not be true, to do that.   Thank you.

PRESIDENT MAURSTAD: Thank you, Senator.   Senator Wickersham.
Senator Wickersham waives off.   To close on the bracket motion,
Senator Quandahl.

SENATOR QUANDAHL: Yes, if I could, I don't know if Senator
Bohlke or Senator Wickersham has anything further to say on the
bill, it was my intention at this point to withdraw the bracket
motion.   I guess I would just ask one further question before I
do   withdraw the motion and that, when is...when is the
information or when did the information that we received here
today, when was that available?   Would Senator Bohlke yield to a
question?

PRESIDENT MAURSTAD: Senator Bohlke.

SENATOR BOHLKE: Yes.

SENATOR QUANDAHL: Just one question.   The only question that I
have is when was the...when was the information or the sheets
that we have here today, when was that available?   Did that just
get to you just yesterday?

SENATOR BOHLKE: Yesterday.   We had a preliminary draft, Senator
Quandahl,   that I looked at and, actually, members of the
Education Committee looked at on Friday, but it had "draft" all
over it because they were doing the analysis that you have here
to see, if anyone lost over $1,000, why.   I mean we still...I
said I want this absolutely positively sure; I don't want any
chance of putting out numbers that would be incorrect numbers;
this is too important.   And so they worked through till
yesterday afternoon doing the pages that you got on the analysis
of the school districts.   If, going through that analysis, they
would have found something that wasn't explained on those
sheets, that would have been the indication, that was kind of
like their audit on the system.   That would have indicated that
there was something wrong.   Until that was complete, I didn't
feel at all comfortable and then, since yesterday afternoon till
today, no one else has seen that till all...well, I did...I did
have a meeting with the Governor this morning and presented him
with the information.
