legislature determines.".

Sec. 2. The proposed amendment shall be submitted to the electors in the manner prescribed by the Constitution of Nebraska, Article XVI, section 1, with the following ballot language:

"A constitutional amendment to require that revenue from motor vehicle fuel taxes, license fees, and sales and use taxes only be used for construction, reconstruction, maintenance, and repair of public highways and bridges and county, city, and village roads, streets, bridges, public transportation services, and offstreet public parking, payments on bonds used to fund such construction, reconstruction, maintenance, and repair, refund payments, and administrative costs and to authorize continued use of such revenue for programs funded on January 1, 1997.

**LEGISLATIVE RESOLUTION 88.** Introduced by Beutler, 28; Hilgert, 7; D. Pederson, 42; Abboud, 12; Bruning, 3; Bromm, 23; Wickersham, 49; Kristensen, 37; Matzke, 47; Will, 8; Brashear, 4.

WHEREAS, it is the intent of the Legislature that a decision of the Court of Appeals made on a question of law arising in a case before it and necessary to the determination of the case is binding authority or precedent in the same court or in courts and tribunals of lower rank in subsequent cases in which the very point is again in controversy; and

WHEREAS, the statutes creating the Court of Appeals intend such court to function as a doctrinal court; and

WHEREAS, the functioning of the Court of Appeals as a doctrinal court with stare decisis function to lower courts does not change the position of the Supreme Court as the court of final authority on issues of Nebraska state law.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FIFTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature encourages the Supreme Court to recognize the precedential value of the opinions of the Court of Appeals for lower courts and tribunals when appropriate to effectuate the intent of the Legislature expressed in this resolution.

2. That a copy of this resolution be delivered to the Supreme Court.

**LEGISLATIVE RESOLUTION 108.** Introduced by Maurstad, 30.

WHEREAS, the annual federal budget has not been balanced since 1969, and the federal public debt is now more than five trillion dollars; and

WHEREAS, continued deficit spending demonstrates an unwillingness or inability of both the federal executive and legislative branches to spend no more than available revenue; and

WHEREAS, the growing national debt artificially inflates interest rates, which in turn increases the cost of purchasing a home, an automobile, a college education, and other staples of the American Dream; and

WHEREAS, the federal government's unlimited ability to borrow raises questions about fundamental principles and responsibilities of government, with potentially profound consequences for the nation and its people, making it an appropriate subject for limitation by the United States Constitution; and

WHEREAS, the United States Constitution vests the ultimate responsibility to approve or disapprove constitutional amendments with the people, as represented by their elected state legislatures, and opposition by a small minority repeatedly has thwarted the will of the people that a Balanced Budget Amendment to the United States Constitution should be submitted to the states for ratification; and

WHEREAS, the Legislature of the State of Nebraska prefers that a constitutional convention not be called to address this issue and the implementation of this resolution by Congress will effectively eliminate the necessity for such a convention.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FIFTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature requests the Congress of the United States to expeditiously pass, and propose to the legislatures of the several states for ratification, an amendment to the United States Constitution requiring in the absence of a national emergency that the total of all federal appropriations made by the Congress for any fiscal year may not exceed the total of all estimated federal revenue for that fiscal year.

2. That the Clerk of the Legislature transmit copies of this resolution to the President pro tempore of the Senate of the United States, the Speaker of the House of Representatives of the United States, each Member of the Nebraska Congressional Delegation, and the Secretaries of State and the presiding officers of both houses of the legislatures of each of the several states.

## ATTORNEY GENERAL'S OPINIONS

Opinion No. 97036

DATE: June 30, 1997

SUBJECT: Neb. Const. art. XVIII -- Whether failure of legislators to support a proposed term limit provision constitutes violation of the legislators' oath of office under Neb. Const. art. XV, § 1.

REQUESTED BY: Senator Kate Witek

WRITTEN BY: Don Stenberg, Attorney General

You have requested an official Attorney General's Opinion concerning whether failure of a State Senator to support a proposed resolution concerning a term limits amendment would violate a Senator's duty to support the Nebraska Constitution. Specifically, you have asked "Under what circumstances would a State Senator's failure to support LR 1...constitute a violation of a State Senator's oath of office to support the Constitution of the State of Nebraska?" You note in your opinion request that,

Legislative Resolution 1 was introduced by Senator Withem in relation to the passage of Initiative 409 in the general election of 1996, now codified as Article XVIII of the Constitution of the State of Nebraska. LR 1 was advanced to General File by the Executive Board on March 3, 1997. The Resolution was not debated during the 1997 Legislative Session nor was it placed on the agenda by the Speaker of the Legislature. It is possible that this Resolution will be voted upon during the 1998 Legislative Session. It has been suggested that, among other things, a vote against LR 1 would constitute a violation of the oath of office taken by members of the Legislature under Article XV, Section 1, of the Constitution of the State of Nebraska, wherein it is required that members swear or affirm that they will support the Constitution of the State of Nebraska.

**Discussion**

In considering the question presented, one must first review the applicable provisions of the Nebraska Constitution and the proposed Legislative Resolution:

**Neb. Const. art. XV, § 1 provides:**

> Executive and judicial officers and members of the legislature, before they enter upon their official duties shall take and subscribe the following oath, or affirmation. "I do solemnly swear (or affirm) that I will support the constitution of the United States, and the constitution of the State of Nebraska, and will faithfully discharge the duties of . . . according to the best of my ability, and that at the election at which I was chosen to fill said office, I have not improperly influenced in any way the vote of any elector, and have not accepted, nor will I accept or receive, directly or indirectly, any money or other valuable thing from any corporation, company or person, or any promise of office, for any official act or influence (for any vote I may give or withhold on any bill, resolution, or appropriation)." Any such officer or member of the legislature who shall refuse to take the oath herein prescribed, shall forfeit his office, and any person who shall be convicted of having sworn falsely to, or of violating his said oath shall forfeit his office, and thereafter be disqualified from holding any office of profit or trust in this state unless he shall have been restored to civil rights.

(Emphasis added).

**Neb. Const. art. XVIII, § 4(1) provides:** "We the Voters of the State of Nebraska hereby instruct each member of the Legislature to use all of his or her delegated powers to pass an application . . . as set forth in section (2) of this section. . . ."

**Neb. Const. art. XVIII, § 4(3) provides:**

All primary and general election ballots shall have the information "DISREGARDED VOTERS INSTRUCTION ON TERM LIMITS" printed adjacent to the name of any respective member of the Legislature who:

(a) Fails to vote in favor of the application set forth in subsection (2) of this section when brought to a vote;

(b) Fails to second the application if it lacks for a second;

(c) Fails to vote in favor of all votes bringing the application before any committee or subcommittee upon which he or she serves;

(d) Fails to propose or otherwise bring to a vote of the full legislative body the application if it otherwise lacks a legislator who so proposes or brings to a vote of the full legislative body the application;

(e) Fails to vote against any attempt to delay, table, or otherwise prevent a vote by the full legislative body on the application;

(f) Fails in any way to ensure that all votes on the application are recorded and made available to the public;

(g) Fails to vote against any change, addition, or modification to the application;

(h) Fails to vote in favor of the congressional term limits amendment if it is sent to the states for ratification; or

(i) Fails to vote against any term limits amendment with longer terms if such amendment is sent to the states for ratification.

**LR 1 (95th Legislature, 1st Session) provides:**

To implement initiative measure 409 approved by the voters of Nebraska in November 1996, we, the people, and the Legislature, due to our desire to establish term limits on Congress, hereby make application to Congress, pursuant to our power under Article V of the United States Constitution, to call a convention for proposing amendments to the United States Constitution.

The question, then, is whether the failure of a State Senator to support LR 1 would violate his or her oath to support the Nebraska Constitution, since LR 1 contains the application referenced in Article XVIII, which legislators are "instructed" to support.

One of the keys to this question is the meaning of the phrase "the Voters . . . hereby instruct . . ." in Article XVIII. Does this phrase mean that Senators are constitutionally mandated to vote for LR 1, or does it mean that the voters have given a nonbinding instruction expressing the people's collective desire that Senators should vote for the proposed term limit provision? The word "instruct" is not defined in Article XVIII, and it is not clear whether the "instruction" is to be advisory or mandatory. Nebraska case law does not provide any precedent on this question. Thus, one must consider the alternative interpretations and determine which is most appropriate under Nebraska law.

Under Nebraska law, it is a cardinal rule of construction that where two

differing interpretations are possible, a court must favor a saving construction that renders the provision constitutional. ***Callan v. Balka***, 248 Neb. 469, 481, 536 N.W.2d 47 (1995); ***State ex rel. Bouc v. School Dist. of City of Lincoln***, 211 Neb. 731, 739, 320 N.W.2d 472 (1982); ***School Dist. No. 54 v. School Dist. of Omaha***, 171 Neb. 769, 774, 107 N.W.2d 744 (1961) ("the validity of a statute is favored and when susceptible of two constructions the one holding such statute valid will ordinarily be followed."). ***See also Porta v. Mayor, City of Omaha***, 593 F.Supp. 863, 867 (D.Neb. 1984). Similarly, under Nebraska law, "a statute is presumed to be constitutional, and all reasonable doubts will be resolved in favor of constitutionality." ***State ex rel. Shepherd v. Neb. Equal Opp. Comm.***, 251 Neb. 517, 520, 557 N.W.2d 684 (1997) (emphasis added).

This rule favoring a saving construction is so strong that, "even when a law may be constitutionally suspect, a court will attempt to interpret it in a manner consistent with the Constitution." ***Id.*** (emphasis added); ***Findaya W. v. A-T.E.A.M. Co.***, 249 Neb. 838, 841, 546 N.W.2d 61 (1996); ***Centra, Inc. v. Chandler v. Ins. Co.***, 248 Neb. 844, 859, 540 N.W.2d 318 (1995); ***State ex rel. Grape v. Zach***, 247 Neb. 29, 42, 524 N.W.2d 788 (1994); ***Bamford v. Upper Republican Nat. Resources Dist.***, 245 Neb. 299, 307, 512 N.W.2d 642 (1994)(quoting ***Kwik Shop v. City of Lincoln***, 243 Neb. 178, 182-183, 498 N.W.2d 102, 106 (1993)).

Under these rules of construction, a reviewing court should ascertain whether a construction of Article XVIII is fairly possible by which its constitutionality may be upheld. ***Johnson v. Robison***, 415 U.S. 361, 366-367, 94 S.Ct. 1160 (1974). If a law is susceptible of a reasonable interpretation which supports its constitutionality, the court must accord the law that meaning. ***United States v. National Dairy Prod. Corp.***, 372 U.S. 29, 32, 83 S.Ct. 594, 597 (1963); ***In Re Applications A-16027 et al.***, 242 Neb. 315, 327, 495 N.W.2d 23 (1993).

Article XVIII specifically contemplates that some legislators will oppose the proposed amendment, and expressly provides for informing the voters of this occurrence. ***See*** Neb. Const. art. XVIII, § 4. Furthermore, there is no express language in the Nebraska Constitution which states that legislators who oppose the proposed amendment violate their oath of office. The only consequence provided is to have a legislator's position disclosed to voters. The provisions in Article XVIII providing for such disclosure are specific and would control over more general provisions elsewhere even if otherwise applicable. Consequently, it is illogical to interpret Article XVIII as mandating support for LR 1. Furthermore, if failure to support the amendment was grounds for removal from office, it would be unnecessary to provide a mechanism to inform the electorate of legislators' voting records. Thus, it is illogical to interpret Article XVIII as mandating support for LR 1 upon threat of forfeiture of office.

Furthermore, it is possible that a provision which mandated State Senators to vote a particular way on a particular issue or piece of legislation would be

found unconstitutional under the First Amendment. ***See Bond v. Floyd***, 385 U.S. 116 (1966) ("the oath gives [the State] no interest in limiting its legislators' capacity to discuss their views on local or national policy."). However, a nonbinding statement expressing the will of the people as to how legislators should vote on an amendment is perfectly valid. ***Kimble v. Swackhamer***, 439 U.S. 1385, 1386 (1978) (Rehnquist, Circuit Justice).

Thus, since two interpretations of Article XVIII are possible, choosing the interpretation which construes the provision as mandating support for LR 1 would violate cardinal rules of construction. As discussed previously, it is a cardinal rule of construction that where two differing interpretations are possible, a court must favor a saving construction that renders the provision constitutional. ***Porta v. Mayor, City of Omaha***, 593 F.Supp. 863, 867 (D.Neb. 1984). ***See also State v. Edmunds***, 211 Neb. 380, 386, 318 N.W.2d 859 (1982) ("If possible, a statute should be construed in such a way as to negate any constitutional infirmity.").

Further validating this saving construction of the provisions in question is the fact that Article XVIII is a constitutional amendment approved by an overwhelming majority of Nebraska voters. The Nebraska Supreme Court has stated that in such cases the presumption in favor of validity and of a saving construction are particularly strong. ***Parker v. Roth***, 202 Neb. 850, 861, 278 N.W.2d 106 (1979) ("it is incumbent on this court, when reasonably possible and consistent with constitutional rights, to resolve all doubts as to a statute in favor of its constitutional validity. If possible, a statute should be construed in such a way as to negate any constitutional infirmity [citation omitted]. If such rule properly applies to a statute adopted by the Legislature, all the more should it apply to an amendment to the Constitution approved by an overwhelming majority of the people." (emphasis added); ***Anderson v. Tiemann***, 182 Neb. 393, 397, 155 N.W.2d 322 (1967), ("Constitutional provisions should receive even broader and more liberal construction than statutes, and constitutions are not subject to rules of strict construction. . . . 'Where a statute is susceptible of two constructions, one of which renders it constitutional and the other unconstitutional, it is the duty of the court to adopt the construction which, without doing violence to the fair meaning of the statute, will render it valid'.") (quoting ***State ex rel. Meyer v. Lancaster County***, 173 Neb. 195, 113 N.W.2d 63 (1962)) (emphasis added).

Therefore, Nebraska State Senators who fail to support LR 1 in the next legislative session do not violate their oath of office, and thus would not forfeit their offices.

Sincerely,

| SUBJECT: | Payment to Counties for Holding Inmates Convicted of Felonies |
| REQUESTED BY: | Senator Roger Wehrbein, Chairman, Appropriations Committee |
| WRITTEN BY: | Don Stenberg, Attorney General<br>Laurie Smith Camp, Deputy Attorney General |

You have asked a number of questions regarding the obligation of the state to reimburse counties for the cost of maintaining inmates who have been convicted of offenses "punishable by imprisonment" in facilities under the jurisdiction of the Nebraska Department of Correctional Services. [DCS].

A recitation of applicable statutory provisions will precede our discussion of the issues raised in your letter.

Neb. Rev. Stat. § 28-105 (1995) provides in part:

All sentences of imprisonment for Class IA, IB, IC, ID, II, and III felonies and sentences of one year or more for Class IV felonies shall be served in institutions under the jurisdiction of the Department of Correctional Services. Sentences of less than one year shall be served in the county jail. . . .

Neb. Rev. Stat. § 28-106 (1995) provides in part:

Sentences of imprisonment in misdemeanor cases shall be served in the county jail, except that in the following circumstances the court may, in its discretion, order that such sentences be served institutions under the jurisdiction of the Department of Correctional Services:

(a) If the sentence is for a term of one year upon the conviction of a Class I misdemeanor or for a combined term of one year or more in the event of conviction of more than one misdemeanor offense; [or]

(b) If the sentence is to be served concurrently with the term for conviction of a felony. . . .

Neb. Rev. Stat. § 29-1002 (1995) provides in part:

The cost of keeping and maintaining any prisoner after his or her conviction of any offense punishable by imprisonment in a Department of Correctional Services adult correctional facility, wherever he or she may be kept and confined, shall be paid by the state according to the rate which

may be established by law at the time when such services may be rendered or expenses incurred.

Neb. Rev. Stat. § 29-1003 (1995) provides in part:

The Director of Administrative Services shall allow the account for the costs as provided for in Section 29-1002, and draw warrants upon the treasury therefor, upon being furnished with a certified copy of the judgment or sentence of the court under which such convict is in prison, and an account verified by affidavit, showing where and how long such convict has been kept, pursuant to such sentence.

Neb. Rev. Stat. § 47-119 (Cum. Supp. 1996) provides:

[S]tate prisoner shall mean a person who has been convicted of a felony and has started to serve the sentence imposed under such conviction.

Neb. Rev. Stat. § 47-121 (1993) provides in part:

The county board of each county. . . confining state prisoners within its jails shall receive $3.50 per day for boarding such prisoners. . . . The sheriff or county board of corrections shall, on the first day of January, April, July, and October of each year, make a report in writing to the Director of Administrative Services of the number of state prisoners in custody in such county for the last three months before making its report, when committed, and for what time, [and] the amount due the county for boarding such prisoner or prisoners. . . . Thereupon the director shall quarterly draw his or her warrant upon the State Treasurer for the amount due to the county treasurer of the county, and the amount drawn shall be credited to the general fund of the county.

Basic principles of statutory construction established by the Nebraska Supreme Court require that we (1) look at the statutory objective to be accomplished, problem to be remedied, or purpose to be served, and then place on the statute a reasonable construction which best achieves its purpose, rather than a construction that will defeat the purpose; and (2) conjunctively consider and construe all statutory components to determine the intent of the legislature, so that different provisions are consistent, harmonious and sensible. ***See, e.g., State v. Joubert***, 246 Neb. 287 (1994); ***Anderson v. Nashua Corp.***, 246 Neb. 420 (1994); and ***In Re Guardianship & Conservatorship of Bloomquist***, 246 Neb. 711 (1994).

Legislative history is not available to assist us in ascertaining the legislature's purpose in enacting §§ 29-1002, 29-1003, 47-119 and 47-121 because the core language of the statutes originated in the legislature's earliest years. The legislative history of bills making technical revisions to these statutes over the years does not explain the legislature's original intent and purpose. DCS annual reports inform us that Nebraska inmates were confined in county jails and federal facilities in Nebraska's first years of

statehood. It is likely that the language in §§ 29-1002, 29-1003, 47-119 and 47-121 originated at a time when many inmates who were convicted of felonies and sentenced to be imprisoned for one year or more served their time in county jails due to a lack of state correctional facilities.

Sections 28-105 and 28-106 were enacted as part of the Nebraska Criminal Code in 1977 and reflect the more modern intent of the legislature.

Although others may reach a different conclusion, we find that the reasonable and sensible construction of the above statutes is that inmates who are sentenced to serve a term of imprisonment of one year or more may be confined in facilities under the jurisdiction of DCS at the expense of the state. Such inmates would include those sentenced to serve one year or more in prison for felony convictions, Class I misdemeanor convictions, consecutive misdemeanor convictions, misdemeanor convictions to be served concurrently with felony convictions, and misdemeanor sentences to be served consecutive to felony convictions. Inmates sentenced to terms of imprisonment of less than one year are to be confined in county jails at the expense of the county. Such inmates would include those convicted of misdemeanors or felonies having a sentence or combined sentence totaling less than one year. The fact that an inmate has been sentenced to probation or to a term of confinement for less than one year in a county jail upon conviction of a felony would not cause the state to be responsible for the cost of "keeping and maintaining" the inmate. Our conclusion is reinforced by the fact that the legislature has appropriated no funds for payment to counties under § 47-121, and the fact that the counties have historically acquiesced in bearing the cost of maintaining convicted felons who are sentenced to serve less than one year in the county jails.

Neb. Rev. Stat. § 29-2401 (1995) provides that it is the responsibility of the county sheriff to transport an inmate to DCS when the inmate has been sentenced to that department. So, any delay in the transfer of an inmate from a county jail to DCS would be the responsibility of the county, and the state should not be liable for the county's costs of "keeping and maintaining" any such inmate. Your letter does not suggest that DCS has refused to accept inmates from the counties when the inmates have been sentenced to DCS.

It is recognized that there are times when inmates who have been sentenced to DCS may be placed temporarily in a county jail, just as there are times when a county inmate may be placed in DCS facilities for "safekeeping." Neb. Rev. Stat. § 29-1001 (1995) purports to give the person who has custody of an inmate the power to place the inmate in any secure and convenient place of confinement in the state. This statute can be construed to authorize counties to place their inmates in DCS facilities. It can also be construed to authorize DCS to place its inmates in county facilities. In the past, DCS has billed counties for "safekeeping" of county inmates on a contractual basis. If DCS were to place one of its inmates in a county jail pursuant to § 29-1001, and absent any agreement between DCS and the county for reimbursement, the county would be entitled to bill the

State of Nebraska for $3.50 per day for boarding such inmates pursuant to § 47-121. If there were no funds appropriated by the legislature for payment to the county under § 47-121, then the county would have the right to submit a miscellaneous claim to the State Claims Board seeking reimbursement under Neb. Rev. Stat. §§ 81-8,294 et seq. (1996).

SUBJECT: Constitutional Considerations When Drafting Legislation Imposing a Temporary Moratorium on Construction of Hog Confinement Facilities

REQUESTED BY: Senator Merton L. Dierks
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Timothy J. Texel, Assistant Attorney General

You have requested the opinion of this office concerning the authority of the State of Nebraska to impose a temporary moratorium on the construction and permitting of hog confinement facilities and associated waste handling systems, and constitutional issues to be considered to avoid defects in the legislation. You specifically asked the following two questions:

1. Does the State of Nebraska have authority under the existing Nebraska Environmental Protection Act, the Federal Clean Water Act, or any other provision of law, to impose such a moratorium on permitting hog confinement facilities or any subcategory of the same. If so, under what conditions or justification may this be done?

2. What constitutional considerations must be considered if the Legislature wished to impose a moratorium through legislation and how could legislation be drafted to avoid constitutional defects?

**Authority to Impose a Moratorium**

If the State of Nebraska has the authority to impose a temporary moratorium on construction of hog confinement facilities, the authority would derive from the Legislature's ability to protect the public's health,

safety, and welfare. The State, as a sovereign, has an inherent right to act in order to protect the public's vital interests, such as the health, morals, comfort, and general welfare of the people, known as the police power. ***See, e.g., Energy Reserves Group, Inc. v. Kansas Power & Light Co.***, 459 U.S. 400 (1983); ***Home Building & Loan Ass'n v. Blaisdell***, 290 U.S. 393 (1934). A temporary moratorium would be based on the state's police power, to protect the public's health, safety, and welfare, as well as the state's environmental resources. The Legislature's authority would not be derived from state or federal law, including the Nebraska Environmental Protection Act or the federal Clean Water Act.

We are not aware of anything in the Nebraska Environmental Protection Act or the federal Clean Water Act of 1977 which specifically authorizes or proscribes moratoriums on livestock confinement facilities. The Clean Water Act (an amendment to the Federal Water Pollution Control Act of 1948) states that unless otherwise expressly provided, nothing in the chapter precludes states from adopting or enforcing requirements for the control or abatement of pollution. 33 U.S.C § 1370(1). The only specified limitation is that state standards must be no less stringent than the federal standards. ***Id.*** The statute also states nothing in the chapter shall be construed to impair a state's rights or jurisdiction over the waters of that state. 33 U.S.C. § 1370(2). We reviewed the federal regulations promulgated under the Clean Water Act to control pollution from swine and other livestock feedlots, located at 40 CFR, §§ 412.10 to 412.16 (1996). Our review of these regulations did not disclose any specific prohibition against temporary moratoriums.

