8 (1) Order or accept delivery of any new motor vehicle,
9 part or accessory, equipment, or other commodity not required by
10 law which was not voluntarily ordered by the new motor vehicle
11 dealer. This section shall not be construed to prevent the
12 manufacturer or distributor from requiring that new motor vehicle
13 dealers carry a reasonable inventory of models offered for sale by
14 the manufacturer or distributor;

15 (2) Offer or accept delivery of any new motor vehicle
16 with special features, accessories, or equipment not included in

12 (6) Refrain from participation in the management of,
13 investment in, or the acquisition of any other line of new motor
14 vehicle or related products as long as the dealer maintains a

17 change in the principal management of the dealer;

18 (7) Prospectively assent to a release, assignment,
19 novation, waiver, or estoppel which would relieve any person from
20 liability imposed by Chapter 60, article 14, or require any
21 controversy between the new motor vehicle dealer and a manufacturer
22 or distributor to be referred to a person other than the duly
23 constituted courts of the state or the United States, if the
24 referral would be binding upon the new motor vehicle dealer; and

25 (8) Change the location of the new motor vehicle
26 dealership or make any substantial alterations to the dealership
27 premises, if such changes or alterations would be unreasonable;

1 (9) Release, convey, or otherwise provide customer

16 (1) Fail to deliver new motor vehicles or new motor
17 vehicle parts or accessories within a reasonable time and in
18 reasonable quantities relative to the new motor vehicle dealer's
19 market area and facilities, unless the failure is caused by acts or

21 or unless the failure results from an order by the new motor
22 vehicle dealer in excess of quantities reasonably and fairly

5 (4) Increase the price of any new motor vehicle which the
6 new motor vehicle dealer had ordered and delivered to the same
7 retail consumer for whom the vehicle was ordered, if the order was
8 made prior to the dealer's receipt of the written official price

3 vehicle sold or offered for sale to any franchised new motor
4 vehicle dealer of the same line-make. However, the failure to
5 deliver any such new motor vehicle shall not be considered a
6 violation of this section if the failure is due to a lack of
7 manufacturing capacity or to a strike or labor difficulty, a
8 shortage of materials, a freight embargo, or any other cause over

AM0413

1 1. Insert the following new sections:

2 "Sec. 7. Section 60-1436, Reissue Revised Statutes of
3 Nebraska, is amended to read:

4 60-1436. A manufacturer or distributor shall not require
5 or coerce any new motor vehicle dealer in this state to do any of
6 the following:

7 (1) Order or accept delivery of any new motor vehicle,
8 part or accessory, equipment, or other commodity not required by
9 law which was not voluntarily ordered by the new motor vehicle
10 dealer. This section shall not be construed to prevent the
11 manufacturer or distributor from requiring that new motor vehicle
12 dealers carry a reasonable inventory of models offered for sale by
13 the manufacturer or distributor;

14 (2) Offer or accept delivery of any new motor vehicle
15 with special features, accessories, or equipment not included in
16 the list price of the new motor vehicle as publicly advertised by
17 the manufacturer or distributor;

18 (3) Participate monetarily in any advertising campaign or
19 contest or purchase any promotional materials, display devices, or
20 display decorations or materials at the expense of the new motor
21 vehicle dealer;

22 (4) Enter into any agreement with the manufacturer or
23 distributor or do any other act prejudicial to the new motor
24 vehicle dealer by threatening to terminate a dealer agreement or
1 any contractual agreement or understanding existing between the
2 dealer and the manufacturer or distributor. Notice in good faith
3 to any dealer of the dealer's violation of any terms or provisions
4 of the dealer agreement shall not constitute a violation of Chapter
5 60, article 14;

6 (5) Change the capital structure of the new motor vehicle
7 dealership or the means by or through which the dealer finances the
8 operation of the dealership, if the dealership at all times meets
9 any reasonable capital standards determined by the manufacturer in
10 accordance with uniformly applied criteria;

11 (6) Refrain from participation in the management of,
12 investment in, or the acquisition of any other line of new motor
13 vehicle or related products as long as the dealer maintains a
14 reasonable line of credit for each make or line of vehicle, remains
15 in compliance with reasonable facilities requirements, and makes no
16 change in the principal management of the dealer;

17 (7) Prospectively assent to a release, assignment,
18 novation, waiver, or estoppel which would relieve any person from
19 liability imposed by Chapter 60, article 14, or require any
20 controversy between the new motor vehicle dealer and a manufacturer
21 or distributor to be referred to a person other than the duly
22 constituted courts of the state or the United States, if the
23 referral would be binding upon the new motor vehicle dealer; and

24 (8) Change the location of the new motor vehicle

25 dealership or make any substantial alterations to the dealership
26 premises, if such changes or alterations would be unreasonable;

27 (9) Release, convey, or otherwise provide customer
1 information if to do so is unlawful or if the customer objects in
2 writing to doing so, unless the information is necessary for the
3 manufacturer, factory branch, or distributor to meet its
4 obligations to consumers or the new motor vehicle dealer including
5 vehicle recalls or other requirements imposed by state or federal
6 law; and

7 (10) Release to any unaffiliated third party any customer
8 information which has been provided by the new motor vehicle dealer
9 to the manufacturer except as provided in subdivision (9) of this
10 section.

11 Sec. 8. Section 60-1437, Reissue Revised Statutes of
12 Nebraska, is amended to read:

13 60-1437. In addition to the restrictions imposed by
14 section 60-1436, a manufacturer or distributor shall not:

15 (1) Fail to deliver new motor vehicles or new motor
16 vehicle parts or accessories within a reasonable time and in
17 reasonable quantities relative to the new motor vehicle dealer's
18 market area and facilities, unless the failure is caused by acts or
19 occurrences beyond the control of the manufacturer or distributor
20 or unless the failure results from an order by the new motor
21 vehicle dealer in excess of quantities reasonably and fairly
22 allocated by the manufacturer or distributor;

23 (2) Refuse to disclose to a new motor vehicle dealer the
24 method and manner of distribution of new motor vehicles by the
25 manufacturer or distributor;

26 (3) Refuse to disclose to a new motor vehicle dealer the
27 total number of new motor vehicles of a given model which the
1 manufacturer or distributor has sold during the current model year
2 within the dealer's marketing district, zone, or region, whichever
3 geographical area is the smallest; or

4 (4) Increase the price of any new motor vehicle which the
5 new motor vehicle dealer had ordered and delivered to the same
6 retail consumer for whom the vehicle was ordered, if the order was
7 made prior to the dealer's receipt of the written official price
8 increase notification. A sales contract signed by a private retail
9 consumer and binding on the dealer shall constitute evidence of
10 such order. In the event of manufacturer or distributor price
11 reduction or cash rebate, the amount of any reduction or rebate
12 received by a dealer shall be passed on to the private retail
13 consumer by the dealer. Any price reduction in excess of five
14 dollars shall apply to all vehicles in the dealer's inventory which
15 were subject to the price reduction. A price difference applicable
16 to a new model or series of motor vehicles at the time of the
17 introduction of the new model or series shall not be considered a
18 price increase or price decrease. This subdivision shall not apply
19 to price changes caused by the following:

- 20 (a) The addition to a motor vehicle of required or
21 optional equipment pursuant to state or federal law;
- 22 (b) In the case of foreign-made vehicles or components,
23 revaluation of the United States dollar; or
- 24 (c) Any increase in transportation charges due to an
25 increase in rates charged by a common carrier or other transporter;
26 or
- 27 (5) Fail or refuse to sell or offer to sell to all
1 franchised new motor vehicle dealers in a line-make every new motor
2 vehicle sold or offered for sale to any franchised new motor
3 vehicle dealer of the same line-make. However, the failure to
4 deliver any such new motor vehicle shall not be considered a
5 violation of this section if the failure is due to a lack of
6 manufacturing capacity or to a strike or labor difficulty, a
7 shortage of materials, a freight embargo, or any other cause over
8 which the franchisor has no control. A manufacturer or distributor
9 shall not require that any of its new motor vehicle dealers located
10 in this state pay any extra fee, purchase unreasonable or
11 unnecessary quantities of advertising displays or other materials,
12 or remodel, renovate, or recondition the new motor vehicle dealer's
13 existing facilities in order to receive any particular model or
14 series of vehicles manufactured or distributed by the manufacturer
15 for which the dealers have a valid franchise. Notwithstanding the
16 provisions of this subdivision, nothing contained in this section
17 shall be deemed to prohibit or prevent a manufacturer from
18 requiring that its franchised dealers located in this state
19 purchase special tools or equipment, stock reasonable quantities of
20 certain parts, or participate in training programs which are
21 reasonably necessary for those dealers to sell or service any model
22 or series of new motor vehicles. This subdivision shall not apply
23 to manufacturers of recreational vehicles."

MESSAGE FROM THE GOVERNOR

March 18, 1999

Mr. President, Mr. Speaker
and Members of the Legislature
State Capitol
Lincoln, Nebraska 68509

Dear Mr. President, Mr. Speaker,
and Members of the Legislature:

I am returning LB 149 without my signature and with my objections.

My veto of LB 149 has nothing to do with the additional \$19.4 million that this legislation will authorize to be distributed to Nebraska public schools under the state aid finance formula. To the contrary, had LB 149 centered solely on the issue of restoring additional funds to the school aid formula, then I would have signed the legislation into law. My objection to LB 149 arises from provisions of the bill which clearly obligate the State while removing the flexibility of elected officials to make spending decisions based

upon the entire state budget.

LB 149 changes the state aid calculation process to require that state aid amounts be certified each year on February 1. The legislation also amends the statutory finance formula by fixing one calculation factor, the local effort rate, at ten cents below the maximum property tax levy. The practical effect of this change is that the statutory formula will dictate to the Legislature a "needed" appropriation level. Combined, these LB 149 provisions prohibit the Legislature from either increasing or decreasing the certified state aid amount during budget deliberations which occur later in each calendar year. Thus, as adopted by the Legislature, LB 149 has severely limited elected officials' flexibility in the state budgeting process. This is poor public policy.

Sincerely,
(Signed) Mike Johanns
Governor

MOTION - Print in Journal

Mrs. Bohlke filed the following motion to LB 149:
That LB 149 become law notwithstanding the objections of the Governor.

STANDING COMMITTEE REPORT **Agriculture**

LEGISLATIVE BILL 835. Placed on General File as amended.
Standing Committee amendment to LB 835:
AM0814

- 1 1. Strike the original sections and insert the following
- 2 sections:
- 3 "Section 1. Sections 1 to 31 of this act shall be known
- 4 and may be cited as the Competitive Livestock Markets Act.
- 5 Sec. 2. For purposes of the Competitive Livestock
- 6 Markets Act:
- 7 (1) Animal unit means one head of cattle, three calves
- 8 under four hundred fifty pounds, or five swine;
- 9 (2) Department means the Department of Agriculture;
- 10 (3) Director means the Director of Agriculture or his or
- 11 her designee;
- 12 (4) Livestock means live cattle or swine;
- 13 (5) Packer means a person, or agent of such person,
- 14 engaged in the business of slaughtering livestock in Nebraska in
- 15 excess of fifty thousand animal units per year; and
- 16 (6) Person includes individuals, firms, associations,
- 17 limited liability companies, and corporations and employees,
- 18 officers, or limited liability company members thereof.
- 19 Sec. 3. The Legislature finds that family farmers and
- 20 ranchers have been experiencing, with greater frequency, severely
- 21 depressed livestock market prices. These market conditions are

22 disproportionately affecting independent producers, which make up
23 the majority of farms and ranches, and are threatening the economic
24 stability of Nebraska's rural communities. The Legislature further
1 finds that packer concentration, vertical integration, and
2 contractual arrangements are undermining the system of price
3 discovery. If the absence of any meaningful federal response to
4 the conditions described, the purpose of the Competitive Livestock
5 Markets Act is to increase livestock market price transparency,
6 ensuring that producers can compete in a free and open market.
7 This is accomplished by establishing minimum price and contract
8 reporting requirements, eliminating volume premiums and
9 volume-based incentives, scrutinizing livestock production
10 contracts and marketing agreements, and statutorily reinforcing the
11 constitutional prohibition against the ownership, keeping, or
12 feeding of livestock by packers for the production of livestock or
13 livestock products.

14 Sec. 4. After the effective date of this act, it is
15 unlawful for a packer to be engaged in the ownership, keeping, or
16 feeding of livestock for the production of livestock or livestock
17 products.

18 Sec. 5. Whenever the Attorney General has reason to
19 believe that a packer is violating section 4 of this act, he or she
20 shall commence an action in district court to enjoin the livestock
21 operation. The court, upon determination that such packer is in
22 violation of section 4 of this act, shall order such livestock to
23 be removed and sold and shall assess the packer a fine of not less
24 than one thousand dollars for each day of violation.

25 Sec. 6. The proceeds from any livestock ordered to be
26 sold pursuant to section 5 of this act shall not be distributed
27 until all fines and costs associated with such action have been
1 paid. All money collected as a fine shall be remitted to the State
2 Treasurer for credit to the permanent school fund. All fines
3 levied under this section remaining unpaid shall constitute a debt
4 to the State of Nebraska which may be collected by lien foreclosure
5 or sued for and recovered in any proper form of action, in the name
6 of the State of Nebraska, in the district court of the county in
7 which the violation occurred.

8 Sec. 7. Except as provided in sections 8 and 9 of this
9 act, it is unlawful for a packer purchasing or entering into a
10 contract to purchase swine to pay or enter into a contract to pay
11 different prices to the sellers of the swine. This section shall
12 not be construed to mean that a price or payment method must remain
13 fixed throughout any marketing period.

14 Sec. 8. Section 7 of this act does not apply to any
15 direct, spot, or cash purchase of swine if the following
16 requirements are met:

17 (1) The difference in price is based on: (a) A payment
18 method specifying prices paid for criteria relating to carcass
19 merit; or (b) actual and quantifiable costs related to transporting

20 and acquiring the swine by the packer; and

21 (2) After making the payment to a seller, the packer
22 publishes and reports the payment information required under
23 section 13 of this act, including the payment method specifying
24 prices paid for criteria relating to carcass merit and to
25 transportation and acquisition costs.

26 Sec. 9. Section 7 of this act does not apply to any
27 contract to purchase swine at a certain date or time if the
1 following requirements are met:

2 (1) The difference in price is based on: (a) A payment
3 method specifying prices paid for criteria relating to carcass
4 merit; or (b) actual and quantifiable costs related to transporting
5 and acquiring the swine by the packer;

6 (2) The packer publishes and reports the payment
7 information required under section 13 of this act, including the
8 payment method specifying prices paid for criteria relating to
9 carcass merit and to transportation and acquisition costs;

10 (3) The packer publishes and reports the information
11 required under section 13 of this act, including the price to be
12 paid for swine to be delivered on specified delivery dates or
13 times; and

14 (4) An offer to enter into a contract for the delivery of
15 swine, according to the same terms and conditions, is made to other
16 sellers.

17 Sec. 10. Any agreement made by a packer in violation of
18 section 7 of this act is voidable by the seller.

19 Sec. 11. A seller may bring an action against any packer
20 violating section 7 of this act to recover damages sustained by
21 reason of such violation.

22 Sec. 12. Any packer acting in violation of section 7 of
23 this act is guilty of a Class IV misdemeanor and shall be fined
24 five hundred dollars per violation.

25 Sec. 13. Beginning January 3, 2000, a packer shall,
26 three times each day during which swine are purchased, report to
27 the department and to the United States Department of Agriculture,
1 agricultural market service livestock news branch, all swine that
2 are purchased in the cash, spot, or direct market since the last
3 report. A packer shall, one time each day during which swine are
4 purchased, report to the department and to the United States
5 Department of Agriculture, agricultural market service livestock
6 news branch, all swine that are purchased by contract that day.
7 Such reports shall be completed on forms prepared by the department
8 and shall include:

9 (1) The cash price paid and the number of swine purchased
10 in the cash, spot, or direct market at price intervals
11 representative of the day's trade;

12 (2) The base price paid and premium and discount payment
13 adjustments for quality characteristics including grade, yield, and
14 backfat;

15 (3) Base price and premium and discount factors for swine
16 purchased by way of a formula-based pricing system; and

17 (4) The number of swine purchased under contract, in
18 which the date of delivery is set for more than fourteen days after
19 the making of the contract, the base price to be paid, or the
20 formula that will be used to determine the base price to be paid.

21 The report shall not include information regarding the
22 identity of a seller.

23 Sec. 14. The department shall make report information
24 received under section 13 of this act available to the public in a
25 timely manner to permit the use of the information while it is
26 still relevant.

27 Sec. 15. The failure of a packer to report information
1 to the department as required in section 13 of this act is
2 punishable by a civil penalty not to exceed one thousand dollars
3 for each day that a complete report is not made available to the
4 department.

5 Sec. 16. The Attorney General shall enforce the
6 provisions of sections 7 to 15 of this act and the director shall
7 refer any violations of these provisions to the Attorney General.
8 The Attorney General or any person injured by a violation of these
9 provisions may bring an action in district court to restrain a
10 packer from violating these provisions.

11 Sec. 17. It is unlawful for a packer to enter into a
12 contract to purchase cattle for slaughter if:

13 (1) The contract specifies that the seller is not allowed
14 to report the terms of the contract; or

15 (2) The date of delivery of such cattle is not specified.

16 Sec. 18. Section 17 of this act does not apply to any
17 contract to purchase cattle for slaughter if the following
18 conditions are met:

19 (1) The contract to purchase cattle for slaughter
20 specifies the month of delivery and allows the seller to set the
21 week for delivery within such month; and

22 (2) The packer publishes and reports the contract
23 information as required under section 23 of this act, including
24 specified delivery dates or times.

25 Sec. 19. It is unlawful for a packer to enter into a
26 contract to purchase cattle for slaughter using a formula or grid
27 pricing mechanism if the packer fails to negotiate a base price
1 prior to the cattle being committed or scheduled for slaughter.

2 Sec. 20. Any contract to purchase cattle for slaughter
3 that is in violation of section 17 or 19 of this act is voidable by
4 the seller.

5 Sec. 21. A seller may bring an action against any packer
6 violating section 17 or 19 of this act to recover damages sustained
7 by reason of such violation.

8 Sec. 22. Any packer acting in violation of section 17 or
9 19 of this act shall be guilty of a Class IV misdemeanor and shall

10 be fined five hundred dollars per violation.

11 Sec. 23. Beginning January 3, 2000, a packer shall,
12 three times each day during which cattle are purchased, report to
13 the department and to the United States Department of Agriculture,
14 agricultural market service livestock news branch, all cattle that
15 are purchased in the cash, spot, or direct market since the last
16 report. A packer shall, one time each day during which cattle are
17 purchased, report to the department and to the United States
18 Department of Agriculture, agricultural market service livestock
19 news branch, all cattle that are purchased by contract that day.
20 Such reports shall be completed on forms prepared by the
21 department, in consultation with the agricultural market service
22 and shall include:

23 (1) The cash price paid and the number of cattle
24 purchased at price intervals representative of the day's trade;

25 (2) Quality characteristics, including sex of the cattle,
26 estimated percentage of the meat which will be graded choice or
27 better upon inspection based upon the United States Department of
1 Agriculture official grades, and estimated live weight, as well as
2 premium and discount factors that may apply to these
3 characteristics;

4 (3) Base price and premium and discount factors for
5 cattle purchased using a formula or grid pricing mechanism; and

6 (4) The delivery month, volume, and applicable basis
7 level for all cattle purchased under basis contract.

8 The report shall not include information regarding the
9 identity of a seller.

10 Sec. 24. The department shall make report information
11 received under section 23 of this act available to the public in a
12 timely manner to permit the use of the information while it is
13 still relevant.

14 Sec. 25. The failure of a packer to report information
15 to the director as required in section 23 of this act is punishable
16 by a civil penalty not to exceed one thousand dollars for each day
17 that a complete report is not made available to the department.

18 Sec. 26. The Attorney General shall enforce the
19 provisions of sections 17 to 25 of this act and the director shall
20 refer any violations of these provisions to the Attorney General.
21 The Attorney General or any person injured by a violation of these
22 provisions may bring an action in district court to restrain a
23 packer from violating these provisions.

24 Sec. 27. The department shall assess a fee not to exceed
25 two cents per animal unit reported under sections 13 and 23 of this
26 act as direct purchased or contract purchased.

27 Sec. 28. The Competitive Livestock Market Fund is
1 created. The fund shall be administered by the department. The
2 fund shall consist of investigative and enforcement expense
3 assessments against violators of the Competitive Livestock Markets
4 Act and fees paid by a packer pursuant to section 27 of this act.

5 The money in the fund shall be used to defray the investigative,
 6 enforcement, and reporting expenses of the department in
 7 administering the act. Any money in the fund available for
 8 investment shall be invested by the state investment officer
 9 pursuant to the Nebraska Capital Expansion Act and the Nebraska
 10 State Funds Investment Act.

11 Sec. 29. The department shall adopt and promulgate rules
 12 and regulations to carry out the Competitive Livestock Markets Act.

13 Sec. 30. The Attorney General, for the enforcement of
 14 the Competitive Livestock Markets Act, shall have the authority to
 15 subpoena witnesses, compel their attendance, examine them under
 16 oath, and require the production of documents, records, or tangible
 17 things deemed relevant to the proper performance of his or her
 18 duties. Service of any subpoena shall be made in the manner
 19 prescribed by the rules of civil procedure.

20 Sec. 31. The Attorney General shall have the power and
 21 authority to enter into reciprocal agreements with the duly
 22 authorized representatives of other jurisdictions, federal or
 23 state, for the exchange of information on a cooperative basis which
 24 may assist in the proper administration of the Competitive
 25 Livestock Markets Act."

ATTORNEY GENERAL'S OPINION

Opinion No. 99012

DATE: March 17, 1999

SUBJECT: LB 407; Constitutionality Of A Proposed Child Support Commission Under The Separation Of Powers Provision Of The Nebraska Constitution; Art. II, § 1.

REQUESTED BY: Senator George Coordsen
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Dale A. Comer, Assistant Attorney General

LB 407 would establish the Child Support Commission (the "Commission") in Nebraska. That Commission would be made up of: 1. two professionals who work in the field of economics, mathematics, or other field of expertise relevant to child support, 2. two judges whose jurisdiction includes domestic relations, 3. two members of the Nebraska State Bar Association who practice domestic relations, 4. two members of the Nebraska Legislature, 5. a custodial parent and 6. a noncustodial parent. Some of the members of that Commission would be appointed by the Nebraska Supreme Court and others would be appointed by the Legislature. Under the bill's provisions, the Commission would review the child support guidelines established by the Nebraska Supreme Court under Neb. Rev. Stat. § 42-364.16 (1998), and make recommendations, if appropriate, concerning amendments to those guidelines in an annual report to the Legislative Council and the Supreme Court. Section 4 (3) of the bill also provides that: The Supreme Court shall review the commission's report. The Supreme Court may amend the child support guidelines established pursuant to section 42-374.16 based upon the commission's recommendations.

You are apparently concerned that officials from multiple branches of government would serve on the Commission under the terms of LB 407. You have therefore requested our opinion as to "... whether LB 407 is in conflict with Article II, Section 1 of the Nebraska Constitution [dealing with distribution or separation of governmental powers], and more specifically whether it is in conflict with the "Conway rule" set forth in *State ex rel. Spire v. Conway*, 238 Neb. 766, 472 N.W.2d 403 (1991)."

In our Op. Att'y Gen. No. 93008 (February 19, 1993), we considered the constitutionality of a bill which would have created government committees made up of representatives from different branches of state government to study government efficiency. We will quote from that previous opinion at length, because much of the analysis there is directly pertinent to the matters raised in your opinion request:

Article II, Section 1 of the Nebraska Constitution provides that:

The powers of the government of this state are divided into three distinct departments, the Legislative, Executive and Judicial, and no person or collection of persons being one of these departments, shall exercise any power properly belonging to either of the others, except as hereinafter expressly directed or permitted.

Since LB 355 requires each of the various government assessment committees to be made up of representatives of different branches of government, there is some question as to whether the bill would violate Article II, Section 1. We assume that concern was partially the reason for your opinion request.

The Nebraska Supreme Court most recently dealt with Article II, Section 1 of the Nebraska Constitution in *State ex rel. Spire v. Conway*, 238 Neb. 766, 472 N.W.2d 403 (1991). In the *Conway* case, the court held that state Senator Gerald Conway could not both serve in the Legislature and also act as an assistant professor at Wayne State College. The court indicated that such dual service violated Article II, Section 1 since Senator Conway was an officer in the Legislative branch of government and also an employee within the Executive branch of government through his employment at Wayne State. In the course of the *Conway* opinion, the court set out the following rule which governs the application of Article II, Section 1 to the activities of government officials:

... article II prohibits one who exercises the power of one branch--that is, an officer in the broader sense of the word--from being a member--that is, either an officer or employee--of another branch.

Id. at 782, 472 N.W.2d at 412.

While the application of the *Conway* rule is clear in the factual context of that case, application of the rule in other situations can be more problematic. As a result, we have issued several opinions subsequent to *Conway* which deal with application of the rule to various fact situations. *See* Op. Att'y Gen. No. 92115 (October 1, 1992) (Supreme Court Judges could serve on Judicial Nominating Commissions); Op. Att'y Gen. No. 92076 (June 3, 1992) (Members of the Judicial branch could serve on the Youth Services Planning Committee but not on the Juvenile Services Grant Committee); Op. Att'y Gen. No. 92073 (May 28, 1992) (Judges could serve on the Judicial Resources Commission); Op. Att'y Gen. No. 92022 (February 18, 1992) (Judicial branch employees could serve on the Juvenile Justice Advisory Committee but not on the Crime Commission). Apart from these opinions specifically dealing with the effect and application of the *Conway* rule, we have also written numerous other opinions, before and after the *Conway* decision, dealing generally with members of the Legislature serving on boards or

committees of another branch of government. *See* Op. Att'y Gen. No. 92046 (March 19, 1992) (Members of the Legislature cannot serve on the Nebraska School Accountability Commission); Op. Att'y Gen. No. 91016 (March 13, 1991) (Members of the Legislature cannot generally serve on commissions, boards or committees housed in the Executive branch of state government); Op. Att'y Gen. No. 86038 (March 21, 1986) (Members of the Legislature could serve on an educational service unit planning committee); Op. Att'y Gen. No. 69 (April 23, 1985) (The Chair of the Legislature's Revenue Committee could not serve on a Agricultural Land Valuation Advisory Board); Op. Att'y Gen. No. 37 (April 4, 1983) (Members of the Legislature could not serve along with the Governor and the Tax Commissioner on a State Tax Board which would take the place of the State Board of Equalization); 1967-68 Rep. Att'y Gen. 120 (Opinion No. 86, July 7, 1967) (State Senators could not serve as members of the Nebraska Coordinating Council for Higher Education).

It obviously is difficult to generalize the application of the *Conway* rule to all the various fact situations which have developed or may develop in state government. However, most often, the acceptability of a particular statutory plan which combines members of more than one branch of government on the same body seems to turn on whether the proposed body creates new state officers, as that term is legally defined, within a particular branch of government. If the members of the newly created governmental body are state officers, then there are potential problems with the *Conway* rule. On the other hand, if the new body does not create state officers, then, in most instances, the positions created do not involve an employment relationship, and there is no problem under *Conway*.

The Nebraska Supreme Court has indicated that an office is "a public station or employment, conferred by the appointment of government; and embraces the ideas of tenure, duration, emolument and duties." *State ex rel. O'Connor v. Tusa*, 130 Neb. 528, 535-536, 265 N.W. 524, 528 (1936). Indicia of a public office include: 1. creation by constitution or a statute, 2. a continuing position not occasional or contractual, 3. a fixed term of office and 4. the official has an independence beyond that of employees. *Eason v. Majors*, 111 Neb. 288, 196 N.W. 133 (1923). With respect to the authority of public officers, the Court in *Conway* stated, "[i]t may be said that the almost universal rule is that, in order to indicate office, the duties must partake in some degree of the sovereign powers of the state." 238 Neb. at 771, 772, 472 N.W.2d at 407. As a result, a public office is "a governmental position, the duties of which invest the incumbent with some aspect of the sovereign power." *Id.*

Op. Att'y Gen. No. 93008 (February 19, 1993) 2-4. In the present situation, it does not appear to us that the members of the Child Support Commission proposed by LB 407 would be employees of the State of Nebraska under that

bill. Therefore, as was the case in Opinion No. 93008, the constitutionality of LB 407 under art. II, § 1 turns on whether the members of the Commission would be officers of the State of Nebraska by virtue of their service on the Commission.¹ In that regard, the definition of "office" remains the same as that described in Opinion No. 93008.

Under the provisions of LB 407, the Child Support Commission would be established by statute. In addition, the bill would establish statutory appointment procedures for members of the Commission, and Commission members would have a term of office and specific statutory duties. These are all indicia of public office. On the other hand, the Commission could hire consultants, researchers and other support staff only with the prior approval of the chairperson of the Executive Board of the Legislative Council. More importantly, the Commission's recommendations would be advisory only, and the Supreme Court would not be bound to amend its child support guidelines based upon the Commission's recommendations.

All things considered, we do not believe that members of the Child Support Commission proposed under LB 407 would be officers of the State, primarily because their role would be advisory only and, as a result, they would not exercise any of the sovereign powers of State government. That conclusion is supported by the result in Op. Att'y Gen. No. 92073 (May 28, 1992). In that opinion, we considered the constitutionality of the Judicial Resources Commission, a commission made up of judges, members of the bar, and citizens which made recommendations to the Legislature as to the existence of judicial vacancies and the boundaries of judicial districts. While statutory appointment procedures existed for membership in the Judicial Resources Commission and its members were appointed for a specific term of office and had specific statutory duties, we concluded that members of that Commission were not state officers because its recommendations were advisory only, and therefore, its members did not exercise any powers of the state. Op. Att'y Gen. No. 92073 (May 28, 1992) 3,4. For much the same reasons, we do not believe that members of the Child Support Commission proposed by LB 407 would be state officers. Consequently, in our view, that bill is permissible under art. II, § 1 of the Nebraska Constitution.

¹ If the members of the Child Support Commission are state officers, LB 407 would likely also violate art. IV, § 10 of the Nebraska Constitution, since the bill would involve a legislative appointment. *See Neeman v. Nebraska Resources Commission*, 191 Neb. 672 at 676, 217 N.W.2d 166 (1974); Op. Att'y Gen. No. 69 (April 23, 1985).

Sincerely yours,
DON STENBERG

RESOLUTION

LEGISLATIVE RESOLUTION 52. Introduced by C. Peterson, 35; Jensen, 20; Suttle, 10; Thompson, 14.

PURPOSE: To study the current and possible future role of the State of Nebraska in the oversight, regulation, and distribution of Schedule II controlled substances, as it pertains to individuals receiving hospice care and individuals in hospice programs operated by certified, licensed medical facilities in the State of Nebraska.

Public policy should recognize the dual effect of controlled substances on public health to obtain the broadest of medical benefits while reducing the risks of diversion and abuse. When controlled substances are used for medical purposes, they can provide great improvements in the quality of life for people with debilitating diseases, conditions, and pain.

A balanced drug policy should provide ample authority to address problems without interfering in the use of controlled substances in the medical care of patients. Drug laws have a dual purpose; achieving both ends must be emphasized, and only in this way will the greatest health benefit be realized.

This study is requested on the belief that hospice care in Nebraska should be founded on the conviction that the final stages of life should be lived with the greatest degree of comfort and dignity possible.

The study shall include the following elements:

1. A review of the Code of Federal Regulations, Title 21, Chapter II, Drug Enforcement Administration, Part 1306, Controlled Substances in Schedule II shall be conducted. This study shall examine current statutory guidelines and review federal laws pertaining to the distribution of Schedule II controlled substances to the hospice patient. A comparison and analysis of both federal and state laws shall be made.

2. An analysis of the term "emergency situation" and a determination as to how it applies to the care of a patient receiving hospice care, including whether a terminally ill patient qualifies as an "emergency situation" under

state or federal law.

3. Under subdivision (1)(a) of section 28-414 a schedule II controlled substance cannot be dispensed without a written prescription except in emergency circumstances and as provided under subdivision (1)(b) of section 28-414. In the age of the facsimile, a physician can fax the prescription to a pharmacist who can then deliver it if the patient is in a long-term facility. The study shall include an analysis of whether only residents of long-term care facilities receive this consideration or whether persons entering hospice programs in terminal condition also should be accorded the same privileges as if they were in a long-term care facility or hospital.

4. A review of current statutes as they apply to the duties of the county coroner and his or her responsibility or protocol as related to unattended deaths.

5. To address these issues, individuals from the Nebraska Hospice Association shall be contacted and included in this study in order to obtain additional input and insight into specific areas of concern and the problems associated with hospice care.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

3 Nebraska, is amended to read:

4 48-119. No compensation shall be allowed for the first
5 seven calendar days ~~after disability begins~~ of disability, except
6 as provided in section 48-120, but if disability extends beyond the
7 period of seven calendar days, compensation shall begin on the
8 eighth calendar day ~~after the injury~~; ~~PROVIDED, HOWEVER, of~~
9 disability, except that if such disability continues for six weeks
10 or longer, compensation shall be computed from the date ~~of the~~
11 injury disability began. For purposes of this section, a partial
12 day of disability shall be deemed a calendar day of disability.

13 Sec. 4. Section 48-121, Reissue Revised Statutes of
14 Nebraska, is amended to read:

15 48-121. The following schedule of compensation is hereby
16 established for injuries resulting in disability:

17 (1) For total disability, the compensation during such
18 disability shall be sixty-six and two-thirds percent of the wages
19 received at the time of injury, but such compensation shall not be
20 more than the maximum weekly income benefit specified in section
21 48-121.01 nor less than the minimum weekly income benefit specified
22 in section 48-121.01; ~~PROVIDED, except~~ that if at the time of

2 Nothing in this subdivision shall require payment of compensation
3 after disability shall cease.

4 (2) For disability partial in character, except the
5 particular cases mentioned in subdivision (3) of this section, the

9 shall not be more than the maximum weekly income benefit specified
10 in section 48-121.01. This compensation shall be paid during the
11 period of such partial disability but not beyond three hundred
12 weeks. Should total disability be followed by partial disability,
13 the period of three hundred weeks mentioned in this subdivision
14 shall be reduced by the number of weeks during which compensation

15 was paid for such total disability.

16 (3) For disability resulting from permanent injury of the
17 ~~following~~ classes listed in this subdivision, the compensation
18 shall be in addition to the amount paid for temporary disability,
19 ~~except that, ; PROVIDED,~~ the compensation for temporary disability
20 shall cease as soon as the extent of the permanent disability is
21 ascertainable. For disability resulting from permanent injury of
22 the following classes, compensation shall be: ; viz: For the loss
23 of a thumb, sixty-six and two-thirds percent of daily wages during

12 ~~except~~ that in no case shall the amount received for more than one
13 finger exceed the amount provided in this schedule for the loss of
14 a hand. For the loss of a great toe, sixty-six and two-thirds
15 percent of daily wages during thirty weeks. For the loss of one of
16 the toes other than the great toe, sixty-six and two-thirds percent

23 seventy-five weeks. For the loss of an arm, sixty-six and
24 two-thirds percent of daily wages during two hundred twenty-five
25 weeks. For the loss of a foot, sixty-six and two-thirds percent of

5 sixty-six and two-thirds percent of daily wages during fifty weeks.
6 For the loss of the nose, sixty-six and two-thirds percent of daily
7 wages during fifty weeks.

8 In any case in which there is a loss or loss of use of
9 more than one member or parts of more than one member set forth in

10 this subdivision, but not amounting to total and permanent
11 disability, compensation benefits shall be paid for the loss or
12 loss of use of each such member or part thereof, with the periods
13 of benefits to run consecutively. The total loss or permanent
14 total loss of use of both hands, or both arms, or both feet, or
15 both legs, or both eyes, or hearing in both ears, or of any two
16 thereof, in one accident, shall constitute total and permanent
17 disability and be compensated for according to subdivision (1) of
18 this section. In all other cases involving a loss or loss of use
19 of both hands, both arms, both feet, both legs, both eyes, or

1 loss of the use of a finger, hand, arm, foot, leg, or eye shall be
2 considered as the equivalent of the loss of such finger, hand, arm,
3 foot, leg, or eye. In all cases involving a permanent partial loss
4 of the use or function of any of the members mentioned in this
5 subdivision, the compensation shall bear such relation to the
6 amounts named in such subdivision as the disabilities bear to those
7 produced by the injuries named therein. If the employer and the
8 employee are unable to agree upon the amount of compensation to be
9 paid in cases not covered by the schedule, the amount of
10 compensation shall be settled according to sections 48-173 to
11 48-185. Compensation under this subdivision shall not be more than
12 the maximum weekly income benefit specified in section 48-121.01
13 nor less than the minimum weekly income benefit specified in
14 section 48-121.01; ~~PROVIDED, except~~ that if at the time of the
15 injury the employee received wages of less than the minimum weekly
16 income benefit specified in section 48-121.01, then he or she shall
17 receive the full amount of such wages per week as compensation.

18 (4) For disability resulting from permanent disability,
19 if immediately prior to the accident the rate of wages was fixed by
20 the day or hour, or by the output of the employee, the weekly wages
21 shall be taken to be computed upon the basis of a workweek of a
22 minimum of five days, if the wages are paid by the day, or upon the
23 basis of a workweek of a minimum of forty hours, if the wages are
24 paid by the hour, or upon the basis of a workweek of a minimum of
25 five days or forty hours, whichever results in the higher weekly
26 wage, if the wages are based on the output of the employee.

27 (5) The employee shall be entitled to compensation from
1 his or her employer for temporary disability while undergoing
2 physical or medical rehabilitation and while undergoing vocational
3 rehabilitation whether ~~the~~ such vocational rehabilitation is
4 voluntarily offered by the employer and accepted by the employee or

5 is ordered by the Nebraska Workers' Compensation Court or any judge
6 of the compensation court.

7 Sec. 5. Section 48-125, Reissue Revised Statutes of
8 Nebraska, is amended to read:

9 48-125. (1) Except as hereinafter provided, all amounts
10 of compensation payable under the Nebraska Workers' Compensation
11 Act shall be payable periodically in accordance with the methods of
12 payment of wages of the employee at the time of the injury or
13 death, except that ; ~~PROVIDED~~, fifty percent shall be added for
14 waiting time for all delinquent payments after thirty days' notice
15 has been given of disability or after thirty days from the entry of
16 a final order, award, or judgment of the compensation court. Such
17 payments shall be sent directly to the person entitled to
18 compensation or his or her designated representative except as
19 otherwise provided in section 48-149. Whenever the employer
20 refuses payment of compensation or medical payments subject to
21 section 48-120, or when the employer neglects to pay compensation
22 for thirty days after injury or neglects to pay medical payments
23 subject to such section after thirty days' notice has been given of
24 the obligation for medical payments, and proceedings are held
25 before the Nebraska Workers' Compensation Court, a reasonable
26 attorney's fee shall be allowed the employee by the compensation
27 court in all cases when the employee receives an award. Attorney's
1 fees allowed shall not be deducted from the amounts ordered to be
2 paid for medical services nor shall attorney's fees be charged to
3 the medical providers. If the employer files an application for
4 review before the compensation court from an award of a judge of
5 the compensation court and fails to obtain any reduction in the
6 amount of such award, the compensation court shall allow the
7 employee a reasonable attorney's fee to be taxed as costs against
8 the employer for such review, and the Court of Appeals or Supreme
9 Court shall in like manner allow the employee a reasonable sum as
10 attorney's fees for the proceedings in the Court of Appeals or
11 Supreme Court. If the employee files an application for a review
12 before the compensation court from an order of a judge of the
13 compensation court denying an award and obtains an award or if the
14 employee files an application for a review before the compensation
15 court from an award of a judge of the compensation court when the
16 amount of compensation due is disputed and obtains an increase in
17 the amount of such award, the compensation court may allow the
18 employee a reasonable attorney's fee to be taxed as costs against
19 the employer for such review, and the Court of Appeals or Supreme
20 Court may in like manner allow the employee a reasonable sum as
21 attorney's fees for the proceedings in the Court of Appeals or
22 Supreme Court. A reasonable attorney's fee allowed pursuant to
23 this section shall not affect or diminish the amount of the award.

24 (2) When an attorney's fee is allowed pursuant to this
25 section, there shall further be assessed against the employer an
26 amount of interest on the final award obtained, computed from the

27 date compensation was payable, as provided in section 48-119, at a
 1 rate equal to the rate of interest allowed per annum under section
 2 45-104.01, as such rate may from time to time be adjusted by the
 3 Legislature. Interest shall apply only to those weekly
 4 compensation benefits awarded which have accrued at the time
 5 payment is made by the employer. If the employer pays or tenders
 6 payment of compensation, the amount of compensation due is
 7 disputed, and the award obtained is greater than the amount paid or
 8 tendered by the employer, the assessment of interest shall be
 9 determined solely upon the difference between the amount awarded
 10 and the amount tendered or paid.

11 Sec. 12. Section 48-166, Reissue Revised Statutes of
 12 Nebraska, is amended to read:

 18 accidents leading to the injuries for which the settlements and

RESOLUTIONS

LEGISLATIVE RESOLUTION 55. Introduced by Baker, 44.

PURPOSE: The Legislature finds that it is necessary to create and sustain a unified, accessible, caring, competent, and responsive health and human services system for each Nebraskan. In order for this environment to exist, there is a need to study and examine: (1) The legal staffing of the departments comprising the Health and Human Services System and the functions of administrative subpoenas, compelling testimony, document production, grant writing, and contract negotiations; (2) the transfer of all attorneys and legal counsels of the departments comprising the Health and Human Services System to the Department of Justice, so as to conform to section 84-202, Revised Statutes of Nebraska, which states "The Department of Justice shall have the general control and supervision of all actions and legal proceedings in which the State of Nebraska may be a party or may be interested, and shall have charge and control of all the legal business of all departments and bureaus of the state, or any office thereof, which requires the services of attorney or counsel in order to protect the interests of the state."; and (3) the provisions of section 81-1316, Revised Statutes of Nebraska, as they relate to this study.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 56. Introduced by Hudkins, 21.

PURPOSE: The goal of this interim study is to examine ways in which to relieve Nebraska counties of, or compensate them for, the expense of providing care for post-commitment mental patients.

At present, if a mental patient committed to a state facility is, for whatever reason, unable to be placed in a state facility without delay, it becomes the responsibility of the county to house and care for that patient until he or she

can be placed safely in state custody. This duty has resulted in a considerable expense to counties which, in many cases, lack the appropriate resources to provide adequate care to such post-commitment patients.

It is hoped that this interim study will produce a workable proposal for alleviating individual counties of the financial burden which they currently bear in caring for and housing post-commitment mental patients awaiting transfer to state facilities.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

RESOLUTION

LEGISLATIVE RESOLUTION 58. Introduced by Schrock, 38.

WHEREAS, America and Nebraska are blessed with a wide diversity of native wildlife which in various ways enriches the lives of the human population of this country; and

WHEREAS, this variety and abundance of wildlife forms the basis for outdoor recreation, interpretation, and education experiences and enjoyment; and

WHEREAS, in the face of declining wildlife populations, increasing participation in wildlife-associated recreation, and the growing demand by Nebraskans and from people all across the country for information, services, conservation action, and additional opportunities to enjoy and learn about wildlife, intensified efforts are necessary to protect, preserve, and manage all forms of wildlife, particularly nongame species in Nebraska and throughout the country; and

WHEREAS, Nebraska, as well as the other states, has relied on hunters and anglers to provide the bulk of the financial support for fish and wildlife programs through their purchase of hunting and fishing licenses, and from the federal excise taxes they pay on sporting arms and ammunition, fishing tackle, and other equipment. While this support has provided state fish and wildlife agencies the means to conserve sport fish and game species with exceptional results, it has been insufficient to address the needs of 85 percent of Nebraska's wildlife that is not hunted, fished, or trapped, including the needs of 220 nongame species that are rare, declining, or at-risk; and

WHEREAS, the Land and Water Conservation Fund (LWCF) provides for a program to acquire federal and state recreation lands and to assist states and local communities with acquiring and developing recreation sites and facilities; and

WHEREAS, the LWCF has been an American success story in open space protection, responsible for nearly seven million acres of parkland, refuges, and open spaces and the development of more than 37,000 state parks and recreation projects since its enactment in 1964; and

WHEREAS, Nebraska has received \$36 million worth of improvements to state and city parks and for the construction of swimming pools, ball diamonds, and other outdoor recreation facilities from the LWCF since 1965; and

WHEREAS, for more than a decade Congress has diverted a majority of the LWCF authorized annual \$900 million appropriation to programs unrelated to conservation and recreation, and for the past five years has denied the states critical matching grants for land acquisition; and

WHEREAS, there are two bills now before Congress, H.R.701 and S.25, both cited as the Conservation and Reinvestment Act of 1999 (CRA), that propose to reinvest a portion of the revenue that the federal government obtains from oil and gas development in the Outer Continental Shelf in wildlife conservation and associated recreation activities, outdoor recreation facilities and parklands, and conservation education, and will provide significant benefits to the conservation of wildlife resources in Nebraska and to the citizens of the state through additional and enhanced outdoor recreation opportunities, conservation education, and economic development; and

WHEREAS, the provisions of H.R.701 and S.25 are consistent with the mission of the Nebraska Game and Parks Commission, and will establish a much needed source of permanent and dedicated funding that will meet a variety of unmet wildlife conservation and outdoor recreation needs in Nebraska, particularly H.R.701, which will provide a higher level of funding than S.25; and

WHEREAS, Governor Mike Johanns has endorsed the Conservation and Reinvestment Act of 1999 with a letter to Nebraska's Congressional delegation expressing his support for the act and encouraging the delegation to use their influence to ensure passage of a bill in the Congress.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

LEGISLATIVE BILL 835. Placed on Select File as amended.
E & R amendment to LB 835:
AM7092

- 1 1. Strike the original sections and all amendments
- 2 thereto and insert the following new sections:
- 3 "Section 1. Sections 1 to 31 of this act shall be known
- 4 and may be cited as the Competitive Livestock Markets Act.
- 5 Sec. 2. For purposes of the Competitive Livestock
- 6 Markets Act:
- 7 (1) Animal unit means one head of cattle, three calves
- 8 under four hundred fifty pounds, or five swine;
- 9 (2) Department means the Department of Agriculture;
- 10 (3) Director means the Director of Agriculture or his or
- 11 her designee;

12 (4) Livestock means live cattle or swine;

13 (5) Packer means a person, or agent of such person,
14 engaged in the business of slaughtering livestock in Nebraska in
15 excess of fifty thousand animal units per year; and

16 (6) Person includes individuals, firms, associations,
17 limited liability companies, and corporations and employees,
18 officers, or limited liability company members thereof.

19 Sec. 3. The Legislature finds that family farmers and
20 ranchers have been experiencing, with greater frequency, severely
21 depressed livestock market prices. These market conditions are
22 disproportionately affecting independent producers, which make up
23 the majority of farms and ranches, and are threatening the economic
24 stability of Nebraska's rural communities. The Legislature further
1 finds that packer concentration, vertical integration, and
2 contractual arrangements are undermining the system of price
3 discovery. In the absence of any meaningful federal response to
4 the conditions described, the purpose of the Competitive Livestock
5 Markets Act is to increase livestock market price transparency,
6 ensuring that producers can compete in a free and open market.
7 This is accomplished by establishing minimum price and contract
8 reporting requirements, eliminating volume premiums and
9 volume-based incentives, scrutinizing livestock production
10 contracts and marketing agreements, and statutorily reinforcing the
11 constitutional prohibition against the ownership, keeping, or
12 feeding of livestock by packers for the production of livestock or
13 livestock products.

14 Sec. 4. After the effective date of this act, it is
15 unlawful for a packer to be engaged in the ownership, keeping, or
16 feeding of livestock for the production of livestock or livestock
17 products.

18 Sec. 5. Whenever the Attorney General has reason to
19 believe that a packer is violating section 4 of this act, he or she
20 shall commence an action in district court to enjoin the livestock
21 operation. The court, upon determination that such packer is in
22 violation of section 4 of this act, shall order such livestock to
23 be removed and sold and shall assess the packer a fine of not less
24 than one thousand dollars for each day of violation.

25 Sec. 6. The proceeds from any livestock ordered to be
26 sold pursuant to section 5 of this act shall not be distributed
27 until all fines and costs associated with such action have been
1 paid. All money collected as a fine shall be remitted to the State
2 Treasurer for credit to the permanent school fund. All fines
3 levied under this section remaining unpaid shall constitute a debt
4 to the State of Nebraska which may be collected by lien foreclosure
5 or sued for and recovered in any proper form of action, in the name
6 of the State of Nebraska, in the district court of the county in
7 which the violation occurred.

8 Sec. 7. Except as provided in sections 8 and 9 of this
9 act, it is unlawful for a packer purchasing or entering into a

10 contract to purchase swine to pay or enter into a contract to pay
11 different prices to the sellers of the swine. This section shall
12 not be construed to mean that a price or payment method must remain
13 fixed throughout any marketing period.

14 Sec. 8. Section 7 of this act does not apply to any
15 direct, spot, or cash purchase of swine if the following
16 requirements are met:

17 (1) The difference in price is based on: (a) A payment
18 method specifying prices paid for criteria relating to carcass
19 merit; or (b) actual and quantifiable costs related to transporting
20 and acquiring the swine by the packer; and

21 (2) After making the payment to a seller, the packer
22 publishes and reports the payment information required under
23 section 13 of this act, including the payment method specifying
24 prices paid for criteria relating to carcass merit and
25 transportation and acquisition costs.

26 Sec. 9. Section 7 of this act does not apply to any
27 contract to purchase swine at a certain date or time if the
1 following requirements are met:

2 (1) The difference in price is based on: (a) A payment
3 method specifying prices paid for criteria relating to carcass
4 merit; or (b) actual and quantifiable costs related to transporting
5 and acquiring the swine by the packer;

6 (2) The packer publishes and reports the payment
7 information required under section 13 of this act, including the
8 payment method specifying prices paid for criteria relating to
9 carcass merit and transportation and acquisition costs;

10 (3) The packer publishes and reports the information
11 required under section 13 of this act, including the price to be
12 paid for swine to be delivered on specified delivery dates or
13 times; and

14 (4) An offer to enter into a contract for the delivery of
15 swine, according to the same terms and conditions, is made to other
16 sellers.

17 Sec. 10. Any agreement made by a packer in violation of
18 section 7 of this act is voidable by the seller.

19 Sec. 11. A seller may bring an action against any packer
20 violating section 7 of this act to recover damages sustained by
21 reason of such violation.

22 Sec. 12. Any packer acting in violation of section 7 of
23 this act is guilty of a Class IV misdemeanor and shall be fined
24 five hundred dollars per violation.

25 Sec. 13. Beginning January 3, 2000, a packer shall,
26 three times each day during which swine are purchased, report to
27 the department and to the United States Department of Agriculture,
1 agricultural market service livestock news branch, all swine that
2 are purchased in the cash, spot, or direct market since the last
3 report. A packer shall, one time each day during which swine are
4 purchased, report to the department and to the United States

5 Department of Agriculture, agricultural market service livestock
6 news branch, all swine that are purchased by contract that day.
7 Such reports shall be completed on forms prepared by the
8 department, in consultation with the agricultural market service
9 livestock news branch, and shall include:

10 (1) The cash price paid and the number of swine purchased
11 in the cash, spot, or direct market at price intervals
12 representative of the day's trade;

13 (2) The base price paid and premium and discount payment
14 adjustments for quality characteristics including grade, yield, and
15 backfat;

16 (3) Base price and premium and discount factors for swine
17 purchased using a formula-based pricing system; and

18 (4) The number of swine purchased under contract, in
19 which the date of delivery is set for more than fourteen days after
20 the making of the contract, and the base price to be paid or the
21 formula that will be used to determine the base price to be paid.

22 The report shall not include information regarding the
23 identity of a seller.

24 Sec. 14. The department shall make report information
25 received under section 13 of this act available to the public in a
26 timely manner to permit the use of the information while it is
27 still relevant.

1 Sec. 15. The failure of a packer to report information
2 to the department as required in section 13 of this act is
3 punishable by a civil penalty not to exceed one thousand dollars
4 for each day that a complete report is not made available to the
5 department. The intentional reporting of false information by a
6 packer in the report to the department required in section 13 of
7 this act is a Class IV misdemeanor.

8 Sec. 16. The Attorney General shall enforce the
9 provisions of sections 7 to 15 of this act, and the director shall
10 refer any violations of these provisions to the Attorney General.
11 The Attorney General or any person injured by a violation of these
12 provisions may bring an action in district court to restrain a
13 packer from violating these provisions.

14 Sec. 17. It is unlawful for a packer to enter into a
15 contract to purchase cattle for slaughter if:

16 (1) The contract specifies that the seller is not allowed
17 to report the terms of the contract; or

18 (2) The date of delivery of such cattle is not specified.

19 Sec. 18. Section 17 of this act does not apply to any
20 contract to purchase cattle for slaughter if the following
21 conditions are met:

22 (1) The contract to purchase cattle for slaughter
23 specifies the month of delivery and allows the seller to set the
24 week for delivery within such month; and

25 (2) The packer publishes and reports the contract
26 information as required under section 23 of this act, including

27 specified delivery dates or times.

1 Sec. 19. It is unlawful for a packer to enter into a
2 contract to purchase cattle for slaughter using a formula or grid
3 pricing mechanism if the packer fails to negotiate a base price
4 prior to the cattle being committed or scheduled for slaughter.

5 Sec. 20. Any contract to purchase cattle for slaughter
6 that is in violation of section 17 or 19 of this act is voidable by
7 the seller.

8 Sec. 21. A seller may bring an action against any packer
9 violating section 17 or 19 of this act to recover damages sustained
10 by reason of such violation.

11 Sec. 22. Any packer acting in violation of section 17 or

16 the department and to the United States Department of Agriculture,
17 agricultural market service livestock news branch, all cattle that
18 are purchased in the cash, spot, or direct market since the last
19 report. A packer shall, one time each day during which cattle are
20 purchased, report to the department and to the United States
21 Department of Agriculture, agricultural market service livestock
22 news branch, all cattle that are purchased by contract that day.
23 Such reports shall be completed on forms prepared by the
24 department, in consultation with the agricultural market service
25 livestock news branch, and shall include:

26 (1) The cash price paid and the number of cattle
27 purchased at price intervals representative of the day's trade;

1 (2) Quality characteristics, including sex of the cattle,
2 estimated percentage of the meat which will be graded choice or
3 better upon inspection based upon the United States Department of
4 Agriculture official grades, and estimated live weight, as well as
5 premium and discount factors that may apply to these
6 characteristics;

7 (3) Base price and premium and discount factors for
8 cattle purchased using a formula or grid pricing mechanism; and

9 (4) The delivery month, volume, and applicable basis
10 level for all cattle purchased under basis contract.

14 received under section 23 of this act available to the public in a
15 timely manner to permit the use of the information while it is
16 still relevant.

17 Sec. 25. The failure of a packer to report information

- 3 "Section 1. Section 14-2115, Reissue Revised Statutes of
- 4 Nebraska, is amended to read:
- 5 14-2115. (1) A metropolitan utilities district shall
- 6 operate and account for each of its several utilities separately
- 7 and, as to each separate utility, shall possess all powers granted
- 8 on behalf of that utility or on behalf of any other utility being
- 9 operated by such district, or granted generally to such district,
- 10 and all such powers are hereby declared to be cumulative, though

- 12 restrictions which by their nature or intent are applicable only to
- 13 a utility of one type shall not apply to other different utilities.
- 14 The financial obligations of each utility shall be separate and
- 15 independent from the financial obligations of any other utility.
- 16 (2) A metropolitan utilities district shall keep all
- 17 funds, accounts, and obligations relating to any one utility under
- 18 its management separate and independent from the funds and accounts
- 19 of each other utility under its management. The cost of any
- 20 consolidated operation shall be allocated to the various utilities
- 21 upon some reasonable basis which is open to investigation, comment,
- 22 or protest by members of the public. Such allocation methodologies
- 23 shall be determined by its the board of directors and shall provide
- 24 for the allocation of costs and expenses in a manner that
- 1 accurately reflects the actual cost of service for each utility
- 2 under the management of the board, except that for purposes of this
- 3 section, the collection of sewer use fees for cities of the
- 4 metropolitan class shall not be considered as a utility. The
- 5 district shall have separate power to provide for the cost of
- 6 operation, maintenance, depreciation, extension, construction, and
- 7 improvement of any utility under its management, applying thereto
- 8 standard accounting principles.
- 9 (3) A metropolitan utilities district shall not discount

10 its water rates or connection fees in order to obtain natural gas

15 service from the district.

16 (5) The Auditor of Public Accounts shall have the
17 authority to initiate an audit or to take any action necessary to
18 ensure compliance with this section.

19 Sec. 2. Whenever any city of the primary, first, or
20 second class or village is furnished natural gas pursuant to a
21 franchise agreement with an investor-owned natural gas utility, a
22 metropolitan utilities district shall not solicit such franchise or
23 promote discontinuance of service with the utility, unless a
24 specific invitation to bid on the franchise has been formally
25 presented to the board of directors of the metropolitan utilities
26 district. For purposes of this section, a specific invitation to
27 bid shall mean a resolution adopted by a city council of a city of
1 the primary, first, or second class or the board of trustees of a
2 village.

3 Whenever any invitation to bid is received by the board
4 of directors of a metropolitan utilities district, the invitation
5 to bid will be considered by the board at its next regularly
6 scheduled monthly meeting.

7 Sec. 3. Sections 4 to 8 of this act shall be applicable

11 district.

12 Sec. 4. No investor-owned natural gas utility or
13 metropolitan utilities district may extend or enlarge its natural
14 gas service area or extend or enlarge its natural gas mains or
15 natural gas services unless it is in the public interest to do so.
16 In determining whether or not an extension or enlargement is in the
17 public interest, the district or the utility shall consider the
18 following:

19 (1) The economic feasibility of the extension or
20 enlargement;

21 (2) The impact the enlargement will have on the existing
22 and future natural gas ratepayers of the metropolitan utilities
23 district or the investor-owned natural gas utility;

24 (3) Whether the extension or enlargement contributes to
25 the orderly development of utility infrastructure;

26 (4) Whether the extension or enlargement will result in
27 duplicative or redundant utility infrastructure; and

1 (5) Whether the extension or enlargement is applied in a
2 nondiscriminatory manner.

3 Sec. 5. In determining whether an enlargement or
4 extension of a natural gas service area, natural gas mains, or

5 natural gas services is in the public interest pursuant to section
6 4 of this act, the following shall constitute rebuttable
7 presumptions:

8 (1) Any enlargement or extension by a metropolitan
9 utilities district within a city of the metropolitan class or its
10 extraterritorial zoning jurisdiction is in the public interest;

11 (2) Any enlargement or extension by an investor-owned
12 natural gas utility within a city of the primary, first, or second
13 class or village in which it serves natural gas on a franchise
14 basis on the effective date of this act or its extraterritorial
15 zoning jurisdiction is in the public interest; and

16 (3) Any enlargement or extension by a metropolitan
17 utilities district within its statutory boundary or within a city
18 of the first or second class or village in which it serves natural
19 gas on a franchise basis on the effective date of this act or its
20 extraterritorial zoning jurisdiction is in the public interest.

21 Sec. 6. A metropolitan utilities district or
22 investor-owned natural gas utility shall not extend duplicative or
23 redundant interior natural gas mains or natural gas services into a
24 subdivision, whether residential, commercial, or industrial, which
25 has existing natural gas utility infrastructure or which has
26 contracted for natural gas utility infrastructure with another
27 utility.

