LB 813

SENATOR JONES: Yes, I've got the list here and that's the schools involved now. It won't take any out of the sparse that are already in it then. It just deals with these here.

SENATOR BOHLKE: That's correct. It's just recognizing those situations where their high school just happens to be sitting in the wrong place.

SENATOR JONES: Thank you. I just wanted to ask you that question. Thank you.

SPEAKER KRISTENSEN: Senator Cudaback. To the amendment? Further debate on the motion to return? Senator Bohlke, you're recognized to close on your motion to return. She waives closing. The question before the body is, shall...or shall LB 813 be returned to Select File for a specific amendment? All those in favor vote aye; all those opposed vote nay. Record.

CLERK: 31 ayes, 0 nays, Mr. President, on the motion to return the bill.

SPEAKER KRISTENSEN: The bill is returned. Senator Bohlke, you're recognized to open on AM1143.

SENATOR BOHLKE: Mr. Speaker, I think I've explained it. I think you said that Senator Peterson and Senator Cudaback had their lights on, so I'll just be ready to answer their questions.

SPEAKER KRISTENSEN: Senator Peterson.

SENATOR C. PETERSON: Thank you, Mr. Speaker, members of the body. Senator Bohlke, could I just ask a couple questions for clarification?

SENATOR BOHLKE: Yes.

SENATOR C. PETERSON: When there are the groupings of the systems, there's sparse, very sparse, and then the average group, and there is one pool of money though that does not change but goes out in the formula to affect those schools.