It does not appear that the federal Clean Water Act or its related regulations directly address moratoriums on livestock confinement facilities. The issue then turns on what factors a court would consider when reviewing a challenge to a statutory moratorium enacted under the state's police power.

**Constitutional Considerations When Reviewing Moratoriums**

We point out that our review will be general in nature, since we do not have specific legislative language before us. We will attempt to address issues that parties challenging a moratorium are likely to raise. Before turning to specific factors, there are several general principles which should be mentioned.

One general principle of law is that courts view state statutes with a presumption of validity and constitutionality. ***Bridgeport Hydraulic v. Council on Water***, 453 F. Supp. 942, 946 (1977), ***aff'd*** 439 U.S. 999 (1978); ***Sun Oil Co. of Pennsylvania v. Goldstein***, 453 F.Supp. 787, 791, ***aff'd*** 594 F.2d 859 (4th Cir. 1979); ***In re Application A-16642***, 236 Neb. 671, 680, 463 N.W.2d 591, 599 (1990). The Nebraska Supreme Court has stated, "In every constitutional challenge there attaches the presumption that all acts of the Legislature are constitutional with all reasonable doubts resolved in favor of constitutionality." ***Otto v. Hahn***, 209 Neb. 114, 119, 306 N.W.2d 587,

591 (1981). The party challenging the statute has the burden to show that it is in fact unconstitutional. ***Sun Oil*** at 791; ***Haman v. Marsh***, 237 Neb. 699, 708, 467 N.W.2d 836, 844 (1991).

The enactment of a temporary moratorium on a business activity raises a number of potential areas which could form the bases for constitutional challenges. Our research indicates the following issues are often implicated when such legislation is enacted.

**A. Contract Clause Issues**

One potential constitutional issue which might arise if the moratorium were challenged is the impairments of contracts under the Contract Clause of the U.S. Constitution. This clause provides that: "No State shall . . . pass any. . . Law impairing the Obligation of Contracts . . . ." U.S. Const. art. I, § 10, cl. 2. Many of the cases we found in which state moratoriums were challenged involved contract clause claims. Whether this constitutional provision would be implicated by the moratorium legislation you might propose would depend on the types of hog confinement facilities and waste handling systems the legislation affected, whether the facilities were proposed, under construction, or prepared to begin operations, and other similar factors.

The threshold inquiry to determine if the Contract Clause is implicated is whether the state law will in fact create a substantial impairment of contractual relationships. ***Energy Reserves Group, Inc. v. Kansas Power & Light Co.***, 459 U.S. 400, 411 (1983). Although the language used in the Contract Clause is absolute, the prohibition must be accommodated to the state's police power. ***Id.*** at 410. The severity of the impairment will increase the level of scrutiny with which a court will review the legislation. ***Id.*** at 411. It is not necessary that all contractual expectations be totally destroyed in order to find a substantial impairment, though. In determining the extent of the impairment, a court will consider whether the industry involved has been regulated in the past. ***Id.*** Livestock confinement facilities have been regulated by the Nebraska Environmental Protection Act, the regulations promulgated thereunder, and by the federal Clean Water Act and its accompanying regulations. This fact would appear to increase the chances that a moratorium would be upheld.

If it is determined that the legislation constitutes a substantial impairment of contract rights, the state must show that the legislation is based on a significant and legitimate public purpose. ***Id.*** at 411. Thus, the inquiry is "whether the legislation is addressed to a legitimate end and the measures taken are reasonable and appropriate to that end." ***Home Building & Loan Ass'n v. Blaisdell***, 290 U.S. 398, 438 (1934). Such legitimate public purposes could include remedying general social problems, the state's economic interests, and the public's health, as well as other bases. In some early cases dealing with exercises of police powers which impaired contractual rights, such as the ***Blaisdell*** case, the U.S. Supreme Court found

that the public purpose should address an emergency or temporary situation. The Court has since indicated an emergency or temporary situation need not exist in order to uphold statutes interfering with contract rights. ***Energy Reserves Group*** at 412.

Once a legitimate public purpose is identified, a court will determine whether the measures taken in the legislation are reasonable and appropriate to address the public purpose involved. ***Id.*** As previously mentioned, courts will view the statutes involved with a presumption of constitutionality. Also, when reviewing economic and social regulation, "courts properly defer to legislative judgment as to the necessity and reasonableness of a particular measure." ***Energy Reserves Group*** at 413, ***quoting United States Trust Co. v. New Jersey***, 431 U.S. 1, 22-23 (1977).

The outcome of a court's review of moratorium legislation would therefore depend on the nature and seriousness of the public purpose requiring the action, the language used to create the legislation, and whether a moratorium is an appropriate manner in which to address the issue. The Legislature may therefore want to consider these factors when drafting legislation creating a moratorium.

**B. The Commerce Clause**

As with Contract Clause claims, we cannot ascertain for certain whether, or to what extent, the Commerce Clause might be involved in any challenges to a temporary moratorium on hog confinement facilities without reviewing specific legislation on that topic. Many factors would have to be considered, such as the specific restrictions placed on the facilities, precisely what types of facilities are involved, and the extent and nature of their operations.

When reviewing legislation to determine whether the Commerce Clause is implicated, it must first be determined whether the statute is facially discriminatory against interstate competitors of the businesses involved. ***Sun Oil***, 453 F. Supp. at 793. To avoid this defect, the proposed legislation must apply equally to all similarly situated businesses. If it is determined the moratorium is not facially discriminatory, the legislation will be reviewed using a balancing test.

Under the balancing test, any burden on interstate commerce must be balanced against the intended local benefits to be brought about by the legislation. The final consideration is whether there is a less restrictive alternative available which would equally achieve the State's intended purposes. If less restrictive means are available, then those options must be attempted first.

The United States Supreme Court, in describing this balancing test, stated:

> Where the statute regulates evenhandedly to effectuate a legitimate local interest, and its effects on interstate commerce are only incidental,

> it will be upheld unless the burden imposed on such commerce is clearly excessive in relation to the putative local benefits. If a legitimate local purpose is found, then the question becomes one of degree. And the extent of burden that will be tolerated will of course depend on the nature of the local interest involved and on whether it could be promoted as well with a lesser impact on interstate activities.

***Pike v. Bruce Church, Inc.***, 397 U.S. 137, 142 (1970).

For the legislation creating a moratorium to meet the above test, it must first be determined whether interstate commerce is affected. If it is, a legitimate state interest establishing the need for a moratorium would have to be identified and articulated. Once such a state interest is identified, it must be determined how significant the impact of the legislation will be on interstate commerce. The severity of the impact on interstate commerce will then be weighed against the importance of the state's local interest addressed by the legislation.

To avoid successful challenges based on commerce clause issues, the Legislature should ensure that the moratorium, and the means used to operate and enforce the moratorium, are the least restrictive and least burdensome alternatives available which will achieve the Legislature's objectives.

### C. Due Process

Another issue to be considered when drafting moratorium legislation is the due process rights of the affected parties. These could take many forms, again depending on the statutory language. These considerations may be especially relevant if hog confinement facilities already in existence are affected, such as being temporarily proscribed from expanding or altering the facilities. Any facilities where construction has already begun might also be affected.

Parties wishing hearings to determine whether their operations constitute the type of facility controlled by the statute could challenge the moratorium. They might allege that hearings are required for each facility in order to determine whether it is a hog confinement facility under the statute, and whether that facility actually causes the type of harm the legislation is intended to temporarily abate. Whether such challenges would have any merit again depends on the legislative language.

In one case where such arguments were made, the court found that such hearings were not required. In the ***Sun Oil*** case, cited above, Maryland created a moratorium on allowing full service gas stations (with automobile repair facilities) to convert to gas only stations. The purpose was to ensure adequate automobile repair facilities existed to serve motorists operating on Maryland's roadways. Legislative action was deemed necessary due to the number of stations converting to gas-only and eliminating their repair shops.

Although the moratorium prohibited stations from eliminating existing repair shops, it did not prohibit closing the station entirely, nor the building of new gas-only stations where none had previously existing. The court found that the requested hearings were unnecessary and unreasonable, since the provisions of Maryland's moratorium law were sufficient to meet due process requirements.

We note that the length of the moratorium is not a determining factor when reviewing the legitimacy of a moratorium. "[T]he test is whether the statute has a reasonable relation to the legitimate State purpose. . . not its legislative life." ***Sun Oil*** at 795.

In another case involving a moratorium, a city enacted a temporary moratorium on construction permits. In ***Tisei v. Town of Ogonquit***, 491 A.2d 564 (Me. 1985), the stated purpose of the moratorium was to prevent overloading the town's public services, to lessen the strain on the town's water supply and sewer system, and to protect the town's soil. A committee was established to review the town's existing ordinances while the moratorium was in effect. In reviewing whether the moratorium was a proper exercise of the town's police powers, the court found that a municipality could use its police powers to withhold approval of new construction projects for a limited time. In determining whether the moratorium was within the town's police powers and did not violate due process requirements, the court used a three-step review process.

1. The *object* of the exercise must be to provide for the public welfare.
2. The legislative *means* employed must be appropriate to the achievement of the ends sought.
3. The *manner of exercising* the power must not be unduly arbitrary or capricious.

***Tisei*** at 569, citing to ***State v. Rush***, 324 A.2d 748 (Me. 1974) (emphasis in original). Although the facts in the ***Tisei*** case are not specifically what is before us with a statewide moratorium, the case may be analogous in that the court addressed a temporary construction moratorium imposed so that a governmental entity could study an issue before a more serious situation arose. The court in ***Tisei*** overturned the summary judgment the lower court had entered for the town. The test used by the court may provide a useful general guide when determining what factors should be considered in order to avoid due process violations.

**D. Equal Protection**

Another constitutional issue which should be considered when drafting legislation creating a moratorium is equal protection guarantees under the United States and Nebraska Constitutions.

When reviewing legislation challenged on equal protection grounds, it is clear that unless a legislative classification involves a fundamental personal

right or inherently suspect class, such as race, alienage, or national origin, "courts will ask only whether a rational relationship exists between a legitimate state interest and the statutory means selected by the legislature to accomplish that end." ***State v. Garber***, 249 Neb. 648, 653, 545 N.W.2d 75, 79 (1996). ***See also Cleburne v. Cleburne Living Center, Inc.***, 473 U.S. 432, 440 (1985); ***New Orleans v. Dukes***, 427 U.S. 297, 303, (1976); ***State ex rel. Spire v. Northwestern Bell Tel. Co.***, 233 Neb. 262, 445 N.W.2d 284 (1989). The Nebraska Constitution has identical requirements. Neb. Const. art. III, § 18; ***Robotham v. State***, 241 Neb. 379, 385, 488 N.W.2d 533, 539 (1992). Equal protection challenges brought under article III, § 18 of the Nebraska Constitution would likewise be tested for a rational basis unless a suspect classification was involved. ***Robotham*** at 385, 488 N.W.2d at 539; ***Haman*** at 712, 467 N.W.2d at 846 (1991). If a rational relationship to a legitimate state interest is found to exist, a court will uphold the legislation. ***Garber*** at 653, 545 N.W.2d at 79. The rational basis test for equal protection is violated "only if the classification rests on grounds wholly irrelevant to the achievement of the State's objective." ***Garber*** at 654, 545 N.W.2d at 79, ***quoting McGowan v. Maryland***, 366 U.S. 420, 425 (1961).

In order to evaluate equal protection claims, a court may use a three-step analysis: 1) whether the law creates classifications, 2) if classifications are created, whether the law embodies a legitimate state interest, and 3) whether the classifications are rationally related to that legitimate state interest. ***Sun Oil*** at 796. So long as fundamental rights and suspect distinctions are not involved, a court will examine these factors only for constitutionality--not on the wisdom, necessity, or strength of scientific support for the Legislature's policy decisions. ***New Orleans*** at 303, 96 S.Ct. at 2517; ***Garber*** at 654, 545 N.W.2d at 79; ***Otto*** at 119, 306 N.W.2d at 591. The Nebraska Supreme Court has stated that under the rational basis standard, a legislature is not required to adopt the best solution, only a solution which has a rational relationship to the state's interest. ***Garber*** at 654, 545 N.W.2d at 79. When the legislation deals with economics and social welfare, equal protection is not violated merely because the classifications are imperfect or when in practice it results in some inequality. ***Otto*** at 118, 306 N.W.2d at 591, ***citing Dandridge v. Williams***, 397 U.S. 471 (1970).

**Conclusion**

The potential for constitutional and other legal issues which might arise from a temporary moratorium on hog confinement facilities are as varied as the possibilities for the language which would create the legislation. However, certain general issues are often involved in judicial reviews of moratoriums. One primary factor in a review of the constitutionality of any such legislation would likely deal with whether it addresses a legitimate state interest. It is therefore important to identify and articulate the State's interest and purpose justifying the legislation.

Another principle to consider is that legislation enacted pursuant to the state's police powers must have a real and substantial relation to a legitimate

state purpose, and the means of enforcement must be reasonable. When exercising police powers, "the legislature has broad and flexible authority, particularly in the areas of public health and safety." ***Bridgeport Hydraulic*** at 946. Whether a court would uphold a temporary moratorium on hog confinement facilities depends on such factors as the legitimate state interest involved, the particular statutory language creating the moratorium, the declared purpose for the moratorium, and how the moratorium is to operate and be enforced. A court would consider these factors and decide whether a moratorium was a reasonable method to address the state's interests.

Because current Nebraska statutes and regulations control hog confinement facilities, it would be helpful if the Legislature distinguished why current statutes and regulations are inadequate, or why they are adequate for current facilities, but not for the new types of proposed facilities and waste handling systems. A distinction explaining how the new facilities differ and the public and/or environment would not be adequately protected by the current controls would assist a court reviewing these issues.

Although the foregoing discussion addresses several issues which have been raised by parties challenging statutory moratoriums, it is probably not a complete list of all bases upon which a moratorium might be challenged. We hope this brief analysis of these complex issues is of assistance when drafting legislation on this topic.

Sincerely,
DON STENBERG

Opinion No. 97046

DATE: September 11, 1997

SUBJECT: Imposition of State Sanctions Against Employers Who Hire Illegal Aliens

REQUESTED BY: Senator Donald G. Preister

WRITTEN BY: Don Stenberg, Attorney General
L. Steven Grasz, Deputy Attorney General

You have requested an Attorney General's Opinion as to whether the State of Nebraska could enact a law imposing fines on businesses or employers who hire illegal aliens/undocumented workers. You note in your request that the federal government regulates immigration, and you ask whether a

state statute imposing such fines on employers would be constitutional.

The U.S. Supreme Court has "long recognized the preeminent role of the Federal Government with respect to the regulation of aliens within our borders." ***Toll v. Moreno***, 458 U.S. 1, 102 S.Ct. 2977, 2982 (1982). However, federal preemption of state laws regarding illegal aliens is not automatic. In ***DeCanas v. Bica***, 424 U.S. 351, 96 S.Ct. 933 (1976), the Supreme Court addressed the issue of whether a California statute prohibiting employers from knowingly employing illegal aliens was unconstitutional under the Supremacy Clause of the U.S. Constitution. ***Id.*** at 935. The California statute imposed fines on employers of $200-$500 for each offense. ***Id.*** at 935 n.1.

The Supreme Court held that federal law, including the Immigration and Nationality Act, 66 Stat. 163, as amended, 8 U.S.C. § 1101 et. seq., did not preempt the California statute. ***Id.*** at 937. The Court stated that "States possess broad authority under their police powers to regulate the employment relationship to protect workers within the State." ***Id.*** at 937. However, federal law, as it then existed, did not contain penalties for hiring illegal aliens. The Court noted that "H.R. 8713, now pending in Congress, would amend 8 U.S.C. § 1324 to provide a penalty for knowingly employing an alien not lawfully admitted to the United States." ***Id.*** at 936 n.4.

Today, 8 U.S.C. § 1324a makes it unlawful to hire an unauthorized alien, and provides for civil penalties for each violation. Most importantly, for purposes of the question presented, § 1324a(h)(2) now expressly provides that "The provisions of this section preempt any State or local law imposing civil or criminal sanctions (other than through licensing and similar laws) upon those who employ, or recruit or refer for a fee for employment, unauthorized aliens." (emphasis added).

Consequently, the answer to your question is that any state statute imposing fines on employers for hiring illegal aliens would violate 8 U.S.C. § 1324a(h)(2) and the Supremacy Clause of the United States Constitution.

Sincerely yours,
DON STENBERG

Opinion No. 97047

DATE: September 10, 1997

SUBJECT: Office of the County Comptroller; Counties Having Less than Three Hundred Thousand Inhabitants

REQUESTED BY: Senator Joyce Hillman
Nebraska State Legislature, District No. 48

WRITTEN BY: Don Stenberg, Attorney General
Fredrick F. Neid, Assistant Attorney General

You have requested the opinion of the Attorney General concerning whether ". . . counties with less than 300,000 population can have a county comptroller or a similar position." The question you present constitutes a local issue of particular interest to counties which this office would not normally address within the scope of its responsibilities. However, we respond to your request for an opinion since you indicate you are considering remedial legislation.

It is our opinion that application of the statutory provisions creating the office of county comptroller is limited to counties having a population greater than three hundred thousand residents. Accordingly, the office of county comptroller is not created in counties with less than three hundred thousand inhabitants.

## OFFICE OF THE COUNTY COMPTROLLER

You appear to raise this question because the office of county comptroller is specifically created by statute in counties having a population in excess of three hundred thousand residents. Neb. Rev. Stat. § 23-1401 (1991) states in particular part:

> In any county in this state having a population in excess of three hundred thousand inhabitants, there is hereby created the office of county comptroller for such county, and the county clerk of such county shall be the ex officio county comptroller for the county. The county comptroller shall act as the general accountant, chief auditing officer, internal auditor, and fiscal agent of the county and shall exercise a general supervision over all officers of the county charged in any manner with the receipt, collection, and or disbursement of the county revenue. . . .

(Emphasis added).

The express provisions of section 23-1401 apply only to counties having a population exceeding three hundred thousand residents. The language of the statute is clear and unambiguous. The general rule governing statutory construction and interpretation provides that, in the absence of anything to the contrary, statutory language is to be given its plain and ordinary meaning. ***State ex rel. Wieland v. Beerman***, 246 Neb. 808, 523 N.W.2d 518 (1994); ***In re Application of Jantzen***, 245 Neb. 81, 511 N.W.2d 504 (1994). For this reason, it is our conclusion that the office of county comptroller is not established in counties with a population of less than three hundred thousand inhabitants.

## OTHER STATUTORY PROVISIONS

We further point out that certain statutory responsibilities of a county comptroller are performed by other officers in counties with less than three hundred thousand residents. It is the duty of the county clerk to keep records of all proceedings of the county board, to prepare the annual inventory of county personal property within the custody of the county clerk, to maintain the record of any county warrants issued, and to perform other responsibilities detailed in Neb. Rev. Stat. §§ 23-1301 to 23-1312 (1991 and Cum. Supp. 1996). Generally, the county treasurer performs the duties of fiscal agent for the county. ***See*** Neb. Rev. Stat. §§ 23-1601 to 23-1606 (1991 and Cum. Supp. 1996). And, it has been held that the county treasurer is the collector and custodian of public money within the meaning of the Nebraska Constitution. ***State ex rel. Good v. Marsh***, 125 Neb. 125, 249 N.W. 295 (1933).

Specific duties expressly provided by statute to be performed by specific county offices cannot be performed by other county officials. The courts have held that counties and county officials only have such authority as provided by law. A county has only those duties and powers conferred upon it by the Legislature. ***State ex rel. Scherer v. Madison Cty. Comrs.***, 247 Neb. 384, 527 N.W.2d 615 (1995); ***Rock Cty. v. Spire***, 235 Neb. 434, 455 N.W.2d 763 (1990). It has also been held that counties and county boards can exercise only such powers as are expressly conferred upon them by statute, and such grant of power must be strictly construed and any reasonable doubt of existence of powers is resolved against them. ***Shanahan v. Johnson***, 170 Neb. 399, 102 N.W.2d 858 (1960).

Based on these authorities, we believe that certain duties and powers designated by statute to be performed by specific county offices are required to be performed by those offices and not by other officials. Accordingly, it is our opinion that a specific duty statutorily required to be performed by the county clerk or treasurer may not be performed by a county comptroller "or a similar position" in counties having a population of less than three hundred inhabitants.

DON STENBERG

## RESOLUTIONS

**LEGISLATIVE RESOLUTION 306CA.** Introduced by Brown, 6.

THE MEMBERS OF THE NINETY-FIFTH LEGISLATURE OF NEBRASKA, SECOND SESSION, RESOLVE THAT:

Section 1. At the general election in November 1998 the following proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for approval or rejection:

To add a new section 6 to Article IX:

IX-6 "(1) The territories and governments of any city or village and of the county in which the city or village is located may be unified into one political subdivision under a charter form of government known as a home rule charter county. Creation of a home rule charter county may be proposed by: (a) Petition filed with the county board signed by registered voters of the county in number not less than five percent of the voters voting in the county at the most recent gubernatorial election; or (b) resolution of both the county board and the governing body of any city or village in the county. At the next primary or general election after the filing and verification of the petition or after the adoption of a resolution by both the county and the city or village, members of a charter convention shall be elected consisting of fifteen freeholders who have been registered voters of the county for at least five years at the time of the election.

(2) The convention shall frame a charter for the home rule charter county.

Within four months after election of the charter convention, the proposed charter shall be delivered to the county clerk who shall publish the proposed charter in at least one paper of general circulation within the county once each week for three consecutive weeks. Not less than thirty days after the last publication, the proposed charter shall be submitted to the registered voters of the county, inclusive of the ~~city or village~~ cities and villages, at a primary or general election or a special election called for that purpose. The charter shall specify the cities or villages which will be unified into the home rule charter county. Any alternative article or section of the proposed charter may be voted on separately without prejudice to others.

(3) If the proposed charter is rejected, the home rule charter county shall not be formed until a new charter convention is called and elected as provided in this section.

(4) If a majority of those voting on the issue vote in favor of the charter, at the end of sixty days after the election the charter of the home rule charter county shall take effect. The new governing body for the home rule charter government shall then convene and the governing bodies of the county and the city or village shall be dissolved. Duplicate copies of the charter shall be certified by the county clerk and authenticated by the corporate seal of the county, and one copy shall be filed with the Secretary of State and another filed in the archives of the county. The home rule charter county shall have all functions, obligations, rights, powers, and privileges exercised by, held by, or granted to the county, to any city or village unifying into the home rule charter county, or to the officials of the county, city, or village prior to dissolution. The charter may be changed or amended after adoption in the same manner as provided in Article XI, section 4, of this Constitution for city charters. To the extent necessary to prevent impairment of any rights, the general obligation bond indebtedness of the city, village, or county at the time of dissolution remains the obligation solely of the city, village, or county as it existed immediately prior to dissolution.