1 Sec. 7. If any aggrieved ratepayer of the investor-owned
2 natural gas utility or of the metropolitan utilities district or
3 the investor-owned natural gas utility or the metropolitan
4 utilities district disagrees with a determination by an
5 investor-owned natural gas utility or a metropolitan utilities
6 district that a proposed extension or enlargement is in the public
7 interest, the matter may be submitted to the Public Service
8 Commission for hearing and determination in the county where the
9 extension or enlargement is proposed and shall be subject to the
10 applicable procedures provided in sections 75-112, 75-129, and
11 75-134 to 75-136. In making a determination whether a proposed
12 extension or enlargement is in the public interest, the Public
13 Service Commission shall consider the factors set forth in sections
14 4 and 5 of this act. The Public Service Commission shall have no
15 jurisdiction over a metropolitan utilities district or natural gas
16 utility beyond the determination of disputes brought before it
17 under section 14-2115 and sections 2 to 8 of this act.

18 Sec. 8. All books, records, vouchers, papers, contracts,
19 engineering designs, and any other data of the metropolitan
20 utilities district relating to the public interest of an extension
21 or enlargement of natural gas mains or natural gas services or
22 relating to natural gas service areas, whether in written or
23 electronic form, shall be open and made available for public
24 inspection, investigation, comment, or protest upon reasonable
25 request during business hours, except that such books, records,
26 vouchers, papers, contracts, designs, and other data shall be

- 27 subject to section 84-712.05. Any such books, records, vouchers,
1 papers, contracts, designs, or other data not made available to the
2 metropolitan utilities district or an investor-owned natural gas
3 utility pursuant to this section shall not be considered by the
4 Public Service Commission in determining whether an enlargement or

- 4 thereto and insert the following new sections:
- 5 'Section 1. Section 14-2115, Reissue Revised Statutes of
- 6 Nebraska, is amended to read:

14-2115. (1) A metropolitan utilities district shall operate and account for each of its several utilities separately and, as to each separate utility, shall possess all powers granted on behalf of that utility or on behalf of any other utility being operated by such district, or granted generally to such district, and all such powers are hereby declared to be cumulative, though separate, as to each utility, except that limitations or restrictions which by their nature or intent are applicable only to a utility of one type shall not apply to other different utilities. The financial obligations of each utility shall be separate and independent from the financial obligations of any other utility.

(2) A metropolitan utilities district shall keep all funds, accounts, and obligations relating to any one utility under its management separate and independent from the funds and accounts of each other utility under its management. The cost of any consolidated operation shall be allocated to the various utilities upon some reasonable basis which is open to investigation, comment, or protest by members of the public. Such allocation methodologies shall be determined by its the board of directors and shall provide for the allocation of costs and expenses in a manner that accurately reflects the actual cost of service for each utility under the management of the board, except that for purposes of this section, the collection of sewer use fees for cities of the metropolitan class shall not be considered as a utility. The district shall have separate power to provide for the cost of operation, maintenance, depreciation, extension, construction, and improvement of any utility under its management, applying thereto standard accounting principles.

(3) A metropolitan utilities district shall not discount its water rates or connection fees in order to obtain natural gas service from any customer.

(4) A metropolitan utilities district shall not delay or condition in any manner the installation of water service or other agreements related to water service to the purchase of natural gas service from the district.

(5) The Auditor of Public Accounts shall have the authority to initiate an audit or to take any action necessary to ensure compliance with this section.

Sec. 2. Whenever any city of the primary, first, or second class or village is furnished natural gas pursuant to a franchise agreement with an investor-owned natural gas utility, a metropolitan utilities district shall not solicit such franchise or promote discontinuance of service with the utility, unless a specific invitation to bid on the franchise has been formally presented to the board of directors of the metropolitan utilities district. For purposes of this section, a specific invitation to bid shall mean a resolution adopted by a city council of a city of the primary, first, or second class or the board of trustees of a village.

6 Whenever any invitation to bid is received by the board
7 of directors of a metropolitan utilities district, the invitation
8 to bid will be considered by the board at its next regularly
9 scheduled monthly meeting.

10 Sec. 3. Sections 4 to 8 of this act shall be applicable
11 to an investor-owned natural gas utility only when it is operating
12 in a county in which there is located the natural gas service area,
13 or portion of the service area, of a metropolitan utilities
14 district.

15 Sec. 4. No investor-owned natural gas utility or
16 metropolitan utilities district may extend or enlarge its natural
17 gas service area or extend or enlarge its natural gas mains or
18 natural gas services unless it is in the public interest to do so.
19 In determining whether or not an extension or enlargement is in the
20 public interest, the district or the utility shall consider the
21 following:

22 (1) The economic feasibility of the extension or
23 enlargement;

24 (2) The impact the enlargement will have on the existing
25 and future natural gas ratepayers of the metropolitan utilities
26 district or the investor-owned natural gas utility;

27 (3) Whether the extension or enlargement contributes to
1 the orderly development of utility infrastructure;

2 (4) Whether the extension or enlargement will result in
3 duplicative or redundant utility infrastructure; and

4 (5) Whether the extension or enlargement is applied in a
5 nondiscriminatory manner.

6 Sec. 5. In determining whether an enlargement or
7 extension of a natural gas service area, natural gas mains, or
8 natural gas services is in the public interest pursuant to section
9 4 of this act, the following shall constitute rebuttable
10 presumptions:

11 (1) Any enlargement or extension by a metropolitan
12 utilities district within a city of the metropolitan class or its
13 extraterritorial zoning jurisdiction is in the public interest;

14 (2) Any enlargement or extension by an investor-owned
15 natural gas utility within a city of the primary, first, or second
16 class or village in which it serves natural gas on a franchise
17 basis on the effective date of this act or its extraterritorial
18 zoning jurisdiction is in the public interest; and

19 (3) Any enlargement or extension by a metropolitan
20 utilities district within its statutory boundary or within a city
21 of the first or second class or village in which it serves natural
22 gas on a franchise basis on the effective date of this act or its
23 extraterritorial zoning jurisdiction is in the public interest.

24 Sec. 6. A metropolitan utilities district or
25 investor-owned natural gas utility shall not extend duplicative or
26 redundant interior natural gas mains or natural gas services into a
27 subdivision, whether residential, commercial, or industrial, which

1 has existing natural gas utility infrastructure or which has
2 contracted for natural gas utility infrastructure with another
3 utility.

4 Sec. 7. If any aggrieved ratepayer of the investor-owned
5 natural gas utility or of the metropolitan utilities district or
6 the investor-owned natural gas utility or the metropolitan
7 utilities district disagrees with a determination by an
8 investor-owned natural gas utility or a metropolitan utilities
9 district that a proposed extension or enlargement is in the public
10 interest, the matter may be submitted to the Public Service
11 Commission for hearing and determination in the county where the
12 extension or enlargement is proposed and shall be subject to the
13 applicable procedures provided in sections 75-112, 75-129, and
14 75-134 to 75-136. In making a determination whether a proposed
15 extension or enlargement is in the public interest, the Public
16 Service Commission shall consider the factors set forth in sections
17 4 and 5 of this act. The Public Service Commission shall have no
18 jurisdiction over a metropolitan utilities district or natural gas
19 utility beyond the determination of disputes brought before it
20 under section 14-2115 and sections 2 to 8 of this act.

21 Sec. 8. All books, records, vouchers, papers, contracts,
22 engineering designs, and any other data of the metropolitan
23 utilities district relating to the public interest of an extension
24 or enlargement of natural gas mains or natural gas services or
25 relating to natural gas service areas, whether in written or
26 electronic form, shall be open and made available for public
27 inspection, investigation, comment, or protest upon reasonable
1 request during business hours, except that such books, records,
2 vouchers, papers, contracts, designs, and other data shall be
3 subject to section 84-712.05. Any such books, records, vouchers,
4 papers, contracts, designs, or other data not made available to the
5 metropolitan utilities district or an investor-owned natural gas
6 utility pursuant to this section shall not be considered by the
7 Public Service Commission in determining whether an enlargement or

22 (1) of this section shall advise the operator that he or she has a
23 right to appeal the order of suspension in accordance with the
24 provisions set forth in section 60-503.

Messrs. Jensen and Kristensen filed the following amendment to LB 559:
AM1129

1 1. Strike the original sections and all amendments
2 thereto and insert the following new sections:

3 "Section 1. Sections 1 to 8 of this act shall be known
4 and may be cited as the Medicaid Telehealth Act.

5 Sec. 2. The Legislature finds that:

6 (1) Access to health care facilities and health care
7 practitioners is critically important to the citizens of Nebraska;

8 (2) Access to a continuum of health care services is
9 restricted in some medically underserved areas of Nebraska, and
10 many health care practitioners in such areas are isolated from
11 mentors, colleagues, and information resources necessary to support
12 them personally and professionally;

13 (3) The use of telecommunications technology to deliver
14 health care services can reduce health care costs, improve health
15 care quality, improve access to health care, and enhance the
16 economic health of communities in medically underserved areas of
17 Nebraska; and

18 (4) The full potential of delivering health care services
19 through Telehealth cannot be realized without the assurance of
20 payment for such services and the resolution of existing legal and
21 policy barriers to such payment.

22 Sec. 3. For purposes of the Medicaid Telehealth Act:

23 (1) Department means the Department of Health and Human
24 Services Finance and Support;

1 (2) Health care practitioner means a Nebraska
2 medicaid-enrolled provider who is licensed, registered, or
3 certified to practice in this state by the Department of Health and
4 Human Services Regulation and Licensure;

5 (3) Telehealth means the use of telecommunications
6 technology by a health care practitioner to deliver health care
7 services within his or her scope of practice at a site other than
8 the site where the patient is located; and

9 (4) Telehealth consultation means any contact between a
10 patient and a health care practitioner relating to the health care
11 diagnosis or treatment of such patient that requires the use of
12 telecommunications technology, but does not include a telephone
13 conversation, electronic mail message, or facsimile transmission
14 between a health care practitioner and a patient or a consultation
15 between two health care practitioners.

16 Sec. 4. The Medicaid Telehealth Act does not alter the
17 scope of practice of any health care practitioner or authorize the
18 delivery of health care services in a setting or manner not
19 otherwise authorized by law.

20 Sec. 5. (1) Prior to any telehealth consultation, the
21 health care practitioner delivering health care services through
22 telehealth shall ensure that the informed written consent of the
23 patient is obtained as provided in this section. The person

24 obtaining such informed consent shall ensure that at least all of
25 the following information is provided to the patient orally and in
26 writing:

27 (a) A statement that the patient retains the option to
1 withhold or withdraw consent at any time without affecting the
2 patient's right to future care or treatment and without risking the
3 loss or withdrawal of any program benefits to which the patient
4 would otherwise be entitled;

5 (b) A statement that all existing confidentiality
6 protections shall apply to the telehealth consultation;

7 (c) A statement that the patient shall have access to all
8 medical information resulting from the telehealth consultation as
9 provided in state law for patient access to his or her medical
10 records; and

11 (d) A statement that dissemination of any patient
12 identifiable images or information from the telehealth consultation
13 to researchers or other entities shall not occur without the
14 written consent of the patient.

15 (2) The patient shall sign a written statement prior to
16 any telehealth consultation, indicating that the patient
17 understands the oral and written information provided pursuant to
18 subsection (1) of this section and that this information has been
19 discussed with the health care practitioner or his or her designee.
20 Such signed statement shall become a part of the patient's medical
21 record.

22 (3) If the patient is a minor or is incapacitated or
23 mentally incompetent such that he or she is unable to give informed
24 consent, this section shall apply to the patient's legally
25 authorized representative.

26 (4) This section shall not apply in an emergency
27 situation in which the patient is unable to give informed consent
1 and the patient's legally authorized representative is unavailable.

2 (5) This section shall not apply to a patient who is a
3 person committed to the Department of Correctional Services.

4 Sec. 6. (1) On or after July 1, 2000, in-person contact
5 between a health care practitioner and a patient shall not be
6 required under the medical assistance program established in
7 sections 68-1018 to 68-1025 and Title XXI of the federal Social
8 Security Act, as amended, for health care services delivered
9 through telehealth that are otherwise eligible for reimbursement
10 under such program and federal act. Such services shall be subject
11 to reimbursement policies developed pursuant to such program and
12 federal act. This section also applies to managed care plans which
13 contract with the department pursuant to the Managed Care Plan Act
14 only to the extent that:

15 (a) Health care services delivered through telehealth are
16 covered by and reimbursed under the medicaid fee-for-service
17 program; and

18 (b) Managed care contracts with managed care plans are

19 amended to add coverage of health care services delivered through
 20 telehealth and any appropriate capitation rate adjustments are
 21 incorporated.

22 (2) The reimbursement rate for a telehealth consultation
 23 shall, as a minimum, be set at the same rate as the medical
 24 assistance program rate for a comparable in-person consultation.

25 (3) The department shall not require a telehealth
 26 consultation if the patient has the option to choose a health care
 27 practitioner reasonably available where a patient resides or works.

1 (4) The department shall establish rates for transmission
 2 cost reimbursement, considering, to the extent applicable,
 3 reductions in travel costs by health care practitioners and
 4 patients to deliver or to access health care services and such
 5 other factors as the department deems relevant.

6 Sec. 7. A health care facility licensed pursuant to
 7 sections 71-2017 to 71-2029 that receives reimbursement under the
 8 Medicaid Telehealth Act for telehealth consultations delivered by
 9 physicians who practice at such facility or other health care
 10 practitioners at such facility who provide or facilitate such
 11 consultations shall establish quality of care protocols and patient
 12 confidentiality guidelines to ensure that such consultants meet the
 13 requirements of the act and acceptable patient care standards.

14 Sec. 8. By July 1, 2000, the department shall adopt and
 15 promulgate rules and regulations to carry out the Medicaid
 16 Telehealth Act, including rules and regulations to:

17 (1) Ensure that appropriate care is provided to patients
 18 who receive health care services through telehealth; and

19 (2) Prevent fraud and abuse in the delivery of health
 20 care services to such patients through telehealth, including, but
 21 not limited to, rules and regulations relating to the filing of
 22 claims and records required to be maintained in relation to health
 23 care services delivered through telehealth."

ATTORNEY GENERAL'S OPINION

Opinion No. 99014

DATE: April 5, 1999

SUBJECT: Constitutionality of LB 523; Whether Adoption of the Nurse Licensure Compact Would Constitute an Improper Delegation of Legislative Authority

REQUESTED BY: Deborah S. Suttle, Senator
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Lynn A. Melson, Assistant Attorney General

You have requested the opinion of this office regarding the constitutionality of proposed legislation to adopt the Nurse Licensure Compact. It is our understanding that your concern is whether LB 523 would constitute an unconstitutional delegation of legislative authority. You have enclosed with your opinion request a copy of Kansas Attorney General Opinion No. 99-3 which discusses that issue and concludes that enactment of the compact in Kansas would be unconstitutional.

The purpose of LB 523 is to adopt the Nurse Licensure Compact. LB 523 provides that registered nurses, licensed practical nurses and vocational nurses residing in each "party state," meaning any state that has adopted the compact, will enjoy a multistate licensure privilege and be authorized to practice as a nurse in all party states. LB 523, § 1, art. III(a). In order to obtain or retain a license as a nurse, each applicant must meet his or her home state's qualifications for licensure and license renewal. Every nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is rendered. State practice laws are defined as "those individual party states' laws and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline." LB 523, § 1, art. II(n). LB 523 also provides for a coordinated licensure information system and the sharing of certain investigative information. LB 523, § 1, art. VII and VIII.

We agree with the Kansas Attorney General that adoption of the Nurse Licensure Compact would grant the legislatures of other states "the unqualified right to determine the qualifications for the practice of nursing in this state by nonresidents." In Nebraska, the Legislature may not delegate its legislative authority, power, or functions to an administrative or executive authority or to private individuals. *Bosselman, Inc. v. State*, 230 Neb. 471, 432 N.W.2d 226 (1988); Neb. Const. art. III, § 1. "The Legislature does have power to authorize an administrative or executive department to make rules and regulations to carry out an expressed legislative purpose, or for the

complete operation and enforcement of a law within designated limitations. . . . The limitations of the power granted and the standards by which the granted powers are to be administered must, however, be clearly and definitely stated in the authorizing act." *Bosselman*, 230 Neb. 471 at 476, (citing *Lincoln Dairy Co. v. Finigan*, 170 Neb. 777, 780-81 (1960)). However, with regard to LB 523, adoption of the Nurse Licensure Compact would result not merely in the delegation of the authority to administer the law, but delegation to other states of the authority to enact the law and to set the standards themselves.

The Legislature may lawfully adopt by reference an existing law or regulation of another jurisdiction, including the United States." *Clemens v. Harvey*, 247 Neb. 77, 81, 525 N.W.2d 185, 188 (1994) (citing *Anderson v. Tiemann*, 182 Neb. 393, 155 N.W.2d 322 (1967)). The Legislature, however, may not adopt from another jurisdiction statutes or regulations which are not yet in existence at the time of adoption or which are subject to amendment. Such a provision would likely be construed to be an unconstitutional delegation of power by the Legislature to the other jurisdiction. LB 523 does not attempt to incorporate into Nebraska law a specific statute of another jurisdiction as it exists at the time of passage of LB 523. Rather, it purports to allow the legislatures of other unidentified jurisdictions to establish, now and in the future, the qualifications for the licensure of certain nurses practicing in the State of Nebraska. In our view, this would constitute an impermissible delegation of the legislative power.

Sincerely,
DON STENBERG
Attorney General

13 Sec. 2. Primary responsibility for payment of the costs
14 of medical services provided to individuals who are arrested,
15 detained, taken into custody, or incarcerated shall be with the

16 recipients of such services if the recipients are entitled to

18 under the terms and provisions of a policy, subscription, or

3 reimbursement for the costs of such medical services under the
4 terms and provisions of a policy, subscription, or agreement with
5 an insurer, a health maintenance organization, a preferred provider
6 organization, or another similar source. This section does not

5 medical services signs an affidavit stating that (a) in the case of

21 agency. In all other cases, the appropriate governmental agency
22 shall be the agency responsible for operation of the institution or

26 reimbursement from the other jurisdiction for the costs of the
27 medical services provided to the individual being held for that
1 jurisdiction.

2 (3) Except as provided in section 5 of this act, a
3 governmental agency shall not be responsible for paying the costs
4 of any medical services provided to an individual if such services

10 incarcerated shall notify the provider of such services of (a) all
11 information possessed by the agency concerning potential sources of

9 in accordance with the standards of the Uniform Standard Code for
10 Manufactured Homes and Recreational Vehicles, the Nebraska Uniform
11 Standards for Modular Housing Units Act, or the United States
12 Department of Housing and Urban Development. The county board may
13 require that a manufactured home be located and installed according

17 county board may also require that manufactured homes meet the

10 supersede any valid restrictive covenants of record.

11 (4) For purposes of this section, manufactured home shall
12 mean (a) a factory-built structure which is to be used as a place
13 for human habitation, which is not constructed or equipped with a

27 (6) The powers conferred by this section shall not be
1 exercised within the limits of any incorporated city or village nor

15 act. Such zoning regulations shall be consistent with ~~the~~ an

16 adopted comprehensive development plan and designed for the purpose
17 of promoting the health, safety, morals, convenience, order,

20 carry out the purposes of this section and regulate, restrict, or
21 prohibit the erection, construction, reconstruction, alteration, or
22 use of nonfarm buildings or structures and the use, conditions of
23 use, or occupancy of land. All such regulations shall be uniform
24 for each class or kind of land or buildings throughout each
25 district, but the regulations in one district may differ from those
26 in other districts. An official map or maps indicating the
27 districts and regulations shall be adopted, and within fifteen days
1 after adoption of such regulations or maps, they shall be published

20 second class or village is furnished natural gas pursuant to a
21 franchise agreement with an investor-owned natural gas utility, a
22 metropolitan utilities district shall not solicit such franchise or

24 (3) Whether the extension or enlargement contributes to
25 the orderly development of utility infrastructure;

26 (4) Whether the extension or enlargement will result in

1 (5) Whether the extension or enlargement is applied in a
2 nondiscriminatory manner.

3 Sec. 5. In determining whether an enlargement or
4 extension of a natural gas service area, natural gas mains, or
5 natural gas services is in the public interest pursuant to section
6 4 of this act, the following shall constitute rebuttable
7 presumptions:

- 7 43-284. When any juvenile is adjudged to be under
- 8 subdivision (3) or (4) of section 43-247, the court may permit such

- 22 parental, private, or other public funds available for the care,

23 custody, education, treatment, and maintenance of a juvenile, the
1 court may order a reasonable sum for the care, custody, education,
2 treatment, and maintenance of the juvenile to be paid out of a fund
3 which shall be appropriated annually by the county where the
4 petition is filed by the Department of Health and Human Services
5 until suitable provisions may be made for the juvenile without such
6 payment. The county shall not be liable for any costs for the

8 pursuant to this section.

9 The amount to be paid by a county for education pursuant
10 to this section shall not exceed the average cost for education of
11 a public school student in the county in which the juvenile is
12 placed and shall be paid only for education in kindergarten through
13 grade twelve.

14 The court may enter a dispositional order removing a
15 juvenile from his or her home upon a written determination that
16 continuation in the home would be contrary to the health, safety,
17 or welfare of such juvenile and that reasonable efforts to preserve
18 and reunify the family have been made if required under section
19 43-283.01.

20 Sec. 4. Section 43-286, Reissue Revised Statutes of
21 Nebraska, is amended to read:

22 43-286. (1) When any juvenile is adjudicated to be a
23 juvenile described in subdivision (1), (2), or (4) of section
24 43-247:

25 (a) The court may continue the dispositional portion of
26 the hearing, from time to time upon such terms and conditions as
27 the court may prescribe, including an order of restitution of any
1 property stolen or damaged or an order requiring the juvenile to
2 participate in community service programs, if such order is in the
3 interest of the juvenile's reformation or rehabilitation, and,
4 subject to the further order of the court, may:

7 (ii) Permit the juvenile to remain in his or her own
8 home, subject to the supervision of the probation officer; ~~or~~

9 ~~(iii) Cause the juvenile to be placed in a suitable~~
10 ~~family home or institution; subject to the supervision of the~~

13 ~~the department shall pay the costs of the suitable family home or~~
14 ~~institution which are not otherwise paid by the juvenile's parents.~~

15 Under subdivision (1)(a) of this section, upon a
16 determination by the court that there are no parental, private, or
17 other public funds available for the care, custody, and maintenance
18 of a juvenile, the court may order a reasonable sum for the care,
19 custody, and maintenance of the juvenile to be paid out of a fund
20 which shall be appropriated annually by the county where the
21 petition is filed by the Department of Health and Human Services or

22 the Office of Juvenile Services until a suitable provision may be
23 made for the juvenile without such payment. The county shall not
24 be liable for any costs for the care, custody, or maintenance of a
25 juvenile pursuant to this section; or

26 (b) The court may commit such juvenile to the Office of
27 Juvenile Services, but a juvenile under the age of twelve years
1 shall not be placed at the Youth Rehabilitation and Treatment
2 Center-Geneva or the Youth Rehabilitation and Treatment
3 Center-Kearney unless he or she has violated the terms of probation
4 or has committed an additional offense and the court finds that the
5 interests of the juvenile and the welfare of the community demand
6 his or her commitment. This minimum age provision shall not apply
7 if the act in question is murder or manslaughter.

8 (2) When any juvenile is found by the court to be a
9 juvenile described in subdivision (3)(b) of section 43-247, the
10 court may enter such order as it is empowered to enter under
11 subdivision (1)(a) of this section or enter an order committing or
12 placing the juvenile to the care and custody of the Department of
13 Health and Human Services.

14 (3) Beginning July 15, 1998, when any juvenile is
15 adjudicated to be a juvenile described in subdivision (1), (2),
16 (3)(b), or (4) of section 43-247 because of a nonviolent act or
17 acts and the juvenile has not previously been adjudicated to be
18 such a juvenile because of a violent act or acts, the court may,
19 with the agreement of the victim, order the juvenile to attend
20 juvenile offender and victim mediation with a mediator or at an
21 approved center selected from the roster made available pursuant to
22 section 25-2908.

23 (4)(a) When a juvenile is placed on probation or under
24 the supervision of the court and it is alleged that the juvenile is
25 again a juvenile described in subdivision (1), (2), (3)(b), or (4)
26 of section 43-247, a petition may be filed and the same procedure
27 followed and rights given at a hearing on the original petition.
1 If an adjudication is made that the allegations of the petition are
2 true, the court may make any disposition authorized by this section
3 for such adjudications.

4 (b) When a juvenile is placed on probation or under the
5 supervision of the court for conduct under subdivision (1), (2),
6 (3)(b), or (4) of section 43-247 and it is alleged that the
7 juvenile has violated a term of probation or supervision or that
8 the juvenile has violated an order of the court, a motion to revoke
9 probation or supervision or to change the disposition may be filed
10 and proceedings held as follows:

11 (i) The motion shall set forth specific factual
12 allegations of the alleged violations and a copy of such motion
13 shall be served on all persons required to be served by sections
14 43-262 to 43-267;

15 (ii) The juvenile shall be entitled to a hearing before
16 the court to determine the validity of the allegations. At such

17 hearing the juvenile shall be entitled to those rights relating to
18 counsel provided by section 43-272 and those rights relating to
19 detention provided by sections 43-254 to 43-256. The juvenile
20 shall also be entitled to speak and present documents, witnesses,
21 or other evidence on his or her own behalf. He or she may confront
22 persons who have given adverse information concerning the alleged
23 violations, may cross-examine such persons, and may show that he or
24 she did not violate the conditions of his or her probation or, if
25 he or she did, that mitigating circumstances suggest that the
26 violation does not warrant revocation. The revocation hearing
27 shall be held within a reasonable time after the juvenile is taken
1 into custody;

2 (iii) The hearing shall be conducted in an informal
3 manner and shall be flexible enough to consider evidence, including
4 letters, affidavits, and other material, that would not be
5 admissible in an adversarial criminal trial;

6 (iv) The juvenile shall be given a preliminary hearing in
7 all cases when the juvenile is confined, detained, or otherwise
8 significantly deprived of his or her liberty as a result of his or
9 her alleged violation of probation. Such preliminary hearing shall
10 be held before an impartial person other than his or her probation
11 officer or any person directly involved with the case. If as a
12 result of such preliminary hearing probable cause is found to
13 exist, the juvenile shall be entitled to a hearing before the court
14 in accordance with this subsection;

15 (v) If the juvenile is found by the court to have
16 violated the terms of his or her probation, the court may modify
17 the terms and conditions of the probation order, extend the period
18 of probation, or enter any order of disposition that could have
19 been made at the time the original order of probation was entered;
20 and

21 (vi) In cases when the court revokes probation, it shall
22 enter a written statement as to the evidence relied on and the
23 reasons for revocation.

24 Sec. 5. Section 43-290, Reissue Revised Statutes of
25 Nebraska, is amended to read:

26 43-290. It is the purpose of this section to promote
27 parental responsibility and to provide for the most equitable use
1 and availability of public money.

2 Pursuant to the petition filed by the county attorney or
3 any reputable person in accordance with section 43-274, whenever
4 the care or custody of a juvenile is given by the court to someone
5 other than his or her parent, which shall include placement with a
6 state agency, or when a juvenile is given medical, psychological,
7 or psychiatric study or treatment under order of the court, the
8 court shall make a determination of support to be paid by a parent
9 for the juvenile at the same proceeding at which placement, study,
10 or treatment is determined or at a separate proceeding. Such
11 proceeding, which may occur prior to, at the same time as, or

12 subsequent to adjudication, shall be in the nature of a disposition
13 hearing.

14 At such proceeding, after summons to the parent of the
15 time and place of hearing served as provided in sections 43-262 to
16 43-267, the court may order and decree that the parent shall pay,
17 in such manner as the court may direct, a reasonable sum that will
18 cover in whole or part the support, study, and treatment of the
19 juvenile, which amount ordered paid shall be the extent of the
20 liability of the parent. The court in making such order shall give
21 due regard to the cost of study, treatment, and maintenance of the
22 juvenile, the ability of the parent to pay, and the availability of
23 money for the support of the juvenile from previous judicial
24 decrees, social security benefits, veterans benefits, or other
25 sources. Support thus received by the court shall be transmitted
26 to the person, agency, or institution having financial
27 responsibility for such study, treatment, or maintenance and, if a
1 state agency or institution, remitted by such state agency or
2 institution quarterly to the Director of Administrative Services
3 for credit to the proper fund.

4 Whenever medical, psychological, or psychiatric study or
5 treatment is ordered by the court, whether or not the juvenile is
6 placed with someone other than his or her parent, or if such study
7 or treatment is otherwise provided as determined necessary by the
8 custodian of the juvenile, the court shall inquire as to the
9 availability of insured or uninsured health care coverage or
10 service plans which include the juvenile. The court may order the
11 parent to pay over any plan benefit sums received on coverage for
12 the juvenile. The payment of any deductible under the health care
13 benefit plan covering the juvenile shall be the responsibility of
14 the parent. If the parent willfully fails or refuses to pay the
15 sum ordered or to pay over any health care plan benefit sums
16 received, the court may proceed against him or her as for contempt,
17 either on the court's own motion or on the motion of the county
18 attorney or authorized attorney as provided in section 43-512, or
19 execution shall issue at the request of any person, agency, or
20 institution treating or maintaining such juvenile. The court may
21 afterwards, because of a change in the circumstances of the
22 parties, revise or alter the order of payment for support, study,
23 or treatment.

24 If the juvenile has been committed to the care and
25 custody of the Department of Health and Human Services, the
26 department shall pay the costs for the support, study, or treatment
27 of the juvenile which are not otherwise paid by the juvenile's
1 parent.

2 If no provision is otherwise made by law for the support
3 or payment for the study or treatment of the juvenile, compensation
4 for the study or support, study, and treatment shall be paid, when
5 approved by an order of the court, by the Department of Health and
6 Human Services or the Office of Juvenile Services. The county

7 shall not be liable for any costs for the support, study, or
8 treatment of a juvenile pursuant to this section. out of a fund
9 which shall be appropriated by the county in which the petition is
10 filed.

11 The juvenile court shall retain jurisdiction over a
12 parent ordered to pay support for the purpose of enforcing such
13 support order for so long as such support remains unpaid but not to
14 exceed ten years from the nineteenth birthday of the youngest child
15 for whom support was ordered.

Mrs. Thompson offered the following amendment to the Standing Committee amendment:

AM1261

(Amendments to Standing Committee amendments, AM0717)

1. Strike amendments 1 through 3 and insert the following new amendments:

"1. Strike original section 5 of this act and insert the following new sections:

'Sec. 3. Section 43-284, Reissue Revised Statutes of Nebraska, is amended to read:

43-284. When any juvenile is adjudged to be under subdivision (3) or (4) of section 43-247, the court may permit such juvenile to remain in his or her own home subject to supervision or may make an order committing the juvenile to (1) the care of some suitable institution; (2) inpatient or outpatient treatment at a mental health facility or mental health program; (3) the care of some reputable citizen of good moral character, (4) the care of some association willing to receive the juvenile embracing in its objects the purpose of caring for or obtaining homes for such juveniles; which association shall have been accredited as provided in section 43-296; (5) (2) the care of a suitable family, or (6) (3) the care and custody of the Department of Health and Human Services.

Under subdivision (1); or (2); (3); (4); or (5) of this section, upon a determination by the court that there are no parental, private, or other public funds available for the care, custody, education, and maintenance of a juvenile, the court may order a reasonable sum for the care, custody, education, and maintenance of the juvenile to be paid out of a fund which shall be appropriated annually by the county where the petition is filed until suitable provisions may be made for the juvenile without such payment.

The amount to be paid by a county for education pursuant

7 to this section shall not exceed the average cost for education of
8 a public school student in the county in which the juvenile is
9 placed and shall be paid only for education in kindergarten through
10 grade twelve.

11 The court may enter a dispositional order removing a
12 juvenile from his or her home upon a written determination that
13 continuation in the home would be contrary to the health, safety,
14 or welfare of such juvenile and that reasonable efforts to preserve
15 and reunify the family have been made if required under section
16 43-283.01.

17 Sec. 4. Section 43-286, Reissue Revised Statutes of
18 Nebraska, is amended to read:

19 43-286. (1) When any juvenile is adjudicated to be a
20 juvenile described in subdivision (1), (2), or (4) of section
21 43-247:

22 (a) The court may continue the dispositional portion of
23 the hearing, from time to time upon such terms and conditions as
24 the court may prescribe, including an order of restitution of any
25 property stolen or damaged or an order requiring the juvenile to
26 participate in community service programs, if such order is in the
27 interest of the juvenile's reformation or rehabilitation, and,
1 subject to the further order of the court, may:

2 (i) Place the juvenile on probation subject to the
3 supervision of a probation officer; or

4 (ii) Permit the juvenile to remain in his or her own
5 home, subject to the supervision of the probation officer; or

6 ~~(iii) Cause the juvenile to be placed in a suitable~~
7 ~~family home or institution, subject to the supervision of the~~
8 ~~probation officer. If the court has committed the juvenile to the~~
9 ~~care and custody of the Department of Health and Human Services,~~
10 ~~the department shall pay the costs of the suitable family home or~~
11 ~~institution which are not otherwise paid by the juvenile's parents.~~

12 Under subdivision (1)(a) of this section, upon a
13 determination by the court that there are no parental, private, or
14 other public funds available for the care, custody, and maintenance
15 of a juvenile, the court may order a reasonable sum for the care,
16 custody, and maintenance of the juvenile to be paid out of a fund
17 which shall be appropriated annually by the county where the
18 petition is filed until a suitable provision may be made for the
19 juvenile without such payment; or

20 (b) The court may commit such juvenile to the Office of
21 Juvenile Services, but a juvenile under the age of twelve years
22 shall not be placed at the Youth Rehabilitation and Treatment
23 Center-Geneva or the Youth Rehabilitation and Treatment
24 Center-Kearney unless he or she has violated the terms of probation
25 or has committed an additional offense and the court finds that the
26 interests of the juvenile and the welfare of the community demand
27 his or her commitment. This minimum age provision shall not apply
1 if the act in question is murder or manslaughter.

2 (2) When any juvenile is found by the court to be a
3 juvenile described in subdivision (3)(b) of section 43-247, the
4 court may enter such order as it is empowered to enter under
5 subdivision (1)(a) of this section or enter an order committing or
6 placing the juvenile to the care and custody of the Department of
7 Health and Human Services.

8 (3) Beginning July 15, 1998, when any juvenile is
9 adjudicated to be a juvenile described in subdivision (1), (2),
10 (3)(b), or (4) of section 43-247 because of a nonviolent act or
11 acts and the juvenile has not previously been adjudicated to be
12 such a juvenile because of a violent act or acts, the court may,
13 with the agreement of the victim, order the juvenile to attend
14 juvenile offender and victim mediation with a mediator or at an
15 approved center selected from the roster made available pursuant to
16 section 25-2908.

17 (4)(a) When a juvenile is placed on probation or under
18 the supervision of the court and it is alleged that the juvenile is
19 again a juvenile described in subdivision (1), (2), (3)(b), or (4)
20 of section 43-247, a petition may be filed and the same procedure
21 followed and rights given at a hearing on the original petition.
22 If an adjudication is made that the allegations of the petition are
23 true, the court may make any disposition authorized by this section
24 for such adjudications.

25 (b) When a juvenile is placed on probation or under the
26 supervision of the court for conduct under subdivision (1), (2),
27 (3)(b), or (4) of section 43-247 and it is alleged that the
1 juvenile has violated a term of probation or supervision or that
2 the juvenile has violated an order of the court, a motion to revoke
3 probation or supervision or to change the disposition may be filed
4 and proceedings held as follows:

5 (i) The motion shall set forth specific factual
6 allegations of the alleged violations and a copy of such motion
7 shall be served on all persons required to be served by sections
8 43-262 to 43-267;

9 (ii) The juvenile shall be entitled to a hearing before
10 the court to determine the validity of the allegations. At such
11 hearing the juvenile shall be entitled to those rights relating to
12 counsel provided by section 43-272 and those rights relating to
13 detention provided by sections 43-254 to 43-256. The juvenile
14 shall also be entitled to speak and present documents, witnesses,
15 or other evidence on his or her own behalf. He or she may confront
16 persons who have given adverse information concerning the alleged
17 violations, may cross-examine such persons, and may show that he or
18 she did not violate the conditions of his or her probation or, if
19 he or she did, that mitigating circumstances suggest that the
20 violation does not warrant revocation. The revocation hearing
21 shall be held within a reasonable time after the juvenile is taken
22 into custody;

23 (iii) The hearing shall be conducted in an informal

24 manner and shall be flexible enough to consider evidence, including
25 letters, affidavits, and other material, that would not be
26 admissible in an adversarial criminal trial;

27 (iv) The juvenile shall be given a preliminary hearing in
1 all cases when the juvenile is confined, detained, or otherwise
2 significantly deprived of his or her liberty as a result of his or
3 her alleged violation of probation. Such preliminary hearing shall
4 be held before an impartial person other than his or her probation
5 officer or any person directly involved with the case. If as a
6 result of such preliminary hearing probable cause is found to
7 exist, the juvenile shall be entitled to a hearing before the court
8 in accordance with this subsection;

9 (v) If the juvenile is found by the court to have
10 violated the terms of his or her probation, the court may modify
11 the terms and conditions of the probation order, extend the period
12 of probation, or enter any order of disposition that could have
13 been made at the time the original order of probation was entered;
14 and

15 (vi) In cases when the court revokes probation, it shall
16 enter a written statement as to the evidence relied on and the
17 reasons for revocation.

18 Sec. 5. Section 43-290, Reissue Revised Statutes of
19 Nebraska, is amended to read:

20 43-290. It is the purpose of this section to promote
21 parental responsibility and to provide for the most equitable use
22 and availability of public money.

23 Pursuant to the petition filed by the county attorney or
24 any reputable person in accordance with section 43-274, whenever
25 the care or custody of a juvenile is given by the court to someone
26 other than his or her parent, which shall include placement with a
27 state agency, or when a juvenile is given medical, psychological,
1 or psychiatric study or treatment under order of the court, the
2 court shall make a determination of support to be paid by a parent
3 for the juvenile at the same proceeding at which placement, study,
4 or treatment is determined or at a separate proceeding. Such
5 proceeding, which may occur prior to, at the same time as, or
6 subsequent to adjudication, shall be in the nature of a disposition
7 hearing.

8 At such proceeding, after summons to the parent of the
9 time and place of hearing served as provided in sections 43-262 to
10 43-267, the court may order and decree that the parent shall pay,
11 in such manner as the court may direct, a reasonable sum that will
12 cover in whole or part the support, study, and treatment of the
13 juvenile, which amount ordered paid shall be the extent of the
14 liability of the parent. The court in making such order shall give
15 due regard to the cost of study, treatment, and maintenance of the
16 juvenile, the ability of the parent to pay, and the availability of
17 money for the support of the juvenile from previous judicial
18 decrees, social security benefits, veterans benefits, or other

19 sources. Support thus received by the court shall be transmitted
20 to the person, agency, or institution having financial
21 responsibility for such study, treatment, or maintenance and, if a
22 state agency or institution, remitted by such state agency or
23 institution quarterly to the Director of Administrative Services
24 for credit to the proper fund.

25 Whenever medical, psychological, or psychiatric study or
26 treatment is ordered by the court, whether or not the juvenile is
27 placed with someone other than his or her parent, or if such study
1 or treatment is otherwise provided as determined necessary by the
2 custodian of the juvenile, the court shall inquire as to the
3 availability of insured or uninsured health care coverage or
4 service plans which include the juvenile. The court may order the
5 parent to pay over any plan benefit sums received on coverage for
6 the juvenile. The payment of any deductible under the health care
7 benefit plan covering the juvenile shall be the responsibility of
8 the parent. If the parent willfully fails or refuses to pay the
9 sum ordered or to pay over any health care plan benefit sums
10 received, the court may proceed against him or her as for contempt,
11 either on the court's own motion or on the motion of the county
12 attorney or authorized attorney as provided in section 43-512, or
13 execution shall issue at the request of any person, agency, or
14 institution treating or maintaining such juvenile. The court may
15 afterwards, because of a change in the circumstances of the
16 parties, revise or alter the order of payment for support, study,
17 or treatment.

18 If the juvenile has been committed to the care and
19 custody of the Department of Health and Human Services, the
20 department shall pay the costs for the support, study, or treatment
21 of the juvenile which are not otherwise paid by the juvenile's
22 parent.

23 If no provision is otherwise made by law for the support
24 or payment for the study or treatment of the juvenile, compensation
25 for the study or treatment shall be paid, when approved by an order
26 of the court, out of a fund which shall be appropriated by the
27 county in which the petition is filed.

1 The juvenile court shall retain jurisdiction over a
2 parent ordered to pay support for the purpose of enforcing such
3 support order for so long as such support remains unpaid but not to
4 exceed ten years from the nineteenth birthday of the youngest child
5 for whom support was ordered.

14 liability of the parent. The court in making such order shall give
15 due regard to the cost of study, treatment, and maintenance of the
16 juvenile, the ability of the parent to pay, and the availability of
17 money for the support of the juvenile from previous judicial
18 decrees, social security benefits, veterans benefits, or other
19 sources. Support thus received by the court shall be transmitted
20 to the person, agency, or institution having financial
21 responsibility for such study, treatment, or maintenance and, if a
22 state agency or institution, remitted by such state agency or
23 institution quarterly to the Director of Administrative Services
24 for credit to the proper fund.

25 Whenever medical, psychological, or psychiatric study or
26 treatment is ordered by the court, whether or not the juvenile is
27 placed with someone other than his or her parent, or if such study
1 or treatment is otherwise provided as determined necessary by the
2 custodian of the juvenile, the court shall inquire as to the
3 availability of insured or uninsured health care coverage or
4 service plans which include the juvenile. The court may order the
5 parent to pay over any plan benefit sums received on coverage for
6 the juvenile. The payment of any deductible under the health care
7 benefit plan covering the juvenile shall be the responsibility of

8 the parent. If the parent willfully fails or refuses to pay the
9 sum ordered or to pay over any health care plan benefit sums
10 received, the court may proceed against him or her as for contempt,
11 either on the court's own motion or on the motion of the county
12 attorney or authorized attorney as provided in section 43-512, or
13 execution shall issue at the request of any person, agency, or
14 institution treating or maintaining such juvenile. The court may
15 afterwards, because of a change in the circumstances of the
16 parties, revise or alter the order of payment for support, study,
17 or treatment.

18 If the juvenile has been committed to the care and
19 custody of the Department of Health and Human Services, the
20 department shall pay the costs for the support, study, or treatment
21 of the juvenile which are not otherwise paid by the juvenile's
22 parent.

23 If no provision is otherwise made by law for the support
24 or payment for the study or treatment of the juvenile, compensation
25 for the study or treatment shall be paid, when approved by an order
26 of the court, out of a fund which shall be appropriated by the
27 county in which the petition is filed.

1 The juvenile court shall retain jurisdiction over a
2 parent ordered to pay support for the purpose of enforcing such
3 support order for so long as such support remains unpaid but not to
4 exceed ten years from the nineteenth birthday of the youngest child
5 for whom support was ordered.

STANDING COMMITTEE REPORT

Transportation

LEGISLATIVE BILL 829. Placed on General File as amended.

Standing Committee amendment to LB 829:

AM1240

1 1. Strike the original sections and insert the following
2 new sections:

3 "Section 1. Sections 1 to 13 of this act shall be known
4 and may be cited as the Nebraska Transit and Rail Advisory Council
5 Act.

6 Sec. 2. (1) The Legislature finds that:

7 (a) Access to timely and efficient modes of passenger
8 transportation is necessary for Nebraska's travelers, visitors, and
9 day-to-day commuters; to the quality of life in the state; and to
10 the economy of the state;

11 (b) Technological advances in passenger transportation
12 can significantly and positively affect the ability of the state to
13 attract and provide efficient services for domestic and
14 international businesses and tourists and thus significantly affect
15 the revenue of the state;

16 (c) The development and utilization of a properly
17 designed, constructed, and financed passenger rail, high-speed
18 rail, or other passenger surface transportation systems can act as
19 a catalyst for economic growth and development; alleviate
20 traffic-congested commutes for day-to-day commuters; create new
21 employment opportunities; create a safer transportation
22 alternative; serve as a positive growth management system for
23 building a better and more environmentally secure state; and
24 promote the health, safety, and welfare of the citizens of the
1 state;

2 (d) Joint development between the public and private
3 sectors may be necessary in the planning, financing, management,
4 operation, and construction mechanism to ensure the continued
5 future development of an efficient and economically viable
6 passenger rail, high-speed rail, or other passenger surface
7 transportation system in this state; and

8 (e) Transportation benefits include improved travel times
9 and more reliable travel, hence increased productivity.

10 (2) The Legislature hereby declares that creation,
11 improvement, and operation of passenger rail, high-speed rail, and
12 other passenger surface transportation systems and the construction
13 of rail and transit facilities in Nebraska through the
14 encouragement of private investments and the use of federal and
15 state funds is a public purpose and use for which public money may
16 be borrowed, expended, advanced, loaned, or granted. Such activity

16 detriment is distinguishable from the effects of the actions on the
17 public generally or a broad segment of the public.

18 (4) The Department of Roads shall assist with
19 administrative and operational support for the Nebraska Transit and
20 Rail Advisory Council.

21 (5) Members of the council who are not employed by the

(Amendments to E & R amendments, AM7084)

1 1. Strike the original sections and all amendments
2 thereto and insert the following new sections:
3 "Section 1. The Hardship Fund is created. Money in the

17 causing special education expenditures to increase by at least ten
18 percent over the prior school fiscal year's special education
19 expenditures, but not less than three times the cost grouping cost
20 per student in the standard cost grouping for the current school
21 fiscal year;

22 (b) The opening of a group home causing expenditures to
23 increase by at least ten percent over the prior school fiscal
1 year's special education expenditures but not less than three times
2 the cost grouping cost per student in the standard cost grouping
3 for the current school fiscal year;

4 (c) Clerical errors by public officials, other than any
5 person employed by or serving on the school board of the requesting
6 district, that are affecting the funding available to the district;
7 and

8 (d) The final calculation of state aid pursuant to
9 section 79-1065 causes a negative adjustment reducing the aid
10 originally calculated for the district by fifty percent or more.

11 (2) To qualify for money from the fund, a district shall
12 have:

13 (a) Budgeted reserves equal to at least ninety-eight
14 percent of the applicable allowable reserves authorized pursuant to
15 section 79-1027 for that district for the most recent budget prior
16 to the district becoming aware of the unexpected occurrence. Any
17 budget amendments filed pursuant to section 13-511 after the
18 district becomes aware of the unexpected occurrence will not be
19 considered when determining if a district qualifies for money from
20 the fund; and

21 (b) A current combined levy equal to or greater than

22 ninety-five percent of the maximum levy authorized pursuant to
23 section 77-3442 for all general and special levies subject to the

13 information contained in the application for determining whether or
14 not to grant an application for money from the Hardship Fund.

15 (4) On or before the fifth day following receipt of an
16 application for distribution of money from the Hardship Fund, the

20 applied for distribution of money from the Hardship Fund, (c) state
21 the deadline for determination by the commissioner, (d) state the
22 interest rate that the State Treasurer will use to calculate

12 to be determined by the commissioner with interest calculated by
13 the State Treasurer at fifty percent of the rate determined
14 pursuant to section 45-104.02 for the delinquent payment of taxes
15 to the State of Nebraska. When any school district fails to make
16 any scheduled repayment, the commissioner shall, after notice to

17 the district and an opportunity to be heard, direct that any state
18 aid due the district pursuant to the Tax Equity and Educational
19 Opportunities Support Act be withheld and transferred to the
20 Hardship Fund until the balance of the money received by the
21 district from the fund plus interest calculated by the State
22 Treasurer has been repaid to the fund and shall bring such further
23 legal action as may be necessary for the fund to be repaid with
24 interest as calculated by the State Treasurer. If a district
25 reorganizes or dissolves, the repayment of money received from the
26 fund plus interest calculated by the State Treasurer shall be a
27 liability and shall be assigned pursuant to subsection (2) of
1 section 79-479.

2 (7) Before money is distributed to a district under this
3 section, the president of the school board shall sign an agreement
4 stating that:

5 (a) The costs for which money is being distributed are as
6 accurate as can be determined at that point;

7 (b) The occurrence was unexpected; and

8 (c) The district will make required repayments to the
9 fund.

10 (8) Up to two-thirds of the amount appropriated shall be
11 available to be awarded for requests received under this section
12 between July 1 and December 31 of each fiscal year. The remainder
13 of the amount appropriated shall be available to be awarded for
14 requests received under this section between January 1 and June 30
15 of each fiscal year.

16 (9) Nothing in this section guarantees an award of money
17 from the Hardship Fund to any district. Money from the fund shall
18 be paid as a lump sum to each district receiving funds and shall be
19 limited to a one-year impact per unexpected discrete occurrence.

20 (10) The State Department of Education shall remit funds
21 repaid by school districts as required by this section to the State
22 Treasurer for credit to the Hardship Fund.

23 (11) The Commissioner of Education shall report to the
24 Education Committee and the Appropriations Committee of the
25 Legislature and the Governor on or before December 1 of each year
26 for the preceding fiscal year. The report shall include (a) a list
27 of all applications with the amounts requested and a description of
1 the unexpected discrete occurrence that caused the district
2 financial distress and (b) a list of the districts receiving
3 hardship funds, including the amount awarded and repayment
4 conditions.

5 'Section 1. Section 14-2115, Reissue Revised Statutes of
6 Nebraska, is amended to read:
7 14-2115. (1) A metropolitan utilities district shall
8 operate and account for each of its several utilities separately
9 and, as to each separate utility, shall possess all powers granted
10 on behalf of that utility or on behalf of any other utility being

11 operated by such district, or granted generally to such district,
12 and all such powers are hereby declared to be cumulative, though
13 separate, as to each utility, except that limitations or
14 restrictions which by their nature or intent are applicable only to
15 a utility of one type shall not apply to other different utilities.
16 The financial obligations of each utility shall be separate and
17 independent from the financial obligations of any other utility.

18 (2) A metropolitan utilities district shall keep all
19 funds, accounts, and obligations relating to any one utility under
20 its management separate and independent from the funds and accounts
21 of each other utility under its management. The cost of any
22 consolidated operation shall be allocated to the various utilities
23 upon some reasonable basis which is open to investigation, comment,
24 or protest by members of the public. Such allocation methodologies
1 shall be determined by its the board of directors and shall provide
2 for the allocation of costs and expenses in a manner that
3 accurately reflects the actual cost of service for each utility
4 under the management of the board, except that for purposes of this
5 section, the collection of sewer use fees for cities of the
6 metropolitan class shall not be considered as a utility. The
7 district shall have separate power to provide for the cost of
8 operation, maintenance, depreciation, extension, construction, and
9 improvement of any utility under its management, applying thereto
10 standard accounting principles.

11 (3) A metropolitan utilities district shall not discount
12 its water rates or connection fees to any customer in order to
13 obtain an agreement to provide natural gas service to any customer.

14 (4) A metropolitan utilities district shall not delay or
15 condition in any manner the installation of water service or other
16 agreements related to water service to the purchase of natural gas
17 service from the district.

18 (5) The Auditor of Public Accounts shall have the
19 authority to initiate an audit or to take any action necessary to
20 ensure compliance with this section.

21 Sec. 2. Whenever any city of the primary, first, or
22 second class or village is furnished natural gas pursuant to a
23 franchise agreement with an investor-owned natural gas utility, a
24 metropolitan utilities district shall not solicit such city or
25 village to enter into a franchise agreement or promote
26 discontinuance of natural gas service with the utility, unless a
27 specific invitation to submit a proposal on such a franchise has
1 been formally presented to the board of directors of the
2 metropolitan utilities district. For purposes of this section, a
3 specific invitation to submit a proposal shall mean a resolution
4 adopted by a city council of a city of the primary, first, or
5 second class or the board of trustees of a village.

6 Whenever a specific invitation to submit a proposal is
7 received by the board of directors of a metropolitan utilities
8 district, the invitation will be considered by the board at its

9 next regularly scheduled monthly meeting.

10 Sec. 3. Sections 4 to 8 of this act shall be applicable
11 to an investor-owned natural gas utility only when it is operating
12 in a county in which there is located the natural gas service area,
13 or portion of the natural gas service area, of a metropolitan
14 utilities district and only with regard to matters arising within
15 any such county.

16 Sec. 4. No investor-owned natural gas utility or
17 metropolitan utilities district may extend or enlarge its natural
18 gas service area or extend or enlarge its natural gas mains or
19 natural gas services unless it is in the public interest to do so.
20 In determining whether or not an extension or enlargement is in the
21 public interest, the district or the utility shall consider the
22 following:

23 (1) The economic feasibility of the extension or
24 enlargement;

25 (2) The impact the enlargement will have on the existing
26 and future natural gas ratepayers of the metropolitan utilities
27 district or the investor-owned natural gas utility;

1 (3) Whether the extension or enlargement contributes to
2 the orderly development of natural gas utility infrastructure;

3 (4) Whether the extension or enlargement will result in
4 uplicative or redundant natural gas utility infrastructure; and

5 (5) Whether the extension or enlargement is applied in a
6 nondiscriminatory manner.

7 Sec. 5. In determining whether an enlargement or
8 extension of a natural gas service area, natural gas mains, or
9 natural gas services is in the public interest pursuant to section
10 4 of this act, the following shall constitute rebuttable
11 presumptions:

12 (1) Any enlargement or extension by a metropolitan
13 utilities district within a city of the metropolitan class or its
14 extraterritorial zoning jurisdiction is in the public interest;

15 (2) Any enlargement or extension by an investor-owned
16 natural gas utility within a city of the primary, first, or second
17 class or village in which it serves natural gas on a franchise
18 basis or its extraterritorial zoning jurisdiction is in the public
19 interest; and

20 (3) Any enlargement or extension by a metropolitan
21 utilities district within its statutory boundary or within a city
22 of the first or second class or village in which it serves natural
23 gas on a franchise basis or its extraterritorial zoning
24 jurisdiction is in the public interest.

25 Sec. 6. A metropolitan utilities district or
26 investor-owned natural gas utility shall not extend duplicative or
27 redundant interior natural gas mains or natural gas services into a
1 subdivision, whether residential, commercial, or industrial, which
2 has existing natural gas utility infrastructure or which has
3 contracted for natural gas utility infrastructure with another

4 utility.

5 Sec. 7. If the investor-owned natural gas utility or the
6 metropolitan utilities district disagrees with a determination by
7 an investor-owned natural gas utility or a metropolitan utilities
8 district that a proposed extension or enlargement is in the public
9 interest, the matter may be submitted to the Public Service
10 Commission for hearing and determination in the county where the
11 extension or enlargement is proposed and shall be subject to the
12 applicable procedures provided in sections 75-112, 75-129, and
13 75-134 to 75-136. In making a determination whether a proposed
14 extension or enlargement is in the public interest, the Public
15 Service Commission shall consider the factors set forth in sections
16 4 and 5 of this act. The Public Service Commission shall have no
17 jurisdiction over a metropolitan utilities district or natural gas
18 utility beyond the determination of disputes brought before it
19 under section 14-2115 and sections 2 to 8 of this act.

20 Sec. 8. All books, records, vouchers, papers, contracts,
21 engineering designs, and any other data of the metropolitan
22 utilities district relating to the public interest of an extension
23 or enlargement of natural gas mains or natural gas services or
24 relating to natural gas service areas, whether in written or
25 electronic form, shall be open and made available for public
26 inspection, investigation, comment, or protest upon reasonable
27 request during business hours, except that such books, records,
1 vouchers, papers, contracts, designs, and other data shall be
2 subject to section 84-712.05. Any books, records, vouchers,
3 papers, contracts, designs, or other data not made available to the
4 metropolitan utilities district or an investor-owned natural gas
5 utility shall not be considered by the Public Service Commission in
6 determining whether an enlargement or extension is in the public
7 interest.

8 Sec. 9. Original section 14-2115, Reissue Revised
9 Statutes of Nebraska, is repealed.'".

(Amendments to Standing Committee amendments, AM0771)

1 1. Strike the original sections and all amendments
2 thereto and insert the following new sections:
3 "Section 1. Section 66-1344, Reissue Revised Statutes of
4 Nebraska, is amended to read:

5 66-1344. (1) ~~Each producer of ethanol shall receive a~~
6 ~~credit pursuant to this section of twenty cents per gallon of~~
7 ~~ethanol produced in Nebraska; which credit shall be in the form of~~
8 ~~a nonrefundable transferable motor vehicle fuel tax credit~~
9 ~~certificate. After July 1, 1994, no such credit shall be given for~~
10 ~~ethanol produced at an ethanol facility which was in production on~~
11 ~~or before January 1, 1992, unless on or before July 1, 1994, the~~
12 ~~name plate design capacity for the production of ethanol; before~~
13 ~~denaturing, at the facility has been expanded to equal at least two~~
14 ~~times the name plate design capacity for production of ethanol;~~
15 ~~before denaturing, existing at the facility as of January 1, 1992.~~

16 (2) ~~Any ethanol facility which is in production at the~~
17 ~~rate of at least twenty-five percent of its name plate design~~
18 ~~capacity for the production of ethanol; before denaturing, on or~~
19 ~~before December 31, 1992, shall receive a credit of twenty cents~~
20 ~~per gallon of ethanol produced beginning with the first month for~~
21 ~~which it is eligible to receive such credit and ending not later~~
22 ~~than December 31, 1997.~~

23 (3) ~~Any ethanol facility which is not in production on or~~
1 ~~before December 31, 1992, but which is in production at the rate of~~
2 ~~at least twenty-five percent of its name plate design capacity for~~
3 ~~the production of ethanol, before denaturing, on or before December~~
4 ~~31, 1995, shall receive a credit of twenty cents per gallon of~~
5 ~~ethanol produced for sixty months beginning with the first month~~
6 ~~for which it is eligible to receive such credit and ending not~~
7 ~~later than December 31, 2000, if the ethanol facility maintains an~~
8 ~~average production rate of at least twenty-five percent of its name~~
9 ~~plate design capacity for at least six months after the first month~~
10 ~~for which it is eligible to receive such credit.~~

11 (2) (4) ~~Any ethanol facility eligible for a credit under~~
12 ~~subsection (1); (2); or (3) of this section shall also receive a~~
13 ~~credit of twenty cents per gallon of ethanol produced in excess of~~
14 ~~the original name plate design capacity which results from~~
15 ~~expansion of the facility completed on or before December 31, 1995.~~
16 ~~Such credit shall be for sixty months beginning with the first~~
17 ~~month for which production from the expanded facility is eligible~~
18 ~~to receive such credit and ending not later than December 31, 2000.~~

19 (3) During such period as funds remain in the Ethanol
20 Production Incentive Cash Fund, any ethanol facility shall also
21 receive a credit of up to seven and one-half cents per gallon of

22 ethanol, before denaturing, for new production for a period not to
23 exceed thirty-six consecutive months. For purposes of this
24 subsection, new production means production (a) in excess of the
25 average of the highest three months of ethanol production at an
26 ethanol facility during the twenty-four month period immediately
27 preceding the month for which credits are first claimed under this
1 subsection and (b) which results from a new facility, a facility
2 which has not received credits prior to June 1, 1999, or the
3 expansion of an existing facility's capacity first placed into
4 service after June 1, 1999. No credits shall be paid under this
5 subsection until production is in excess of twelve times the
6 average amount determined under subdivision (a) of this subsection
7 during any twelve-consecutive-month period. New production shall
8 be approved by the Department of Revenue based on such ethanol
9 production records as may be necessary to reasonably determine new
10 production. Ethanol production eligible for credits under this
11 subsection shall be measured by a device approved by the Division
12 of Weights and Measures of the Department of Agriculture.
13 Confirmation of approval by the division shall be provided by the
14 ethanol facility at which time the initial claim for credits
15 provided under this subsection is submitted to the Department of
16 Revenue. This credit must be earned on or before December 31,
17 2003, and is available only during such period.

