SENATOR BEUTLER: ...that are specifically identified as to be a part of that fund don't have to be included in part of that fund...as part of that fund. It's like taking the Highway Trust Funds and saying construction of highways...we'll also have other bills for funding of construction of highways instead of taking it out of the Highway Trust Fund. This respite care bill is specifically identified "languagewise" under this trust fund as being one of the things that is within the integrity of the fund. That's what the fund is all about. It's...it's there, respite care, that language is there. And the proposing...the proposed mechanism...financing mechanism, except for a small amount in the first year, because there is no interest there, it doesn't violate the trust fund by taking away any of the principal. It's interest only after the first year. That's exactly how all of the other programs within this trust fund...

SPEAKER KRISTENSEN: Time.

SENATOR BEUTLER: ...would be funded--interest only. So it follows the principle of the Health Care Trust Fund,...

SPEAKER KRISTENSEN: Time.

SENATOR BEUTLER: ...it follows...

SPEAKER KRISTENSEN: Senator Jensen.

SENATOR JENSEN: Yes, thank you, Mr. Speaker, members of the body, and I appreciate what Senator Beutler is saying. However, also just remember of what happened also last year with LB 1063. That was the kids...the kid care, the insurance program, the "N-CHIP", which said that the federal government last year is going to contribute \$25 million a year for the next five years and the state of Nebraska will contribute \$5 million a year for the next five years. And so out of the 1070 original dollars, the \$82 million, we took 40 million, put that into conversion of nursing homes into assisted living units; then we took 25 million and set that aside to help with the kid care insurance program. I'll just remind you, and for the new senators, the kid care program says that we will provide insurance for every child in the state of Nebraska 18 years and younger, full Medicaid insurance, if they're 185 percent or