(5) If creation or operation of the home rule charter county is inconsistent with other provisions of this Constitution or the laws of the State of Nebraska, the provisions of this section and the charter adopted under this section shall prevail. Nothing in this section shall authorize creation of a home rule charter county other than by unification of one or more cities or villages into the county in which they are located.".

Sec. 2. The proposed amendment shall be submitted to the electors in the manner prescribed by the Constitution of Nebraska, Article XVI, section 1, with the following ballot language:

"A constitutional amendment to provide for unifying the territories and governments of a county and any city or village within the county to form a home rule charter county.

A vote to exceed the limits provided in section 77-3442 must be approved prior to September 30 of the fiscal year which is to be the first to exceed the limits. The governing body of the political subdivision may call for the submission of the issue to the voters (a) by passing a resolution calling for exceeding the limits by a vote of at least two-thirds of the members of the governing body and delivering a copy of the resolution to the county clerk or election commissioner of every county which contains all or part of the political subdivision or (b) upon receipt of a petition by the county clerk or election commissioner of every county containing all or part of the political subdivision requesting an election signed by at least five percent of the registered voters residing in the political subdivision. The resolution or petition shall include the amount of levy which would be imposed in excess of the limits provided in section 77-3442 and the duration of the excess levy. The excess levy shall not have a duration greater than five years. The county clerk or election commissioner shall place the issue on the ballot at an election as called for in the resolution or petition which is at least thirty days after receipt of the resolution or petition. ~~The~~ Except as provided in this section, the election shall be held pursuant to the Election Act. (2) The county clerk or election commissioner may set a uniform date for a special election to be held before September 30, 1998, to submit the issue of exceeding the limits provided in section 77-3442 to the voters of political subdivisions in the county seeking additional levy authority. Any political subdivision may individually or in conjunction with one or more other political subdivisions conduct a special election on a date different from that set by the county clerk or election commissioner.

(3) In lieu of the election procedures in subsection (1) of this section, any political subdivision subject to section 77-3443, other than a Class I school district, and villages may approve a levy in excess of the limits in section 77-3442 or the

allocation provided in section 77-3443 for a period of one year at a meeting of the residents of the political subdivision or village, called after notice is published in a newspaper of general circulation in the political subdivision or village at least twenty days prior to the meeting. (4) For purposes of this section, when the political subdivision is a sanitary and improvement district, registered voter means a person qualified to vote as provided in section 31-735. Any election conducted under this section for a sanitary and improvement district shall be conducted and counted as provided in sections 31-735 to 31-735.06.

(6) For purposes of any election held pursuant to this section prior to September 30, 1998, the time for certification of the issue to be submitted to the voters specified in section 32-559 shall be reduced from at least fifty days prior to the election to at least thirty days prior to the election and the time for publication of, posting of, and providing a copy of the notice of election specified in section 32-802 shall be reduced from no later than forty days prior to the election to one time no later than twenty days prior to the election.

(7) Any call by a governing body of a political subdivision for an election pursuant to this section and any signature of a registered voter on a petition requesting an election or submission of petitions to an election commissioner or county clerk pursuant to this section shall not be invalid because the call, signature, or submission occurred before the effective date of this act if the call, signature, or submission occurred on or after December 1, 1997.

No member, other than the primary introducer, may offer more than a total of three motions, amendments or amendments to amendments on any bill or resolution at any one stage of debate unless, in the judgement of the presiding officer, the application of this subsection in a specific case would preclude a full and fair debate.

Fee payments shall be remitted to the council on a regular basis as established by the council. Nonodorized propane shall not be subject to the fee until odorized. The council may establish a late payment charge and provide for interest, at a rate equal to the maximum rate of interest allowed per annum under section 45-104.01 as such rate may from time to time be adjusted by the Legislature, to be imposed on any person who fails to remit any amount due under the act.

(2) Any funds which are due to the State of Nebraska and collected from a national assessment levied on propane shall be

designated and accrue to the benefit of the council and shall be spent in accordance with the National Propane Education and Research Act.

(3) Funds collected by the council shall not be used in any manner for influencing legislation or for political campaign contributions.

All retail marketers of retail propane in Nebraska shall carry minimum liability insurance coverage of at least two million dollars, with proof of insurance provided to the State Fire Marshal. All persons employed in the installation or service of any propane system shall fully comply with training requirements provided in applicable sections governing the sale of propane as set forth by the National Fire Protection Association. Applicable requirements for guidelines as set forth by the National Fire Protection Association shall be enforced by the office of the State Fire Marshal.

Violation of this section shall subject the violator to a civil penalty of not less than one hundred dollars per day and not more than one thousand dollars per day. In case of a continuing violation, each day constitutes a separate offense. The amount of the penalty shall be based on the degree and extent of the violation. The Attorney General or each county attorney to whom the State Fire Marshal reports a violation shall institute appropriate proceedings without delay to assure compliance with this section.

Sec. 24. (1) The council may on its own initiative and shall upon the petition of retail marketers representing at least thirty-five percent, as determined by the council, of the total volume of odorized propane sold at retail in the State of Nebraska hold a referendum to be conducted by an independent accounting firm selected by the council to determine whether the council should be suspended or terminated. The council shall pay the costs of the referendum under this section.

(2) The council shall be suspended or terminated if suspension or termination is approved by retail marketers representing more than fifty percent, as determined by the council, of the total volume of odorized propane sold at retail in the State of Nebraska.

Sec. 25. It is the intent of the Legislature that the price of propane shall always be determined by market forces. The council shall take no action to interfere in any manner with the free market process.

Sec. 26. Any person who unreasonably fails or refuses to pay any fee due under the Propane Education and Research Act may be subject to legal action by the council to recover the fees due,

plus interest and costs.

Sec. 27. **MOTION - Adopt Permanent Rules**

Mr. Chambers offered the following amendment to the first proposed rules change to RULE #2:
2. In line 1, strike "three" and insert "nineteen".

Pending.

**MOTION - Escort Governor**

Mrs. Kiel moved that a committee of five be appointed to escort the Governor of the State of Nebraska to the Legislative Chamber to deliver his State of the State and Budget Address.

The motion prevailed.

The Chair appointed Messrs. Coordsen, Wesely, Hilgert, Preister, and Mrs. Bohlke to serve on said committee.

The committee returned and escorted Governor Ben Nelson to the rostrum where he delivered the following State of the State and Budget Address.

**SUCCESS 2000 - A BRIGHTER FUTURE FOR ALL**

I have lived in this state my whole life, yet I never cease to be amazed by its beauty and its people. Nebraska is still the great, open land of new horizons that the Native Americans knew, and its people are still as open as those horizons. We're still as free and hard-working and willing to share as we were when our pioneer ancestors arrived here.

Despite the skeptics and the critics and those predicting bad times ahead, Nebraska is thriving. As I travel across this vast state, I don't see the "Buffalo Commons" developing. I see new opportunity, new jobs and new technology.

Nor do I see the county lines and the other artificial boundaries. I see Nebraska - ONE Nebraska. I see the continuation of the great plains adventure.

- We have the lowest unemployment rate in the country at 1.9 percent.
- Our population increased nearly 5 percent from 1990 to 1996.
- At the same time, the number of jobs grew 13 percent.
- Nebraska workers are making more money. New full-time jobs in the state are paying about $3 more per hour than existing jobs. Thirty percent of the full-time jobs available in the state are paying at least $12 an hour.
- Our per capita income is up 7.4 percent, the fourth best growth rate in the nation.
- We've tripled our international exports, creating even more jobs here at home.
- Our economy is outperforming regional and national economies.

People are staying here and moving here, not just because of job opportunities, but also for our high quality of life.

- Our students rank in the top five in nearly every national assessment.
- By giving our struggling families the help they need to be self-sufficient, we have reduced the number of Nebraskans on public assistance by nearly 19 percent over just four years.
- We have become a leader in the promotion of ethanol, and I will soon sign an executive order on the use of more renewable energy by state agencies.
- We have a clean environment, a low crime rate and the best neighbors you'll find anywhere.

Our challenge is to continue a prosperous course into the future, and I believe Success 2000 is the right course that will lead Nebraska to a new century of progress and prosperity.

In many ways, Nebraska still is what America once was. We saw that demonstrated again in October when a dangerous snowstorm left many stranded and others in cold, dark homes. Nebraskans pulled together to survive, neighbor helping neighbor.

That community spirit can also be seen every year at the Nebraska State Fair, a real slice of genuine America. It's a tradition that showcases the diversity, the heritage and the hospitality of our One Nebraska. Even today, the sights,

sounds and smiles bring back fond childhood memories of going to the fair with my parents.

At last year's fair, we thought it would be fun to ask some of our younger fair-goers to tell us what they would do if they were Governor. Their responses give us a positive picture of the kind of children we're raising.

The number one topic was education. Many of them wanted more money for their schools for books and computers. Of course, some kids thought it would be great to attend school for just half an hour or to have no school on Mondays. But there were also those eager students who wanted to go to school year-round to learn even more.

Indeed, our school system is producing some brilliant children like Lincoln sixth grader Tyler Cantrell. He thinks I should be President! Tyler, you're the newest Admiral in the Great Navy of the State of Nebraska!

It should come as no surprise that our kids think big. If young Sarah were Governor, she would give everyone a million dollars a week. Alex would make baseball the "bestest" game in the world. And Jesse, I'd love to give your Dad a raise - if it fits in our budget!

We are also raising a very caring group of children. They are concerned about the hungry, the homeless and those with special needs. They worry about their peers using tobacco, alcohol and drugs. And they are thinking about the future - about keeping our streets safe, our environment clean and our taxes low.

There is one item on their wish list I can take care of today. It comes from Justin Lamberson, another Lincoln sixth grader. He said if he were Governor, he would make sure adults listen to kids.

An ancient proverb tells us:

"If we want to learn something, we must listen to the children."

Our young people do see things from a very different perspective, and the value of their opinions and ideas should never be underestimated.

Children are 100 percent of our future. They are Nebraska's 21st Century. And they are the driving force behind Success 2000 - our plan to create a brighter future for all.

When I think about our children's future, I naturally think of my own children. When I gave my first State of the State Address seven years ago, they were still in school. Today, they are "20-somethings" - part of the generation I refuse to label with an "x."

Over the past seven years, Diane and I have become in-laws and grandparents. We are very fortunate that all our children have chosen to build their lives in their home state of Nebraska.

The 1990s have been good to the Nelson family. I believe many Nebraska families will look back at this decade as one of progress and prosperity. I also want to make sure our families can look ahead with optimism to the next decade, the beginning of a new century. That is why the heart of my legislative package for this session is children and families.

The starting point is to make sure our children are growing up healthy. We have nearly 30,000 children living in low-income households without health insurance. Too often, the emergency room is the only place to which the parents can turn when their children are ill.

Our "Kids Connection" program will provide them with basic health coverage by using existing state funds to match new federal funding. It's an investment in healthy children, an investment that will pay off by reducing health care expenses for all of us now and into the future.

The state funding for Kids Connection is part of a new health trust fund, another Success 2000 initiative. This fund is designed to slow the rapid rise in health care costs by making sure appropriate care is available across the state.

The sale of tobacco to minors is another health challenge facing our young people. Tobacco use is the largest preventable cause of death and disease in Nebraska. If our kids can't get their hands on tobacco products, they can't get hooked. Establishing a Tobacco Registry will improve compliance checks, increase enforcement of our laws and allow for educational programs.

At the same time, we must continue our commitment to keep our children drug and alcohol-free. We will continue our efforts to take dangerous substances like methamphetamine off our streets. And we will continue spreading the word that drugs are a dead end.

The DARE program has already touched the lives of 160,000 young people in our state. Students, teachers and parents all tell me it's working. Continued funding for the DARE program is an investment in a drug-free future.

Another major investment we make in the lives of our children is education. One of our strongest advocates of educational excellence is New York attorney Ted Sorensen. He was raised and educated in Nebraska and went on to a distinguished career as a presidential advisor and best-selling author.

Sorensen was back in Lincoln in 1996 to deliver the very first Governor's Lecture in the Humanities. He said that in order for our students to be ready

for the 21st century, they "must not only be *stuffed* with information, but *stretched* to open their minds."

Providing that kind of quality education is essential if we want our students to compete with their peers in other states and other countries. That's why we must finish work on the establishment of voluntary statewide academic standards. My Cabinet on Quality Education, established as part of the Success 2000 agenda, has made standards job one.

With our tight labor market, keeping our children in Nebraska to continue their education and their careers has never been more important. Nebraska businesses tell us their top priority is workforce attraction and retention.

We know it's natural for young people to get restless and want to see what life is like elsewhere. But, as my own children discovered when they moved out of the state, there is no place like Nebraska.

We've known for a long time that we have something special here. In one of his State of the State Addresses, Governor Silas Holcomb said:

> "People who have left the state with a view of finding more favorable locations are fast returning, convinced that Nebraska offers advantages equal to those of any other portion of the Union."

He gave that speech 99 years ago. The words are even more true today.

The "brain gain" scholarship program is a positive step toward stopping the "brain drain." We can keep our most promising students in Nebraska by giving them an incentive to study here and stay here.

Our workforce initiatives also include the promotion of internships and an international campaign to market the good education, good jobs and good life of Nebraska. My upcoming summit on workforce development is another positive step toward providing the quality workforce that will keep our economy growing.

Job growth in Nebraska has been shared equally by metropolitan and rural areas, and we need to build on the success of our statewide economic development efforts. By giving our Rural Development Commission more stability and flexibility, we strengthen our partnerships across the state.

Agriculture continues to be the backbone of Nebraska. We will continue to be aggressive in promoting Nebraska quality around the globe. We will also continue to bring people together to tackle the tough issues facing the industry.

- As the nation's largest exporter of red meat, we have set the standard for beef quality. Our efforts to unite all segments of the beef industry to solve the E. coli problem will also help us maintain our role as a leader in beef safety.

- I am also confident that by working with the agriculture industry, environmental interests and sound science, we can make sure that future livestock developments are good for our economy while protecting our environment.

- We will continue our efforts to work with the State of Kansas to resolve the Republican River issue. Despite the focus of Kansas officials on litigation, we seek negotiation.

In this vast state, our highway system keeps our economy moving. To shift our highway program into high gear, I am proposing a one-time boost of $50 million from the reserve fund. This will allow us to accelerate much needed projects that otherwise would have to wait until after the turn of the century.

At the same time, we cannot allow inaction by Congress to create roadblocks in Nebraska's highway improvement plans. To replace the dollars we were promised, we need to use our reserve fund on a temporary basis to keep our highway plans on track without forcing an increase in the gas tax.

The information superhighway is providing us with tremendous opportunities. But we must make sure we are managing the technology, not the other way around. Our information technology initiative will provide planning and coordination to make sure we are getting the biggest bang for our technology buck. Our goal is to provide government services better, faster and cheaper.

Nebraska is already a recognized leader in technology. We rank fifth in the country in the ratio of computers to students and third in the percentage of schools with access to the web.

By continuing to work with schools and communities across the state, we can stay on top. Being a leader provides the most opportunities for the experts of the future - those kids we now rely on to program our VCRs!

Our children and our families cannot face the future with optimism if they don't feel safe. Nebraska remains one of the safest states in the country, and we intend to stay that way by putting more of our troopers on the roads. Those who do fall victim to crime will benefit from a new victim notification system - a system that has the potential to save lives.

These initiatives on health, education, the economy, technology and safety are necessary to support the high quality of life we now enjoy and the quality of life we want our children to enjoy in the future.

But one issue continues to cloud the horizon. We must take care of the unfinished business of tax reform. Nebraskans have made it very clear that they want tax relief to be a priority again this session.

We've cut the growth in spending. We've merged state agencies. We've proven that we can provide for the needs of the state, keep an adequate amount in reserve and cut taxes at the same time. We're ready to continue that course.

1997 was a very significant year for the citizens of Nebraska.

- We finished the fiscal year with the highest budget balance and the largest cash reserve in Nebraska history.
- At the same time, we passed a 5-percent income tax cut.
- The self-employed can now deduct 100 percent of their health insurance costs.
- We made 3,600 more Nebraskans eligible for homestead exemption benefits.

1997 was a good year, and 1998 will be even better. Our growing economy has given us the opportunity to make our tax cuts permanent and larger. To achieve true tax reform, we must also take steps to control local spending and property valuations.

I was curious to see if tax cuts were an issue in Nebraska a century ago. But I couldn't find a State of the State Address from 1898. As it turns out, there was no legislative session that year.

But if you check the next year - Governor Holcomb's address to the 26th State Legislature - you'll see that there has long been opposition to the idea of taking more taxes from the people than are needed.

When that happens, as Governor Holcomb said:

> ". . . a wrong is committed against the people, the burdens of taxation become oppressive, and the people have a just right to complain."

Reducing the personal income tax is the best way to allow Nebraska families to benefit from our growing economy - an economy their hard work has built.

Financial projections clearly show that the temporary 5-percent income tax cut enacted last year cannot only be permanently sustained, but also increased an additional 2 percent across the board.

The right course for the State of Nebraska is to resist the urge to increase spending and allow more dollars to stay with Nebraska families.

It is also time to take action to resolve the property tax dilemma - a problem that goes back decades. The state has tried to ease the property tax burden numerous times by increasing state aid. Aid to individuals, schools and local

governments is now 60 percent of our state budget. But those increases have failed to produce property tax relief. Instead, they've resulted in more local spending and even higher local property taxes.

State aid to schools will increase by more than $110 million starting this year. We must take steps now to ensure that this increased state aid is used for property tax relief, not new spending.

I'd like to share with you a section from the Uniform Instructions to County and Precinct Assessors. This particular passage explains why a reduction in property valuations did not achieve the intended results of tax relief.

> ". . . there is obviously only one way to accomplish this result and that is LOWER THE EXPENDITURES OF THE STATE AND ITS TAXING SUBDIVISIONS."

The last few words are capitalized for emphasis. Now, guess what year this was written. The Tax Commissioner was W.H. Osborne Jr., and he published this in 1922 - 76 years ago.

Nebraskans knew then, and we know now, that the only way to achieve true, long-term property tax relief is to lower spending. It's time we got the job done.

That's why I am proposing to limit increases in the amounts local governments can spend in any one year to 2.5 percent. This spending cap guarantees that the levy limits established last session meet their goal - property tax relief.

Under the proposal, local governments could only use increased state aid, local sales tax dollars, keno proceeds or any other ongoing revenues to decrease the reliance on property taxes, not for more spending.

The cap encourages consensus building. Because voters have the option of overriding the spending cap and the levy limit, communities will decide for themselves if they want increased spending or property tax relief. The ultimate result is more local control.

While limiting local spending, we must continue our efforts to control spending at the state level - efforts that have held the average annual growth in state operations to less than 3.5 percent during this administration.

While spending is an important part of the property tax equation, property valuations also have a major impact on the final result. For many Nebraskans, the real property tax shock comes when their property is reassessed, and they find out their new valuations. Your starter home suddenly seems like a starter mansion, and your dream house turns into a property tax nightmare!

I've developed a two-part approach that will prevent the huge spikes in property valuations and property tax bills that have frustrated too many Nebraskans.

- First, we need to limit to 15 percent the amount that assessed valuations can increase in any one year.

- Second, we need to require the use of five years of sales data to set the level of assessment. This will slow the growth of assessed valuations and put the brakes on the valuation roller coaster.

This adds common sense to a system that threatens to tax people out of their homes.

We also see property tax relief when communities work together to provide services more efficiently. That's why I am also proposing a Constitutional Amendment that will make it easier for cities and counties to share services to save money.

This is not a top-down approach. As President Eisenhower said:

> "You do not lead by hitting people over the head - that's assault, not leadership." The key again is local control. Any mergers or consolidations would require local voter approval.

In short, property tax relief requires three elements, and by the end of this session, we need to have all three in place.

- Number one is the levy limits enacted last session.

- Number two is the spending cap I am proposing.

- Number three is the leveling of valuations I just outlined.

We must have all three to create true, stable, long-lasting property tax relief.

Our goal must always be tax fairness for all. Nebraskans will simply not accept a "business as usual" attitude on taxes this session. They are looking to us to find new and better ways to get the job done now. We can't afford to stand still on taxes or any other quality of life issue.

President Kennedy advised us to:

> "Hold fast to the best of the past, and move fast to the best of the future."

That is what Success 2000 is all about - the best of the future.

When I think of the best of the future, I think of young people like Rasheen Coleman of Omaha, whom I was visiting with just before this speech. Rasheen has had to face some pretty steep obstacles in his young life.

His mother was a drug addict who abused him physically and emotionally. She died of AIDS in 1988. Two years later, Rasheen says, he walked into the South Omaha Boys and Girls Club with low self-esteem and no hope.

That's when everything changed for him. At the Club, he found a safe haven, a place that taught him the importance of community service, a place where he learned that he, too, was a good person who had much to give.

The guidance he found took him all the way to the White House, where he was honored as the 1997 National Youth of the Year for the Boys and Girls Clubs of America. Rasheen, on behalf of all Nebraskans, we congratulate you.

Today, Rasheen started the second semester of his sophomore year at the University of Nebraska at Omaha, where he's majoring in political science. It sounds like he already has the speech-making part of politics down pretty well. President Clinton told him his speech on community service was the best one he heard at the President's Summit for America's Future - even better than Colin Powell's!

In that speech, Rasheen talked about the difference one person can make in the lives of others. And he talked about the importance of standing up for the young people of this country. Because someone else cared and believed in Rasheen, he has become a genuine American success story, and the best news is his story is only beginning. He has the potential to touch many more lives as a 21st century leader.

Today, there are many young Rasheens in our state. The promise in our young people is unlimited, and we must do all we can to make sure they reach their full potential.

This good life we enjoy in Nebraska is not just a legacy we received from our ancestors - it is also a loan from our children. We owe it to future generations to leave them with a sound fiscal policy, a growing economy, quality education, safe streets and a healthy environment.

We also need to keep Nebraska as a place where nice guys like Dr. Tom Osborne can finish first! We all know that he is a genuine American coaching legend, but his players will tell you he is much more than a coach. Coach Osborne's job was to win games, but he never lost sight of what is really important - helping each young person reach his full potential as an athlete and as a person.

Coach Osborne's commitment to our young people - our future - serves as a great example for all of us as we look to the future of this great state.

Like Coach Osborne and his staff, my administration has been working to build a "game plan" for the continued prosperity of Nebraska, a program of success that will continue into the next century. I am proud of what we have

been able to accomplish, and I thank the members of the Legislature for your cooperation and support.

Just like Coach Osborne approaching his final bowl game, I'm not ready to rest on any laurels. There's far too much that needs to be accomplished, and my team is playing until it's time for a new team to take the field.

I look forward to continuing to work with you to set the right course for our great state. I hope we will be able to look back on this session and this year not as an end, but as a beginning. By working together we can achieve Success 2000 - a brighter future for all Nebraskans.

The committee escorted Governor Ben Nelson from the Chamber.