18 (4) Any ethanol facility that did not maximize benefits
19 for which the facility was otherwise eligible under subsections (1)
20 and (2) of this section based on name plate design capacity
21 stipulated in a contract with the Department of Revenue and which
22 has expanded its capacity by at least six million gallons, before
23 denaturing, over its original name plate design capacity shall
24 receive a credit of five cents per gallon for the first ten million
25 gallons produced over the original name plate design capacity.
26 Production shall be approved by the Department of Revenue based on
27 such ethanol production records as may be necessary to reasonably
1 determine new production. Ethanol production eligible for credits
2 under this subsection shall be measured by a device approved by the
3 Division of Weights and Measures of the Department of Agriculture.
4 Confirmation of approval by the division shall be provided by the
5 ethanol facility at which time the initial claim for credits
6 provided under this subsection is submitted to the Department of
7 Revenue. This credit must be earned on or before January 1, 2001,
8 and is available only during such period.

9 (5) The credits described in this section ~~The credit~~
10 shall be given only for ethanol produced at a plant in Nebraska at
11 which all fermentation, distillation, and dehydration takes place.
12 No credit shall be given on ethanol produced for or sold for use in
13 the production of distilled spirits. Not less than two million
14 gallons and not more than twenty-five million gallons of ethanol
15 produced annually at an ethanol facility shall be eligible for the
16 credit credits in subsections (1) and (2) of this section, and the

17 credit credits may only be claimed by a producer for the period
18 periods specified in subsection (1) or (2); (3); or (4) of this
19 section. Not more than ten million gallons of ethanol produced
20 during any twelve-consecutive-month period at an ethanol facility
21 shall be eligible for the credits described in subsections (3) and
22 (4) of this section, and the credits may only be claimed by a
23 producer for the periods specified in subsections (3) and (4) of
24 this section. Not more than one hundred twenty-five million
25 gallons of ethanol produced at an ethanol facility by the end of
26 the sixty-month period set forth in subsection (1) or (2) ~~(3) or~~
27 ~~(4)~~ of this section shall be eligible for the credit under such
1 subsections. An ethanol facility may only participate in the
2 credits described in subsection (3) of this section or the credits
3 described in subsection (4) of this section. During any fiscal
4 year, if the amount of money in the fund is not sufficient to pay
5 all the credits applied for under this section during such year,
6 each applicant shall receive a proportionate share of the amount in
7 the fund equal to the portion derived by dividing the amount in the
8 fund by the number of gallons eligible for the credit for each
9 applicant. ~~subsection; in addition to the ethanol entitled to~~
10 ~~credit under subsection (1) or (2) of this section.~~

11 (6) The Department of Revenue shall prescribe an
12 application form and procedures for claiming the credit and shall
13 ~~adopt and promulgate rules and regulations to carry out credits~~
14 under this section.

15 (7) For purposes of ascertaining the correctness of any
16 application for claiming the credit provided in this section, the
17 Tax Commissioner (a) may examine or cause to have examined, by any
18 agent or representative designated by him or her for that purpose,
19 any books, papers, records, or memoranda bearing upon such matters,
20 (b) may by summons require the attendance of the person responsible
21 for rendering the application or other document or any officer or
22 employee of such person or the attendance of any other person
23 having knowledge in the premises, and (c) may take testimony and
24 require proof material for his or her information, with power to
25 administer oaths or affirmations to such person or persons. The
26 time and place of examination pursuant to this subsection shall be
27 such time and place as may be fixed by the Tax Commissioner and as
1 are reasonable under the circumstances. In the case of a summons,
2 the date fixed for appearance before the Tax Commissioner shall not
3 be less than twenty days from the time of service of the summons.
4 No taxpayer shall be subjected to unreasonable or unnecessary
5 examinations or investigations. All records obtained pursuant to
6 this subsection shall be subject to the confidentiality
7 requirements and exceptions thereto as provided in section
8 77-27,119.

9 Sec. 2. Section 66-1345, Reissue Revised Statutes of
10 Nebraska, is amended to read:

11 66-1345. (1) There is hereby created the Ethanol

12 Production Incentive Cash Fund which shall be used by the board to
13 pay the credits created in section 66-1344 to the extent provided
14 in this section. Any money in the fund available for investment
15 shall be invested by the state investment officer pursuant to the
16 Nebraska Capital Expansion Act and the Nebraska State Funds
17 Investment Act. The State Treasurer shall transfer to the Ethanol
18 Production Incentive Cash Fund such money as shall be (a)
19 appropriated to the Ethanol Production Incentive Cash Fund by the
20 Legislature, (b) given as gifts, bequests, grants, or other
21 contributions to the Ethanol Production Incentive Cash Fund from
22 public or private sources, (c) made available due to failure to
23 fulfill conditional requirements pursuant to investment agreements
24 entered into prior to April 30, 1992, (d) received as return on
25 investment of the Ethanol Authority and Development Cash Fund, (e)
26 credited to the Ethanol Production Incentive Cash Fund from the
27 fertilizer fee pursuant to section 77-4401, (f) credited to the
1 Ethanol Production Incentive Cash Fund from the excise taxes
2 imposed by section 66-1345.01, and (g) credited to the Ethanol
3 Production Incentive Cash Fund pursuant to section 66-1345.04.

4 (2) The Department of Revenue shall, at the end of each
5 calendar quarter, notify the State Treasurer of the amount of motor
6 fuel tax that was not collected in the preceding calendar quarter
7 due to the credits provided in section 66-1344. The State
8 Treasurer shall transfer from the Ethanol Production Incentive Cash
9 Fund to the Highway Trust Fund an amount equal to such credits less
10 the following amounts:

11 (a) For 1993, 1994, and 1995, the amount generated during
12 the calendar quarter by a one-cent tax on motor fuel pursuant to
13 sections 66-489, 66-668, and 66-6,107;

14 (b) For 1996, the amount generated during the calendar
15 quarter by a three-quarters-cent tax on motor fuel pursuant to such
16 sections;

17 (c) For 1997, the amount generated during the calendar
18 quarter by a one-half-cent tax on motor fuel pursuant to such
19 sections; and

20 (d) For 1998, 1999, and 2000, no reduction.

21 The amounts shall be transferred through December 31,
22 2000. For 1993 through 1997, if the amount generated pursuant to
23 subdivisions (a), (b), and (c) of this subsection and the amount
24 transferred pursuant to subsection (1) of this section are not
25 sufficient to fund the credits provided in section 66-1344, then
26 the credits shall be funded through the Ethanol Production
27 Incentive Cash Fund but shall not be funded through either the
1 Highway Cash Fund or the Highway Trust Fund. For 1998, 1999, and
2 2000, the credits provided in such section shall be funded through
3 the Ethanol Production Incentive Cash Fund but shall not be funded
4 through either the Highway Cash Fund or the Highway Trust Fund.

5 (3) The State Treasurer shall transfer from the Ethanol
6 Production Incentive Cash Fund to the Management Services Expense

7 Revolving Fund the amount reported under subsection (4) of section
8 66-1345.02 for each calendar quarter of the fiscal year as provided
9 in such subsection.

10 (4) On ~~February 15, 2001~~ June 30, 2004, the State
11 Treasurer shall transfer any unexpended and unobligated funds from
12 the Ethanol Production Incentive Cash Fund to the Nebraska Corn
13 Development, Utilization, and Marketing Fund and Grain Sorghum
14 Development, Utilization, and Marketing Fund in the same proportion
15 as funds were collected pursuant to section 66-1345.01 from corn
16 and grain sorghum.

17 Sec. 3. Section 66-1345.01, Reissue Revised Statutes of
18 Nebraska, is amended to read:

19 66-1345.01. An excise tax is levied upon all corn and
20 grain sorghum sold through commercial channels in Nebraska or
21 delivered in Nebraska. ~~The tax is three-fourths cent per bushel~~
22 ~~for corn and three-fourths cent per hundredweight for grain~~
23 ~~sorghum. For any sale or delivery of corn or grain sorghum~~
24 ~~occurring on or after July 1, 1995, and before January 1, 2000, the~~
25 ~~tax is three-fourths cent per bushel for corn and three-fourths~~
26 ~~cent per hundredweight for grain sorghum. For any sale or delivery~~
27 ~~of corn or grain sorghum occurring on or after January 1, 2000, and~~
1 ~~before January 1, 2001, the tax is one-half cent per bushel for~~
2 ~~corn and one-half cent per hundredweight for grain sorghum.~~ The
3 tax shall be in addition to any fee imposed pursuant to sections
4 2-3623 and 2-4012. ~~The excise tax shall be imposed on any sale or~~
5 ~~delivery occurring on or after July 1, 1995, and before January 1,~~
6 ~~2001.~~ The Legislature finds and declares that those in production
7 agriculture have contributed sufficiently to support the Ethanol
8 Production Incentive Cash Fund by the imposition of the excise tax.
9 If additional funds are needed in the future to meet the
10 Legislature's obligation to fully fund the Ethanol Production
11 Incentive Cash Fund, those funds should come from sources other
12 than production agriculture.

13 The excise tax shall be imposed at the time of sale or
14 delivery and shall be collected by the first purchaser. The tax
15 shall be collected, administered, and enforced in conjunction with
16 the fees imposed pursuant to sections 2-3623 and 2-4012. The tax
17 shall be collected, administered, and enforced by the Department of
18 Agriculture. No corn or grain sorghum shall be subject to the tax
19 imposed by this section more than once.

20 In the case of a pledge or mortgage of corn or grain
21 sorghum as security for a loan under the federal price support
22 program, the excise tax shall be deducted from the proceeds of such
23 loan at the time the loan is made. If, within the life of the loan
24 plus thirty days after the collection of the excise tax for corn or
25 grain sorghum that is mortgaged as security for a loan under the
26 federal price support program, the grower of the corn or grain
27 sorghum so mortgaged decides to purchase the corn or grain sorghum
1 and use it as feed, the grower shall be entitled to a refund of the

2 excise tax previously paid. The refund shall be payable by the
3 department upon the grower's written application for a refund. The
4 application shall have attached proof of the tax deducted.

5 The excise tax shall be deducted whether the corn or
6 grain sorghum is stored in this or any other state. The excise tax
7 shall not apply to the sale of corn or grain sorghum to the federal
8 government for ultimate use or consumption by the people of the
9 United States when the State of Nebraska is prohibited from
10 imposing such tax by the Constitution of the United States and laws
11 enacted pursuant thereto.

12 Sec. 4. Original sections 66-1344 to 66-1345.01, Reissue
13 Revised Statutes of Nebraska, are repealed."

RESOLUTION

LEGISLATIVE RESOLUTION 69. Introduced by Urban Affairs Committee: Hartnett, 45, Chairperson; Connealy, 16; Preister, 5; Smith, 48; and Bruning, 3.

WHEREAS, until 1993, the federal Natural Gas Policy Act of 1978 established the maximum lawful price that a natural gas producer could charge its pipeline customers for natural gas, providing under section 110 of the act that the producer could adjust the maximum price upward in order to recover from pipeline customers any state severance tax payments made by the producer; and

WHEREAS, in 1988, in the case of Colorado Interstate Gas Co. v. the Federal Energy Regulatory Commission, 850 F.2d 769, the United States Court of Appeals for the District of Columbia Circuit ruled that the ad valorem tax levied by the State of Kansas was not a severance tax within the meaning of section 110 of the Natural Gas Policy Act and ordered natural gas producers to refund that portion of the payments received from the pipelines attributable to the cost of the Kansas ad valorem taxes paid plus interest; and

WHEREAS, upon remand of the matter to the Federal Energy Regulatory Commission, the commission ordered the refunds to be made on that portion of all purchases which had included Kansas ad valorem taxes which were charged after June 28, 1988, the date of the Appeals Court ruling in the Colorado Interstate Gas Co. case; and

WHEREAS, in 1996, in the case of Public Service Company of Colorado v. the Federal Energy Regulatory Commission, 91 F.3d 1478, the United States Court of Appeals for the District of Columbia overruled the commission, holding that the refunds should commence from October 1983, when notice was filed in the Federal Register of the petition before the commission challenging the propriety of including the Kansas ad valorem taxes in the price charged for natural gas produced in Kansas; and

WHEREAS, as of November 1997, the consumers of natural gas in twenty-three states were entitled, pursuant to this ruling and the subsequent order of the Federal Energy Regulatory Commission, to refunds and accrued interest from natural gas producers for the period of October 1983 through June 1988, amounting to more than \$334,840,000, with Nebraska consumers

to receive approximately \$34,360,000 (approximately ten percent of the total); and

WHEREAS, of those sums, over 60 percent of the total is accrued interest as of that date with additional interest being compounded quarterly on unpaid balances and on those sums not placed in escrow accounts pursuant to commission order; and

WHEREAS, the United States Senate and the United States House of Representatives in their individual versions of the Emergency Supplemental Appropriations Act for Fiscal Year 1999 (S. 544 and H.R. 1141) have provisions, added by amendment, which would amend the Natural Gas Policy Act of 1978 to prohibit the commission or any court from ordering the payment of any interest or penalties with respect to ordered refunds of rates or charges made, demanded, or received for reimbursement of State ad valorem taxes in connection with the sale of natural gas before 1989; and

WHEREAS, both acts were adopted by their respective houses of the Congress on March 25 of this year, immediately prior to their Easter adjournment and are pending consideration by a Joint Appropriations Conference Committee; and

WHEREAS, legislation for the same purpose (S. 626 in the Senate and H.R. 1117 in the House of Representatives) is currently pending; and

WHEREAS, the sole result of the final adoption of these amendments or these bills will be to mitigate or reduce the liability of natural gas producers for charges wrongfully imposed on consumers in the period of 1983 to 1988 by denying consumers interest on the amount of those charges and relieving the producers of any liability for future penalties flowing from the failure to make court-ordered payments in the prescribed manner; and

WHEREAS, the lost refunds to Nebraska natural gas consumers will amount to more than 10 percent of the total reduction, representing the fourth largest state loss of the twenty-four states receiving court-ordered refunds; and

WHEREAS, Nebraska has been urged to join with other states in petitioning Congress to reconsider the adoption of these ill-advised and possibly unconstitutional provisions and avoid future litigation at the expense of all parties involved.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature hereby petitions the Congress of the United States to oppose the enactment of S. 626 and H.R. 1117 or any version thereof which would have the effect of waiving interest or penalties of any kind with regard to natural gas producer refunds of state ad valorem taxes charged to consumers on the sale of natural gas before 1989.

2. That the Legislature hereby petitions the Congress of the United States to reconsider its actions with regard to S. 544 and H.R. 1141 in the adoption of the amendments which would have the effect of waiving interest or penalties of any kind with regard to natural gas producer refunds of state ad valorem taxes charged to consumers on the sale of natural gas before 1989 and urges that the ultimate version of the Emergency Supplemental Appropriations Act for Fiscal Year 1999 as reported by the conference committee and adopted by the Congress not include any provision having this

effect.

3. That the Legislature urges the members of the Nebraska House and Senate delegations to vote against and to take such actions as necessary to prevent the passage of any amendments or legislation which would have the effect of waiving interest or penalties of any kind with regard to natural gas producer refunds of state ad valorem taxes charged to consumers on the sale of natural gas before 1989.

4. That the Clerk of the Legislature transmit copies of this resolution to each member of the Nebraska Congressional delegation and that copies be transmitted to the Speaker of the United States House of Representatives and the President of the United States Senate with the request that it be officially entered into the Congressional Record as a memorial to the Congress of the United States.

Laid over.

RESOLUTION

LEGISLATIVE RESOLUTION 70. Introduced by Health and Human Services Committee: Jensen, 20, Chairperson; Byars, 30; Price, 26; Suttle, 10; Thompson, 14; Tyson, 19.

PURPOSE: To study and review the Nebraska Health Care Trust Fund Act. In 1998, the Nebraska Legislature adopted LB 1070, entitled the Nebraska Health Care Trust Fund Act (the act), sections 71-7605 to 71-7614. The act creates the Excellence in Health Care Trust Fund (the excellence fund) and the Excellence in Health Care Council (the excellence council), sections 71-7611, 71-7614. The act also provides for the awarding of grants and loan guarantees from the excellence fund for certain named health-related purposes, section 71-7614.

The excellence fund contains interest income transferred from the Tobacco Settlement Trust Fund (the tobacco fund) and the Health Care Trust Fund (the health care fund), section 71-7611. The tobacco fund contains revenue received by the state in connection with tobacco-related litigation to which the state is a party, section 71-7608. The health care fund contains medicaid funds received by the state through "intergovernmental transfers," section 71-7607.

On November 23, 1998, forty-five states and the State of Nebraska entered into a settlement agreement with certain United States tobacco product manufacturers known as the Master Settlement Agreement. Under terms of the Master Settlement Agreement (MSA), Nebraska's lawsuit against the tobacco industry was dismissed by the Lancaster County District Court on December 20, 1998, and State Specific Finality was achieved in the State of Nebraska on January 20, 1999. Nebraska was awarded approximately \$1.165 billion under the MSA, to be received in allocated payments over the next twenty-five years.

The anticipated transfer of significant amounts of money to the excellence fund for the awarding of grants and loan guarantees under the act has contributed to increased interest among members of the Legislature to provide for appropriate legislative oversight of revenue received and allocated under the act, and to further examine the need, if any, for potential changes to the act.

The Health and Human Services Committee of the Legislature shall conduct an interim study and review of the act and recommend any changes to the act that the committee deems necessary and appropriate. This study shall include, but not be limited to, an examination of:

(1) The appropriate role of the Legislature in exercising its oversight responsibilities with respect to the work of the excellence council;

(2) Appropriate limits, if any, on the term of grants and loan guarantees awarded from the excellence fund under the act;

(3) Changes, if any, to the size and representative makeup of the excellence council; and

(4) The feasibility of allowing the excellence council to partner with public or private organizations to leverage additional funding for purposes specified in the act.

The Health and Human Services Committee shall consider input from the Governor, the Nebraska Health and Human Services System, the Excellence in Health Care Council, members of the Legislature, and interested citizens with respect to the study and may conduct a public hearing in connection with such study. If indicated and appropriate, enabling legislation may be drafted to incorporate comments, suggestions, and recommendations received.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

STANDING COMMITTEE REPORTS**Banking, Commerce and Insurance**

LEGISLATIVE BILL 355. Placed on General File as amended.
Standing Committee amendment to LB 355:

AM1291

- 1 1. Strike the original sections and insert the following
- 2 new sections:

3 "Section 1. The Legislature finds that mental health
4 conditions affect a significant number of Nebraskans. Mental
5 health conditions, like severe physical injuries or illness, can be
6 life-altering and debilitating in nature. If properly treated and
7 managed by mental health professionals, persons with mental health
8 conditions can and do lead full and productive lives. However,
9 without such treatment or management, many mental health conditions
10 will progressively deteriorate and negatively impact upon a
11 person's livelihood, social relationships, and physical health.

12 The Legislature also finds that many persons with mental
13 health conditions either do not seek treatment or do not complete
14 or maintain such treatment programs. Treatment options are not
15 underutilized due to the scarcity of professional resources or the
16 lack of desire on the part of persons with mental health
17 conditions, but rather treatment has become unaffordable as the
18 result of the rising health care costs combined with a lack of
19 insurance coverage for mental health conditions. The associated
20 societal and monetary costs of providing no treatment or untimely
21 treatment to persons with mental health conditions are great. It
22 is the intent of sections 1 to 5 of this act that persons with
23 group health insurance plans providing coverage for mental health
24 conditions be provided with a minimum level of coverage.

- 1 Sec. 2. For purposes of sections 1 to 5 of this act:

2 (1) Health insurance plan means (a) any group sickness
3 and accident insurance policy, group health maintenance
4 organization contract, or group subscriber contract delivered,
5 issued for delivery, or renewed in this state and (b) any
6 self-funded employee benefit plan to the extent not preempted by
7 federal law. Health insurance plan includes any group policy,
8 group contract, or group plan offered or administered by the state
9 or its political subdivisions. Health insurance plan does not
10 include group policies providing coverage for a specified disease,
11 accident-only coverage, hospital indemnity coverage, disability
12 income coverage, medicare supplement coverage, long-term care
13 coverage, or other limited benefit coverage. Health insurance plan
14 does not include any policy, contract, or plan covering an employer
15 group that covers fewer than fifteen employees;

16 (2) Mental health condition means any condition or
17 disorder involving mental illness that falls under any of the
18 diagnostic categories listed in the Mental Disorders Section of the
19 International Classification of Disease;

20 (3) Mental health professional means (a) a practicing
21 physician licensed to practice medicine in this state under the
22 provisions of section 71-102, (b) a practicing psychologist
23 licensed to engage in the practice of psychology in this state as
24 provided in section 71-1,206.14, or (c) a practicing mental health

25 professional licensed or certified in this state as provided in
26 section 71-1,333;

27 (4) Rate, term, or condition means lifetime limits,
1 annual payment limits, and inpatient or outpatient service limits.
2 Rate, term, or condition does not include any deductibles,
3 copayments, or coinsurance; and

4 (5)(a) Serious mental illness means, prior to January 1,
5 2002, (i) schizophrenia, (ii) schizoaffective disorder, (iii)
6 delusional disorder, (iv) bipolar affective disorder, (v) major
7 depression, and (vi) obsessive compulsive disorder; and

8 (b) Serious mental illness means, on and after January 1,
9 2002, any mental health condition that current medical science
10 affirms is caused by a biological disorder of the brain and that
11 substantially limits the life activities of the person with the
12 serious mental illness. Serious mental illness includes, but is
13 not limited to (i) schizophrenia, (ii) schizoaffective disorder,
14 (iii) delusional disorder, (iv) bipolar affective disorder, (v)
15 major depression, and (vi) obsessive compulsive disorder.

16 Sec. 3. (1) On or after January 1, 2000, notwithstanding
17 section 44-3,131, any health insurance plan delivered, issued, or
18 renewed in this state (a) if coverage is provided for treatment of
19 mental health conditions other than alcohol or substance abuse, (i)
20 shall not establish any rate, term, or condition that places a
21 greater financial burden on an insured for access to treatment for
22 a serious mental illness than for access to treatment for a
23 physical health condition and (ii) if an out-of-pocket limit is
24 established for physical health conditions, shall apply such
25 out-of-pocket limit as a single comprehensive out-of-pocket limit
26 for both physical health conditions and mental health conditions,
27 or (b) if no coverage is to be provided for treatment of mental
1 health conditions, shall provide clear and prominent notice of such
2 noncoverage in the plan.

3 (2) If a health insurance plan provides coverage for
4 serious mental illness, the health insurance plan shall cover
5 health care rendered for treatment of serious mental illness (a) by
6 a mental health professional, (b) by a person authorized by the
7 rules and regulations of the Department of Health and Human
8 Services Regulation and Licensure to provide treatment for mental
9 illness, (c) in a mental health center as defined in section
10 71-2017.01, or (d) in any other licensed institution or facility
11 authorized in section 71-2017.01 that provides a program for the
12 treatment of a mental health condition pursuant to a written plan.
13 The issuer of a health insurance plan may require a health care
14 provider under this subdivision to enter into a contract as a
15 condition of providing benefits.

16 (3) The Director of Insurance may disapprove any plan
17 that the director determines to be inconsistent with the purposes
18 of this section.

19 Sec. 4. (1) Sections 1 to 5 of this act shall not be

20 construed to:

21 (a) Require a health insurance plan to provide coverage
22 for mental health conditions or serious mental illnesses;

23 (b) Require a health insurance plan to provide the same
24 rates, terms, or conditions between treatments for serious mental
25 illnesses and preventative care;

26 (c) Prohibit a health insurance plan from providing
27 separate reimbursement rates and service delivery systems,
1 including, but not limited to, mental health carve-out programs
2 even if the plan does not provide similar options for the treatment
3 of physical health conditions. A health insurance plan provided in
4 compliance with section 3 of this act shall not be construed to
5 violate the Managed Care Plan Network Adequacy Act; or

6 (d) Prohibit a health insurance plan from managing the
7 provision of benefits that common methods, including, but not
8 limited to, preadmission screening, prior authorization of
9 services, or other mechanisms designed to limit coverage to
10 services for mental health conditions that are deemed to be
11 medically necessary and clinically appropriate.

12 (2) A health insurance plan does not violate section 3 of
13 this act if the plan applies different rates, terms, and conditions
14 or excludes entirely from coverage the following:

15 (a) Marital, family, educational, developmental, or
16 training services;

17 (b) Care that is substantially custodial in nature;

18 (c) Services and supplies that are not medically
19 necessary or clinically appropriate; or

20 (d) Experimental treatments.

21 (3) A health insurance plan may use a case management
22 program or managed care organization to evaluate, determine, and
23 provide or arrange for medically necessary and clinically
24 appropriate care and treatment of each person with a mental health
25 condition or serious mental illness who is covered by the plan.

26 (4) A health insurance plan shall not be required to
27 offer coverage for nonemergency services rendered outside its
1 network of contracted providers.

- 3 "Section 1. Section 66-1344, Reissue Revised Statutes of
- 4 Nebraska, is amended to read:
- 5 66-1344. (1) Each producer of ethanol shall receive a
- 6 credit pursuant to this section of twenty cents per gallon of
- 7 ethanol produced in Nebraska, which credit shall be in the form of
- 8 a nonrefundable transferable motor vehicle fuel tax credit
- 9 certificate. After July 1, 1994, no such credit shall be given for
- 10 ethanol produced at an ethanol facility which was in production on
- 11 or before January 1, 1992, unless on or before July 1, 1994, the
- 12 name plate design capacity for the production of ethanol, before
- 13 denaturing, at the facility has been expanded to equal at least two
- 14 times the name plate design capacity for production of ethanol,
- 15 before denaturing, existing at the facility as of January 1, 1992.
- 16 (2) Any ethanol facility which is in production at the
- 17 rate of at least twenty-five percent of its name plate design
- 18 capacity for the production of ethanol, before denaturing, on or
- 19 before December 31, 1992, shall receive a credit of twenty cents
- 20 per gallon of ethanol produced beginning with the first month for
- 21 which it is eligible to receive such credit and ending not later
- 22 than December 31, 1997.
- 23 (3) Any ethanol facility which is not in production on or
- 24 before December 31, 1992, but which is in production at the rate of
- 1 at least twenty-five percent of its name plate design capacity for
- 2 the production of ethanol, before denaturing, on or before December
- 3 31, 1995, shall receive a credit of twenty cents per gallon of
- 4 ethanol produced for sixty months beginning with the first month
- 5 for which it is eligible to receive such credit and ending not
- 6 later than December 31, 2000, if the ethanol facility maintains an
- 7 average production rate of at least twenty-five percent of its name
- 8 plate design capacity for at least six months after the first month
- 9 for which it is eligible to receive such credit.
- 10 (2) (4) Any ethanol facility eligible for a credit under
- 11 subsection (1); (2); or (3) of this section shall also receive a
- 12 credit of twenty cents per gallon of ethanol produced in excess of

13 the original name plate design capacity which results from
14 expansion of the facility completed on or before December 31, 1995.
15 Such credit shall be for sixty months beginning with the first
16 month for which production from the expanded facility is eligible
17 to receive such credit and ending not later than December 31, 2000.

18 (3) During such period as funds remain in the Ethanol
19 Production Incentive Cash Fund, any ethanol facility shall also

1 expansion of an existing facility's capacity, new production means
2 production in excess of the average of the highest three months of
3 ethanol production at an ethanol facility during the
4 twenty-four-month period immediately preceding certification of the
5 facility by the design engineer. No credits shall be paid under
6 this subsection for expansion of an existing facility's capacity
7 until production is in excess of twelve times the three-month
8 average amount determined under this subsection during any
9 twelve-consecutive-month period. New production shall be approved
10 by the Department of Revenue based on such ethanol production
11 records as may be necessary to reasonably determine new production.
12 Ethanol production eligible for credits under this subsection shall
13 be measured by a device approved by the Division of Weights and
14 Measures of the Department of Agriculture. Confirmation of
15 approval by the division shall be provided by the ethanol facility
16 at which time the initial claim for credits provided under this
17 subsection is submitted to the Department of Revenue. This credit
18 must be earned on or before December 31, 2003, and is available
19 only during such period.

20 (4) Any ethanol facility that did not maximize benefits
21 for which the facility was otherwise eligible under subsections (1)
22 and (2) of this section based on name plate design capacity
23 stipulated in a contract with the Department of Revenue and which
24 has expanded its capacity by at least six million gallons over its
25 original name plate design capacity shall receive a credit of five
26 cents per gallon if the ethanol facility maintains an average
27 production rate of at least twenty-five percent of its name plate
1 design capacity. Production shall be approved by the Department of
2 Revenue based on such ethanol production records as may be
3 necessary to reasonably determine the eligible credits. Ethanol
4 production eligible for credits under this subsection shall be
5 measured by a device approved by the Division of Weights and
6 Measures of the Department of Agriculture. Confirmation of
7 approval by the division shall be provided by the ethanol facility

8 at which time the initial claim for credits provided under this

21 ~~periods specified in subsection (1) or (2); (3); or (4) of this~~
22 ~~section. Not more than ten million gallons of ethanol produced~~

8 all the credits applied for under this section during such year,

10 the fund equal to the portion derived by dividing the amount in the

15 Legislature's obligation to fully fund the Ethanol Production
16 Incentive Cash Fund, those funds should come from sources other
17 than production agriculture.

18 The excise tax shall be imposed at the time of sale or
19 delivery and shall be collected by the first purchaser. The tax

20 shall be collected, administered, and enforced in conjunction with

27 program, the excise tax shall be deducted from the proceeds of such
1 loan at the time the loan is made. If, within the life of the loan
2 plus thirty days after the collection of the excise tax for corn or
3 grain sorghum that is mortgaged as security for a loan under the
4 federal price support program, the grower of the corn or grain
5 sorghum so mortgaged decides to purchase the corn or grain sorghum
6 and use it as feed, the grower shall be entitled to a refund of the

8 department upon the grower's written application for a refund. The
9 application shall have attached proof of the tax deducted.

10 The excise tax shall be deducted whether the corn or

12 shall not apply to the sale of corn or grain sorghum to the federal

E & R amendment to LB 829:

AM7127

- 1 1. Strike the original sections and all amendments
- 2 thereto and insert the following new sections:
- 3 "Section 1. This act shall be known and may be cited as
- 4 the Nebraska Transit and Rail Advisory Council Act.
- 5 Sec. 2. (1) The Legislature finds that:
- 6 (a) Access to timely and efficient modes of passenger
- 7 transportation is necessary for Nebraska's travelers, visitors, and
- 8 day-to-day commuters; to the quality of life in the state; and to
- 9 the economy of the state;
- 10 (b) Technological advances in passenger transportation
- 11 can significantly and positively affect the ability of the state to

12 attract and provide efficient services for domestic and

14 the revenue of the state;

15 (c) The development and utilization of a properly
16 designed, constructed, and financed passenger rail, high-speed
17 rail, or other passenger surface transportation system can act as a
18 catalyst for economic growth and development; alleviate
19 traffic-congested commutes for day-to-day commuters; create new
20 employment opportunities; create a safer transportation
21 alternative; serve as a positive growth management system for
22 building a better and more environmentally secure state; and
23 promote the health, safety, and welfare of the citizens of the
24 state;

1 (d) Joint development between the public and private
2 sectors may be necessary in the planning, financing, management,

4 future development of an efficient and economically viable
5 passenger rail, high-speed rail, or other passenger surface
6 transportation system in this state; and

7 (e) Transportation benefits include improved travel times
8 and more reliable travel, hence increased productivity.

9 (2) The Legislature hereby declares that creation,

20 transferring passengers or accommodating the movement of passengers
21 from one mode of transportation to another.

22 Sec. 4. (1) The Nebraska Transit and Rail Advisory

16 detriment to him or her, any member of his or her family, or any
17 business with which he or she is associated and the benefit or
18 detriment is distinguishable from the effects of the actions on the
19 public generally or a broad segment of the public.

20 (4) The department shall assist with administrative and

22 (5) Members of the council who are not employed by the

17 shall demonstrate to the satisfaction of the council that the
18 release would not violate this section.

19 Sec. 7. The department shall:

20 (1) Conduct research, prepare, and review plans and
21 specifications for any project to be proposed to the council;

18 Money made available by any department or agency of the United

27 surface transportation system.

1 Sec. 13. The department and the council shall take all
2 reasonable steps necessary to secure private or federal funding of

3 1998, is amended to read:

4 75-109. (1) Except as provided in sections 19-4603,
5 86-803, and 86-808, the commission shall regulate and exercise
6 general control as provided by law over all common and contract
7 carriers; which term is hereby defined as all carriers, including
8 contract carriers, engaged in the transportation of freight or
9 passengers for hire or furnishing ~~communication~~ telecommunications
10 services for hire in Nebraska intrastate commerce.

11 (2) The commission is authorized to do all things
12 reasonably necessary and appropriate to implement the federal
13 Telecommunications Act of 1996, Public Law 104-104, including
14 section 252 of the act which establishes specific procedures for
15 negotiation and arbitration of interconnection agreements between
16 telecommunications companies. Interconnection agreements approved
17 by the commission pursuant to section 252 of the act may contain
18 such enforcement mechanisms and procedures that the commission
19 determines to be consistent with the establishment of fair
20 competition in Nebraska telecommunications markets. The authority
21 granted to the commission pursuant to this subsection shall be
22 broadly construed in a manner consistent with the federal
23 Telecommunications Act of 1996.

24 Sec. 13. Section 75-604, Revised Statutes Supplement,
1 1998, is amended to read:

2 75-604. (1) Except as provided in section 86-805, no
3 person, firm, partnership, limited liability company, corporation,
4 cooperative, or association shall offer any telecommunications
5 service or shall construct new telecommunications facilities in or
6 extend existing telecommunications facilities into the territory of

11 of convenience and necessity as a telecommunications common carrier
12 or a permit as a telecommunications contract carrier, after due
13 notice and hearing under the rules and regulations of the
14 commission. The required certificate for telecommunications common
15 carriers and required permit for telecommunications contract
16 carriers are necessary to preserve the integrity of an ubiquitous
17 network, to preserve and advance universal service, and to ensure
18 the delivery of essential and emergency telecommunications
19 services.

20 (2) If a telecommunications company holds a certificate
21 of convenience and necessity as a telecommunications common
22 carrier, it shall not be required to obtain a permit as a

2 intra-LATA interexchange services shall be governed by the
3 statutes, rules, and regulations for certification for and
4 provision of inter-LATA interexchange services.

5 (4) The commission may establish such just and reasonable
6 classifications of groups of telecommunications common carriers and
7 telecommunications contract carriers taking into consideration the
8 special nature of the services performed by such carriers. The

7 sentences upon convictions for felonies and misdemeanors, shall be
8 by filing in the office of the clerk of the district court in which
9 such judgment, decree, or final order was rendered, within thirty
10 days after the rendition of such judgment or decree or the making
11 of such final order, a notice of intention to prosecute such appeal
12 signed by the appellant or appellants or his, her, or their
13 attorney of record and, except as otherwise provided in sections

6 its decision upon the terminating motion shall have no effect,
7 whether filed before or after the timely filing of the terminating
8 motion. A new notice of appeal shall be filed within the

STANDING COMMITTEE REPORTS

LEGISLATIVE BILL 382. Placed on General File as amended.
Standing Committee amendment to LB 382:
AM1377

1 1. Strike the original sections and insert the following
2 new sections:

3 "Section 1. Sections 1 to 12 of this act shall be known
4 and may be cited as the Convention Center Facility Financing
5 Assistance Act.

6 Sec. 2. The Legislature finds that it is essential to
7 the educational progress and economic well-being of the people of
8 this state that there be in this state convention and meeting
9 center facilities of appropriate size and quality to host regional,
10 national, or international events for instruction and education of
11 the participants.

12 The Legislature finds that convention and meeting center
13 facilities can generate new economic activity which will in turn
14 generate additional state and local tax collections from persons
15 residing outside the state. This new economic activity can reduce
16 tax burdens of state residents, while creating new economic
17 opportunities for residents.

18 For the state to receive the long-term beneficial
19 educational, economic, and fiscal impact of such facilities there
20 is a need to provide state financial assistance for convention and
21 meeting center facilities to political subdivisions endeavoring to
22 construct the facilities.

23 It is therefor in the interest of both the state and its
24 political subdivisions for the state to assist political
1 subdivisions in the financing of the construction of convention and
2 meeting center facilities which may be used to hold regional,
3 national, or international events. The amount of state financial
4 assistance provided to the project shall be a designated share of
5 the new state tax revenue attributed to such events and facilities.

6 Sec. 3. For purposes of the Convention Center Facility
7 Financing Assistance Act:

8 (1) Attributable revenue means state tax revenue
9 generated due to the construction of the eligible facility,
10 employment at the eligible facility, and spending by participants,
11 increased by the applicable investment multiplier;

12 (2) Board means a board consisting of the Governor, the
13 State Treasurer, the chairperson of the Nebraska Investment
14 Council, the chairperson of the Nebraska State Board of Public
15 Accountancy, and a professor of economics on the faculty of a state
16 postsecondary educational institution appointed to a two-year term
17 by the Coordinating Commission for Postsecondary Education;

18 (3) Bond means a general obligation bond, redevelopment
19 bond, lease-purchase bond, revenue bond, or combination of any such

20 bonds;

21 (4) Convention and meeting center facility means any real
22 or personal property necessary for a convention and meeting center,
23 including an auditorium, an exhibition hall, a facility for onsite
24 food preparation and serving, an onsite, directly connected parking
25 facility for the use of the convention and meeting center facility,
26 and an administrative office of a convention and meeting center
27 facility;

1 (5) Eligible facility means any publicly owned convention
2 and meeting center facility acquired or completed, or substantially
3 reconstructed or expanded, after January 1, 1999;

4 (6) General obligation bond means any bond or refunding
5 bond issued by a political subdivision and which is payable from
6 the proceeds of an ad valorem tax;

7 (7) Investment multiplier means the number of times
8 spending by participants in a new regional, national, or
9 international event induces additional spending on goods and
10 services;

11 (8) New regional, national, or international event means
12 a convention, meeting, trade show, or other educational function at
13 which fifty percent of the participants are registered from a
14 location outside Nebraska and which was not held in Nebraska during
15 the three years prior to the completion of construction of the
16 convention and meeting center facilities;

17 (9) Participant means a person registered to attend and
18 shown to have attended a new regional, national, or international
19 event at a convention and meeting center facility financed under
20 the act;

21 (10) Political subdivision means any local governmental
22 body formed and organized under state law and any joint entity or
23 joint public agency created under state law to act on behalf of
24 political subdivisions;

25 (11) Revenue bond means any bond or refunding bond issued
26 by a political subdivision which is limited or special rather than
27 a general obligation bond of the political subdivision and which is
1 not payable from the proceeds of an ad valorem tax; and

2 (12) State tax revenue means the Nebraska income tax
3 imposed pursuant to the Nebraska Revenue Act of 1967, the Nebraska
4 sales and use tax imposed pursuant to the Nebraska Revenue Act of
5 1967, and the state tax imposed by section 81-1253.

6 Sec. 4. Any political subdivision that has acquired,
7 constructed, or operated or has approved a general obligation bond
8 issue to acquire, construct, and operate eligible facilities may
9 apply to the board for state assistance. The state assistance may
10 be used to pay back amounts expended or borrowed through one or
11 more issues of bonds to be expended by the political subdivision to
12 acquire, construct, improve, and equip eligible facilities until
13 repayment in full of the amounts expended or borrowed by the
14 political subdivision, including the principal of and interest on

15 bonds, for eligible facilities. The political subdivision may
16 continue to apply to the board for continuing state assistance in
17 reimbursing the costs of financing the acquisition, construction,
18 improvement, and equipping of the eligible facility.

19 Sec. 5. (1) All applications for state assistance under
20 the Convention Center Facility Financing Assistance Act shall be in
21 writing and shall include a certified copy of the approving action
22 of the governing body of the applicant describing the proposed
23 eligible facility and the anticipated finances.

24 (2) The application shall contain:

25 (a) A description of the proposed financing of the
26 eligible facility, including the estimated principal and interest
27 requirements for the bonds proposed to be issued in connection with
1 the eligible facility or the amounts necessary to repay the
2 original investment by the applicant in the eligible facility;

3 (b) The estimated number of participants and the
4 estimated amount of the spending impact of these participants on
5 attributable revenue;

6 (c) A specific listing of the investment multipliers
7 suggested for use in evaluating the application;

8 (d) Estimates of attributable revenue based on the
9 investment multipliers;

10 (e) Documentation of local financial commitment to
11 support the project, including all public and private resources
12 pledged or committed to the project; and

13 (f) Any other project information deemed appropriate by
14 the board.

15 (3) Upon receiving an application for state assistance,
16 the board shall review the application and notify the applicant of
17 any additional information needed for a proper evaluation of the
18 application.

19 Sec. 6. (1) After reviewing an application submitted
20 under section 5 of this act and upon reasonable notice to the
21 applicant, the board shall hold a public hearing on the
22 application.

23 (2) The board shall give notice of the time, place, and
24 purpose of the public hearing by publication three times in a
25 newspaper of statewide circulation. Such publication shall be not
26 less than ten days prior to the hearing. The notice shall describe
27 generally the facilities for which state assistance has been
1 requested. The applicant shall pay the cost of the notice.

2 (3) At the public hearing, representatives of the
3 applicant and any other interested persons may appear and present
4 evidence and argument in support of or in opposition to the
5 application or neutral testimony. The board may seek expert
6 testimony and may require testimony of persons whom the board
7 desires to comment on the application. The board may provide for
8 the acceptance of additional evidence after conclusion of the
9 public hearing.

10 Sec. 7. (1) After consideration of the application and
11 the evidence, the board shall issue a finding of whether the
12 convention and meeting center facility described in the application
13 is eligible for state assistance.

14 (2) If the board finds that the facility described in the
15 application is an eligible facility and that state assistance is in
16 the best interest of the state, the application shall be approved.

17 (3) In determining whether state assistance is in the
18 best interest of the state, the board shall consider the amount of
19 attributable revenue estimated to be derived by the state from the
20 eligible facility and the fiscal and economic capacity of the
21 applicant to finance the local share of the eligible facility.
22 Actions of the board shall be by majority vote.

23 Sec. 8. The board shall, on the basis of the application
24 and evidence presented to it, make an estimate as to the amount of
25 attributable revenue to be derived by the state from the proposed
26 eligible facility. The finding shall be made on the basis of
27 testimony submitted to the board as to the impact of participant
1 spending. Investment multipliers used by the board shall not
2 exceed two. The board may use a lower economic multiplier than
3 described in this section upon a review of expert testimony
4 submitted in a public hearing and subject to a specific finding of
5 the board.

6 Sec. 9. If an application is approved, the board shall:

7 (1) Audit or review audits of the approved convention and
8 meeting center facility to determine the number of participants at
9 the facility that are registered from an out-of-state address and
10 to assure the number of conventions which were not held in the
11 state during the three years prior to the construction of the
12 facility;

13 (2) Determine the amount of attributable revenue with
14 regard to construction of the eligible facility, employment at the
15 eligible facility, and out-of-state participants attending
16 conventions that were not held in the state in the three years
17 prior to the construction of the eligible facility; and

18 (3) Certify the amount of attributable revenue to the
19 State Treasurer.

20 Sec. 10. (1) Upon certification under section 9 of this
21 act, the State Treasurer shall transfer the amount certified to the
22 Convention Center Support Fund. The Convention Center Support Fund
23 is created. Any money in the fund available for investment shall
24 be invested by the state investment officer pursuant to the
25 Nebraska Capital Expansion Act and the Nebraska State Funds
26 Investment Act.

27 (2) It is the intent of the Legislature to appropriate
1 from the fund to any political subdivision for which an application
2 for state assistance under the Convention Center Facility Financing
3 Assistance Act has been approved, an amount not to exceed seventy
4 percent of the attributable revenue, seventy-five million dollars

5 for any one approved project, or the cost of acquiring,
6 constructing, improving, or equipping the eligible facility. The
7 money shall not be used for an operating subsidy or other ancillary
8 facility.

9 (3) State assistance to the political subdivision shall
10 no longer be available upon the retirement of the bonds issued to
11 acquire, construct, improve, or equip the facility or any
12 subsequent bonds that refunded the original issue or the cost of
13 acquiring, constructing, improving, or equipping the eligible
14 facility exceeds seventy-five million dollars, whichever comes
15 first.

16 (4) It is the intent of the Legislature that the
17 remaining thirty percent of attributable revenue be appropriated by
18 the Legislature to the Local Civic, Cultural, and Convention Center
19 Financing Fund.

20 Sec. 11. (1) The applicant political subdivision may
21 issue from time to time its bonds and refunding bonds to finance
22 and refinance the acquisition, construction, improving, and
23 equipping of eligible facilities. The bonds may be sold by the
24 applicant in such manner and for such price as the applicant
25 determines, at a discount, at par, or at a premium, at private
26 negotiated sale or at public sale, after notice published prior to
27 the sale in a legal newspaper having general circulation in the
1 political subdivision or in such other medium of publication as the
2 applicant deems appropriate. The bonds shall have a stated
3 maturity of thirty years or less and shall bear interest at such
4 rate or rates and otherwise be issued in accordance with the
5 respective procedures and with such other terms and provisions as
6 are established, permitted, or authorized by applicable state laws
7 and home rule charters for the type of bonds to be issued. Such
8 bonds may be secured as to payment in whole or in part by a pledge,
9 as shall be determined by the applicant from the income, proceeds,
10 and revenue of the eligible facilities financed with proceeds of
11 such bonds, from the income, proceeds, and revenue of any of its
12 eligible facilities, or from its revenue and income, including its
13 sales, use, or occupation tax revenue, fees, or receipts as may be
14 determined by the applicant. The applicant may further secure the
15 bonds by a mortgage or deed of trust encumbering all or any portion
16 of the eligible facilities and by a bond insurance policy or other
17 credit support facility. No general obligation bonds, except
18 refunding bonds, shall be issued until authorized by a majority of
19 the applicant's electors voting on the question as to their
20 issuance. The face of the bonds shall plainly state that the bonds
21 and the interest thereon shall not constitute nor give rise to an
22 indebtedness, obligation, or pecuniary liability of the state nor a
23 charge against the general credit, revenue, or taxing power of the
24 state. Bonds of the applicant are declared to be issued for an
25 essential public and governmental purpose and, together with
26 interest thereon and income therefrom, shall be exempt from all

27 state income taxes.

1 (2) All payments to political subdivisions under the act
2 are made subject to specific appropriation for such purpose.
3 Nothing in the act precludes the Legislature from amending or
4 repealing the act at any time.

5 Sec. 12. The Convention Center Facility Financing
6 Assistance Act shall terminate on June 1, 2002, if no applications
7 for assistance have been approved prior to such date.

8 Sec. 13. Sections 13 to 22 of this act shall be known
9 and may be cited as the Local Civic, Cultural, and Convention
10 Center Financing Act.

11 Sec. 14. The purpose of the Local Civic, Cultural, and
12 Convention Center Financing Act is to support the development of
13 civic, cultural, and convention centers throughout Nebraska.
14 Furthermore, the act is intended to support projects that attract
15 new civic, cultural, and convention activity to Nebraska from
16 outside of Nebraska.

17 Sec. 15. For purposes of the Local Civic, Cultural, and
18 Convention Center Financing Act:

19 (1) Center means a civic, cultural, or convention center;

20 (2) Department means the Department of Economic
21 Development; and

22 (3) Fund means the Local Civic, Cultural, and Convention
23 Center Financing Fund.

24 Sec. 16. The Local Civic, Cultural, and Convention
25 Center Financing Fund is created. The fund shall be administered
26 by the department. Any money in the fund available for investment
27 shall be invested by the state investment officer pursuant to the
1 Nebraska Capital Expansion Act and the Nebraska State Funds
2 Investment Act. The fund may be used for assistance for the
3 construction of new centers or the renovation or expansion of
4 existing centers. The fund may not be used for planning,
5 programming, marketing, advertising, and related activities.

6 Sec. 17. The department may conditionally approve grants
7 of assistance from the fund to eligible and competitive applicants
8 within the following limits:

9 (1) The minimum amount allowed to be applied for by a
10 single project is twenty thousand dollars, and no project shall be
11 granted more than two hundred fifty thousand dollars from the fund;
12 and

13 (2) Assistance from the fund shall not amount to more
14 than fifty percent of the cost of construction, renovation, or
15 expansion.

16 Sec. 18. Any municipality or county may apply for a
17 grant of assistance from the fund. Application shall be made on
18 forms developed by the department. The applicant may receive
19 assistance only once for construction, renovation, or expansion of
20 any one center.

21 Sec. 19. The department shall evaluate all applications

22 for grants of assistance based on the following criteria:

23 (1) Attraction impact. Funding decisions by the
24 department shall be based in part on the likelihood of the project
25 attracting new cultural, civic, or convention activity to Nebraska
26 from outside of Nebraska. A project with greater out-of-state draw
27 shall be preferred over a project with less impact;

1 (2) Socioeconomic impact. The project's potential for
2 long-term positive impacts on the local and regional economy and
3 society;

4 (3) Financial support. Assistance from the fund shall be
5 matched at least equally from local sources. At least eighty
6 percent of the local match must be in cash. Projects with a higher
7 level of local matching funds shall be preferred as compared to
8 those with a lower level of matching funds; and

9 (4) Readiness. The applicant's ability to proceed and
10 implement its plan and operate the convention center.

11 Sec. 20. If a grant of assistance is approved by the
12 department, the applicant shall receive conditional approval of the
13 level of assistance. Projects shall receive funding from the fund
14 in the order conditional approval is received and whenever there is
15 sufficient money in the fund to provide the assistance in full. It
16 is the intent of the Legislature to appropriate funds to support
17 projects which have received conditional approval from the
18 department. A grant of assistance shall be finally approved when
19 funds for the project are appropriated by the Legislature.

20 Sec. 21. The department shall submit to the Governor,
21 the Clerk of the Legislature, and the Legislative Fiscal Analyst an
22 annual report on or before December 1 each year documenting the
23 grants conditionally approved for funding by the Legislature in the
24 following fiscal year.

25 Sec. 22. The department shall adopt and promulgate rules
26 and regulations to carry out the Local Civic, Cultural, and
27 Convention Center Financing Act."

AM1380

1 1. Strike the original sections and all amendments
2 thereto and insert the following new sections:
3 "Section 1. Section 66-1344, Reissue Revised Statutes of
4 Nebraska, is amended to read:

5 66-1344. (1) ~~Each producer of ethanol shall receive a~~
6 ~~credit pursuant to this section of twenty cents per gallon of~~
7 ~~ethanol produced in Nebraska, which credit shall be in the form of~~
8 ~~a nonrefundable transferable motor vehicle fuel tax credit~~
9 ~~certificate. After July 1, 1994, no such credit shall be given for~~
10 ~~ethanol produced at an ethanol facility which was in production on~~
11 ~~or before January 1, 1992; unless on or before July 1, 1994, the~~
12 ~~name plate design capacity for the production of ethanol, before~~
13 ~~denaturing, at the facility has been expanded to equal at least two~~
14 ~~times the name plate design capacity for production of ethanol,~~
15 ~~before denaturing, existing at the facility as of January 1, 1992.~~

16 (2) Any ethanol facility which is in production at the
17 rate of at least twenty-five percent of its name plate design
18 capacity for the production of ethanol, before denaturing, on or
19 before December 31, 1992, shall receive a credit of twenty cents
20 per gallon of ethanol produced beginning with the first month for
21 which it is eligible to receive such credit and ending not later
22 than December 31, 1997.

23 (3) Any ethanol facility which is not in production on or
24 before December 31, 1992, but which is in production at the rate of
1 at least twenty-five percent of its name plate design capacity for
2 the production of ethanol, before denaturing, on or before December
3 31, 1995, shall receive a credit of twenty cents per gallon of
4 ethanol produced for sixty months beginning with the first month
5 for which it is eligible to receive such credit and ending not
6 later than December 31, 2000, if the ethanol facility maintains an
7 average production rate of at least twenty-five percent of its name
8 plate design capacity for at least six months after the first month
9 for which it is eligible to receive such credit.

10 (2) (4) Any ethanol facility eligible for a credit under
11 subsection (1); (2); or (3) of this section shall also receive a
12 credit of twenty cents per gallon of ethanol produced in excess of
13 the original name plate design capacity which results from
14 expansion of the facility completed on or before December 31, 1995.
15 Such credit shall be for sixty months beginning with the first
16 month for which production from the expanded facility is eligible
17 to receive such credit and ending not later than December 31, 2000.

18 (3) During such period as funds remain in the Ethanol
19 Production Incentive Cash Fund, any ethanol facility shall also
20 receive a credit of seven and one-half cents per gallon of
21 ethanol, before denaturing, for new production for a period not to
22 exceed thirty-six consecutive months. For purposes of this

25 June 1, 1999, or the expansion of an existing facility's capacity
26 first placed into service after June 1, 1999, as certified by the
27 facility's design engineer to the Department of Revenue. For
1 expansion of an existing facility's capacity, new production means
2 production in excess of the average of the highest three months of
3 ethanol production at an ethanol facility during the
4 twenty-four-month period immediately preceding certification of the
5 facility by the design engineer. No credits shall be paid under
6 this subsection for expansion of an existing facility's capacity
7 until production is in excess of twelve times the three-month
8 average amount determined under this subsection during any
9 twelve-consecutive-month period. New production shall be approved
10 by the Department of Revenue based on such ethanol production
11 records as may be necessary to reasonably determine new production.
12 Ethanol production eligible for credits under this subsection shall
13 be measured by a device approved by the Division of Weights and
14 Measures of the Department of Agriculture. Confirmation of
15 approval by the division shall be provided by the ethanol facility
16 at which time the initial claim for credits provided under this
17 subsection is submitted to the Department of Revenue. This credit
18 must be earned on or before December 31, 2003, and is available
19 only during such period.

20 (4) Any ethanol facility that did not maximize benefits
21 for which the facility was otherwise eligible under subsections (1)
22 and (2) of this section based on name plate design capacity
23 stipulated in a contract with the Department of Revenue and which
24 has expanded its capacity by at least six million gallons over its
25 original name plate design capacity shall receive a credit of five
26 cents per gallon, before denaturing, if the ethanol facility
27 maintains an average production rate of at least one hundred
1 percent of its original name plate design capacity for a
2 twelve-consecutive-month period. Production shall be approved by
3 the Department of Revenue based on such ethanol production records
4 as may be necessary to reasonably determine the eligible credits.
5 Ethanol production eligible for credits under this subsection shall
6 be measured by a device approved by the Division of Weights and
7 Measures of the Department of Agriculture. Confirmation of
8 approval by the division shall be provided by the ethanol facility
9 at which time the initial claim for credits provided under this
10 subsection is submitted to the Department of Revenue. This credit
11 must be earned on or before December 31, 2000, and is available
12 only during such period.

13 (5) The credits described in this section The credit
14 shall be given only for ethanol produced at a plant in Nebraska at
15 which all fermentation, distillation, and dehydration takes place.

17 the production of distilled spirits. Not less than two million
18 gallons and not more than twenty-five million gallons of ethanol

19 produced annually at an ethanol facility shall be eligible for the
20 ~~credit~~ credits in subsections (1) and (2) of this section, and the
21 ~~credit~~ credits may only be claimed by a producer for the ~~period~~
22 periods specified in subsection (1) or (2); ~~(3); or (4)~~ of this
23 section. Not more than ten million gallons of ethanol produced
24 during any twelve-consecutive-month period at an ethanol facility
25 shall be eligible for the credits described in subsections (3) and
26 (4) of this section, and the credits may only be claimed by a
27 producer for the periods specified in subsections (3) and (4) of
1 this section. Not more than one hundred twenty-five million
2 gallons of ethanol produced at an ethanol facility by the end of
3 the sixty-month period set forth in subsection (1) or (2) ~~(3) or~~
4 ~~(4)~~ of this section shall be eligible for the credit under such
5 subsections. An ethanol facility may only participate in the
6 credits described in subsection (3) of this section or the credits
7 described in subsection (4) of this section. During any fiscal
8 year, if the amount of money in the fund is not sufficient to pay
9 all the credits applied for under this section during such year,
10 each applicant shall receive a proportionate share of the amount in
11 the fund equal to the portion derived by dividing the amount in the
12 fund by the number of gallons eligible for the credit for each
13 applicant. The credits described in this section shall be in the
14 form of a nonrefundable transferable motor vehicle fuel tax credit
15 certificate. ~~subsection; in addition to the ethanol entitled to~~
16 ~~credit under subsection (1) or (2) of this section.~~

17 (6) The Department of Revenue shall prescribe an
18 application form and procedures for claiming the ~~credit~~ and shall
19 ~~adopt and promulgate rules and regulations to carry out credits~~
20 under this section.

21 (7) For purposes of ascertaining the correctness of any
22 application for claiming the credit provided in this section, the
23 Tax Commissioner (a) may examine or cause to have examined, by any
24 agent or representative designated by him or her for that purpose,
25 any books, papers, records, or memoranda bearing upon such matters,
26 (b) may by summons require the attendance of the person responsible
27 for rendering the application or other document or any officer or
1 employee of such person or the attendance of any other person
2 having knowledge in the premises, and (c) may take testimony and
3 require proof material for his or her information, with power to
4 administer oaths or affirmations to such person or persons. The
5 time and place of examination pursuant to this subsection shall be
6 such time and place as may be fixed by the Tax Commissioner and as
7 are reasonable under the circumstances. In the case of a summons,
8 the date fixed for appearance before the Tax Commissioner shall not
9 be less than twenty days from the time of service of the summons.

11 examinations or investigations. All records obtained pursuant to
12 this subsection shall be subject to the confidentiality
13 requirements and exceptions thereto as provided in section

14 77-27,119.

15 Sec. 2. Section 66-1345, Reissue Revised Statutes of
16 Nebraska, is amended to read:

17 66-1345. (1) There is hereby created the Ethanol
18 Production Incentive Cash Fund which shall be used by the board to
19 pay the credits created in section 66-1344 to the extent provided
20 in this section. Any money in the fund available for investment
21 shall be invested by the state investment officer pursuant to the
22 Nebraska Capital Expansion Act and the Nebraska State Funds
23 Investment Act. The State Treasurer shall transfer to the Ethanol
24 Production Incentive Cash Fund such money as shall be (a)
25 appropriated to the Ethanol Production Incentive Cash Fund by the
26 Legislature, (b) given as gifts, bequests, grants, or other

1 public or private sources, (c) made available due to failure to
2 fulfill conditional requirements pursuant to investment agreements
3 entered into prior to April 30, 1992, (d) received as return on
4 investment of the Ethanol Authority and Development Cash Fund, (e)
5 credited to the Ethanol Production Incentive Cash Fund from the
6 fertilizer fee pursuant to section 77-4401, (f) credited to the
7 Ethanol Production Incentive Cash Fund from the excise taxes
8 imposed by section 66-1345.01, and (g) credited to the Ethanol
9 Production Incentive Cash Fund pursuant to section 66-1345.04.

10 (2) The Department of Revenue shall, at the end of each
11 calendar quarter, notify the State Treasurer of the amount of motor
12 fuel tax that was not collected in the preceding calendar quarter
13 due to the credits provided in section 66-1344. The State
14 Treasurer shall transfer from the Ethanol Production Incentive Cash
15 Fund to the Highway Trust Fund an amount equal to such credits less
16 the following amounts:

17 (a) For 1993, 1994, and 1995, the amount generated during
18 the calendar quarter by a one-cent tax on motor fuel pursuant to
19 sections 66-489, 66-668, and 66-6,107;

20 (b) For 1996, the amount generated during the calendar
21 quarter by a three-quarters-cent tax on motor fuel pursuant to such

25 sections; and

26 (d) For 1998, 1999, and 2000, no reduction.

27 The amounts shall be transferred through December 31,
1 2003. For 1993 through 1997, if the amount generated pursuant to
2 subdivisions (a), (b), and (c) of this subsection and the amount
3 transferred pursuant to subsection (1) of this section are not
4 sufficient to fund the credits provided in section 66-1344, then
5 the credits shall be funded through the Ethanol Production
6 Incentive Cash Fund but shall not be funded through either the
7 Highway Cash Fund or the Highway Trust Fund. For 1998, 1999, and
8 2000, the credits provided in such section shall be funded through

9 the Ethanol Production Incentive Cash Fund but shall not be funded
10 through either the Highway Cash Fund or the Highway Trust Fund.

