

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE
Transcriber's Office

April 14, 1999 LB 652

SENATOR THOMPSON: ...so it is very difficult.

SENATOR CROSBY: Well, I guess what I'm asking you is would you, in your notes, include whether or not Health and Human Services is paying attention (laugh) and being sure that some of these people should be placed in other places. Because one...one of the young men who was murdered recently, you see, he had a car of his own, he was free to come and go and what he was involved in, if I'm understanding correctly what we're getting from the newspapers and the police and so on, was drugs. So, you see, you have something there that I don't think foster care was set up for originally. I just think there's some fine line. I hope you'll make in your notes when you have...I know you're going to have another study, I know you're going to have all these people talking about it,...

SPEAKER KRISTENSEN: Time.

SENATOR CROSBY: ...Nancy, so I just hope you include that. And if I can be of any help from that point of view, I know I'm out of time, I would be pleased to give you any information that I could. Thank you.

SPEAKER KRISTENSEN: Senator Dwite Pedersen.

SENATOR Dw. PEDERSEN: Mr. Speaker, members of the Legislature, mistake, mistake, mistake. I made a mistake here. (Laugh) I ask you to vote "no" on this amendment. My amendment to move the facility is in the committee amendments. AM1250, the one we're talking about right now, is to take that out and that I agree with. So it's not a "no" vote, it's a "yes" vote, and I do agree with that "yes" vote to move this out of the committee amendments. My mistake, so a "yes" vote is what you want to do to move that out so we can proceed the way we've made agreements on to that point. And Senator Engel says I should say one more time a "yes" vote, not a "no" vote that I originally asked you for. Thanks.

SPEAKER KRISTENSEN: Senator Chambers.

SENATOR CHAMBERS: Mr. Speaker and members of the Legislature, I also agree with this amendment. I want to get to the green copy