## ATTORNEY GENERAL'S OPINION

Opinion No. 98002

DATE: January 12, 1998

SUBJECT: Whether Legislation That Would Waive a Motor Vehicle Operator's License Fee for an Individual Agreeing to Become an Organ Donor is Permissible Under the Nebraska Revised

Statutes and the United States Constitution.

REQUESTED BY: Senator Jim Cudaback
District No. 36

WRITTEN BY: Don Stenberg, Attorney General
Paul N. Potadle, Assistant Attorney General

ANSWER:

A law providing for the waiver of motor vehicle licensing fees for organ donors should be permissible depending on the final language of the statute. Careful drafting of the proposed statute should include consideration of potential free exercise of religion and equal protection arguments and liability questions, such as informed consent.

Discussion

The guiding premise that must be acknowledged when addressing whether the state can waive licensing fees for individuals who elect to become organ donors is that there is no right to operate a motor vehicle guaranteed by the United States Constitution or the laws of Nebraska. In fact, the Nebraska Supreme Court has stated that, "[a] license to operate a motor vehicle is . . . a mere privilege." ***Hadden v. Aitken***, 156 Neb. 215, 222 (1952). Since driving is a privilege granted by the state, and since Nebraska has no constitutional or statutory provision concerning how motor vehicle operators' license fees must be set, the legislature has plenary constitutional authority to set the cost of obtaining a state motor vehicle operators' license.

The state may not charge an unreasonable fee. However, generally speaking, courts have been reluctant to find licensing fees "unreasonable" when the State charges too little or nothing for a license. The case law tends to focus on instances where a state charges too much for a fee, there is no rational basis for the fee, or where the fee somehow violates interstate commerce. ***See Ingels v. Morf***, 57 S.Ct. 439 (1937), and ***Checker Cab Co. v. Romulus***, 123 N.W.2d 772, 371 Mich. 232 (1963). Furthermore, there is no case addressing the issue of whether a state may waive the fee for organ donors.

A foreseeable constitutional argument might be made by a person whose religion does not allow organ donation. In ***Quering v. Peterson***, 728 F.2d 1121 (1984), aff'd ***Jensen v. Quering***, 472 U.S. 478 (1985), a Nebraska citizen objected on religious grounds to the statutory requirement that driver's licenses include photographs. The U.S. Court of Appeals for the Eighth Circuit held that the statutory requirement placed an "unmistakable burden" on Quering's religious beliefs and that "only those interests of the highest order . . . can overbalance legitimate claims to the free exercise of religion." ***Quering***, 728 F.2d 1125-1126. It is doubtful that the fee for a license would be considered an "unmistakable burden" on a religious belief.

Even if it were, the state's interest in promoting organ donation might be viewed as an interest of the "highest order", justifying the "burden." Any constitutional challenge to the legislation would be more likely to be raised as an equal protection argument. The legislation should withstand such a challenge as long as the classification drawn by the statute -- those who pay for the licenses and those who do not -- is rationally related to a legitimate governmental purpose. ***See, e.g., Cleburne v. Cleburne Living Center***, 473 U.S. 432 (1985). The promotion of organ donation should satisfy the rational basis requirement.

An additional consideration is whether the proposed statute would create a liability risk for the state. The question is basically whether the state would be liable for lack of informed consent, or similarly, whether the incentive of not having to pay licensing fees would affect the legitimacy of the donor's decision. The informed consent issue could be addressed through a provision in the law that would require that the individual be advised of the consequences of the decision to become an organ donor.

Finally, depending on the final language of the statute, there may be a conflict with the Uniform Anatomical Gift Act unless there is a provision that would allow the donor to revoke the gift. ***See*** Neb. Rev. Stat. §71-4806 (1996). The proposed statute should offer the donor some means of revocation, although the legislature could include a provision whereby an individual would pay for the license if the gift were revoked.

Conclusion

The proposed statute to allow the waiver of motor vehicle licensing fees to individuals who agree to become organ donors would appear to be permissible and constitutional under the Nebraska Revised Statutes and the Constitution of the United States. Consideration should be given to free exercise of religion and equal protection arguments in the drafting process. The language of the statute should also provide that potential donors be given adequate information about organ donation before they consent to donation, and some means to revoke the donation, to avoid possible state liability. If these issues are addressed prior to enactment of the law, the statute should be permissible and constitutional.

Sincerely,
DON STENBERG
Attorney General

## ANNOUNCEMENT

Mr. Tyson designates LB 1075 as his priority bill.

## AMENDMENT - Print in Journal

Messrs. Beutler and Jones filed the following amendment to LB 656:
AM2782

1. Strike the original sections and insert the following new sections:

"Section 1. The Legislature finds that the Niobrara River corridor is a local, state, and national treasure and that the natural diversity of the river corridor should be preserved through maximizing cooperation between local landowners and other Nebraska citizens, as well as local, state, and federal governments. The federal Niobrara Scenic River Designation Act, Public Law 102-50, designated a part of the river corridor as a component of the national wild and scenic rivers system, and the United States Department of the Interior, National Parks Service, issued a General Management Plan and Final Environmental Impact Statement outlining management alternatives for the federally designated portion of the river corridor. The preferred management alternative suggests creation of a council pursuant to the Interlocal Cooperation Act to coordinate planning and management for the relevant portions of the river corridor in Cherry, Brown, Rock, and Keya Paha counties. Due to the fact that all the people of Nebraska have a stake in continued good stewardship of the land and natural resources of the Niobrara River corridor, it is appropriate that the Legislature provide financial resources to assist the council in its efforts.

Sec. 2. For purposes of this act, council means the Nebraska Scenic River Local Management Council formed pursuant to

the Interlocal Cooperation Act to carry out the intent stated in section 1 of this act.

Sec. 3. The Legislature recognizes that the council can provide important planning and management coordination for the federally designated portions of the Niobrara River corridor if the conditions in this section are met, and it is the intent of the Legislature to appropriate one hundred thousand dollars in fiscal year 1998-99, fifty thousand dollars in fiscal year 1999-00, and twenty-five thousand dollars in fiscal year 2000-01 for the operation of the council if: (1) The membership of the council includes representatives of the county commissions or county boards in Cherry, Brown, Rock, and Keya Paha counties, the Middle Niobrara Natural Resources District, the Lower Niobrara Natural Resources District, the Game and Parks Commission, the United States Fish and Wildlife Service, and the National Parks Service; (2) each zoning-related ordinance or resolution adopted by any of the four counties includes provisions for at least thirty days' notice by the county to the council prior to the final public hearing and final vote by the county on any zoning changes or revisions within the federally designated portions of the Niobrara River corridor; and (3) the council submits nonbinding opinions on all zoning-related ordinances or resolutions noticed under subdivision (2) of this section prior to the final public hearing or final vote on the change or revision. The funding provided in this section shall not be used for acquisition or leasing of title or easements to land. All appropriations of the nonfederal share of the costs of the council shall be administratively located within the Game and Parks Commission.

Sec. 4. (1) Any state or state-assisted activity or undertaking proposed within the federal boundaries of a river corridor designated pursuant to the federal Niobrara Scenic River Designation Act or the federal Wild and Scenic Rivers Act of 1968, as amended, shall be consistent with the purpose of the federal acts, including the river corridor's free-flowing condition, scenic, geological, biological, agricultural, historic, and prehistoric resources.

(2) The head of any state or local agency having direct or indirect jurisdiction over a proposed state or state-assisted undertaking within the designated federal boundary of the Niobrara River corridor and the head of any agency having authority to license or permit any undertaking in such area shall at the earliest feasible time prepare a detailed proposal and submit it to the council for its review.

(3) The council shall review the proposal and consult with the agency. If, within thirty days after such review and consultation, the council finds that the proposed action is not consistent with the purposes of this section, the agency shall not proceed with the action until after a justification for the action has been submitted to the Governor and approved by the Governor in

writing. The justification shall include the following elements: The anticipated, current, future, and cumulative effects on the scenic and natural resources of the designated river corridors; the social and economic necessity for the proposed action; all possible alternatives to the proposed action including a no-action alternative; the comparative benefits of proposed alternative actions; and the mitigation measures outlined in the proposed action.".

## ATTORNEY GENERAL'S OPINION

Opinion No. 98003

| | |
|---|---|
| DATE: | January 9, 1998 |
| SUBJECT: | Constitutionality of Legislative Bill 650 Providing for Supplemental Retirement Benefits |
| REQUESTED BY: | Senator D. Paul Hartnett<br>Nebraska State Legislature |
| WRITTEN BY: | Don Stenberg, Attorney General<br>Fredrick F. Neid, Assistant Attorney General |

You have inquired concerning the constitutionality of Legislative Bill 650 introduced in the 1997 legislative session. LB 650 would amend the provisions of the Nebraska State Patrol Retirement Act, Neb. Rev. Stat. §§ 81-2014 to 81-2036 (1994, Cum. Supp. 1996, and Supp. 1997), to provide supplemental retirement benefits for certain retired state patrol officers or surviving spouses in an amount equal to 3 percent for the years 1985 through 1991.

From a constitutional viewpoint, an increase in retirement benefit amounts for retired public employees is viewed in the context of whether the supplemental benefit for certain retired employees would constitute special legislation in violation of Article III, § 18, of the Nebraska Constitution; and, secondly, whether the benefit increase would constitute a gratuity in violation of Article III, § 19, of the Nebraska Constitution.

### SPECIAL LEGISLATION

Neb. Const. art. III, § 18 states in particular part:

> The Legislature shall not pass local or special laws in any of the following cases, that is to say: . . . . Granting to any corporation, association, or individual any special or exclusive privileges, immunity, or franchise whatever. . . . In all other cases where a general law can be made applicable, no special law shall be enacted.

A legislative act constitutes special legislation under this constitutional provision if the act (1) creates an arbitrary and unreasonable method of classification or (2) creates a permanently closed class. ***See City of Ralston v. Balka***, 247 Neb. 773, 530 N.W.2d 594 (1995); ***Henry v. Rockey***, 246 Neb. 398, 518 N.W.2d 658 (1994). Accordingly, the **first** inquiry is whether the provisions of LB 650 would create an arbitrary and unreasonable method of classification.

The purpose of LB 650 is to provide supplemental retirement benefits for a class of retirees under the State Patrol Retirement Act. We generally believe the classification is reasonable since the Legislature is accorded broad discretion as to the conditions of public employment and as to requirements, classifications, contributions to, and benefits conferred by a retirement act. ***See Gossman v. State Employees Retirement System***, 177 Neb. 326, 129 N.W.2d 97 (1964).

The **second** inquiry is whether the legislative act would establish a permanently closed class. It is our view that the class of retirees to be benefited constitutes a permanently closed class and, therefore, unconstitutional special legislation. The class to be created is closed in the sense that only those retirees who retired prior to December 31, 1991, would receive the increased benefit amount. The Nebraska Supreme Court has long held that:

> The rule appears to be settled by an almost unbroken line of decisions that a classification which limits the application of the law to a present condition, **and leaves no room or opportunity for an increase in the numbers of the class by future growth or development, is special**, and a violation of the constitution above quoted. . . .

***Haman v. Marsh***, 237 Neb. 699, 716, 467 N.W.2d 836, 848 (1991) [citing ***City of Scottsbluff v. Tiemann***, 185 Neb. 256, 262, 175 N.W.2d 74, 79 (1970) (quoting ***State v. Kelso***, 92 Neb. 628, 139 N.W.2d 226 (1912)]. (Emphasis added).

For this reason, it is our conclusion that LB 650 is constitutionally suspect as special legislation offensive to Neb. Const. art. III, § 18.

## GRANTING OF EXTRA COMPENSATION

The granting of a retirement or pension benefit where no part of the service was rendered subsequent to the enactment of the law is a gratuity in violation of Neb. Const. art. III, § 19. ***Retired City Civilian Employees Club v. City of Omaha Ret. Sys.***, 199 Neb. 507, 260 N.W.2d 472 (1977); ***Gossman v. State Employees Retirement System***. However, adjustments to retirement benefits of public employees to reflect cost of living and wage changes are constitutionally permissible. In relevant part, Article III, § 19, states:

> The Legislature shall never grant any extra compensation to any public officer, agent or servant after the services have been rendered . . . **except that retirement benefits of retired public officers and employees may be adjusted to reflect changes in the cost of living and wage levels that have occurred subsequent to the date of retirement**. . . .

(Emphasis supplied).

Adjustments that are based on changes in the cost of living and wage levels are not offensive to this constitutional provision. However, it is problemsome that the provisions of LB 650 purport to provide increases to reflect changes in the cost of living and wage levels equal to 3 percent for certain specified years. The provisions of the bill do not define the term "cost of living," and the adjustments are not expressly based on a specific cost of living index. This office has previously concluded that "the percentage of increase implemented would necessarily be based on a cost of living index." ***See*** Ops. Att'y Gen. 93020 (1993) and 97026 (1997).

It does not appear, or at least it cannot be readily ascertained, whether the percentage increases are based on increases that have occurred in the cost of living and wage levels as measured by a consumer price index. Thus, the adjustments would be gratuitous in the absence of any showing that the adjustment amounts are tied to a cost of living index. Accordingly, we believe the provisions of LB 650 are constitutionally suspect as offensive to Neb. Const. art. III, § 19.

You also request that the Attorney General "provide some guidance on steps which might be taken to cure any potential constitutional defects. . . ." As we pointed out above, the legislative act should not create a permanently closed class. As the Nebraska Supreme Court has concluded, the class created should have room for future growth or opportunity for an increase in numbers. An open class would not constitute special legislation.

In other respects, any increase in benefits, after services are rendered, should be tied to a consumer price index. We point out that provisions of the State Patrol Retirement Act include benefit adjustments that are based on a consumer price index. ***See*** Neb. Rev. Stat. § 81-2027 (1994). We refer you to this statutory provision **only** because benefit adjustments are tied to increases determined by a consumer price index.

You have also inquired whether "any potential constitutional defects in LB 650 call into question the validity of the earlier legislation?" The earlier legislation you refer to is Neb. Rev. Stat. § 81-2035 (1994) which includes provisions similar to LB 650. Generally, we decline to respond to legislative inquiries regarding the constitutionality of statutes as a matter of policy. ***See*** Op. Att'y Gen. No. 157 (1985).

Sincerely yours,

DON STENBERG

(1) Upon filing a retirement application with the retirement system, a member who has completed thirty-five years of creditable service may retire at any age, a member who has completed at least five years of ~~(1)~~ (a) creditable service plus ~~(2)~~ (b) eligibility and vesting credit and is at least sixty years of age may retire, or a member who is at least sixty-five years of age upon termination may retire.

(2) Upon filing a retirement application with the retirement system a member may retire upon termination if the

member is at least fifty-five years of age, has acquired the equivalent of one-half year of service as a public school employee under the retirement system following July 1, 1997, was a school employee on or after the effective date of this act, and the sum of the member's attained age and creditable service totals eighty-five.

Sec. 2. Section 79-934, Reissue Revised Statutes of Nebraska, is amended to read:

79-934. (1) In lieu of the school retirement allowance provided by section 79-933, any member who is not an employee of a Class V school district and who becomes eligible to make application for and receive a school retirement allowance under section 79-931 may receive a formula annuity retirement allowance if it is greater than the school retirement allowance provided by section 79-933.

(2) Subject to the other provisions of this section, the monthly formula annuity in the normal form shall be determined by multiplying the number of years of creditable service for which such member would otherwise receive the service annuity provided by section 79-933 by (a) one and one-quarter percent of his or her final average compensation for a member who has acquired the equivalent of one-half year of service or more as a public school employee under the retirement system following August 24, 1975, (b) one and one-half percent of his or her final average compensation for a member who has acquired the equivalent of one-half year of service or more as a public school employee under the retirement system following July 17, 1982, (c) one and sixty-five hundredths percent of his or her final average compensation for a member who has acquired the equivalent of one-half year of service or more as a public school employee under the retirement system following July 1, 1984, (d) one and seventy-three hundredths percent of his or her final average compensation for a member actively employed as a public school employee under the retirement system or under contract with an employer on or after June 5, 1993, or (e) one and eight-tenths percent of his or her final average compensation for a member who has acquired the equivalent of one-half year of service or more as a public school employee under the retirement system following July 1, 1995, and was employed as a public school employee under the retirement system or under contract with an employer on or after April 10, 1996.

(3) If the annuity begins on or after the sixty-fifth birthday of a member, the annuity shall not be reduced. If the annuity begins prior to the sixty-fifth birthday of the member and the member has completed thirty or more years of creditable service and is at least sixty years of age, the annuity shall not be reduced. If the annuity begins prior to the sixtieth birthday of the member and the member has completed thirty-five or more years of creditable service, the annuity shall be actuarially reduced on the basis of age sixty-five. If the annuity begins on or after the

sixtieth birthday of the member and the member has completed at least a total of five years of (a) creditable service plus (b) eligibility and vesting credit but less than thirty years of creditable service, the annuity shall be reduced by three percent for each year by which the member's age is less than the age at which the member's age plus years of creditable service would have totaled ninety or three percent for each year after the member's sixtieth birthday and prior to his or her sixty-fifth birthday, whichever provides the greater annuity.

(4) For retirements on or after the effective date of this act, if the annuity begins at a time when the sum of the member's attained age and creditable service totals eighty-five and the member is at least fifty-five years of age, the annuity shall not be reduced. This subsection shall only apply to a member who has acquired the equivalent of one-half year of service or more as a public school employee under the retirement system following July 1, 1997, and who was a school employee on or after the effective date of this act. This subsection shall not apply to a member who is retired prior to the effective date of this act.

(5) ~~(4)~~ Except as provided in section 42-1107, the normal form of the formula annuity shall be an annuity payable monthly during the remainder of the member's life with the provision that in the event of his or her death before sixty monthly payments have been made the monthly payments will be continued to his or her estate or to the beneficiary he or she has designated until sixty monthly payments have been made. Except as provided in section 42-1107, a member may elect to receive in lieu of the normal form of annuity an actuarially equivalent annuity in any optional form provided by section 79-938.

(6) ~~(5)~~ All formula annuities shall be paid from the Annuity Reserve Account. Upon the granting of a formula annuity, there shall be transferred to the Annuity Reserve Account: (a) From the Service Annuity Account, the value of the service annuity which would otherwise be payable; (b) from the School Employees Savings Account, the accumulated contributions of the member; and (c) from the School Employers Deposit Account, the value of the formula annuity in excess of the amounts transferred from the Service Annuity Account and the School Employees Savings Account. The amounts transferred from the Service Annuity Account at any time after such member attains sixty years of age and prior to his or her sixty-fifth birthday or thirty-five years of creditable service shall be on an actuarially reduced basis.

Sec. 3. Original sections 79-931 and 79-934, Reissue Revised Statutes of Nebraska, are repealed.

Sec. 4. Since an emergency exists, this act takes effect when passed and approved according to law.".

Mrs. Crosby filed the following amendment to LB 799:
AM2846

1. Strike the original sections and insert the following new sections:

"Section 1. The Legislature finds that the cultural climate of Nebraska is important to the state in many ways, including economically, politically, educationally, and socially. Further, the Legislature finds that federal funding for the arts and humanities has decreased dramatically and that there is no assurance of continuation of federal funding. In order to ensure there is a stable cultural climate in our state for future generations, the Nebraska Arts Council and the Nebraska Humanities Council have joined efforts to establish a financial partnership between the public and private sectors.

Sec. 2. (1) There is hereby established in the state treasury a trust fund to be known as the Nebraska Cultural Preservation Endowment Fund. The fund shall consist of funds appropriated or transferred by the Legislature and only the earnings of the fund may be used as provided in this section.

(2) On August 1, 1998, the State Treasurer shall transfer five million dollars from the General Fund to the Nebraska Cultural Preservation Endowment Fund.

(3) The Legislature shall not appropriate or transfer money from the Nebraska Cultural Preservation Endowment Fund for any purpose other than the purposes stated in sections 1 to 4 of this act, except that the Legislature may appropriate or transfer money from the fund upon a finding that the purposes of such sections are not being accomplished by the fund.

(4) Any money in the Nebraska Cultural Preservation Endowment Fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion

Act and the Nebraska State Funds Investment Act.

(5) All investment earnings from the Nebraska Cultural Preservation Endowment Fund shall be credited to the Nebraska Arts and Humanities Cash Fund.

Sec. 3. (1) The Nebraska Arts and Humanities Cash Fund is created. The fund shall consist of all funds credited from the Nebraska Cultural Preservation Endowment Fund pursuant to section 2 of this act. The Nebraska Arts Council shall administer and distribute the Nebraska Arts and Humanities Cash Fund. All disbursements from the Nebraska Arts and Humanities Cash Fund shall be matched dollar-for-dollar by sources other than state funds. The match funds shall be new money generated for endowments established by the Nebraska Arts Council or Nebraska Humanities Council or qualified endowments of their constituent organizations, new money generated as a result of seed grants to recipients, or new money generated by the Nebraska Arts Council or Nebraska Humanities Council for arts or humanities education. New money includes, but is not limited to, donations to the Nebraska Arts Council or Nebraska Humanities Council in anticipation of the establishment of the Nebraska Cultural Preservation Endowment Fund. New money used as a match shall not be limited to matching the Nebraska Arts and Humanities Cash Fund in the state fiscal year the new money is received, but it shall be used as a match no later than the subsequent fiscal year. For an endowment to be a qualified endowment (a) the endowment must meet the standards set by the Nebraska Arts Council or Nebraska Humanities Council, (b) the endowment must be intended for long-term stabilization of the organization, and (c) the funds of the endowment must be endowed and only the earnings thereon expended. An organization is a constituent organization if it receives funding from the Nebraska Arts Council or Nebraska Humanities Council and is tax exempt under section 501 of the Internal Revenue Code. The match funds required by this section shall not include in-kind contributions. The budget division of the Department of Administrative Services shall approve allotment and disbursement of funds from the Nebraska Arts and Humanities Cash Fund only to the extent the Nebraska Arts Council has provided documentation of the dollar-for-dollar match required by this section.

(2) Rules and regulations of the Nebraska Arts Council shall provide that the ultimate use of disbursements from the Nebraska Arts and Humanities Cash Fund shall be in a ratio of seventy percent to projects, endowments, or programs designated by the Nebraska Arts Council and thirty percent to projects, endowments, or programs designated by the Nebraska Humanities Council.

(3) Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

Sec. 4. The Nebraska Arts Council shall report to the Clerk of the Legislature and Director of Administrative Services annually regarding disbursements from the Nebraska Arts and Humanities Cash Fund. The report shall include a complete listing of the uses of the fund, the sources of funding used to match state funds, the amount of investment earnings credited to the Nebraska Arts and Humanities Cash Fund, and the balance of the Nebraska Arts and Humanities Cash Fund. The report shall cover the period July 1 through June 30 and shall be submitted no later than November 1 of each year.

Sec. 5. Section 82-313, Reissue Revised Statutes of Nebraska, is amended to read:

## GENERAL FILE

**LEGISLATIVE BILL 695.** Title read. Considered.

Mr. Cudaback withdrew his amendment, AM1406, found on page 2564, First Session, 1997.