11 (3) The State Treasurer shall transfer from the Ethanol
12 Production Incentive Cash Fund to the Management Services Expense
13 Revolving Fund the amount reported under subsection (4) of section

15 in such subsection.

16 (4) On ~~February 15, 2001~~ June 30, 2004, the State
17 Treasurer shall transfer any unexpended and unobligated funds from
18 the Ethanol Production Incentive Cash Fund to the Nebraska Corn
19 Development, Utilization, and Marketing Fund and Grain Sorghum
20 Development, Utilization, and Marketing Fund in the same proportion
21 as funds were collected pursuant to section 66-1345.01 from corn
22 and grain sorghum.

23 Sec. 3. Section 66-1345.01, Reissue Revised Statutes of
24 Nebraska, is amended to read:

25 66-1345.01. An excise tax is levied upon all corn and
26 grain sorghum sold through commercial channels in Nebraska or
27 delivered in Nebraska. ~~The tax is three-fourths cent per bushel~~

1 ~~for corn and three-fourths cent per hundredweight for grain~~
2 ~~sorghum. For any sale or delivery of corn or grain sorghum~~
3 ~~occurring on or after July 1, 1995, and before January 1, 2000, the~~
4 ~~tax is three-fourths cent per bushel for corn and three-fourths~~
5 ~~cent per hundredweight for grain sorghum. For any sale or delivery~~
6 ~~of corn or grain sorghum occurring on or after January 1, 2000, and~~
7 ~~before January 1, 2001, the tax is one-half cent per bushel for~~
8 ~~corn and one-half cent per hundredweight for grain sorghum. The~~
9 ~~tax shall be in addition to any fee imposed pursuant to sections~~
10 ~~2-3623 and 2-4012. The excise tax shall be imposed on any sale or~~
11 ~~delivery occurring on or after July 1, 1995, and before January 1,~~

14 ~~Production Incentive Cash Fund by the imposition of the excise tax.~~
15 ~~If additional funds are needed in the future to meet the~~
16 ~~Legislature's obligation to fully fund the Ethanol Production~~
17 ~~Incentive Cash Fund, those funds should come from sources other~~
18 ~~than production agriculture.~~

19 The excise tax shall be imposed at the time of sale or
20 delivery and shall be collected by the first purchaser. The tax
21 shall be collected, administered, and enforced in conjunction with
22 the fees imposed pursuant to sections 2-3623 and 2-4012. The tax
23 shall be collected, administered, and enforced by the Department of
24 Agriculture. No corn or grain sorghum shall be subject to the tax
25 imposed by this section more than once.

26 In the case of a pledge or mortgage of corn or grain
27 sorghum as security for a loan under the federal price support
1 program, the excise tax shall be deducted from the proceeds of such
2 loan at the time the loan is made. If, within the life of the loan
3 plus thirty days after the collection of the excise tax for corn or

4 grain sorghum that is mortgaged as security for a loan under the
 5 federal price support program, the grower of the corn or grain
 6 sorghum so mortgaged decides to purchase the corn or grain sorghum
 7 and use it as feed, the grower shall be entitled to a refund of the
 8 excise tax previously paid. The refund shall be payable by the
 9 department upon the grower's written application for a refund. The
 10 application shall have attached proof of the tax deducted.

11 The excise tax shall be deducted whether the corn or
 12 grain sorghum is stored in this or any other state. The excise tax
 13 shall not apply to the sale of corn or grain sorghum to the federal
 14 government for ultimate use or consumption by the people of the
 15 United States when the State of Nebraska is prohibited from
 16 imposing such tax by the Constitution of the United States and laws
 17 enacted pursuant thereto.

5 a form prescribed by the division. The division shall prepare a
6 report on oxygenated gasoline sales and submit the report to the
7 Clerk of the Legislature no later than April 30, 2000. If the
8 report concludes that less than one-half of all gasoline sold for
9 use as motor fuel between October 1999 and March 2000 met the
10 oxygen requirement in this subsection, then all gasoline sold for
11 use as motor fuel in Nebraska shall meet the oxygen requirement in

AMENDMENTS - Print in Journal

Messrs. Kristensen and Jensen filed the following amendment to LB 559:
AM1383

- 1 1. Strike the original sections and all amendments
- 2 thereto and insert the following new sections:
- 3 "Section 1. Sections 1 to 8 of this act shall be known
- 4 and may be cited as the Nebraska Telehealth Act.
- 5 Sec. 2. The Legislature finds that:
- 6 (1) Access to health care facilities and health care
- 7 practitioners is critically important to the citizens of Nebraska;
- 8 (2) Access to a continuum of health care services is
- 9 restricted in some medically underserved areas of Nebraska, and
- 10 many health care practitioners in such areas are isolated from

11 mentors, colleagues, and information resources necessary to support
12 them personally and professionally;

13 (3) The use of telecommunications technology to deliver
14 health care services can reduce health care costs, improve health
15 care quality, improve access to health care, and enhance the
16 economic health of communities in medically underserved areas of
17 Nebraska; and

18 (4) The full potential of delivering health care services
19 through Telehealth cannot be realized without the assurance of
20 payment for such services and the resolution of existing legal and
21 policy barriers to such payment.

22 Sec. 3. For purposes of the Nebraska Telehealth Act:

23 (1) Department means the Department of Health and Human
24 Services Finance and Support;

1 (2) Health care practitioner means a Nebraska
2 medicaid-enrolled provider who is licensed, registered, or
3 certified to practice in this state by the Department of Health and
4 Human Services Regulation and Licensure;

5 (3) Telehealth means the use of telecommunications
6 technology by a health care practitioner to deliver health care
7 services within his or her scope of practice at a site other than
8 the site where the patient is located; and

9 (4) Telehealth consultation means any contact between a
10 patient and a health care practitioner relating to the health care
11 diagnosis or treatment of such patient that requires the use of
12 telecommunications technology, but does not include a telephone
13 conversation, electronic mail message, or facsimile transmission
14 between a health care practitioner and a patient or a consultation
15 between two health care practitioners.

16 Sec. 4. The Nebraska Telehealth Act does not alter the
17 scope of practice of any health care practitioner or authorize the
18 delivery of health care services in a setting or manner not
19 otherwise authorized by law.

20 Sec. 5. (1) Prior to an initial telehealth consultation
21 under section 6 of this act, a health care practitioner who
22 delivers a health care service to a patient through telehealth
23 shall ensure that the following written information is provided to
24 such patient:

25 (a) A statement that the patient retains the option to
26 refuse the telehealth consultation at any time without affecting
27 the patient's right to future care or treatment and without risking
1 the loss or withdrawal of any program benefits to which the patient
2 would otherwise be entitled;

3 (b) A statement that all existing confidentiality
4 protections shall apply to the telehealth consultation;

5 (c) A statement that the patient shall have access to all
6 medical information resulting from the telehealth consultation as
7 provided by law for patient access to his or her medical records;
8 and

9 (d) A statement that dissemination of any patient
10 identifiable images or information from the telehealth consultation
11 to researchers or other entities shall not occur without the
12 written consent of the patient.

13 (2) The patient shall sign a written statement prior to
14 an initial telehealth consultation, indicating that the patient
15 understands the written information provided pursuant to subsection
16 (1) of this section and that this information has been discussed
17 with the health care practitioner or his or her designee. Such
18 signed statement shall become a part of the patient's medical
19 record.

20 (3) If the patient is a minor or is incapacitated or
21 mentally incompetent such that he or she is unable to sign the
22 written statement required by subsection (2) of this section, such
23 statement shall be signed by the patient's legally authorized
24 representative.

25 (4) This section shall not apply in an emergency
26 situation in which the patient is unable to sign the written
27 statement required by subsection (2) of this section and the
1 patient's legally authorized representative is unavailable.

2 Sec. 6. (1) On or after July 1, 2000, in-person contact
3 between a health care practitioner and a patient shall not be
4 required under the medical assistance program established in
5 sections 68-1018 to 68-1025 and Title XXI of the federal Social
6 Security Act, as amended, for health care services delivered
7 through telehealth that are otherwise eligible for reimbursement
8 under such program and federal act. Such services shall be subject
9 to reimbursement policies developed pursuant to such program and
10 federal act. This section also applies to managed care plans which
11 contract with the department pursuant to the Managed Care Plan Act
12 only to the extent that:

13 (a) Health care services delivered through telehealth are
14 covered by and reimbursed under the medicaid fee-for-service
15 program; and

16 (b) Managed care contracts with managed care plans are
17 amended to add coverage of health care services delivered through
18 telehealth and any appropriate capitation rate adjustments are
19 incorporated.

20 (2) The reimbursement rate for a telehealth consultation
21 shall, as a minimum, be set at the same rate as the medical
22 assistance program rate for a comparable in-person consultation.

23 (3) The department shall establish rates for transmission
24 cost reimbursement for telehealth consultations, considering, to
25 the extent applicable, reductions in travel costs by health care
26 practitioners and patients to deliver or to access health care
27 services and such other factors as the department deems relevant.

1 Sec. 7. A health care facility licensed pursuant to
2 sections 71-2017 to 71-2029 that receives reimbursement under the
3 Nebraska Telehealth Act for telehealth consultations shall

4 establish quality of care protocols and patient confidentiality
 5 guidelines to ensure that such consultations meet the requirements
 6 of the act and acceptable patient care standards.

7 Sec. 8. By July 1, 2000, the department shall adopt and
 8 promulgate rules and regulations to carry out the Nebraska
 9 Telehealth Act, including, but not limited to, rules and
 10 regulations to: (1) Ensure the provision of appropriate care to
 11 patients through telehealth; (2) prevent fraud and abuse in the
 12 provision of telehealth consultations; and (3) establish methods
 13 and procedures necessary to safeguard against unnecessary
 14 utilization of telehealth consultations."

4 (11) To adopt and promulgate rules and regulations

6 Credit Act, including criteria required for tax credit eligibility
7 and financial management program certification and guidelines which
8 constitute a viably sized farm that is necessary to adequately
9 support a beginning farmer or livestock producer. Such guidelines
10 shall vary and take into account the region of the state, number of
11 acres, land quality and type, type of operation, type of crops or
12 livestock raised, and other factors of farming or livestock
13 production; and

14 (12) To keep minutes of the board's meetings and other
15 books and records which will adequately reflect actions and
16 decisions of the board and to provide an annual report to the
17 Legislature and Governor by December 1.

18 Sec. 6. The board shall consist of the following
19 members:

20 (1) The Director of Agriculture or his or her designee;

21 (2) The Tax Commissioner or his or her designee;

22 (3) One individual representing lenders of agricultural
23 credit;

24 (4) One individual of the academic community with
25 extensive knowledge and insight in the analysis of agricultural
26 economic issues; and

27 (5) Three individuals, one from each congressional
1 district, who are currently engaged in farming or livestock
2 production and are representative of a variety of farming or
3 livestock production interests based on size of farm, type of farm
4 operation, net worth of farm operation, and geographic location.

5 All members of the board shall be resident individuals as
6 defined in section 77-2714.01. Members of the board listed in
7 subdivisions (3) through (5) of this section shall be appointed by
8 the Governor with the approval of a majority of the Legislature.
9 All appointments shall be for terms of four years.

10 Vacancies in the appointed membership of the board shall
11 be filled for the unexpired term by appointment by the Governor.
12 Members of the board shall serve the full term and until a
13 successor has been appointed by the Governor and approved by the
14 Legislature. Any member is eligible for reappointment. Any member
15 may be removed from the board by the Governor or by an affirmative
16 vote by any four members of the board for incompetence, neglect of
17 duty, or malfeasance.

18 Sec. 7. Once every two years, the members of the board
19 shall elect a chairperson and a vice-chairperson. A member of the
20 board may be reelected to the position of chairperson or
21 vice-chairperson upon the discretion of the board. Members of the
22 board shall be reimbursed for their actual and necessary expenses
23 as provided in sections 81-1174 to 81-1177.

24 Sec. 8. Four of the members of the board shall
25 constitute a quorum for the transaction of official business. The

26 affirmative vote of at least four members shall be necessary for
27 any action to be taken by the board. No vacancy in the membership
1 of the board shall constitute an impairment of a quorum to exercise
2 any and all rights and perform all duties of the board.

3 Sec. 9. The board shall meet quarterly during the year
4 and shall review pending applications in order to approve and
5 certify beginning farmers and livestock producers as eligible for
6 the programs provided by the board and to approve and certify
7 owners of agricultural assets as eligible for the tax credits
8 authorized by sections 12 to 14 of this act. Any action taken by
9 the board regarding approval and certification of program
10 eligibility, granting of tax credits, or termination of
11 share-rental agreements shall require the affirmative vote of at
12 least four members of the board.

13 Sec. 10. The board shall determine who is qualified as a
14 beginning farmer or livestock producer based on the qualifications
15 found in this section. A qualified beginning farmer or livestock
16 producer shall be an individual who: (1) Has a net worth of not
17 more than one hundred thousand dollars, including any holdings by a
18 spouse or dependent, based on fair market value; (2) provides the
19 majority of the day-to-day physical labor and management of the
20 farm; (3) has, by the judgment of the board, adequate farming or
21 livestock production experience or demonstrates knowledge in the
22 type of farming or livestock production for which he or she seeks
23 assistance from the board; (4) demonstrates to the board a profit
24 potential by submitting board-approved projected earnings
25 statements and agrees that farming or livestock production is
26 intended to become his or her principal source of income; (5)
1 demonstrates to the board a need for assistance; (6) participates
2 in a financial management program approved by the board; (7)
3 submits a nutrient management plan and a soil conservation plan to
4 the board for approval on any applicable agricultural assets
5 purchased or rented from an owner of agricultural assets; (8) is
6 not a relative as defined in section 36-702 of the owner of
7 agricultural assets in which the beginning farmer or livestock
8 producer is seeking to enter into a share-rental agreement; and (9)
9 has such other qualifications as specified by the board. A
10 qualified beginning farmer or livestock producer who has
11 successfully participated in and completed a board approved and
12 certified three-year share-rental agreement with an owner of
13 agricultural assets shall not be eligible to file a subsequent
14 application with the board but may refer to the board for
15 additional support and participate in programs, including
16 educational and financial programs and seminars, established or
17 recommended by the board that are applicable to the continued
18 success of such farmer or livestock producer.

19 Sec. 11. The board shall, following the close of each
20 fiscal year, submit an annual report of the activities and actions
of the board for the preceding fiscal year to the Governor, the

21 Legislative Fiscal Analyst, and the Clerk of the Legislature. Each
22 member of the Legislature shall receive a copy of such report by
23 request to the chairperson of the board. Each report shall include
24 the following information:

25 (1) A complete operating and financial statement for the
26 board for the prior fiscal year;

27 (2) The number of qualified beginning farmers and
1 livestock producers receiving assistance from the board;

2 (3) The number of owners of agricultural assets claiming
3 tax credits and the monetary amount of credits granted by the
4 board; and

5 (4) Any other relevant information which the board deems
6 necessary to report.

7 Sec. 12. An owner of agricultural assets shall be
8 allowed a credit to be applied against the state income tax
9 liability of such individual for agricultural assets rented on a
10 share-rental agreement basis to qualified beginning farmers or
11 livestock producers. Such asset shall be rented at prevailing
12 community rates as determined by the board. The credit allowed
13 shall be for renting agricultural assets used for farming or
14 livestock production. Such credit shall be granted by the
15 Department of Revenue only after approval and certification by the
16 board and a written three-year share-rental agreement for such
17 assets is entered into between an owner of agricultural assets and
18 a qualified beginning farmer or livestock producer. An owner of
19 agricultural assets or qualified beginning farmer or livestock
20 producer may terminate such agreement for reasonable cause upon
21 approval by the board. If an agreement is terminated without fault
22 on the part of the owner of agricultural assets as determined by
23 the board, the tax credit shall not be retroactively disallowed.
24 If an agreement is terminated with fault on the part of the owner
25 of agricultural assets as determined by the board, any prior tax
26 credits claimed by such owner shall be disallowed and recaptured
27 and shall be immediately due and payable to the State of Nebraska.
1 A credit may be granted to an owner of agricultural assets for
2 renting agricultural assets to any qualified beginning farmer or
3 livestock producer for a period of three years. After the
4 successful completion of a board approved and certified three-year
5 share-rental agreement with a qualified beginning farmer or
6 livestock producer, an owner of agricultural assets may enter into
7 a board-approved and certified three-year share-rental agreement
8 and rent such assets to another qualified beginning farmer or
9 livestock owner and be eligible to receive a credit. In order to
10 be eligible for a credit, an owner of agricultural assets cannot
11 enter into more than one three-year share-rental agreement approved
12 and certified by the board with the same qualified beginning farmer
13 or livestock owner or with more than one beginning farmer or
14 livestock owner at one time.

15 Sec. 13. In evaluating a share-rental agreement between

16 an owner of agricultural assets and a qualified beginning farmer or
17 livestock producer, the board shall not approve and certify credit
18 for an owner of agricultural assets who (1) has, with fault,
19 terminated a prior board approved and certified share-rental
20 agreement with a qualified beginning farmer or livestock producer
21 or (2) is proposing a share-rental agreement of agricultural assets
22 which, if rented to a qualified beginning farmer or livestock
23 producer, would cause the lessee to be responsible for managing or
24 maintaining a farm which, based on the discretion of the board, is
25 of greater scope and scale than necessary for a viably sized farm
26 as established by the guidelines implemented by the board in order
27 to adequately support a beginning farmer or livestock producer.
1 Any person aggrieved by a decision of the board may appeal the
2 decision, and the appeal shall be in accordance with the
3 Administrative Procedure Act.

4 Sec. 14. The tax credit approved and certified by the
5 board under section 12 of this act for an owner of agricultural
6 assets shall be equal to five percent of the gross rental income on
7 any share-rental agreement that is approved and certified by the
8 board under the Beginning Farmer Tax Credit Act, including the
9 renting of agricultural assets by an owner of such assets to a
10 qualified beginning farmer or livestock producer. The board shall
11 review each existing three-year share-rental agreement between a
12 beginning farmer or livestock producer and an owner of agricultural
13 assets on a quarterly basis and shall either certify or terminate
14 program eligibility for beginning farmers or livestock producers or
15 tax credits granted to owners of agricultural assets on an annual
16 basis.

17 Sec. 15. Original section 77-2715.07, Revised Statutes

RESOLUTION

LEGISLATIVE RESOLUTION 72. Introduced by Byars, 30.

WHEREAS, during the past decade, the United States Congress, in an effort to help build a better functioning, more effective United Nations for the coming millennium, has urged the United Nations to take meaningful steps toward reforming itself by reducing inefficiencies, streamlining the organization, eliminating budgetary growth, reducing Secretariat staff, working to reduce United Nations costs borne by the United States, refocusing development efforts in support of open trade and free markets, and taking on new and emerging global-scale challenges like drug trafficking, crime, terrorism, and environmental protection;

WHEREAS, a strong and effective United Nations, according to the

Council on Foreign Relations, remains an important part of a strong and effective American foreign policy, as it has been since the founding of the United Nations in 1945;

WHEREAS, the United Nations has made demonstrable progress and shown good faith in moving to comply with American requests by:

(1) Reducing its staff by more than twenty percent in the past decade, eliminating more than three thousand positions in the United Nations Secretariat, including one thousand in the past several years;

(2) Adopting a no-growth budget since 1974 and reducing the United Nations' regular budget by \$123 million in its most recent budget cycle;

(3) Appointing an Inspector General to root out waste, fraud, and abuse, saving more than \$80 million and making numerous improvements in organizational operations;

(4) Consolidating a wide variety of functions, including more than twelve Secretariat departments and executive units;

(5) Appointing an Efficiency Board, akin to the United States' Reinventing Government initiative, that has resulted in hundreds of efficiency improvements and millions of dollars in savings; and

(6) Attracting dynamic new leaders to head key United Nations agencies and improve overall management of the United States system;

WHEREAS, with the end of the Cold War and the rapid growth of economic globalization, the United Nations is more important than ever as a forum for peace, progress, and prosperity, particularly as the international institution capable of bringing all nations together to set basic standards that are prerequisites to trade (e.g., standards for telecommunications, transportation, and mail), to work together on common global challenges like terrorism and the drug trade, to promote the health and well-being of the world's children, to uphold basic human rights, to feed the hungry, to respond to natural disasters, to develop peacekeeping operations and mediate conflict, and to address global health challenges like polio, malaria, and malnutrition; and

WHEREAS, the executive and legislative branches of the United States government have suggested that the United Nations reform would effectuate payment of United States past dues, which the United States is legally bound to honor and which now total more than \$1 billion (or approximately one year of operations for the United Nations Secretariat).

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. Messrs. Kristensen and Jensen filed the following amendment to LB 559:
AM1416

- 1 1. Strike the original sections and all amendments
- 2 thereto and insert the following new sections:
- 3 "Section 1. Sections 1 to 8 of this act shall be known
- 4 and may be cited as the Nebraska Telehealth Act.
- 5 Sec. 2. The Legislature finds that:
- 6 (1) Access to health care, facilities and health care
- 7 practitioners is critically important to the citizens of Nebraska;
- 8 (2) Access to a continuum of health care services is
- 9 restricted in some medically underserved areas of Nebraska, and
- 10 many health care practitioners in such areas are isolated from
- 11 mentors, colleagues, and information resources necessary to support
- 12 them personally and professionally;
- 13 (3) The use of telecommunications technology to deliver
- 14 health care services can reduce health care costs, improve health
- 15 care quality, improve access to health care, and enhance the
- 16 economic health of communities in medically underserved areas of
- 17 Nebraska; and
- 18 (4) The full potential of delivering health care services
- 19 through Telehealth cannot be realized without the assurance of
- 20 payment for such services and the resolution of existing legal and
- 21 policy barriers to such payment.
- 22 Sec. 3. For purposes of the Nebraska Telehealth Act:
- 23 (1) Department means the Department of Health and Human
- 24 Services Finance and Support;
- 1 (2) Health care practitioner means a Nebraska
- 2 medicaid-enrolled provider who is licensed, registered, or
- 3 certified to practice in this state by the Department of Health and
- 4 Human Services Regulation and Licensure;
- 5 (3) Telehealth means the use of telecommunications
- 6 technology by a health care practitioner to deliver health care
- 7 services within his or her scope of practice at a site other than
- 8 the site where the patient is located; and
- 9 (4) Telehealth consultation means any contact between a
- 10 patient and a health care practitioner relating to the health care
- 11 diagnosis or treatment of such patient through telehealth but does
- 12 not include a telephone conversation, electronic mail message, or
- 13 facsimile transmission between a health care practitioner and a
- 14 patient or a consultation between two health care practitioners.

15 Sec. 4. The Nebraska Telehealth Act does not: (1) Alter
16 the scope of practice of any health care practitioner; (2)
17 authorize the delivery of health care services in a setting or
18 manner not otherwise authorized by law; or (3) limit a patient's
19 right to choose in-person contact with a health care practitioner
20 for the delivery of health care services for which telehealth is
21 available.

22 Sec. 5. (1) Prior to an initial telehealth consultation
23 under section 6 of this act, a health care practitioner who
24 delivers a health care service to a patient through telehealth
25 shall ensure that the following written information is provided to
26 the patient:

27 (a) A statement that the patient retains the option to
1 refuse the telehealth consultation at any time without affecting
2 the patient's right to future care or treatment and without risking
3 the loss or withdrawal of any program benefits to which the patient
4 would otherwise be entitled;

5 (b) A statement that all existing confidentiality
6 protections shall apply to the telehealth consultation;

7 (c) A statement that the patient shall have access to all
8 medical information resulting from the telehealth consultation as
9 provided by law for patient access to his or her medical records;
10 and

11 (d) A statement that dissemination of any patient
12 identifiable images or information from the telehealth consultation
13 to researchers or other entities shall not occur without the
14 written consent of the patient.

15 (2) The patient shall sign a written statement prior to
16 an initial telehealth consultation, indicating that the patient
17 understands the written information provided pursuant to subsection
18 (1) of this section and that this information has been discussed
19 with the health care practitioner or his or her designee. Such
20 signed statement shall become a part of the patient's medical
21 record.

22 (3) If the patient is a minor or is incapacitated or
23 mentally incompetent such that he or she is unable to sign the
24 written statement required by subsection (2) of this section, such
25 statement shall be signed by the patient's legally authorized
26 representative.

27 (4) This section shall not apply in an emergency
1 situation in which the patient is unable to sign the written
2 statement required by subsection (2) of this section and the
3 patient's legally authorized representative is unavailable.

4 Sec. 6. (1) On or after July 1, 2000, in-person contact
5 between a health care practitioner and a patient shall not be
6 required under the medical assistance program established in
7 sections 68-1018 to 68-1025 and Title XXI of the federal Social

9 through telehealth that are otherwise eligible for reimbursement

 16 covered by and reimbursed under the medicaid fee-for-service
 17 program; and

18 (b) Managed care contracts with managed care plans are
 19 amended to add coverage of health care services delivered through
 20 telehealth and any appropriate capitation rate adjustments are
 21 incorporated.

22 (2) The reimbursement rate for a telehealth consultation
 23 shall, as a minimum, be set at the same rate as the medical
 24 assistance program rate for a comparable in-person consultation.

25 (3) The department shall establish rates for transmission
 26 cost reimbursement for telehealth consultations, considering, to
 27 the extent applicable, reductions in travel costs by health care
 1 practitioners and patients to deliver or to access health care
 2 services and such other factors as the department deems relevant.

3 Sec. 7. A health care facility licensed pursuant to
 4 sections 71-2017 to 71-2029 that receives reimbursement under the
 5 Nebraska Telehealth Act for telehealth consultations shall
 6 establish quality of care protocols and patient confidentiality
 7 guidelines to ensure that such consultations meet the requirements

- 5 'Section 1. Section 14-2115, Reissue Revised Statutes of
- 6 Nebraska, is amended to read:
- 7 14-2115. (1) A metropolitan utilities district shall
- 8 operate and account for each of its several utilities separately
- 9 and, as to each separate utility, shall possess all powers granted
- 10 on behalf of that utility or on behalf of any other utility being
- 11 operated by such district, or granted generally to such district,
- 12 and all such powers are hereby declared to be cumulative, though
- 13 separate, as to each utility, except that limitations or
- 14 restrictions which by their nature or intent are applicable only to
- 15 a utility of one type shall not apply to other different utilities.
- 16 The financial obligations of each utility shall be separate and
- 17 independent from the financial obligations of any other utility.
- 18 (2) A metropolitan utilities district shall keep all
- 19 funds, accounts, and obligations relating to any one utility under
- 20 its management separate and independent from the funds and accounts

21 of each other utility under its management. The cost of any
22 consolidated operation shall be allocated to the various utilities
23 upon some reasonable basis which is open to investigation, comment,
24 or protest by members of the public. Such allocation methodologies
1 shall be determined by its the board of directors and shall provide
2 for the allocation of costs and expenses in a manner that
3 accurately reflects the actual cost of service for each utility
4 under the management of the board, except that for purposes of this
5 section, the collection of sewer use fees for cities of the
6 metropolitan class shall not be considered as a utility. The
7 district shall have separate power to provide for the cost of
8 operation, maintenance, depreciation, extension, construction, and
9 improvement of any utility under its management, applying thereto
10 standard accounting principles.

11 (3) A metropolitan utilities district shall not discount
12 its water rates or connection fees to any customer in order to
13 obtain an agreement to provide natural gas service to any customer.

14 (4) A metropolitan utilities district shall not delay or

16 agreements related to water service to the purchase of natural gas
17 service from the district.

18 (5) The Auditor of Public Accounts shall have the
19 authority to initiate an audit or to take any action necessary to
20 ensure compliance with this section.

21 Sec. 2. Whenever any city of the primary, first, or
22 second class or village is furnished natural gas pursuant to a
23 franchise agreement with an investor-owned natural gas utility, a
24 metropolitan utilities district shall not solicit such city or
25 village to enter into a franchise agreement or promote
26 discontinuance of natural gas service with the utility, unless a
27 specific invitation to submit a proposal on such a franchise has
1 been formally presented to the board of directors of the
2 metropolitan utilities district. For purposes of this section, a
3 specific invitation to submit a proposal shall mean a resolution
4 adopted by a city council of a city of the primary, first, or
5 second class or the board of trustees of a village.

6 Whenever a specific invitation to submit a proposal is
7 received by the board of directors of a metropolitan utilities
8 district, the invitation will be considered by the board at its
9 next regularly scheduled monthly meeting.

10 Sec. 3. Sections 4 to 8 of this act shall be applicable

13 or portion of the natural gas service area, of a metropolitan
14 utilities district and only with regard to matters arising within
15 any such county.

16 Sec. 4. No investor-owned natural gas utility or
17 metropolitan utilities district may extend or enlarge its natural
18 gas service area or extend or enlarge its natural gas mains or

20 In determining whether or not an extension or enlargement is in the
21 public interest, the district or the utility shall consider the
22 following:

23 (1) The economic feasibility of the extension or
24 enlargement;

25 (2) The impact the enlargement will have on the existing
26 and future natural gas ratepayers of the metropolitan utilities
27 district or the investor-owned natural gas utility;

1 (3) Whether the extension or enlargement contributes to
2 the orderly development of natural gas utility infrastructure;

3 (4) Whether the extension or enlargement will result in
4 duplicative or redundant natural gas utility infrastructure; and

5 (5) Whether the extension or enlargement is applied in a
6 nondiscriminatory manner.

7 Sec. 5. In determining whether an enlargement or
8 extension of a natural gas service area, natural gas mains, or
9 natural gas services is in the public interest pursuant to section
10 4 of this act, the following shall constitute rebuttable
11 presumptions:

12 (1) Any enlargement or extension by a metropolitan
13 utilities district within a city of the metropolitan class or its
14 extraterritorial zoning jurisdiction is in the public interest;

15 (2) Any enlargement or extension by an investor-owned
16 natural gas utility within a city of the primary, first, or second
17 class or village in which it serves natural gas on a franchise
18 basis or its extraterritorial zoning jurisdiction is in the public
19 interest; and

21 utilities district within its statutory boundary or within a city
22 of the first or second class or village in which it serves natural
23 gas on a franchise basis or its extraterritorial zoning
24 jurisdiction is in the public interest.

25 Sec. 6. A metropolitan utilities district or
26 investor-owned natural gas utility shall not extend duplicative or
27 redundant interior natural gas mains or natural gas services into a
1 subdivision, whether residential, commercial, or industrial, which
2 has existing natural gas utility infrastructure or which has
3 contracted for natural gas utility infrastructure with another
4 utility.

5 Sec. 7. If the investor-owned natural gas utility or the
6 metropolitan utilities district disagrees with a determination by
7 an investor-owned natural gas utility or a metropolitan utilities
8 district that a proposed extension or enlargement is in the public
9 interest, the matter may be submitted to the Public Service
10 Commission for hearing and determination in the county where the
11 extension or enlargement is proposed and shall be subject to the
12 applicable procedures provided in sections 75-112, 75-129, and
13 75-134 to 75-136. In making a determination whether a proposed

14 extension or enlargement is in the public interest, the Public
15 Service Commission shall consider the factors set forth in sections
16 4 and 5 of this act. The Public Service Commission shall have no
17 jurisdiction over a metropolitan utilities district or natural gas
18 utility beyond the determination of disputes brought before it
19 under sections 2 to 8 of this act. Ratepayers of the
20 investor-owned natural gas utility or the metropolitan utilities
21 district shall have the right to appear and present testimony
22 before the Public Service Commission on any matter submitted to the
23 commission under sections 2 to 8 of this act, and shall have such
24 testimony considered by the commission in arriving at its
25 determination.

26 Sec. 8. All books, records, vouchers, papers, contracts,
27 engineering designs, and any other data of the metropolitan
1 utilities district relating to the public interest of an extension
2 or enlargement of natural gas mains or natural gas services or
3 relating to natural gas service areas, whether in written or
4 electronic form, shall be open and made available for public
5 inspection, investigation, comment, or protest upon reasonable
6 request during business hours, except that such books, records,
7 vouchers, papers, contracts, designs, and other data shall be
8 subject to section 84-712.05. Any books, records, vouchers,
9 papers, contracts, designs, or other data not made available to the
10 metropolitan utilities district or an investor-owned natural gas
11 utility shall not be considered by the Public Service Commission in
12 determining whether an enlargement or extension is in the public

RESOLUTION

LEGISLATIVE RESOLUTION 74. Introduced by Urban Affairs
 Committee: Hartnett, 45, Chairperson; Connealy, 16; Preister, 5; Quandahl,
 31; Redfield, 12; Schimek, 27; Smith, 48.

PURPOSE: To study the current state of the natural gas industry in Nebraska to provide a comprehensive overview of the organization, structure, governance, regulation, effectiveness, and consumer satisfaction with existing natural gas utility systems, both publicly and privately owned, in Nebraska and the emerging issues of competition, deregulation, and restructuring in the natural gas industry and their effect upon those natural gas utility systems. The study would focus on the effectiveness of the current regulatory system in guaranteeing the lowest possible rates for natural gas service consistent with market conditions and the right of investors to a fair rate-of-return, the current role in the provision and regulation of natural gas service of municipalities, investor-owned utilities, metropolitan utilities districts, and publicly-owned service providers, the impact of current trends in the provision of natural gas, the impact of federal regulatory changes, and the state of regulatory practices in neighboring jurisdictions.

This study contemplates the hiring of a consultant or consultants to conduct the proposed review. The study would involve the documentation of the existing state of the natural gas industry, a review of present trends and their impact on the future of natural gas service in Nebraska, and recommendations on appropriate statutory changes necessary to address identified problems and deficiencies in Nebraska's current statutory scheme for natural gas regulation.

In addition to these broad general themes, the study should focus specifically on the following issues:

(1) The nature of existing municipal franchises and their provisions and their adequacy to serve as the basis for municipal regulatory authority;

(2) The status of natural gas rates and the need for regulatory controls in areas outside of municipal regulatory authority;

(3) The appropriate limit on municipal regulatory control based on

customer size or amount of gas consumption;

(4) The experience in Nebraska and elsewhere of consumer choice programs, the propriety of permitting consumer choice programs to be conducted in the future, and the nature of such a program if appropriate, including regulatory controls and guarantees of service;

(5) The adequacy of continued municipal regulation, the need for enhanced municipal regulatory authority, or the need for regulatory authority to be transferred to a statewide agency;

(6) The physical and technological changes in providing natural gas that may be required as a consequence of proposed changes resulting from the study and the cost to consumers of such changes; and

(7) Determining the most appropriate method for determining the proper provider of natural gas service in areas where two or more service providers are present and willing to provide service, including means for arbitrating disputes and providing for protection of the public.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

STANDING COMMITTEE REPORT
Urban Affairs

LEGISLATIVE RESOLUTION 69. Reported to the Legislature for further consideration.

(Signed) D. Paul Hartnett, Chairperson

RESOLUTIONS

LEGISLATIVE RESOLUTION 75. Introduced by Price, 26; Dierks, 40.

PURPOSE: To study issues addressed by LB 825, Ninety-sixth Legislature, First Session, heard by the Agriculture Committee.

LB 825 adopts the Commercial Dog and Cat Operator Inspection Act. It establishes a licensing and inspection program for commercial breeders and dealers of dogs and cats as defined in the bill, to be administered by the Department of Agriculture. Licensing fees are established in the bill, as are penalties for operating without a required license. Hobby breeders are defined in the bill and excluded from the licensing and inspection requirements.

Concerned citizens, including animal breeders, animal dealers, members of animal associations, health department officials, animal rescue groups, and concerned citizens across this state, initiated the introduction of LB 825.

The breeding of dogs and cats is a commercial business and can be an outstanding field of commerce for our state. It can have a positive economical impact in rural and urban areas if done correctly and humanely.

LB 825 is a vehicle to develop quality standards for the breeding of dogs and cats. It provides a level playing field for commercial breeders by setting breeding standards that will improve animal health and physical conditions, puts Nebraska back in good standing with our neighboring states, and protects commercial breeders and consumers.

The interim study may include the review of, but need not be limited to:

- (1) Similar legislation in surrounding states;
- (2) Rules and regulations of the Animal and Plant Health Inspection Service of the United States Department of Agriculture set out in 9 C.F.R., part 3, subpart A and all other related sections;
- (3) Dual inspection programs and the management of such programs;

- (4) Inspection standards;
- (5) Frequency of inspections, including, but not limited to, types and estimated number of facilities involved;
- (6) United States Department of Agriculture Memorandum of Understanding terms and conditions;
- (7) Accurate fiscal note;
- (8) Funding sources;
- (9) Fee schedule; and
- (10) Amendment considerations.

The interim study will solicit comments, suggestions, and recommendations from consumers, breeders, veterinarians, and public and private agencies. The study may include a public hearing to include public input. The committee shall, upon the conclusion of the study, make a report of its findings, together with its recommendations, to the Legislative Council by December 31, 1999. Appropriate enacting legislation of the Commercial Dog and Cat Operator Inspection Act will then be drafted.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Agriculture Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 76. Introduced by Lynch, 13.

WHEREAS, in Nebraska in 1998, there were 68,206 accidents in the workplace, of which fifty-three were fatal.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

ATTORNEY GENERAL'S OPINIONOpinion No. 99017

DATE: April 21, 1999

SUBJECT: Whether Legislative Bill 331, Which Gives the Nebraska Workers' Compensation Court the Power to Prosecute Violations of the Workers' Compensation Act, Violates Article II, Section 1, the Separation of Powers Clause of the Nebraska Constitution

REQUESTED BY: Senator Mark Quandahl, Legislative District 31

WRITTEN BY: Don Stenberg, Attorney General
Jason W. Hayes, Assistant Attorney General

You have made a request for an opinion from the Office of the Attorney General on the constitutionality of Legislative Bill 331, 96th Neb. Leg., 1st Sess. In your request, you stated that the proposal "relegates to the Workers' Compensation Courts, the authority properly exercised by the Executive or Legislative branch of government." In a subsequent conversation with your legislative assistant, she mentioned that you wanted the opinion to encompass the final reading language of the legislation.

L.B. 331 in part, enables the Nebraska Workers' Compensation Court to order payment of a monetary penalty by a risk management pool or a workers' compensation insurer, when a violation of the Nebraska Workers' Compensation Act has occurred. This order may be made if the Court finds, after due notice or hearing, that a risk management pool or workers' compensation insurer has failed to comply with an obligation under the Act. Failure to comply with the obligation must occur with such frequency as to indicate a general business practice to engage in that type of conduct.¹

In addition, the legislation gives the Nebraska Workers' Compensation Court the ability to adjudicate matters which involve a self-insurer failing to comply with an obligation under the Nebraska Workers' Compensation Act. Notice and hearing are provided by the Court to the self-insurer. Failure of the self-insurer to comply with the obligation must occur with such frequency as to indicate a general business practice to engage in that type of conduct. Upon such a finding, the Court is given the ability to suspend or revoke the approval of a self-insurer to provide self-insurance coverage for workers' compensation liability, or to order payment of a monetary penalty.²

¹ See L.B. 331, § 2 (a) and (b).

² See L.B. 331, § 2 (c).

According to the Administrator of the Workers' Compensation Court, the current enforcement, due notice and hearing procedures provided for in Neb. Rev. Stat. § 48-146.02 (Reissue 1998) are initiated by a presiding judge under an order to show cause proceeding. The Court provides notice of hearing to the respondent. The respondent must then appear at the hearing and give evidence of their compliance with the Nebraska Workers' Compensation Act. Upon a failure by the respondent to show their compliance under the Act, the Court may enforce the Act depending on the classification of the respondent.

If the respondent is an insurance organization, the Court may ask the Department of insurance to suspend or revoke the respondent's ability to write workers' compensation insurance. If the respondent is an intergovernmental risk management pool, the Court may suspend or revoke the respondent's ability to provide group self-insurance coverage of workers' compensation liability. If the respondent is a self-insurer, the Court may suspend or revoke the respondent's ability to provide self-insurance coverage of workers' compensation liability. LB 331 would enhance the enforcement ability of the Court by permitting it to order payment of monetary penalties from a respondent when a violation of the Act occurs. The procedures for a show cause hearing conducted currently under § 48-146.02 would remain in effect under L.B. 331.

DISCUSSION

The enabling legislation for the Workers' Compensation Court is found in § 48-152. The section provides, "there is hereby created, pursuant to the provisions of Article V, section 1, of the Nebraska Constitution, a court consisting of seven judges . . . which court shall have the authority to administer and enforce all of the provisions of the Nebraska Workers' Compensation Act . . ." Neb. Rev. Stat. § 48-152 (Reissue 1998). According to this section, the Court is established under Article V, the article creating the judicial branch of the state government. Article V provides, "the judicial power of the state is vested in a Supreme Court, an appellate court, district courts, county courts . . . and such other courts inferior to the Supreme Court as may be enacted by law." Neb. Const. Art. V, § 1. Thus, the Workers' Compensation Court is a court formed under the judicial branch of state government, and is not an administrative court or legislative tribunal, as found under the executive and legislative branches, respectively.

The Nebraska Constitution delineates the boundary under which one branch of government may not intrude into the functions of another branch of government. "The powers of the government of this state are divided into three distinct departments, the legislative, executive and judicial, and no person or collection of persons being one of these departments, shall exercise any power properly belonging to either of the others . . ." Neb. Const. Art. II, § 1. "The purpose of the clause is to establish the permanent framework of our system of government, to assign to the three departments their respective powers and duties, and to establish certain fixed principles upon which our government is to be conducted. The clause prohibits one

department of government from encroaching on the duties and prerogatives of the others or from improperly delegating its own duties and prerogatives." *State ex rel. Stenberg v. Murphy*, 247 Neb. 358, 364, 527 N.W.2d 185, 192 (1995).

This provision of the state constitution has been applied to limit the scope under which duties may be granted to the judicial branch of state government. "It is elementary in the area of the constitutional interpretation of Article II, section 1, of the Constitution, that the Legislature may not impose upon the courts the performance of nonjudicial duties . . ." *C.R.T. Corporation v. Board of Equalization*, 172 Neb. 540, 545, 110 N.W.2d 194, 198 (1961). The Court, citing a Maryland decision to which it relied upon, stated:

It would thus be made to seem evident in our fundamental law that the policy and intent of the law is that the courts and judges provided for in our system shall not only not be required, but shall not be permitted, to exercise any power, or to perform any trust, or to assume any duty, not pertaining to, or connected with, the administering of the judicial function, and that the exercise of any power or trust or the assumption of any public duty other than such as pertains to the exercise of the judicial function is not only without constitutional warrant, but against the constitutional mandate in the respect to the powers they are to exercise and the character of the duties they are to discharge.

Tyson et al. v. Washington County et al., 78 Neb. 211, 217, 110 N.W. 634, 637 (1907).

The duties of the judicial branch of government have been held to entail rendering decisions in contested matters between adverse parties. "[G]enerally judicial power is the authority to hear and determine a controversy as to rights and upon such determination to render a judgment binding upon the defendants. . . . The authority to hear and determine controversies between public officers, the state, counties, cities and other municipal corporations, subdivisions of the state and the state bonding fund is a judicial power." *Laverty v. Cochran*, 132 Neb. 118, 122, 271 N.W. 354, 356-57 (1937).³ "Judicial power, it would seem, is the authority of some person or tribunal to hear and determine a controversy, and to reduce such determination to a judgment or decree binding the parties thereto." *Horbach v. Tyrrell*, 48 Neb. 514, 518, 67 N.W. 485, 486 (1896).

The judiciary has also been given duties that pertain to the administration of the judicial branch of government. "Particular powers which have been held within the proper scope of the judiciary include among others the power to regulate the practice of law, to regulate the matters of court procedures, to

³ "The judicial function under the Constitution is to apply the law in controverted cases . . ." *Gordon v. Lowry*, 116 Neb. 359, 361, 217 N.W. 610, 611 (1928) (citing from 2 Wigmore, Evidence (2d Ed.) § 1353).

hear causes pending between adverse parties, and to apply the law to the facts of a particular case." 16 C.J.S. §173. These duties are necessary for the court to conduct the administration of justice, such as formulating court procedures and regulating the admission of attorneys to practice law. See *In re Application of Majorek*, 244 Neb. 595, 508 N.W.2d 275 (1993).

L.B. 331 proposes to give the Workers' Compensation Court the ability to impose a monetary penalty on respondents that the Court finds are not in compliance with the Workers' Compensation Act. Neb. Rev. Stat. Chapter 48, Article 1 (Reissue 1998). These respondents are limited to workers' compensation insurers, self-insurers and intergovernmental risk management pools. The Court will be able to impose this penalty on a respondent after notice and hearing is granted by the Court under its own motion. The monetary penalty is provided as an enforcement tool to bring providers into compliance with the Act.⁴

Pursuant to § 48-146.02, the Workers' Compensation Court currently has the authority to conduct notice and hearing review for insurance and intergovernmental risk management pools that are in violation of the Workers' Compensation Act. Neb. Rev. Stat. § 48-146.02 (1) and (2) (Reissue 1998). This section gives the Court the ability to request the appearance of a respondent in a show cause action before the Court. The Court may request such an appearance when it has reason to believe that the party is in violation of the Workers' Compensation Act.⁵

Although such show cause hearings would remain with the adoption of L.B. 331, the Court presently does not have the ability to impose monetary fines upon respondents who fail to comply with the Act. Instead, as provided in § 48-146.02, the Court may only request the Director of Insurance, found within the Executive Branch of government, to suspend or revoke the authorization of an insurance organization to write workers' compensation insurance. Such a request does not reach the level of an actual monetary penalty being imposed by the Workers' Compensation Court.

With regard to risk management pools, the Court has the ability under § 48-146.02, upon a finding of noncompliance, to suspend or revoke the ability of the risk management pool to provide group self-insurance. These risk management pools only encompass those entities established under § 44-4319 of the Intergovernmental Risk Management Act, and include public agencies rather than private concerns. Under the statute, the Court is given the ability to restrict future actions by the risk management pools

⁴ See Introductor's Statement of Intent, L.B. 331, 96th Neb. Leg., 1st Sess. (Neb. 1999).

⁵ This is the procedure outlined by the Administrator of the Workers' Compensation Court.

area of workers' compensation insurance, but again this does not rise to the level of allowing the Court to impose a monetary penalty to address previous violations of the Act by a risk management pool.⁶

The prosecution of laws is a duty reserved for the executive branch of government. "The function of the executive department is to administer and enforce the laws as written and interpreted by the courts." 16 C.J.S. § 215. "The judicial department of the government may not encroach on the executive department, and may not interfere with administrative activities of the executive branch only when necessary to protect individual constitutional rights." 16 C.J.S. § 203. "[U]nder the division of powers devised by the Constitution, neither the Legislature nor the courts may exercise the powers thus conferred upon the executive branch." *State v. Young*, 154 Neb. 588, 591, 48 N.W.2d 677, 679 (1951). Therefore, the judicial branch of government may not encroach upon an area reserved for the executive branch. The prosecution of law is a power reserved for the executive branch and may not be delegated to the judicial branch.

L.B. 331, if enacted, would give an Article V court, rather than the executive branch, the ability to prosecute violations of law. The provisions in the legislation that allow the Court to prosecute violations of the Workers' Compensation Act, and at the same time allow the Court to sit in judgment, violates Article II, § 1 of the Nebraska Constitution.

The Doctrine of the Separation of Powers has long been a cornerstone in our republican form of both federal and state government. The Nebraska Supreme Court quoted Alexander Hamilton's argument found in Federalist No. 78:

The executive not only dispenses the honors, but holds the sword of community; The legislature not only commands the purse, but prescribes the rules by which the duties and rights of every citizen are to be regulated; The judiciary, on the contrary, has no influence over either the sword or the purse; no direction either of the strength or of the wealth of society; and can take no active resolution whatsoever; It may truly be said to have neither force nor will, but merely judgment.

State ex rel. Randall v. Hall, 125 Neb. 236, 242, 249 N.W. 756, 759 (1933). The purpose of the Separation of Powers Doctrine found in Article II, § 1 of the Nebraska Constitution is "to establish and maintain the independence of

⁶ Presently under § 48-145 (1), the Workers' Compensation Court may in its discretion withdraw approval of a self-insurer to provide its own coverage under the Workers' Compensation Act. Neb. Rev. Stat. 48-145 (1) (Reissue 1998). L.B. 331 would give due process rights to a self-insurer by requiring a notice and hearing procedure for withdrawing such approval. Section 48-145(1) currently does not provide for a monetary penalty to be imposed by the Court for violations of the Act committed by self-insurers.

the three branches of government." *Id.* L.B. 331 violates this independence.

CONCLUSION

Legislative Bill 331 is unconstitutional on its face, as it gives a court established under Article V, Section 1 of the Nebraska Constitution the ability to prosecute a violation of statutory law. Such authority given by the Legislature to an Article V court is prohibited by the Separation of Powers provision found in Article II, § 1 of the Nebraska Constitution. L.B. 331 would allow an encroachment by the judicial branch of state government into the powers reserved exclusively for the executive branch of government under Article IV of the Nebraska Constitution.

Don Stenberg

ATTORNEY GENERAL'S OPINION

Opinion No. 99018

DATE: April 26, 1999

SUBJECT: Amendment to LB 605 to provide for use of Ethanol Production Incentive Cash Fund for ethanol promotion and travel by the Governor to promote use of ethanol

REQUESTED BY: Senator Ed Schrock

WRITTEN BY: Don Stenberg, Attorney General
Steve Grasz, Deputy Attorney General

You have requested an Attorney General's Opinion concerning a proposed amendment to LB 605 to permit use of a portion of the Ethanol Production Incentive Cash Fund (EPIC Fund) by the Governor for promotion of ethanol and travel to promote the use of ethanol in other states. You have not provided us with a copy of your proposed amendment. However, you have inquired whether there are any legal constraints on the expenditure of EPIC Funds for these purposes.

The EPIC Fund is established by Neb. Rev. Stat. § 66-1345 (1996), and it's authorized uses are set forth therein. Under current law, the EPIC Fund may be used only "to pay the credits created in section 66-1344 to the extent provided in this section." Neb. Rev. Stat. § 66-1345 (1). These credits are used to make production incentive payments to producers of ethanol in Nebraska who meet certain criteria.

Under Nebraska law, "the Legislature has plenary legislative authority limited only by the state and federal Constitutions." *Lenstrom v. Thone*, 209 Neb. 783, 789, 311 Neb.2d 884 (1981). "Unless restricted by some provision of state or federal Constitution, the legislature may enact laws and appropriate funds for the accomplishment of any public purpose. It is for the Legislature to decide in the first instance what is and what is not a public purpose . . .". *Id.*

The promotion of ethanol use in the manner outlined in your request arguably benefits the economy of Nebraska, and would almost certainly constitute a legitimate public purpose if so determined by the Nebraska Legislature. *See State ex rel. Douglas v. Thone*, 204 Neb. 836, 286 N.W.2d 249 (1979). *See also* Op. Atty. Gen. No. 92061 (April 16, 1992) (discussing the public purpose doctrine). Furthermore, the Governor clearly possesses sufficient authority to engage in such promotional/economic development activities. *See* Neb. Const. art IV, § 6.

Thus, provided that the pertinent statutory language is properly amended to authorize the contemplated additional uses of the EPIC Fund, we see no legal obstacle to the proposed amendment.¹

¹ We note that the question presented identified no specific legal concerns. Thus, our response is necessarily general in nature. We also received the opinion request late on Friday morning with a request for a response by noon the following Monday. Consequently, the legal research on this matter cannot be considered exhaustive.

Sincerely,
Don Stenberg

4 Sec. 8. The board shall meet quarterly during the year
5 and shall review pending applications in order to approve and
6 certify beginning farmers and livestock producers as eligible for

9 farmers or livestock producers that are eligible for the benefits
10 authorized by sections 11 and 12 of this act. Any action taken by
11 the board regarding approval and certification of program
12 eligibility, granting of tax credits, or termination of rental
13 agreements shall require the affirmative vote of at least four
14 members of the board.

15 Sec. 9. The board shall determine who is qualified as a
16 beginning farmer or livestock producer based on the qualifications
17 found in this section. A qualified beginning farmer or livestock

21 majority of the day-to-day physical labor and management of the

23 livestock production experience or demonstrates knowledge in the
24 type of farming or livestock production for which he or she seeks
25 assistance from the board; (4) demonstrates to the board a profit
26 potential by submitting board-approved projected earnings
27 statements and agrees that farming or livestock production is
1 intended to become his or her principal source of income; (5)
2 demonstrates to the board a need for assistance; (6) participates
3 in a financial management program approved by the board; (7)
4 submits a nutrient management plan and a soil conservation plan to
5 the board for approval on any applicable agricultural assets
6 purchased or rented from an owner of agricultural assets; (8) is
7 not a relative as defined in section 36-702 of the owner of
8 agricultural assets in which the beginning farmer or livestock
9 producer is seeking to enter into a rental agreement; and (9) has
10 such other qualifications as specified by the board.

11 Sec. 10. The board shall, following the close of each
12 fiscal year, submit an annual report of the activities and actions
13 of the board for the preceding fiscal year to the Governor, the
14 Legislative Fiscal Analyst, and the Clerk of the Legislature. Each
15 member of the Legislature shall receive a copy of such report by
16 request to the chairperson of the board. Each report shall include
17 the following information:

18 (1) A complete operating and financial statement for the
19 board for the prior fiscal year;

20 (2) The number of qualified beginning farmers and
21 livestock producers receiving assistance from the board;

22 (3) The number of rental agreements entered into by the
23 board and the amount of assistance granted by the board; and

24 (4) Any other relevant information which the board deems

25 necessary to report.

26 Sec. 11. Beginning January 1, 2001, the beginning farmer
27 or livestock producer and owner of agricultural assets shall be
1 entitled to a rental assistance benefit equal to five percent of
2 the cash rent of agricultural assets of the owner of agricultural
3 assets to the beginning farmer or livestock producer. Such assets
4 shall only be rented at prevailing market rates as determined by
5 the board. The benefit shall be granted only after approval and
6 certification by the board of a written three-year rental agreement
7 entered into between the owner of agricultural assets, the
8 beginning farmer or livestock producer, and the board. The
9 agreement shall obligate the owner of agricultural assets not to
10 terminate the agreement without just cause and shall not obligate
11 the beginning farmer or livestock producer to be responsible for
12 managing or maintaining a farm which, based on the discretion of
13 the board, is of greater scope and scale than necessary for a
14 viably sized farm as established by the guidelines of the board.
15 The written agreement shall obligate the beginning farmer or
16 livestock producer to commit to farming or livestock production as
17 his or her principal source of income, participate in a financial
18 management program approved by the board, and comply with the
19 nutrient management plan and soil conservation that was approved by
20 the board. The written agreement shall obligate the board to
21 provide five percent of the cash rent required in the rental
22 agreement. An owner of agricultural assets or a beginning farmer
23 or livestock producer may terminate such agreement for reasonable
24 cause upon approval by the board. The benefits provided by the
25 Beginning Farmer Assistance Act may be collected for a total of
26 three years. After execution of an agreement qualifying for
27 assistance under the act, neither the beginning farmer or livestock
1 producer or the owner of agricultural assets shall be eligible for
2 further benefits under the act unless the rental agreement is
3 terminated prior to the end of the three-year period at no fault of
4 the person seeking later qualification for benefits. If the board
5 finds that such termination was not the fault of the person seeking
6 later qualification for the program, it may approve the beginning
7 farmer or livestock producer or owner of agricultural assets for
8 benefits arising from a subsequent qualifying rental agreement.
9 Any person aggrieved by a decision of the board may appeal the
10 decision, and the appeal shall be in accordance with the
11 Administrative Procedure Act.

12 Sec. 12. The Beginning Farmer Benefit Fund is created.
13 Any money in the fund available for investment shall be invested by
14 the state investment officer pursuant to the Nebraska Capital
15 Expansion Act and the Nebraska State Funds Investment Act. The
16 fund shall consist of money appropriated to the fund for this
17 purpose. The board shall not enter into contracts which obligate
18 the board to pay more under the contracts than has been
19 appropriated by the Legislature for the fund for the current budget

20 period. Any benefits approved under the Beginning Farmer
 21 Assistance Act are to be paid from the fund as provided in the
 22 agreement of the board. The benefit amount shall be limited to
 23 five percent of the cash rent provided for in the agreement for
 24 three years."

AMENDMENTS - Print in Journal

Messrs. Bromm and Beutler filed the following amendment to LB 585:
AM1489

(Amendments to E & R amendments, AM7094)

- 1 1. Strike section 6 and insert the following new
- 2 sections:
- 3 "Sec. 2. Section 60-4,118, Reissue Revised Statutes of
- 4 Nebraska, is amended to read:
- 5 60-4,118. (1) No operator's license shall be granted to
- 6 any applicant until such applicant satisfies the examiner that he
- 7 or she possesses sufficient powers of eyesight to enable him or her
- 8 to obtain a Class O license and to operate a motor vehicle on the
- 9 highways of this state with a reasonable degree of safety. The
- 10 Department of Motor Vehicles, with the advice of the Health
- 11 Advisory Board, shall adopt and promulgate rules and regulations:

12 (a) Requiring a minimum acuity level of vision. Such
13 level may be obtained through the use of standard eyeglasses,
14 contact lenses, or bioptic or telescopic lenses which are specially
15 constructed vision correction devices which include a lens system
16 attached to or used in conjunction with a carrier lens; and

17 (b) Requiring a minimum field of vision. Such field of
18 vision may be obtained through standard eyeglasses, contact lenses,
19 or the carrier lens of the bioptic or telescopic lenses.

20 (2) If a vision aid is used by the applicant to meet the
21 vision requirements of this section, the operator's license of the
22 applicant shall be restricted to the use of such vision aid when
23 operating the motor vehicle. If the applicant fails to meet the
1 vision requirements, the examiner shall require the applicant to
2 present an optometrist's or ophthalmologist's statement certifying
3 the vision reading obtained when testing the applicant within
4 ninety days of the applicant's license examination. If the vision
5 reading meets the vision requirements prescribed by the department,
6 the vision requirements of this section shall have been met.

7 (3) If the applicant for an operator's license discloses
8 that he or she has any other physical impairment which may affect
9 the safety of operation by such applicant of a motor vehicle, the
10 examiner shall require the applicant to show cause why such license
11 should be granted and, through such personal examination and
12 demonstration as may be prescribed by the director with the advice
13 of the Health Advisory Board, to show the necessary ability to
14 safely operate a motor vehicle on the highways. The director may
15 also require the person to appear before the board or a designee of
16 the board. If the examiner, board, or designee is then satisfied
17 that such applicant has the ability to safely operate a motor
18 vehicle, an operator's license may be issued to the applicant
19 subject, at the discretion of the director, to a limitation to
20 operate only such motor vehicles at such time, for such purpose,
21 and within such area as the license shall designate.

22 (4)(a) The director may, when requested by a law
23 enforcement officer, when the director has reason to believe that a
24 person may be physically or mentally incompetent to operate a motor
25 vehicle, or when a person's driving record appears to the
26 department to justify an examination, request the advice of the
27 Health Advisory Board and may give notice to the person to appear
1 before an examiner, the board, or a designee of the director for
2 examination concerning the person's ability to operate a motor
3 vehicle safely. Any such request by a law enforcement officer
4 shall be accompanied by written justification for such request and
5 shall be approved by a supervisory law enforcement officer, police
6 chief, or county sheriff.

7 (b) A refusal to appear before an examiner, the board, or
8 a designee of the director for an examination after notice to do so
9 shall be unlawful and shall result in the immediate cancellation of
10 the person's operator's license by the director.

11 (c) If the person cannot qualify at the examination by an
12 examiner, his or her operator's license shall be immediately
13 surrendered to the examiner and forwarded to the director who shall
14 cancel the person's operator's license.

