either way, but it will not impact any of the schools in the standard or the very sparse.

SENATOR C. PETERSON: Okay, so...and, again, I apologize for not understanding this quite so quickly. What you're saying, it will impact only the schools in that separate group. It would not have the ability to pull money away from the average group or the other sparse group.

SENATOR BOHLKE: That's correct.

SENATOR C. PETERSON: Thank you.

SPEAKER KRISTENSEN: Senator Cudaback.

SENATOR CUDABACK: Speaker Kristensen, members, I'd like to ask Senator Bohlke a question please, Mr. Speaker.

SPEAKER KRISTENSEN: Senator Bohlke.

SENATOR BOHLKE: Yes.

SENATOR CUDABACK: Senator Bohlke, I heard you use the word "wrong place" and I guess, for the record, are we going to define that as from school to school, town to town, outskirts to out...or how we going to...what's going to be the definition for the...?

SENATOR BOHLKE: We don't really define it. I was...I was just saying that as we look at it currently you may be prevented where the location of a high school is. This corrects that and allows you to use the less than 2 formula students or less than 1.5 formula students and more than 275 square miles.

SENATOR CUDABACK: So you weren't...that's what I wanted to make clear. You're not referring to the wrong place "mileagewise". You're referring to...

SENATOR BOHLKE: Well, that you were prevented from qualifying just because your high school was in one part of the school district rather than in another part. That you still are sparse according to the amount of area, the amount of students. It's