Messrs. D. Pederson and Cudaback offered the following amendment: AM2905

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. (1) The Legislature finds and declares the following:

(a) The provision of justice programs by counties is a matter of statewide interest;

(b) In some cases, the costs of incarceration have grown more quickly than county revenue; and

(c) Counties should not be required to drastically divert property tax revenue from other functions and public programs in order to pay for state prisoner incarceration costs.

(2) Accordingly, it is the intent of the Legislature to protect the public peace and safety by alleviating certain county incarceration costs.

Sec. 2. Section 47-119, Revised Statutes Supplement, 1996, is amended to read:

47-119. For purposes of sections ~~47-120 and~~ 47-119 to 47-121~~, state~~ and sections 1, 3, and 6 of this act:

(1) State prisoner ~~shall mean~~ means a person who has been convicted and sentenced as an adult to a Department of Correctional Services facility; and

(2) Criminal detention facility has the same meaning as in section 83-4,125. ~~of a felony and has started to serve the sentence imposed under such conviction.~~

Sec. 3. The county in which a prisoner committed an offense or is alleged to have committed an offense is responsible for the cost of keeping and maintaining the prisoner in a criminal detention facility located within the state which is not reimbursed by a city, the state, or the federal government. After sentencing if a prisoner is convicted and sentenced as an adult to a Department of Correctional Services facility, the state shall reimburse the county where the state prisoner was or is maintained in a criminal detention facility at the rate of thirty-five dollars per day for each day the state prisoner was maintained in the criminal detention facility for such offense until the day the state prisoner is transferred to a Department of Correctional Services facility. The county board or county board of corrections shall request reimbursement as provided in section 47-121. If the Department of Correctional Services has been notified under section 83-4,133 that the criminal detention facility which is requesting reimbursement does not qualify for reimbursement under this section, the department shall deny the reimbursement request for the days the facility was not qualified.

Sec. 4. Section 47-120, Reissue Revised Statutes of Nebraska, is amended to read:

47-120. The county board or county board of corrections serving pursuant to Chapter 23, article 28, shall provide proper quarters and adequate equipment for the preparation and serving of all meals furnished to all prisoners confined in the county jail. The county sheriff or the county board of corrections shall have full charge and control of such services and the county board shall provide for all washing, fuel, lights, and clothing for prisoners, subject to ~~the right of the county to be paid by the state for state prisoners at the rate of three dollars and fifty cents per day~~ reimbursement for state prisoners from the state pursuant to section 3 of this act, and subject to the right of the county to be paid by the city or federal government for city or federal prisoners at actual cost to the county. Supplies of every nature entering into the furnishing of meals, washing, fuel, lights, and clothing to the prisoners confined in the county jail shall be purchased and provided under the direction of the county sheriff or the county board of corrections. Payment for all purchases shall only be made by the county board on the original invoices submitted by the sheriff or the county board of corrections of goods, supplies, and services, setting forth (1) that the invoice correctly describes the goods as to quality and quantity, (2) that the same have been received and are in the custody of the affiant, (3) that they have been or will be devoted exclusively to the purposes authorized in this section, and (4) that the price charged is reasonable and just. Nothing in this section shall be construed to restrict the sheriff or the county board of corrections in employing necessary personnel and from otherwise carrying out ~~his or her~~ the duties required in the operation of the jail.

Sec. 5. Section 47-121, Reissue Revised Statutes of Nebraska, is amended to read:

47-121. The county board of each county and the county board of corrections serving pursuant to Chapter 23, article 28, confining state prisoners within its jails shall receive ~~three dollars and fifty cents per day~~ reimbursement from the state pursuant to section 3 of this act for boarding such prisoners. Such boards are hereby authorized to provide such meals, fuel, lights, washing, and clothing as may be necessary for the comfort of such prisoners while in custody in their county. The sheriff or county board of corrections shall, on ~~the first day of January, April, July, and October of each year~~ a regular basis not less than quarterly nor more than monthly, make a report in writing to the Director of ~~Administrative~~ Correctional Services of the number of state prisoners in custody in such county for whom reimbursement is claimed. Such report shall be consistent with the rules and regulations adopted and promulgated by the department. All claims for reimbursement ~~the last three months before making its report, when committed, and for what time, the amount due the county board for boarding such prisoner or prisoners, the amount of clothing furnished each prisoner and the costs of the same, and the amount expended for washing, lights, and fuel, for that quarter, which amount~~ shall be sworn to by the sheriff or a designated representative of the county board of corrections before the clerk of the county and certified to under his or her seal. Thereupon the director shall ~~quarterly draw his or her~~ request that a warrant be drawn upon the State Treasurer for the amount due to the county treasurer of the county, and the amount drawn shall be credited to the general fund of the county. ~~When conditions require a constant guard to be kept to prevent the escape of prisoners confined therein, the sheriff shall be allowed actual costs per day for guarding or procuring guard for such prisoners, which shall be paid to him or her quarterly by the governmental unit responsible for the commitment of the prisoner.~~

Sec. 6. The Department of Correctional Services may adopt and promulgate rules and regulations to implement sections 1 to 6 of this act.

Sec. 7. Section 83-4,133, Reissue Revised Statutes of Nebraska, is amended to read:

83-4,133. If the governing body of the juvenile detention facility or criminal detention facility fails to initiate corrective action within six months ~~of~~ after the receipt of such inspection report, fails to correct the disclosed conditions, or fails to close the criminal detention facility or juvenile detention facility or the objectionable portion thereof, the Jail Standards Board ~~may~~ shall advise the Department of Correctional Services that the criminal detention facility does not qualify for reimbursement for state prisoners under section 3 of this act and at the same time or at a later date may petition the district court

within the judicial district in which such facility is located to close the facility. Such petition shall include the inspection report regarding such facility. The local governing body shall then have thirty days to respond to such petition and shall serve a copy of the response on the Jail Standards Board by certified mail, return receipt requested. Thereafter, a hearing shall be held on the petition before the district court, and an order shall be rendered by such court which either:

(1) Dismisses the petition of the Jail Standards Board;

(2) Directs that corrective action be initiated in some form by the local governing body of the facility in question; or

(3) Directs that the facility be closed. An appeal from the decision of the district court may be taken to the Court of Appeals.

If the Jails Standards Board petitions to have the facility closed, the local governing body may challenge the no reimbursement for state prisoners determination in that action, and if there is no petition to close the facility, the local governing body may challenge the no reimbursement for state prisoners determination by filing an action in district court.

Sec. 8. Sections 6 and 8 of this act become operative on January 1, 1999. The other sections of this act become operative July 1, 1999.

Sec. 9. Original sections 47-120, 47-121, and 83-4,133, Reissue Revised Statutes of Nebraska, and section 47-119, Revised Statutes Supplement, 1996, are repealed.

Sec. 10. The following sections are outright repealed: Sections 29-1002 to 29-1005, Reissue Revised Statutes of Nebraska.".

Mr. Preister filed the following amendment to LB 395:
AM2854
(Amendments to Standing Committee amendments, AM1138)

1. Strike sections 1 to 15 and insert the following new sections:

"Section 1. The Legislature finds and declares that protection of human health and the environment is enhanced by encouraging regulated entities to voluntarily discover, promptly disclose, expeditiously correct, act to prevent recurrence of, and remedy any environmental harm which may have occurred. The Legislature further declares that such activities may be encouraged by assuring limited immunity protection for environmental audit findings and by providing fair treatment of those who cooperate with regulatory authorities.

Sec. 2. For purposes of this act:

(1) Cooperation includes, but is not limited to, providing all information necessary to determine applicability of such sections, including, but not limited to, requested documents, access to employees, assistance in investigating an environmental violation, any noncompliance problems related to disclosure, and any environmental consequences related to the violation;

(2) Due diligence means a regulated entity's systematic efforts, appropriate to the size and nature of its business, to prevent, detect, and correct violations through all of the following:

(a) Compliance policies, standards, and procedures that identify how employees and agents are to meet the requirements of laws, regulations, permits, and other sources of authority for environmental requirements;

(b) Assignment of overall responsibility for overseeing compliance with policies, standards, and procedures and assignment of specific responsibility for assuring compliance at each facility or operation;

(c) Mechanisms for systematically assuring that

compliance policies, standards, and procedures are being carried out, including monitoring and auditing systems reasonably designed to detect and correct violations, periodic evaluation of the overall performance of the compliance management system, and a means for employees or agents to report violations of environmental requirements without fear of retaliation; and

(d) Procedures for the prompt and appropriate correction of any violations, including any necessary modifications to the regulated entity's program to prevent future violations;

(3) Environmental audit means a systematic, documented, periodic, and objective review of facility operations and practices related to meeting environmental requirements by a regulated entity or by an agent engaged by such regulated entity specifically for the purpose of performing such audit;

(4) Environmental requirement means an environmental protection requirement contained in:

(a) The Environmental Protection Act, the Integrated Solid Waste Management Act, the Nebraska Chemigation Act, the Pesticide Act, the Petroleum Products and Hazardous Substances Storage and Handling Act, sections 81-1575 to 81-1577, or federal law, a rule or regulation adopted and promulgated pursuant to such acts, sections, or laws, a permit or an order issued pursuant to such state or federal laws, or an agreement entered into or court order issued pursuant to such state or federal laws; or

(b) An ordinance or other legally binding requirement of a local governmental unit under authority granted by state or federal law relating to environmental protection;

(5) Person means an individual, a partnership, a limited liability company, an association, a public or private corporation, a trustee, a receiver, an assignee, an agent, a municipality, another governmental subdivision, public agency, or legal entity, or any officer or governing or managing body of any public or private corporation, municipality, governmental subdivision, public agency, or other legal entity; and

(6) Violation means a violation which has occurred or may have occurred of an environmental requirement.

Sec. 3. Civil penalties or penalties pursuant to local ordinances for a violation may be mitigated by the court or by the regulatory agency in negotiating penalty settlements if:

(1) The violation was discovered through an environmental audit or due diligence;

(2) Written disclosure is made within ten days after discovery of the violation to the regulatory agency;

(3) The disclosure is voluntary and the violation is identified and disclosed by the regulated entity prior to:

(a) The commencement of a federal, state, or local regulatory agency inspection or investigation or the issuance by such agency of an information request to the regulated entity;

(b) Notice of a citizen suit;

(c) The filing of a complaint by a third party;

(d) The reporting of the violation to the regulatory agency by a whistleblower employee rather than by one authorized to speak on behalf of the regulated entity; or

(e) Imminent discovery of the violation by a regulatory agency;

(4) The violation is corrected as expeditiously as possible but at least within sixty days after discovery;

(5) Any harm caused by the violation has been remedied, including, but not limited to, removal or remedial action;

(6) The regulated entity has agreed to appropriate measures and has implemented such measures to prevent recurrence of the violation; and

(7) The regulated entity cooperates with the regulatory agency.

For purposes of subdivision (2) of this section, when a statute, rule, or regulation requires disclosure to be made in less than ten days, disclosure shall be made within the time limit established by such statute, rule, or regulation. When disclosure within ten days is not practical because compliance cannot be determined within that period, the regulatory agency may accept later disclosure if the circumstances do not present a serious threat and the regulated entity meets its burden of showing that the additional time was needed to determine compliance status.

For purposes of subdivision (3) of this section and subdivision (1) of section 4 of this act, the disclosure is not voluntary if (a) the information or documents are required to be developed, maintained, or reported pursuant to any environmental requirements or (b) the information or documents are required to be available or furnished to a regulatory agency pursuant to any environmental requirement or any other law.

For purposes of subdivision (4) of this section, if more than sixty days is needed to correct the violation, the regulated entity must notify the regulatory agency in writing before the sixty-day period has passed. The regulatory agency may grant an additional period of time to make corrections if it determines that additional time is necessary and the regulated entity is proceeding expeditiously to come into compliance.

The regulatory agency may require that to satisfy subdivisions (5) and (6) of this section a regulated entity must enter into a publicly available written agreement, administrative consent order, or judicial consent decree, particularly if compliance or remedial measures are complex or a lengthy schedule of attaining and maintaining compliance or remediating harm is required.

This section does not preclude the court from imposing a penalty to recover economic benefit or preclude the regulatory agency from negotiating a settlement for the recovery of any economic benefit resulting from noncompliance with an environmental

requirement.

Sec. 4. Mitigation of penalties shall not be granted if:

(1) A person is required under an environmental requirement, under a specific permit condition, consent agreement, or judicial order, or under an order issued by a regulatory agency to make a disclosure to a regulatory agency with regard to the violation disclosed and the disclosure is not voluntary with respect to that agency;

(2) Repeat violations or closely related violations have occurred previously within the past three years at the same facility or are part of a pattern of federal, state, or local violations by a facility's parent organization which have occurred within the past five years;

(3) The violation is one which resulted in serious actual harm or may have presented an imminent and substantial endangerment to human health or the environment;

(4) The violation is knowing and willful; or

(5) The violation is of a specific term of a judicial or administrative order or consent agreement.

For purposes of subdivision (2) of this section, violation also includes any act or omission for which the regulated entity has previously received penalty mitigation from a federal, state or local regulatory agency.

Sec. 5. Sections 1 to 4 of this act do not affect the regulatory authority of any regulatory agency to require any action associated with the information disclosed.

Sec. 6. Sections 1 to 5 of this act do not limit, waive, or abrogate the scope or nature of any statutory or common-law privilege, including the work product rule and the attorney-client privilege.

Sec. 7. This act terminates on July 1, 2002.".

## ATTORNEY GENERAL'S OPINION

Opinion No. 98007

DATE: January 23, 1998

SUBJECT: Legislation to Amend Proposed Boundary Compact With Missouri

REQUESTED BY: Roger R. Wehrbein, Senator, Nebraska Legislature

WRITTEN BY: Don Stenberg, Attorney General
Marie C. Pawol, Assistant Attorney General

You have posed two questions relating to LB 59, legislation that would recognize the middle of the Missouri River channel as the compromise boundary between the states of Missouri and Nebraska. You note that an amendment (AM 1604) to LB 59 has been introduced which proposes to establish a state fund for the replacement of lost tax revenues sustained by any Nebraska political subdivision as the result of lands ceded to another state.

First, you question whether AM 1604 would be considered "closed class" legislation, causing LB 59 to be declared unconstitutional if enacted. Second, you ask whether AM 1604, or any other possible amendment, would invalidate the proposed boundary compact between Missouri and Nebraska, if enacted, since Nebraska's legislation would not remain identical to that already passed by Missouri's General Assembly.

As to the first inquiry, it is our opinion that the proposed amendment does not constitute "special legislation" in violation of Article III, § 18 of our State's Constitution. A legislative act constitutes special legislation if it creates an arbitrary and unreasonable method of classification, or if it establishes a permanently "closed class." *Haman v. Marsh*, 237 Neb. 699, 467 N.W.2d 836 (1991). A closed class is one that limits the application of the law to present conditions, and leaves no room or opportunity for an increase in the numbers of the class by future growth or development. *City of Ralston v. Balka*, 247 Neb. 773, 530 N.W.2d 594 (1995).

In determining whether a class is closed, courts are not limited to reviewing the language used by the legislature, but may also consider an act's practical application. So, if the prospect that others will be added to a class is merely theoretical, and not probable, the act nevertheless constitutes special legislation. "The conditions for entry to the class must not only be possible, but reasonably probable of attainment." *Haman*, 237 Neb. at 718, 467 N.W.2d at 849. In *Haman v. Marsh*, the Nebraska Supreme Court

determined that the class of depositors benefitted by the challenged legislation was closed despite open-ended language of the act. As noted by the court, "[t]he realities of the situation are that except for a highly improbable set of events the class is permanently closed to future members." *Id. See also, Scottsbluff v. Tiemann*, 185 Neb. 256, 262, 175 N.W.2d 74 (1970)(legislation directing certain cities to establish municipal courts found unconstitutional because the act's reference to particular census assured that, in practical operation, class was limited to two cities).

On its face, AM 1604 is not restricted solely to those political subdivisions impacted by the proposed boundary compact between the states of Missouri and Nebraska. Nor, by its practical application, is AM 1604 permanently closed to a set number of political subdivisions. Rather, the amendment leaves open the possibility that other political subdivisions may be included in the class as the result of future state agreements or compacts that entail the ceding of land within the State's borders. Thus, we conclude that the class of political subdivisions identified by AM 1604 is not of a closed nature. *See e.g., Hunzinger v. State*, 39 Neb. 653, 58 N.W. 194 (1894)(an act will not be declared special legislation, solely because at time of enactment there was only one county to which provisions were applicable); *State v. Stuht*, 52 Neb. 209, 71 N.W. 941 (1897)(a law, general in character, although affecting but one city, is constitutional); *Omaha Parking Authority v. City of Omaha*, 163 Neb. 97, 77 N.W.2d 862 (1956)(legislature may properly enact laws applicable to all cities of a given class even though there is only one city presently within the class).

With respect to the second issue raised, it is our view that amending LB 59 to include provisions not found in Missouri's counterpart legislation will not undermine the ability of the states to reach a valid compact, so long as any such amendment places no burdens on the compact, and is not made part of the compact agreement itself. In *Northeast Bancorp, Inc. v. Board of Gov'rs of the Federal Reserve System*, 472 U.S. 174, 105 S. Ct. 2545, 2254 (1985), the United States Supreme Court outlined some of the indicia of compacts. These include conditional consent by member states in which each state is not free to modify or repeal its participation unilaterally; and state enactments which require reciprocal action for their effectiveness. *See also, In People, Ect. v. City of South Lake Tahoe*, 466 F. Supp. 527, n.29 (E.D. Cal. 1978)("[i]n order to secure congressional approval of a bi-state compact as required by the Constitution, the legislation enacted by the states must be identical in every respect"); *Seattle Master Builders v. Pacific N.W. Elec. Power*, 786 F.2d 1359, 1363 (9th Cir. 1986).

The "reciprocal legislation" noted in the foregoing cases, however, is a reference to the compact agreement itself, not recitals or administrative sections contained within the enabling legislation that may necessarily differ between compacting states' respective legislative proposals. *See e.g. Bush v. Muncy*, 659 F.2d 402, 412, n.8 (4th Cir. 1981)(noting that "local adaptations" contained within states' respective compact proposals "are perfectly compatible with a mutual intention of party states that the

substantive provisions of the compact shall be identical in substance and hence subject to uniform application among all the parties.") In short, so long as non-reciprocal terms are not contained in the text of the agreement itself, and do not alter the intended operation of the states' compact, such variants will not undermine the validity of an interstate compact. As noted by the court in *C.T. Hellmuth v. Washington Metro. Area Trans.*, 414 F. Supp. 408 (D. Maryland 1976):

> It is within the competency of a State which is a party to a compact with another State, to legislate in respect of matters covered by the compact so long as such legislative action is in approbation and not in reprobation of the compact.

*Kansas City Area Transp. Auth. v. State of Mo.*, 640 F.2d 173, 174 (8th Cir. 1981), quoting *Henderson v. Delaware River Joint Toll Bridge Comm'n*, 362 Pa. 475, 66 A.2d 843, 849 (1949).

Thus, because the provisions contained in AM 1604 would not impose burdens upon the operation of the proposed compact, there is nothing to preclude its adoption. As a cautionary measure, however, we would recommend that AM 1604 be modified to clarify that its terms are not in reprobation of the compact, nor made a part of the compact agreement itself. The inclusion of a severability clause would also avoid any possibility that the proposed compact might be nullified as the result of non-reciprocal amendments to LB 59.

Sincerely,
DON STENBERG

**LEGISLATIVE BILL 1129.** Placed on General File as amended.
Standing Committee amendment to LB 1129:
AM2895

1. Strike the original sections and insert the following new sections:

"Section 1. Section 81-1108.26, Reissue Revised Statutes of Nebraska, is amended to read:

81-1108.26. The heat and power plant of the University of Nebraska, together with tunnels and conduits appurtenant thereto, shall be operated and maintained under the immediate control of the Board of Regents of the University of Nebraska. Such plant shall supply heat, light, and power for use at the University of Nebraska, the State Capitol, including the executive mansion, and the Nebraska State Historical Society. At the sole discretion of the Director of Administrative Services, in consultation with the Board of Regents of the University of Nebraska, alternative sources of heat, power, and light may be utilized, and in such event, adequate notice of any change shall be given to the Board of Regents. Cost of operation and maintenance of the plant and its appurtenances shall in the first instance be borne by the Board of Regents. The cost of operation, repairs, and maintenance shall be apportioned between the University of Nebraska, the State Capitol, including the executive mansion, and the Nebraska State Historical Society, upon the percentage of heat, light, and power received by each. At the end of each month, the Board of Regents of the University of Nebraska shall forward to the administrator a bill for the share of the cost of operation for such month chargeable to the State Capitol, including the executive mansion, and to the superintendent of the Nebraska State Historical Society for the share of the cost of operation for such month chargeable to the Nebraska State Historical Society. The Board of Regents shall forward annually to the administrator a statement for

the share of the cost of repairs and maintenance chargeable to the State Capitol, including the executive mansion, and to the superintendent of the Nebraska State Historical Society for the share of the cost of repairs and maintenance chargeable to the Nebraska State Historical Society. If no objection in writing is made by the administrator or the superintendent of the Nebraska State Historical Society within ten days after the receipt of such statements, they shall constitute valid obligations to be paid in the manner prescribed by law for payment of operating expenses of the State Capitol and by the Nebraska State Historical Society from funds appropriated for that purpose by the Legislature. In case objection shall be made, the Board of Regents of the University of Nebraska and the administrator or the superintendent of the Nebraska State Historical Society, whichever shall object, shall endeavor to arrive at a proper charge and, in case of inability to do so, shall submit the matter to arbitration, one arbitrator to be named by each party and the third to be chosen by those so named. The amount fixed by the arbitrators shall constitute a valid obligation to be paid in the manner indicated above.

Sec. 2. Section 81-1108.43, Revised Statutes Supplement, 1997, is amended to read:

81-1108.43. No state agency or department shall perform for itself any of the services normally performed by a professional engineer or architect in the preparation of plans and specifications for the construction, reconstruction, or alteration of any building or in the administration of the construction documents and final approval of the project when the total project cost is ~~one~~ four hundred thousand dollars or more, and no state agency shall employ its own work force for any such construction, reconstruction, or alteration of capital facilities when the total project cost is fifty thousand dollars or more. The Department of Administrative Services shall adjust the dollar amounts in this section every four years beginning January 1, 2002, to account for inflationary and market changes. The adjustments shall be based on percentage changes in a construction cost index and any other published index relevant to operations and utilities costs, as selected by the department.

This section shall not apply to section 83-134, to the Department of Roads, or to any public power district, public power and irrigation district, irrigation district, or metropolitan utilities district. If, during the program statement review provided for under section 81-1108.41, it is determined that existing or standard plans and specifications are available or required for the project, the division may authorize an exemption from this section. The Director of Administrative Services shall not issue any warrant in payment for any work on a capital construction project unless the state agency or department files a certificate that it has complied with the provisions of this section.