15 (d) If in the opinion of the board the person cannot
16 qualify at the examination by the board, the board shall advise the
17 director. If the director determines after consideration of the
18 advice of the board that the person lacks the physical or mental
19 ability to operate a motor vehicle, the director shall notify the
20 person in writing of the decision. Upon receipt of the notice, the
21 person shall immediately surrender his or her operator's license to
22 the director who shall cancel the person's operator's license.

23 (e) Refusal to surrender an operator's license on demand
24 shall be unlawful, and any person failing to surrender his or her
25 operator's license as required by this subsection shall be guilty
26 of a Class III misdemeanor.

27 (5) No operator's license referred to in this section
1 shall, under any circumstances, be issued to any person who has not
2 attained the age of seventeen years; ~~but upon application~~
3 ~~therefor and proof of age in the manner provided in section 60-484;~~
4 ~~any such person may take the examination required by this section~~
5 ~~at any time within sixty days prior to his or her seventeenth~~
6 ~~birthday.~~

7 (6) No operator's license shall be issued to a person
8 under eighteen years of age applying for an operator's license
9 under this section unless such person:

10 (a) Has possessed a valid provisional operator's permit
11 for at least a twelve-month period beginning on the date of
12 issuance of such person's provisional operator's permit;

13 (b) Has not accumulated three or more points pursuant to
14 section 60-4,182 during the twelve-month period immediately
15 preceding the date of the application for the operator's license;
16 and

17 (c) Has surrendered the provisional operator's permit to
18 the examiner.

19 (7) The department shall waive the written examination
20 and the driving test required under this section for any person
21 ~~eighteen seventeen to twenty-one~~ years of age or older applying for
22 his or her initial operator's license, except a commercial driver's
23 license or permit, if he or she has ~~held been issued~~ a provisional
24 operator's permit ~~within the twenty-four months immediately~~
25 ~~preceding the date of application.~~

26 (8)(a) Upon receipt by the director of (i) a certified
27 copy of a court order issued pursuant to section 60-6,211.05, (ii)
1 sufficient evidence that the defendant has surrendered his or her
2 operator's license to the department and installed an approved
3 ignition interlock device in accordance with such court order, and
4 (iii) payment by the defendant of the fee provided in section
5 60-4,115, the defendant shall be eligible for reinstatement of his

6 or her operator's license following the expiration of thirty days
7 after revocation under section 60-6,206 and the director shall
8 issue to the defendant a Class O license restricted to the
9 operation of a motor vehicle equipped with an ignition interlock
10 device. The department shall not issue such a license to any
11 person convicted of a second or subsequent violation of section
12 60-6,196 or 60-6,197 until at least one year of the operator's
13 license revocation shall have elapsed.

14 (b) Upon expiration of the court order issued pursuant to
15 section 60-6,211.05 or an order issued by the Board of Pardons
16 pursuant to section 83-1,127.02, the defendant may apply to the
17 department in writing for issuance of an operator's license which
18 does not contain such restriction. If the license surrendered by
19 the defendant under subdivision (a) of this subsection has not
20 expired, the director shall return such license to the defendant.
21 If such license has expired, the defendant shall reapply for an
22 operator's license pursuant to the Motor Vehicle Operator's License
23 Act.

24 Sec. 7. Upon conviction for a second or subsequent
25 violation of section 60-6,196 or 60-6,197, the court shall impose
26 either of the following restrictions on all motor vehicles owned by
27 the person so convicted:

1 (1)(a) The court shall order the motor vehicle or motor
2 vehicles immobilized at the owner's expense for a period of time
3 not less than five days and not more than eight months and shall
4 notify the department of Motor Vehicles of the period of
5 immobilization. Any immobilized motor vehicle shall be released to
6 the holder of a bona fide lien on the motor vehicle executed prior
7 to such immobilization when possession of the motor vehicle is
8 requested as provided by law by such lienholder for purposes of
9 foreclosing and satisfying such lien. If a person tows and stores
10 a motor vehicle pursuant to this subdivision at the direction of a
11 peace officer or the court and has a lien upon such motor vehicle
12 while it is in his or her possession for reasonable towing and
13 storage charges, the person towing the vehicle has the right to
14 retain such motor vehicle until such lien is paid. For purposes of
15 this subdivision, immobilized or immobilization means revocation or
16 suspension, at the discretion of the court, of the registration of
17 such motor vehicle or motor vehicles, including the license plates.
18 The record of such revocation or suspension shall become a part of
19 the owner's record maintained by the department; and

20 (b)(i) Any immobilized motor vehicle shall be released by
21 the court without any legal or physical restraints to any
22 registered owner who is not the registered owner convicted of a
23 second or subsequent violation of section 60-6,196 or 60-6,197 if
24 an affidavit is submitted to the court by such registered owner
25 stating that the affiant is employed, that the motor vehicle
26 subject to immobilization is necessary to continue that employment,
27 that such employment is necessary for the well-being of the

1 affiant's dependent children or parents, that the affiant will not
2 authorize the use of the motor vehicle by any person known by the
3 affiant to have been convicted of a second or subsequent violation
4 of section 60-6,196 or 60-6,197, that affiant will immediately
5 report to a local law enforcement agency any unauthorized use of
6 the motor vehicle by any person known by the affiant to have been
7 convicted of a second or subsequent conviction of section 60-6,196
8 or 60-6,197, and that failure to release the motor vehicle would
9 cause undue hardship to the affiant.

10 (ii) A registered owner who executes an affidavit
11 pursuant to subdivision (c)(i) of this section which is acted upon
12 by the court and who fails to immediately report an unauthorized
13 use of the motor vehicle which is the subject of the affidavit is
14 guilty of a Class IV misdemeanor and may not file any additional
15 affidavits pursuant to subdivision (c)(i) of this section.

16 (iii) The Department of Motor Vehicles shall adopt and
17 promulgate rules and regulations to implement the provisions of
18 this subsection; or

19 (2) As an alternative to subdivision (1) of this section,
20 the court shall order the installation of an ignition interlock
21 device on each of the owner's motor vehicles, if the owner was
22 sentenced to an operator's license revocation of at least one year
23 and has completed at least one year of such revocation. The
24 installation of an ignition interlock device shall be for a period
25 not less than six months, commencing upon the end of such year of
26 the operator's license revocation. Notwithstanding any other
27 provision of law, and if the owner was convicted of a second or
1 subsequent violation of section 60-6,196 or 60-6,197, no ignition
2 interlock device shall be ordered by any court or state agency
3 under any circumstances until at least one year of the operator's
4 license revocation shall have elapsed."

5 2. On page 4, lines 10 through 12; page 5, lines 16
6 through 18; page 6, lines 22 and 23; page 12, lines 11 through 13;
7 page 13, lines 18 and 19; and page 14, lines 24 through 26, strike
8 the new matter and all amendments thereto and insert ", and shall

Messrs. Wickersham and Wehrbein filed the following amendment to
LB 87A:
AM1511

1 1. Strike the original section and insert the following
2 new sections:

3 "Section 1. Section 77-4104, Reissue Revised Statutes of
4 Nebraska, is amended to read:

5 77-4104. (1) In order to utilize the incentives set
6 forth in the Employment and Investment Growth Act, the taxpayer
7 shall file an application for an agreement with the Tax
8 Commissioner.

9 (2) The application shall contain:

10 (a) A written statement describing the plan of employment
11 and investment for a qualified business in this state;

12 (b) Sufficient documents, plans, and specifications as
13 required by the Tax Commissioner to support the plan and to define
14 a project;

15 (c) If more than one location within this state is
16 involved, sufficient documentation to show that the employment and
17 investment at different locations are interdependent parts of the
18 plan. A headquarters shall be presumed to be interdependent with
19 any other location directly controlled by such headquarters. A
20 showing that the parts of the plan would be considered parts of a
21 unitary business for corporate income tax purposes shall not be
22 sufficient to show interdependence for the purposes of this
23 subdivision;

24 (d) A nonrefundable application fee of five hundred
1 dollars. The fee shall be deposited into the Employment and
2 Investment Growth Fund, which fund is hereby created. Any money in
3 the fund available for investment shall be invested by the state
4 investment officer pursuant to the Nebraska Capital Expansion Act
5 and the Nebraska State Funds Investment Act; and

6 (e) A timetable showing the expected sales tax refunds
7 and what year they are expected to be claimed. The timetable shall
8 include both direct refunds due to investment and credits taken as
9 sales tax refunds as accurately as possible; and

10 (f) Beginning October 1, 1999, a realistic assessment of
11 the amount of investment and employment expected at the project.

12 The application and all supporting information shall be
13 confidential except for the information required to be reported by
14 sections 77-4110 and 77-4113 and beginning October 1, 1999, the
15 realistic assessment of the amount of investment and employment
16 expected at the project.

17 (3) Once satisfied that the plan in the application
18 defines a project consistent with the purposes stated in section
19 77-4102 in one or more qualified business activities within this
20 state, that the plans will result in either (a) the investment in
21 qualified property of at least three million dollars and the hiring
22 of at least thirty new employees or (b) the investment in qualified
23 property resulting in a net gain in the total value of tangible
24 property in this state of a type subject to depreciation,
25 amortization, or other recovery under the Internal Revenue Code of

26 1986 of at least twenty million dollars, and that the required
27 levels of employment and investment for the project will be met
1 prior to the end of the sixth year after the year in which the
2 application was submitted, the Tax Commissioner shall approve the
3 application. In determining the net gain in value for purposes of
4 this subsection, all tangible personal property shall be valued in
5 a manner consistent with the value determined for qualified
6 property, and the total value on the last day of each year shall be
7 compared with the total value on the last day of the base year.

8 (4) After approval, the taxpayer and the Tax Commissioner
9 shall enter into a written agreement. The taxpayer shall agree to
10 complete the project, and the Tax Commissioner, on behalf of the
11 State of Nebraska, shall designate the approved plans of the
12 taxpayer as a project and, in consideration of the taxpayer's
13 agreement, agree to allow the taxpayer to use the incentives
14 contained in the Employment and Investment Growth Act. The
15 application, and all supporting documentation, to the extent
16 approved, shall be considered a part of the agreement. The
17 agreement shall state:

18 (a) The levels of employment and investment required by
19 the act for the project;

20 (b) The time period under the act in which the required
21 levels must be met;

22 (c) The documentation the taxpayer will need to supply
23 when claiming an incentive under the act;

24 (d) The date the application was filed; and

25 (e) A requirement that the company update the Department
26 of Revenue annually on any changes in plans or circumstances which
27 affect the timetable of sales tax refunds as set out in the
1 application. If the company fails to comply with this requirement,
2 the Tax Commissioner may defer any pending sales tax refunds until
3 the company does comply.

4 (5) The incentives contained in section 77-4105 shall be
5 in lieu of the tax credits allowed by section 77-27,188 for any
6 project. In computing credits under section 77-27,188, any
7 investment or employment which is eligible for benefits under the
8 Employment and Investment Growth Act shall be subtracted from the
9 increases computed for determining the credits under section
10 77-27,188.

11 (6) A taxpayer and the Tax Commissioner may enter into
12 agreements for more than one project and may include more than one
13 project in a single agreement. The projects may be either
14 sequential or concurrent. A project may involve the same location
15 as another project. No new employment or new investment shall be
16 included in more than one project for either the meeting of the
17 employment or investment requirements or the creation of credits.
18 When projects overlap and the plans do not clearly specify, then
19 the taxpayer shall specify in which project the employment and
20 investment belongs.

21 Sec. 2. Original section 77-4104, Reissue Revised
 22 Statutes of Nebraska, is repealed."

Mr. President, Mr. Speaker
and Members of the Legislature
State Capitol
Lincoln, Nebraska 68509

Dear Mr. President, Mr. Speaker, and Members of the Legislature:

With this letter, I am returning LB 68A with line-item reductions.

The cash fund appropriation to administer the regulation of nail technology practitioners, salons, schools, and instructors is reduced by \$59,771 in FY1999-00 and \$49,820 in FY2000-01. This reduction can be made without harming the effectiveness of the program. Personal service limitation amounts are also reduced by \$40,024 for FY1999-00 and by \$34,691 for FY2000-01.

As the Nebraska Department of Health and Human Services - Regulation and Licensure has indicated it can implement LB 68 based upon this reduction of funds, I urge you to sustain my veto.

Sincerely,
(Signed) Mike Johanns
Governor

RESOLUTION

LEGISLATIVE RESOLUTION 81. Introduced by Health and Human Services Committee: Jensen, 20, Chairperson; Byars, 30; Price, 26; Suttle, 10; Thompson, 14; Tyson, 19.

PURPOSE: To study the appropriate protection of children and vulnerable adults who receive care and supervision by persons in facilities, institutions, or other out-of-home settings. The study shall include, but is not limited to: (1) A review of issues relating to the use of criminal background checks and other appropriate screening mechanisms for those who provide direct care to children and vulnerable adults; and (2) a review of recommendations from a 1998 study of the Nebraska child abuse and neglect central registry and other issues identified with respect to the registry.

With respect to the use of criminal background checks or other screening mechanisms, the study shall consider, among other things: (1) The necessity and feasibility of mandated criminal background checks; (2) upon whom should criminal background checks be conducted and by whom; (3) what other screening mechanisms should be used to protect children and vulnerable adults and what guidelines should be established for the use of such screening mechanisms; (4) the cost of criminal background checks or other screening mechanisms, including fingerprinting, the cost of state and federal checks and those conducted by the private sector and by whom those costs will be paid; (5) how quickly criminal background check information can be provided by the Nebraska State Patrol and the Federal Bureau of Investigation and how that reporting time can be improved; (6) how information reported to the Nebraska State Patrol is currently collected and verified in Nebraska; and (7) whether results of completed criminal background checks should be studied to determine the percentage of reports that contain criminal histories.

The Health and Human Services Committee of the Legislature, in consultation with the Judiciary Committee of the Legislature, shall consider input from the Governor, the Nebraska Health and Human Services System, day care providers and other providers of care for children and vulnerable adults, the Nebraska State Patrol, private providers who perform criminal background checks and other screening of caregivers, members of the Legislature, and interested citizens with respect to the study and may conduct a public hearing in connection with such study. If indicated and appropriate, enabling legislation may be drafted to incorporate comments, suggestions, and recommendations received.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee, in consultation with the Judiciary Committee, of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

RESOLUTIONS

LEGISLATIVE RESOLUTION 82. Introduced by Dw. Pedersen, 39.

PURPOSE: To conduct an interim study to examine and seek to determine the appropriate administrative structure for the oversight and operation of the Nebraska veterans homes with respect to the concerns addressed in LB 430 (1999).

The study shall systematically examine the operations of the veterans homes and the efforts such operations have on satisfactory delivery of services, efficient use of resources, and accountability regarding the quality of care.

This study shall include the following elements:

(1) A review of the issues and policies governing admittance to the Nebraska veterans homes in order to determine the reasons for underutilization of the facilities by eligible veterans and their spouses;

(2) A review of the issues and policies regarding the utilization of bed space for offices and storage;

(3) A review of issues and policies regarding staffing, such review to cover recruitment efforts and personnel retention;

(4) A determination of the proper level of funding the operations of the veterans homes; and

(5) An exploration of the issue of oversight by the Department of Veterans Affairs. NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Government, Military and Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That in conjunction with the Government, Military and Veterans Affairs Committee, individuals representing the budget division of the Department of Administrative Services, the Department of Health and Human Services, the Department of Veterans Affairs, all interested members of the Legislature, representatives of the veterans organizations, and members of the public shall participate and assist the committee in its findings.

3. That the committee shall conduct public hearings across the state with at least one public hearing being held at each of the four veterans homes

located in Norfolk, Omaha, Grand Island, and Scottsbluff, providing an opportunity for public comment and discussion with all employees and residents regarding their concerns with the current operations at each of the facilities.

4. That the committee shall, upon the conclusion of its study, submit a written report of its findings, including all transcripts of public hearings held across the state in each of the four veterans homes, together with its recommendations, to the Legislature.

5. That the committee shall conduct a review of LB 430 (1999) in order to amend that legislation or prepare legislation for reintroduction in the next legislative session.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 83. Introduced by Dw. Pedersen, 39; Thompson, 14; Suttle, 10.

WHEREAS, 1999 marks the centennial celebration of the creation of America's Juvenile Courts and such a milestone provides a unique opportunity for communities throughout the United States to acknowledge the judicial system that allowed individuals to take leadership roles, as people did one hundred years ago, identifying the needs of children and shaping sound public policy regarding justice for children; and

WHEREAS, in 1899 the Juvenile Court of Cook County was established in Chicago through the combined efforts of a number of community leaders and the Chicago Bar Association. Together these individuals crafted and assured passage of Illinois legislation to create a separate court for children and ensure that children were removed from adult jails and poorhouses. This children's court was founded in recognition that children and adolescents are developmentally different from adults and that these differences make youth both less culpable and more amenable to intervention and treatment; and

WHEREAS, the goal of juvenile courts from their inception has been the recovery and rehabilitation of children rather than the punishment and incapacitation of children; and

WHEREAS, the Juvenile Courts of Nebraska are committed to the goals and messages of the founders of juvenile courts, have planned a comprehensive program to share the history of the early juvenile courts, and are committed to improve the current juvenile court system and the lives of our children, to raise public awareness and education, important social and legal issues affecting children and families, and to build new partnerships with other professions and agencies that work with children and families throughout Nebraska; and

WHEREAS, we face a new century with an opportunity to enhance justice for children and to reform how the juvenile courts are viewed, supported, and utilized and how the juvenile courts can strengthen families and support the development of healthy children and effective communities; and

WHEREAS, on July 21, 1999, the Honorable Gerald E. Rouse, a county court judge of the 5th Nebraska County Court District, will take office as President of the National Council of Juvenile and Family Court Judges. The

council was founded in 1937 and is the oldest and one of the largest judicial organizations in the United States. The purposes of the council include training and technical expertise for judges, developing best practices for courts in dealing with neglected and dependent children and their families and dealing with all functions of the family including domestic relations, domestic violence, adoptions, and guardianships. The council has a research division, the National Center for Juvenile Justice located in Pittsburgh, Pennsylvania, which is responsible for keeping national statistics on delinquency and writing publications for the various agencies and for Congress.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. The Legislature recognizes and commends the role of the juvenile courts in Nebraska and throughout the United States.
2. The legislature congratulates Judge Rouse for his election as President of the National Council of Juvenile and Family Court Judges.
3. That a copy of this resolution be sent to Judge Rouse.

Laid over.

RESOLUTIONS

LEGISLATIVE RESOLUTION 84. Introduced by Coordsen, 32.

PURPOSE: Agricultural land is often sold to buyers whose primary interest in the land is not for farming or ranching, but for recreation, development, speculation, or aesthetics. The prices paid by these buyers are considerably higher than the value of the land for agricultural or horticultural purposes. These sales subsequently drive up the values of the neighboring agricultural land and result in higher property taxes. The purpose of this resolution is to study possible solutions to the valuation problems generated from agricultural land used for nonagricultural purposes. The study shall include, but not be limited to:

(1) Examination of the methods and guidelines used by county assessors and the Property Tax Administrator in comparable sales involving agricultural land used for agricultural purposes and agricultural land used for nonagricultural purposes;

(2) Examination of new categories of agricultural and horticultural land which would include agricultural land used for nonagricultural purposes;

(3) Examine the relationship between actual agricultural land valuations and land value if put solely to agricultural use;

(4) Examine the methods and guidelines used by county assessors and the Property Tax Administrator in valuation of farmstead sites that are part of a farming operation;

(5) Examine current use of greenbelting in Nebraska and new ways to expand its use; and

(6) Examine changes proposed in Legislative Bill 853, Ninety-sixth Legislature, First Session, 1999.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 85. Introduced by Cudaback, 36.

PURPOSE: The purpose of this resolution is to propose a study of the use of nonpolluting motor vehicle fuel such as natural gas and liquefied petroleum gas. The study should include ways to promote the use of nonpolluting motor vehicle fuel, including tax and other incentives that could increase usage and their funding. The study should also include a review of federal requirements relating to the issues studied.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

LEGISLATIVE RESOLUTION 87. Introduced by Tyson, 19.

PURPOSE: Requirements of federal and state law with regard to the manner and location of detaining juveniles have resulted in difficulties for individual counties in providing juvenile detention facilities. LB 850 was introduced for the purpose of considering a statewide infrastructure for juvenile detention through the creation of juvenile detention regions. The purpose of this study is to consider whether creation of juvenile detention regions will result in improved care and rehabilitation of juvenile offenders, encourage cooperation among county and state agencies in the area of juvenile justice, and ensure better compliance with state and federal laws and regulations regarding juvenile detention. Additionally, the study will determine whether creation of juvenile detention regions will result in lower overall cost to taxpayers within the respective regions for construction and operation costs of juvenile detention facilities and will allow counties improved ability to budget for such costs.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

RESOLUTIONS

LEGISLATIVE RESOLUTION 89. Introduced by Dw. Pedersen, 39.

PURPOSE: The purpose of this resolution is to study the following issues:

(1) Detailed analysis of jamming and parole statistics for each classification in the Department of Correctional Services, including which classifications of inmates are more likely to be paroled and more likely to be jammed.

(2) What are the recidivism rates for inmates who are paroled and what are the recidivism rates for inmates who jam.

(3) What are the factors that lead the department to recommend inmates to

be paroled? What are the factors that lead the department to recommend inmates jam their sentences?

(4) What can be done within the department to increase the number of eligible parolees?

(5) Is the current classification system within the department a hindrance to lower classification and subsequent parole?

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 90. Introduced by Dw. Pedersen, 39.

PURPOSE: The purpose of this resolution is to study the following issues:

(1) Is there currently a safety hazard in regards to oversize vehicles and loads traveling on Nebraska highways or on the Interstate?

(2) Do other states require escort vehicles for oversize vehicles and loads? At what size do these states require escort vehicles for oversized vehicles and loads?

(3) Information on Nebraska traffic accidents in which oversize vehicles and loads were involved for the last five years; and

(4) Does Nebraska have an adequate supply of escort vehicle services for an increase in escort vehicle needs for oversize vehicles and loads?

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 91. Introduced by Landis, 46; Beutler, 28.

WHEREAS, Quinn Chapel was officially organized as an African Methodist Episcopal Church in 1871, with a membership of eleven persons, the first documented African American church in Lincoln, Nebraska, just four years after Lincoln was founded as the state capital; and

WHEREAS, in 1873, the small congregation received two lots from the Nebraska State Legislature for the erection of a house of worship; and

WHEREAS, Quinn Chapel, now located at 1225 South 9th Street, has served as a training field for city council representatives, lawyers, doctors, educators, and entrepreneurs, and has provided a safe place for people of like

identities and experiences to come to for worship and fellowship. Quinn Chapel and its parsonage are listed on the National Register of Historic places as contributing properties within the South Bottoms Historic District (NRHP, 1986) but the church's contribution to the development of Lincoln has not been fully recognized; and

WHEREAS, we face a new century with the opportunity to tell more fully the story of the contributions of African Americans to the settlement of Lincoln, Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature acknowledges the valuable roles that historic landmarks play as locales where a community's history can be brought to life and the value of living in a diverse environment fostered.

2. That the Legislature commends Quinn Chapel African Methodist Episcopal Church in Lincoln, Nebraska, to the United States Department of the Interior, National Park Service, for placement on the National Register of Historic Places.

3. That a copy of this resolution be sent to the congregation of Quinn Chapel, in care of Pastor Andrew Rollins.

Laid over.

LEGISLATIVE RESOLUTION 92. Introduced by Janssen, 15.

PURPOSE: The Legislature has recently considered a number of policy choices concerning changes in the method of allocating state lottery revenue. In the 1999 Legislature, LB 187 would have changed the allocation of state lottery revenue by reducing the percentage of funds provided to the Nebraska Environmental Trust Fund and providing funds to the Building Renewal Allocation Fund. LB 187 was held by the committee. This study shall include, but not be limited to, examination of the following:

1. Whether it is appropriate to change the current policy concerning the allocation of state lottery revenue;

2. If it is appropriate to change the allocation of state lottery revenue, the appropriate recipients of such revenue;

3. The interests and desires of the public on this issue, including the history of enactment of the State Lottery Act;

4. Allocation of state lottery revenue in other states; and

5. Any other matters necessary or appropriate for a complete examination of this issue.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 93. Introduced by Janssen, 15.

PURPOSE: Current Nebraska law permits an individual to import of up to nine liters per month of alcoholic liquor into the state for personal use without obtaining a shipping license. Two bills were introduced in the 1999 Legislature which would have changed this personal use exemption. LB 281 would have eliminated the personal use exemption and required all liquor brought into the state to go through the three-tier system of licensed wholesalers and licensed retailers before reaching the consumer. LB 790 would have retained the nine-liter personal use exemption for individual residents of the state but would require a permit for all business entities which send alcoholic liquor directly to consumers in the state. Both bills were held by the committee.

There is evidence that these types of shipments are increasing as a result of the proliferation of small wineries and breweries in this county. In addition, use of the Internet and other direct marketing strategies have made it easier for consumers to obtain this type of product directly from sellers in other states. The following are a number of issues which should be addressed in the course of this study:

1. The amount of alcoholic liquor which is shipped directly to consumers in this state;
2. Whether minors are using the Internet or other means to obtain alcoholic liquor through direct shipments to consumers into the state;
3. Methods of licensing or regulating direct shipments of alcohol into the state, including methods used by other states;
4. Methods of obtaining revenue from direct sales of alcoholic liquor to consumers in this state;
5. The impact of regulating shipments of alcoholic liquor to consumers in this state on producers in this state who ship directly to consumers in other states; and
6. Any other matters which are necessary and proper for a full and complete examination of this issue.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 94. Introduced by Janssen, 15.

PURPOSE: This study is intended to review the membership of the Nebraska Liquor Control Commission. In the 1999 Legislature, LB 431 and LB 529 were introduced with the intent of changing the membership of the commission. LB 431 would have provided for three voting members of the commission appointed in the same manner as at present and four nonvoting

advisory members, one representing municipalities, one representing retailers, one representing wholesalers, and one representing the Alcohol and Drug Abuse Advisory Committee. LB 529 would have required that one voting member of the commission have at least five years experience in the liquor industry. Both bills were held by the committee. The study shall include, but not be limited to, the following:

1. The role and function of members of the commission;
2. Whether it is necessary or appropriate to require that the commission include representation from particular groups interested in the process of regulating alcoholic liquor in the State of Nebraska including, but not limited to, any or all of the following:
 - a. Licensed retailers;
 - b. Licensed wholesalers;
 - c. Manufacturers;
 - d. Farm wineries or craft breweries;
 - e. Alcohol abuse prevention groups;
 - f. Cities or counties;
 - g. Law enforcement; or
 - h. Any other parties interested in the regulation of alcoholic liquor;
3. If it is appropriate to change the membership of the commission, whether the members of the commission should be voting members, or whether advisory membership is appropriate;
4. The membership of similar regulatory bodies in other states and whether they require representation from particular interest groups or whether they have advisory bodies; and
5. Any other matters necessary or proper for a complete examination of this issue.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 95. Introduced by Janssen, 15.

PURPOSE: In 1999 the Legislature considered methods of increasing lottery sales, including increasing the amount of prize payout, providing increased compensation or bonuses to retailers, and use of lottery ticket vending machines. This study shall include, but not be limited to, examination of the following:

1. Whether increasing the percentage of payout to purchasers of lottery tickets would increase sales;
2. Whether increased compensation, bonuses, or other methods of compensation would provide incentives for retailers to increase sales;
3. Whether use of lottery ticket vending machines would increase sales

and, if so, methods of ensuring that lottery tickets are not sold to minors;

4. Whether there are other sales opportunities that are not currently being met under the current system; and

5. Any other matters appropriate for a complete examination of the issue.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

- 4 Nebraska, is amended to read:
- 5 77-4104. (1) In order to utilize the incentives set
- 6 forth in the Employment and Investment Growth Act, the taxpayer
- 7 shall file an application for an agreement with the Tax
- 8 Commissioner.
- 9 (2) The application shall contain:
- 10 (a) A written statement describing the plan of employment
- 11 and investment for a qualified business in this state;
- 12 (b) Sufficient documents, plans, and specifications as
- 13 required by the Tax Commissioner to support the plan and to define
- 14 a project;
- 15 (c) If more than one location within this state is
- 16 involved, sufficient documentation to show that the employment and
- 17 investment at different locations are interdependent parts of the
- 18 plan. A headquarters shall be presumed to be interdependent with
- 19 any other location directly controlled by such headquarters. A
- 20 showing that the parts of the plan would be considered parts of a
- 21 unitary business for corporate income tax purposes shall not be
- 22 sufficient to show interdependence for the purposes of this
- 23 subdivision;
- 24 (d) A nonrefundable application fee of five hundred
- 1 dollars. The fee shall be deposited into the Employment and
- 2 Investment Growth Fund, which fund is hereby created. Any money in
- 3 the fund available for investment shall be invested by the state
- 4 investment officer pursuant to the Nebraska Capital Expansion Act
- 5 and the Nebraska State Funds Investment Act; and
- 6 (e) A timetable showing the expected sales tax refunds
- 7 and what year they are expected to be claimed. The timetable shall
- 8 include both direct refunds due to investment and credits taken as
- 9 sales tax refunds as accurately as possible.
- 10 The application and all supporting information shall be
- 11 confidential except for the name of the taxpayer, the location of

12 the project, the amounts of increased employment and investment,
13 and the information required to be reported by sections 77-4110 and
14 77-4113.

15 (3) Once satisfied that the plan in the application
16 defines a project consistent with the purposes stated in section
17 77-4102 in one or more qualified business activities within this
18 state, that the plans will result in either (a) the investment in
19 qualified property of at least three million dollars and the hiring
20 of at least thirty new employees or (b) the investment in qualified
21 property resulting in a net gain in the total value of tangible
22 property in this state of a type subject to depreciation,
23 amortization, or other recovery under the Internal Revenue Code of
24 1986 of at least twenty million dollars, and that the required
25 levels of employment and investment for the project will be met
26 prior to the end of the sixth year after the year in which the
27 application was submitted, the Tax Commissioner shall approve the
1 application. In determining the net gain in value for purposes of
2 this subsection, all tangible personal property shall be valued in
3 a manner consistent with the value determined for qualified
4 property, and the total value on the last day of each year shall be
5 compared with the total value on the last day of the base year.

6 (4) After approval, the taxpayer and the Tax Commissioner
7 shall enter into a written agreement. The taxpayer shall agree to
8 complete the project, and the Tax Commissioner, on behalf of the
9 State of Nebraska, shall designate the approved plans of the
10 taxpayer as a project and, in consideration of the taxpayer's
11 agreement, agree to allow the taxpayer to use the incentives
12 contained in the Employment and Investment Growth Act. The
13 application, and all supporting documentation, to the extent
14 approved, shall be considered a part of the agreement. The
15 agreement shall state:

16 (a) The levels of employment and investment required by
17 the act for the project;

18 (b) The time period under the act in which the required
19 levels must be met;

20 (c) The documentation the taxpayer will need to supply
21 when claiming an incentive under the act;

22 (d) The date the application was filed; and

23 (e) A requirement that the company update the Department
24 of Revenue annually on any changes in plans or circumstances which
25 affect the timetable of sales tax refunds as set out in the
26 application. If the company fails to comply with this requirement,
27 the Tax Commissioner may defer any pending sales tax refunds until
1 the company does comply.

2 (5) The incentives contained in section 77-4105 shall be
3 in lieu of the tax credits allowed by section 77-27,188 for any
4 project. In computing credits under section 77-27,188, any
5 investment or employment which is eligible for benefits under the
6 Employment and Investment Growth Act shall be subtracted from the

7 increases computed for determining the credits under section
8 77-27,188.

9 (6) A taxpayer and the Tax Commissioner may enter into
10 agreements for more than one project and may include more than one
11 project in a single agreement. The projects may be either
12 sequential or concurrent. A project may involve the same location
13 as another project. No new employment or new investment shall be
14 included in more than one project for either the meeting of the
15 employment or investment requirements or the creation of credits.
16 When projects overlap and the plans do not clearly specify, then
17 the taxpayer shall specify in which project the employment and
18 investment belongs.

If on January 1 of any year the balance of the Livestock Waste Facility Emergency Cash Fund is one million dollars or more, the annual operating fees for such year prescribed in this section shall be reduced by ten percent. (Amendments to Standing Committee amendments, AM1282)

- 1 1. Strike sections 20, 71 through 75, and 77 and insert
- 2 the following new sections:
- 3 "Sec. 20. (1) The real and personal property of a local
- 4 housing agency and any controlled affiliate thereof, and their use
- 5 of any property, shall be exempt from all taxes and special
- 6 assessments of any city, county, the state, or any public agency
- 7 thereof, including without limitation any special taxing district
- 8 or similar political subdivision. Property owned jointly by a
- 9 housing agency or its controlled affiliates with other
- 10 nongovernmental persons or entities shall be exempt from such taxes
- 11 and assessments to the extent of the ownership interest which the
- 12 housing agency and its controlled affiliates hold in the property.
- 13 Nothing in this section shall be deemed to preclude the enactment

14 of legislation extending an exemption from such taxation or
15 assessment of property owned by nongovernmental persons and
16 entities as an inducement to form, operate, or otherwise
17 participate as affiliates pursuant to subdivision (10) of section
18 43 of this act.

19 (2) A housing agency and its controlled affiliates may
20 agree to make payments in lieu of all taxes or special assessments

5 housing agency and its controlled affiliates exceed the amounts
6 which, except for the exemption provided in this section, would
7 otherwise be payable under regular taxes and special assessments
8 for similar properties referred to in subsection (1) of this
9 section. All payments made by any such housing agency for any
10 development to such city or county, as the case may be, and whether
11 such payments are contractually stipulated or gratuitous voluntary
12 payments, shall be distributed by the city or county, as the case
13 may be, to all public agencies furnishing improvements, services,
14 and facilities for the development in such proportion that the
15 state and each public agency shall receive from the total payment
16 the same proportion as its property tax rate bears to the total
17 property tax which would be levied by the state and each public
18 agency against property of the housing agency, if the same were not
19 exempt from taxation.

20 Sec. 72. (1) Before any local housing agency shall
21 construct any new housing development for dwelling purposes, it
22 shall submit to the governing body of the city, village, or county
23 creating such agency, as the case may be, or to the governing body
24 of the political subdivision which has zoning jurisdiction for the
25 site or sites of such new development, in the case of joint local
26 housing agencies, a plan indicating the general location or
27 locations and boundaries of the proposed site or sites for any of
1 such development, which plans shall be subject to the approval of
2 such governing body, and such governing body may, in its
3 discretion, submit such plan to the planning department, if any, of
4 the city, village, or county, as the case may be, for that
5 department's comments and recommendations.

6 (2) Each local housing agency shall file with the
7 governing body of the city, village, or county creating such agency
8 a copy of the five-year plan and annual plan required by section
9 511 of the Federal Quality Housing and Work Responsibility Act of
10 1998. The plans shall be filed with the governing body within

ATTORNEY GENERAL'S OPINION

Opinion No. 99020

DATE: May 4, 1999

SUBJECT: Constitutionality Of LB 729; Whether Having The Secretary Of State Make Determinations As To The Constitutionality And Legality Of Initiative And Referendum Measures At The Beginning Of The Petition Process Violates The Nebraska Constitution.

REQUESTED BY: Senator Mark Quandahl
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Dale A. Comer, Assistant Attorney General

Art. III, §§ 2, 3 and 4 of the Nebraska Constitution establish the Initiative and Referendum in Nebraska, whereby the people can circulate petitions to initiate statutes or constitutional amendments and to refer certain acts of the Legislature to the voters. The Legislature has enacted a body of statutes, found at Neb. Rev. Stat. §§ 32-1401 through 32-1417 (1998), which deal generally with the form of initiative and referendum petitions and the procedures by which those matters are submitted to the people. LB 729 would amend §§ 32-1405, 32-1408 and 32-1412 in several respects to give additional duties and responsibilities to the Nebraska Secretary of State (the "Secretary") relative to the initiative and referendum process, and to allow earlier litigation of matters related to that process. You have articulated several "concerns" regarding the constitutionality of LB 729, and you have requested our opinion on the constitutionality of the bill. As discussed below, we share your concerns in several respects.

PROVISIONS OF LB 729

Section 32-1405 currently provides that, prior to obtaining any signatures on an initiative or referendum petition, a statement of the object of that petition and the text of the measure shall be filed with the Secretary together with a sworn statement containing the names and street addresses of every person, corporation or association sponsoring the petition. The Secretary then submits the initiative and referendum petition to the Revisor of Statutes who reviews the measure and suggests changes as to form and draftsmanship. Those changes are maintained as public information by the Secretary, and may be accepted or rejected by the measure's sponsor. The Secretary then prepares five camera-ready copies of the initiative or referendum petition as finalized by its sponsor, and those copies are used to print petitions for circulation among the voters of the state.

LB 729¹ would add the following language to § 32-1405:

The Secretary of State shall not accept for filing any initiative or referendum petition which (a) interferes with the legislative prerogative contained in the Constitution of Nebraska that the necessary revenue of the state and its governmental subdivisions shall be raised by taxation in the manner as the Legislature may direct, (b) does not comply with sections 32-1401 to 32-1416, (c) would violate the Constitution of the United States, (d) would violate the laws of the United States, or (e) fails to substantially comply with the procedural limitations imposed by the Constitution of Nebraska.

LB 729 would also amend § 32-1405 to add language which would allow residents of Nebraska to sue the Secretary to either require acceptance of an initiative or referendum for filing if such a measure was refused for filing under the preceding language, or to keep the Secretary from continuing the initiative or referendum process in the event that an initiative or referendum was accepted in light of the preceding language.

Section 32-1408 currently provides that the Secretary shall not accept any initiative or referendum petition for filing after it has been circulated for signatures if it "interferes with the legislative prerogative contained in the Constitution of Nebraska that the necessary revenue of the state and its governmental subdivisions shall be raised by taxation in the manner as the Legislature may direct." LB 729 would supply the following additional reasons for the Secretary to refuse to file such a circulated initiative or referendum petition for filing:

[the petition] (2) does not comply with sections 32-1401 to 32-1406, (3) would violate the Constitution of the United States, (4) would violate the

¹After discussing this matter with members of your staff, our opinion is directed to LB 729 as amended by the committee amendments which were adopted on General File. That form of the bill is reflected in AM 7124 which is on Select File, and which also incorporates the E&R Amendments.

laws of the United States, or (5) fails to substantially comply with the procedural limitations imposed by the Constitution of Nebraska.

Finally, after the Secretary has verified petition signatures and made a decision to either place an initiative or referendum on the ballot or to refuse to do so, the current version of § 32-1412 allows residents to sue the Secretary to reverse that decision. LB 729 would amend § 32-1412 to allow a suit seeking to enjoin the Secretary from placing an initiative or referendum petition on the ballot based upon the legal sufficiency of the petition to be brought after circulated initiative and referendum petitions were filed with the Secretary but before a final decision by the Secretary with respect to placing the measure on the ballot. In such a lawsuit, LB 729 would broaden the definition of "legal sufficiency" to include a consideration by the court as to whether the petition (a) interferes with the legislative prerogative contained in the Constitution of Nebraska that the necessary revenue of the state and its governmental subdivisions shall be raised by taxation in the manner as the Legislature may direct, (b) does not comply with sections 32-1401 to 32-1416, (c) would violate the Constitution of the United States, (d) would violate the laws of the United States, or (e) fails to substantially comply with the procedural limitations imposed by the Constitution of Nebraska. In instances where a resident sues to require the Secretary to place an initiative or referendum measure on the ballot, LB 729 would amend § 32-1412 to require the petition signature verification process to continue if all petition signatures had not been verified.

SEPARATION OF POWERS

As noted above, your opinion request lists several "concerns" with the constitutionality of LB 729. The first of those concerns involves art. II, § 1 of the Nebraska Constitution dealing with the distribution or separation of governmental powers. You describe this concern as follows: "[t]he bill violates the separation of powers set forth in Article II of the constitution, (by granting discretionary powers to the Secretary of State that should be reserved to the Judiciary)."

Art. II, § 1 of the Nebraska Constitution provides:

The powers of the government of this state are divided into three distinct departments, the legislative, executive and judicial, and no person or collection of persons being one of these departments, shall exercise any power properly belonging to either of the others, except as hereinafter expressly directed or permitted.

The language of this section prohibits one branch of government from encroaching on the duties and prerogatives of the others, or from improperly delegating its own duties and prerogatives. *State of Nebraska ex rel. Stenberg v. Murphy*, 247 Neb. 358, 527 N.W.2d 185 (1995); *State of Nebraska ex rel. Spire v. Conway*, 238 Neb. 766, 472 N.W.2d 403 (1991).

If passed, LB 729 would require the Secretary of State to make a determination in several instances as to whether a particular initiative or referendum is in violation of the Constitution of the United States or the laws of the United States in deciding whether or not to accept that initiative or referendum for filing. We assume that your concern with such a procedure under art. II, § 1 is that it appears to allow the Secretary, who is clearly an officer of the Executive Branch of government, to determine the constitutionality and legality of a particular initiative or referendum. That type of determination is normally performed by the Judicial Branch of government.²

An administrative agency can have duties of a quasi-judicial nature in addition to its rule-making duties. *Slack Nursing Home, Inc. v. Department of Social Services*, 247 Neb. 452, 528 N.W.2d 285 (1995). The conferring of executive or administrative functions requiring the exercise of quasi-judicial powers upon state agencies or officers does not conflict with the constitutional provisions regarding officers and bodies upon whom judicial power may be conferred. *Slack Nursing Home, Inc. v. Department of Social Services*, 247 Neb. 452, 528 N.W.2d 285 (1995); *Anderson v. Tiemann*, 182 Neb. 393, 155 N.W.2d 322 (1967). This is particularly true where such powers and duties relate to matters which are affected with a public interest and where, as in the present case, provision is made for appeal from decisions of such officers or agencies to the courts. *Id.*

On the other hand, administrative agencies, as a general rule, have no general judicial powers, notwithstanding the fact that they may perform some quasi-judicial duties. *State ex rel. Stenberg v. Murphy*, 247 Neb. 358, 527 N.W.2d 185 (1995); *Transport Workers of America, Local 223, AFL-CIO v. Transit Authority of the City of Omaha*, 205 Neb. 26, 286 N.W.2d 102 (1979). And, unless permitted by the Constitution, the Legislature may not authorize administrative officers or bodies to exercise powers which are essentially judicial in their nature, or to interfere with the exercise of such powers by the courts. *Id.* An example of the latter rule occurred in the *Transport Workers* case where the Nebraska Supreme Court held that entering a declaratory judgment and ordering an accounting were judicial functions which were not within the powers of the Commission of Industrial Relations. Therefore, it appears to us that the constitutionality of LB 729 under art. II, § 1 turns, at least to some extent, upon whether a determination of constitutionality by the Secretary of State in the context of accepting an initiative or referendum petition for filing is a quasi-judicial or a judicial function. After reviewing relevant authorities, we believe that a significant argument may be made in this case that a determination by the Secretary of

²We understand that you have proposed an amendment to LB 729 which would require the Secretary to transmit an initiative or referendum to this office for a determination as to whether it should be accepted for filing under the standards set out in the bill. Obviously, this would not cure a potential separation of powers problem since this office is also an Executive agency.

State regarding the constitutionality and legality of a particular initiative or referendum prior to filing it involves a judicial rather than quasi-judicial decision.

In *State ex rel. Labeledz v. Beermann*, 229 Neb. 657, 428 N.W.2d 608 (1988), the Supreme Court discussed the nature of the Secretary's duties involving a determination of the sufficiency of initiative petition signatures:

... It is clear that the secretary's determination of the sufficiency of the number of signatures collected on an initiative petition is administrative in nature, a ministerial act, and not judicial ...

An adjudicative proceeding is one in the course of which a deliberative entity hears evidence based upon which it will determine the rights of the individuals before it. By contrast, the secretary's duties and responsibilities, and those of the county election officials, are ministerial in nature, insofar as these persons do not hear evidence in the course of validating petition signatures but, rather, rely upon their own records in reaching their determination of the sufficiency of the number of signatures collected on an initiative petition.

229 Neb. 664, 665, 428 N.W.2d at 614. In addition, the Supreme Court also described a quasi-judicial proceeding as follows:

When the law commits to an officer the duty of looking into facts and action upon them, not in a way which it specifically directs, but after a discretion in its nature judicial, the function is quasi judicial.

Nebraska Mid-State Reclamation District v. Hall County, 152 Neb. 410, 429, 430, 41 N.W.2d 397, 410 (1950). Those two cases, read together, seem to indicate that a quasi-judicial proceeding occurs when an administrative agency hears evidence from or looks into facts involving parties before it, and then makes a discretionary decision based upon those facts. Such a definition would comport with the general notion of a quasi-judicial proceeding before an administrative agency such as a license revocation hearing, where the licensing agency would hear evidence regarding the activities of the license holder, and then decide whether or not to revoke the license.

Under LB 729, the Secretary would not conduct a hearing, consider his own records or other factual evidence, or make a factual determination in deciding whether or not a particular initiative or referendum should be accepted for filing prior to circulation of petitions for signature. Instead, the Secretary would simply decide whether the initiative or referendum violated the Constitution of the United States or the laws of the United States. It appears to us that such a decision would involve the Secretary in the determination of a question of law. In general, the determination of questions of law is a judicial function which cannot be exercised by executive officers. *Summerville v. Scotts Bluff County*, 182 Neb. 311, 154 N.W.2d 517 (1967); *State ex rel. Public Utility Dist. No. 1 of Okanogan County v. Dept. of*

Public Service, 21 Wash.2d 201, 150 P.2d 709 (1944); *Little v. Carter County Bd. Of Education*, 24 Tenn. App. 465, 146 S.W.2d 144 (1940); *Chester C. Fosgate Co. v. Kirkland*, 19 F. Supp. 152 (S. D. Florida 1937); 16 C.J.S. *Constitutional Law* § 219. For that reason, we believe that there is a potential problem with LB 729 under the Separation of Powers provision of the Nebraska Constitution to the extent that it authorizes the Secretary to determine questions of law in the context of deciding whether or not to accept a particular initiative or referendum for filing. That task is a judicial function which cannot be delegated to the Secretary of State.

JUSTICIABLE ISSUE/CASE OR CONTROVERSY

Your next concern with LB 729 involves the need for a justiciable issue and case or controversy in an adjudicative proceeding. You are concerned that "... the bill would require the Secretary of State to render an advisory opinion on non-justiciable issues." We presume this concern arises because LB 729 would require the Secretary to determine the constitutionality and legality of a particular initiative or referendum measure far in advance of the time that a decision was made as to whether or not the measure's supporters had gathered enough signatures to place the measure on the ballot, and far in advance of a decision by the voters to adopt the measure. As a result, the Secretary's decision could be for naught and advisory only, should sufficient petition signatures not be gathered or the measure be rejected by the voters. You are also concerned that "[t]he practical effect of the bill would be for the Secretary of State to reject all petitions in an attempt to force the court to give an advisory opinion."

While not a constitutional prerequisite for the jurisdiction of the courts, existence of an actual case or controversy is necessary for the exercise of judicial power in Nebraska. *State v. Nissen*, 252 Neb. 51, 560 N.W.2d 157 (1997). A court decides real controversies and determines rights actually controverted, and does not address or dispose of abstract questions or issues that might arise in a hypothetical setting. *Welch v. Welch*, 246 Neb. 435, 519 N.W.2d 262 (1994). Without an actual case or controversy, a court has no opportunity to exercise judicial power and in the absence of an actual dispute, a court has nothing over which to take jurisdiction. *Id.* In the context of the case or controversy doctrine, a justiciable issue requires a present, substantial controversy between the parties having adverse legal interests susceptible to immediate resolution and capable of present judicial enforcement. *Koenig v. Southeast Community College*, 231 Neb. 923, 438 N.W.2d 791 (1989).

The case or controversy doctrine is a judicial doctrine which is applicable to the exercise of judicial power. As a result, we do not believe that it applies generally to decisions which the Secretary makes as an Executive officer, and for that reason, the Legislature could impose executive duties upon the Secretary which do not require the presence of a case or controversy. On the other hand, to the extent that LB 729 requires the Secretary to engage in judicial functions by deciding questions of law as discussed above, we believe that there would have to be an actual case or controversy before the

Secretary to give him jurisdiction to make that determination. Otherwise, he could not engage in the exercise of judicial power (assuming, for a moment, that he could even constitutionally exercise that power in the first place). The Nebraska Supreme Court has indicated that a justiciable issue and an actual case or controversy cannot arise with respect to the constitutionality of an initiative or referendum measure unless and until the measure is adopted by the voters. *Duggan v. Beermann*, 249 Neb. 411, 544 N.W.2d 68 (1996). For that reason, we do not believe that the Secretary may make a decision on the constitutionality and legality of initiative and referendum measures in the manner contemplated by LB 729 prior to the time that those measures are adopted by the people.

You are also concerned that the practical effect of the bill would be for the Secretary to reject all initiative or referendum measures in an attempt to require the courts to render an advisory opinion. In that regard, we cannot say whether the Secretary would or would not engage in such a practice. However, we do believe that it would be possible to argue that courts should not hear a case involving the constitutionality of an initiative or referendum prior to its adoption by the people, notwithstanding the procedures created by LB 729, based upon the notion that a judicial determination as to the constitutionality of the initiative or referendum under those circumstances would still involve the courts in offering an advisory opinion.

Finally, we would also note that the concluding portion of LB 729 purports to require courts to consider the constitutionality of initiative and referendum measures in certain circumstances after those measures have been filed with the Secretary for signature verification but before they have been adopted by the voters. The bill would accomplish this by broadening the definition of the court's determination of the "legal sufficiency" of an initiative or referendum measure to include a determination regarding the constitutionality of the measure along with a determination regarding the validity of petition signatures and so forth. In light of the holding in the *Duggan* case cited above, we find it likely that courts would reject this attempt to have them decide issues involving the constitutionality of initiative or referendum measures prior to adoption of those measures by the voters in the context of a challenge to the "legal sufficiency" of the petitions themselves.

FACILITATING THE OPERATION OF THE INITIATIVE AND REFERENDUM

Your final concern goes to the duty of the Legislature to facilitate the operation of the Initiative and Referendum in Nebraska in the context of legislation enacted to regulate the process. You are concerned that: "LB 729 interferes with the peoples (sic) right to petition guaranteed by Article III of the Constitution." We believe that this concern presents the most significant objection to the constitutionality of LB 729.

In Nebraska, the right of initiative is precious to the people, and a right which the courts are zealous to preserve to the fullest spirit as well as letter.

State ex rel. Brant v. Beermann, 217 Neb. 632, 350 N.W.2d 18 (1984). As a result, provisions concerning the initiative should receive a liberal construction to effectuate the policy proposed and adopted by the initiative as a part of the democratic process. *Id.* The right of initiative should not be circumscribed by restrictive legislation or narrow and strict interpretation of the statutes pertaining to its exercise. *State ex rel. Morris v. Marsh*, 183 Neb. 502, 162 N.W.2d 262 (1968). Constitutional provisions with respect to the right of initiative and referendum reserved by the people should be construed to make effective the powers reserved. *Klosterman v. Marsh*, 180 Neb. 506, 143 N.W.2d 744 (1966).

Art. III, § 4 of the Nebraska Constitution provides, in pertinent part :

The provisions with respect to the initiative and referendum shall be self-executing, but legislation may be enacted to facilitate their operation.

A number of Nebraska cases have dealt with statutes intended to "facilitate" the initiative and referendum process in the context of liberal construction intended to protect and preserve those rights.

First of all, laws to facilitate the operation of the initiative and referendum provisions must be reasonable, so as not to unnecessarily obstruct or impede the operation of the law. *State ex rel. Stenberg v. Beermann*, 240 Neb. 754, 485 N.W.2d 151 (1992); *State ex rel. Ayres v. Amsberry*, 104 Neb. 273, 177 N.W.2d 179 (1920). In that regard, legislation to facilitate the initiative and referendum must be such as frees the operation of the constitutional provisions from obstruction or hindrance. *State ex rel. Ayres v. Amsberry*, 104 Neb. 273, 177 N.W.2d 179 (1920). As a result, any legislation which would hamper or render ineffective the initiative or referendum power reserved to the people would be unconstitutional. *Id.* With those rules in mind, the Nebraska Supreme Court has adopted a definition and context for legislative "facilitation" of the initiative and referendum process:

We think the constitutional provision authorizing the legislature to enact laws to facilitate the operation of the initiative power means that it may enact reasonable legislation to prevent fraud or to render intelligible the purpose of the proposed law or constitutional amendment. Any legislative act which tends to insure a fair, intelligent, and impartial result on the part of the electorate may be said to facilitate the exercise of the initiative power.

State ex rel. Stenberg v. Beermann, 240 Neb. 754, 756, 756, 485 N.W.2d 151, 152 (1992) quoting *State ex rel. Winter v. Swanson*, 138 Neb. 597, 294 N.W. 200 (1940) (citations omitted). Under that definition, we do not believe that the provisions of LB 729 would "facilitate" the initiative and referendum process in at least two respects, and for that reason, the bill is of suspect constitutionality under art. III, § 4.

First of all, we do not see how having the Secretary of State determine the

constitutionality or legality of a particular initiative or referendum under the Constitution and laws of the United States prior to its circulation among the people would prevent fraud or render the initiative or referendum more intelligible. Such a determination of constitutionality would in no way go to the mechanics of the initiative or referendum process. Nor would it serve to make the initiative or referendum more understandable to Nebraska citizens.

Second, and perhaps most important, LB 729 would allow the initiative and referendum process in Nebraska to be bound up in litigation for years before the supporters of a particular initiative or referendum even had an opportunity to begin circulation of their petitions to place their measure on the ballot. Under the terms of the bill, the Secretary must make a determination regarding the constitutionality and legality of a particular initiative or referendum measure at the beginning of the initiative or referendum process, before petitions are even circulated. If he determines that a particular measure is constitutional, then opponents of that measure may sue to test his conclusion and to enjoin him from allowing the process to go forward. Conversely, if he determines that a particular measure is not constitutional, then supporters of that measure may sue to require him to accept the measure for filing. In both cases, decisions by the district court are appealable. Therefore, litigation of the questions in either case could take at least a year, and probably longer.

The Nebraska Supreme Court has noted, "[t]o preserve the full spirit of the initiative the submission of issues to the voters should not become bogged down by lengthy litigation in the courts." *State ex rel. Brant v. Beermann*, 217 Neb. 632, 636, 350 N.W.2d 18, 21 (1984). Based upon our experience over the years where we have found that placing initiative and referendum measures on the ballot frequently leads to litigation under the present system, we believe that LB 729 will in all likelihood result in litigation involving most initiative and referendum measures before proponents of the measures are even able to collect a single signature. As a result, LB 729 will cause initiative and referendum measures to become bogged down at the outset by lawsuits involving constitutional issues in the courts. For that reason, we do not believe that the bill will "facilitate" the initiative and referendum process. Under the authorities cited above, it is, therefore, probable that our courts would hold the bill to be unconstitutional.

Sincerely yours,

DON STENBERG

Messrs. Beutler and Schrock filed the following amendment to LB 176:

AM1649

- 1 1. Insert the following new sections:
- 2 "Section 1. Section 13-2042, Reissue Revised Statutes of
- 3 Nebraska, is amended to read:
- 4 13-2042. (1) A disposal fee of one dollar and
- 5 twenty-five cents is imposed for each six cubic yards of
- 6 uncompacted solid waste, one dollar and twenty-five cents for each
- 7 three cubic yards of compacted solid waste, or one dollar and
- 8 twenty-five cents per ton of solid waste disposed of at landfills
- 9 regulated by the department. Each operator of a landfill disposal
- 10 facility shall make the fee payment quarterly. The fee shall be
- 11 paid quarterly to the department on or before the forty-fifth day
- 12 following the end of each quarter. For purposes of this section,
- 13 landfill has the same definition as municipal solid waste landfill

- 15 (2) ~~The department shall exempt a landfill operator from~~
- 16 ~~the disposal fee imposed by this section for solid waste that is~~
- 17 ~~disposed pursuant to a contract shown to have been in effect on or~~

19 operator to dispose of solid waste without a mechanism for a price
20 increase for a period of not less than one year. Such exemption
21 shall terminate at the earlier of the following dates: (a) The date
22 such contract allows for a price increase; (b) the expiration of
23 such contract; or (c) July 1, 1994.

24 (3) Each fee payment shall be accompanied by a form
1 prepared and furnished by the department and completed by the
2 permitholder. The form shall state the total volume of solid waste
3 disposed of at that facility during the payment period and shall
4 provide any other information deemed necessary by the department.
5 The form shall be signed by the permitholder.

6 (4) (3) If a permitholder fails to make a timely payment
7 of the fee, he or she shall pay interest on the unpaid amount at
8 the rate specified in section 45-104.02, as such rate may from time
9 to time be adjusted.

10 (5) (4) This section shall not apply to a site used
11 solely for the reclamation of land through the introduction of
12 landscaping rubble or inert material.

13 (6) (5) Fifty percent of the total of such fees collected
14 in each quarter shall be remitted to the State Treasurer for credit
15 to the Integrated Solid Waste Management Cash Fund and shall be
16 used by the department to cover the direct and indirect costs of
17 regulating and monitoring facilities during and after operation of
18 facilities or performance of regulated activities under the
19 Integrated Solid Waste Management Act. Of the amount credited to
20 the Integrated Solid Waste Management Cash Fund, the department may
21 disburse amounts to political subdivisions for costs incurred in
22 response to and remediation of any solid waste disposed of or
23 abandoned at dump sites or discrete locations along public roadways
24 or ditches and on any contiguous area affected by such disposal or
25 abandonment. Such reimbursement shall be by application to the
26 department on forms prescribed by the department. The department
27 shall prepare and make available a schedule of eligible costs and
1 application procedures which may include a requirement of a
2 demonstration of preventive measures to be taken to discourage
3 future dumping. The department may not disburse to political
4 subdivisions an amount which in the aggregate exceeds five percent
5 of total revenue from the disposal fees collected pursuant to this
6 section in the preceding fiscal year. These disbursements shall be
7 made on a fiscal-year basis, and applications received after funds
8 for this purpose have been exhausted may be eligible during the
9 next fiscal year but are not an obligation of the state. Any
10 eligible costs incurred by a political subdivision which are not
11 funded due to a lack of funds shall not be considered an obligation
12 of the state. In disbursing funds under this section, the director
13 shall make efforts to ensure equal geographic distribution
14 throughout the state and may deny reimbursements in order to
15 accomplish this goal.

16 (7) (6) The remaining fifty percent of the total of such

17 fees collected per quarter shall be remitted to the State Treasurer
18 for credit to the Waste Reduction and Recycling Incentive Fund.
19 For purposes of determining the total fees collected, any amount of
20 fees rebated pursuant to section 13-2042.01 shall be included as if
21 the fees had not been rebated, and the amount of the fees rebated
22 pursuant to such section shall be deducted from the amount to be
23 credited to the Waste Reduction and Recycling Incentive Fund.

24 ~~(8)~~ (7) The council shall adopt and promulgate rules and
25 regulations for the distribution of grants under subsection ~~(7)~~ (6)
26 of this section from the proceeds of the fees imposed by this
27 section to counties, municipalities, and agencies for the purposes
1 of planning and implementing facilities and systems to further the
2 goals of the Integrated Solid Waste Management Act. The fees
3 collected pursuant to this section shall not be used as grant
4 proceeds to fund landfill closure site assessments, closure,
5 monitoring, or investigative or corrective action costs for
6 existing landfills or landfills already closed prior to July 15,
7 1992. The rules and regulations shall base the awarding of grants
8 on a project's reflection of the integrated solid waste management
9 policy and hierarchy established in section 13-2018, the proposed
10 amount of local matching funds, and community need.