Sec. 3. Section 81-1114, Reissue Revised Statutes of Nebraska, is amended to read:

81-1114. The building division shall have the following powers, duties, and responsibilities:

(1) Shall prepare, for submittal to the Governor and to the office of the Legislative Fiscal Analyst, analyses of the cost of every desired land and building acquisition, new building construction, either underway or proposed, major repair or remodeling of new, newly acquired, or existing buildings, and each and every structural improvement to land, utilities, roads, walks, and parking lots, costing ~~one~~ four hundred thousand dollars or more, but excluding right-of-way projects of the Department of Roads. The Department of Administrative Services shall adjust the dollar amount in this section every four years beginning January 1, 2002, to account for inflationary and market changes. The adjustment shall be based on percentage changes in a construction cost index and any other published index relevant to operations and utilities costs, as selected by the department;

(2) Shall record the relationship between the proposed capital facilities and the individual or departmental agencies' operating programs with particular attention to needs of immediate or future operations of the department or agency submitting such plan;

(3) Shall make recommendations to the Governor, the committee of the Legislature which shall from time to time have responsibility for preparing recommendations for appropriations, and the individual department or agency concerned, on the probable costs of such acquisition, construction, repair, or remodeling; and

(4) Shall require the submission by each department and agency of the state of copies of all written contracts for acquisition, construction, repair, or remodeling, including federal contracts, before such contracts are executed by the executive officer of the state authorized to execute such contracts, and shall file copies of such contracts in the office of the Legislative Fiscal Analyst.

Sec. 4. Section 81-1114.01, Reissue Revised Statutes of Nebraska, is amended to read:

81-1114.01. ~~After May 23, 1981, each~~ Each department and agency of the state prior to submitting a capital construction project request in excess of ~~one~~ four hundred thousand dollars shall cause to be prepared a comprehensive capital facilities plan. Such plan shall include, but not be limited to, a projection of future programmatic needs, analysis of existing facilities and the utilization of such facilities, and identification of projects to meet those projected programmatic needs, including addition to, or renovation or replacement of, existing space, parking, streets, and utilities. The comprehensive capital facilities plan shall be updated or revised when a major capital construction project requested for funding is not in compliance with such plan; or when

revisions in projected programmatic needs would significantly affect the comprehensive capital facilities plan. Such plans and any updates or revisions shall be submitted to the state building division and the Legislative Fiscal Analyst. Such plans and revisions or updates shall be prepared in accordance with rules and regulations adopted and promulgated by the state building division. The Department of Administrative Services shall adjust the dollar amount in this section every four years beginning January 1, 2002, to account for inflationary and market changes. The adjustment shall be based on percentage changes in a construction cost index and any other published index relevant to operations and utilities costs, as selected by the department.

Sec. 5. Section 81-1118, Revised Statutes Supplement, 1997, is amended to read:

81-1118. The materiel division of the Department of Administrative Services is hereby established and shall be managed by the materiel administrator who, except with respect to real property, shall assume the former role of Purchasing Agent.

There are hereby established the following five bureaus of the materiel division of the Department of Administrative Services which shall have the following duties, powers, and responsibilities:

(5) The purchasing bureau shall be responsible for all purchases by all state agencies other than the University of Nebraska. The materiel division shall administer the public notice and bidding procedures and any other areas designated by the Director of Administrative Services to carry out the lease or purchase of personal property. All purchases of and contracts for materials, supplies, or equipment and all leases of personal property shall be made in the following manner except in

emergencies approved by the Governor:

(a) By a competitive formal sealed bidding process through the materiel division in all cases in which the purchases are of estimated value in the amount of ten thousand dollars or more;

Sec. 6. Section 81-1712, Reissue Revised Statutes of Nebraska, is amended to read:

81-1712. (1) Public notice shall be given by each agency, in a uniform and consistent manner, when professional services are required to be contracted for a project whose basic construction cost is estimated by the agency to be more than ~~one~~ four hundred thousand dollars and for professional services when the estimated fee for such professional services exceeds ~~ten~~ forty thousand dollars, except in cases of public emergencies so certified by the agency head. The Department of Administrative Services shall adjust the dollar amounts in this section every four years beginning January 1, 2002, to account for inflationary and market changes. The public notice shall include a general description of the project and shall indicate how interested firms can apply for consideration for such contract.

(2) Each agency shall encourage firms engaged in the lawful practice of their profession who desire to provide professional services to the agency to submit annually a statement of qualifications and performance data. The agency may request a firm to update the file statement before the anniversary date to reflect changed conditions of the firm.

(3) Any firm desiring to provide professional services to an agency must first be certified by the agency as qualified pursuant to law and the regulations of the agency. The agency shall make a finding that the firm to be employed is fully

qualified to render the required service. Factors to be considered in making this finding shall include capabilities to perform, adequacy of personnel, past record and performance, and experience.

(4) The Department of Administrative Services shall, with the advice of each agency, adopt administrative procedures for the evaluation of professional services, including capabilities to perform, adequacy of personnel, past record and performance, experience, and such other factors as may be determined by the agency to be applicable to its particular requirements.

(5) The public shall not be excluded from the meetings or proceedings under this section in accordance with Chapter 84, article 14.

Sec. 7. Section 81-1713, Reissue Revised Statutes of Nebraska, is amended to read:

81-1713. (1) For each proposed project, the agency or a committee designated by the agency shall evaluate current statements of qualifications and performance data of firms as are on file with the agency, together with those that may be submitted by firms regarding the proposed project, and shall conduct discussions with, and may require public presentations by no less than three firms, regarding their qualifications, approach to the project, and ability to furnish the required service.

(2) Any committee designated by the agency shall have among its membership at least one person whose profession represents that particular field of endeavor being considered.

(3) The agency or committee designated by the agency shall select, in order of preference, no less than three firms deemed to be most highly qualified to perform the required services after considering such factors as the ability of professional personnel, past performance, willingness to meet time and budget requirements, location, recent, current and projected workloads of the firms, and the volume of work previously awarded to the firm by the agency, with the object of effecting an equitable distribution of contracts among qualified firms, as long as such distribution does not violate the principle of selection of the most highly qualified firms.

(4) This section shall not apply to professional service contracts for (a) a project whose basic construction cost is estimated by the agency to be ~~one~~ four hundred thousand dollars or less; or (b) a planning or study activity when the estimated fee for professional services is ~~ten~~ forty thousand dollars or less. The authority granted in this section shall be cumulative and supplementary to any existing powers heretofore granted. Any fire protection district providing any service under this section may pay the cost for the service out of available funds or may levy a tax for the purpose of supporting an emergency medical service or providing fire protection service, which levy shall be in addition to any other tax for such fire protection district and shall be subject to section 77-3443. When a fire protection district levies a tax for the purpose of supporting an emergency medical service, the taxpayers of such district shall be exempt from any tax levied under section 13-303. The board of a fire protection district which provides fire protection service outside of the district may charge a political subdivision with which the district has entered into an agreement for such service on a per-call basis for such service. For purposes of this subsection, (a) corporation means a corporation organized under and operating pursuant to the Nebraska Nonprofit Corporation Act and recognized as tax exempt under section 501 of the Internal Revenue Code and (b) person means an individual who is hired by the county, city, or village as a direct employee and is subject only to the county's, city's, or village's orders and direction.

(2)(a) The board of directors of a rural or suburban fire protection district may, by the affirmative vote of three-fourths or more of the members of such board, contract with any private for-profit person, firm, or corporation to provide fire service or emergency medical service, or both, within the district.

(b) If on the operative date of this act the board of a rural or suburban fire protection district is party to a contract with a private for-profit person, firm, or corporation to provide fire service or emergency medical service, or both, within the district, the authority to so contract shall expire upon the expiration of such contract unless the authority to so contract is approved by the affirmative vote of three-fourths or more of the members of the governing board of the district.

(3) If the board has the authority to enter into, renew, or renegotiate a contract with a private for-profit person, firm,

or corporation to provide either fire service or emergency medical service, or both, public funds may be expended therefor and a reasonable service fee may be charged to the user. Before a contract is entered into or renewed pursuant to subsection (2) of this section, the board shall hold a public hearing after giving at least ten days' notice thereof. The notice shall include a brief summary of the general plan for providing such fire service or emergency medical service, or both, including, but not limited to, an estimate of the initial cost and the possible continuing cost of operating such service. If the board after such hearing determines that such contract with a private for-profit person, firm, or corporation to provide fire service or emergency medical service, or both, is needed, it may proceed as authorized in this subsection. The authority granted in subsection (2) of this section shall be cumulative and supplementary to any existing powers. The board may pay its cost for such service out of available general funds or may levy a tax for the purpose of providing necessary fire service or emergency medical service, or both, which levy shall be in addition to all other taxes and shall be in addition to restrictions on the levy of taxes provided by statute. The levy shall be subject to section 77-3443.

Sec. 3. This act becomes operative September 1, 1998.

Sec. 4. Original section 13-303, Reissue Revised Statutes of Nebraska, and section 35-514.02, Revised Statutes Supplement, 1997, are repealed.".

Upon the request being made, the department or other licensed agency shall conduct an investigation and report its findings to the county judge in writing at least one week prior to the date set for hearing.

(b)(i) For adoption placements occurring on or after January 1, 1994, ~~upon the filing of a petition for adoption,~~ a preplacement adoptive home study shall be filed with the county court prior to the hearing required in section 43-103, which study is completed by the Department of Health and Human Services or a licensed child placement agency within one year before the date on which the adoptee is placed with the petitioner or petitioners and indicates that the placement of a child for the purpose of adoption would be appropriate.

(ii) An adoptive home study shall not be required when the petitioner is a stepparent of the adoptee unless required by the court, except that for petitions filed on or after January 1, 1994, the county judge shall order the petitioner or his or her attorney to request the Nebraska State Patrol to file a Nebraska criminal history record information check and to request the department to conduct and file a check of the central register created in section 28-718 for any history of the petitioner of behavior injurious to or which may endanger the health or morals of

a child. An adoption decree shall not be issued until such records are on file with the court. The petitioner shall pay the cost of the Nebraska criminal history record information check and the check of the central register.

(iii) The placement of a child for foster care made by or facilitated by the department or a licensed child placement agency in the home of a person who later petitions the court to adopt the child shall be exempt from the requirements of a preplacement adoptive home study. The petitioner or petitioners who meet such criteria shall have a postplacement adoptive home study completed by the department or a licensed child placement agency and filed with the county court at least one week prior to the hearing for adoption.

(iv) A voluntary placement for purposes other than adoption made by a parent or guardian of a child without assistance from an attorney, physician, or other individual or agency which later results in a petition for the adoption of the child shall be exempt from the requirements of a preplacement adoptive home study. The petitioner or petitioners who meet such criteria shall have a postplacement adoptive home study completed by the department or a licensed child placement agency and filed with the county court at least one week prior to the hearing for adoption.

(v) Any adoptive home study required by this section shall be conducted by the department or a licensed child placement agency at the expense of the petitioner or petitioners unless such expenses are waived by the department or licensed child placement agency. The department or licensed agency shall determine the fee or rate for the adoptive home study.

(vi) The preplacement or postplacement adoptive home study shall be performed as prescribed in rules and regulations of the department and shall include at a minimum an examination into the facts relating to the petitioner or petitioners as may be relevant to the propriety of such adoption. Such rules and regulations shall require an adoptive home study to include a Nebraska criminal history record information check and a check of the central register created in section 28-718 for any history of the petitioner or petitioners of behavior injurious to or which may endanger the health or morals of a child.

(2) Upon the filing of a petition for adoption, the county judge shall require that a complete medical history be provided on the child, except that in the adoption of a child by a stepparent the provision of a medical history shall be discretionary. A medical history shall be provided, if available, on the biological mother and father and their biological families, including, but not limited to, siblings, parents, grandparents, aunts, and uncles, unless the child is foreign born or was abandoned. The medical history or histories shall be reported on a form provided by the Department of Health and Human Services Finance and Support and filed along with the report of adoption as

provided by section 71-626. If the medical history or histories do not accompany the report of adoption, the Department of Health and Human Services Finance and Support shall inform the county court and the State Court Administrator. The medical history or histories shall be made part of the court record. After the entry of a decree of adoption, the court shall retain a copy and forward the original medical history or histories to the Department of Health and Human Services Finance and Support. This subsection shall only apply when the relinquishment or consent for an adoption is given on or after September 1, 1988.

66-4,141. (1) Upon receipt of the cost figures required by section 66-4,143, the department shall determine the statewide average cost by dividing the total amount paid for motor vehicle fuel, diesel fuel, and compressed fuel by the State of Nebraska, excluding any state and federal taxes, by the total number of gallons of motor vehicle fuel, diesel fuel, and compressed fuel purchased during the reporting period.

(2) After computing the statewide average cost as required in subsection (1) of this section, the department shall multiply such statewide average cost by the tax rate established pursuant to section 66-4,144.

(3) In making the computations required by subsections (1) and (2) of this section, gallonage reported shall be rounded to the nearest gallon and total costs shall be rounded to the nearest dollar. All other computations shall be made with three decimal places, except that after all computations have been made the tax per gallon shall be rounded to the nearest one-tenth of one cent.

(4) The tax rate per gallon computed pursuant to this section shall be distributed to all licensed motor vehicle fuel suppliers, distributors, wholesalers, and importers, diesel fuel suppliers, distributors, wholesalers, and importers, compressed fuel retailers, and interstate motor vehicle operators who choose to be subject to sections 66-490 to 66-494 at least five days prior to the first day of any ~~calendar quarter~~ semiannual period during which the tax is to be adjusted. (2) The department shall provide any assistance the materiel administrator may need in performing his or her duties under this section.

Sec. 5. Section 66-4,144, Revised Statutes Supplement, 1997, is amended to read:

66-4,144. (1) In order to insure that an adequate

balance in the Highway Restoration and Improvement Bond Fund is maintained to meet the debt service requirements of bonds to be issued by the commission under subsection (2) of section 39-2223, the Governor may call a meeting of the State Tax Board at any time in advance of the issuance of such bonds. At such meeting, the board shall set the rate of the excise tax imposed by sections 66-4,140, 66-669, and 66-6,108 for each year during which such bonds are outstanding to provide in each such year money equal in amount to not less than one hundred twenty-five percent of such year's bond principal and interest payment requirements. Such rate shall be in addition to the rate of excise tax set pursuant to subsection (2) of this section. Each such rate shall be effective from July 1 of a stated year through June 30 of the succeeding year or during such other period not longer than one year as the board determines to be consistent with the principal and interest requirements of such bonds. Such excise tax rates set pursuant to this subsection may be increased, but such excise tax rates shall not be subject to reduction or elimination unless the board has received from the Nebraska Highway Bond Commission notice of reduced principal and interest requirements for such bonds, in which event the Governor may call a meeting of the board to determine whether the rate or rates shall be changed. The new rate or rates, if any, set by the board shall become effective on the first day of the following ~~calendar quarter~~ semiannual period.

(2) In order to insure that there is maintained an adequate Highway Cash Fund balance to meet expenditures from such fund as appropriated by the Legislature, within fifteen days after the adjournment of each regular session of the Legislature, the board shall set the rate of the excise tax imposed by sections 66-4,140, 66-669, and 66-6,108 which will be effective from July 1 through June 30 of the succeeding year. The rate of excise tax for a given July 1 through June 30 period set pursuant to this subsection shall be in addition to and independent of the rate or rates of excise tax set pursuant to subsection (1) of this section for such period.

(3) The Department of Roads, with assistance from the Department of Revenue, shall prepare and provide the necessary information to each member of the board at least five days before each meeting. Such information shall include, but not be limited to, the unobligated balance in the Highway Cash Fund anticipated on the subsequent June 30, monthly estimates of anticipated receipts to the Highway Cash Fund for the subsequent fiscal year, and the appropriations made from the Highway Cash Fund for the subsequent fiscal year.

(4) The board shall determine the cash and investment balances of the Highway Cash Fund at the beginning of each fiscal year under consideration and the estimated receipts to the Highway Cash Fund from each source which provides at least one million dollars annually to such fund. The board shall then fix the rate

of excise tax in an amount sufficient to meet the appropriations made from the Highway Cash Fund by the Legislature. Such rate shall be set in increments of one-tenth of one percent.

(5) On or before the fifteenth day of each month, the Department of Roads shall provide to each member of the board and the Clerk of the Legislature a report reflecting a comparison of the Highway Cash Fund deposits for the preceding calendar month and fiscal year to date against the projections for the same periods and the limitations of information contained in such report. The projections in the report shall be those last used by the board in setting the excise tax rate for the periods being reviewed. The report shall contain a comparison of actual receipts received to date added to any modified projections of deposits to the Highway Cash Fund for the remainder of the current fiscal year, as supplied by the Department of Roads to the board, against the appropriation for the current fiscal year. If the accumulative total deposits to the Highway Cash Fund under Chapter 66, articles 4 and 6, for the fiscal year are at any time less than ninety-eight percent or greater than one hundred four percent of the projected deposits for such period or if the actual receipts received to date added to any modified projections of deposits to the Highway Cash Fund for the current fiscal year, as supplied by the Department of Roads to the board, are less than ninety-eight percent or greater than one hundred four percent of the appropriation for the current fiscal year, the Governor may call a meeting of the board to determine whether the rate shall be changed. If such a change is required, the board shall set the new rate which shall become effective on the first day of the following ~~calendar quarter~~ semiannual period.

(6) Nothing in this section shall be construed to abrogate the duties of the Department of Roads or attempt to change any highway improvement program schedule.".

AM3115

1. Insert the following new sections:

"Section 1. Section 10-139, Reissue Revised Statutes of Nebraska, is amended to read:

10-139. Any county treasurer or other officer holding any funds of an issuer shall transfer to the issuer or to a paying agent all or such portion of such funds as the governing body or treasurer of the issuer shall request. The county treasurer or officer making payment to the issuer or to a paying agent as requested shall have no further responsibility for the funds so transferred. Any request made under this section shall not require

payments of funds due more frequently than once in any two-calendar-week period.

Sec. 7. Section 77-123, Revised Statutes Supplement, 1997, is amended to read:

77-123. Omitted property means, for the current tax year, any taxable real property that was not assessed on April 1 and any taxable tangible personal property that was not assessed on May 1. Omitted property also means any taxable real or tangible personal property that was not assessed for any prior tax year. Omitted property does not include property exempt under subdivisions (1)(a) through (c) of section 77-202 or listing errors of an item of property on the assessment roll of the county assessor.

Sec. 8. Section 77-202.03, Revised Statutes Supplement, 1997, is amended to read:

77-202.03. (1) A properly granted exemption of real or tangible personal property, except real property used for cemetery purposes, provided for in subdivisions (1)(b) and (1)(c) of section 77-202 shall continue for a period of four years if the affidavit required by subsection (2) of this section is filed when due. The four-year period shall begin with years evenly divisible by four.

(2) In each intervening year occurring between application years, the organization or society which filed the granted exemption application for the real or tangible personal property, except real property used for cemetery purposes, shall file an affidavit with the county assessor on or before December 31 of the year preceding the year for which the exemption is sought, on forms prescribed by the Property Tax Administrator, certifying that the ownership and use of the exempted property has not changed during the year. Any organization or society which misses the December 31 deadline for filing the affidavit may file the affidavit by June 30. Such filing shall maintain the tax-exempt status of the property without further action by the county and regardless of any previous action by the county board to deny the exemption due to late filing of the affidavit. Upon any such late filing, the county board shall assess a penalty against such organization or society of ten percent of the tax that would have been assessed had the affidavit not been filed or one hundred dollars, whichever is less, for each calendar month or fraction thereof for which the filing of the affidavit is late.

(3) If any organization or society seeks a tax exemption for any real or tangible personal property acquired on or after January 1 of any year or converted to exempt use on or after January 1 of any year, the organization or society shall make application for exemption on or before August 1 of that year as provided in section 77-202.01. The procedure for reviewing the application shall be as in sections 77-202.01 to 77-202.07, except that the exempt use shall be determined as of the date of application and the review by the county board of equalization

shall be completed by August 15.

(4) In any year, the county assessor or the county board of equalization may cause a review of any exemption to determine whether the exemption is proper. Such a review may be taken even if the ownership or use of the property has not changed from the date of the allowance of the exemption. The review shall follow the procedure set out in section 77-202.02. If it is determined that a change in an exemption is warranted, the procedure for hearing set out in section 77-202.02 shall be followed. If an exemption is denied, the county board of equalization shall place the property on the tax rolls retroactive to January 1 of that year if on the date of the decision of the county board of equalization the property no longer qualifies for an exemption.

(5) During the month of September of each year, the county board of equalization shall cause to be published in a paper of general circulation in the county a list of all real estate in the county exempt from taxation for that year pursuant to subdivisions (1)(b) and (1)(c) of section 77-202. Such list shall be grouped into categories as provided by the Property Tax Administrator. A copy of the list and proof of publication shall be forwarded to the Property Tax Administrator.

Sec. 20. Section 77-686, Reissue Revised Statutes of Nebraska, is amended to read:

77-686. The Property Tax Administrator, on or before ~~December 31~~ January 15 of each year, shall certify to the State Treasurer the names of the car line companies and the several amounts of taxes levied under section 77-684.

Sec. 23. Section 77-1214, Revised Statutes Supplement, 1997, is amended to read:

77-1214. It shall be the duty of any county assessor, sheriff, constable, city council member, and village trustee to at once inform the county treasurer of the making or attempted making of any sale, levy of attachment, or removal of tangible personal property known to him or her. It shall be the duty of the county treasurer to forthwith proceed with the collection of the tax when such acts become known to him or her in any manner. Any personal property tax shall be due and collectible, including all tangible personal property then assessed upon which the tax shall be computed on the basis of the last preceding levy, and a distress warrant shall be issued when (1) any person attempts to sell all or a substantial part of his or her tangible personal property, (2) a levy of attachment is made upon tangible personal property, or (3) a person attempts to remove or removes tangible personal property from the county. From the date the taxes are due and collectible, the taxes shall be a first lien upon the personal property of the person to whom assessed until paid.

Sec. 37. Section 77-1504, Revised Statutes Supplement, 1997, is amended to read:

77-1504. The county board of equalization may meet on or

after June 1 and on or before July 25 to consider and correct the current year's assessment of any real property which has been undervalued, overvalued, or omitted. The board shall give notice of the assessed value to the record owner or agent at his or her last-known address.

The county board of equalization in taking action pursuant to this section may consider the ~~report~~ reports of the county assessor pursuant to ~~section~~ sections 77-1315.01 and 77-1317 or any other information known to any member of the board.

Action of the county board of equalization pursuant to this section shall be for the current assessment year only.

The action of the county board of equalization may be protested to the board within thirty days after the mailing of the notice required by this section. If no protest is filed, the action of the board shall be final. If a protest is filed, the county board of equalization shall hear the protest in the manner prescribed in section 77-1502, except that all protests shall be heard and decided on or before September 15.

The action of the county board of equalization upon a protest filed pursuant to this section may be appealed to the Tax Equalization and Review Commission on or before October 15.

Sec. 38. Section 77-1759, Reissue Revised Statutes of Nebraska, is amended to read:

77-1759. The county treasurer shall report and pay over the amount of tax and special assessments due to towns, districts, cities, villages, corporations, and persons, collected by him or her, when demanded by the proper authorities or persons. Any demand made under this section shall not require payments of funds due more frequently than once in any two-calendar-week period.

Sec. 40. Section 77-5001, Revised Statutes Supplement, 1997, is amended to read:

77-5001. Sections 77-5001 to 77-5031 and section 43 of this act shall be known and may be cited as the Tax Equalization and Review Commission Act.

Sec. 41. Section 77-5003, Reissue Revised Statutes of Nebraska, is amended to read:

A commissioner may be removed by the Governor for misfeasance, malfeasance, or willful neglect of duty or other cause after notice and a public hearing unless notice and hearing are expressly waived in writing by the commissioner.

Sec. 42. Section 77-5005, Reissue Revised Statutes of Nebraska, is amended to read:

77-5005. (1) Within ten days after appointment, the commissioners shall meet at their office in Lincoln, Nebraska, and enter upon the duties of their office.

(2) A majority of the commission shall at all times constitute a quorum to transact business, and one vacancy shall not impair the right of the remaining commissioners to exercise all the powers of the commission.

(3) Any investigation, inquiry, or hearing held or undertaken by the commission may be held or undertaken by or before any one commissioner with the approval of the commission.

(4) When holding hearings pursuant to sections 77-5016, 77-5024, and 77-5026, the commission may, after hearing the evidence and argument on the record, recess to closed deliberations for the limited purpose of deciding the matter before it notwithstanding sections 84-1408 to 84-1414. After deliberating, the commission shall issue its final decision, accompanied by findings of fact and conclusions of law, in writing or on the record.

(5) All investigations, inquiries, hearings, and decisions of a commissioner and every order made by a commissioner when approved and confirmed by a quorum of the commission, if so shown on its record of proceedings, shall be deemed to be the order of the commission.

Standing Committee amendment to LB 949:
AM2811

1. Strike original sections 1 to 8 and insert the following new sections:

"Section 1. Sections 1 to 9 of this act shall be known and may be cited as the Tobacco Central Registry Act.

Sec. 2. It is the intent of the Legislature to require the establishment and maintenance of a central registry of tobacco licenses. Since there is no statewide registration of tobacco licenses, it is extremely difficult to select a random sample of licensed retailers for statewide compliance checks which are required by 42 U.S.C. 300x-26. A centralized tobacco licensing system for tobacco retailers is a key component in implementing an effective policy for preventing access to tobacco products by youth.

It is also the intent of the Legislature to maintain local control of administering tobacco licenses and to increase the enforcement efforts against illegal sales to youth. Increasing local and state enforcement efforts and giving communities the power to suspend tobacco licenses are effective strategies to prevent the sales of tobacco to youth.

Sec. 3. For purposes of the Tobacco Central Registry Act:

(1) Department means the Department of Health and Human Services Regulation and Licensure; and

(2) Tobacco license means the license required pursuant

to section 28-1420.

**LEGISLATIVE BILL 1016.** Placed on General File as amended.
Standing Committee amendment to LB 1016:
AM3168

1. Strike the original sections and insert the following sections:

"Section 1. It is the intent of the Legislature that quality health care services and human services be provided to all citizens of the state and basic standards be developed to promote safe and adequate care of individuals in health care services

facilities and human services facilities, that categories of facilities be regulated by the state solely for the purpose of protecting the public from unreasonable harm or danger, and that categories of facilities be regulated by the state only when it is demonstrated that regulation is in the best interest of the public.

The purposes of sections 1 to 14 of this act are to establish criteria that provide for the determination of what categories of facilities should be regulated, to develop a quality improvement mechanism which would periodically examine and reexamine the laws, regulations, processes, and results of the facility regulation system, to establish a facility regulation system based on meaningful results, including quality indicators, and to assure that the development, application, and implementation of the regulatory system is consistent and uniform.

Sec. 2. For purposes of sections 1 to 14 of this act, the definitions found in sections 3 to 7 of this act are used.

Sec. 3. Credentialing means the totality of the licensure processes associated with obtaining a license or changing aspects of a currently existing license.

Sec. 4. Facility means any organization which provides health care services or human services to members of the general public.

Sec. 5. Health care services means services associated with the diagnosis and treatment of physical, mental, or emotional injury or illness or the prevention, rehabilitation, or continuing care related to health problems.

Sec. 6. Human services means services that assist individuals in the conduct of daily living and includes the provision of food and shelter, a minimum amount of such assistance and personal care, and health-related services for individuals who are in need of a protected environment but who are otherwise able to manage normal activities of daily living.

Sec. 7. Licensure means the permission granted by the state to provide health care services or human services to the public which would otherwise be unlawful without such permission and which is granted to facilities which meet prerequisite qualifications pertinent to public health, safety, and welfare.

Sec. 8. Credentialing of categories of facilities not previously licensed should occur only when:

(1) Credentialing is necessary to prevent harm or endangerment to the public health, safety, or welfare and the potential for the harm or endangerment is easily recognizable and not remote or dependent upon tenuous argument;

(2) Credentialing would not significantly diminish the supply of qualified providers, or would not otherwise diminish the public's access to needed services; and

(3) There is no more cost-effective means of protecting the public from harm than credentialing.

Sec. 9. After reviewing the criteria in section 8 of

this act and considering governmental and societal costs and benefits, if the Legislature finds that it is necessary for the protection of the public to regulate categories of facilities not previously regulated by state law, it is the intent of the Legislature that the least restrictive regulatory provisions consistent with protecting the public health, safety, and welfare be implemented.

Sec. 10. Changes in the credentialing of categories of currently licensed facilities should occur only when:

(1) Credentialing is not needed to ensure the protection of the public health, safety, or welfare, or the current rules and regulations or statutory provisions are not providing adequate protection of the public health, safety, or welfare;

(2) Credentialing has been more detrimental than beneficial to the public health, safety, or welfare by diminishing the supply of qualified providers or the public's access to needed services; or

(3) There are more cost-effective means of protecting the public than credentialing.

Sec. 11. After reviewing the criteria in section 10 of this act and considering governmental and societal costs and benefits, if the Legislature finds that it is necessary for the protection of the public to make changes in the statutes regulating categories of facilities, it is the intent of the Legislature that changes be implemented which are the least restrictive regulatory provisions consistent with protecting the public health, safety, and welfare.

Sec. 12. The Department of Health and Human Services Regulation and Licensure shall periodically examine and reexamine the regulations, processes, and results of the facility regulation system. Changes in the facility regulation system should occur whenever the department finds that:

(1) The programs or procedures are not needed to ensure the protection of the public health, safety, or welfare, or the programs or procedures are not providing adequate protection of the public health, safety, or welfare;

(2) The programs or procedures have been more detrimental than beneficial to the fulfillment of the department's regulatory responsibilities as defined by law or have diminished the supply of qualified providers or the public's access to needed services; or

(3) There are alternatives to the programs or procedures that would more cost-effectively fulfill the department's duties and responsibilities.

Sec. 13. The Department of Health and Human Services Regulation and Licensure shall review the regulation or proposed regulation of categories of facilities based on the criteria in sections 1 to 14 of this act. On or before November 1 of each year, the department shall provide the Legislature with recommendations for credentialing of categories of facilities not

previously regulated and changes in the statutes governing the credentialing of categories of facilities.

Sec. 14. Nothing in Legislative Bill 1016, Ninety-fifth Legislature, Second Session, 1998, is intended to authorize any certificate of need activities for facilities or to authorize the licensure of private practice health care service offices.

Sec. 15. Section 71-2024, Revised Statutes Supplement, 1997, is amended to read:

71-2024. (1) To protect the health, safety, and welfare of the public and to insure to the greatest extent possible the efficient, adequate, and safe practice of health care in any hospital, health care facility, or human service facility ~~or related institution~~ as defined in sections 71-2017 to 71-2029 and sections 1 to 14 of this act consistent with ~~the Nebraska Nursing Home Act,~~ the Uniform Controlled Substances Act, the Uniform Licensing Law, and sections 28-1437 to 28-1439.05, 71-2017 to 71-2029, 71-20,115 to 71-20,119, 71-6501, 71-6601 to 71-6615, and 71-6701 to 71-6717 and sections 1 to 14 of this act, the department shall adopt, promulgate, and enforce rules, regulations, and standards with respect to the different types of hospitals, health care facilities, and health service facilities, ~~and related institutions~~ except nursing homes, ~~to be licensed hereunder as may be~~ designed to further the accomplishment of the purposes of ~~sections 71-2017 to 71-2029~~ such sections, act, and law. The department, with the advice of the Nursing Home Advisory Council, shall adopt, promulgate, and enforce rules, regulations, and standards with respect to nursing homes. Such rules, regulations, and standards shall be in compliance with the Nebraska Nursing Home Act. Such rules, regulations, and standards shall be modified, amended, or rescinded from time to time in the public interest by the department with the advice of the Nursing Home Advisory Council.

(2) The department may accept accreditation by a recognized independent accreditation body, which has standards that are at least as stringent as those of the State of Nebraska, as evidence that the hospital, health care facility, or human service facility complies with the rules, regulations, and standards adopted and promulgated pursuant to subsection (1) of this section.

(3) In addition to the authority to inspect in section 71-2022, the department may adopt and promulgate rules and regulations which allow for recognition of alternative methods for assessing the compliance of the hospital, health care facility, or human service facility with the rules, regulations, and standards adopted and promulgated pursuant to subsection (1) of this section.

Sec. 5. Section 66-4,144, Revised Statutes Supplement, 1997, is amended to read:

66-4,144. (1) In order to insure that an adequate balance in the Highway Restoration and Improvement Bond Fund is maintained to meet the debt service requirements of bonds to be issued by the commission under subsection (2) of section 39-2223, the Governor may call a meeting of the State Tax Board at any time in advance of the issuance of such bonds. At such meeting, the board shall set the rate of the excise tax imposed by sections 66-4,140, 66-669, and 66-6,108 for each year during which such bonds are outstanding to provide in each such year money equal in amount to not less than one hundred twenty-five percent of such year's bond principal and interest payment requirements. Such rate shall be in addition to the rate of excise tax set pursuant to subsection (2) of this section. Each such rate shall be effective from July 1 of a stated year through June 30 of the succeeding year or during such other period not longer than one year as the board determines to be consistent with the principal and interest requirements of such bonds. Such excise tax rates set pursuant to

this subsection may be increased, but such excise tax rates shall not be subject to reduction or elimination unless the board has received from the Nebraska Highway Bond Commission notice of reduced principal and interest requirements for such bonds, in which event the Governor may call a meeting of the board to determine whether the rate or rates shall be changed. The new rate or rates, if any, set by the board shall become effective on the first day of the following ~~calendar quarter~~ semiannual period.

(2) In order to insure that there is maintained an adequate Highway Cash Fund balance to meet expenditures from such fund as appropriated by the Legislature, within fifteen days after the adjournment of each regular session of the Legislature, the board shall set the rate of the excise tax imposed by sections 66-4,140, 66-669, and 66-6,108 which will be effective from July 1 through June 30 of the succeeding year. The rate of excise tax for a given July 1 through June 30 period set pursuant to this subsection shall be in addition to and independent of the rate or rates of excise tax set pursuant to subsection (1) of this section for such period.

(3) The Department of Roads, with assistance from the Department of Revenue, shall prepare and provide the necessary information to each member of the board at least five days before each meeting. Such information shall include, but not be limited to, the unobligated balance in the Highway Cash Fund anticipated on the subsequent June 30, monthly estimates of anticipated receipts to the Highway Cash Fund for the subsequent fiscal year, and the appropriations made from the Highway Cash Fund for the subsequent fiscal year.

(4) The board shall determine the cash and investment balances of the Highway Cash Fund at the beginning of each fiscal year under consideration and the estimated receipts to the Highway Cash Fund from each source which provides at least one million dollars annually to such fund. The board shall then fix the rate of excise tax in an amount sufficient to meet the appropriations made from the Highway Cash Fund by the Legislature. Such rate shall be set in increments of one-tenth of one percent.

(5) On or before the fifteenth day of each month, the Department of Roads shall provide to each member of the board and the Clerk of the Legislature a report reflecting a comparison of the Highway Cash Fund deposits for the preceding calendar month and fiscal year to date against the projections for the same periods and the limitations of information contained in such report. The projections in the report shall be those last used by the board in setting the excise tax rate for the periods being reviewed. The report shall contain a comparison of actual receipts received to date added to any modified projections of deposits to the Highway Cash Fund for the remainder of the current fiscal year, as supplied by the Department of Roads to the board, against the appropriation for the current fiscal year. If the accumulative total deposits to

the Highway Cash Fund under Chapter 66, articles 4 and 6, for the fiscal year are at any time less than ninety-eight percent or greater than one hundred four percent of the projected deposits for such period or if the actual receipts received to date added to any modified projections of deposits to the Highway Cash Fund for the current fiscal year, as supplied by the Department of Roads to the board, are less than ninety-eight percent or greater than one hundred four percent of the appropriation for the current fiscal year, the Governor may call a meeting of the board to determine whether the rate shall be changed. If such a change is required, the board shall set the new rate which shall become effective on the first day of the following ~~calendar quarter~~ semiannual period.

(6) Nothing in this section shall be construed to abrogate the duties of the Department of Roads or attempt to change any highway improvement program schedule.".

2. On page 9, line 10, strike "6, 8, 9, and 11" and insert "10, 12, 13, and 15"; in line 14 strike "66-486" and insert "66-482, 66-486, 66-4,141, 66-4,143"; and in line 15 after the last comma insert "and section 66-4,144, Revised Statutes Supplement, 1997,".

## ATTORNEY GENERAL'S OPINION

Opinion No. 98014

DATE: February 20, 1998

SUBJECT: Child Pornography Prevention Act - constitutionality of proposed amendments

REQUESTED BY: Kermit A. Brashear, Senator

WRITTEN BY: Don Stenberg, Attorney General
Barry Waid, Assistant Attorney General

Question Presented: Whether proposed amendments to Nebraska's laws relating to child pornography are constitutional in light of the First Amendment to the United States Constitution and the corresponding provisions of the Nebraska Constitution.

Since the proposed legislation does not seek to amend the statute criminalizing the possession of child pornography, this opinion will not address the impact, if any, on Neb. Rev. Stat. § 28-813.01 (Reissue 1995). LB 1349 would amend the prohibitions against child pornography to include compiling, for purposes of reproduction and distribution, a compilation of multiple visual depictions of full child nudity when manifesting a design to elicit a sexual response in a viewer with a sexual interest in children.

Answer: A state has more freedom to proscribe works which portray sexual acts or lewd exhibitions of genitalia by children than other pornographic depictions. *See **New York v. Ferber***, 458 U.S. 747, 756, 102 S.Ct. 3344, 3353 (1982). Child pornography is not entitled to First Amendment protection provided the conduct to be prohibited is adequately

defined by state law. *See **Ferber***, 458 U.S. 764, 102 S.Ct. 3358. Statutes regulating child pornography are not subject to limitations placed upon statutes governing adult pornography. One need not find that the material appeals to the prurient interests of the average person; it is not required that sexual conduct portrayed be done so in a patently offensive manner; and the material at issue need not be considered as a whole. *See **Ferber***, 458 U.S. 747, 102 S.Ct. 3348 (*quoted in **State v. Saulsbury***, 243 Neb. 227, 498 N.W.2d 338 (1992)). The greater latitude allowed the government in restricting child pornography is permitted due to the "surpassing importance" of the government's interest in preventing the sexual exploitation and abuse of children. *See **Ferber***, 458 U.S. at 755, 102 S.Ct. at 3355.

While government is given great latitude when regulating child pornography, the definition of child pornography must be limited. *See **Ferber***, 458 U.S. at 764, 102 S.Ct. at 3358. The conduct to be prohibited must be adequately defined by the applicable state law, as written or authoritatively construed. *See id.* The category of "sexual conduct" proscribed must also be suitably limited and described. *See id.*

In 1986, this office offered its opinion on the constitutionality of the Child Pornography Prevention Act in Nebraska Attorney General Opinion, No. 86035, March 13, 1986. Subsequently, the Nebraska Child Pornography Prevention Act, as it presently exists, has withstood constitutional challenges on the basis of overbreadth and vagueness. *See **State v. Burke***, 225 Neb. 625, 408 N.W.2d 239 (1987). While not being required to pass on the facial constitutionality of the statute, the Nebraska Supreme Court has noted that the "terms of the statute were meticulously defined" when discussing the proscriptions of the Act. ***Saulsbury***, 243 Neb. at 232, 498 N.W.2d at 342. The Nebraska Supreme Court has also noted that federal legislation similar to the Nebraska statute as it currently exists has been upheld as constitutional. *See **Saulsbury***, 243 Neb. 227, 498 N.W.2d 338. Consequently, this opinion will focus only upon those amendments proposed in LB 1349.

The added language proposed in LB 1349, if adopted, should likewise be held constitutional under the guidelines provided by the U.S. Supreme Court and the Nebraska Supreme Court because the conduct prohibited is adequately defined.

The additional criminal conduct proscribed by LB 1349 is limited to material containing visual depictions of child nudity or nudity of children under eighteen years of age. The conduct proscribed is further limited to compilations of child nudity "manifesting a design to elicit a sexual response in a viewer with a sexual interest in children." By definition, compilations do not manifest a design to elicit a sexual response in a viewer with a sexual interest in children if compiled for a bona fide scientific, educational, or medical purpose by a bona fide institution.

In the absence of anything indicating to the contrary, statutory language

must be given its plain and ordinary meaning. *See **State v. Flye***, 245 Neb. 495, 513 N.W.2d 526 (1994). In reading a penal statute, one must give effect to the purpose and the intent of the legislature as ascertained from the entire language of the statute considered in its plain ordinary and sense. *See **State v. Robbins***, 253 Neb. 146, 570 N.W.2d 185 (1997). Terms in the criminal offenses defined by the proposed legislation such as "compilation," "design," "visual depictions," and "full child nudity" are defined by statute and are words of common usage with readily ascertained meanings. As such, the conduct to be prohibited has been adequately defined by the applicable state law as required by ***Ferber***. Individuals are given proper notice of the prohibited conduct.

In ***Ferber***, among the issues considered was whether the proscription against using children in the "lewd exhibition of the genitals" was beyond the reach of First Amendment protection. In concluding that such displays were not constitutionally protected the Court noted that the terms "lewd exhibition of genitals" had a known meaning. The statute also required "scienter" or knowledge on the part of the person inducing a child to engage in such an exhibition. ***Ferber***, 458 U.S. at 765, 102 S.Ct. at 3359.

As with the statute construed in ***Ferber***, LB 1349 uses terms of known meaning. It also requires scienter in that the prohibited acts require a "design to elicit a sexual response in a viewer with a sexual interest in children." In other words, the proposed language requires a demonstrated plan or purpose to elicit a sexual response on the part of a viewer with a sexual interest in children. The statute also defines the meaning of "manifesting a design."

***Ferber*** also requires that the sexual conduct proscribed must be suitably limited and described. The legislation must not be overbroad or prohibit a substantial amount of constitutionally protected conduct. The statutory language proposed suitably limits and describes the sexual conduct proscribed within the meaning of ***Ferber***, 458 U.S. at 764, 102 S.Ct. at 3358.

Legislative attempts to prohibit the production or transfer of child pornography have sometimes been constitutionally attacked as being overbroad. The doctrine of overbreadth is predicated on the sensitive nature of protected expressions and allows persons to attack overly broad statutes even though the conduct of the person making the attack is clearly unprotected. In other words, the attack is made upon the "face" of the statute. The overbreadth of the statute, however, must be "substantial" before the statute will be invalidated on its face. ***Ferber***, 458 U.S. at 769, 102 S.Ct. at 3361. The proposed amendments are not substantially overbroad.

LB 1349 limits the reach of the proscribed conduct by exempting compilations containing multiple visual depictions of full child nudity compiled for a bona fide scientific, educational or medical purpose for a bona fide institution with a bona fide interest in such. These exemptions

allow scientific, medical and educational institutions with a legitimate purpose to compile and distribute volumes containing multiple visual depictions of child nudity. The statute considered in ***Ferber*** did not contain such an exemption. The United States Supreme Court has previously considered similar limiting exemptions when overruling a constitutional overbreadth attack upon legislation proscribing possession and viewing of child pornography in ***Osborne v. Ohio***, 495 U.S. 103, 110 S.Ct. 1691 (1990). The specific exceptions contained in LB 1349 exempt bona fide institutions which compile visual depictions of child nudity for bona fide medical, educational, or scientific purposes. When the limiting exceptions are considered, the scope of the statute narrows considerably. The impact of the proposed amendments upon protected conduct would, in our opinion, be "de minimis." *See id.*

Conclusion: LB 1349 seeks to amend Nebraska's child pornography statutes by adding a prohibition against compiling for purposes of reproduction and distribution a compilation containing multiple visual depictions of full child nudity as well as the subsequent sale or delivery of such compilations. In view of the facts that the prohibition does not extend to a person merely possessing pictures of child nudity for innocent purposes; that scienter is required on the part of the person compiling the multiple visual depictions; and that there are exemptions for compilations made by bona fide institutions for bona fide scientific, educational or medical purposes; the amendatory language should be held constitutional.

Sincerely,
DON STENBERG

The system of copayments and deductibles in the schedule shall discourage abuse of high-cost services and encourage the utilization of cost-effective services. Prior to the adoption of the schedule of copayments and deductibles, the director shall provide a report to the Governor and the Legislature outlining proposed copayments and deductibles. The report shall collect and summarize available data from other states concerning their experience with copayments and deductibles, determine if vendors may be reimbursed for copayments and deductibles resulting from a recipient's inability to pay, evaluate the collectability of copayments and deductibles, and assess the effect of copayments and deductibles on recipients, vendors, access to and availability of care, and utilization of affected medical assistance program services. The report shall include data from Nebraska as it becomes available. The report shall also provide information as to other cost-containment mechanisms which have been implemented or proposed by the

Department of Health and Human Services Finance and Support for the fiscal year. The report shall be provided to the Governor and the Legislature by December 1 of each year. No schedule of copayments and deductibles shall be put into effect until July 1 following the report, except that for the first year the schedule shall be put into effect by April 1. A vendor shall be responsible for collecting any applicable copayment or deductible from the recipient.

(5) The Director of Finance and Support shall provide limits as to the amount, duration, and scope of services and goods recipients may receive under the medical assistance program. For purposes of providing limits as to the amount, duration, and scope of services and goods recipients may receive under the medical assistance program, the Department of Health and Human Services Finance and Support shall adopt and promulgate rules and regulations. The limits adopted shall in all respects comply with applicable provisions of Title XIX of the federal Social Security Act and the related federal regulations, as they may be amended from time to time. Prior to the adoption of such rules and regulations, the director shall provide a report to the Governor and the Legislature outlining proposed limits. Such report shall be provided to the Governor and the Legislature by December 1 of each year. No rules or regulations to implement such limits shall be put into effect until April 1 following the report.

(6) No vendor shall advertise or promote through newspapers, magazines, circulars, direct mail, directories, radio, television, or otherwise that such vendor will waive the collection of all or any portion of any copayment or deductible established pursuant to subsection (4) of this section.