11 Sec. 26. Section 81-1558, Reissue Revised Statutes of
12 Nebraska, is amended to read:

13 81-1558. There is hereby created within the state
14 treasury a fund to be known as the Nebraska Litter Reduction and
15 Recycling Fund. The proceeds of the fee imposed by sections
16 81-1559 to 81-1560.02, money received by the department as gifts,
17 donations, or contributions toward the goals stated in section
18 81-1535, and money received by the department for nonprofit
19 activities concerning litter reduction and recycling, including,
20 but not limited to, honoraria, literature furnished by the
21 department, and funds realized as reimbursement for expenses in
22 conducting educational forums, shall be remitted to the State
23 Treasurer for credit to such fund to be used for the administration
24 and enforcement of the Nebraska Litter Reduction and Recycling Act.
25 Any money in the fund available for investment shall be invested by
26 the state investment officer pursuant to the Nebraska Capital
27 Expansion Act and the Nebraska State Funds Investment Act. ~~On or~~
1 before December 1, 1994, and each year thereafter, the director
2 shall direct the State Treasurer to transfer all amounts remitted
3 to the department pursuant to section 81-1561, raised in the
4 previous fiscal year from the Nebraska Litter Reduction and
5 Recycling Act, which are in excess of eight hundred thousand
6 dollars to the Waste Reduction and Recycling Incentive Fund. If
7 such transfer occurs, the Waste Reduction and Recycling Incentive
8 Fund shall consist of such transfers in addition to amounts
9 credited pursuant to section 81-15,160.

10 Sec. 27. Section 81-15,160, Revised Statutes Supplement,
11 1998, is amended to read:

12 81-15,160. (1) The Waste Reduction and Recycling
13 Incentive Fund is created. The department shall deduct from the
14 fund amounts sufficient to reimburse itself for its costs of
15 administration of the fund. The fund shall be administered by the
16 Department of Environmental Quality. The fund shall consist of
17 proceeds from the fees imposed pursuant to sections 81-15,159 to
18 81-15,165 the Waste Reduction and Recycling Incentive Act.

19 (2) The fund may be used for purposes which include, but
20 are not limited to:

22 subdivisions for creation of recycling systems and for modification
23 of present recycling systems;

24 (b) Recycling and waste reduction projects, including
25 public education, planning, and technical assistance;

26 (c) Market development for recyclable materials separated
27 by generators, including public education, planning, and technical
1 assistance;

2 (d) Capital assistance for establishing private and
3 public intermediate processing facilities for recyclable materials
4 and facilities using recyclable materials in new products;

5 (e) Programs which develop and implement composting of
6 yard waste and composting with sewage sludge;

7 (f) Technical assistance for waste reduction and waste
8 exchange for waste generators;

9 (g) Programs to assist communities and counties to

11 programs;

12 (h) Incentive grants to political subdivisions to assist
13 and encourage the closure of landfills operating without a permit,
14 the regional consolidation of solid waste disposal facilities
15 operating with a permit, and the use of transfer stations. Grants
16 awarded for programs involving land disposal shall include
17 provisions for waste reduction and recycling; and

18 (i) Capital assistance for establishing private and
19 public facilities to manufacture combustible waste products and to
20 incinerate waste to generate and recover energy resources.

21 (3) No grant shall be made under section 81-15,161 to a
22 political subdivision which operates a landfill operating without a
23 permit unless the grant will be used to meet permit standards and
24 the landfill is issued a permit within two years after the award of
25 the grant.

26 ~~(4) Priority for grants made under section 81-15,161~~

RESOLUTIONS

LEGISLATIVE RESOLUTION 102. Introduced by Natural Resources Committee: Schrock, 38, Chairperson; Bromm, 23; Hudkins, 21; Jones, 43; Preister, 5; Stuhr, 24.

PURPOSE: LB 488 and LB 785 introduced in 1999 were presented before the Natural Resources Committee. The purpose of LB 488 is to give natural resources districts the authority to establish flood plain management corridors. The purpose of LB 785 is to give natural resources districts the authority to deny water well applications if the well would be used to irrigate lands that are highly erodable unless the applicant would agree to implement and maintain a soil conservation plan to prevent such erosion. Both of these bills deal with the natural resources districts and propose additional authority restricting land use.

The Natural Resources Committee believes it is in the best interest of the State of Nebraska that it conducts a study addressing both of these issues.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 103. Introduced by Landis, 46.

PURPOSE: The purpose of this resolution is to study whether Nebraska should consider revising the Property and Casualty Insurance Rate and Form Act to provide for alternative regulatory requirements for insurers.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Banking, Commerce and Insurance Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 104. Introduced by Landis, 46.

PURPOSE: The purpose of this resolution is to study issues regarding the Comprehensive Health Insurance Pool (CHIP). The study should include an examination of alternative funding sources, the method for establishing the

annual premium rate, benefit provisions, provider reimbursement methodology, and cost containment strategies.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Banking, Commerce and Insurance Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 105. Introduced by Stuhr, 24.

WHEREAS, Kimberly Daake of Utica, Nebraska, received the Girl Scouts of America Gold Award; and

WHEREAS, this award exemplifies the ideals of Girl Scouting, community service, ingenuity, dedication, and hard work; and

WHEREAS, Kimberly Daake planned and implemented a Girl Scout Gold Award Project that required at least fifty hours of work and resulted in a public library for Utica, Nebraska; and

WHEREAS, Kimberly Daake completed the five requirements of this award, all of which demand efficient organizational, time management, and leadership skills.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature recognizes and congratulates Kimberly Daake.
2. That a copy of this resolution be sent to Kimberly Daake.

Laid over.

LEGISLATIVE RESOLUTION 106. Introduced by Natural Resources Committee: Schrock, 38, Chairperson; Bromm, 23; Hudkins, 21; Jones, 43; Preister, 5; Stuhr, 24; and Beutler, 28.

PURPOSE: During the 1999 legislative session, the Natural Resources Committee heard testimony on LB 747. The committee decided that it would be most appropriate to conduct an interim study on the issue raised by LB 747. LB 747 would require the Legislature to designate certain streams or rivers or segments thereof as state protected rivers and also established criteria for qualification of any such stream, river, or segments.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council

or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 107. Introduced by Natural Resources Committee: Schrock, 38, Chairperson; Bromm, 23; Hudkins, 21; Jones, 43; Preister, 5; Stuhr, 24; and Wickersham, 49; C. Peterson, 35.

PURPOSE: During the 1999 legislative session, LB 338, LB 671, and LB 672 were all discussed by the Natural Resources Committee. Each of these bills either deals with a water banking or water leasing concept. The Legislature finds that it is beneficial to study these issues in depth, recognizing the importance of water and water allocation to the entire state.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

10 motion at any time within five years after the sentencing date in
11 the court which imposed such sentence, stating the grounds relied
12 upon, and asking the court to vacate or set aside the sentence. A
13 prisoner may file only three petitions pursuant to this section
14 within the five-year period which alleges any and all grounds upon
15 which relief may be granted. A fourth or subsequent petition for

11 A court may entertain and determine such motion without

14 offered by deposition. ~~The court need not entertain a second~~
15 ~~motion or successive motions for similar relief on behalf of the~~
16 ~~same prisoner.~~

AM1688

- 1 1. Insert the following new sections:
- 2 "Section 1. Section 13-2042, Reissue Revised Statutes of
- 3 Nebraska, is amended to read:
- 4 13-2042. (1) A disposal fee of one dollar and
- 5 twenty-five cents is imposed for each six cubic yards of
- 6 uncompacted solid waste, one dollar and twenty-five cents for each
- 7 three cubic yards of compacted solid waste, or one dollar and
- 8 twenty-five cents per ton of solid waste disposed of at landfills
- 9 regulated by the department. Each operator of a landfill disposal
- 10 facility shall make the fee payment quarterly. The fee shall be
- 11 paid quarterly to the department on or before the forty-fifth day

12 following the end of each quarter. For purposes of this section,
13 landfill has the same definition as municipal solid waste landfill
14 unit in 40 C.F.R. part 258, subpart A, section 258.2.

15 (2) The department shall exempt a landfill operator from
16 the disposal fee imposed by this section for solid waste that is
17 disposed pursuant to a contract shown to have been in effect on or
18 before December 15, 1991, if such contract requires the landfill
19 operator to dispose of solid waste without a mechanism for a price
20 increase for a period of not less than one year. Such exemption
21 shall terminate at the earlier of the following dates: (a) The date
22 such contract allows for a price increase; (b) the expiration of
23 such contract; or (c) July 1, 1994.

24 (3) Each fee payment shall be accompanied by a form
1 prepared and furnished by the department and completed by the
2 permitholder. The form shall state the total volume of solid waste
3 disposed of at that facility during the payment period and shall
4 provide any other information deemed necessary by the department.
5 The form shall be signed by the permitholder.

6 (4) (3) If a permitholder fails to make a timely payment
7 of the fee, he or she shall pay interest on the unpaid amount at
8 the rate specified in section 45-104.02, as such rate may from time
9 to time be adjusted.

10 (5) (4) This section shall not apply to a site used
11 solely for the reclamation of land through the introduction of
12 landscaping rubble or inert material.

13 (6) (5) Fifty percent of the total of such fees collected
14 in each quarter shall be remitted to the State Treasurer for credit
15 to the Integrated Solid Waste Management Cash Fund and shall be
16 used by the department to cover the direct and indirect costs of
17 regulating and monitoring facilities during and after operation of
18 facilities or performance of regulated activities under the
19 Integrated Solid Waste Management Act. Of the amount credited to
20 the Integrated Solid Waste Management Cash Fund, the department may
21 disburse amounts to political subdivisions for costs incurred in
22 response to and remediation of any solid waste disposed of or
23 abandoned at dump sites or discrete locations along public roadways
24 or ditches and on any contiguous area affected by such disposal or
25 abandonment. Such reimbursement shall be by application to the
26 department on forms prescribed by the department. The department
27 shall prepare and make available a schedule of eligible costs and
1 application procedures which may include a requirement of a
2 demonstration of preventive measures to be taken to discourage
3 future dumping. The department may not disburse to political
4 subdivisions an amount which in the aggregate exceeds five percent
5 of total revenue from the disposal fees collected pursuant to this
6 section in the preceding fiscal year. These disbursements shall be
7 made on a fiscal-year basis, and applications received after funds
8 for this purpose have been exhausted may be eligible during the
9 next fiscal year but are not an obligation of the state. Any

10 eligible costs incurred by a political subdivision which are not
11 funded due to a lack of funds shall not be considered an obligation
12 of the state. In disbursing funds under this section, the director
13 shall make efforts to ensure equal geographic distribution
14 throughout the state and may deny reimbursements in order to
15 accomplish this goal.

16 (7) (6) The remaining fifty percent of the total of such
17 fees collected per quarter shall be remitted to the State Treasurer
18 for credit to the Waste Reduction and Recycling Incentive Fund.
19 For purposes of determining the total fees collected, any amount of
20 fees rebated pursuant to section 13-2042.01 shall be included as if
21 the fees had not been rebated, and the amount of the fees rebated
22 pursuant to such section shall be deducted from the amount to be
23 credited to the Waste Reduction and Recycling Incentive Fund.

24 (8) (7) The council shall adopt and promulgate rules and
25 regulations for the distribution of grants under subsection (7) (6)
26 of this section from the proceeds of the fees imposed by this
27 section to counties, municipalities, and agencies for the purposes
1 of planning and implementing facilities and systems to further the

RESOLUTIONS

LEGISLATIVE RESOLUTION 109. Introduced by Schimek, 27; Janssen, 15; Schrock, 38.

PURPOSE: During the Ninety-sixth Legislature, First Session, debate on LB 59 raised the issue of the various waste reduction and recycling funds that have been created over the years. These funds include the Integrated Solid Waste Management Cash Fund, the Nebraska Litter Reduction and Recycling Fund, the Waste Reduction and Recycling Incentive Fund, the Scrap Tire

Reduction and Recycling Incentive Fund, and the Nebraska Environmental Trust Fund. The funds were established for a variety of reasons in order to address litter problems or waste issues. The Legislature finds that it is beneficial to periodically review the continuation of such separate funds. The review shall:

- (1) Analyze the purpose and structure of each fund and how it interacts with other similar funds;
- (2) Review the administration of each fund and the possibility of combining the funds into one super fund;
- (3) Analyze the purpose of each fund as it was originally created in statute and whether such purpose has been achieved; and
- (4) Analyze the need for continuing any or all of such funds.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 110. Introduced by Schimek, 27; C. Peterson, 35.

PURPOSE: In 1997, the Legislature implemented a study resolution which called for a legislative Select Committee on Gender and Minority Equity. This committee focused on the hiring and the retention of women and minorities at the University of Nebraska, appointment of women and minorities to judgeships, and appointment of women and minorities to state agency leadership positions. In December 1998, the committee issued a report and recommended that the Legislature reauthorize the Select Committee on Gender and Minority Equity.

The committee's purpose would be to:

1. Continue to monitor the University's progress in the hiring and the retention of women and minorities in order to meet benchmarks set by the Legislature;
2. Actively work with the judicial branch and the Nebraska State Bar Association to recruit and encourage women and minorities to apply for judgeships; and
3. Monitor the gubernatorial appointments of women and minorities to state agency positions.

The committee may also consider equal pay issues and other appropriate and related issues when conducting its study.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Executive Board of the Legislative Council shall appoint members of the Legislature to a special committee of the Legislature to

continue to carry out the purposes of this resolution.

2. That the committee shall be established for years 1999 through 2000.

3. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature by December 1, 2000.

Referred to the Executive Board.

77-1327. (1) It is the intent of the Legislature that accurate and comprehensive information be made accessible to the taxpayer in order to ensure the quality and uniformity of assessment practices on both intercounty and intracounty valuations.

(2) The Property Tax Administrator annually shall make and issue comprehensive assessment ratio studies of the average level of assessment, the degree of assessment uniformity, and overall compliance with assessment requirements for each major class of real property subject to the property tax in each county in the state. In order to determine the degree of assessment uniformity and compliance in the assessment of major classes of property within each county, the Property Tax Administrator shall compute measures of central tendency and dispersion and shall employ such standard statistical analysis as deemed appropriate by him or her.

(3) The Property Tax Administrator may require assessors and other local officers to report to him or her data on taxable valuations and other features of the property tax for such periods and in such form and content as the Property Tax Administrator shall require. The Property Tax Administrator shall so construct and maintain his or her system for the collection and analysis of property tax facts as to enable him or her to make intracounty comparisons, including school districts, as well as intercounty comparisons, including school districts, based on property tax and assessment ratio data. The Property Tax Administrator shall include analysis of real estate sales pursuant to land contracts and similar transfers at the time of execution of the contract or similar transfer. ~~The property tax division of the Department of Revenue~~ Department of Property Assessment and Taxation shall assist those county officials who require supplemental information to perform the duties necessary to carry out this section. The information requested may include, but shall not be limited to, sample appraisals, statistical analyses, arm's-length sales transactions, or any other information necessary to complete such analysis.

(4) The Property Tax Administrator shall verify the accuracy of information, including the selection of form 521 comparable sales, if any, that are not arm's-length transactions.

(5) The Property Tax Administrator shall annually publish a summary of the findings of the assessment ratio studies together with digests of property tax data.

(6) The county assessor shall annually, within five days after certifying the assessment rolls pursuant to section 77-1315, post in his or her office and, as designated by the county board, mail to a newspaper of general circulation and to licensed broadcast media in the county the assessment ratios as found in his or her county as determined by the Property Tax Administrator and any other statistical measures, including, but not limited to, the assessment-to-sales ratio, the coefficient of dispersion, and the price-related differential.

Sec. 30. Section 77-1330, Reissue Revised Statutes of Nebraska, as amended by section 22, Legislative Bill 194, Ninety-sixth Legislature, First Session, 1999, is amended to read:

77-1330. (1) The Property Tax Administrator shall prepare, issue, and annually revise guides for county assessors in the form of property tax laws, rules, regulations, manuals, and directives. The Property Tax Administrator may issue such directives without the necessity of compliance with the terms of the Administrative Procedure Act relating to the promulgation of rules and regulations. The assessment and appraisal function performed by counties shall comply with the standards promulgated by the Property Tax Administrator, and county assessors shall continually use the materials prepared by the Property Tax Administrator in the performance of their duties. The standards promulgated by the Property Tax Administrator shall not require the implementation of a specific computer software or hardware system if the existing software or system produces data and reports in compliance with the standards.

(2) The Property Tax Administrator, or his or her agent or representative, may examine or cause to have examined any books, papers, records, or memoranda of any county relating to the assessment of property to determine compliance with the laws, rules, regulations, manuals, and directives described in subsection (1) of this section. Such production of records shall not include the photocopying of records between January 1 and April 1. Failure to provide such records to the Property Tax Administrator may constitute grounds for the suspension of the assessor's certificate of any county assessor who willfully fails to make requested records available to the Property Tax Administrator.

(3) After an examination the Property Tax Administrator shall provide a written report of the results to the county assessor and county board. If the examination indicates a failure to meet the standards contained in the laws, rules, regulations, manuals, and directives, the Property Tax Administrator shall, in the report, set forth the facts and cause of such failures as well as corrective measures the county or county assessor may implement to correct those failures.

(4) After the issuance of the report of the results of the examination, the Property Tax Administrator may seek to order a county or county assessor to take corrective measures to remedy any failure to comply with the materials described in subsection (1) of this section. Such corrective orders may only be issued after written notice and a hearing before the Property

Tax Administrator conducted at least ten days after the issuance of the written notice of hearing. The performance of such corrective measures shall be implemented by the county to which the order is issued. If the county fails to implement such corrective measures, the Property Tax Administrator may seek to suspend the assessment function of the county under the terms of subsection (5) of this section and shall implement the corrective measures pursuant to subsection (6) of this section. The performance of such corrective measures shall be a charge on the county, and upon completion, the Property Tax Administrator shall notify the county board of the cost and make demand for such cost. If payment is not received within one hundred twenty days after the start of the next fiscal year, the Property Tax Administrator shall report such fact to the State Treasurer. The State Treasurer shall immediately make payment to the Department of Property Assessment and Taxation ~~property tax division of the Department of Revenue~~ for the costs incurred by the division for such corrective measures. The payment shall be made out of any money to which such county may be entitled under Chapter 77, articles 27 and 35, and Chapter 66, articles 4 and 6.

(5) If, within one year from the service of the order, the measures in the corrective order have not been taken, the Property Tax Administrator (a) may, at any time during the continuance of such failure, issue an order requiring the county assessor and county board to show cause why the authority of the county with respect to assessments or any matter related thereto should not be suspended, (b) shall set a time and place at which the Property Tax Administrator or his or her representative shall hear the county assessor and county board on the question of compliance by the county assessor or county with the laws, rules, regulations, manuals, directives, or corrective orders described in this section, and (c) after such hearing shall determine whether and to what extent the assessment function of the county shall be so suspended. Such hearing shall be held at least ten days after the issuance of such notice in the county.

(6) During the continuance of a suspension pursuant to subsection (5) of this section, the Property Tax Administrator shall succeed to the authority and duties from which the county has been suspended and shall exercise and perform the same. Such exercise and performance shall be a charge on the suspended county. The suspension shall continue until the Property Tax Administrator finds that the conditions responsible for the failure to meet the minimum standards contained in the laws, rules, regulations, manuals, and directives have been corrected.

(7) The Property Tax Administrator, subject to rules and regulations to be published and furnished to every county assessor and county board, shall have the power to invalidate the certificate of any assessor or deputy assessor who willfully fails or refuses to diligently perform his or her duties in accordance with the laws, rules, regulations, manuals, and orders issued by the Property Tax Administrator governing the assessment of property and the duties of each assessor and deputy assessor. No certificate shall be revoked or suspended except after notice and a hearing before the Property Tax Administrator or his or her designee. Such hearing shall be held at least ten days after the issuance of such notice in

the county. Prior to revocation, a one-year probationary period, subject to oversight by the Property Tax Administrator, shall be imposed. At the end of the one-year probationary period, a second hearing shall be held. If assessment practices have improved, the probationary period shall end and no revocation shall be made. If assessment practices have not improved, the assessor certificate shall be revoked. If during the probationary period, the assessor continues to willfully fail or refuse to diligently perform his or her duties, the Property Tax Administrator may immediately hold the second hearing. If the county assessor certificate of a person serving as assessor or deputy assessor is revoked, such person shall be removed from office by the Property Tax Administrator, the office shall be declared vacant, and such person shall not be eligible to hold that office for a period of five years after the date of removal.

(8) All hearings described in this section shall be governed by the Administrative Procedure Act. Any county aggrieved by a determination of the Property Tax Administrator after a hearing pursuant to subsections (4) and (5) of this section or alleging that its suspension is no longer justified may have review of such determination or continued suspension in accordance with the Tax Equalization and Review Commission Act. Any assessor or deputy assessor whose county assessor certificate has been revoked may appeal the decision of the Property Tax Administrator, and the appeal shall be in accordance with the Tax Equalization and Review Commission Act.";

ATTORNEY GENERAL'S OPINION

Opinion No. 99022

DATE: May 6, 1999

SUBJECT: Powers of the Director of the Department of Roads with respect to speed limits, pursuant to Neb. Rev. Stat. § 60-6,190 (Cum. Supp. 1996).

REQUESTED BY: Senator Curt Bromm
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Robert G. Avey, Assistant Attorney General

You have requested an opinion of this office regarding the powers of the Director of the Department of Roads with respect to setting speed limits, pursuant to Neb. Rev. Stat. § 60-6,190 (Cum. Supp. 1996), and the precise limits of this power. You also request that the opinion address two particular points:

- (a) What is the extent of the Director's power over speed limits on Nebraska's interstate system; and
- (b) What, if any, actions or occurrences shall trigger an investigation by the Director, and a subsequent alteration of the speed limit by the Director.

From your reference to legislative debate on this issue, we assume you believe that there is confusion on these two particular questions, and that legislation may be required.

DIRECTOR'S POWER TO ESTABLISH SPEED LIMITS ON THE NEBRASKA INTERSTATE SYSTEM

Neb. Rev. Stat. § 60-6,190 (Cum. Supp. 1996) provides, in part:

(1) Whenever the Department of Roads determines, upon the basis of an engineering and traffic investigation, that any maximum speed limit is greater or less than is reasonable or safe under the conditions found to exist at any intersection, place, or part of the state highway system outside of the corporate limits of cities and villages as well as inside the corporate limits of cities and villages on freeways which are part of the state highway system, it may determine and set a reasonable and safe maximum speed limit for such intersection, place, or part of such highway which shall be the lawful speed limit when appropriate signs giving notice thereof are erected at such intersection, place, or part of the highway, except that the maximum rural and freeway limits shall not be exceeded. Such a maximum speed limit may be set to be effective at all times or at such times as are indicated upon such signs.

(Emphasis added.)

Neb. Rev. Stat. § 60-621 (1993) provides:

Freeway shall mean a divided arterial highway designed primarily for through traffic with full control of access and with grade separations at all intersection road crossings, including all interchanges and approach and exit roads thereto.

The Nebraska interstate system is a freeway by definition and therefore, the

Director of the Department of Roads has the power to determine and set reasonable and safe maximum interstate speed limits inside or outside the corporate limits of cities and villages. By the clear terms of Neb. Rev. Stat. § 60-6,190 (Cum. Supp. 1996), the Department of Roads, through its Director, may determine the reasonable and safe speed limits on all parts of the interstate system.

AN ENGINEERING AND TRAFFIC INVESTIGATION
AND ALTERATION OF THE SPEED LIMIT.**

Neb. Rev. Stat. § 60-6,190 (Cum. Supp. 1996) has no provision regarding what must occur to require the Department of Roads to make an engineering and traffic investigation.

We have been informed by the Traffic Engineering Division of the Department of Roads that the Nebraska Department of Roads has no set policy or rule and regulation which determines when an engineering and traffic investigation is made. However, if a county, city or village, or an individual citizen notifies the Department of a potential speed limit problem, then the Department of Roads may make such engineering and traffic investigation. The Department of Roads, on its own initiative, makes engineering and traffic investigations, if a potential problem is noticed. Further an investigation and study is accomplished in contemplation of a highway project to determine a safe and reasonable speed limit.

Although no statutory provision requires the Director of the Department of Roads to make an investigation, it would appear that the legislature, in enacting Neb. Rev. Stat. § 39-1301 (1993), wanted to give the Director and Department discretion in their decisions since this section provides in part:

In designating the highway system of this state, as provided by sections 39-1301 to 39-1362, the Legislature places a high degree of trust in the hands of those officials whose duty it shall be, within the limits of available funds, to plan, develop, construct, operate, maintain, and protect the highway facilities of this state, for present as well as for future uses.

...

To this end, it is the intent of the Legislature, subject to the limitations of the Constitution and such mandates as the Legislature may impose by the provisions of such sections, to designate the Director-State Engineer and the department, acting under the direction of the Director-State Engineer, as direct custodian of the state highway system, with full authority in all departmental administrative details, in all matters of engineering design, and in all matters having to do with the construction, maintenance, operation, and protection of the state highway system.

**THE DIRECTOR'S AUTHORITY TO SET SPEED
LIMITS ON STATE HIGHWAYS WHICH ARE PART OF
THE STATE HIGHWAY SYSTEM, OTHER THAN FREEWAYS.**

Neb. Rev. Stat. § 60-6,196 (Cum. Supp. 1996) provides in paragraph (4):

On all highways within their corporate limits, except on state-maintained freeways which are part of the state highway system, incorporated cities and villages shall have the same power and duty to alter the maximum speed limits as the department if the change is based on engineering and traffic investigation, except that no imposition of speed limits on highways which are part of the state highway system in cities and villages under forty thousand inhabitants shall be effective without the approval of the department.

This provision of the statute grants the Department of Roads the authority to control speed limits on the State highway system within cities and villages with less than 40,000 inhabitants, since the power of these cities and villages to alter speed limits on the State highway system must be approved by the Department of Roads. Again, as on the interstate system, the statute does not set out specific occurrences that must trigger a traffic investigation and study.

Sincerely,
DON STENBERG
Attorney General

(Amendments to Standing Committee amendments, AM1282)

- 1 1. Strike sections 20, 71 through 75, and 77 and insert
- 2 the following new sections:
- 3 "Sec. 20. (1) The real and personal property of a
- 4 housing agency and any wholly owned controlled affiliate thereof
- 5 shall be exempt from all taxes and special assessments of any city,
- 6 any county, the state, or any public agency thereof, including
- 7 without limitation any special taxing district or similar political
- 8 subdivision except to the extent provided in subsection (2) of this
- 9 section.
- 10 (2) Property of a housing agency or any wholly owned
- 11 controlled affiliates thereof shall not be exempt from taxes and
- 12 assessments under subsection (1) of this section if such property
- 13 is leased to an individual or entity to engage in commercial
- 14 activities on a for-profit basis. Property owned jointly by a
- 15 housing agency or its wholly owned controlled affiliates with other
- 16 nongovernmental persons or entities shall be exempt from such taxes
- 17 and assessments to the extent of the ownership interest which the
- 18 housing agency and its wholly owned controlled affiliates hold in
- 19 the property.
- 20 (3) With respect to property which is exempt under
- 21 subsection (1) of this section, a housing agency and its wholly
- 22 owned controlled affiliates may agree to make payments in lieu of
- 23 all taxes or special assessments with the city or county, as the

1 case may be, within whose territorial jurisdiction any development
2 of such housing agency or its controlled affiliates is located, for
3 improvements, services, and facilities furnished by the city,
4 county, or other public agencies, for the benefit of such
5 development. Nothing contained in this section shall be deemed to
6 require such agreement by a housing agency and its controlled
7 affiliates and in no event shall the amounts payable by the housing
8 agency and its controlled affiliates exceed the amounts which,
9 except for the exemption provided in this section, would otherwise
10 be payable under regular taxes and special assessments for similar
11 properties referred to in subsection (1) of this section. All
12 payments in lieu of taxes made by any such housing agency and its
13 controlled affiliates shall be paid to the county and distributed
14 by the county to all public agencies in such proportion that each
15 public agency shall receive from the total payment the same
16 proportion as its property tax rate bears to the total property tax
17 which would be levied by each public agency against property of the
18 housing agency and its controlled affiliates, if the same were not
19 exempt from taxation.

20 Sec. 72. (1) Before any local housing agency shall
21 construct any new housing development for dwelling purposes, it
22 shall submit to the governing body of the city, village, or county
23 creating such agency, as the case may be, or to the governing body
24 of the political subdivision which has zoning jurisdiction for the
25 site or sites of such new development, in the case of regional
26 housing agencies, a plan indicating the general location or
27 locations and boundaries of the proposed site or sites for any of
1 such development, which plans shall be subject to the approval of
2 such governing body, and such governing body may, in its
3 discretion, submit such plan to the planning department, if any, of
4 the city, village, or county, as the case may be, for that
5 department's comments and recommendations.

6 (2) Each local housing agency shall file with the
7 governing body of the city, village, or county creating such agency
8 a copy of the five-year plan and annual plan required by section
9 511 of the Federal Quality Housing and Work Responsibility Act of
10 1998. The plans shall be filed with the governing body within

12 Department of Housing and Urban Development."

8 department, all available information regarding such committed
9 offender shall be reviewed and a committed offender
10 department-approved personalized program plan document shall be
11 drawn up. The document shall specifically describe the
12 department-approved personalized program plan and the specific
13 goals the department expects the committed offender to achieve.
14 The document shall also contain a realistic schedule for completion
15 of the department-approved personalized program plan. The
16 department-approved personalized program plan shall be fully
17 explained to the committed offender. During incarceration, the

18 committed offender shall comply with the department-approved
19 personalized program plan and the department shall provide programs
20 to allow compliance by the committed offender with the
21 department-approved personalized program plan.

22 Programming may include, but is not limited to:

23 (i) Academic and vocational education, including teaching
24 such classes by qualified offenders;

25 (ii) Substance abuse treatment;

26 (iii) Mental health and psychiatric treatment, including

1 (iv) Constructive, meaningful work programs; and

2 (v) Any other program deemed necessary and appropriate by
3 the department.

4 (b) A modification in the department-approved
5 personalized program plan may be made to account for the increased
6 or decreased abilities of the committed offender or the
7 availability of any program. Any modification shall be made only
8 after notice is given to the committed offender. Intentional
9 failure to comply with the department-approved personalized program
10 plan by any committed offender as scheduled for any year, or pro
11 rata part thereof, shall cause disciplinary action to be taken by
12 the department resulting in the forfeiture of up to a maximum of
13 three months good time for the scheduled year.

14 (2) The chief executive officer of a facility shall
15 reduce the term of a committed offender by six months for each year
16 of the offender's term and pro rata for any part thereof which is
17 less than a year.

18 The total reductions shall be credited from the date of
19 sentence, which shall include any term of confinement prior to
20 sentence and commitment as provided pursuant to section 83-1,106,
21 and shall be deducted from the maximum term, to determine the date
22 when discharge from the custody of the state becomes mandatory.

23 (3) While the offender is in the custody of the
24 department, reductions of terms granted pursuant to subsection (2)
25 of this section may be forfeited, withheld, and restored by the
26 chief executive officer of the facility with the approval of the
27 director after the offender has been consulted regarding the
1 charges of misconduct, except that no reduction of term previously
2 granted may be forfeited or withheld solely on the basis that the
3 offender had brought an action or appeal in a court of this state
4 that was dismissed on the grounds that it was frivolous or
5 malicious or that it failed to state a claim upon which relief may
6 be granted.

7 (4) While the offender is in the custody of the board,
8 reductions of terms granted pursuant to subsection (2) of this
9 section may be forfeited, withheld, and restored by the
10 administrator with the approval of the director after the offender
11 has been consulted regarding the charges of misconduct or breach of
12 the conditions of parole. In addition, the board may recommend

13 such forfeitures of good time to the director.
14 (5) Good time or other reductions of sentence granted
15 under the provisions of any law prior to July 1, 1996, may be
16 forfeited, withheld, or restored in accordance with the terms of
17 the Nebraska Treatment and Corrections Act.
18 Sec. 7. Original section 83-1,107, Revised Statutes
19 Supplement, 1998, is repealed.
20 Sec. 8. Since an emergency exists, this act takes effect
21 when passed and approved according to law."

RESOLUTIONS

LEGISLATIVE RESOLUTION 111. Introduced by Dw. Pedersen, 39.

PURPOSE: The purpose of this resolution is to determine the feasibility of the transferability of credits of approved law enforcement training courses from the community colleges, the state colleges, or the University of Nebraska to the Nebraska Law Enforcement Training Center.

It is imperative that Nebraska maintain sufficient numbers of highly trained and certified law enforcement officers and that this training and certification be provided at the most reasonable cost. Currently, the Nebraska Law Enforcement Training Center is the only authorized training center in Nebraska that may train and certify law enforcement officers in the state. All individuals interested in becoming law enforcement officers must attend all academic and physical training classes at the center.

No credit is given for academic courses successfully completed at any public postsecondary educational institution in the state. This presents a hardship for many individuals and the local communities that are paying for the training because the student is forced to retake many academic courses at the training center that had been completed in the process of obtaining an associate or bachelor's degree. If applicable academic courses were allowed to transfer to the training center, significant time and monetary savings could be realized by the individuals, the communities, and the center.

In addition, questions have been asked as to whether or not other courses, including driving, firearms training, and other necessary law enforcement physical training could be offered at community colleges, state colleges, or the University of Nebraska with certification only being provided by the training center.

Because the Legislature is committed to supporting collaborative and cooperative activities that will benefit Nebraska taxpayers and communities and the state, and because the Legislature is dedicated to eliminating as much needless duplication as possible, it is important that a study be conducted to determine the feasibility of the transfer of credits from any of Nebraska's public postsecondary educational institutions to the Nebraska Law Enforcement Training Center.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

RESOLUTIONS

LEGISLATIVE RESOLUTION 121. Introduced by Janssen, 15; Hartnett, 45; Dickey, 18.

PURPOSE: Consumer spending on charitable gaming in Nebraska has declined more than thirty-two percent in the past five years. This has resulted in reductions in funds available for the charities and for cities and counties which are the beneficiaries of charitable gaming. There are a number of reasons cited for this decline, including the proximity of casinos in neighboring states and reports of competition from video gaming devices of questionable legality in this state. Several bills were introduced in the 1999 legislative session for the purpose of responding to this issue. LB 184 would reduce state taxes on charitable gaming. LB 560 would eliminate certain restrictions on the game of keno. LB 659 would authorize the use of devices which electronically simulate the playing of pickle cards. This study shall include, but not be limited to, the following:

1. Whether reductions in state taxes on charitable gaming are appropriate, and, if so, the likely impact of reduced revenue on agencies which receive funds through taxes on charitable gaming, including regulation by the Charitable Gaming Division of the Department of Revenue and programs funded through the Compulsive Gamblers Assistance Fund;

2. Whether it is appropriate to eliminate certain restrictions on the game of keno, including, but not limited to, elimination of the five-minute rule and elimination of the requirement for paper tickets;

3. Whether it is appropriate to utilize new technologies which simulate gaming activities currently authorized in Nebraska law, including, but not limited to, the use of electronic devices which simulate the playing of pickle cards;

4. Whether statutory change is appropriate to address issues concerning the use of video or other gaming devices of questionable legality;

5. Whether changes in regulation would assist in addressing the issues currently facing charitable gaming in this state; and

6. Any other matters necessary or appropriate for a complete examination of this issue.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the General Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 122. Introduced by Janssen, 15; Hartnett, 45; Dickey, 18.

PURPOSE: It is illegal for persons under the age of twenty-one years to possess alcoholic liquor. However, documented evidence indicates that a high

percentage of young people in this state possess and consume alcoholic liquor, including documentation of binge drinking, drinking and driving, and the possible tragic consequences of such high-risk activities. LB 126 was introduced in the 1999 legislative session with the intent of reducing the incidence of underage drinking. LB 126 included mandatory penalties for minors in possession, including suspension of driver's licenses. LB 126 was advanced to General File but was not discussed further following the death of Senator Schellpeper. This study shall include, but not be limited to, the following:

1. Whether it is appropriate to increase the penalties for minor in possession, including whether mandatory penalties are appropriate;
2. Whether suspension of a minor's driver's license as a penalty for minor in possession is effective in deterring underage drinking;
3. Whether it is necessary or appropriate to further define terms related to minor in possession;
4. Whether it is necessary or appropriate for law enforcement personnel to conduct compliance checks to determine whether retailers sell alcoholic liquor to minors;
5. Whether it is appropriate to establish standard criteria for compliance checks and whether the Nebraska State Patrol or the Nebraska Liquor Control Commission should have oversight over such compliance checks;
6. The manner in which other states address underage drinking and issues related to compliance checks; and
7. Any other matters appropriate for a complete examination of this issue.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the General Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

4 until suitable provisions may be made for the juvenile without such
5 payment.

6 The amount to be paid by a county for education pursuant
7 to this section shall not exceed the average cost for education of
8 a public school student in the county in which the juvenile is
9 placed and shall be paid only for education in kindergarten through
10 grade twelve.

11 The court may enter a dispositional order removing a
12 juvenile from his or her home upon a written determination that
13 continuation in the home would be contrary to the health, safety,
14 or welfare of such juvenile and that reasonable efforts to preserve
15 and reunify the family have been made if required under section
16 43-283.01.

17 Sec. 2. Section 43-286, Reissue Revised Statutes of
18 Nebraska, is amended to read:

19 43-286. (1) When any juvenile is adjudicated to be a
20 juvenile described in subdivision (1), (2), or (4) of section
21 43-247:

22 (a) The court may continue the dispositional portion of
23 the hearing, from time to time upon such terms and conditions as
24 the court may prescribe, including an order of restitution of any
25 property stolen or damaged or an order requiring the juvenile to
26 participate in community service programs, if such order is in the
27 interest of the juvenile's reformation or rehabilitation, and,
1 subject to the further order of the court, may:

2 (i) Place the juvenile on probation subject to the
3 supervision of a probation officer; or

4 (ii) Permit the juvenile to remain in his or her own
5 home, subject to the supervision of the probation officer; or

6 (iii) Cause the juvenile to be placed in a suitable
7 family home or institution, subject to the supervision of the
8 probation officer. If the court has committed the juvenile to the
9 care and custody of the Department of Health and Human Services,
10 the department shall pay the costs of the suitable family home or
11 institution which are not otherwise paid by the juvenile's parents.

12 Under subdivision (1)(a) of this section, upon a
13 determination by the court that there are no parental, private, or
14 other public funds available for the care, custody, and maintenance
15 of a juvenile, the court may order a reasonable sum for the care,
16 custody, and maintenance of the juvenile to be paid out of a fund
17 which shall be appropriated annually by the county where the
18 petition is filed until a suitable provision may be made for the
19 juvenile without such payment; or

20 (b) The court may commit such juvenile to the Office of
21 Juvenile Services, but a juvenile under the age of twelve years
22 shall not be placed at the Youth Rehabilitation and Treatment
23 Center-Geneva or the Youth Rehabilitation and Treatment

24 Center-Kearney unless he or she has violated the terms of probation
25 or has committed an additional offense and the court finds that the
26 interests of the juvenile and the welfare of the community demand
27 his or her commitment. This minimum age provision shall not apply
1 if the act in question is murder or manslaughter.

2 (2) When any juvenile is found by the court to be a
3 juvenile described in subdivision (3)(b) of section 43-247, the
4 court may enter such order as it is empowered to enter under
5 subdivision (1)(a) of this section or enter an order committing or
6 placing the juvenile to the care and custody of the Department of
7 Health and Human Services.

8 (3) Beginning July 15, 1998, when any juvenile is
9 adjudicated to be a juvenile described in subdivision (1), (2),
10 (3)(b), or (4) of section 43-247 because of a nonviolent act or
11 acts and the juvenile has not previously been adjudicated to be
12 such a juvenile because of a violent act or acts, the court may,
13 with the agreement of the victim, order the juvenile to attend
14 juvenile offender and victim mediation with a mediator or at an
15 approved center selected from the roster made available pursuant to
16 section 25-2908.

17 (4)(a) When a juvenile is placed on probation or under
18 the supervision of the court and it is alleged that the juvenile is
19 again a juvenile described in subdivision (1), (2), (3)(b), or (4)
20 of section 43-247, a petition may be filed and the same procedure
21 followed and rights given at a hearing on the original petition.
22 If an adjudication is made that the allegations of the petition are
23 true, the court may make any disposition authorized by this section
24 for such adjudications.

25 (b) When a juvenile is placed on probation or under the
26 supervision of the court for conduct under subdivision (1), (2),
27 (3)(b), or (4) of section 43-247 and it is alleged that the
1 juvenile has violated a term of probation or supervision or that
2 the juvenile has violated an order of the court, a motion to revoke
3 probation or supervision or to change the disposition may be filed
4 and proceedings held as follows:

5 (i) The motion shall set forth specific factual
6 allegations of the alleged violations and a copy of such motion
7 shall be served on all persons required to be served by sections
8 43-262 to 43-267;

9 (ii) The juvenile shall be entitled to a hearing before
10 the court to determine the validity of the allegations. At such
11 hearing the juvenile shall be entitled to those rights relating to
12 counsel provided by section 43-272 and those rights relating to
13 detention provided by sections 43-254 to 43-256. The juvenile
14 shall also be entitled to speak and present documents, witnesses,
15 or other evidence on his or her own behalf. He or she may confront
16 persons who have given adverse information concerning the alleged
17 violations, may cross-examine such persons, and may show that he or
18 she did not violate the conditions of his or her probation or, if

19 he or she did, that mitigating circumstances suggest that the
20 violation does not warrant revocation. The revocation hearing
21 shall be held within a reasonable time after the juvenile is taken
22 into custody;

23 (iii) The hearing shall be conducted in an informal
24 manner and shall be flexible enough to consider evidence, including
25 letters, affidavits, and other material, that would not be
26 admissible in an adversarial criminal trial;

27 (iv) The juvenile shall be given a preliminary hearing in
1 all cases when the juvenile is confined, detained, or otherwise
2 significantly deprived of his or her liberty as a result of his or
3 her alleged violation of probation. Such preliminary hearing shall
4 be held before an impartial person other than his or her probation
5 officer or any person directly involved with the case. If as a
6 result of such preliminary hearing probable cause is found to
7 exist, the juvenile shall be entitled to a hearing before the court
8 in accordance with this subsection;

9 (v) If the juvenile is found by the court to have
10 violated the terms of his or her probation, the court may modify
11 the terms and conditions of the probation order, extend the period
12 of probation, or enter any order of disposition that could have
13 been made at the time the original order of probation was entered;
14 and

15 (vi) In cases when the court revokes probation, it shall
16 enter a written statement as to the evidence relied on and the
17 reasons for revocation.

18 Sec. 3. Section 43-290, Reissue Revised Statutes of
19 Nebraska, is amended to read:

20 43-290. It is the purpose of this section to promote
21 parental responsibility and to provide for the most equitable use
22 and availability of public money.

23 Pursuant to the petition filed by the county attorney or
24 any reputable person in accordance with section 43-274, whenever
25 the care or custody of a juvenile is given by the court to someone
26 other than his or her parent, which shall include placement with a
27 state agency, or when a juvenile is given medical, psychological,
1 or psychiatric study or treatment under order of the court, the
2 court shall make a determination of support to be paid by a parent
3 for the juvenile at the same proceeding at which placement, study,
4 or treatment is determined or at a separate proceeding. Such
5 proceeding, which may occur prior to, at the same time as, or
6 subsequent to adjudication, shall be in the nature of a disposition
7 hearing.

8 At such proceeding, after summons to the parent of the
9 time and place of hearing served as provided in sections 43-262 to
10 43-267, the court may order and decree that the parent shall pay,
11 in such manner as the court may direct, a reasonable sum that will
12 cover in whole or part the support, study, and treatment of the
13 juvenile, which amount ordered paid shall be the extent of the

14 liability of the parent. The court in making such order shall give
15 due regard to the cost of study, treatment, and maintenance of the
16 juvenile, the ability of the parent to pay, and the availability of
17 money for the support of the juvenile from previous judicial
18 decrees, social security benefits, veterans benefits, or other
19 sources. Support thus received by the court shall be transmitted
20 to the person, agency, or institution having financial
21 responsibility for such study, treatment, or maintenance and, if a
22 state agency or institution, remitted by such state agency or
23 institution quarterly to the Director of Administrative Services
24 for credit to the proper fund.

25 Whenever medical, psychological, or psychiatric study or
26 treatment is ordered by the court, whether or not the juvenile is
27 placed with someone other than his or her parent, or if such study
1 or treatment is otherwise provided as determined necessary by the
2 custodian of the juvenile, the court shall inquire as to the
3 availability of insured or uninsured health care coverage or
4 service plans which include the juvenile. The court may order the
5 parent to pay over any plan benefit sums received on coverage for
6 the juvenile. The payment of any deductible under the health care
7 benefit plan covering the juvenile shall be the responsibility of
8 the parent. If the parent willfully fails or refuses to pay the
9 sum ordered or to pay over any health care plan benefit sums
10 received, the court may proceed against him or her as for contempt,
11 either on the court's own motion or on the motion of the county
12 attorney or authorized attorney as provided in section 43-512, or
13 execution shall issue at the request of any person, agency, or
14 institution treating or maintaining such juvenile. The court may
15 afterwards, because of a change in the circumstances of the
16 parties, revise or alter the order of payment for support, study,
17 or treatment.

18 If the juvenile has been committed to the care and
19 custody of the Department of Health and Human Services, the
20 department shall pay the costs for the support, study, or treatment
21 of the juvenile which are not otherwise paid by the juvenile's
22 parent.

23 ~~If no provision is otherwise made by law for the support~~
24 ~~or payment for the study or treatment of the juvenile, compensation~~
25 ~~for the study or treatment shall be paid, when approved by an order~~
26 ~~of the court, out of a fund which shall be appropriated by the~~
27 ~~county in which the petition is filed.~~

1 The juvenile court shall retain jurisdiction over a
2 parent ordered to pay support for the purpose of enforcing such
3 support order for so long as such support remains unpaid but not to
4 exceed ten years from the nineteenth birthday of the youngest child
5 for whom support was ordered.

6 Sec. 4. This act becomes operative on July 1, 2001.

7 Sec. 5. Original sections 43-284, 43-286, and 43-290,
8 Reissue Revised Statutes of Nebraska, are repealed.'".

2 all offices on the ballot.

3 (2) All proposals submitted by initiative or referendum

17 (3) If the election is in a year in which a President of

19 the highest number of votes in the primary election shall be
20 grouped together. Each group shall be enclosed with brackets with
21 the political party name to the right and one square or oval to the
22 left in which the voter indicates his or her choice for Governor
23 and Lieutenant Governor jointly. The candidates for Governor and
24 Lieutenant Governor who have successfully petitioned on the general
25 election ballot shall be grouped together with the candidates
26 appearing on the same petition being grouped together. Each group
27 shall be enclosed with brackets with the words "By Petition" to the
1 right and one square or oval to the left in which the voter
2 indicates his or her choice for Governor and Lieutenant Governor
3 jointly. Beneath the names of the candidates for Governor and
4 Lieutenant Governor nominated at a primary election by political
5 party and beneath the names of all candidates for Governor and
6 Lieutenant Governor placed on the general election ballot by
7 petition, two write-in lines shall be provided in which the
8 registered voter may write the names of the candidates of his or

9-403. What constitutes filing; duration of filing; effect of lapsed filing; duties of filing officer; uniform fees; fee distribution.

(1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this article.

(2) Except as provided in subsection (6) of this section, a filed financing statement is effective for a period of five years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the five-year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of sixty days or until expiration of the five-year period, whichever occurs later. Upon lapse the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within six months prior to the expiration of the five-year period specified in subsection (2) of this section. Any such continuation statement must identify the original statement by file number and state that the original statement is still effective. Such continuation statement shall be signed by the secured party, and if such continuation statement is filed electronically it shall be signed electronically pursuant to subsection (3) of section 9-406. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subsection (2) of this section unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. The provisions of this subsection shall be applied retroactively to any continuation statement filed before July 1, 1999.

(4)(a) Until July 1, 1999, except as provided in subsection (7) of this section, a filing officer shall mark each statement or other document with a consecutive file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number and

the address of the debtor given in the statement.

(b) Beginning July 1, 1999, except as provided in subsection (7) of this section, a filing officer shall mark or identify each statement or other document with a consecutive file number and with the date and hour of filing and shall make available the statement or a microfilm or other photographic or electronically reproduced copy thereof for public inspection. In addition the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement.

(5)(a) The uniform fee for filing and indexing and for stamping a copy furnished by the secured party to show the date and place of filing for an original financing statement, an amendment, a separate statement of assignment, a continuation statement, a partial release, or a full release shall be six dollars, except as provided in subdivision (5)(c) of this section. There shall be no fee for the filing of a termination statement. The uniform fee for each name more than one required to be indexed shall be four dollars. The secured party may at his or her option show a trade name for any person and an extra uniform indexing fee of four dollars shall be paid with respect thereto.

(b) The uniform fee for filing and indexing and for stamping a copy furnished by a lienholder to show the date and place of filing of a lien or an amendment, a lien-notification statement, a separate statement of assignment, a certificate of discharge or subordination, a notice, a certificate of release or nonattachment, partial release, or full release of a lien filed pursuant to Chapter 52, article 2, 5, 7, 9, ~~10~~, 11, 12, or 14, or Chapter 54, article 2, or the Uniform State Tax Lien Registration and Enforcement Act shall be six dollars, except as provided in subdivision (5)(d) of this section. The uniform fee for each name more than one required to be indexed shall be four dollars.

(c) The uniform fee for filing and indexing a copy filed by the secured party by electronic means for an original financing statement, an amendment, a separate statement of assignment, a continuation statement, a partial release, or a full release shall be five dollars. The uniform fee for each name more than one required to be indexed shall be four dollars. The secured party may at his or her option show a trade name for any person and an extra uniform indexing fee of four dollars shall be paid with respect thereto.

(d) The uniform fee for filing and indexing a copy filed by a lienholder by electronic means for a lien or an amendment, a lien-notification statement, a separate statement of assignment, a certificate of discharge or subordination, a notice, a certificate of release or nonattachment, partial release, or full release of a lien filed pursuant to Chapter 52, article 2, 5, 7, 9, ~~10~~, 11, 12, or 14, or Chapter 54, article 2, or the Uniform State Tax Lien Registration and Enforcement Act shall be five dollars. The uniform fee for each name more than one required to be indexed shall be four dollars.

(6) If the debtor is a transmitting utility (subsection (5) of section 9-401) and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage which is effective as a fixture filing under subsection (5) of section 9-402 remains effective as a fixture

filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 9-103, or is filed as a fixture filing, it shall be filed for record and the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described, and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if he or she were the mortgagee thereunder, or where indexing is by description in the same fashion as if the financing statement were a mortgage of the real estate described.

(8) The provisions of subsections (2) and (3) of this section shall not apply to mortgages or deeds of trust and instruments supplementary or amendatory thereto covering real estate as well as personal property where such property constitutes a portion of the property used in carrying on the business of a public utility or a gas or oil pipeline system and which are executed to secure the payment of money. The lien of such mortgages or deeds of trust and amendments and supplements thereto shall continue in force and effect as to the personal property described therein, together with any interest of the mortgagor in real estate therein described even if the same has been on file five years or more. The instruments filed shall disclose that the mortgagor or grantor therein is then carrying on the business of a public utility or an oil or gas pipeline system or such fact shall be disclosed by an affidavit of the mortgagor or grantor to that effect filed for record with the county clerk.

(9) Until July 1, 1999, any county clerk receiving a fee under subsection (5) of this section for filing any document from which information is required to be transmitted to the Secretary of State shall on a monthly basis forward two dollars of each four-dollar fee and three dollars of each six-dollar fee received pursuant to subsection (5) of this section to the Secretary of State for deposit in the Uniform Commercial Code Cash Fund.

10 for each decal or pair of decals issued, and the form of such decal
11 and the numbering system shall be as prescribed by the Department
12 of Motor Vehicles. Each dealer issuing such decals shall keep a
13 record of the registration number of each decal or pair of decals
14 on the invoice of such sale. Such transit decal shall allow such

21 trailer for a period of thirty days in order to effect transfer of
22 plates to the new or used motor vehicle or trailer. Upon demand of
23 proper authorities, there shall be presented by the person in

10 numbered so as to distinguish them from each other. Such plates
11 may only be displayed upon the front of a driven vehicle of a
12 lawful combination or upon the front of a motor vehicle driven
13 singly or upon the rear of a trailer being pulled. The certificate
14 shall be issued in duplicate. The original thereof shall be kept
15 on file by the transporter, and the duplicate shall be displayed
16 upon demand by the driver of any vehicle or trailer being
17 transported. A transporter plate or certificate may not be
18 displayed upon a work or service vehicle, except that when a
19 properly registered truck or tractor being a work or service
20 vehicle is in the process of towing or drawing a trailer or
21 semitrailer, including a cabin trailer, which itself is being
22 delivered by the transporter, then the registered truck or tractor
23 shall also display a transporter plate upon the front thereof. The
24 applicant for a transporter plate shall keep for three years a
25 record of each vehicle transported by him or her under this
26 section, and such record shall be available to the department for
27 inspection. Each applicant shall file proof of his or her status
1 as a bona fide transporter.

2 (5) Any boat dealer when transporting a boat which is
3 part of the inventory of the boat dealer on a trailer required to
4 be registered may annually, in lieu of registration of the trailer
5 and upon application to the Department of Motor Vehicles and
6 payment of a fee of ten dollars, obtain a certificate and a number
7 plate. The plate may be displayed on any trailer owned by the boat
8 dealer when the trailer is transporting such a boat. The number
9 plate shall be of a type designed by the department and so numbered
10 as to distinguish one plate from another.

13 exchanging boats at retail who has a principal place of business
14 for such purposes in this state.

15 (6) It shall be the duty of all law enforcement officers
16 to arrest and prosecute all violators of the provisions of
17 subsection (1), (2), (3), (4), or (5) of this section and see that
18 they are properly prosecuted according to law. Any person, firm,
19 or corporation, including any motor vehicle, trailer, or boat
20 dealer or manufacturer, who fails to comply with such provisions
21 shall be deemed guilty of a Class V misdemeanor and, in addition
22 thereto, shall pay the county treasurer or designated county
23 official any and all motor vehicle taxes and fees imposed in

24 sections 60-3002 and 60-3007, registration fees, or certification
25 fees due had the motor vehicle or trailer been properly registered
26 or certified according to law.

27 When any motor vehicle or trailer dealer's or
1 manufacturer's license has been revoked or otherwise terminated, it
2 shall be the duty of such dealer or manufacturer to immediately
3 surrender to the Department of Motor Vehicles or to the Nebraska
4 Motor Vehicle Industry Licensing Board any dealer number plates
5 issued to him or her for the current year. Failure of such dealer
6 or manufacturer to immediately surrender such dealer number plates
7 to the department upon demand by the department shall be unlawful.

8 (7) Any motor vehicle or trailer owned by a dealer and
9 bearing other than dealer number plates as provided in this section
10 shall be conclusively presumed not to be a part of the dealer's
11 inventory and not for demonstration or sale and therefor not
12 eligible for any exemption from taxes or fees applicable to
13 vehicles with dealer number plates.

RESOLUTIONS

LEGISLATIVE RESOLUTION 132. Introduced by Dw. Pedersen, 39.

PURPOSE: To require the Department of Correctional Services to provide information regarding its current classification system and to study the effects of that classification system on our current parole statistics.

The study shall include information on crimes committed, what factors lead to an inmate being classified in a certain manner, and statistical information over the past ten-year period indicating crimes, classification at time of entry, average length of time before moving up in classification, classification at time of parole or "jam" date, and the length of sentence served.

The study shall also gather information on the number of inmates currently incarcerated and their classifications to determine if there is a relationship between the classification system and the current practice of requiring more inmates to complete their entire sentences rather than be paroled, as well as the economic effect of such policies on the state budget and the effect on recidivism rates.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 133. Introduced by Dw. Pedersen, 39; Brashear, 4.

PURPOSE: During the 1999 legislative session, two bills were introduced that dealt with the issue of community corrections or community justice programs. They were LB 321 and the original version of LB 865. An agreement was made that the Legislature would take no further action on either bill until a study was conducted to address the issues that were raised, including the following:

(1) Determine the definition of community corrections or community justice programs;

(2) Look at the extent and nature of current community corrections programs in the State of Nebraska and determine what the extent and nature of such programs should be, and once the extent and nature of such programs is established, determine the cost of delivering such programs and what method should be used to finance such programs;

(3) Explore the statutory mandate with regard to community corrections programs to determine what the actual intent of the legislation was, what types of programs were contemplated, and who was to be in charge of such

programs and explore current options for community corrections and community justice programs;

(4) Determine the need to develop and implement standards for a contracting process for community corrections plans, the ability to monitor all programs for compliance, and the need to establish a clearinghouse for information and a reporting system to provide statistical information on whether or not the community corrections and community justice programs are effective in keeping people from incarceration;

(5) Determine whether or not there is a duplication of services within the current delivery system and, if so, how services can be delivered in the most cost-efficient manner;

(6) Determine the proper roles of the Department of Correctional Services, the Office of Probation Administration and the Nebraska Commission on Law Enforcement and Criminal Justice with regard to community corrections and community justice programs;

(7) Provide a mechanism for objectively evaluating comprehensive community corrections plans and grant fund applications from communities to determine whether or not the programs address the goal of keeping people from incarceration;

(8) Determine which state agencies are best equipped to establish, assess, and provide staff support for approved community corrections and community justice programs;

(9) Clarify public policy with regard to pre-incarceration, incarceration, and post-incarceration community corrections and community justice programs in the state;

(10) Determine how taxpayer money can be best utilized when expanding community corrections and community justice programs, whether through existing criminal justice infrastructures such as the Department of Correctional Services, the Office of Probation Administration, or the Office of Parole Administration or by creating and funding autonomous correctional programs within local communities; and

(11) If local communities are given the authority to facilitate development of assorted offender programs through technical assistance grants and supplemental operating funds, determine whether the state is financially supporting local correctional programming and if that is something that can be sustained into the future.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 134. Introduced by Dw. Pedersen, 39.

PURPOSE: The purpose of this resolution is to study the issue of mental

health regions providing direct services to people in need of alcohol and drug abuse treatment.

Direct service providers throughout the state have expressed concerns that, although funding for alcohol and drug treatment has remained relatively flat over the last several years, several regional offices have continued to expand. There is concern that the regions duplicate functions of the state, the managed care provider, and services available in the private sector. There is also concern that the agency responsible for distributing funding and verifying quality programs can also provide direct services.

One of the primary reasons for having regional offices was to promote community input, yet information from throughout the state indicates that those providers who are not currently members of the provider network have a difficult time getting into the network.

Because of the reorganization of the Health and Human Services System, more and more people are being sent to community-based services, and, because it is not possible to get them all into programs run by the regions or by the choice few providers in the network, some people are being forced to go without services.

By allowing regions to provide direct services, we discourage private people from seeking contracts, we eliminate competition, and we give the impression of the "fox watching the chicken coop" mentality.

LB 1354, introduced in the 1998 legislative session, called for a task force to examine the delivery and financing of services for adults with mental illness or addiction to alcohol or controlled substances. One of the legislative recommendations of this task force was that local regions divest themselves of the role of direct provider of services.

This interim study should provide a way to look at the regional delivery system and the layers of bureaucracy that we are forced to go through and pay for to get services to those who need them. The bottom line here should be the best effort to get the maximum percentage of dollars available to those in need of services rather than to continue to let the scarce dollars available be eaten up by administrative costs and bureaucracy.

There are several questions that providers would like to see addressed by the interim study, including:

(1) Whether the present system discourages qualified providers from seeking contracts to be a state provider because they know they will be competing with the very agency that decides who is a provider;

(2) Whether the reimbursement rate is driven up by discouraging competition. If the regions continue to provide the services and pay themselves, it only makes sense that they would try to get as high a rate of reimbursement as possible, especially on the services they directly provide;

(3) The objectivity of the regions in assessing the effectiveness of providers they contract with when they provide similar services or are wanting to provide the services themselves and whether it is threatening existing providers in the system;

(4) Whether, if regions were not allowed to provide direct services, it would be more feasible for local agencies to become providers of treatment services without having to request funds from the competition; and

(5) Whether there is justification for mental health regions to continue to

exist if they are not allowed to provide direct services.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 138. Introduced by Hudkins, 21; Wickersham, 49; Bohlke, 33; Brashear, 4; Robak, 22; Bruning, 3; Crosby, 29; Schrock, 38.