Sec. 3. Section 68-1020, Reissue Revised Statutes of Nebraska, is amended to read:

68-1020. (1) Medical assistance shall be paid on behalf of dependent children, aged persons, blind individuals, and disabled individuals, as defined in sections 43-504 and 68-1002 to 68-1005, and on behalf of all individuals less than twenty-one years of age who are eligible under section 1905(a) of the federal Social Security Act, as amended.

(2) The Director of Finance and Support shall adopt and promulgate rules and regulations governing provision of such medical assistance benefits: ~~to qualified individuals:~~

(a) ~~Who~~ To qualified individuals who are presumptively eligible as allowed under 42 U.S.C. 1396a, as amended, and section 1920A of the federal Social Security Act, as amended; ~~or~~

(b) ~~Who have~~ To qualified individuals who are minor children in a family having income at or below one hundred fifty percent of the Office of Management and Budget ~~income~~ poverty ~~guidelines~~ line as allowed under Title XIX and Title XXI of the federal Social Security Act, as amended, without regard to resources. This includes all ~~, including~~ children ~~up to such~~ under

nineteen years of age as allowed under ~~42 U.S.C. 1396a~~ section 2110 of the federal Social Security Act, as amended;

(c) On a sliding scale to qualified individuals who are minor children under nineteen years of age in a family which has income up to one hundred eighty-five percent of the Office of Management and Budget poverty line as allowed under Title XIX and Title XXI of the federal Social Security Act, as amended, whose resources do not exceed four thousand dollars for an individual or six thousand dollars for a family, one motor vehicle per family, and life insurance, including all children under nineteen years of age as allowed under section 2110 of the federal Social Security Act, as amended; or

(d) To qualified individuals who are minor children under nineteen years of age in a family having income greater than one hundred eighty-five percent of the Office of Management and Budget poverty line, if such income is less than two hundred percent of such poverty line and a minor child in such family has annual medical expenses of not less than fifteen percent of the family's annual income.

Sec. 4. It is the intent of the Legislature that on a quarterly basis not more than ten percent of the federal funds available to Nebraska pursuant to the federal State Children's Health Insurance Plan, enacted as part of the federal Balanced Budget Act of 1997, be used to pay administrative costs associated with the plan. If quarterly administrative costs are less than ten percent of such available federal funds, any funds remaining up to ten percent quarterly of such funds shall be used for direct purchase of services to provide child health assistance to targeted low-income children pursuant to section 2110(a) of the federal Social Security Act, as amended.

Sec. 5. Section 68-1021, Reissue Revised Statutes of Nebraska, is amended to read:

68-1021. For the purpose of paying medical assistance as defined in sections 68-1002, 68-1006, and 68-1018 to 68-1025, the State of Nebraska hereby accepts and assents to all applicable provisions of Title XIX of ~~an Act of Congress identified as H.R. 6675, 89th Congress, approved July 30, 1965~~ the federal Social Security Act, as amended as of the effective date of this act, and, effective October 1, 1997, Title XXI of the federal Social Security Act, as amended as of the effective date of this act. The Director of Finance and Support is authorized to promulgate rules and regulations, to enter into agreements, to adopt fee schedules with regard to medical assistance benefits, rehabilitation services, and any other remedial services, and to adopt copayments and deductibles with respect to such benefits and services if the requirements of subsection (4) of section 68-1019 are met.

Sec. 6. Section 68-1037, Reissue Revised Statutes of Nebraska, is amended to read:

68-1037. The Legislature finds that it is in the best

interests of the State of Nebraska to have health care services available to as many Nebraskans as possible. The Legislature further finds that the medical assistance program established in sections 68-1018 to 68-1025, also known as medicaid, and Title XXI of the federal Social Security Act, as amended as of the effective date of this act, should be utilized to the extent possible under federal law in order to provide health care for low-income children and families in Nebraska. The Legislature further finds this goal can be met in part by providing prenatal care to pregnant women and care to infants at the maximum level allowed by federal law. Such persons qualify for care if the family income is less than or equal to one hundred fifty percent of the federal Office of Management and Budget ~~income~~ poverty ~~guidelines~~ line. It is the intent of this section and section 68-1020 to provide such health care services.

Sec. 7. Section 68-1724, Reissue Revised Statutes of Nebraska, is amended to read:

68-1724. (1) Cash assistance shall be provided for a period or periods of time not to exceed a total of two years for recipient families with children subject to the following:

(a) If the state fails to meet the specific terms of the self-sufficiency contract developed under section 68-1719, the two-year time limit established in this section shall be extended for an additional period of not more than two years;

(b) The two-year time period for cash assistance shall begin when the self-sufficiency contract is signed or when any children born into the recipient family prior to the initial ten months of assistance reach the age of six months, whichever is later;

(c) When no longer eligible to receive cash assistance, assistance shall be available to reimburse work-related child care expenses even if the recipient family has not achieved economic self-sufficiency. The amount of such assistance shall be based on a cost-shared plan between the recipient family and the state which shall provide assistance up to one hundred eighty-five percent of the federal poverty level for up to twenty-four months. A recipient family may be required to contribute up to twenty percent of such family's gross income for child care; ~~. It is the intent of the Legislature that transitional health care coverage be made available on a sliding-scale basis to individuals and families with incomes up to one hundred eighty-five percent of the federal poverty level if other health care coverage is not available;~~

(d) After receiving cash assistance under this section for two years at a monthly payment level not exceeding that provided in section 43-512, families shall receive no further cash assistance pursuant to this section for at least two years after the assistance period ends; and

(e) The self-sufficiency contract shall be revised and the two-year time period for cash assistance extended when there is

no job available for adult members of the recipient family. It is the intent of the Legislature that available job shall mean a job which results in an income of at least equal to the amount of cash assistance that would have been available if receiving assistance minus unearned income available to the recipient family.

The department shall develop policy guidelines to allow for cash assistance to persons who have received the maximum cash assistance provided by this section and who face extreme hardship without additional assistance. For purposes of this section, extreme hardship means a recipient family does not have adequate cash resources to meet the costs of the basic needs of food, clothing, and housing without continuing assistance or the child or children are at risk of losing care by and residence with their parent or parents.

(2) Cash assistance conditions under the Welfare Reform Act shall be as follows:

(a) Adults in recipient families shall mean individuals at least nineteen years of age living with and related to a child eighteen years of age or younger and shall include parents, siblings, uncles, aunts, cousins, or grandparents, whether the relationship is biological, adoptive, or step;

(b) The payment standard shall be based upon family size. Any child born into the recipient family after the initial ten months of participation in the program shall not increase the cash assistance payment, except that child support or other income received on behalf of such child or children shall not be considered as countable income to the recipient family in determining the amount of their cash assistance payment;

(c) The adults in the recipient family shall ensure that the minor children regularly attend school. Education is a valuable personal resource. The cash assistance provided to the recipient family may be reduced when the parent or parents have failed to take reasonable action to encourage the minor children of the recipient family ages sixteen and under to regularly attend school. No reduction of assistance shall be such as may result in extreme hardship. It is the intent of the Legislature that a process be developed to insure communication between the case manager, the parent or parents, and the school to address issues relating to school attendance;

(d) Two-parent families which would otherwise be eligible under section 43-504 or a federally approved waiver shall receive cash assistance under this section;

(e) For minor parents, the assistance payment shall be based on the minor parent's income. If the minor parent lives with at least one parent, the family's income shall be considered in determining eligibility and cash assistance payment levels for the minor parent. If the minor parent lives independently, support shall be pursued from the parents of the minor parent. If the absent parent of the minor's child is a minor, support from his or

her parents shall be pursued. Support from parents as allowed under this subdivision shall not be pursued when the family income is less than three hundred percent of the federal poverty guidelines; and

(f) For adults who are not biological or adoptive parents or stepparents of the child or children in the family, if assistance is requested for the entire family, including the adults, a self-sufficiency contract shall be entered into as provided in section 68-1719. If assistance is requested for only the child or children in such a family, such children shall be eligible after consideration of the family's income and if (i) the family cooperates in pursuing child support and (ii) the minor children of the family regularly attend school.

Sec. 8. Original sections 68-1019, 68-1020, 68-1021, 68-1037, and 68-1724, Reissue Revised Statutes of Nebraska, are repealed.".

(2) It shall be the duty of each claimant who wants the homestead exemption provided in subdivision (1)(a) of section 77-3508 to file an application therefor with the county assessor on or before June 30 of each year. Failure to do so shall constitute a waiver of the exemption for such year, except that the county board of the county in which the homestead is located may, by majority vote, extend the deadline to on or before July 20 of each year. ## AMENDMENT - Print in Journal

Messrs. Schellpeper and Jones filed the following amendment to LB 1152:
AM3226

1. On page 6, strike lines 24 through 28 and insert:

"(2) If a county intends to adopt a county comprehensive development plan or zoning resolution and the county has appointed a planning commission of not less than seven members, the county board may, after notice and public hearing, adopt interim zoning measures by resolution without first having adopted a county comprehensive development plan. Interim zoning measures are available only to counties that have not adopted a county comprehensive zoning plan. The interim zoning measures may include an interim zoning resolution, map, or regulation. Notice of the time and place of the public hearing shall be given by publication in a legal newspaper of general circulation in the county one time at least ten days prior to the hearing. A copy of the proposed interim zoning measures within the restrictions applied in this section, including any resolution, map, or regulation, shall be available for inspection during regular business hours at the office of the county clerk at least ten days prior to the hearing. An interim zoning measure shall expire April 15, 2000, or on the date a final county comprehensive development plan or zoning resolution is adopted, whichever occurs first.

The interim zoning measure may include livestock zoning regulations that pertain to confined livestock operations, livestock waste control facilities, and open lots. For purposes of this subsection:

(a) Confined livestock operations means totally roofed buildings, which may be open-sided (for ventilation purposes only) or completely enclosed on the sides, wherein animals or poultry are housed over solid concrete or dirt floors, or slatted (partially open) floors over pits or manure collection areas in pens, stalls

or cages, with or without bedding materials and mechanical ventilation; and

Sec. 4. Section 68-1037, Reissue Revised Statutes of Nebraska, is amended to read:

68-1037. The Legislature finds that it is in the best interests of the State of Nebraska to have health care services available to as many Nebraskans as possible. The Legislature further finds that the medical assistance program established in sections 68-1018 to 68-1025, also known as medicaid, and Title XXI of the federal Social Security Act, as amended as of the operative date of this act, should be utilized to the extent possible under federal law in order to provide health care for low-income children and families in Nebraska. The Legislature further finds this goal can be met in part by providing prenatal care to pregnant women and care to infants at the maximum level allowed by federal law. ~~Such persons qualify for care if the family income is less than or equal to one hundred fifty percent of the federal Office of Management and Budget income poverty guidelines.~~ It is the intent of this section and section 68-1020 to provide such health care services.

Sec. 5. (1) A committee shall be appointed to study the implementation of the federal Title XXI program described in this

legislative bill and other alternatives for implementing Title XXI, including the use of private health insurance. ## STANDING COMMITTEE REPORTS
### Health and Human Services

**LEGISLATIVE BILL 1324.** Placed on General File as amended.
Standing Committee amendment to LB 1324:
AM3185

1. Strike the original sections and insert the following new sections:

"Section 1. Sections 1 to 10 of this act shall be known and may be cited as the Native American Public Health Fund Act.

Sec. 2. The Legislature finds that members of Nebraska's federally recognized Native American tribes are not receiving adequate basic public health services, especially in the areas of education and prevention. The leading causes of death among Native American people are largely preventable. Many Native American people suffer from preventable diseases such as diabetes, cardiovascular disease, and alcohol-related fatalities. An alarming number of tribal members engage in health-threatening activities such as smoking, substance abuse, and poor diet. Births to teenaged Native Americans are higher than any other racial group. Unintentional injuries are costing Native American people years of productivity and potential. As a result, the life expectancy among Native Americans is low while the infant mortality rate is high when compared to Nebraska's general population. The problems and future costs associated with a lack of adequate public health services will continue to escalate as seventy percent of tribal members on reservations and in service areas are children.

To protect a generation of Native American children and to provide for a safe, healthy future for future generations of Native American people, the Legislature declares that public health infrastructure focusing on health education and preventative health measures for Native Americans must be addressed.

Sec. 3. The Native American Public Health Fund is created. The fund may include revenue from appropriations from the Legislature, grants, private contributions, and all other sources. It is the intent of the Legislature that each year beginning with fiscal year 1998-99, five hundred thousand dollars shall be transferred from the General Fund to the Native American Public Health Fund. The fund shall be administered by the Department of Health and Human Services.

Sec. 4. The Department of Health and Human Services

shall use the Native American Public Health Fund to contract with the health clinics of Nebraska's federally recognized Native American tribes and Indian health organizations to provide educational and public health services targeted to Native American populations. The following educational and public health services may be considered by the department for such contracts:

(1) Identification and enrollment of children in state and federal programs providing access to health insurance or health care;

(2) Efforts to educate children and adults about the health risks associated with smoking and tobacco use, alcohol abuse, and other substances that threaten health and well-being and other activities designed to reduce the rate of substance abuse;

(3) Prenatal care education for women and notification of programs that improve prenatal care;

(4) Education focusing on proper diet and the importance of physical activity to good health;

(5) Blood pressure and cholesterol screenings;

(6) Support of efforts to identify children and adults at risk for depression and other mental health conditions and provide mental health counseling to prevent suicide;

(7) Parenting classes and the promotion of such programs;

(8) Efforts to discourage drinking and driving and to encourage the use of seat belts;

(9) Tests and education for acquired immunodeficiency syndrome and other sexually transmitted diseases;

(10) Tests for pregnancy and referrals to prenatal care when directed;

(11) Educational efforts aimed at reducing teen pregnancies and other unintended pregnancies;

(12) Case management for pregnant women, children, or adults with special health care needs;

(13) Efforts to make health care prevention services more affordable or accessible;

(14) Matching funds for state and federal programs designed to address public health needs;

(15) Staffing needs for public health services or education including the recruitment and training of Native American providers;

(16) Cervical and breast cancer detection services and other prevention components of comprehensive women's health services;

(17) Education to prevent and reduce the occurrence of diabetes; and

(18) Other prevention or educational activities or programs that address the health, safety, or self-sufficiency of Native American persons.

Sec. 5. During each fiscal year, the Director of Health and Human Services shall contract with the health clinics of

Nebraska's federally recognized Native American tribes as approved by the tribal councils and Indian health organizations to provide educational and public health services pursuant to section 4 of this act. The director shall fund all eligible contracts until the Native American Public Health Fund is depleted, but shall give priority to contracts which meet the following criteria:

(1) Programs or activities that directly impact the health and well-being of children;

(2) Programs or activities which serve the greater number of people over the longest period of time;

(3) Programs or activities that are part of a larger plan for strategic public health planning and implementation;

(4) Current programs or activities that have demonstrated success in improving public health or new programs or activities modeled on successful programs and activities; and

(5) Programs or activities that focus on primary prevention and show promise in reducing future health care expenditures.

Sec. 6. The Department of Health and Human Services shall provide technical assistance and assessment of needs evaluations upon request to aid tribal councils in the development of contract proposals.

Sec. 7. The Director of Health and Human Services shall equally distribute four hundred thousand dollars of the Native American Public Health Fund to each of the four federally recognized Native American tribes. If no contract proposals fitting the criteria of section 4 of this act are submitted, the tribe's share of the funds may be held by the director until such time that an adequate contract can be negotiated. The director shall distribute the remaining one hundred thousand dollars to any federally recognized tribes or Indian health organizations whose proposed educational and public health services contracts best meet the criteria of section 5 of this act.

Sec. 8. The recipients of the Native American Public Health Fund shall submit a report on the activities funded each fiscal year. The report shall provide information as required by the Director of Health and Human Services to determine the effectiveness of the contract in meeting the goals of the Native American Public Health Fund Act.

Sec. 9. If the Director of Health and Human Services determines that services are not being delivered in accordance with the contract, the director may seek to recapture all or a portion of funds expended.

Sec. 10. The Department of Health and Human Services shall adopt and promulgate rules and regulations to carry out the Native American Public Health Fund Act and shall adhere to already established or adopted and promulgated rules and regulations for contracted services under the act.".

The commission may revoke or suspend licenses issued to racing industry participants and may, in lieu of or in addition to such suspension or revocation, impose a fine in an amount not to exceed one thousand dollars upon a finding that a rule or regulation has been violated by a licensed racing industry participant. The exact amount of the fine shall be proportional to the seriousness of the violation and the extent to which the licensee derived financial gain as a result of the violation. ~~All fines shall be paid into a fund for alcohol and drug rehabilitation services for horseracing industry participants, which fund is hereby created.~~

The commission may delegate to a board of stewards such of the commission's powers and duties as may be necessary to carry out and effectuate the purposes of sections 2-1201 to 2-1242. Any decision or action of such board of stewards may be appealed to the commission or reviewed by the commission on its own initiative.

2-1203.02. Any person applying for or holding a license to participate in or be employed at a horserace meeting licensed by the State Racing Commission shall be subject to fingerprinting and a check of his or her criminal history record information maintained by the Identification Division of the Federal Bureau of Investigation for the purpose of determining whether the commission has a basis to deny the license application or to suspend, cancel, or revoke the person's license, except that the commission shall not require a person to be fingerprinted if such person has been previously fingerprinted in connection with a license application in this state or any other state within the last five years prior to the application for such license. The commission shall not require a person to be fingerprinted if such person has previously been fingerprinted by the commission, has been licensed by the commission at least three of the prior five years, has not been convicted of a felony, and has not been convicted of a misdemeanor within the last five years prior to the application for such license. The applicant, licensee, or

person involved in the administration or management of a racetrack shall pay the actual cost of any fingerprinting or check of his or her criminal history record information. The requirements of this section shall not apply to employees of concessions who do not work in restricted-access areas, admissions employees whose duties involve only admissions ticket sales and verification or parking receipts sales and verification, and medical or emergency services personnel authorized to provide such services at the racetrack.

The period of the live race meet shall begin on the first day of live racing at the racetrack and end at the end of the last day of live racing at such racetrack and shall include the days between such dates when the site of the live race meet does not conduct live racing. In the event more than one racetrack is conducting live racing during the same time period, the amount distributed shall be equally divided among such racetracks during such time period on a weekly basis.

If tickets are issued that are good for more than one day, then the sum of thirty cents shall be paid for each person using such ticket on each day that the same is used. If any free passes or complimentary admission tickets are issued, the licensee shall pay the same tax upon such passes or complimentary tickets as if the same were sold at the regular and usual admission rate, but nothing in this section shall be construed to prohibit the issuance of tax-free passes to actual and necessary officials and employees of the licensee or other persons actually working at such racetrack. The issuance of all such tax-free passes shall be under the regulations or orders of the commission, and a list of all persons to whom such tax-free passes are issued shall be filed with the commission.~~ For race meetings devoted principally to running live races, the licensee shall pay to the commission the sum of fifty dollars for each live racing day that the licensee serves as the host track for intrastate simulcasting and twenty-five dollars for any other live racing day.

No other license tax, permit tax, occupation tax, or excise tax or racing fee, except as provided in this section and in sections 2-1203, 2-1208.01, and 2-1242, shall be levied, assessed, or collected from any such licensee by the state or by any county, township, district, city, village, or other governmental subdivision or body having power to levy, assess, or collect any such tax or fee.

Sec. 5. Section 2-1211, Reissue Revised Statutes of Nebraska, is amended to read:

2-1211. The department may release the bond at the end of three years after the issuance of the bond if all questions as to the ownership of the

vehicle have been answered to the satisfaction of the department unless the department has been notified of the pendency of an action to recover on the bond. If the currently valid certificate of title is surrendered to the department, the department may release the bond prior to the end of the three-year period.

"(2)(a) If a county intends to adopt a county comprehensive development plan and zoning resolution and the county has appointed a planning commission of not less than seven members, the county board may, after notice and public hearing, adopt interim zoning measures regulating confined livestock operations, livestock waste control facilities, and open lots by resolution without first having adopted a county comprehensive development

plan. Interim zoning measures are available only to counties that have not adopted a county comprehensive development plan and zoning resolution. The interim zoning measures may include an interim zoning resolution, map, or regulation. Notice of the time and place of the public hearing shall be given by publication in a legal newspaper of general circulation in the county one time at least ten days prior to the hearing. A copy of the proposed interim zoning measures within the restrictions applied in this section, including any resolution, map, or regulation, shall be available for inspection during regular business hours at the office of the county clerk at least ten days prior to the hearing. An interim zoning measure shall expire April 15, 2000, or on the date a final county comprehensive development plan and zoning resolution is adopted, whichever occurs first.

(b) The interim zoning measure may include livestock zoning regulations that pertain to confined livestock operations, livestock waste control facilities, and open lots. For purposes of this subsection:

(i) Confined livestock operations means totally roofed buildings, which may be open-sided (for ventilation purposes only) or completely enclosed on the sides, wherein animals or poultry are housed over solid concrete or dirt floors, or slatted (partially open) floors over pits or manure collection areas in pens, stalls, or cages, with or without bedding materials and mechanical ventilation;

(ii) Livestock waste control facilities means any structure or combination of structures utilized to control livestock waste until it can be disposed of in a proper manner. Such structures include diversion terraces, holding ponds, debris basins, liquid manure storage pits, lagoons, or other such devices utilized to control livestock wastes; and

(iii) Open lots means pens or similar concentrated areas, including small shed-type areas or open-front buildings, with dirt or concrete (or paved or hard) surfaces, wherein animals or poultry are substantially or entirely exposed to the outside environment except for possible small portions affording some protection by windbreaks or small shed-type areas.

(c) A county board is limited to the adoption of any or all of the following interim livestock zoning regulations:

(i) A regulation prohibiting the construction of a livestock waste control facility until the owner or operator has been issued a construction permit, if required, by the Department of Environmental Quality;

(ii) A regulation which requires the Department of Environmental Quality to notify the county board of any application to construct a livestock waste control facility within the county;

(iii) A regulation requiring a new confined livestock operation or open lot to be a certain minimum distance from the nearest residence or be constructed with the consent of the

residence owner. The distance restriction shall not be more than one-quarter mile and shall be measured from the nearest edges of the confined livestock operation or open lots. This regulation shall not apply to the residence occupied by the owner or operator of the confined livestock operation or open lot;

(iv) A regulation requiring new confined livestock operations or open lots to be a certain minimum distance, not more than one mile from an incorporated city or village or from a concentration of ten or more residences which are located within a one-quarter square mile area. A regulation under this subdivision may only be adopted if it does not conflict with existing regulations and zoning jurisdiction of an incorporated city or village; and

(v) A regulation requiring that new open lots be set back a certain distance, not more than fifty feet, from any state or federal highway and a certain distance, not more than one hundred fifty feet, from the intersection of two county roads.

(d) Interim livestock zoning regulations are not applicable to existing confined livestock operations and open lots or to any confined livestock operation or open lot for which an application is filed with the Department of Environmental Quality or granted by the department prior to the adoption of a resolution by the county board to implement interim livestock zoning measures.