PURPOSE: The goal of this interim study is to closely examine the geographic boundaries of the districts used to select the membership of the Executive Board of the Legislative Council and Committee on Committees of the Legislature, as well as considering the method by which the districts are determined.

Concerns have arisen as to how senators are appointed to serve as members of any of the three districts for the Executive Board and the Committee on Committees. Under the present system, Senators of neighboring legislative districts are often delegated to completely different caucuses, resulting in confusion and inconvenience for many members of the Legislature.

This study should include development of a specific formula to be included in the Rules of the Nebraska Unicameral Legislature and followed by both the Executive Board and the Committee on Committees in making district assignments.

The study shall also examine matters concerning the fourteen standing committees. Specifically, the study should consider the appropriate number of members for each committee, consider how to distribute the workload of the committees more evenly, and determine and identify the optimum number of days upon which each committee should meet.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Rules Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 139. Introduced by Janssen, 15; Bromm, 23.

PURPOSE: A discrepancy has arisen in several counties in Nebraska between acreages directly connected to other agricultural property and acreages used solely for residential purposes. The valuation of acreages connected to agricultural property is being unfairly assessed higher than the surrounding agricultural property. Such property is being assessed as an acreage used for residential purposes, rather than as a part of a working farm. The purpose of this resolution is to study possible solutions to the valuation problems generated from agricultural land being classified as nonagricultural. The study shall include, but not be limited to:

- (1) Examination of the methods and guidelines used by county assessors and the Property Tax Administrator in comparable sales involving agricultural land used for agricultural purposes and agricultural land used for nonagricultural purposes;

- (2) Examination of new categories of agricultural and horticultural land which would include agricultural land used for nonagricultural purposes;

- (3) Examine the relationship between actual agricultural land valuations and land value if put solely to agricultural use;

- (4) Examine the methods and guidelines used by county assessors and the Property Tax Administrator in valuation of farmstead sites that are part of a farming operation; and

- (5) Examine changes proposed in Legislative Bill 853, Ninety-sixth Legislature, First Session, 1999.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

24 (2) To determine the amount of the property tax credit,
1 the county treasurer shall multiply the amount disbursed to the

13 taxpayer shall be returned to the State Treasurer by July 1 of the
14 year the amount disbursed to the county was disbursed. The State

WHEREAS, Nebraska law currently contains provisions relating to agricultural input suppliers and credit protection in the form liens for artisans, threshers, veterinarians, petroleum products, fertilizer and agricultural chemicals, seed, electricity and energy, service of animals, feed, and agisters; and

WHEREAS, due to the considerable drop in the value of agricultural commodities, Nebraska farmers and ranchers are facing extreme cutbacks in the amount banking, lending, and financial institutions are extending in short and long-term loans to cover agricultural input costs; and

WHEREAS, due to the shortage of credit and loans available from banking, lending, and financial institutions, agricultural input suppliers are faced with extending credit in the form of collateral enhancement to cover agricultural input costs and, in most cases, without the protection provided for banking, lending, and financial institutions; and

WHEREAS, agricultural input suppliers now serve as a source of funding in lieu of the traditional capitol resources provided by banking, lending, and financial institutions; and

WHEREAS, the Legislature can review the current statutory lien statutes and those relating to banking, financial, and lending institutions.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Agriculture and Banking, Commerce and Insurance Committees of the Legislature conduct a joint interim study regarding the necessity of legislation to address providing protection of agricultural input suppliers who serve as sources of enhancing collateral such as crop land, livestock, and other agricultural collateral.

2. That the committees shall upon the conclusion of the study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 141. Introduced by Jones, 43; Wickersham, 49; Coordsen, 32; Bromm, 23; Hudkins, 21; Dierks, 40; Kremer, 34.

PURPOSE: The purpose of this resolution is to study issues regarding challenges in the transfer of farms and ranches to younger, unrelated persons.

The study should include an examination of the use of tax incentives.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 142. Introduced by Jones, 43; Dierks, 40; Landis, 46; Kremer, 34.

PURPOSE: The purpose of this resolution is to study issues regarding challenges in the transfer of farms and ranchers to younger, unrelated persons. The study should include an examination of the use of business structures such as limited liability companies and limited liability partnerships.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Agriculture and Banking, Commerce and Insurance Committees of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of the study make a report of the findings, together with any recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 143. Introduced by Revenue Committee: Wickersham, 49, Chairperson; Coordsen, 32; Dierks, 40; Hartnett, 45; Landis, 46; C. Peterson, 35; Raikes, 25; Redfield, 12.

PURPOSE: This resolution is to study issues related to sales and use tax simplification and uniformity. The modern economy can be defined as one which is more nimble and less tangible than has been the case in the past. All states that impose a sales and use tax, Nebraska included, face great stress on their sales and use tax systems from remote selling over the Internet and from more traditional forms such as mail order. If constitutional prohibitions continue to restrict Nebraska's ability to enforce its sales and use tax with respect to sellers without Commerce Clause nexus to Nebraska, our state will have to negotiate with other states and remote sellers to encourage voluntary collections by remote sellers or tolerate a sales tax that will continue to become more narrow and discriminatory over time.

The key to agreement with other states and remote sellers will undoubtedly be greater uniformity among states with regard to procedures, forms, and definitions and greater simplicity for sellers making collections and remittances from many states simultaneously. This study is to examine

Nebraska's sales and use tax in an effort to discover any possible legislation that could move our state toward better uniformity and simplification in levying and administering the sales and use tax.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee cooperate with and participate in the efforts of the Tax Commissioner to cooperate with nearby states in achieving more regional uniformity.

3. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 144. Introduced by Revenue Committee: Wickersham, 49, Chairperson; Coordsen, 32; Dierks, 40; Hartnett, 45; Landis, 46; C. Peterson, 35; Raikes, 25; Redfield, 12.

PURPOSE: Continued public pressure to reduce the reliance of local governments on the property tax has increased the need for state officials to be aware of the state-local financial relationships that exist in Nebraska. The purpose of this study is to examine the various programs that are in place which provide financial aid to local governments. Particular attention should be paid to the consistency between the use of sales and income tax revenue collected from the entire state and the needs relative to the property tax capacity of local governments.

Aid to natural resources districts is an area that has not received attention since the personal property tax replacement aid was first provided in the 1970s. Analysis of the needs of natural resources districts as compared to both the property tax levy capacity and the possibility of other own-source revenue should be undertaken pursuant to this study.

Another aspect of this study is the utility and effectiveness of the state aid notification required to be provided to the taxpayer with the property tax statement. The study should examine the contents of the notification and whether or not the information provided could be made more useful and informative to the taxpayer.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 145. Introduced by Revenue Committee: Wickersham, 49, Chairperson; Coordsen, 32; Dierks, 40; Hartnett, 45; Landis, 46; C. Peterson, 35; Raikes, 25; Redfield, 12.

PURPOSE: The purpose of this resolution is to study the issues surrounding the implementation of Legislative Bill 271, Ninety-sixth Legislature, First Session, 1999, to tax property owned by governmental entities which is not used for a public purpose. Specifically, the study should examine the appropriate concepts used to determine what is and what is not being used for a public purpose. Guidelines such as the amount of income relative to the size of the operation, the size and level of integration of the discrete area being considered, and the applicability of Unrelated Business Income Tax to the activity should be considered.

The study should also consider the procedures for disputing the assessment of taxes and the burden of proof to be applied in such disputes. Finally, the study should examine the procedures to be undertaken to assure a proper level of value is placed on public property held under a lease for a nonpublic purpose.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 146. Introduced by Wickersham, 49; Dierks, 40; Hartnett, 45; Landis, 46; C. Peterson, 35; Raikes, 25.

PURPOSE: The Employment Expansion and Investment Incentive Act was enacted in 1986 and the Employment and Investment Growth Act was enacted in 1987. Since that time, inflation has driven the cost of most things higher and these two acts have been supplemented if not replaced with incentives offering more benefits for higher levels of investment.

The time has come to examine the role each of these incentives play in the overall scheme of incentives available to new or expanding businesses. Particular attention should be paid to the required levels of new employment and investment in light of the amount of inflation that has occurred in the intervening years.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 147. Introduced by Raikes, 25; Wickersham, 49; C. Peterson, 35; Landis, 46.

PURPOSE: The purpose of this study is to examine the possibility of income tax reform with the goal of achieving greater simplification and eliminating the so-called marriage penalty. While limiting or eliminating deductions, exclusions, or special considerations from state income tax laws will cause some to pay more while others pay less, recent public demand for greater simplification cannot be ignored. The study will attempt to analyze shifts between income groups and find approaches designed to minimize such shifts while still making the income tax more simple.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 148. Introduced by Bromm, 23; Landis, 46; Hudkins, 21; Jones, 43; Schrock, 38; Wickersham, 49; Engel, 17; Preister, 5; Beutler, 28; Bohlke, 33; Stuhr, 24.

PURPOSE: To study opportunities in which tax policy might be used to produce both economic and environmental benefits. In addition, the study would examine how corporate tax incentives might be used to further environmental protection.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue and Natural Resources Committees of the Legislature shall be designated to conduct a joint interim study to carry out the purposes of this resolution.

2. That at least one public hearing shall be held regarding this study.

3. That the committees shall upon the conclusion of this study make a report of the findings, together with any recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 149. Introduced by Bromm, 23; Landis, 46; Preister, 5; Beutler, 28; Jones, 43.

PURPOSE: To study the benefits of a mandatory deposit on glass and plastic bottles and aluminum cans in an effort to encourage recycling. The study shall review past efforts in this area and may draw upon the experiences in

other states.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. The committee shall hold at least one public hearing regarding the study.

3. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 150. Introduced by Bromm, 23; Hudkins, 21.

PURPOSE: To study the feasibility and desirableness of a "Pay for Stay" program, whereby counties would be authorized to seek reimbursement for an inmate's use of their jail. The study shall consider the policy being established by such a program. The committee shall review similar programs in other states and seek to determine what costs and benefits such a program would offer Nebraska counties. The study may include input from private vendors who have assisted counties in implementing such a program.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 151. Introduced by Beutler, 28; Preister, 5.

PURPOSE: The purpose of this study is to review all ground water and surface water quality monitoring programs, to identify all monitoring of water done in the state, to determine if that monitoring is adequate, and if not, to determine what else is needed to ensure water quality in the state.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 152. Introduced by Bromm, 23; Schimek, 27; Crosby, 29; Preister, 5; Beutler, 28 .

PURPOSE: To study and review Nebraska's political accountability and disclosure laws as they relate to the legislative and executive branches of government. The study shall include, but not be limited to, an examination of:

- (1) Disclosure of gifts by principals and lobbyists;
- (2) Limitations on gift giving by principals and lobbyists;
- (3) Individualized reporting of gifts and other expenses; and
- (4) Clarifying current reports by lobbyists and principals to better itemize expenses.

This study shall seek to determine whether the current laws are adequate and sufficient and in the best interest of the general public. The Government, Military and Veterans Affairs Committee shall conduct a public hearing in connection with such study. A determination shall be made as to what laws should be amended, repealed, or enacted to better serve the general public.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Government, Military and Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Natural Resources Committee and the Appropriations Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

LEGISLATIVE RESOLUTION 155. Introduced by Kiel, 9.

PURPOSE: Children count on adults to keep them safe, to teach them, and to help them grow, and each of us must work to ensure the safety and welfare of every child. The Legislature finds that recent incidents of violence in schools confirm the necessity of reviewing Nebraska statutes to ensure that teachers, school administrators, law enforcement officials, and parents have the tools they need to maintain discipline and order in the classroom and to ensure our schools are safe for Nebraska children and teachers.

A recent study by The Public Agenda Foundation on what American teenagers think about their schools reveals that large numbers of teens say there are too many disruptive students in their classes, classes are too large, and they are concerned with the lack of discipline in the schools they attend. Students complain of a lack of respect and civility in their schools. Teenagers describe a rough-and-tumble teen culture that they themselves see as destructive, and minority youngsters, particularly African-American teens, are more likely to consider a lack of order and discipline as a serious problem in their schools.

A nationwide public survey conducted in January 1997 by The Feldman Group, Inc., reveals that fifty-eight percent of all respondents ranked lack of discipline among students as the second most serious problem facing public schools. The only issue to rank higher as a serious problem was parents not being involved in their children's schooling. That same public survey found that ninety percent of all respondents believe the most important goals for improving education should be establishing discipline in the classroom and ensuring school safety. Citizens, including students, clearly believe that elected officials must assist in providing teachers the tools and help they need to maintain an orderly classroom.

A review of safe school legislation in other states, particularly Texas' safe schools statutes, would be beneficial in crafting a plan that will help ensure a safe learning environment for all students and teachers. Consideration should be given to enacting state and federal laws mandating the immediate removal of any regular or special education student from school who commits any violent act against a student or a school employee. Consideration should also be given to enacting laws that would require a student be excluded from school until he or she has received psychological counseling at the parents' expense and has been certified by the appropriate counselor as psychologically ready to return to the classroom.

Lawmakers should also examine the benefits of:

- (1) Increasing penalties for assaulting a teacher or any other school employee;
- (2) Cutting off driving privileges for students who have been suspended or expelled from school;
- (3) Providing prompt and efficient transfer of student records, including discipline records, from one school district to another and ensuring teachers have access to such records;
- (4) Providing specific statutory authority allowing school districts at their discretion to adopt dress codes or school uniforms;
- (5) Allowing school districts to prohibit possession of cellular phones or pagers by students in school unless specifically approved by school administrators;
- (6) Modifying existing law imposing parental responsibility or liability for certain student conduct by repealing the current one-thousand-dollar liability cap on personal injury damages;
- (7) Providing specific statutory authority allowing teachers to remove students from their classroom for up to five days for violent or seriously disruptive behavior;
- (8) Modifying current legislation adopted pursuant to the federal Gun-Free Schools Act of 1994 to include all deadly weapons, not just firearms; and
- (9) Providing for mandatory expulsion of students who bring firearms to school.

Additional actions that would help ensure the safety of our children should be studied, such as implementing effective mediation and conflict resolution programs, so that children are taught to settle differences in nonviolent ways, providing training to every school employee, including teachers, bus drivers, and administrators, to identify and report warning signs of violence and mental health problems, and making sure that guidance counselors and school psychologists are brought back into the school at a ratio per student that allows them to provide personal attention to every child.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 156. Introduced by Kiel, 9.

PURPOSE: This study recognizes that Nebraska ranks second in the nation for the percentage of women in the work place. Unfortunately, a woman earns only seventy-two cents for every dollar a man makes for the same work. When benefits and retirement funds are added, the disparity in pay is much greater.

The purpose of this study is to determine the amount of disparity between

men's and women's wages and benefits and to examine solutions to this problem.

Components of the study may include, but not be limited to:

1. Examining classification systems to determine fair pay levels for equal and equivalent worth;
2. Determining methods to solve gender pay and benefit inequity; and
3. Examining ways to further encourage public and private sector gender pay and benefit equity.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 157. Introduced by Kiel, 9.

PURPOSE: This study recognizes that a large number of Nebraska families and individuals continue to receive public assistance from programs which focus on income and consumption and are not always successful in promoting and supporting the transition to economic self-sufficient.

This interim study would review the asset poor and those on public assistance in Nebraska. It would also examine the need to complement Nebraska's income-based welfare policy with an asset-based welfare policy.

Components of the study may include, but not be limited to:

1. An examination of the impediments that prevent low income individuals from saving, acquiring productive assets, and achieving self-sufficiency;
2. An evaluation of the incentives to accumulate assets by saving a portion of earned income;
3. A determination of the potential for asset incentive programs to enable persons to acquire education and job training and encourage home ownership and microenterprise development; and
4. A review of the use of an individual development account program or a similar asset development policy in conjunction with current state public assistance programs to promote self-sufficiency.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 158. Introduced by Kiel, 9.

PURPOSE: The purpose of this study is to examine the ways in which the State of Nebraska can promote gun safety within the state in order to create a safer and less violent environment for its citizens. Components of the study may include, but need not be limited to:

1. Examining ways to implement child access prevention (CAP) laws that would restrict gun access to children.

2. Studying the feasibility of permitting an adult to be held civilly liable for allowing a minor access to a gun subsequently used in a crime.

3. Determining if laws requiring trigger locks and other new technologies that can keep a gun from being used by anyone but the owner are practicable.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 159. Introduced by Kiel, 9.

PURPOSE: The purpose of this study is to examine fees associated with the use of Automatic Teller Machines (ATMs). Components of the study may include, but need not be limited to:

1. Examining existing and permitted fees and how and when they are accrued.

2. Determining whether current consumer notification of such fees is sufficient.

3. Examining whether electronic notification and consumer acceptance of any imposed fees after the transaction is initiated but prior to the consumer being irrevocably committed is feasible.

4. Studying the feasibility of limiting or prohibiting such fees.

5. Surveying other states' or the federal government's existing or proposed statutes, regulations, and legislative action about fees associated with the use of ATMs.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 160. Introduced by Wickersham, 49; Wehrbein, 2; Bohlke, 33.

PURPOSE: To study the process of filing school financial information with the State Department of Education, Property Tax Administrator, and Auditor of Public Accounts to determine how this process may be better coordinated and more useful to the public, school districts, and Legislature. A specific emphasis of the study shall be the development of a standard method of grouping schools into systems for analysis and the development of standardized information to be made available for modeling and estimating state aid by interested public agencies, including the Legislature.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue, Appropriations, and Education Committees of the Legislature shall be designated to conduct a joint interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of the study make a report of the findings, together with any recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 161. Introduced by Bromm, 23; Bruning, 3.

PURPOSE: In 1999, Legislative Bill 80 was introduced, a bill which dealt with extending the period during which Nebraska license plates are used from three to five years. The study will:

1. Examine the fiscal impact to the State of Nebraska, paying special attention to the Highway Trust Fund, of extending the license plate use period to five years;

2. Examine how extending the license plate use period to five years will affect production costs of the license plates and the overall changes to the Department of Correctional Services caused by such a change; and

3. Examine any other implications of the change to a five-year license plate use period that the committee deems relevant.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 162. Introduced by Transportation Committee: Bromm, 23, Chairperson; Jones, 43; Dw. Pedersen, 39; C. Peterson, 35; Thompson, 14.

PURPOSE: To examine the state's current compliance with the provisions of TEA-21 (Transportation Equity Act of the 21st Century) and examine the costs or incentives associated with implementing or failing to implement the balance of the safety provisions contained in TEA-21.

To examine the status of the Twenty-Year Highway Plan, adopted in 1989, relative to the completion of its three main goals: (1) Interstate reconstruction in Omaha; (2) 600-mile expressway system; and (3) elimination of geometric deficiencies.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 163. Introduced by Transportation Committee: Bromm, 23, Chairperson; Jones, 43; Dw. Pedersen, 39; C. Peterson, 35; Thompson, 14.

PURPOSE: In 1999, Legislative Bill 707 was introduced. The bill would have enumerated the regulatory and enforcement powers of the Public Service Commission and drew the attention of the Transportation Committee to the current state of those statutes enumerated in the bill. The purpose of this interim study is to review those provisions of the Nebraska statutes that deal with the Public Service Commission and suggest the means by which those sections may be recodified and updated. The study will:

- (1) Examine with special attention the provisions of Chapters 75 and 86 which deal with the regulation of telecommunications in Nebraska to assure consistency of terminology and statutory mandates, taking into account all recent developments of telecommunication regulation on the state and federal level;

- (2) Assure that the statutes remain in compliance with the federal Telecommunications Act of 1996; and

- (3) Propose to the Legislature a recodified version of those statutes

mentioned in LB 707 and examined in the interim study.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 164. Introduced by Bromm, 23; Thompson, 14; Schrock, 38.

PURPOSE: In 1999, Legislative Bill 641 was introduced, a bill which dealt with the issuance of historic motor vehicle titles. In addition, in Congress S.655 was introduced by U.S. Senator Trent Lott, which is a bill to establish nationally uniform requirements regarding the titling and registration of salvage, nonrepairable, and rebuilt vehicles. The purpose of this study is to examine Chapter 60, articles 1 and 3, of the Nebraska Revised Statutes that deal with motor vehicle titles and registration. The study will:

1. Examine with special attention the current administration of these sections by the Department of Motor Vehicles and the internal consistency of the Nebraska statutory provisions;

2. Examine those areas in which Nebraska statutes do not currently provide for certain titling and registration provisions dealing with historic motor vehicles and assembled motor vehicles; and

3. Monitor and take into account the actions of the U.S. Congress with respect to nationally uniform requirements for the titling and registration of motor vehicles.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

12 has access to employer-related health insurance coverage and, if
13 so, the health insurance policy information, and any other
14 information the court deems relevant until such judgment is paid in
15 full. The person shall also be required to advise the clerk of any
16 changes in such information between the time of entry of the decree
17 and the payment of the judgment in full. If both parents are
18 parties to the action, such order shall provide that each be
19 required to furnish to the clerk of the district court all of the
20 information required by this subsection, whether he or she has
21 access to employer-related health insurance coverage and, if so,
22 the health insurance policy information. Failure to comply with
23 this section shall be punishable by contempt.

24 (2) For purposes of the establishment, modification, or
25 enforcement of a support order, all district courts shall utilize
26 the Title IV-D Division's statewide automated data processing and
27 information retrieval system. The Title IV-D Division may withhold
1 IV-D funds to counties within the jurisdiction of a district court
2 which are not in compliance with this subsection.

3 (3) All support orders entered by the court shall include
4 the birthdate and social security number of any child for whom the
5 order requires the provision of support.

6 (4)(a) If any case contains an order or judgment for
7 child, medical, or spousal support, the order shall include the
8 following statements:

9 In the event (respondent or petitioner) fails to pay any
10 child, medical, or spousal support payment, as such failure is
11 certified each month by the district court clerk in cases in which

18 warrant shall be issued for his or her arrest.

19 (3) (b) If the court orders income withholding regardless
20 of whether or not payments are in arrears pursuant to section
21 43-1718.01 or 43-1718.02, the statement in subdivision (a) of this
22 subsection (2) of this section may be altered to read as follows:

RESOLUTIONS

LEGISLATIVE RESOLUTION 173. Introduced by Thompson, 14; Hartnett, 45; Bruning, 3.

PURPOSE: In 1988, the Department of Roads published the Nebraska Highway Needs Study. This was the result of the passage of legislation that called for a study and a continuing procedure for reporting annually to the Legislature on the state's highway needs and the department's planning and programming. The 1988 Nebraska Highway Needs Study considered the current and future highway needs in Nebraska.

Since 1988, Nebraska has seen considerable changes in population, traffic, and state and federal funding policies and priorities. It is beneficial to implement a study to review these changes and examine how they have affected the current and future needs of Nebraska's transportation system and to determine if a full review and comprehensive revision of the previous study is necessary. If a revision of the 1988 study is determined to be necessary, the criteria and data on which that study was based should also be reviewed in order to determine if there are any additional criteria or data that should be considered for determining and funding future highway projects.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 174. Introduced by Coordsen, 32; Bromm, 23; Schimek, 27; Kristensen, 37.

PURPOSE: The purpose of this resolution is to direct that a study be conducted to:

(1) Draft guidelines for the Legislature's 2001 redistricting process. The redistricting guidelines shall be developed for Congressional, Legislative, Supreme Court, Board of Regents, Public Service Commission, and State

Board of Education districts. The guidelines shall be drafted with the intent of (a) ensuring that plans developed are constitutionally acceptable and (b) making the process as efficient, fair, and open as possible; and

(2) Make recommendations for statutory changes for reapportionment and redistricting that may be necessary for consideration by the Legislature in 2000.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Executive Board of the Legislative Council appoint a special committee to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 175. Introduced by Raikes, 25; Dierks, 40; Dickey, 18.

PURPOSE: The Legislature finds that the methods, institutions, and procedures by which agricultural commodities are exchanged and priced are of major importance to producers, processors, and consumers. Exchange arrangements determine the distribution of economic rewards, signal producers about quantity and quality of products produced, and ultimately have an impact on the structure of production and processing sectors.

The purpose of this interim study is:

(1) To identify trends underway in agricultural commodities pricing and other exchange arrangements used in Nebraska, the reasons for these trends, and the problems that may need to be addressed as a result of these trends;

(2) To identify alternative pricing and exchange arrangements that may be applicable to agricultural commodity marketing in Nebraska, including arrangements involving the use of available electronic information technology; and

(3) To propose actions needed by the Legislature to enable pilot or permanent programs.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Agriculture Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 176. Introduced by Dierks, 40; Bromm, 23.

PURPOSE: To study the provisions of group health insurance covering public employees, all or a portion of the premiums for which is paid by the public entity employer of the insureds. The study shall include, but not be limited to, the following:

(1) Examining the need for and implications of a statutory requirement that insurance carriers who have issued a group health insurance policy covering public employees annually file with the Department of Insurance a financial summary report of the policy which shall include a description of coverages, premium rates, number of employees covered, and total claims paid; and

(2) Examining the need for and implications of a statutory requirement that insurance carriers who have issued a group health insurance policy covering public employees report quarterly to the respective board a financial summary, by coverage, of expenses incurred since the last report.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Banking, Commerce and Insurance Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 177. Introduced by Wickersham, 49; Schimek, 27.

PURPOSE: In November 1998, the voters approved an amendment to the Constitution of Nebraska to allow cities and counties, as well as other political subdivisions, to consolidate. LB 803 was introduced in 1999 in an effort to deal with the procedural, political, and pragmatic issues that would surround any merger. This study is to further the research into ways to eliminate or reduce the obstacles to greater efficiency and effectiveness that may be possible through consolidation.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Government, Military and Veterans Affairs and Revenue Committees of the Legislature shall be designated to conduct a joint interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of the study make a report of the findings, together with any recommendations, to the Legislative Council or Legislature.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

The study should consider the following:

- (1) Any statistical relationship between school size and the cost of doing business and whether this can be sufficiently defined as a factor in the school finance formula;
- (2) What factors could be considered a justifiable cost difference among schools and pupils;
- (3) Whether there is an opportunity to identify classroom units to better address necessary funding differences between schools;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

LEGISLATIVE RESOLUTION 189. Introduced by Schimek, 27.

PURPOSE: The purpose of this study is to address drafting style changes to

the Nebraska Political Accountability and Disclosure Act which was adopted in 1976. The style of the original act included long paragraphs with multiple dependent clauses and can be difficult to read and understand. Since 1976 the act has been amended numerous times in order to address changing conditions and expectations. These numerous amendments have tended to make long paragraphs and long sentences even longer resulting in an act which can be even more difficult to read and understand.

Those subject to the Nebraska Political Accountability and Disclosure Act and members of the public interested in activities regulated by the act would benefit if the act were redrafted so that it clearly states what is required and what is prohibited. The purpose of a redraft would be to state clearly, simply, and in logical order what is required and what is prohibited by the act. No change in the substance of the act is intended but various items of public interest may be addressed.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Government, Military and Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 190. Introduced by Schimek, 27.

PURPOSE: The purpose of this resolution is to examine issues within the jurisdiction of the Government, Military and Veterans Affairs Committee. Among the issues identified that may need study are recall, initiative, and referendum processes; the authorization and design of municipal counties; emergency planning; zoning; the State of Nebraska contracting processes; the costs of public records; issues associated with Buckley v. American Constitutional Law Foundation, decided January 12, 1999, by the United States Supreme Court; and other related issues..

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Government, Military and Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 191. Introduced by Wickersham, 49; Raikes, 25.

PURPOSE: During the twenty-year time period from FY1979-80 through FY1997-98, General Fund spending on the medicaid program increased in all but one year. The decrease in FY1989-90 was two percent. The increases during this twenty-year period ranged from a low of one percent to a high of forty-one percent.

Due to the wide range of increases and the premise that medicaid utilization rises during periods of economic downturns, the Legislature would benefit from having an additional tool to project future costs. This study shall apply statistical methods to project future General Fund medicaid costs. The results of the statistical analysis shall provide the Legislature with a method to plan for the future level of annual obligations for the medicaid program.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Appropriations Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 192. Introduced by Wehrbein, 2.

PURPOSE: In 1972, the Legislature enacted the Air and Water Pollution Control Tax Refund Act which provides an incentive for businesses and industry to control wastes that pollute air and water. In the early 1990s, policymakers have shifted their focus from controlling wastes to reducing wastes. This shift in policy is evidenced in the federal Pollution Prevention Act of 1990 which establishes a national policy that "pollution should be prevented or reduced at the source whenever possible" and in Nebraska's enactment of the Integrated Solid Waste Management Act which recognizes a hierarchy for the management of solid wastes. This study shall focus on whether the tax incentive created in the Air and Water Pollution Control Tax Refund Act should be restructured to encourage waste reduction and prevention instead of waste control.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Natural Resources and Revenue Committees of the Legislature shall be designated to conduct a joint interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of their study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 193. Introduced by Lynch, 13.

PURPOSE: The pickle card industry in Nebraska has decreased greatly over the last five years. While competition from casinos in neighboring states and illegal machine gaming account for most of the decline, another area that is damaging to the industry is the decline in the number of operators. The purpose of this study is to examine the reason for the decline in operators and to attempt to find solutions for increasing their numbers. Information from industry operators shows that since 1995 more than 164 operators have quit due to low profits.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the General Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 194. Introduced by Lynch, 13.

PURPOSE: The purpose of this interim study is to study the fiscal impact of the Medicaid Buy-In option on Medicaid and other programs effected by the change.

The fiscal note on LB 518 (amended into LB 594) predicted one hundred individuals, not currently on Medicaid, would option to buy-in, creating an increase in program costs. Increased income levels will reduce the individual's need for other assistance programs: Food stamps; energy assistance programs; subsidized housing; and subsidized income payments. Increased income will also result in an increase in state income tax revenue (additional taxable income) and an increase in sales tax revenue (more disposable income). It is the intent of this study to see if the savings in income sensitive programs will offset any increases in Medicaid costs.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 195. Introduced by Lynch, 13.

PURPOSE: Even though most insurance companies give some type of discount for the successful completion of a driver's education course, Nebraska does not have a law that requires such a discount. The purpose of this interim study is to study the impact that a state law would have requiring insurance companies to give a discount for the successful completion of a driver's education course.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Banking, Commerce and Insurance Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 196. Introduced by Lynch, 13.

PURPOSE: The purpose of this study is to explore the concept of changing the annual license plate renewal tab from a three-letter designation to a two-digit designation.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 197. Introduced by Lynch, 13.

PURPOSE: The purpose of this study is to fashion a remedy for noncustodial parents to utilize when their visitation rights are violated. Most county courts provide assistance in collecting court-ordered child support, but do not provide assistance for those who are experiencing trouble in enforcing court-ordered visitation.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 198. Introduced by Lynch, 13.

PURPOSE: The purpose of this interim study is to study judicial cases involving child custody to determine if the welfare of the child is considered paramount in all cases, regardless of the biological relationship among the interested parties. The study shall also determine if a law is needed to direct that custody of a minor child shall not be awarded by the courts solely on the basis of a biological relationship.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 199. Introduced by Lynch, 13.

PURPOSE: The purpose of this study is to examine the impact of operating airboats on the Platte River. The amount of pollution (noise and trash) has increased in direct proportion to the number of airboats being operated on the river thereby eroding the natural beauty of the river.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 200. Introduced by Lynch, 13.

PURPOSE: The purpose of this interim study is to determine the cost and administrative effectiveness of the establishment of the Douglas County Clerk as a County Comptroller and whether such cost savings lead to the consideration of statewide application of a county comptroller system.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 201. Introduced by Brashear, 4; Chambers, 11.

PURPOSE: Article VII, section 5, of the Constitution of Nebraska provides that all fines, penalties, and license money, with certain exceptions, be used for support of the common schools. One such exception provides that money, property, or proceeds of property forfeited or seized under state law pursuant to the enforcement of the drug laws shall be equally divided between support of the common schools and for drug enforcement purposes. Federal law and regulations, however, permit the federal government to return to a local law enforcement agency eighty percent of money, property, or proceeds of property forfeited to the United States. As money and property used in the trafficking of drugs is often used to violate both federal and state law, it is possible to bring a forfeiture action in either state or federal court. The financial and procedural benefits of bringing such an action in federal court has led to widespread use of the federal forfeiture system by Nebraska law enforcement agencies, to the exclusion of procedures and requirements provided under Nebraska law.

The purpose of this resolution is to study the state and federal forfeiture systems and related fines and penalties, the use of money and proceeds generated by forfeitures, the accountability for the money and proceeds, and the need for legislation to address the use of the forfeiture systems by Nebraska and its political subdivisions.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 202. Introduced by Brashear, 4; Schimek, 27.

PURPOSE: Legislative Bill 108 would permit an individual to petition a court to request that certain personal information remain confidential on all public records in the event that life-threatening circumstances exist in relation to the individual or a member of his or her household. Current law does not permit such a petition and order. The purpose of this resolution is to examine the need for such a law and the appropriate provisions of such.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report

of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 203. Introduced by Brashear, 4.

PURPOSE: Legislative Bill 700 sought to address the issue of the ability of local political subdivisions to recover from responsible persons the cost of providing emergency response services in a hazardous substance emergency. No state law currently provides for recovery of such costs. The purpose of this resolution is to examine the need for such a law and the appropriate provisions of such.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 204. Introduced by Brashear, 4.

PURPOSE: Legislative Bill 591 included a change to the State Tort Claims Act that would provide immunity for claims arising out of the closure, regulation, modification, improvement, or installation of any railroad crossing or railroad sign or signal or the failure to close, regulate, modify, improve, or install any of such. The responsibilities of the Department of Roads with regard to railroad crossings have increased due to the adoption of the Nebraska Highway-Rail Grade Crossing Safety and Consolidation Act in 1997, which has given rise to concerns about the appropriate standard of tort liability. The purpose of this resolution is to examine the need for a change to the State Tort Claims Act and the appropriate provisions of such.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 205. Introduced by Brashear, 4.

PURPOSE: The purpose of this resolution is to study whether Nebraska should consider revising Chapter 64, dealing with notaries public.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 206. Introduced by Brashear, 4.

PURPOSE: LB 617 was introduced in the 1999 legislative session and on March 19, 1999, the Judiciary Committee conducted a public hearing. LB 617 would have created the office of state district attorney consisting of twelve districts within the state. The primary function of the office of state district attorney would be criminal and juvenile prosecution, with civil matters being handled by the county attorney. The primary funding would be through annual appropriations by the Legislature, and any additional necessary funding would be provided by the counties.

The purpose of this study is to examine the feasibility of the state district attorney concept, with special emphasis on cost.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 207. Introduced by Brashear, 4.

PURPOSE: LB 852, introduced and heard by the Judiciary Committee of the Legislature during the 1999 legislative session, dealt with mentally ill dangerous juveniles. The primary purpose of the bill was to insure that proceedings against a juvenile alleged to be mentally ill and dangerous were closed to the public. Further, all records of such proceedings are to remain confidential.

The committee's interim study will focus on the procedures involved and the recordkeeping utilized with respect to juveniles alleged to be mentally ill dangerous persons.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 208. Introduced by Brashear, 4.

PURPOSE: To study the operating structure and legal authority of diversion programs for traffic offenses, including, but not limited to, a detailed examination of the statutes under which traffic diversion programs are established, the allocation of fees paid by diversion program participants in lieu of traffic fines, the feasibility of a statewide computerized registration system for diversion program participants, and assessment of the need for state oversight and development of a standardized curriculum, course length, and fee schedule for traffic diversion programs.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 209. Introduced by Schrock, 38; Coordsen, 32; Dierks, 40; Raikes, 25.

PURPOSE: To study the feasibility of merging the functions and staff of the Corn Development, Utilization, and Marketing Board, the Grain Sorghum Development, Utilization, and Marketing Board, and the Nebraska Ethanol Board and efficiencies that could be achieved by merger of the boards.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Agriculture Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 210. Introduced by Bromm, 23; Kiel, 9; Coordsen, 32; Thompson, 14; Bruning, 3.

PURPOSE: To initiate a study of the feasibility of telecommuting in Nebraska, whereby state agencies would be granted the authority to implement telecommuting programs allowing eligible employees to work away from their traditional places of work. Legislation to adopt the Nebraska Telecommuting Act, LB 869, was introduced and heard by the Transportation Committee in 1999, and was held for interim study.

This study shall consider, but not be limited to, the following issues:

- (1) The telecommuting programs implemented by other states, including analysis of their legislation, policies, and program review data;
- (2) The conditions under which other public and private entities have had

success with telecommuting and compare such conditions to Nebraska's state government;

(3) Assessment of need and desirability of a telecommuting program;

(4) Assessment of the potential for reducing employee absenteeism, promoting employee health and wellness, improving employee recruitment and retention, enhancing the working life and opportunities of persons with disabilities, improving employee productivity, and facilitating the optimum utilization of office and parking facilities; and

(5) The use of telecommuting to address the labor shortage problem that has been predicted to occur in Nebraska within the next several years, as well as the use of telecommuting to utilize workers from all areas of the state.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 211. Introduced by Schrock, 38; Wickersham, 49; Beutler, 28; Tyson, 19; Hartnett, 45.

PURPOSE: The purpose of this resolution is to study recent solid waste management issues that have developed since implementing the Integrated Solid Waste Management Act enacted in 1992 with the passage of Legislative Bill 1257, Ninety-second Legislature, Second Session. LB 1257 was passed by the Legislature in response to a federal mandate on the states. LB 1257 mandated that, effective October 1, 1993, municipalities and counties shall provide for or contract for facilities and systems as necessary for the safe and sanitary disposal of solid waste generated within their solid waste jurisdiction areas, in compliance with federal and state rules and regulations. This study shall include, but not be limited to, examination of the following:

(1) The necessity for solid waste agencies to maintain required revenue to pay off bonds issued to finance the construction and operation of public solid waste disposal facilities developed by political subdivisions which join together pursuant to LB 1257 and the Interlocal Cooperation Act; and

(2) The compelling state interest to protect the public health, safety, and welfare, as well as the environment, and the public investment in solid waste disposal facilities developed by public agencies as a result of LB 1257.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 212. Introduced by Dierks, 40.

PURPOSE: Organic farming and sustainable agriculture represent perhaps the fastest growing sectors of the agricultural market, and organic farming and sustainable agriculture methods have proven valuable in helping family farmers prosper, strengthening rural communities, and improving our environment. The purpose of this study is to help the Legislature compile information that would help its members better understand organic farming and sustainable agriculture in Nebraska, and specifically to better understand:

(1) The extent to which organic farming and sustainable agriculture have become an important and growing part of Nebraska's economy;

(2) The economic benefits of organic farming and sustainable agriculture for farmers who use these practices and for the communities where organic farming and sustainable agriculture is practiced;

(3) The benefits for Nebraska consumers in providing additional access to organic and sustainably produced food grown in Nebraska;

(4) The potential environmental benefits to our land and surface and ground water that would result from a broader use of organic and sustainable farming methods; and

(5) The potential for new programs and changes in existing policies and programs to encourage more rapid adoption of organic and sustainable methods by Nebraska farmers, including an analysis of LB 402 (1999) and LB 463 (1999).

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Agriculture Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 213. Introduced by Brown, 6; Jensen, 20.

PURPOSE: In 1996, the Nebraska Legislature passed LB 1213. This legislation effectively banned the over-the-counter sale of any product containing ephedrine or ephedra. The purpose for this legislation was to remove these products from the market because they were being used as precursor drugs in the production of methamphetamine. Since the passage of this legislation, it has been suggested that dietary supplements containing ephedra cannot be made into methamphetamines using street methods and should not be subject to the ban in Nebraska. Recently, other states and the Council of State Governments have adopted or suggested regulations of ephedrine that exempt natural ephedra products which comply with specific requirements. These requirements include a prohibition against the sale of these products to minors, recommended serving limitations, and a prohibition

against marketing these drugs for specific purposes. It is the intent of this study to generate discussion and determine whether legislation which permits the sale of ephedra products for legitimate purposes, and at the same time more effectively addresses any abuse problems in Nebraska, should be introduced.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 214. Introduced by Bruning, 3; Smith, 48.

PURPOSE: Nebraska's economic growth depends on the ability to supply the state's labor market with an abundant qualified workforce. Therefor it is necessary to review the current situation regarding the reasons why Nebraska's students choose to leave the state to pursue educational or other opportunities. A study shall examine and gather information from state universities, colleges, the Department of Economic Development, and various other sources in order to determine the reasons why Nebraska's students choose to leave the state.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 215. Introduced by Bruning, 3.

PURPOSE: In the 1960's, white perch were introduced to Nebraska by the Game and Parks Commission and have established a large presence in the eastern half of the state. After unintentional stocking of the white perch in the Wagon Train and Stagecoach reservoirs near Lincoln, both bodies of water were chemically renovated in order to kill all fish, eliminate the white perch, and then restocked with other desirable species. However, white perch have expanded their range in the Salt Valley and Platte River drainages as a result of flooding and high runoff. Currently, Branched Oak Lake and many private lakes such as Villa Springs and Chris Lake are facing numerous problems as a result of white perch infestations that negatively impact other species of fish. The Game and Parks Commission has spent hundreds of thousands of

dollars on public lake renovations and many private lake associations are now facing a financial decision on the renovation of their lakes. Therefore, it is necessary to review the current situation with regards to the white perch infestation and the possible future consequences to public and private bodies of water.

This study shall examine:

- (1) How the white perch were introduced to Nebraska;
- (2) What attempts have been made to control the white perch population;
- (3) The impact on our state's fisheries resources;
- (4) The options available to private lake associations to deal with the infestation; and
- (5) Future consequences to Nebraska's lakes and rivers if the white perch populations continue to increase and expand their range.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 216. Introduced by Robak, 22; Kiel, 9; Beutler, 28; Suttle, 10.

PURPOSE: The purpose of this interim study resolution is to investigate the incarceration of individuals with mental illness. The study should include, but not be limited to, input from representatives of the Department of Health and Human Services, the Department of Correctional Services, county officials, mental health regions, the judiciary, and the Nebraska Commission on Law Enforcement and Criminal Justice.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 217. Introduced by Bromm, 23; Hudkins, 21; Vrtiska, 1; Jones, 43; C. Peterson, 35.

PURPOSE: Several bills were introduced during the 1999 session of the Legislature which proposed many different solutions to problems associated with uninsured, underinsured, and nonregistered motor vehicles in Nebraska. The purpose of this study is as follows:

(1) Examine proposals for changes in Nebraska's statutes designed to diminish the instances of uninsured, underinsured, and nonregistered motor vehicles on Nebraska highways;

(2) Examine the safety and fiscal impact of those changes that are being studied, with particular attention paid to costs to the State of Nebraska and the general public created by changes to the Nebraska statutes; and

(3) Consult with those having a special knowledge of the insurance industry and highway safety to determine appropriate courses of action.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation Committee and the Banking, Commerce and Insurance Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of the study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 218. Introduced by Hartnett, 45.

PURPOSE: A continuing matter of statewide controversy and debate is the lack of representation on municipal decisionmaking bodies by the citizens who reside in areas subject to municipal control and regulation which are located outside of the boundaries of the municipalities. Under Nebraska law, cities and villages exercise jurisdiction for a number of purposes over areas outside their boundaries. In addition to planning and zoning regulations, subdivision regulations, and building codes, citizens who live in these areas are also subject to some police power regulations, including nuisance laws. The citizens who live in these areas often pay higher fees or taxes as the result of the municipal action on the construction, improvement, or expansion of some utility facilities, but they lack any representation on the governing body of the municipality or any real influence over the course of debate or the final decision on these matters of vital importance to them.

Municipal decisions involving expansions of facilities that provide water, sewer, gas, or solid waste disposal services can have a significant influence on the cost and quality of life of the residents both inside and outside city limits, but the nonresidents have little or no voice in the process and often find themselves paying higher fees for the same service than do residents.

The purpose of this study will be to investigate the full range of powers granted to municipalities, both cities and villages, which involve jurisdiction over residents in areas outside of municipal boundaries, to determine how widespread is the exercise of these powers and the extent of their reach, to determine if these powers are necessary or appropriate, and to determine how best to provide for more involvement of the citizens residing in these areas in the exercise of these powers.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 219. Introduced by Hartnett, 45.

PURPOSE: This study, following a fifteen-year tradition, will provide the opportunity for the committee to investigate and review matters and issues arising during the interim which are within the jurisdiction of the Urban Affairs Committee and which may be the subject of bills to be introduced in the 2000 legislative session. This would provide the opportunity for a careful review of proposed legislation and the drafting of such legislation before time constraints and the pace of legislative activity makes studied review more problematic. This process has also served to facilitate review of bills during the session and has helped the committee avoid the need for committee amendments which slow down the consideration of bills by the full legislature.

The study will involve:

- (1) A review of legislation considered by the Urban Affairs Committee during the 1999 legislative session which was either killed by the committee or held in committee to determine what other further action by the committee might be warranted with regard to the particular subjects of the individual bills;
- (2) A review of problems, concerns, or legislation proposed for introduction by senators or other parties for study, technical discussion, or conceptual refinement before the start of the next legislative session; and
- (3) The conducting of at least one public hearing to provide an opportunity for public comment and discussion with members of the committee and the public on issues involving matters within the committee's jurisdiction.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 220. Introduced by Transportation Committee: Bromm, 23, Chairperson; Baker, 44; Hudkins, 21; Jones, 43; Dw. Pedersen, 39; C. Peterson, 35; Robak, 22; Thompson, 14; and Byars, 30.

PURPOSE: Beginning in 1994 and continuing through the present, the number of traffic fatalities on Nebraska highways has risen consistently, and other accident rates also remain a concern. The purpose of this study is to examine the accident and fatality statistics in Nebraska. The study will:

1. Gather information from the Office of Highway Safety, the National Highway Traffic Safety Administration, and any other sources as deemed relevant, on both long-term trends in traffic accidents, and the trends in contributing factors that caused such fatalities and accidents; and

2. Examine how the Nebraska Rules of the Road may be changed to minimize or limit causes of highway accidents and fatalities.

The committee may also consider any other factors and proposals involving increasing highway safety, as deemed appropriate.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 221. Introduced by Bromm, 23; Matzke, 47; Wehrbein, 2; Jones, 43; C. Peterson, 35; Baker, 44; Thompson, 14; Robak, 22; Dw. Pedersen, 39.

PURPOSE: In May 1999 the Legislature received the full report on Phases II and III of the study of railroad crossing issues which was required by Laws 1997, LB 255. The purposes of this study are the following:

(1) Examine ways in which the recommendations made in the LB 255 study may be best implemented by legislation;

(2) Examine permissible and appropriate ways of funding the improvements and changes suggested by the LB 255 study; and

(3) Examine the safety and fiscal impact of the changes suggested by the LB 255 study.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation Committee and Appropriations Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of the study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 222. Introduced by Bohlke, 33.

PURPOSE: The goal of the interim study is to examine ways through tax credits to encourage Nebraska businesses to participate in the accessibility and affordability of quality child care for working families.

The need for quality child care that is accessible and affordable is a daily concern for thousands of Nebraska working parents. In Nebraska, the percentage of families with children headed by a single parent continues to grow. The percentage of mothers in the labor force with children under age six is greater in Nebraska at seventy-one percent than the percentage of the United States as a whole at sixty percent. Parents are struggling to balance work and parenthood, and the business community is being affected by the conflicts. In a state where the unemployment rate is historically one of the nation's lowest and the marketplace is highly competitive, businesses need a workforce that has high performance rates and high productivity levels.

Child care is an issue of parents and businesses alike. With the reality of the increasing amount of time children spend in child care, a quality child care environment plays a crucial role in the learning and development of Nebraska's children. Quality child care for working families that is affordable and accessible:

- (1) Helps working women and single parents remain in the labor force;
- (2) Improves employee performance and productivity;
- (3) Provides a developmental environment for all children who are the state's future workforce; and
- (4) Aids in the economic health and sustainability of Nebraska businesses.

This interim study shall attempt to produce a workable proposal to encourage the involvement of Nebraska businesses in the development of quality child care centers, in sharing the cost burden of child care expenses for employees, and in providing quality learning, parenting, and development programs within child care programs.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 223. Introduced by Bohlke, 33.

PURPOSE: This study will address how early childhood programs can help assure the school success of all children. Recently publicized findings on early brain development document the critical importance of a stimulating and positive environment and secure attachments to caring parents and other adults during the earliest years on children's later performance in school and as adults. Well-designed, comprehensive early childhood or parent education programs provide lasting benefits to children and a later considerable saving of public resources for special education, delinquency, and welfare. The Early Childhood Education Pilot Project Program first funded by the Legislature in 1992 documents similar results for Nebraska children and demonstrates how such projects can be efficiently operated on a broader scale in communities across the state.

As the state tied for the highest number of women with young children below age six in the workforce in the nation, many young Nebraska children are enrolled in home-based and center-based child care settings. Child care settings are the de facto early childhood learning settings for thousands of preschool children. National research demonstrates that the vast majority of these settings are poor to mediocre in quality and compromise children's long-term development. Nebraska has made some progress in linking child care providers to training and education to enhance their skills in working with young children; however, high staff turnover resulting from low wages and poor working conditions compromise children's secure attachment to parents or caregivers and ultimately their learning opportunities.

This study will address funding strategies to support early childhood or parent education programs in schools and communities, with special emphasis on providing state resources to support models of service which combine existing programs and funding streams (e.g., early childhood special education, Head Start, Early Head Start, Even Start, other federal sources, and parent pay). The study shall also explore how such programs serving families with children from birth to kindergarten entrance may connect with and support the providers of child care services and link with health, mental health, and other community support services necessary to assuring that all

areas of children's development can be enhanced.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Education and Health and Human Services Committees of the Legislature shall be designated to conduct a joint interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of their study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 224. Introduced by Beutler, 28.

PURPOSE: The purpose of this resolution is to study the existing commercial fertilizer fee, with the question posed of whether to extend it and if so, for how long, at what rate, and with what method of calculation. The study shall consider whether and to what extent the cost of cleaning up nonpoint source pollution should be borne by manufacturers or users of commercial fertilizers or pesticides, by the general public, or by some combination thereof.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 225. Introduced by Schmitt, 41; Dierks, 40.

PURPOSE: The purpose of this interim study resolution is to authorize a study and review regarding the use of a freeze brand for livestock identification and proof of ownership.

The Nebraska Brand Committee is charged by law to inspect brands on livestock to determine the true and correct ownership of the livestock prior to sale or slaughter and to investigate all problems associated with brands, brand inspection, and theft and recovery problems, and the committee is charged with the recording of all ownership brands for livestock within the State of Nebraska. Livestock producers are authorized to utilize the technique of freeze branding for individual animal identification purposes.

LB 213, Ninety-sixth Legislature, First Session, 1999, would recognize a properly recorded Nebraska brand applied by the freeze-branding method on livestock as evidence of ownership. Allowing producers to use the technique of freeze branding for ownership purposes without placing limitations on in-herd identification would create confusion when branded animals are presented for sale or shipment, when brand inspectors are attempting to

determine true and correct ownership.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Agriculture Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 226. Introduced by Raikes, 25; Bohlke, 33.

PURPOSE: To review the status of and propose alternatives to early childhood education in Nebraska. During the years from birth to age three, children experience the fastest brain development within the human lifetime. Research shows that poverty, stress, poor nutrition, and lack of appropriate stimulation during this period can have lifelong negative effects. Early childhood programs can address these problems and reduce their impact by stimulating cognitive and social development. Studies show that good health care and nutrition, positive and attentive parenting, quality child care when child care is necessary, and therapeutic intervention when necessary can have positive educational and social effects extending through childhood and into adulthood. Many states have recognized the positive effects of early childhood programs and have passed legislation to create programs, supplement the quality of child care, or extend services for low-income or all children before they attend schools. Nebraska has not initiated such efforts, except pilot programs. This study will examine and determine:

(1) The percentage of children within the state by income and age who have access to early childhood programs and services, including preschool education programs, child care programs, home visiting programs, and public health programs;

(2) The percentage of children within the state who are lacking needed services;

(3) The expenditures of state funds and the utilization of federal funds for early childhood health services, early childhood education services, and early childhood child care services;

(4) How Nebraska compares in overall expenditures for early childhood health and education to the top ten states, to midwestern states, and its ranking within the country;

(5) How Nebraska compares in terms of services provided for early childhood health and education to the top ten states, to midwestern states, and its ranking within the country, to the extent that is possible;

(6) An estimate of the quality of child care and other early childhood services that state and federal funds are currently supporting, and a proposal for addressing these. Available evaluations shall be reviewed in this study; and

(7) Views of parents, educators, and health professionals regarding the needs of the state in the areas of early childhood education and health-related services.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 227. Introduced by Hartnett, 45; Schimek, 27.

PURPOSE: Over the years a substantial body of statutory and case law has developed regarding planning and zoning matters involving cities and counties in Nebraska. However, the development of the law has occurred along parallel tracks, with little attention given to the interrelationship of the statutes regarding cities and villages and those regarding counties.

With (1) increasing concerns about development outside of city or village zoning authority and increasing urban sprawl, (2) greater emphasis being placed upon the role of counties in managing growth and the conduct of certain enterprises, and (3) the need for cities and counties to operate more cooperatively in the planning process to avoid conflict and save tax revenue, it is important for the legislative committees involved with the oversight of planning and zoning issues to conduct a joint study to review the planning and zoning statutes and determine what problems need to be addressed.

The study should involve a comprehensive review of the Nebraska's current planning and zoning statutes of municipalities and counties, a study of interrelationships between municipal and county zoning statutes, a survey of current problems involving planning and zoning, and recommendations on appropriate statutory changes.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Government, Military and Veterans Affairs Committee and the Urban Affairs Committee of the Legislature shall be designated to conduct a joint interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of the study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

WHEREAS, the Legislature acknowledges the dedication of these individuals and their colleagues as the moving force that makes the work of legislators easier and more successful.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature extends its condolences and sympathy to the families, friends, and colleagues of the late Anne Stovall, Jackie Schizas, Anne Buntain, Pat Higgins, and Dorothy David.

Laid over.

LEGISLATIVE RESOLUTION 229. Introduced by Crosby, 29.

PURPOSE: To study the placement of state wards and determine when children and youth are placed in foster care. This study may include, but shall not be limited to:

1. Inappropriate placement of children in nonsecure facilities;
2. The effect of privatization as it relates to the ability to effectively monitor these facilities and to ensure the safety and security of children and youth;
3. The effect of managed care on placement alternatives, specifically the impact of OPTIONS;
4. Whether there are adequate resources in the Office of Juvenile Services;
5. Whether there are adequate and proper investigations and adequately defined roles by child protective services and law enforcement to intervene before children become violent offenders;
6. Whether there is adequate accountability and oversight by the Department of Health and Human Services - Child Welfare and the Office of Juvenile Services;
7. Whether other types of placements are being considered and made available in Nebraska;
8. The effect of N-Focus as well as the specific effect on the absence of documentation of child and youth histories;
9. Whether children are being allowed to remain in unsafe foster homes or day care homes with individuals who have a history of offenses against children;
10. The effect of the Health and Human Services System partnership and structural issues such as whether children are experiencing inappropriate placements, case delays, or nonquality care due to overburdened casemanagers or casemanager turnover; and
11. Any other issues involved regarding children whose behavior is violent or dangerous who are state wards and are placed in foster care homes and other community-based programs rather than placed in institutions.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services and Appropriations Committees of the Legislature shall be designated to conduct a joint interim study to carry

out the purposes of this resolution.

2. That the committees shall upon the conclusion of their study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 230. Introduced by Jensen, 20.

PURPOSE: The purpose of this study is to review issues relating to the tax exemption granted to the state and political subdivisions for real property used for public purposes. The state and its political subdivisions provide services to the residents of the state, and many of the services necessitate ownership of real property. However, this ownership can result in substantial reductions in the taxable valuation of affected governmental units. This study should examine the following issues: (1) Eliminating the tax exemption for real property used for public purposes; (2) sale of real property of the state and political subdivisions which is not used for public purposes; (3) enacting time limits on public ownership of real property for future growth; (4) comparison of leases of public property and private property; and (5) the impact of taxing the real property of the state and political subdivisions on other property taxpayers.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 231. Introduced by Wickersham, 49.

PURPOSE: The hunting industry is an important segment of Nebraska's recreation and tourism industry. Elk hunting is a highly visible part of Nebraska hunting opportunities, and the enhancement of elk hunting will benefit the hunting and recreation economy. Cooperation between private landowners and the state in wildlife habitat management, specifically elk habitat, would contribute to increased populations of elk in the state and would increase opportunities for successful elk hunting. Cooperation between the State of Nebraska and individuals or groups of landowners owning or controlling large contiguous parcels of elk habitat could enhance public access. Allowing limited transfers of landowner elk hunting permits could provide an incentive to landowners to form cooperative ventures and to coordinate elk habitat management with the state.

The purpose of this study is to determine whether cooperative habitat management between the State of Nebraska and landowners or groups of landowners who own or control 12,000 or more acres of elk habitat would

enhance public access and would contribute to elk hunting success. The study shall also focus on whether it would further such goals by allowing groups of landowners to form a cooperative venture and allowing the limited sale of landowner elk hunting permits issued to cooperative members with the proceeds of that sale to be distributed among the cooperative members.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 232. Introduced by Appropriations Committee: Wehrbein, 2, Chairperson; Beutler, 28; Brown, 6; Crosby, 29; Engel, 17; Kiel, 9; Lynch, 13; Matzke, 47; D. Pederson, 42.

PURPOSE: The purpose of this study is to review the effectiveness and cost of turning over county assessor duties to the Property Tax Administrator and to assess what resources are needed during the next ten years, including the cost of annual operations, the cost of updating system operations, and a determination of the interest of future users.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Appropriations Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall draw upon information provided by state and local agencies to make its assessments.

3. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 233. Introduced by Appropriations Committee: Wehrbein, 2, Chairperson; Beutler, 28; Brown, 6; Crosby, 29; Engel, 17; Kiel, 9; Lynch, 13; Matzke, 47; D. Pederson, 42.

PURPOSE: The purpose of this study is to examine the statutory authority and actual operations of the Planning and Review Process program of the Nebraska Natural Resources Commission and data base functions carried out by the commission. The study shall include, but not be limited to:

(1) The statutory history of the Planning and Review Process and the use of funds appropriated for this function;

(2) The statutory history of the data base function and the use of funds appropriated for this function; and

(3) Policies and practices adopted by the commission regarding the availability of Geographic Information System (GIS) on the commission Internet site.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Appropriations Committee and the Natural Resources Committee of the Legislature shall be designated to conduct a joint interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of the study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 234. Introduced by Raikes, 25; Jensen, 20.

PURPOSE: To study the feasibility of implementing a voluntary, self-nominating system for Nebraska businesses to be recognized as family friendly workplaces.

Family friendly workplaces enhance employee recruitment and retention. Child care, sick-leave policies, maternity and paternity leave policies, flextime, and family health insurance enhance employee recruitment and retention. Many Nebraska businesses, both large and small, already provide such family friendly workplaces. Recognition of these employers may help to attract employees to Nebraska workplaces and contribute to a stable work force.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 236. Introduced by Hartnett, 45.

PURPOSE: The purpose of this study is to examine the taxation of mobile homes and improvements to leased land. Mobile homes are currently treated as real property and subject to the tax sale certificate process for delinquent taxes. This study shall include, but not be limited to, examination of the following options:

- (1) Use of a lien method of taxation;
- (2) Acceleration of taxes for earlier collection of delinquencies;
- (3) Earlier removal of unpaid mobile home taxes from tax rolls; and
- (4) Any other issues appropriate to conduct a complete examination of issues to improve the system of taxation of mobile homes and improvements to leased land.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 237. Introduced by Hartnett, 45.

PURPOSE: A bill relating to the county inheritance tax, LB 770, was introduced in the 1999 legislative session and would raise the exemption to lineal descendants from \$10,000 to \$100,000. The purpose of this study is to examine the inheritance tax and the amount of revenue collected by counties from this tax for a three-year period dating from October 1, 1996, to October 1, 1999. The study will also research the loss of revenue to counties if LB 770 was enacted for the time period mentioned or if the exemption were raised to the federal estate tax exemption levels for the same time period. The study shall include, but not be limited to:

(1) Collecting inheritance tax worksheets from the clerk of the county courts of the ten largest and ten smallest counties in the state for each estate for the years mentioned;

(2) Determining the loss of revenue to these counties if LB 770 was enacted for the three years mentioned or if the exemption were raised to the federal estate tax exemption levels for the same time period; and

(3) Examining the role of the state's estate tax in conjunction with federal exemption amounts and the impact inheritance tax plays in the mix.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 238. Introduced by Kiel, 9.

PURPOSE: The purpose of this study is to examine the ways in which the State of Nebraska can more effectively provide correctional strategies and adequate facilities for women prisoners. Components of the study may include, but not be limited to:

1. Examining ways to implement and improve services such as mental health counseling, substance abuse, educational opportunities, and work training; and

2. Studying current facilities and possible ways to improve them.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 239. Introduced by Dierks, 40; Hilgert, 7.

PURPOSE: Bison have been here for hundreds of thousands of years and have had a big impact on humans. The bison industry is an industry experiencing rapid growth, with demand exceeding supply for both meat and breeding stock. Bison are not considered domestic animals and require different handling than other stock. The purpose of this study is to determine the necessity or desirability of enacting state legislation to regulate the bison industry with special emphasis on:

- (1) Disease control and prevention;
- (2) Managing fencing and handling facilities for capturing, sorting, treating, testing, and confining bison;
- (3) Importation rules and regulations; and
- (4) Industry promotion and product marketing.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Agriculture Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 240. Introduced by Dierks, 40.

PURPOSE: The success of the grain and feed industry is directly dependent on the general health of our agricultural producers. Unfortunately, the sagging export market and ensuing buildup to our domestic stockpile of agricultural commodities continue to add to the costs associated with the storage and transportation of these commodities, which are often borne by producers.

The Nebraska Agricultural Statistics Service (NASS) has determined that corn production in 1998 exceeded 1,239,750,000 bushels, 90 million bushels more than 1997. Soybean production exceeded last year's by an estimated 25 million bushels, for a record total of 165,750,000 bushels. With a better-than-expected wheat harvest, Nebraska grain elevators grappled with one of the most challenging fall harvest seasons in recent memory. According to NASS, Nebraska's storage needs were 200 million bushels higher than they were last year, or the highest since 1986-88. Additionally, NASS has estimated that over the last ten years Nebraska has lost over 400 million

bushels of licensed commercial and on-farm storage.

The challenges that go along with feeding an ever-growing world include the reality that larger crops will result in the need for additional storage capacity, both on-farm and commercial, and in improved transportation capabilities. This is particularly true in light of the direction the 1996 federal farm bill has set our producers in: increased planting flexibility based on reliable market signals and more reliance on strategic marketing decisions.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Agriculture Committee of the Legislature shall be designated to conduct an interim study on current and future commercial and on-farm storage needs, including essential rail components necessary for the efficient and timely transportation of agricultural commodities.

2. That the committee analyze possible state or federal incentives needed to adequately address the storage and rail transportation infrastructural needs that could, in turn, contribute to a more stable state agricultural economy.

3. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 241. Introduced by Dierks, 40.

PURPOSE: The purpose of this interim study resolution is to authorize a study on the status of Nebraska soybean research and promotion programs in anticipation of a referendum on the National Soybean Checkoff.

7 U.S.C. 6301-6311, created through the 1990 federal farm bill, provides for the establishment of a coordinated checkoff program of promotion and research designed to strengthen the soybean industry's position in the marketplace and to maintain and expand domestic and foreign markets and uses for soybeans and soybean products. Each soybean farmer participates in the checkoff, at a rate of one-half of one cent per bushel market price, at the time the crop is first sold. Half of all checkoff funds remain in the states where they are collected, and their use is directed by state boards of soybean producers. The other half of the checkoff funds is forwarded to the United Soybean Board (USB), where it is invested in national and international programs by fifty-nine soybean producers representing all major U.S. production areas.

The Nebraska Soybean Board is a private, nonprofit checkoff board that is responsible for the research and promotion of soybeans in an effort to increase the profitability of the state's 22,000 soybean producers. The research and promotion projects of the Nebraska Soybean Board concentrate on the areas of improved soybean varieties, consumer information projects, increased use of soy as a food ingredient for food product manufacturers, new product development, and producer communications.

A mandated five-year poll of producers that determines the need for a referendum on the checkoff will be conducted before the Ninety-sixth Legislature begins its second session in 2000. In such polling, if the United

States Secretary of Agriculture determines that at least ten percent of U.S. producers engaged in growing soybeans (not in excess of one-fifth of which may be producers in any one state) support the conduct of a referendum, the secretary must conduct a referendum within one year after that determination. If these requirements are not met, a referendum would not be conducted. If a referendum is conducted and U.S. soybean producers vote to eliminate the National Soybean Checkoff, the State of Nebraska will no longer have a state-coordinated soybean research and promotion program.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Agriculture Committee of the Legislature shall be designated to conduct an interim study on the status of Nebraska soybean research and promotion programs in anticipation of a referendum on the National Soybean Checkoff.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 242. Introduced by Landis, 46.

PURPOSE: The purpose of this resolution is to determine the methods by which Nebraska's citizens could make partial payments of their property taxes. This study should include methods for the payment of taxes in arrears or taxes currently owed.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE BILL 76. E & R amendment, AM7128, found on page 1604, was adopted.

Mr. Bruning withdrew his amendments, AM1384, AM1388, AM1443, and AM1442, found on pages 1565, 1607, 1908, and 1909.

Mr. Bruning moved to bracket LB 76 until April 10, 2000.

Mr. Preister asked unanimous consent to be excused. No objections. So ordered.

RESOLUTIONS**LEGISLATIVE RESOLUTION 243.** Introduced by Hartnett, 45.

PURPOSE: In past years, the Urban Affairs Committee has reviewed several pieces of legislation which have sought to use neighborhood or homeowner associations as basic mechanisms for providing citizen input to governing bodies of political subdivisions, for funneling basic information back to their members, and as potential recipients of governmental assistance. At the current time, there is no general definition in statutes of what is required to constitute a neighborhood or homeowner association.

The purpose of this study will be to investigate neighborhood associations and homeowner associations, to determine how widespread their usage is, what areas of the state they exist in, what forms they generally take, how they are constituted, what missions and roles they generally serve for their members and communities, and what function they could serve in mediating between citizens and governmental bodies. If possible, the study will endeavor to generate a statutory profile and definition of such associations.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 244. Introduced by Hartnett, 45.

PURPOSE: The Nebraska Retirement Systems Committee heard two bills during the 1999 legislative session, LB 773 and LB 673, which would provide for cost-of-living adjustments for Nebraska State Patrol retirees. Ultimately, in LB 674, provisions were adopted to insure that the value of retirees' benefits would be equivalent to sixty percent of the original annuity as adjusted for consumer price index changes since the commencement date of the annuity.

The purpose of this study will be to determine the impact of the changes made by LB 674 and to provide an opportunity to inquire into the status of the benefits to be provided to long-term retirees and if additional adjustments should be made. The study will seek to receive additional information from retirees and to determine the most appropriate legislation for recommendation to the Legislature in the 2000 legislative session to insure adequate retirement benefits for such retirees.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Nebraska Retirement Systems Committee of the Legislature

shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 245. Introduced by Hartnett, 45.

PURPOSE: The purpose of this study will be to review Nebraska's current use tax statutes, rules, and regulations. The study shall involve a review of the scope of the use tax, including the amount of revenue raised, the subjects of its application, a comparison of the reach of Nebraska's use tax as it compares to the application of the use tax in neighboring states, and the fairness and uniformity of its application to different subjects that may be comparable in nature.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 246. Introduced by Hartnett, 45.

PURPOSE: With the imposition of budget lids and property tax levy limits on political subdivisions, it is becoming increasingly important for such entities to monitor expenditures and minimize costs whenever possible. This is particularly important for school districts that will see their property tax levy limit ratcheted down from \$1.10 to \$1.00 in coming years.

One source of particular concern to school districts has been the collection fee charged against property tax receipts by the county treasurer. The question has often been raised as to whether the collection fee reflects the actual costs of the treasurer in collecting the tax.

The purpose of this study will be to determine the actual costs involved in the collection of the property tax by the county treasurer and whether the statutory amount of the charge should be adjusted to more accurately reflect the real costs involved.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 247. Introduced by Hartnett, 45.

PURPOSE: During the 1999 legislative session the Urban Affairs Committee considered LB 804 which would adopt the Limited Purpose Sanitary and Improvement District Act. The act would authorize the creation of special purpose sanitary and improvement districts that would continue to exist within the boundaries of an annexing municipality following annexation for the purpose of maintaining nondedicated streets and roadways that were not constructed in accordance with municipal standards and other green areas and outlots that the municipality does not intend to maintain.

The legislation dealt broadly with the issue of municipal annexation and the financial responsibilities that a municipality must assume for development that occurred prior to that date. But it also raised the larger policy question of the appropriate mechanism for financing that development at the time of development in the light of the future assumption of financial responsibility for that development following annexation.

The purpose of this study will be to focus more closely upon the policy issues and practical problems raised by the Limited Purpose Sanitary and Improvement District Act and to investigate other possible mechanisms for financing new development beyond municipal boundaries. Among the mechanisms to be investigated will be the use of impact fees and other similar strategies that the committee may find from reviewing such activities in other states. The study shall also review current annexation statutes to determine if changes should be made in light of the issues raised by this study.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 248. Introduced by Hartnett, 45.

PURPOSE: In consequence of the amendment to Article VIII, section 1, of the Constitution of Nebraska, enacted in 1998, and the proposed changes to be made in LB 142, both of which mandate that motor vehicle taxes go solely to municipalities, counties, and school districts, sanitary and improvement districts have lost a significant portion of the property tax revenue that they have relied upon in the past. The result will be significantly higher property tax levies for residents and property owners in those districts.

The purpose of this study will be to determine the magnitude and impact of the lost revenue for sanitary and improvement districts and investigate other potential sources of revenue or other strategies aimed at minimizing the amount of lost revenue and preventing property tax increases in these

subdivisions.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 249. Introduced by Hartnett, 45; Thompson, 14; Bruning, 3.

PURPOSE: Since 1980, with the adoption of the Nebraska Visitors Development Act, counties in the state have been authorized to collect a lodging tax of two percent on hotel and motel occupancy charges to create funding for promotional activities to encourage tourism in the area. Since 1989, Douglas County has been authorized to collect up to an additional two percent and can use the funds collected to improve visitor attractions and facilities in the county.

LB 847 was introduced in the 1999 legislative session to authorize additional counties to exercise the authority granted to Douglas County.

This study would investigate the current status of the lodging tax, the amount of revenue it generates, and the manner in which that revenue is used. It would endeavor to determine the appropriate rationale, if such can be done, for permitting these funds to be devoted to capital improvement purposes and would seek to establish if, in the interests of good public policy and in accomplishing the stated goals of the act, additional changes should be made.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 250. Introduced by Hartnett, 45; Stuhr, 24.

PURPOSE: During the 1999 legislative session the Urban Affairs Committee considered LB 462, an act dealing with solid waste collection services, intended to provide for a right to compensation for private solid waste collectors when they are displaced by municipal action to assume control of such activities. The intent of this legislation was to insure that a private solid waste hauler or collector that is forced to go out of business or forced to curtail his or her business due to the action of a municipality would be compensated by the municipality for his or her loss. The basic issues

involved with this legislation were the subject of a recent court decision, Tracy v. City of Deshler, 253 Neb. 170, 568 N.W.2d 903, (1997), in which the Nebraska Supreme Court specifically held that the permit to haul garbage by a solid waste collection business did not constitute a vested property right and that municipal action which damaged the business of an individual collector would not constitute a "taking" which would entitle the company to compensation for its losses. LB 462 would have overturned that decision and created a property right in the municipal permit.

The purpose of this study will be to review the issues raised by LB 462 and determine the most appropriate way to deal with the underlying issues consistent with the protection of the interests of the private solid waste haulers and good public policy. The study shall review the current authority granted to municipalities with regard to solid waste management in the light of current legal developments and the evolving law with regard to these matters.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 251. Introduced by Bohlke, 33.

PURPOSE: The purpose of this study is to increase safety along Nebraska's highways. Areas of study include:

1. The feasibility of increasing the usage of rumble bars along highways in order to reduce sleep and fatigue-related crashes. The study shall also examine the different kinds of rumble bars available to the Department of Roads for this purpose, and to determine which kinds of rumble bars would be best suited to Nebraska's weather and road conditions. There are sites along Nebraska's highway system that are more dangerous than others, and these sites should be considered when determining where the rumble bars may be constructed; and

2. The possibility of increasing the use of appropriate signs that would reinforce compliance with Nebraska's seatbelt laws. The study should look at sites along Nebraska highways that would be priority sites for such signs.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 252. Introduced by Bohlke, 33.

PURPOSE: The purpose of this study resolution is to investigate and review matters and issues arising during the interim which are within the jurisdiction of the Education Committee of the Legislature.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 253. Introduced by Bohlke, 33.

PURPOSE: The purpose of this study resolution is to provide information to the Legislature on the assessment alternatives that have been presented to the Legislature through section 79-760 and the amendments filed to LB 812, Ninety-sixth Legislature, First Session, 1999.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 254. Introduced by Beutler, 28.

PURPOSE: This study shall examine the issues raised by LB 427, Ninety-sixth Legislature, First Session, 1999, concerning the creation of a no-call list to restrict certain telemarketers from making telephone solicitations to residential subscribers appearing on such list.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 255. Introduced by Beutler, 28.

PURPOSE: This study shall examine the issues raised by LB 414, Ninety-sixth Legislature, First Session, 1999, concerning the merger of the positions of clerk of the county court and clerk of the district court into the position of the clerk of the court.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 256. Introduced by Landis, 46.

PURPOSE: To initiate a study of changes to Nebraska's statutes that would result in more effective discipline in Nebraska's public elementary and secondary schools. The study shall be based on the assumptions that: (1) The public schools must provide an environment within which students can learn and teachers can teach; and (2) all people in a school system, including teachers, students, administrators, school board members, parents, and others community members, have a responsibility to our schools and have a stake in how they are run.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 258. Introduced by Jensen, 20.

PURPOSE: The purpose of this study is to review and examine the progress and effect of welfare reform in Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 259. Introduced by Jensen, 20.

PURPOSE: The purpose of this study is to examine the practice of federal policies being indirectly enforced on states through the offer of funds with strings attached.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

LEGISLATIVE RESOLUTION 260. Introduced by Jensen, 20.

PURPOSE: The purpose of this study is to examine the process by which cooperative agreements and contracts are entered into by the Health and Human Services System.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 261. Introduced by Coordsen, 32.

PURPOSE: Agricultural land is often sold to buyers whose primary interest in the land is not for farming or ranching, but for recreation, development, speculation, or aesthetics. The prices paid by these buyers are considerably higher than the value of the land for agricultural or horticultural purposes. These sales subsequently drive up the values of the neighboring agricultural land and result in higher property taxes. The purpose of this resolution is to study possible solutions to the valuation problems generated from agricultural land used for nonagricultural purposes.

The study shall include, but not be limited to:

(1) Examination of the methods and guidelines used by county assessors and the Property Tax Administrator in comparable sales involving agricultural land used for agricultural purposes and agricultural land used for nonagricultural purposes;

(2) Examination of new categories of agricultural and horticultural land which would include agricultural land used for nonagricultural purposes;

(3) Examine the relationship between actual agricultural land valuations and land value if put solely to agricultural use;

(4) Examine the methods and guidelines used by county assessors and the Property Tax Administrator in valuation of farmstead sites that are part of a farming operation;

(5) Examine current use of greenbelting in Nebraska and new ways to expand its use; and

(6) Examine changes proposed in Legislative Bill 853, Ninety-sixth Legislature, First Session, 1999.

A task force shall be appointed by the Executive Board of the Legislative Council with members who are county and state officials and employees with expertise and interest in the subject matter of this resolution. Task force members shall be reimbursed for their expenses pursuant to sections 81-1174 to 81-1177.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SIXTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature and the Executive Board of the Legislative Council shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee and the board shall upon the conclusion of their study make a report of its findings, together with any recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

"Sec. 3. Section 77-123, Revised Statutes Supplement, 1998, as amended by section 6, Legislative Bill 194, Ninety-sixth Legislature, First Session, 1999, is amended to read:

77-123. Omitted property means, for the current tax year, any taxable real property that was not assessed on March 20 and any taxable tangible personal property that was not assessed on May 1. Omitted property also means any taxable real or tangible personal property that was not assessed for any prior tax year. Omitted property does not include property exempt under subdivisions (1)(a) through ~~(e)~~ (d) of section 77-202, listing errors of an item of property on the assessment roll of the county assessor, or clerical errors as defined in section 7 of this act.

Sec. 5. Section 77-202.01, Revised Statutes Supplement, 1998, as amended by section 10, Legislative Bill 194, Ninety-sixth Legislature, First Session, 1999, is amended to read:

77-202.01. (1) Any organization or society seeking a tax exemption provided in subdivisions ~~(1)(b)~~ and (1)(c) and (d) of section 77-202 for any real or tangible personal property, except real property used for cemetery purposes, shall apply for exemption to the county assessor on or before December 31 of the year preceding the year for which the exemption is sought on forms prescribed by the Property Tax Administrator. The county assessor shall examine the application and recommend either taxable or exempt for the real property or tangible personal property to the county board of equalization on or before February 1 following.

(2) Any organization or society which fails to file an exemption application on or before December 31 may apply on or before June 30 to the county assessor. The organization or society shall also file in writing a request with the county board of equalization for a waiver so that the county assessor may consider the application for exemption. The county board of equalization shall grant the waiver upon a finding that good cause exists for the failure to make application on or before December 31. When the waiver is granted, the county assessor shall examine the application and recommend either taxable or exempt for the real property or tangible personal property to the county board of equalization and shall assess a penalty against the property of ten percent of the tax that would have been assessed had the waiver been denied or one hundred dollars, whichever is less, for each calendar month or fraction thereof for which the filing of the exemption application missed the December 31 deadline. The penalty shall be collected and distributed in the same manner as a tax on the property and interest shall be assessed at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, from the date the tax would have been delinquent until paid. The penalty shall also become a lien in the same manner as a tax pursuant to

section 77-203.

Sec. 6. Section 77-202.03, Revised Statutes Supplement, 1998, as amended by section 11, Legislative Bill 194, Ninety-sixth Legislature, First Session, 1999, is amended to read:

77-202.03. (1) A properly granted exemption of real or tangible personal property, except real property used for cemetery purposes, provided for in subdivisions ~~(1)(b)~~ and (1)(c) and (d) of section 77-202 shall continue for a period of four years if the affidavit required by subsection (2) of this section is filed when due. The four-year period shall begin with years evenly divisible by four.

(2) In each intervening year occurring between application years, the organization or society which filed the granted exemption application for the real or tangible personal property, except real property used for cemetery purposes, shall file an affidavit with the county assessor on or before December 31 of the year preceding the year for which the exemption is sought, on forms prescribed by the Property Tax Administrator, certifying that the ownership and use of the exempted property has not changed during the year. Any organization or society which misses the December 31 deadline for filing the affidavit may file the affidavit by June 30. Such filing shall maintain the tax-exempt status of the property without further action by the county and regardless of any previous action by the county board to deny the exemption due to late filing of the affidavit. Upon any such late filing, the county board shall assess a penalty against the property of ten percent of the tax that would have been assessed had the affidavit not been filed or one hundred dollars, whichever is less, for each calendar month or fraction thereof for which the filing of the affidavit is late. The penalty shall be collected and distributed in the same manner as a tax on the property and interest shall be assessed at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, from the date the tax would have been delinquent until paid. The penalty shall also become a lien in the same manner as a tax pursuant to section 77-203.

(3)(a) If any organization or society seeks a tax exemption for any real or tangible personal property acquired on or after January 1 of any year or converted to exempt use on or after January 1 of any year, the organization or society shall make application for exemption on or before August 1 of that year as provided in section 77-202.01. The procedure for reviewing the application shall be as in sections 77-202.01 to 77-202.07, except that the exempt use shall be determined as of the date of application and the review by the county board of equalization shall be completed by August 15.

(b) If an organization as described in subdivision ~~(1)(b)~~ or (1)(c) or (d) of section 77-202 purchases, between August 1 and the levy date, property that has been granted tax exemption and the property continues to be qualified for a property tax exemption, the purchaser shall on or before December 1 make application for exemption as provided in section 77-202.01. The procedure for reviewing the application shall be as in sections 77-202.01 to 77-202.07, and the review by the county board of equalization shall be completed by December 15.

(4) In any year, the county assessor or the county board of equalization may cause a review of any exemption to determine whether the exemption is proper. Such a review may be taken even if the ownership or use of the property has not changed from the date of the allowance of the exemption. The review shall follow the procedure set out in section 77-202.02. If it is determined that a change in an exemption is warranted, the procedure for hearing set out in section 77-202.02 shall be followed. If an exemption is denied, the county board of equalization shall place the property on the tax rolls retroactive to January 1 of that year if on the date of the decision of the county board of equalization the property no longer qualifies for an exemption.

The county board of equalization shall give notice of the assessed value of the real property in the same manner as outlined in section 77-1507, and the procedures for filing a protest shall be the same as those in section 77-1502.

When personal property which was exempt becomes taxable because of lost exemption status, the owner or his or her agent has thirty days after the date of denial to file a personal property return with the county assessor. Upon the expiration of the thirty days for filing a personal property return pursuant to this subsection, the county assessor shall proceed to list and value the personal property and apply the penalty pursuant to section 77-1233.04.

(5) During the month of September of each year, the county board of equalization shall cause to be published in a paper of general circulation in the county a list of all real estate in the county exempt from taxation for that year pursuant to subdivisions ~~(1)(b)~~ and (1)(c) and (d) of section 77-202. Such list shall be grouped into categories as provided by the Property Tax Administrator. A copy of the list and proof of publication shall be forwarded to the Property Tax Administrator.

Sec. 11. Original sections 21-1927 and 60-3002, Reissue Revised Statutes of Nebraska, sections 77-202 and 77-202.09, Revised Statutes Supplement, 1998, and sections 77-123, 77-202.01, and 77-202.03, Revised Statutes Supplement, 1998, as amended by sections 6, 10, and 11, respectively, Legislative Bill 194, Ninety-sixth Legislature, First Session, 1999, are repealed."

4. Enrollment and Review Change to LB 585

The following changes, required to be reported for publication in the Journal, have been made:

ER9088

1. In the Bromm-Beutler amendment, AM1489:

a. Section 2 has been struck and the following new section inserted:

"Sec. 2. Section 60-4,118, Reissue Revised Statutes of Nebraska, as amended by section 18, Legislative Bill 704, Ninety-sixth Legislature, First Session, 1999, is amended to read:

60-4,118. (1) No operator's license shall be granted to any applicant until such applicant satisfies the examiner that he or she possesses sufficient powers of eyesight to enable him or her to obtain a Class O license and to operate a motor vehicle on the highways of this state with a reasonable degree of safety. The Department of Motor Vehicles, with the advice of the Health Advisory Board, shall adopt and promulgate rules and regulations:

(a) Requiring a minimum acuity level of vision. Such level may be obtained through the use of standard eyeglasses, contact lenses, or bioptic or telescopic lenses which are specially constructed vision correction devices which include a lens system attached to or used in conjunction with a carrier lens; and

(b) Requiring a minimum field of vision. Such field of vision may be obtained through standard eyeglasses, contact lenses, or the carrier lens of the bioptic or telescopic lenses.

(2) If a vision aid is used by the applicant to meet the vision requirements of this section, the operator's license of the applicant shall be restricted to the use of such vision aid when operating the motor vehicle. If the applicant fails to meet the vision requirements, the examiner shall require the applicant to present an optometrist's or ophthalmologist's statement certifying the vision reading obtained when testing the applicant within ninety days of the applicant's license examination. If the vision reading meets the vision requirements prescribed by the department, the vision requirements of this section shall have been met.

(3) If the applicant for an operator's license discloses that he or she has any other physical impairment which may affect the safety of operation by such applicant of a motor vehicle, the examiner shall require the applicant to show cause why such license should be granted and, through such personal examination and demonstration as may be prescribed by the director with the advice of the Health Advisory Board, to show the necessary ability to safely operate a motor vehicle on the highways. The director may also require the person to appear before the board or a designee of the board. If the examiner, board, or designee is then satisfied that such applicant has the ability to safely operate a motor vehicle, an operator's license may be issued to the applicant subject, at the discretion of the director, to a limitation to operate only such motor vehicles at such time, for such purpose, and within such area as the license shall designate.

(4)(a) The director may, when requested by a law enforcement officer,

when the director has reason to believe that a person may be physically or mentally incompetent to operate a motor vehicle, or when a person's driving record appears to the department to justify an examination, request the advice of the Health Advisory Board and may give notice to the person to appear before an examiner, the board, or a designee of the director for examination concerning the person's ability to operate a motor vehicle safely. Any such request by a law enforcement officer shall be accompanied by written justification for such request and shall be approved by a supervisory law enforcement officer, police chief, or county sheriff.

(b) A refusal to appear before an examiner, the board, or a designee of the director for an examination after notice to do so shall be unlawful and shall result in the immediate cancellation of the person's operator's license by the director.

(c) If the person cannot qualify at the examination by an examiner, his or her operator's license shall be immediately surrendered to the examiner and forwarded to the director who shall cancel the person's operator's license.

(d) If in the opinion of the board the person cannot qualify at the examination by the board, the board shall advise the director. If the director determines after consideration of the advice of the board that the person lacks the physical or mental ability to operate a motor vehicle, the director shall notify the person in writing of the decision. Upon receipt of the notice, the person shall immediately surrender his or her operator's license to the director who shall cancel the person's operator's license.

(e) Refusal to surrender an operator's license on demand shall be unlawful, and any person failing to surrender his or her operator's license as required by this subsection shall be guilty of a Class III misdemeanor.

(5) No operator's license referred to in this section shall, under any circumstances, be issued to any person who has not attained the age of seventeen years.

(6) No operator's license shall be issued to a person under eighteen years of age applying for an operator's license under this section unless such person:

(a) Has possessed a valid provisional operator's permit for at least a twelve-month period beginning on the date of issuance of such person's provisional operator's permit;

(b) Has not accumulated three or more points pursuant to section 60-4,182 during the twelve-month period immediately preceding the date of the application for the operator's license; and

(c) Has surrendered the provisional operator's permit to the examiner.

(7) The department shall waive the written examination and the driving test required under this section for any person seventeen to twenty-one years of age applying for his or her initial operator's license, except a commercial driver's license or permit, if he or she has been issued a provisional operator's permit.

(8)(a) Upon receipt by the director of (i) a certified copy of a court order issued pursuant to section 60-6,211.05, (ii) sufficient evidence that the defendant has surrendered his or her operator's license to the department and installed an approved ignition interlock device in accordance with such court order, and (iii) payment by the defendant of the fee provided in

section 60-4,115, the defendant shall be eligible for reinstatement of his or her operator's license following the expiration of thirty days after revocation under section 60-6,206 and the director shall issue to the defendant a Class O license restricted to the operation of a motor vehicle equipped with an ignition interlock device. The department shall not issue such a license to any person convicted of a second or subsequent violation of section 60-6,196 or 60-6,197 until at least one year of the operator's license revocation has elapsed.

(b) Upon expiration of the court order issued pursuant to section 60-6,211.05 or an order issued by the Board of Pardons pursuant to section 83-1,127.02, the defendant may apply to the department in writing for issuance of an operator's license which does not contain such restriction. If the license surrendered by the defendant under subdivision (a) of this subsection has not expired, the director shall return such license to the defendant. If such license has expired, the defendant shall reapply for an operator's license pursuant to the Motor Vehicle Operator's License Act.;

b. On page 7, lines 11 and 15, "(c)(i)" has been struck and "(1)(b)(i)" inserted; in line 16 "Department of Motor Vehicles" has been struck and "department" inserted; in line 18 "this subsection" has been struck and "subdivision (1) of this section" inserted; in lines 21 and 25 the comma has been struck; and in line 27 "and" has been struck; and

and Members of the Legislature
State Capitol
Lincoln, Nebraska 68509

Dear Mr. President, Mr. Speaker, and Members of the Legislature:

With this letter, I am returning LB 880 with certain line-item reductions. The General Fund vetoes in LB 880 amount to a total of \$14.9 million over the next two year. A list of the individual vetoes is attached, showing a total General Fund reduction of \$6.3 million in FY1999-00 and \$8.6 million in FY2000-01.

I commend the Appropriations Committee and your entire Body for the hard work you have done on the budget bills. You have held the line and focused your attention on matters of crucial importance to the people of this state: education, public safety, essential services for those with special needs, and maintenance of the state's facilities infrastructure, while reserving flexibility to provide relief to the taxpayer. We are in agreement on the vast majority of budget decisions.

I have reduced the funding increase for a staff attorney within the Supreme Court by \$50,000 General Funds in FY1999-00 and \$54,976 General Funds in FY2000-01 as these amounts were not included in my original budget recommendations. I have left intact money to provide salary equity improvements within the court system and funding for additional probation officers.

I support the continued appropriation of state funding for core services delivered by Educational Service Units; however, I have vetoed the 2.5% automatic annual growth increases of \$242,500 in FY1999-00 and \$491,062 in FY2000-01. I continue to believe that automatic increases establish a dangerous precedent and are an unwise abdication of budgetary discretion.

Higher than anticipated insurance premium tax receipts have produced an opportunity to reduce the General Fund appropriation for state aid to schools in FY1999-00 by \$2,950,055 and in FY2000-01 by \$3,023,807. The increase in insurance premium tax funds available for distribution allows for this General Fund savings while maintaining the \$594,042,250 total state aid amount certified to schools pursuant to the passage of LB 149 earlier this session.

The recent expressions of concern and an apparent lack of consensus have revealed a need to reassess the original objectives for a statewide assessment of academic achievement. Consistent with the Legislature's action, I have adjusted funding for the statewide assessment and accountability initiative in the Department of Education to reflect the level currently approved by the Legislature in LB 144.

The General Fund appropriation to Health and Human Services for Regional Center operations for FY2000-01 is reduced by \$1,875,761. Providing mental health services in communities close to home for persons who do not need inpatient hospital care is an important initiative for the state. It reinforces the idea that mental illness need not remove people from society, and that proper treatment and outpatient care can enable people to function effectively in their communities. Community-based services also allow the state to access federal matching funds for the care provided. My veto restores the General Fund savings which were part of my original recommendation in transferring resources from the Regional Center budget to the community-based mental health aid budget. With the addition of federal matching funds, there is no reduction in the base amount provided for care for the mentally ill as the result of this transfer. I am leaving in place the additional federal funds which the Legislature added to maintain the current level of community-based aid in the areas of alcohol and drug abuse treatment and mental health.

The General Fund appropriation for Public Assistance is reduced by just over \$2 million for the biennium. The remaining allocation includes the full amount requested for utilization and cost increases, along with half the amount requested for additional child welfare services. It is my belief that the Health and Human Services System can administer the program adequately within the remaining appropriation.

Significant increases of over \$860,000 each year for coordination and services for the elderly were included in my original budget recommendation. The Legislature's budget added another \$640,000 each year above the level requested by the Health and Human Services System and included in my recommendation. My veto reduces \$320,000 of that additional General Fund appropriation each year of the biennium, leaving a total of \$1.18 million per year in new funding.

I have vetoed \$150,000 of the \$300,000 General Fund increase for aid to libraries for each year of the biennium. The additional new funding that remains will create new opportunities for public library patrons statewide in such areas as interlibrary loans, on-line full text periodicals, and the expansion of materials to be offered to the public.

The Natural Resources Commission provides assistance to landowners to decommission water wells that are no longer in use. The program currently receives \$99,000 each year from the General Fund. With the passage and implementation of LB 92, funding from well registration fees will increase program funding by an estimated \$178,000 a year. I have vetoed the General Fund portion of the water well decommissioning funding, with the exception of \$20,000 in FY1999-00. The \$20,000 will provide funding until LB 92 becomes effective 90 days after the end of the legislative session. Even without the General Fund support, total program funding is estimated to increase by about 80% over current appropriations.

I have vetoed \$48,086 General Funds in FY1999-00 and \$37,486 General Funds in FY2000-01 that would have added an accountant position within the DAS Building Renewal Task Force. I am not convinced that this position is needed at this time. Also, as the division's maintenance funding sources increase during the next biennium, through the implementation of building depreciation assessment charges, I believe it is appropriate to begin financing the division's increasing administrative costs from the Building Renewal Allocation Fund rather than the General Fund.

Pursuant to the Legislative intent language contained in LB 605, I have reduced the FY2000-01 General Fund transfer to the Ethanol Production Incentive Cash Fund by \$1,000,000. This action serves to align the amount of the transfer contained in LB 880 with the Legislature's intended \$5,000,000 General Fund transfer for FY2000-01.

I urge you to sustain these reductions.

Sincerely,
(Signed) Mike Johanns

Mr. President, Mr. Speaker,
and Members of the Legislature
State Capitol
Lincoln, NE 68509

Dear Mr. President, Mr. Speaker, and Members of the Legislature:

With this letter, I am returning LB 805A with line-item reductions.

Section 2 of LB 805A would make a direct appropriation from the Severance Tax Fund to the State Energy Office. The only allowable uses of the Severance Tax Fund are transfers of up to \$300,000 per year to the State Energy Office Cash Fund, transfers of up to \$30,000 per year to the Governor's Policy Research Office for administration of the Municipal Natural Gas Regulation Revolving Loan Fund, and any remaining balance must be credited to the permanent school fund. There is no provision for a direct appropriation to the State Energy Office. Therefore, I am reducing the \$50,000 appropriation for both FY1999-00 and FY2000-01.

Section 3 of LB 805A would made a transfer of \$50,000 for each of FY1999-00 and FY2000-01 from the State Energy Office Cash Fund into a new administratively created cash fund for the Legislative Council. The Energy Office Cash Fund is utilized to administer the Energy Office and its programs and a significant portion of the Fund is used to obtain Federal matching dollars for those programs. A transfer of \$50,000 per year from this Fund would be multiplied by the loss of Federal monies and would severely impair the operation and programs of the State Energy Office. Therefore, I am reducing the transfer of \$50,000 in each of FY1999-00 and FY2000-01.

The remaining appropriations in Sections 1 and 4 of LB 805A will allow for the study proposed in LB 805 to proceed.

Because of the adverse implications of the proposed cash transfer and the statutory issues involved, I urge you to sustain my veto.

Sincerely,
(Signed) Mike Johanns

Dear Mr. President, Mr. Speaker, and Members of the Legislature:

I am returning LB 877 with my signature and with line-item reductions.

I am reducing the General Fund appropriation in Section 19 by \$10,070 in FY1999-00 and \$5,454 in FY2000-01, to bring the appropriation into conformity with the needed amount.

I urge you to sustain this reduction.

Mr. President, Mr. Speaker,
and Members of the Legislature
State Capitol
Lincoln, Nebraska 68509

Dear Mr. President, Mr. Speaker, and Members of the Legislature:

I am returning LB 878 with my signature and with certain line-item reductions.

For the appropriations relating to juvenile services facilities in the Department of Health and Human Services, I am leaving in \$1,150,555 of the \$2.5 million appropriated for fiscal year 1999-00 to address specific concerns at the Youth Rehabilitation and Training Centers (YRTC's) at Kearney and Geneva. I am also leaving in \$2.2 million in the second year of the biennium which is appropriated to the Department of Administrative Services to provide for necessary improvements at the Kearney and Geneva facilities.

I strongly concur that the Department of Health and Human Services needs to develop a facilities master plan for the juvenile services system. Therefore, I am leaving in an appropriation of \$150,000 of State Building Funds for a master plan. Should the plan dictate the need for capital construction projects, I am leaving in an additional \$50,000 for the department to complete program statements for those projects deemed to be of the highest priority. In this way, it will be possible for us to move ahead in this area in subsequent years in a responsible, coordinated fashion, based on solid planning and prioritization of needs.

I understand the Legislature's concern about conditions on both campuses of the YRTC's, especially those which have centered around the Dunbar Cottage at Geneva. I want to assure the Legislature that needed renovations will receive high priority within my administration. Contracts have already been signed to accomplish \$625,000 worth of repair on Dunbar Cottage. The Building Renewal Task Force is providing for removal and replacement of exterior windows and main entry doors and insulation of the attic. The Department of Health and Human Services is replacing the existing steam heating system, including radiators, piping, and asbestos and installing a new mechanical system, new fire sprinklers and alarm system, and fire-rated sheet rock attic joists to meet codes. In addition, new electrical outlets are being installed in each room. Existing bath and shower areas are being remodeled, as well as the kitchenette. New drop ceilings and soffits are being installed in the corridors, along with new light fixtures. Waterproofing, sidewalk, and grade improvements are being accomplished around the outside of the building.

The concerns rightly expressed about this facility have been heard and heeded. These improvements are needed immediately, and the work is underway. In addition, you need to know that \$696,800 of fire and life safety projects, window projects relating to security, and air conditioning improvements have been requested for the YRTC campuses. Building Renewal allocations in the amount of \$238,725 have already been approved, with projects underway at the Food Service Building and Sacajawea Cottage at Geneva, and at Dickson Cottage and Morton Cottage at Kearney. My

recommendation leaves in an additional \$458,075 to speed the accomplishment of the remaining projects.

An improvement which has not been requested, but which I feel deserves priority attention, involves installation of remote door locking systems where needed throughout the living units at the YRTC's. The work would include addition of electric strikes, door modifications, wiring and central control panels. A similar project is being completed currently at the Nebraska Center for Women. Based on estimates for that project, I am leaving in \$492,480 to accomplish this needed renovation at Dunbar, Sandoz, Burroughs, and Sacajawea Cottages on the Geneva campus, and at Dickson Cottage on the Kearney campus. Other cottages at Kearney have either unlocked doors or open bay dormitories, so there are no individual room locks.

I believe that these improvements are necessary so that these facilities will be adequate in terms of safety and security until such time as the facilities plan can be completed.

Since our current statutes require submission of an acceptable program statement and completion of a comprehensive capital facilities plan before capital construction funding can be requested, I am not endorsing the second year funding for any specific project(s). Decisions on which projects move forward must be an outgrowth of the capital facilities plan and the program statements. The funds will remain in reserve until the required preliminary steps have been accomplished.

I urge you to endorse this phased solution and sustain my veto reductions.

Sincerely,
(Signed) Mike Johanns

LEGISLATIVE BILL 881. Placed on Select File as amended.
E & R amendment to LB 881:
AM7154

- 1 1. Strike the original sections and all amendments
- 2 thereto and insert the following new sections:
- 3 "Section 1. Sections 1 to 4 of this act shall be known
- 4 and may be cited as the Relief to Property Taxpayers Act.
- 5 Sec. 2. The purpose of the Relief to Property Taxpayers
- 6 Act is to provide property tax relief for property taxes levied
- 7 against real property. The property tax relief will be made to
- 8 owners of real property in the form of a property tax credit.
- 9 Sec. 3. The Relief to Property Taxpayers Cash Fund is
- 10 created. The fund shall only be used pursuant to the Relief to

11 Property Taxpayers Act. Any money in the fund available for
12 investment shall be invested by the state investment officer
13 pursuant to the Nebraska Capital Expansion Act and the Nebraska
14 State Funds Investment Act.

15 Sec. 4. (1) For tax year 2000, the amount of relief
16 granted under the Relief to Property Taxpayers Act shall be
17 thirty-five million dollars. For tax years after 2001, the amount
18 of relief granted under the act shall be equal to the amount
19 appropriated or transferred to the Relief to Property Taxpayers
20 Cash Fund by August 16. It is the intent of the Legislature to
21 fund the Relief to Property Taxpayers Act for tax years 2001, 2002,
22 and 2003 using available excess revenue. The relief shall be in
23 the form of a property tax credit which appears on the property tax
24 statement.

1 (2) To determine the amount of the property tax credit,
2 the county treasurer shall multiply the amount disbursed to the
3 county under subsection (4) of this section by the ratio of the
4 real property valuation to the real property valuation in the
5 county. The amount determined shall be the property tax credit for
6 the property.

7 (3) If the property owner qualifies for a homestead
8 exemption under sections 77-3501 to 77-3529, the homestead owner
9 shall also be qualified for the relief provided in the act to the
10 extent of any remaining liability after calculation of the relief
11 provided by the homestead exemption. If the credit results in a
12 property tax liability on the homestead that is less than zero, the
13 amount of the credit which cannot be used by the taxpayer shall be
14 returned to the State Treasurer by July 1 of the year the amount
15 disbursed to the county was disbursed. The State Treasurer shall
16 credit any funds returned under this section to the Tax Equity and
17 Educational Opportunities Support Act Stabilization Fund until July
18 1, 2001, and to the Relief to Property Taxpayers Cash Fund on and
19 after such date.

20 (4) The amount disbursed to each county shall be equal to
21 the amount available for disbursement determined under subsection
22 (1) of this section multiplied by the ratio of the real property
23 valuation in the county to the real property valuation in the
24 state. By September 15, the Property Tax Administrator shall
25 determine the amount to be disbursed under this subsection to each
26 county and certify such amounts to the State Treasurer and to each
27 county. The disbursements to the counties shall occur in two equal
1 payments, the first on or before January 31 and the second on or
2 before April 1. After retaining one percent of the receipts for
3 costs, the county treasurer shall allocate the remaining receipts
4 to each taxing unit levying taxes on taxable property in the tax
5 district in which the real property is located in the same
6 proportion that the levy of such taxing unit bears to the total
7 levy on taxable property of all the taxing units in the tax
8 district in which the real property is located.

9 Sec. 5. On August 16, 2000, the State Treasurer shall
10 transfer to the Tax Equity and Educational Opportunities Support
11 Act Stabilization Fund any money appropriated for purposes of the
12 Tax Equity and Educational Opportunities Support Act which is in
13 excess of the certification made under section 79-1022. The Tax
14 Equity and Educational Opportunities Support Act Stabilization Fund
15 is created. Any money in the fund available for investment shall
16 be invested by the state investment officer pursuant to the
17 Nebraska Capital Expansion Act and the Nebraska State Funds
18 Investment Act. On July 1, 2001, the fund shall terminate and the
19 State Treasurer shall transfer any money in the fund on such date
20 to the General Fund for purposes of funding the Tax Equity and
21 Educational Opportunities Support Act.

2 thereto and insert the following new sections:

3 "Section 1. Section 13-2042, Reissue Revised Statutes of
4 Nebraska, is amended to read:

5 13-2042. (1) A disposal fee of one dollar and
6 twenty-five cents is imposed for each six cubic yards of
7 uncompacted solid waste, one dollar and twenty-five cents for each
8 three cubic yards of compacted solid waste, or one dollar and
9 twenty-five cents per ton of solid waste disposed of at landfills
10 regulated by the department. Each operator of a landfill disposal
11 facility shall make the fee payment quarterly. The fee shall be
12 paid quarterly to the department on or before the forty-fifth day
13 following the end of each quarter. For purposes of this section,
14 landfill has the same definition as municipal solid waste landfill
15 unit in 40 C.F.R. part 258, subpart A, section 258.2.

16 (2) ~~The department shall exempt a landfill operator from~~
17 ~~the disposal fee imposed by this section for solid waste that is~~
18 ~~disposed pursuant to a contract shown to have been in effect on or~~
19 ~~before December 15, 1991, if such contract requires the landfill~~
20 ~~operator to dispose of solid waste without a mechanism for a price~~
21 ~~increase for a period of not less than one year. Such exemption~~
22 ~~shall terminate at the earlier of the following dates: (a) The date~~
23 ~~such contract allows for a price increase; (b) the expiration of~~
24 ~~such contract; or (c) July 1, 1994.~~

1 (3) Each fee payment shall be accompanied by a form
2 prepared and furnished by the department and completed by the
3 permitholder. The form shall state the total volume of solid waste
4 disposed of at that facility during the payment period and shall
5 provide any other information deemed necessary by the department.
6 The form shall be signed by the permitholder.

7 (4) (3) If a permitholder fails to make a timely payment
8 of the fee, he or she shall pay interest on the unpaid amount at
9 the rate specified in section 45-104.02, as such rate may from time
10 to time be adjusted.

11 (5) (4) This section shall not apply to a site used
12 solely for the reclamation of land through the introduction of
13 landscaping rubble or inert material.

14 (6) (5) Fifty percent of the total of such fees collected
15 in each quarter shall be remitted to the State Treasurer for credit
16 to the Integrated Solid Waste Management Cash Fund and shall be
17 used by the department to cover the direct and indirect costs of
18 regulating and monitoring facilities during and after operation of
19 facilities or performance of regulated activities under the
20 Integrated Solid Waste Management Act. Of the amount credited to
21 the Integrated Solid Waste Management Cash Fund, the department may
22 disburse amounts to political subdivisions for costs incurred in
23 response to and remediation of any solid waste disposed of or
24 abandoned at dump sites or discrete locations along public roadways
25 or ditches and on any contiguous area affected by such disposal or
26 abandonment. Such reimbursement shall be by application to the

27 department on forms prescribed by the department. The department
1 shall prepare and make available a schedule of eligible costs and
2 application procedures which may include a requirement of a
3 demonstration of preventive measures to be taken to discourage
4 future dumping. The department may not disburse to political
5 subdivisions an amount which in the aggregate exceeds five percent
6 of total revenue from the disposal fees collected pursuant to this
7 section in the preceding fiscal year. These disbursements shall be
8 made on a fiscal-year basis, and applications received after funds
9 for this purpose have been exhausted may be eligible during the
10 next fiscal year but are not an obligation of the state. Any
11 eligible costs incurred by a political subdivision which are not
12 funded due to a lack of funds shall not be considered an obligation
13 of the state. In disbursing funds under this section, the director
14 shall make efforts to ensure equal geographic distribution
15 throughout the state and may deny reimbursements in order to
16 accomplish this goal.

17 ~~(7)~~ (6) The remaining fifty percent of the total of such
18 fees collected per quarter shall be remitted to the State Treasurer
19 for credit to the Waste Reduction and Recycling Incentive Fund.
20 For purposes of determining the total fees collected, any amount of
21 fees rebated pursuant to section 13-2042.01 shall be included as if
22 the fees had not been rebated, and the amount of the fees rebated
23 pursuant to such section shall be deducted from the amount to be
24 credited to the Waste Reduction and Recycling Incentive Fund.

25 ~~(8)~~ (7) The council shall adopt and promulgate rules and
26 regulations for the distribution of grants under subsection ~~(7)~~ (6)

26 Sec. 3. (1) The Organic Standards Board is created. The
27 board shall consist of eleven members appointed by the Governor.
1 The Governor shall accept nominations from persons or organizations
2 representing persons who qualify for service on the board.

3 (2) The members shall serve staggered terms of four
4 years. The appointment of the initial members may be for less than
5 four years to ensure members serve staggered terms. The Governor
6 shall appoint the initial members of the board not later than
7 ninety days after the operative date of this act. Members
8 appointed under this section shall have knowledge regarding the
9 production, handling, processing, and retailing of organic
10 agricultural products. Except for the initial appointments under
11 subdivisions (2)(a) through (2)(c) of this section, members
12 appointed under such subdivisions shall be certified under the
13 Organic Agriculture Act. The members of the board shall be
14 appointed as follows:

15 (a) Five individuals who operate farms producing organic
16 agricultural products, at least one of whom is a producer of
17 livestock, and at least one of whom is a producer of an
18 agricultural commodity other than livestock. To qualify for
19 appointment, an individual must have derived a substantial portion
20 of his or her income, wages, or salary from the production of
21 organic agricultural products for three years prior to appointment;

22 (b) Two individuals who operate businesses which process
23 organic agricultural products. To qualify for appointment, an
24 individual must have derived a substantial portion of his or her
25 income, wages, or salary from processing organic agricultural
26 products for three years prior to appointment;

27 (c) One individual who is either:

1 (i) An individual who operates a business handling
2 organic agricultural products. To qualify for appointment, an
3 individual must have derived a substantial portion of his or her
4 income, wages, or salary from handling organic agricultural
5 products for three years prior to appointment; or

6 (ii) An individual who operates a business selling
7 organic agricultural products. To qualify for appointment, an
8 individual must have derived a substantial portion of his or her
9 income, wages, or salary from selling organic agricultural products
10 on a retail basis for three years prior to appointment;

11 (d) Two individuals who have an educational degree and
12 experience in agricultural or food science. To qualify for
13 appointment, an individual must not have a financial interest in
14 the production, handling, processing, or selling of organic
15 agricultural products; and

16 (e) One individual who represents the public interest,
17 the environment, or consumers. To qualify for appointment, the
18 individual must be a member of an organization representing the
19 public interest, consumers, or the environment. The individual
20 must not have a financial interest in the production, handling,
21 processing, or selling of organic agricultural products.

22 (3) A vacancy on the board shall be filled in the same
23 manner as an original appointment. An individual appointed to fill
24 a vacancy shall serve only for the unexpired portion of the term.

25 A member is eligible for reappointment. The Governor may remove a
26 member based on the member's misfeasance, malfeasance, or willful
27 neglect of duty or other just cause, after notice and hearing
1 unless the notice and hearing is expressly waived in writing.

2 (4) Six members of the board constitute a quorum and the
3 affirmative vote of a majority of the members present is necessary
4 for any substantive action to be taken by the board. The member
5 who has a conflict of interest shall not participate in any action
6 by the board relating to the conflict, and a statement by a member
7 that the member has a conflict of interest is conclusive for this
8 purpose. The fact that a member is regulated under the act does
9 not constitute a conflict of interest. A vacancy in the membership
10 does not impair the right of a quorum to exercise all rights and
11 perform all duties of the board.

12 (5) The members shall be reimbursed for all actual
13 expenses incurred in the performance of their duties as members as
14 provided in sections 81-1174 to 81-1177.

15 (6) If a member has an interest, either direct or
16 indirect, in a contract to which the board is or is to be a party,
17 the member shall disclose the interest to the board in writing.
18 The writing stating the conflict shall be set forth in the minutes
19 of the board. The member having the interest shall not participate
20 in any action by the board relating to the contract.

21 (7) The board shall meet on a regular basis and at the
22 call of the chairperson or upon the written request to the
23 chairperson of two or more members. The department shall provide
24 administrative support to the board.

25 Sec. 4. The Organic Standards Board shall:

26 (1) Assist the department in the development and
27 interpretation of requirements of the Organic Agriculture Act;

1 (2) Designate one or more accreditors to monitor and
2 provide oversight of organic certification agencies. Only
3 certification agencies who are accredited by a designated
4 accreditor will be allowed to certify organic agricultural
5 products, producers, handlers, and processors of organic
6 agricultural products; and

7 (3) Establish procedures pursuant to rules and
8 regulations adopted and promulgated by the department governing the
9 appeals of decisions made by the accredited certification agencies,
10 the board, or the department under the act. Such appeals shall be
11 according to the Administrative Procedure Act.

12 Sec. 5. The department, upon approval by the board,
13 shall adopt and promulgate all rules and regulations necessary to
14 administer the Organic Agriculture Act. The rules and regulations
15 shall include requirements for disciplinary action and the issuance
16 of stop-sale orders as provided in the act. The department shall
17 also adopt and promulgate rules and regulations regarding the
18 qualifications of departmental personnel responsible for
19 implementing and administering the act. The rules and regulations

20 adopted under this section shall be consistent with federal
21 regulations adopted pursuant to the federal Organic Foods
22 Production Act of 1990, 7 U.S.C. 6501 et seq.

23 Sec. 6. (1) Except as provided in subsection (2) of this
24 section, a person shall not sell or advertise an agricultural
25 product as an organic agricultural product unless the agricultural
26 product or the producer, handler, or processor of the agricultural
27 product is certified by a certification agency accredited under the
1 Organic Agriculture Act and the product is produced and handled in
2 accordance with standards established by such accredited
3 certification agency.

4 (2) Certification prior to the sale or advertising of an
5 agricultural product as an organic agricultural product is not
6 required for:

7 (a) A retailer who is not also the producer, handler, or
8 processor of the agricultural commodity being sold or advertised as
9 an organic agricultural product; and

10 (b) A producer, handler, or processor of an organic
11 agricultural commodity who receives five thousand dollars or less
12 in gross income per year from the sale of agricultural products.

13 (3) If a retailer who is not required to be certified
14 under subsection (2) of this section sells bulk products or
15 products susceptible to contamination, such retailer shall
16 participate in an annual one-day training session for maintaining
17 the integrity of the organic agricultural product. For purposes of
18 this subsection, the sale of bulk products means the sale of
19 agricultural commodities that are open to selection by the
20 consumer, and products susceptible to contamination means organic
21 agricultural products which are packaged in permeable or
22 semipermeable membranes.

23 Sec. 7. (1) A person certified by a certification agency
24 accredited under the Organic Agriculture Act shall label or mark
25 organic agricultural products with the label or seal of the
26 accredited certification agency identifying such products as
27 organic agricultural products if such products are produced and
1 handled in accordance with standards established by such accredited
2 certification agency.

3 (2) The contents of a label advertising an organic
4 agricultural product and the requirements for the seal shall meet
5 the requirements established by the accredited certification
6 agency.

7 Sec. 8. The department and the Attorney General shall
8 enforce the Organic Agriculture Act. The Attorney General may
9 commence legal proceedings in the district court of the county
10 where the agricultural product is being produced, handled,
11 processed, or sold at the request of the department or the board or
12 upon the Attorney General's own initiative in order to enforce the
13 act and the rules and regulations adopted and promulgated pursuant
14 to the act. The Attorney General and the department are not

15 required to institute a proceeding for a minor violation if the
16 Attorney General or department concludes that the public interest
17 will be best served by a suitable notice of warning in writing.

18 Sec. 9. Any person may file a complaint with the
19 department regarding a violation of the Organic Agriculture Act.
20 The department shall adopt procedures for filing complaints and for
21 processing complaints including requiring minimum information to
22 determine the verifiability of a complaint. During the
23 investigation of a complaint the department may conduct:

24 (1) An investigation to determine if a person is
25 complying with the requirements of the Organic Agriculture Act and
26 the accredited certification agency;

27 (2) Inspections at times and places and to an extent that
1 the department determines necessary in order to conclude whether an
2 organic agricultural product is being produced, handled, processed,
3 or sold in accordance with the act and the accredited certification
4 agency requirements. The department may inspect records required
5 to be maintained by the accredited certification agency. The
6 department may enter upon any public or private premises during

Dear Mr. President, Mr. Speaker, and Members of the Legislature:

I am returning LB 556 and LB 556A without my signature and with my objections.

I disagree with the requirement that Douglas, Lancaster, and Sarpy Counties use an alpha-numeric license plate system. This would be inconsistent with the system used for the rest of the State. Citizens wishing to retain a county designation instead of alpha-numeric license plates would be required to pay a \$30.00 per year, personalized message plate fee.

I urge you to sustain my vetoes of LB 556 and LB 556A.

Sincerely,

Dear Mr. President, Mr. Speaker and Members of the Legislature:

I am returning LB 350A with my signature and with a line-item reduction.

I am reducing the General Fund appropriation by \$60,000 in FY 1999-00 based on updated cost estimates received from the Supreme Court.

I urge you to sustain this reduction.

State Capitol

Dear Mr. President, Mr. Speaker and Members of the Legislature:

I am returning legislative bills 202 and 202A without my signature and with my objections.

LB 202 would extend the sunset date of the Partnerships for Economic Development Act from June 30, 1999 to June 30, 2003. LB 202A would provide \$250,000 General Funds for both FY 2000 and FY 2001 for grants authorized by the act.

The act is a temporary mechanism for stimulating economic development partnerships. Extending the sunset transforms it into a potential ongoing local subsidy. In light of our mutual responsibility to slow spending growth, I ask that you sustain my veto and let the act conclude consistent with existing law.

Sincerely,
(Signed) Mike Johanns

Dear Mr. President, Mr. Speaker, and Members of the Legislature:

I am returning LB 148A with my signature and with line-item reductions.

The General Fund appropriation for fiscal years 1999-2000 and 2000-2001

is reduced by \$235,000 each year. It is my belief that the respite program as envisioned by LB 148 can be implemented with the amount of General Fund remaining, as it appears that those funds can be supplemented with federal matching funds. I am asking the Department of Health and Human Services to take any necessary administrative action to secure additional federal funds to enable the respite services program to move forward as planned.

I urge you to sustain these reductions.

Sincerely,

Dear Mr. President, Mr. Speaker, and Members of the Legislature:

With this letter, I am returning LB 144 with my signature and with certain line-item reductions. These reductions serve to harmonize LB 144 with the line-item reductions sustained by the Legislature in the Department of Education appropriations contained within LB 880.

I urge you to sustain these reductions.

Dear Mr. President, Mr. Speaker and Members of the Legislature:

I am returning LB 131A with my signature and with a line-item reduction.

I am reducing the General Fund appropriation by \$7,500 for FY 1999-00. The remaining appropriation in LB 131A and appropriations provided for in LB 880 are sufficient to meet the costs associated with implementation of LB 131.

I urge you to sustain this reduction.

Mr. President, Mr. Speaker
and Members of the Legislature
State Capitol
Lincoln, Nebraska 68509

Dear Mr. President, Mr. Speaker, and Members of the Legislature:

I am returning LB 76 and LB 76A without my signature and with my objections.

The reasons for my veto of this legislation are two-fold: first, I believe that the two-year moratorium provision contained within the bill is poor public policy and, second, I believe that the legal issues surrounding enactment of this legislation would, at a minimum, be utilized to advance further unnecessary criminal appeals by those currently sentenced to death row in Nebraska.

In reaching my decision, I have given careful consideration to arguments asserted by sponsors of the legislation, ardent supporters and opponents of the death penalty, church leaders, the legal opinions issued by the Attorney General and the Chairman of the Judiciary Committee, and input from Nebraska citizens.

My policy and legal concerns center upon the moratorium provisions of LB 76 which would bar the Nebraska Supreme Court from setting, within the next two years, a date for execution of a death sentence which has already been imposed upon any current inmate. The rationale for this moratorium is that a study of all criminal homicide cases which have occurred within the past 26 years could be completed. In theory, this study would provide some sort of analysis as to whether the death penalty has been fairly imposed. I am not convinced that such a study is warranted. Furthermore, even if a study were to be conducted, there is no necessary coupling of a moratorium requirement to that study.

Questions as to the constitutionality of a moratorium requirement are also significant. While the ultimate resolution of those questions would be made by the courts, I firmly believe that the moratorium provisions of LB 76 would serve to bolster further criminal appeals. Our State allows unlimited post-conviction appeals. Therefore, these cases are reviewed over and over again for years. A moratorium of two years would simply add further delay to a system that is already filled with seemingly endless appeals. Further, I believe

this legislation would create additional legal uncertainty in our criminal justice system.

Finally, I focus on the families of the victims and the victims themselves. The death penalty is the law of our State. I feel strongly that part of my role as Governor is to do all that I can to carry out the law for the benefit of the victims and their families. The moratorium would be just one more roadblock to bringing closure for them.

Mike Johanns

Dear Mr. President, Mr. Speaker and Members of the Legislature:

I am returning LB 54A with my signature and with line-item reductions.

Twelve-month funding is not needed in the first year because LB 54 does not contain the emergency clause. In addition, the provisions of the legislation can be successfully implemented at a lower cost than provided for in LB 54A.

Accordingly, I am reducing the General Fund appropriation by \$141,793 in FY 1999-00 and \$67,241 in FY 2000-01.

I urge you to sustain these reductions.

(Signed) Sincerely,
Mike Johanns
